At this moment, Chili Pepper’s face grew red. She lowered her head and grew silent. She was unable to even say anything.

“Yoh, never would I have thought that even Chili Pepper could become embarrassed. Brother Yan Xie, for you to be able to make this girl embarrassed, you’re truly amazing,” Chu Feng teased.

“Chu Feng, she’s not embarrassed because of Yan Xie. Rather, it’s because of you,” Big Radish said with a laugh.

“Big Radish, do you have a deathwish?” Chili Pepper ruthlessly kicked Big Radish. Then, she ran into the spirit formation building she had set up.

Although Chili Pepper had run into the spirit formation building, Chu Feng discovered that Chili Pepper had already removed the spirit formations capable of isolating sight and sound from the outside. Thus, he was able to see that she was stealthily gazing at him while hiding in the building. Furthermore, she had a very satisfied smile on her face.

“Haha, big brother Chu Feng, never would I have expected you to really be Chu Feng. I truly feel extremely lucky to be able to get to know you,” Little Radish said extremely excitedly.

“To become acquainted with me might not necessarily be a good thing for you all,” Chu Feng said those words with a joking tone. However, he was really a bit worried. Naturally, what he was

worried about was the Four Great Imperial Clans.

The Four Great Imperial Clans were frantically trying to eliminate Chu Feng. Likely, they would use any means at their disposal in order to capture him.

Chu Feng's friends would also become their targets. This was the reason why the Cyanwood Mountain had had to sever their relationship with him.

“Little friend Chu Feng, you do not have to be worried about them. The disciples of our Underworld Palace are not people that just anyone can touch.”

“I dare guarantee to you here that our Underworld Palace will ensure their safety,” Right at this moment, that Underworld Palace's elder who lead the people from the Underworld Palace walked over with a smile across his face.

Chapter 1769 – Grand Benefactor

“This disciple pays his respects to Elder Chang and all the other elders,” Immediately, Big Radish and Little Radish hurriedly greeted them respectfully. As disciples of the Underworld Palace, the two of them appeared to be extremely reserved before those people.

Especially Little Radish. While he was not scared upon seeing Chu Feng, when he saw these elders, he began to tremble with fear.

“There’s no need to be overly courteous,” The leading elder waved his hand. Then, with a beaming smile, he looked to Chu Feng, clasped his fist and said, “Little friend Chu Feng, I am Chang Ping. It is my pleasure to meet little friend Chu Feng.”

“Senior Chang Ping is being too courteous. It is Chu Feng’s fortune to be able to meet all you seniors,” Chu Feng responded courteously. Chu Feng had a pretty good impression of this Underworld Palace’s elder. Although he was someone from the Underworld Palace, his actions earlier had been very righteous.

“Senior Chang, I believe you should know who I am worried about. Although they are inferior to your Underworld Palace, they still possess power that cannot be looked down upon in the Holy Land of Martialism. Are you certain that you’ll be able to protect them?” Chu Feng pointed at Big Radish and Little Radish.

Elder Chang patted his chest as he guaranteed, “Regarding that, little friend Chu Feng can rest assured. If our Underworld Palace lacked even that bit of ability, our reputation would be utterly undeserved.”

“Although the three of them are only ordinary disciples of our Underworld Palace, we will still absolutely not allow outsiders to bully and humiliate them.”

“This time around, a lot of experts from our Underworld Palace have arrived. Merely, they are all located outside of the fort.”

“While we do not dare to say that we are unparalleled within the fort, if we are to leave the fort, there will definitely not be anyone who dares to touch a single person from our Underworld Palace.”

“The reputation of the Underworld Palace is truly well-deserved,” Upon hearing those words, Chu Feng smiled a relieved smile. The capabilities of the Underworld Palace were extremely grand. Thus, Chu Feng naturally believed that the Underworld Palace possessed the ability to protect Chili Pepper, Big Radish and Little Radish.

Merely, having the ability did not necessarily mean that they would definitely protect them. After all, this elder had also said that Chili Pepper and the others were only ordinary disciples.

However, regardless of what status and position this elder held in the Underworld Palace, since he dared to publicly make a guarantee to Chu Feng like he had, and speak those words while representing the Underworld Palace, the Underworld Palace would definitely not allow Chili Pepper, Big Radish and Little Radish to be touched by the Four Great Imperial Clans. Else, the ones who would be humiliated would be the Underworld Palace.

“Little friend Chu Feng, we must still thank you for helping us today. Else, I’m afraid that we would all have died at the hands of that Zhan Qiankun today.”

“Senior Chang is flattering me. What happened today was not that serious,” Chu Feng said modestly.

“My, I wasn’t being courteous. Rather, it is that serious. Little friend Chu Feng, you do not have to continue being so modest. Today, all of us who are able to live all owe you a favor.”

“The grace you’ve shown us is not something that can be thanked with words. Thus, I will not bother with saying too many decorous

words. To express my thanks, I wish to offer a cup of wine to little friend Chu Feng,” Elder Chang waved his hand and invited Chu Feng with a smile.

“Senior, Chu Feng appreciates your kind intentions.”

“Merely, I have not seen my brother Yan Xie for a long time. To see him again here, I have a lot of things I wish to talk with him about. As time is very urgent, I’m afraid that I will have to decline the invitation to drink with senior Chang today. If the opportunity presents itself another day, Chu Feng will definitely drink with senior until we’re both drunk,” Chu Feng refused that Underworld Palace’s elder’s invitation with a smile.

Hearing those words, Big Radish and Little Radish’s expressions changed immediately. The two of them were extremely shocked.

Although this Elder Chang was only a low level elder in the Underworld Palace, it remained that this Elder Chang was an elder of the Underworld Palace. To disciples like them, Elder Chang was someone that they could not afford to offend.

Furthermore, it just so happened that this Elder Chang was in charge of Big Radish and the others. Thus, they knew very well what sort of temperament this Elder Chang had. His temperament was extremely violent. Practically none of this group of disciples dared to offend him.

Yet, Chu Feng had actually refused Elder Chang’s invitation in front of all these people. The way they saw it, Chu Feng would have most definitely offended Elder Chang.

“Haha, very well. If the chance presents itself again in the future, we shall gather to drink. Today, I will not disturb little friend Chu Feng.”

However, Elder Chang was actually not at all angered by Chu Feng’s refusal. Instead, he laughed and then left.

To see Elder Chang, who was generally extremely arrogant,

acting this peaceful before Chu Feng, Big Radish and Little Radish finally realized the principle of might makes right.

It was not that Elder Chang was a difficult person to get along with. Rather, it was that they had yet to reach a level where they could get along with Elder Chang.

As long as one possessed sufficient strength, this Elder Chang who acted like a fiend would not only be amiable, he would also be very sensible.

“This place is not suitable to talk. Brother Yan Xie, let’s go and talk in the house,” As Chu Feng spoke, he brought Yan Xie and walked into world spirit building that Chili Pepper had set up.

Seeing that Chu Feng and Yan Xie were walking in, the shy Chili Pepper immediately hid herself in her own room.

Seeing Chili Pepper acting like this, Chu Feng smiled slightly. This girl was much more interesting than he had imagined her to be.

Earlier, she had been extremely fiery, and appeared to be completely fearless. Even when facing death, she had no fear. Yet, at this moment, she was actually acting this timidly.

“Big brother Chu Feng, I do not understand why you refused Elder Chang’s invitation,” After entering the room, Little Radish asked with an expression of confusion.

“If I were to go with him, he would definitely invite you and your brother. With how reserved the two of you are before that Elder Chang, even if you were to join us after being invited, you would not be able to enjoy the event. Thus, it is better that I refuse the invitation,” Chu Feng said.

Hearing those words, both Big Radish and Little Radish were stunned. They had truly never expected that Chu Feng had refused Elder Chang because of them. All of a sudden, a burst of warmth surged through their bodies. The two of them also began to reveal

smiles of satisfaction on their faces.

“Here, take these. They’re my gifts,” Chu Feng took out some cultivation resources and many rare treasures from his Cosmos Sack and handed them to Big Radish and Little Radish.

Throughout his journey, Chu Feng had obtained a lot of treasures. Merely, a lot of those treasures were useless to him. However, those treasures would be extremely useful to Big Radish and Little Radish.

In fact, Chu Feng had obtained quite a lot of treasures from Zhan Qiankun, Jin Wei’e, Yin Wei’e and Tong Wei’e’s Cosmos Sacks. In fact, there were even four Incomplete Imperial Armaments. Although, other than Zhan Qiankun’s Black Flame Whip, the other three were all copies, it still remained that they were Incomplete Imperial Armaments.

Merely, those things were, after all, the possessions of the Evildoers’ disciples. While it would be fine for Chu Feng to keep them himself, he could not give them to others. If he did, they would likely bring about disaster to Big Radish and Little Radish.

After all, the notorious Great Evildoers were different from the Four Great Imperial Clans. No matter what, the Four Great Imperial Clans had to consider their clans when they did things.

However, the Great Evildoers were mavericks who did not have to worry about anything. When they did things, they would act extremely crazily.

In fact, Chu Feng’s killing of the Four Great Evildoers’ personal disciples had left behind an enormous danger. If the Four Great Evildoers were to find out about this, they would definitely not let Chu Feng get away with it.

Merely, the situation today had been extremely critical. Chu Feng had had no choice but to kill them. The reason for that was because even if he were to release them, they would not let him get

away.

Furthermore, they had the intention to kill Chu Feng's friends. As such, Chu Feng would absolutely not put up with it. He definitely had to kill them.

"No, these are too precious. We cannot accept them," However, after seeing the gifts Chu Feng had presented to them, Big Radish and Little Radish immediately refused them.

"If you two consider me to be your friend, then accept them. Otherwise, do not say that you know me from today on," Chu Feng forced the treasures into Big Radish and Little Radish's bosoms.

"This..." Big Radish and Little Radish were at a loss as for what to do.

"Just accept them. Those things are useless to Chu Feng. However, they're extremely useful for you two. This is Chu Feng's kind intentions. The two of you should stop refusing them," Yan Xie urged.

"Hehe, in that case, thank you, brother Chu Feng."

"Hehe, thank you, big brother Chu Feng."

After being urged by Yan Xie, the two of them finally accepted Chu Feng's gifts. Then, they cautiously put those treasures away. After they put the treasures away, the two of them were grinning from ear to ear, unable to conceal their happiness.

They had refused earlier only because they found it embarrassing to accept them. The reason for that was because they knew that those items Chu Feng was giving them were truly precious. They were so unimaginably precious to them. Even if they were to put forth all of their family fortune, they would not be able to afford treasures like those.

However, the two of them actually wanted those treasures extremely badly. After all, it was as Yan Xie said, those treasures were extremely useful to them.

If it wasn't for Chu Feng giving those treasures to them, they might not be able to find treasures like those in their entire lives.

Thus, the two of them were extremely grateful and thankful toward Chu Feng. At the same time, they felt that they were extremely fortunate. Chu Feng was simply a grand person, their grand benefactor.

Chapter 1770 – Scouting For Intelligence

“These are for Chili Pepper. Big Radish, accept them for her,” Then, Chu Feng took out some more treasures and handed them to Big Radish.

Compared to the treasures he had given to Big Radish and Little Radish, these treasures were even more numerous. It was not that Chu Feng was biased. Rather, when he had obtained the treasures from others, a portion of the treasures he obtained were made for women.

It was meaningless for Chu Feng to keep these things to himself. Thus, he had decided to give a portion of them to Chili Pepper.

“Hehe, Brother Chu Feng, regarding this... it’s better that you do it yourself,” Big Radish said with a mischievous laugh.

“That’s right. One should personally give gifts to others. Could it be that even someone like you would be embarrassed?” Yan Xie said.

“I, Chu Feng, do not know the meaning of being embarrassed. Merely, I fear that girl Chili Pepper would be embarrassed,” Chu Feng said with a chuckle.

“Who said I’m embarrassed?” Right at this moment, Chili Pepper suddenly pushed the door to her room open and came out. Even though her tone was very unyielding, her face was still extremely red. Furthermore, after her gaze landed on Chu Feng, she immediately turned her gaze elsewhere.

At this moment, Yan Xie stood up and coughed. Then, he glanced at Big Radish and Little Radish and walked out.

As for Big Radish and Little Radish, the two of them were very, very tactful. Immediately, they realized Yan Xie’s intentions. While laughing mischievously, the two of them also walked out of the world spirit building. At this time, only Chu Feng and Chili

Pepper remained inside.

Seeing that Big Radish and the others had left, Chili Pepper became extremely embarrassed. However, since it was unsuitable for her to hide herself again, and since she did not dare to look at Chu Feng, the situation became extremely awkward for her.

“Chili Pepper, why aren’t you looking at me?” Chu Feng asked with a beaming smile.

“I... I... I...” Chili Pepper didn’t know how to respond. She was grabbing tightly onto her skirt. From this, it could be seen how nervous she was.

Chu Feng sighed. “It would seem that I am too ugly, and have made you afraid to look at me. Since that is the case, it’s better that I wear this again,” As Chu Feng spoke, he placed the conical bamboo hat on his head again.

“Puuu~~~”

Chu Feng’s action caused Chili Pepper to burst into laughter. Then, she said, “That’s not it! It’s just that I find it very embarrassing to face you after finding out your true identity.”

“What’s embarrassing about it?” Chu Feng removed his conical bamboo hat.

This time around, Chili Pepper did not shift her gaze away from Chu Feng. However, her face was still as red as before. In a very ashamed manner, she said, “Before, I told you to change your name. However, I didn’t know that you were actually Chu Feng.”

“Speaking of this matter, why didn’t you tell me that you were Chu Feng? The way things are now, I feel that I have greatly shamed myself,” Chili Pepper said.

“Haha, if I were to tell you that back then, you definitely would not have believed me. In fact, you might even have scolded me,” Chu Feng said.

Chili Pepper grew silent. With her temperament, it was true; she might really have scolded Chu Feng.

“Actually, the situation now is quite good too. It is precisely because of this that I felt that you stood out from the masses and were very adorable,” Chu Feng said.

“You really think that?” Hearing those words, Chili Pepper revealed a joyous expression.

“That’s true, of course. Chili Pepper, we’re already friends. Between friends, there is no such thing as avoiding one another. In the future, if you are to see me again, do not hide anymore,” Chu Feng said.

“Mn, I’ll definitely not hide anymore,” Chili Pepper nodded. Then, she blossomed into a very brilliant smile. She discovered that the sensation of chatting with Chu Feng face to face was extremely good.

“These are some gifts that I have prepared for you. Earlier, you suffered in order to defend me,” Chu Feng handed those treasures to Chili Pepper.

Chili Pepper did not try to refuse Chu Feng’s gifts like Big Radish and Little Radish. However, she was also very cautious and careful as she accepted his gifts.

However, Chili Pepper was still different from Big Radish and Little Radish. Big Radish and Little Radish were very cautious and careful because of how precious Chu Feng’s gifts were. As for Chili Pepper, she was cautious and careful because these treasures were gifts from Chu Feng.

Afterwards, Chu Feng and Chili Pepper chatted about many things. During their chat, Chili Pepper’s nervousness disappeared. Even though she no longer talked to Chu Feng in as carefree and casual a manner as she did before, she acted a lot more naturally now.

Afterward, Chu Feng called Yan Xie and the others back into the world spirit building. Finally, they were all able to chat with one another normally.

“This Strongest Younger Generation Battle Assembly, other than Chu Feng, there also seem to be a lot of formidable opponents. While I do not plan to fight with Chu Feng anymore, I still plan to fight against the others.”

“Thus, Brother Radish, as someone from the Underworld Palace, you should know about the people that have been invited, right?”

“By chance, do you know who among them are noteworthy?” Yan Xie asked Big Radish.

“Indeed, there are a lot of powerful characters that have been invited. While I am not familiar with the monstrous beasts that have been invited, I have heard about pretty much of all the humans.”

“I feel that, of the humans invited, the ones that possess the greatest threat to you would be the nine people from the Three Palaces. They are our Underworld Palace’s three Underworld Messengers, the Mortal King Palace’s three Feng Family Siblings, and the Heavenly Law Palace’s three Heavenly Generals. All of them are extremely powerful characters.”

“This is especially true of our Underworld Palace’s three Underworld Messengers: Underworld Messenger Kuang, Underworld Messenger Zhan and Underworld Messenger Gui. The three of them are extremely strong. I have heard that Underworld Messenger Zhan is a Divine Body, and Underworld Messenger Gui practices a Forbidden Mysterious Technique. Furthermore, I’ve also heard that the two of them had broken through to rank six Half Martial Emperor not long ago.”¹

“The most powerful among them would be Underworld Messenger Kuang. Not only does he practice a Forbidden Mysterious Technique, he is also a Divine Body. Furthermore, he

has successfully grasped both of them. Without mentioning his heaven-defying battle power, his cultivation is above that of Underworld Messenger Gui and Underworld Messenger Zhan.”

“Underworld Messenger Kuang is not a rank six Half Martial Emperor. Instead, he is a rank seven Half Martial Emperor,” When Big Radish mentioned the three Underworld Messengers, he had a very respectful appearance. Although they were all disciples of the Underworld Palace, those three Underworld Messengers possessed an otherworldly status in the Underworld Palace; they were the idols of countless disciples.

“All of their cultivations are actually above my own. It would appear that the Overlord Domain is truly extraordinary,” Yan Xie said. Then, he asked, “Then, what about the six from the Heavenly Law Palace and the Mortal King Palace?”

“I am not very familiar with the Heavenly Law Palace’s three Heavenly Generals. However, I’ve heard of them before. The three of them are the three strongest Heavenly Generals of the Heavenly Law Palace’s Ten Heavenly Generals.”

“Just think about it. The Heavenly Law Palace possess Ten Heavenly Generals who all have extraordinary strength. However, only the strongest three Heavenly Generals received the invitation. From this, it is enough to indicate how strong they are.”

“As for the Mortal King Palace’s three Feng Family Siblings, they are also the three strongest disciples from the Mortal King Palace. Their faces have already spread through the Overlord Domain. Not to mention those from the same generation, they have even defeated countless experts from the older generation.”

“However, the three of them have been in closed-door training for two years now. I am also not sure what their current cultivations are.”

“However, back then, they were always the formidable opponents of our Underworld Palace’s three Underworld

Messengers. Likely, they will not be weaker than our Underworld Palace's three Underworld Messengers now," Big Radish said.

"Sure enough, this is a place with experts as numerous as the clouds. However, it is precisely because of this that it's interesting," At this moment, Yan Xie was not discouraged. Instead, an expression of anticipation appeared on his face.

Suddenly, Chu Feng asked, "Brother Yan Xie, you're able to reach a breakthrough, right?"

"How did you know?" Hearing those words, Yan Xie was immediately startled. He revealed an expression of shock.

"Don't forget that I'm a world spiritist," Chu Feng said with a beaming smile.

"Heh, I nearly forgot that your world spirit techniques are extremely powerful," Yan Xie came to a sudden realization. Then, he said with a smile, "Indeed, I am about to reach a breakthrough. However, there's still a bit to go. If I am to train by myself, it'll take me at least three months."

"However, if I am to use this, I reckon that I will be able to successfully break through to rank six Half Martial Emperor before this competition officially begins," As Yan Xie spoke, he took out an item from his Cosmos Sack.

[Previous Chapter](#) [Next Chapter](#)

[Kuang](#) → [Mad. Zhan](#) → [Battle. Gui](#) → [Ghost](#) ←

Chapter 1771 – Bring You All In

This item was fiery red in color, and looked like a fruit. However, it was most definitely no ordinary fruit. Not only did this fruit burn with flames, it was also emitting a special sort of energy that pounded against the people present.

Chu Feng had managed to tell that this was a type of cultivation resource. However, it was not a simple cultivation resource. Instead, it was a special sort of cultivation resource made especially for the people of the Yan Clan.

“Brother Yan Xie, when you said the official start, did you mean the competition between the final twenty individuals and Emperor Gong’s successor?” Big Radish asked.

“Precisely,” Yan Xie nodded.

“But, even if it’s the final match, if we are to judge the time starting from now, there wouldn’t be much time either. Will you really be able to reach a breakthrough with only that item?” Big Radish asked with an expression of shock. Little Radish also revealed the same expression. Even Chili Pepper’s eyes were flickering slightly. She too was displaying an expression of disbelief.

They did not possess the sensitivity that Chu Feng did. Thus, although they could tell that the fiery fruit in Yan Xie’s hand was very powerful, they could not sense the special energy contained within it.

Furthermore, to people like them, reaching a breakthrough was an extremely difficult thing to accomplish. Not only did they have to gather sufficient martial power in their dantians, they also had to use their hearts and minds to communicate with heaven and earth. Through the combination of the knowledge of their predecessors and their own special comprehension ability, they would try to comprehend that turning point that allowed them to

reach a breakthrough. Only by reaching a comprehension of a completely new sort of power could they attempt to break through.

However, even if they managed to comprehend the turning point, comprehend the new power and connect with the new martial power, it was still not certain that they would reach a breakthrough.

Thus, even if they possessed the ability to reach a breakthrough, to successfully reach a breakthrough would require a lot of time. Generally, the best method to attain a breakthrough would be through closed-door training.

However, closed-door training was extremely time-consuming. For some people, after they reached the Martial King realm, they would not be able to attain any progress in their entire lives. Even after spending their entire lives meticulously trying to reach a breakthrough, they would still not be able to do so. From this, it could be seen how difficult the path of martial cultivation was.

When even the Martial King realm was like this, there was less of a need to mention how difficult the Half Martial Emperor realm would be. Thus... they did not believe that Yan Xie would be able to reach a breakthrough before the competition began.

“This is a cultivation treasure left behind by the Lord Flame Emperor for our Yan Clan. When the people of our Yan Clan use it to train, we will be able to obtain boundless benefits,” Yan Xie explained.

“There’s actually such a wondrous item? The Flame Emperor was truly amazing,” Upon hearing those words, Big Radish, Small Radish and Chili Pepper all revealed expressions of envy and admiration on their faces.

At this moment, Chu Feng nodded slightly. What Yan Xie had said was not false. Indeed, this was a cultivation treasure. However, this treasure was not something that only the people

from the Yan Clan could use. Anyone who trained in the Yan Clan's martial techniques would be able to use it.

"Merely, this is the last one," As Yan Xie looked to the fiery red fruit, he had an expression of reluctance on his face.

"I can help you with your cultivation. There's no need to wait that many days. You should be able to reach a breakthrough by tomorrow morning," Chu Feng said.

"You're kidding!" Hearing those words, Chili Pepper, Big Radish and Little Radish all opened their mouths wide in shock.

One could help another with their cultivation?

"Chu Feng, you're serious?" At this moment, even Yan Xie found this to be unbelievable.

"I can give it a try," Chu Feng said with a smile. Even he did not dare to guarantee this sort of thing.

"In that case, let's try it out right away," Yan Xie said impatiently.

"Here? You two are planning to enter closed-door training here?" Hearing those words, Chili Pepper, Big Radish and Little Radish were extremely shocked.

"Sure," As for Chu Feng, he nodded while smiling lightly.

Afterward, Chu Feng and Yan Xie entered a room together. As for Chili Pepper, Big Radish and Little Radish, they were extremely nervous as they attentively watched the situation outside, keeping an eye on what the people outside were doing. They deeply feared that someone would come and destroy this world spirit building.

What people who entered closed-door training feared the most was being disturbed. This was especially true during the crucial moment when they were attacking the barrier to reach a breakthrough. If one were to be disturbed during that time, one could suffer consequences. For light consequences, one might fail

to reach a breakthrough. For serious consequences, one's dantian may be damaged, and they would not be able to reach a breakthrough again in their entire lives.

Yet, Chu Feng had said that he wanted to help Yan Xie reach a breakthrough in a short period of a couple hours?

Was this truly possible?

Would he be able to succeed?

Slowly, time began to pass. A glimmer had appeared on the eastern horizon. Although it had only been a short few hours, to Chili Pepper and the others, it was as if several years had passed. The three of them were extremely nervous.

Not only were they worried that Yan Xie might fail to reach a breakthrough, they were also worried that Yan Xie and Chu Feng would be adversely affected because of the failure.

“Ta, ta, ta~~~”

Finally, they heard footsteps. Chili Pepper, Big Radish and Little Radish immediately stood up and turned their deeply concerned gazes toward the direction where the footsteps were coming from.

At this moment, Chu Feng and Yan Xie were walking out of the room together. Compared to when they had gone into the room, there was no change to Chu Feng at all.

However, when they turned their gazes to Yan Xie, they discovered that he had a rosy complexion, and his aura was already no longer that of a rank five Half Martial Emperor. Instead, he had become a rank six Half Martial Emperor.

“You two actually succeeded?!!!” Chili Pepper, Big Radish and Little Radish all had their mouths wide open in shock. Contained within their eyes were expressions of being pleasantly surprised.

Whilst they had considered the possibility of success, they had not expected them to succeed this smoothly.

“I’ve always known that Brother Chu Feng was very powerful. However, it is only today that I realized that I have underestimated him the entire time,” Yan Xie smiled in an embarrassed manner. However, on his face was an unconcealable joy.

No matter how he had calculated the possibility of successfully reaching a breakthrough within a certain period of time, they were only calculations. For him to be able to successfully reach a breakthrough now, an enormous weight on his heart had been lifted.

He had finally obtained the qualifications to stand off against his fellow members of the younger generation. Naturally, Yan Xie would be extremely happy.

“Amazing, you two are truly too amazing. Although we’re all part of the younger generation, I have discovered that we, when compared to you two, are simply people from two different worlds. Likely, our concept of martial cultivation is absolutely different too,” Big Radish said with an expression of feeling inferior. In his eyes was a boundless amount of envy and admiration.

“Big brother Chu Feng, big brother Yan Xie, that sealed entrance is about to open. The two of you must definitely try your best to obtain a position among the twenty,” Little Radish said as he looked toward the outside.

“Stinky brat, what are you saying? With Brother Chu Feng and Brother Yan Xie’s cultivations, how could they not be able to obtain two of the twenty positions?” Big Radish smacked Little Radish on the head lightly.

Then, he looked to Chu Feng and Yan Xie and said, “Brother Chu Feng, Brother Yan Xie, I wish you two a safe journey. I hope that you will be able to obtain the best performance.”

“Although I am a disciple of the Underworld Palace, I really hope that you two will be able to obtain first place and second place in this Strongest Younger Generation Battle Assembly,” After Big

Radish finished saying those words, he solemnly clasped his fist to Chu Feng and Yan Xie.

“Is there even a need for your hope? Chu Feng is a rank seven Half Martial Emperor. He is able to look down on all those outstanding heros. There is already no need to doubt that he’ll obtain the title of the Strongest Younger Generation,” Chili Pepper curled her lips.

“Right, right right. What you say is correct,” Big Radish and Little Radish did not dare to oppose Chili Pepper.

“Based on what you three said, it seems that you’re not planning to enter?” Chu Feng asked.

“Haha, with our strength, even if we were to enter, it would be a waste. Furthermore, there are layers upon layers of danger in there. We will not take this risk,” Big Radish said.

“That’s true. We only came here to accompany senior sister Chili Pepper to find big brother Chu Feng. Now that we’ve not only seen you, but also became your friends, senior sister Chili Pepper’s cherished desire has already been accomplished, and our cherished desires have also been accomplished,” Little Radish said.

At this moment, Chili Pepper was smiling sweetly. While she didn’t say anything, she had already confirmed what Big Radish and Little Radish said.

“However, to say the truth, if I can enter the center of this fort and watch the battle between the top geniuses of the Holy Land of Martialism, I would have no regrets in my life,” Big Radish gasped.

“That’s true. All the elders say that the geniuses of this battle will all become the most powerful existences in the Holy Land of Martialism in the future,” Little Radish also had an expression of yearning on his face.

After hearing what Big Radish and Little Radish said, Chili Pepper took a glance at Chu Feng and then began to smile as her

imagination began to run freely.

“If you all wish to see the battles, I have a method,” Chu Feng said.

“What method?” Hearing those words, the three of them asked simultaneously.

“I’ll bring you three in,” Chu Feng said.

“What?” Hearing those words, Chili Pepper, Big Radish and Little Radish were all shocked.

Chapter 1772 – Entering

“You said that you’re planning to bring the three of us in?” Big Radish and Little Radish asked simultaneously.

It was not that they did not clearly hear what Chu Feng was saying. Rather, they did not dare to believe their ears.

Although they did not know what was inside that gate, they could very well imagine that it was filled with layer upon layer of dangers.

With the strength that Chu Feng and Yan Xie possessed, it would naturally not be difficult for them to pass through those difficulties.

However, if they were to bring three burdens like Chili Pepper and the others with them, they would definitely be creating more troubles for themselves.

After all, passing through the difficult trials within the gate would only be a part of the difficulty. Most importantly, it was a race against time.

“Mn,” Chu Feng nodded. Although Chu Feng didn’t say much, the confidence he displayed in his eyes made it so that Chili Pepper and the others could not find reason to not believe in him.

“However, if we are truly able to reach the inside, we will be included among the twenty individuals. But we simply do not have the strength to compete against those geniuses,” Big Radish was still worried.

“Wouldn’t it be fine if we are to choose to give up on fighting after we enter? I refuse to believe that if we refuse to fight, they will place their blades on our necks and force us to fight,” Chili Pepper said.

“What Chili Pepper said is reasonable. There is no set rule in this place that said that one cannot bring one’s friends in to watch the

show. Thus, I am naturally capable of bringing you all in with me,” Chu Feng said.

“If we are truly able to enter, it would truly be great,” Hearing those words, Big Radish and Little Radish both revealed smiles of incomparable joy and expressions of excitement.

If they were really able to enter, they would have successfully accomplished one of their cherished desires.

After this matter was decided, Chu Feng and the others walked out of the world spirit building. Regardless of where they went, they were the focus of the crowd.

In fact, when Chu Feng walked toward the entrance, the surrounding crowd began to make way for him. Furthermore, they were also nodding at Chu Feng with smiles on their faces.

Due to the fact that the Four Great Imperial Clans were determined to kill Chu Feng, even though many people greatly admired Chu Feng and wished to befriend him, they did not dare to be too close to Chu Feng. However, at the same time, they also did not dare to offend him.

“Buzz~~~~”

Finally, the countdown timer on the entrance stopped. However, the entrance did not open immediately. Instead, an illusory silhouette appeared before it.

It was a middle-aged man. This middle-aged man was as enormous as that entrance gate. As he stood there, he looked like an enormous mountain. It was a very shocking sight.

Although it was only an image, the aura this middle-aged man emitted caused the crowd to become nervous. They began to feel reverence for that middle-aged man from the bottom of their hearts.

That was because that middle-aged man was a Martial Emperor. Furthermore, he was no ordinary Martial Emperor. Instead, he

was a Martial Emperor of a higher rank than the Four Great Imperial Clans' Clan Chiefs. Else, it would be impossible for him to possess this sort of air.

When this image of that middle-aged man appeared, the crowd were all able to sense how powerful this man was. Furthermore, many people did not recognize him.

It was like he was an expert that had never appeared in the Holy Land of Martialism before.

Thus, the first reaction that the crowd had was wondering whether or not this man was the creator of this fort, the person standing behind that Emperor Gong's successor?

"Everyone, this gate is about to open. I believe that, without me telling all of you, you all can guess how dangerous the other side of this gate is."

"I wish to remind everyone here that of all the people who enter the fort, only twenty individuals will be able to fight against Emperor Gong's successor. Those twenty individuals will be the first twenty people that reach the designated place."

"After those twenty people have entered, the rest of the people will not be able to enter anymore and must return."

"Thus, everyone, please consider your own strength. If you do not think that you will be able to become one of the twenty individuals, I advise you that it would be better for you to not set foot into the gate behind me."

"The reason for that is because even if you all are able to pass through all of the hurdles, you will still not be able to enter the central region. Furthermore, if you are to encounter hurdles that you cannot overcome, you'll end up losing your life."

"Lastly, the hurdles of this place will surpass your imagination. If anyone wishes to bring other people to overcome the hurdles, you must consider your own strength even more. Otherwise, you'll

only harm others and yourself,” After leaving those words, the middle-aged man smiled a profound smile. In fact, he even deliberately took a glance at Chu Feng. Then, his image began to rapidly disappear.

“Rumble~~~~”

At the same time, the entrance gate that had been shut for a long time began to slowly open while making loud rumbling sounds.

Although the entrance had been opened, no one entered. Instead, everyone turned their gazes onto Chu Feng and Yan Xie.

Evidently, after they heard what that middle-aged man had said, they gave up on trying to enter that place. However, they knew that Chu Feng and Yan Xie would definitely not give up.

Suddenly, Big Radish said, “Brother Chu Feng, I’ve thought about it. I think that it’s better for Little Radish and me to stay. You can just take Chili Pepper with you,”

“I’ll also be staying,” Chili Pepper also said.

Although they were saying those words, Chu Feng was able to tell from their gazes that they deeply regretted not being able to enter.

How could Chu Feng not know that they actually wanted to enter the deepest region of the fort together with him? Merely, after hearing that mysterious middle-aged man’s words, they didn’t wish to become Chu Feng’s burden.

Thus, Chu Feng smiled and asked, “Do you all not trust me?”

“No... it’s just...” Chili Pepper and the others didn’t know how to respond.

“Enough with the justs and buts, just follow me,” As Chu Feng spoke, he waved his sleeve. A layer of world spirit power sprinkled down like golden sand. After his world spirit power landed on them, it turned into three defensive barriers that covered Chili Pepper, Big Radish and Little Radish.

These three defensive barriers were extremely close To Chu Feng. Wherever Chu Feng went, they would follow him.

“Woosh~~~”

Before Chili Pepper and the others could react, Chu Feng’s body had turned into a ray of light and charged into that open entrance gate, “Brother Yan Xie, you must catch up.”

“Although you’re a rank seven Half Martial Emperor, you’re bringing three people with you. I will not necessarily lose to you.”

Yan Xie smiled slightly. Then, he took a step forward and turned into a ray of light that followed Chu Feng into the open entrance.

“That Chu Feng actually refused to listen to that expert’s warning and brought three people in with him?”

“Those three people all possess cultivations below Half Martial Emperor. They are most definitely burdens. For Chu Feng to bring them, isn’t he just creating trouble for himself?”

Seeing that Chu Feng had entered while bringing Chili Pepper and the others with him, many people sucked in a mouthful of cold air and revealed expressions of shock.

“Chu Feng is very powerful. Even if he is to bring three people with him, no one will be faster than him,” However, there were also people that were extremely confident in Chu Feng.

“Humph, that child is too arrogant and conceited,” However, at this moment, that Heavenly Law Palace’s leading elder mocked and ridiculed.

“Did that Chu Feng really think that he was unparalleled under heaven just because he’s a rank seven Half Martial Emperor?”

“Doesn’t he know that there are countless experts among the younger generation who have come here? Many among them are capable of contending against him.”

“Especially our Heavenly Law Palace’s three Heavenly Generals.

Each and every one of them are not inferior to that Chu Feng. Not to mention the strongest Heavenly General, even the second and third strongest Heavenly Generals will become Chu Feng's nightmare."

"He's so arrogant and conceited that he considers everyone to be beneath him. Sooner or later, he will suffer the consequences of his actions," When that Heavenly Law Palace's elder spoke those words, he had an expression of feeling at ease. It was as if he were finally able to release a fart that he hadn't dared to release before.

Evidently, he had been holding those words in his heart for a very long time now.

Chapter 1773 – Target Of Public Criticism

“Elder, what you’ve said is incorrect. How is Chu Feng arrogant and conceited? How does Chu Feng consider everyone else to be beneath him?”

“Although it is the first time that I’ve met Chu Feng, I did not see an arrogant and conceited person who considers everyone else to be beneath him.”

“I presume that it is also the first time that you’ve met Chu Feng. In that case, how do you know that Chu Feng is as much of a degenerate as you’ve described him to be?”

Right after that Heavenly Law Palace’s elder said those words, people began to question him. Furthermore, it was not a small number of people who were questioning his words.

“Humph, that child Chu Feng has hidden himself extremely well. How could his actual character be something that people like you all can see through?”

The Heavenly Law Palace’s elder snorted coldly. The gaze with which he looked to the crowd with was filled with contempt.

As an elder of the Heavenly Law Palace, he looked down on these people present here from the bottom of his heart.

“So that’s the case. However, why didn’t you say those words before Chu Feng’s face?” Someone asked with a loud voice.

“.....” Hearing those words, that Heavenly Law Palace’s elder started to frown, and the corner of his mouth started to twitch. Although he felt extremely angry, he did not know how to respond to that question.

“Heh.....”

Seeing him reacting in this way, many of the people present started to laugh, and reveal gazes of mockery in their eyes.

While the people from the Heavenly Law Palace looked down on them, they too looked down on the people from the Heavenly Law Palace.

Perhaps people would think that the Heavenly Law Palace was a power of righteousness before; that they were one of the best reputed human powers. When they saw the elders and disciples of the Heavenly Law Palace, they would inevitably feel admiration for them.

However, after what had happened earlier, the status of the Heavenly Law Palace had already taken a hundred-and-eighty-degree turn in the hearts of the crowd. The sacred sensation they had held for the Heavenly Law Palace had been greatly devalued.

“The way I see it, you do not dare to say those words before Chu Feng, isn’t that right?” A man said. Then, he burst into a loud laughter.

“Hahahaha...”

At the same time, many of the other people present also burst into loud laughter. This was especially true for the people from the Underworld Palace; their laughter was even louder and more straightforward.

Not only was the crowd laughing, the gazes with which they looked to that Heavenly Law Palace’s elder were also filled with contempt.

The reason was because the crowd all knew why that elder did not dare to say those words in front of Chu Feng. The reason for that was precisely because he was scared of Chu Feng.

However, that was understandable. After all, Chu Feng’s strength was above his own, and he was very decisive when killing people. It was normal for that elder to be afraid of death, and thus not dare to say those words before Chu Feng.

However, the people were deeply disgusted with how he didn’t

dare to say anything when Chu Feng was present, and immediately began to speak ill of him behind his back the moment he left.

If he had spoken ill remarks about Chu Feng before, the crowd would still understand. After all, those who were ignorant could not be blamed. Before Chu Feng had appeared, many people had also suspected Chu Feng's strength.

However, they had all experienced Chu Feng's strength. Furthermore, this elder had been spared by Chu Feng once. Yet, he had actually refused to repent and still spoke ill of Chu Feng behind his back.

This made it so that the crowd had no choice but to feel disgusted with him. After all, he was a grand elder of the Heavenly Law Palace. Yet, the only thing he was capable of doing was talking badly about someone behind their back.

When behind others, he acted as ferocious as a tiger. When before them, he acted as lowly as a dog. Someone like him... was utterly a lowly vile character. Even if he were to be held in contempt by others, it could not be blamed on others.

"All of you, shut your mouths! Since when did this old man become someone that trash like you all can insult?!" Suddenly, that Heavenly Law Palace's elder was enraged.

In an instant, his oppressive might began to surge out. Like an invisible flood, it swept forth toward his surroundings to attack the crowd that was mocking him.

"What? Only you are allowed to talk about others behind their backs, but others cannot point out your wrongdoings?" However, right at this moment, an equally powerful oppressive might swept forth and canceled out that Heavenly Law Palace's elder's oppressive might. It turned out that it was the Underworld Palace's Elder Chang Ping who had acted.

"Underworld Palace, what are you planning to do?!" That

Heavenly Law Palace's elder shifted the target of his attack to Elder Chang Ping.

“Nothing much, I merely wanted to speak a few words.”

“It is not that I am denouncing you. Earlier, when you spoke ill of little friend Chu Feng behind his back, little friend Chu Feng still did not investigate it. His actions were extremely magnanimous.”

“However, now that little friend Chu Feng has left, you actually still continue to act this way. Don't you think this leaves you no face?” Elder Chang Ping asked with a beaming smile.

“You...” Seeing his adversary belittling him in public like this, that Heavenly Law Palace's elder was enormously enraged. Perhaps he might be able to endure insults from others. However, when being insulted by someone from the Underworld Palace, he could not endure it.

“That's right, to be all smiles in front of someone, and then talk badly about them the moment they leave, this is not something that a Heavenly Law Palace's elder should do.”

“You refused to fight against the Evildoers' disciples, and instead insulted Chu Feng, who had killed those Evildoers' disciples and saved our lives. Today, at last, I have a whole new understanding of the Heavenly Law Palace.”

Before that Heavenly Law Palace's elder could refute him, the surrounding crowd all began to echo insults at him.

All of a sudden, the hearts of the crowd were all aligned, and the Heavenly Law Palace became the target of public criticism.

At this moment, that Heavenly Law Palace's elder had an ashen complexion. As for the disciples, their expressions were also extremely ugly. In fact, those without thick skin even lowered their heads in shame.

Being part of the Heavenly Law Palace had always added glory and honor to them. However, at this moment, they actually felt

like they did not dare to continue to carry on the name of the Heavenly Law Palace.

They all knew very well that part of the reason why this was happening was because the leadership of their leading elder was extremely bad. He had done too many dishonorable things that caused them to lose all popularity in this place.

However, most importantly, it was because of Chu Feng. It was Chu Feng who had turned them into the target of public criticism in this place.

However, even with this being the case, the majority of the disciples from the Heavenly Law Palace did not detest Chu Feng. Instead, they were fearful of him.

As a fellow member of the younger generation, the strength that Chu Feng possessed made it impossible for them to not be fearful of him.

In this sort of situation, even though that Heavenly Law Palace's elder felt extremely unwilling, it was too embarrassing for him to continue to stay here. Thus, he ended up gnashing his teeth and leading the people from the Heavenly Law Palace who were still alive to leave their current location and head into the forest to hide from the humiliation.

“Good, leave. You all should’ve scrambled sooner. It’s much quieter now that you all have scrambled. Hahaha...” After the people from the Heavenly Law Palace left, cheers began to rise unceasingly from the area around the entrance.

“Chu Feng is truly amazing,” Seeing the reaction of the crowd, Elder Chang Ping gasped in admiration.

“Elder, what do you mean by that?” Someone asked with a low voice.

“I am not talking nonsense here. Among all the current members from the younger generation, I personally feel that only Chu Feng

possesses the character to become an overlord,” Elder Chang Ping said.

Hearing those words, the several people beside Elder Chang Ping all sucked in a mouthful of cold air.

While Elder Chang Ping could not be considered to be a person with enormous status in the Underworld Palace, it remained that he had lived for close to a hundred years, and had seen many people. He had even seen the ten Underworld Messengers.

However, Elder Chang Ping actually gave such an evaluation of Chu Feng. Even the ten Underworld Messengers were unable to compare with Chu Feng. As such, how could they not be shocked?

Chu Feng did not know about what had happened outside. In order to quickly arrive at the central region of the fort, he was racing against time.

There were a lot of hurdles in this place. There were world spirit traps, as well as bloodthirsty ferocious beasts. Even the weakest among those beasts were Half Martial Emperors.

Other than those, there were hidden obstacles too. While one's body would not be harmed by those hurdles, they were extremely time-consuming. One would have to go around them, and waste a lot of time in the process.

The hurdles of this place were not only a test of one's strength, they were also testing one's intelligence.

However, with Chu Feng leading the way, it was not that difficult.

Chu Feng had been proceeding onward the entire time. He had not even stopped his footsteps once. Not only was his speed extremely fast, even Yan Xie who was following closely behind him had received enormous benefits from him.

With Chu Feng opening the path ahead, all Yan Xie had to do was run behind him. There was simply no need for him to do anything

else.

Even though Yan Xie was not protected by Chu Feng's world spirit barriers like Chili Pepper and the others, he was actually only able to attain such a fast speed in reaching this place all because of Chu Feng.

Suddenly, Chu Feng stopped. He looked ahead and said with a serious expression, "This should be the final hurdle. Yan Xie, follow me closely."

Chapter 1774 – Believe In Chu Feng

Seeing Chu Feng acting in this sort of manner, a serious expression flashed through Yan Xie's eyes. This was the first time that Chu Feng had stopped since he had entered.

Upon closer inspection, Yan Xie discovered that the path ahead was covered by many enormous trees that reached the sky. There was only a single path which could be taken.

“Chu Feng, how do you know that this is the final hurdle?” Yan Xie asked in a puzzled manner. He did not discover any danger in the little pathway through the forest.

“Trust me. The other end of this pathway will be the center of the fort. However, you must definitely follow me closely. Otherwise, you must distance yourself from me. The further away you distance yourself from me, the better it would be. In fact, distance yourself from me before we enter.”

As Chu Feng said those words, he began to walk forward. He did not use any movement martial skills. Instead, he slowly walked forward with a normal pace.

Yan Xie was confused by what Chu Feng meant by those words. However, he would naturally not distance himself from Chu Feng. Thus, he hurriedly followed Chu Feng in.

After they entered, other than seeing the dense tree branches and leaves that blocked the sunshine, being covered with special spirit formations that made them indestructible, Yan Xie did not discover anything unusual.

Dangerous? He was unable to find any trace of danger at all.

Yan Xie was truly confused as to why Chu Feng would be so carefree toward those dangerous hurdles, yet extremely cautious in this place.

“Huu~~~”

“Huu~~~”

“Huu~~~”

“Huu~~~”

“Huu~~~”

Suddenly, dazzling golden-light shot forth from the dark depths of the forest. Upon closer inspection, a total of five golden rays of light were surging toward them with roaring wind like five golden dragons.

At this moment, Yan Xie and the others were all alarmed. They finally realized what Chu Feng had meant.

Those five golden rays of light were five streams of oppressive might, five visible rays of oppressive might. At this moment, they were coming to crush Chu Feng, Yan Xie, Chili Pepper, Big Radish and Little Radish.

All five of these rays of oppressive might were extremely powerful. Furthermore, they were not aimed at a single person. Rather, the five of them were aimed at Chu Feng and the others respectively.

In other words, the number of rays of oppressive might that this place would release was based upon the number of people present.

However, most importantly, these rays of oppressive might were so powerful that, not to mention Chili Pepper, Big Radish and Little Radish, even Yan Xie felt an enormous pressure from them.

While the rays were was not strong enough to injure Yan Xie, if one were to descend on him, it would cause him to feel enormous pressure and make it very difficult for him to walk onward. His speed would diminish enormously, and he would end up using a lot of physical strength.

However, if those rays of oppressive might were to land on Chili Pepper, Big Radish and Little Radish, the three of them would

definitely explode on the spot and die without a soul or body remaining.

Chu Feng had Yan Xie stay close to him. It was evident that Chu Feng was planning to withstand all five streams of oppressive might by himself.

“Haaahh~~~”

Sure enough, Chu Feng suddenly shouted. Then, his Thunder Armor and Thunder Wings appeared, and lightning covered his body. Chu Feng’s aura also instantly increased from rank seven Half Martial Emperor to rank nine Half Martial Emperor.

At the same time as he increased his cultivation to rank nine Half Martial Emperor, Chu Feng had also unleashed his strongest defensive technique — the Black Tortoise Armor Technique.

“Boom, boom, boom, boom, boom~~~”

The five rays of oppressive might crashed into Chu Feng simultaneously. Ear-piercing rumbles were instantly heard. Even the indestructible trees in their surroundings began to sway left and right from the aftermath of the oppressive might’s descent. The trees actually began to fracture and emit cracking sounds.

However, even though their surroundings were as frightening as hell, Yan Xie and the others who were close to Chu Feng were not affected in the slightest.

They felt a sense of comfort, as if they had found refuge among howling winds and torrential rain.

“Gulp~~~”

As they saw Chu Feng, whose body was covered with flickering bolts of lightning, Chili Pepper, Big Radish and Little Radish all gulped down a mouthful of saliva. They were truly awed by Chu Feng’s enormous display of strength.

Chu Feng really did possess the power that he was rumored to

have, and could instantly increase his cultivation by two levels.

In other words, Chu Feng's cultivation was not only that of a rank seven Half Martial Emperor. Instead, he was a rank nine Half Martial Emperor.

Although Chu Feng possessed a similar age to them, and in fact, he was even a bit younger than Chili Pepper and Big Radish, he was already a rank nine Half Martial Emperor, while Chili Pepper and Big Radish were still only Martial Kings.

Chu Feng was only a bit away from entering the Martial Emperor realm and becoming a supreme Martial Emperor-level expert.

As such, how could they not be in awe and shock? The enormous gap between them had caused them to feel extremely complicated. However, their feelings could be described with a single word: stunned.

They were all stunned by Chu Feng's cultivation.

Right at this moment, Yan Xie suddenly said, "Chu Feng, are you really able to do this? If not, I can go out."

Originally, Chili Pepper, Big Radish and Little Radish were overwhelmed by shock at how powerful Chu Feng, was and did not notice anything wrong with the current situation. However, after hearing what Yan Xie said, they were immediately baffled and began to feel an indescribable sort of uneasiness.

"It's fine, I can still withstand this," Chu Feng smiled.

"Really?" Yan Xie did not believe Chu Feng.

Even though Chu Feng had not revealed that anything was wrong with him, Yan Xie was able to sense how powerful those five streams of oppressive might were.

If the five rays of oppressive might were to split apart, Yan Xie would be able to withstand one of them.

However, if the five rays of oppressive might were gathered

together, their combined power would be five times as enormous. Before such oppressive might, even Yan Xie would be extremely fearful. At the very least, he would not be able to withstand them, and might actually die because of them.

Thus, even though Chu Feng appeared to be fine, Yan Xie was still worried for him.

At this time, Yan Xie had realized why that mysterious middle-aged man had warned them to not bring others with them when trying to crash through the hurdles.

The reason for that was because if one wished to bring anyone with them to take on the hurdle that they were undergoing right now, its difficulty would increase as many times as the number of people there were.

At this moment, they were only able to pass through because the person undergoing this was Chu Feng. If it were anyone else, they would definitely not be able to withstand the combined power of five oppressive might.

“Of course,” Chu Feng continued to smile.

“However, these five oppressive mights being gathered at one location is truly too frightening. I think it’s better that I step out.”

“If I am to step out, the oppressive might that has come for me will also follow me away.”

“Although it will not help you enormously, it will at least lessen the pressure on you by one fifth,” Yan Xie still didn’t trust Chu Feng. As he spoke, he planned to exit Chu Feng’s defensive barrier.

“Brother Yan Xie, this place is no ordinary spirit formation. This place is not as simple as it seems to be. If you are to insist on leaving now, not only will you not be able to help me, you will instead bring harm to Chili Pepper, Big Radish, Little Radish and me.”

“As for you, you will also be met with death,” Chu Feng said

seriously.

“Taa~~~”

After hearing those words from Chu Feng, Yan Xie's body stiffened. It was as if he had been struck by lightning.

Chu Feng's words had given him a sudden realization!!!!

The five oppressive mights had already fused together. If he were to leave Chu Feng's defensive barrier, what would attack him would not be a single ray of oppressive might. Instead, it would be five. As such, how could he possibly withstand them?

Furthermore, it was very possible for other changes to occur at that time. He might even really bring harm to Chu Feng and the others. Perhaps Chu Feng would be fine. However, Chili Pepper, Big Radish and Little Radish would definitely die.

Thinking of those things, Yan Xie smiled a self-mocking smile. He finally realized how stupid he was being. Furthermore, if it hadn't been for Chu Feng stopping him, he would've brought about his own death and harmed his friends due to his stupidity.

“Trust me. Although this place is dangerous, it's still within my ability to withstand. I will be able to safely bring you all over,” Seeing Yan Xie's mood growing gloomy, Chu Feng smiled and patted Yan Xie's shoulder.

Yan Xie raised his head and looked to Chu Feng, who was worried about him and had a smile on his face. Yan Xie smiled again. This time around, Yan Xie's smile was one of feeling relieved.

Yan Xie finally realized how enormous the gap between him and Chu Feng was. This gap was not only a gap between their talents. He had discovered that, even in other aspects, he was greatly inferior to Chu Feng.

Before such a Chu Feng, there was simply no need for him to worry. After all, there was nothing he could do to help Chu Feng. The only thing he could do now was to put his trust in Chu Feng.

He had to believe that Chu Feng would be able to pass through this trial while bringing them with him.

Chapter 1775 – Golden Leaf World Spirit Flower

“.....”

After hearing the conversation between Yan Xie and Chu Feng, Chili Pepper and the others started to feel uneasy, and showed apologetic expressions on their faces.

Even though their perceptive abilities were not as sharp as Yan Xie's, after they heard the dialogue between Yan Xie and Chu Feng, the three of them also managed to indirectly guess how powerful the five rays of oppressive might crushing down onto them from above were.

They knew that they had caused an enormous inconvenience for Chu Feng. Yet, Chu Feng did not mention the difficult situation he had been placed in, and instead decided to shoulder it all himself so that they would not feel any burden.

At this moment, they were all silent. However, in their hearts, they remembered all that Chu Feng had done for them...

Although Chu Feng was able to resist the five rays of oppressive might, he did not dare to take it easy. The reason for that was because he did not wish to be eliminated, he did not wish to have come here for nothing.

Thus, there was only one thing in Chu Feng's mind right now. That was, to grit his teeth and then use his strongest power to rapidly crash through this trial.

However, right at the moment when Chu Feng was about to walk out from this location, he suddenly discovered a forked path ahead.

“Really! To do this sort of cheap trick at such a time?” Chu Feng laughed lightly. This forked path was too obvious. Those with good eyesight could tell with a single glance that the left pathway

was the correct one, whereas the one on the right was fake.

Even though he knew that the pathway to the left was real and could bring one to the center of the fort, however, at the time he arrived at the fork in the path, Chu Feng couldn't help himself and took a glance at the pathway to the right.

On the way there, Chu Feng had discovered that the person who had set up all these hurdles was extremely intelligent. Many of the hurdles were set up with great ingenuity, and contained hidden profoundness.

Yet, at this moment, at this most important hurdle, such a simple multiple-choice question actually appeared. This was evidently not reasonable.

Chu Feng felt that there might be a hidden implication contained in this. Thus, he wished to take a look at exactly what sort of path that fake path to the right was.

“That is?!”

“I'm not seeing things, right?”

“Is this for real?”

Upon checking out the right path, Chu Feng's eyes immediately shone, and he revealed an expression of shock. Immediately afterward, his shocked expression turned to one of immense joy. He exclaimed, “It's real! Truly, the heavens are helping me!!!”

Seeing Chu Feng acting like this, Yan Xie and the others also turned their gazes over.

It was only then did they discovered that at the end of that path was a large tree. Underneath that tree was a bed of golden flowers.

Golden branches, golden leaves, golden flowers. Furthermore, the branches and leaves resembled little people.

They were so vivid and lifelike that should one look at them from afar, they would look like people made of gold that flickered with

gorgeous dazzling light.

“What is that?” Chili Pepper and the others’ eyes all shrunk. Although they did not recognize the flowers, they were able to tell with a single glance that the flowers should be treasures.

“Those are a kind of special flower called the Golden Leaf World Spirit Flower,” Chu Feng said.

“Golden Leaf World Spirit Flower?” Chili Pepper and the others were still confused.

“Essentially, they are extremely beneficial to me,” As Chu Feng spoke, he began to walk toward the flower bed.

The path was very deep. It took Chu Feng a lot of time to reach the end of the path. What he was doing was actually very risky. In wasting this much time, it was very possible that he would fail to obtain one of the twenty fastest spots to enter the center of the fort.

However, even though this was the case, Chu Feng felt that he still had to obtain those Golden Leaf World Spirit Flowers.

It was recorded in the Nine Spirits Divine Diagram that the Golden Leaf World Spirit Flowers were extremely beneficial to world spirits. They possessed the same sort of power as a martial cultivator’s source energy. By using them, world spirits could greatly increase their cultivation.

Chu Feng knew very well that as long as he obtained those Golden Leaf World Spirit Flowers, he would not only be able to wake the sleeping Eggy up, he might even be able to help her increase her cultivation.

Even though he was currently in a race against time for those twenty available spots, when compared to Eggy, how could missing the opportunity to compete possibly be able to compare to her?

After all, Chu Feng knew the best how much Eggy had done for him.

“Indeed, they’re the Golden Leaf World Spirit Flowers,” Finally, Chu Feng reached the Golden Leaf World Spirit Flowers.

However, he did not immediately extend his hand to snatch them. Instead, he set up a small world spirit formation, then began to cautiously draw the flowers into it.

Golden Leaf World Spirit Flowers were very special. They possessed intelligence. If one were to use one’s hand to snatch them, they would disappear. Even though Chu Feng was a Snake Mark Royal-cloak World Spiritist, he was still incapable of snatching them with his hands, and would thus miss this opportunity before him.

Thus, at this time, Chu Feng had to be extremely careful. In fact, he did not even dare to lose his concentration. It was only when all of the Golden Leaf World Spirit Flowers had entered his spirit formation, and when he sealed off that spirit formation, that Chu Feng finally heaved a sigh of relief.

At this moment, Chu Feng turned around and prepared to walk toward the exit of this pathway. In his hand was the spirit formation, and his eyes were focused on the Golden Leaf World Spirit Flowers within it. On his face was an unconcealable smile.

He knew that, having obtained these Golden Leaf World Spirit Flowers, he would definitely be able to wake Eggy.

“Although those flowers are quite the treasure, they seem to not have much usage for us martial cultivators,” Yan Xie said as he looked at the Golden Leaf World Spirit Flowers in Chu Feng’s spirit formation.

“Indeed, their value can only be reflected on world spiritists. However, they are priceless treasures. If a martial cultivator were to obtain them, they could exchange them for endless riches from world spiritists.”

“I reckon that with this bed of Golden Leaf World Spirit Flowers,

if you were to place them before a world spiritist that knew of their value, they would be willing to hand over five Incomplete Imperial Armaments for them without the slightest bit of hesitation,” Chu Feng said.

“They’re this precious?” Hearing those words, Chili Pepper, Big Radish and Little Radish all opened their eyes wide with shock. They began to carefully inspect the Golden Leaf World Spirit Flowers. It was as if they would feel enormous regret should they miss the opportunity to see these Golden Leaf World Spirit Flowers.

At this moment, Yan Xie said no more. Instead, he only smiled lightly. He believed in what Chu Feng had said because he believed in Chu Feng’s eyesight.

It was as Chu Feng had guessed. After they walked out from that pathway and entered the other pathway, they arrived at the central region of the fort.

At this moment, what appeared before them was a vast open site. This open site was formed with special materials imbued with world spirit power. Likely, anyone beneath Martial Emperor would not be able to destroy this place.

Chu Feng and the others guessed that this vast, field-like open site should be the place where the Strongest Younger Generation Battle Assembly would be held.

On the outside of the open site were twenty peaks. On top of each peak was an exquisite pagoda.

Furthermore, before them was a stele. There was a special brush placed below the stele. Beside the brush was a special piece of paper.

Everything was explained on the stele...

Those who arrived would leave their name on the piece of paper and then choose a pagoda to rest in. Each person was allowed to

choose one pagoda. After reaching their pagoda, one must illuminate the lanterns in the pagoda so that the people who arrive afterward will be able to choose other pagodas.

After reading those words, Chili Pepper and the others immediately turned to look at the twenty pagodas. They discovered that none of the twenty towers had been lighted. Immediately, they were overjoyed.

“Chu Feng, you’re truly amazing. You brought us burdens with you and arrived here. Yet, you’re actually the first to arrive,” Chili Pepper and the others were overjoyed. They felt that even though they had dragged Chu Feng down, they had, at the very least, not harmed him by making him lose out on his chance to compete.

“Come, write your names,” Chu Feng had already written his name onto the paper. Then, he handed the brush to Yan Xie.

After Yan Xie received the brush from Chu Feng, he also wrote on the paper. However, he did not write his own name. Instead, he wrote ‘Flame Emperor’s successor’ on the paper.

After that, Chili Pepper, Big Radish and Little Radish also wrote their names on the paper. However, like Yan Xie, they also did not write their own names. Instead, they wrote their nick names onto the paper.

“Big brother Chu Feng, am I also allowed to choose my own pagoda?” Little Radish asked.

“Of course,” Chu Feng nodded.

“Haha, this is truly great,” Hearing those words, Little Radish became exceptionally excited. Chili Pepper and Big Radish also revealed smiles of excitement.

The twenty pagodas should have belonged to the twenty peak geniuses. Yet, they actually possessed the opportunity to monopolize one of the twenty pagodas each. Naturally, they would be extremely happy.

“Buzz~~~”

Right at the moment when Chili Pepper and the others were overjoyed, a distant pagoda suddenly blossomed with dazzling light.

Seeing this scene, Chili Pepper and the others were immediately stupefied. The joyous expression on their faces instantly disappeared.

At this moment, even Chu Feng narrowed his eyes and revealed a surprised expression.

Evidently, they were not the first ones to arrive here.

Chapter 1776 – Baffled

“Someone actually arrived before us? Who might that person be?” Yan Xie raised his head and gazed deeply at the pagoda that had been lighted. It was as if he wanted to know who the master of that pagoda was.

Unfortunately, that pagoda was located extremely far away. Furthermore, the pagoda itself also possessed the effect of blocking one’s vision. Thus, Yan Xie was simply unable to see the silhouette of the person in the pagoda,

“Buzz~~~”

Right at this moment, two large words appeared in that dazzling golden light, Leng Yue.¹

“Leng Yue, she’s a disciple of the Heavenly Law Palace. Furthermore, she is the strongest of the three Heavenly Law Palace’s Heavenly Generals,” Upon seeing the words ‘Leng Yue’, Big Radish immediately sucked in a mouthful of cold air. His gaze was filled with reverence.

Although he did not know exactly how powerful Leng Yue was, it was reported that Leng Yue was the only disciple of the Heavenly Law Palace capable of contending against their Underworld Palace’s strongest disciple, Underworld Messenger Kuang.

As for Underworld Messenger Kuang, he could be said to be an existence akin to a god among the younger generation of the Underworld Palace.

“If it wasn’t for Chu Feng leading the way, even if I were to try to crash through the trials myself, I would not have been able to arrive here this quickly. Yet, that Leng Yue actually managed to arrive this quickly. Her strength is definitely above mine,” Upon seeing the words ‘Leng Yue’, Yan Xie gasped with admiration.

Although Yan Xie was anxious to fight against the peak experts of

the young generation, he also knew his own standing very well. He knew that, even when excluding Chu Feng, he would not be the strongest member of the younger generation who had come here. As for the truth, it was precisely that.

“It’s all our fault. If it wasn’t for us, Brother Chu Feng would definitely have been the first one to arrive here,” Big Radish had an expression of feeling ashamed.

“What are you saying? It was me who insisted on bringing you all here, and not you all who insisted on coming here with me.”

“Furthermore, this sequence of events is unable to illustrate anything,” Chu Feng consoled with a smile. Then, he waved his hand and said, “Let’s quickly go and choose the pagodas that we like so that they do not become occupied by people who arrive after us.”

“Mn,” Seeing Chu Feng show an expression of indifference, Big Radish, Chili Pepper and Little Radish also felt a lot more comfortable.

Then, Chili Pepper, Big Radish and Little Radish all went to choose their own pagodas. After the three of them reached their pagodas, not only did those pagodas shine with light, they also revealed the words ‘Chili Pepper,’ ‘Big Radish’ and ‘Little Radish.’

“It would appear that the names being displayed on the pagodas are the names we wrote on the paper previously,” Chu Feng said.

“That’s most likely the case. Merely, their names are truly somewhat unconventional. I truly wonder what others will feel upon seeing those names,” Yan Xie said.

“They will likely be baffled,” Chu Feng smiled. Then, he asked Yan Xie, “Which pagoda are you planning to choose?”

“Any one is fine,” Yan Xie said casually.

“I’ll take that closest one. Brother Yan Xie, after you finish choosing yours, come and find me. I might have something that I

need to trouble you with,” Chu Feng pointed at the closest pagoda.

“Sure,” Yan Xie nodded.

Then, Yan Xie illuminated a pagoda that was beside the pagoda that Chu Feng had chosen. After the words ‘Flame Emperor’s successor’ appeared on the pagoda, Yan Xie did not choose to rest, but directly went to find Chu Feng. With a beaming smile on his face, Yan Xie asked, “What might it be that would make you request my help?”

“I will have to enter closed-door training for a while. I fear that unforeseen events might occur during the time I am in closed-door training. Thus, I wish to ask you to protect Chili Pepper, Big Radish and Little Radish during the time I’m in closed-door training so that they do not get bullied. After all, you also know their strength,” Chu Feng said.

Chu Feng was really planning to enter closed-door training. Although he had obtained the Golden Leaf World Spirit Flowers, it was not that simple to use the Golden Leaf World Spirit Flowers to wake Eggy up.

Chu Feng would have to first transfer the spirit formation that contained the Golden Leaf World Spirit Flowers into his own world spirit space. As for that, it was not something that was easy to do. Instead, it was something that required a certain amount of time to accomplish.

However, Chu Feng knew that of the people who would be arriving here, not a single one of them would be ordinary characters. Furthermore, based on Chu Feng’s understanding, those people would mostly be arrogant individuals who viewed everyone else to be beneath them.

Thus, he was worried for the safety of Chili Pepper, Big Radish and Little Radish.

“Oh you. And here I was wondering what it was that would make

you ask for my help with such a serious expression. It turns out you just want me to protect Chili Pepper and the others.”

“Rest assured, as they are your friends, they are also my friends. With me, Yan Xie, here, I will definitely not allow anyone to bully them,” Yan Xie said with a smile.

“I, Chu Feng, naturally know that you, Yan Xie, are a person who is loyal to his friends. Merely, I must still inform you of this beforehand, no?” Chu Feng smiled. With Yan Xie agreeing to help him, Chu Feng felt relieved.

After this matter was decided, Chu Feng immediately entered closed-door training. The reason for that was because he had to wake Eggy back up before the competition officially began.

Actually, Chu Feng could have waited until the competition was over before he tried to wake Eggy.

However, upon thinking about how he would be able to wake Eggy sooner, Chu Feng became extremely impatient to wake Eggy.

Although Yan Xie didn’t know why Chu Feng had decided to enter closed-door training, he knew that Chu Feng must not be disturbed.

Thus, Yan Xie did not return to his own pagoda to rest. Instead, he stayed in Chu Feng’s pagoda to prevent others from disturbing his closed-door training.

To his surprise, Chili Pepper, Big Radish and Little Radish soon arrived in Chu Feng’s pagoda as well. Furthermore, they were not planning to pay Chu Feng a visit. Instead, they were planning to stay here.

Although Yan Xie felt that it was not very sensible for all of them to be in one pagoda and waste the other four pagodas, he determined that with them all being together, they would lower the possibility of unnecessary troubles happening.

Thus, Yan Xie did not try to urge Chili Pepper and the others to

leave.

After all of them settled in Chu Feng's pagoda, the remaining pagodas began to be illuminated by other people in succession.

When the final pagoda was illuminated, the entrance to the various traps and mechanisms began to shut off one by one.

At this moment, many dazzling names that were shining on the various pagodas began to shoot toward the sky to appear in the horizon.

Underworld Messenger Kuang, Underworld Messenger Zhan, Underworld Messenger Gui, Feng Yihao, Feng Erhong, Feng Sanmei...²

Baili Xinghe, Ximen Feixue...

King Monstrous Dragon Beast, Eastern Divine Deer, Golden Peng Clan, Sea Alligator Clan...³

Seeing those names, Yan Xie was actually very unfamiliar with them.

However, Chili Pepper, Big Radish and Little Radish were discussing them beside him. Thus, Yan Xie came to have a general understand of who those people were.

There were a total of twenty spots. Discounting the five that had been obtained by the five of them, there remained fifteen other spots.

Of those fifteen spots, nine had been taken by the Three Palaces, and four had been taken by the monstrous beasts. As for the remaining two, they had respectively been taken by the personal disciple of the Weaponry Refinement Immortal, Baili Xinghe, and the strongest member of the younger generation from the Four Great Imperial Clans, Ximen Feixue.

In short, none of the remaining fifteen spots were taken by ordinary characters. They were all obtained by people with

impressive fame in the Holy Land of Martialism.

“There’s actually no one from the Ancient Era’s Elves? Could it be that none of them managed to successfully pass through the trials?” After carefully observing the names of the remaining fifteen pagodas, Big Radish was a bit disappointed.

The Ancient Era’s Elves had existed since the Ancient Era. They possessed very strong and powerful strength that brought fear to both humans and monstrous beasts.

As for the younger generation of the Ancient Era’s Elves, they were generally the top existences among the younger generation in the Holy Land of Martialism. In fact, it was not only Big Radish who was wondering about this; many other people had been anticipating the arrival of the Ancient Era’s Elves’ younger generation. They all wished to see exactly what sort of abilities the Ancient Era’s Elves’ younger generation possessed.

“With the Ancient Era’s Elves’ strength, if they were to come, it would be impossible for none of them to be here. The way I see it, they simply have not come,” Yan Xie said.

“That’s most likely the case. However, even with this being the case, the people here are all extraordinary characters. Just thinking about how this bunch of people will be fighting one another to determine the victor makes my blood begin to boil,” Big Radish said with a face filled with excitement.

“So what? They’re all going to be defeated by Chu Feng,” Chili Pepper curled her lips as she said those words. However, a keen sense of anticipation was flickering through her beautiful eyes. She was anxious to see with her own eyes how Chu Feng would defeat those various geniuses with extraordinary statuses.

At the moment when Chili Pepper, Big Radish and Little Radish were discussing the powerful members of the younger generation from all around the Holy Land of Martialism that were present here, they did not know that they had also become the target of

speculation for those same members of the younger generation.

The first thing that the people who had arrived at the fort did was inspect who their opponents were.

It was one thing for there to be a Flame Emperor's successor. Although they were surprised, it was something that was within their expectations.

After all, the successor of an era's overlord, Emperor Gong's successor, had appeared. Thus, it would not be strange for the successor of the Flame Emperor, who had been defeated by Emperor Qing, to appear.

However... Chili Pepper, Big Radish and Little Radish, exactly what was this?

The three of them had actually already occupied pagodas before they had arrived. Their speed was even faster than them?

Could they be the personal disciples of a certain hidden expert?

Could they be Natural Oddities that had trained for several tens of thousands of years? 4

At this moment, the dragons among men that were in the various pagodas were all baffled.

Leng Yue → Cold Moon. ↩

Yihao → First, Grand. Erhong → Second, Great. Sanmei → Third, Younger Sister. Great naming sense... ↩

Peng is a giant bird of myth. Kinda like a Roc. ↩

How would they be younger than 100 if they were? ↩

Chapter 1777 – He Really Came

Inside the fort, the hearts of the crowd were wavering back and forth. Outside the fort, the crowd was also very restless.

At this moment, a ray of light appeared above the fort. The light formed twenty numbers in an orderly fashion.

Starting from number twenty, the names of the Eastern Divine Deer, the Sea Alligator Clan, the Golden Peng Clan, the King Monstrous Dragon Beast, Ximen Feixue, Feng Sanmei, Feng Erhong, Baili Xinghe, along with the others that had made it to the fort, were starting to appear.

“Amazing. They’re practically all people on the invitation list, the most impactful members of the younger generation in the Holy Land of Martialism.”

“Even Ximen Feixue has come? I wonder, will Chu Feng show up too?” Someone asked with an expression filled with anticipation.

“Humph, the Four Great Imperial Clans have sent out so many people, and surrounded the entire fort. If Chu Feng dares to show his face, he will only be courting death,” Another person spoke. As he spoke, he took a look at his surroundings.

Sure enough, the Four Great Imperial Clans’ magnificent army of tens of thousands was standing there orderly columns, blockading the entire fort. The ones leading this magnificent army of tens of thousands of men were the Four Great Imperial Clans’ four Clan Chiefs.

In addition to the troops from the Four Great Imperial Clans, the subsidiary powers of the Four Great Imperial Clans had also dispatched many of their elite troops. Adding them all together, the number of troops the Four Great Imperial Clans had under their control right now numbered in the millions.

However, this was only the strength that they were showing to

the public. Their creme de la creme were actually hidden deep underground and led by the four Utmost Exalted Elders.

Someone in the crowd sighed. “Never would I have expected that the Four Great Imperial Clans would loathe Chu Feng to this extent. In order to capture him, they have sent out this many of their elites. Even the four Clan Chiefs have personally come here for him.”

“That Chu Feng is merely a kid from the younger generation. Exactly how enormous are his abilities?” Seeing that the Four Great Imperial Clans had mustered such a large force for Chu Feng, many of the people present realized the importance the Four Great Imperial Clans had placed on Chu Feng, as well as how enormous their hatred for him was.

The Beitang Imperial Clan’s Clan Chief was standing in the sky as he asked Nangong Beidou, who was standing beside him, “Brother Nangong, do you think that Chu Feng will appear?”

“I think he will,” Nangong Beidou said.

“He will? Heh... I think that he simply will not show up. Last time around, the reason why he dared to go to Mooncloud City was because he knew that we were not on guard against him.”

“However, this time around, practically everyone knew that we would squat in this place and wait for Chu Feng’s arrival. That Chu Feng is no fool. How could he possibly show up in such a place?” The Beitang Imperial Clan Chief said with a light laugh. Although they had mustered such an enormous amount of strength, he did not think that Chu Feng would show up. The way he saw it, they had all come here for nothing.

“I also don’t think Chu Feng will come. Even if he did, he must’ve run away by now,” The Dongfang Imperial Clan’s Clan Chief said. Then, he looked to the Ximen Imperial Clan’s Clan Chief and asked, “Clan Chief Ximen, what do you think?”

“It would be best for him if he doesn’t show up. If he does, I’ll definitely make it so that he cannot return after coming here,” the Ximen Imperial Clan’s Clan Chief said with a cold voice.

“I also hope that he has come. Merely, I’m afraid that he would not dare to come,” The Beitang Imperial Clan’s Clan Chief sighed.

“I think that he will definitely have come,” Nangong Beidou said resolutely. “You all do not know that Chu Feng’s character still. However, after experiencing what happened before, I already have somewhat of an understanding of his character. That child is extremely courageous. His courage surpasses your imaginations.”

“Furthermore, the backers he has might not only be limited to that one mysterious man with the Death Kill Brush from that day. Thus, we must absolutely not become careless,” After saying those words, seriousness and unease flashed through Nangong Beidou’s eyes.

He knew very well that the battle power their Four Great Imperial Clans had dispatched for Chu Feng was already extremely dreadful. There had even dispatched four of their Four Great Imperial Clans’ Utmost Exalted Elders for Chu Feng. It would not be excessive to say that the Four Great Imperial Clans had sent out their strongest battle power.

However, even with this being the case, he still did not have absolute certainty in being able to kill Chu Feng.

The reason for that was because...

The scene of Chu Feng’s release of the Asura Evil Spirit in his Nangong Imperial Clan was still vivid in his mind.

The scene of Chu Feng defeating all of the Four Great Imperial Clans’ younger generation in Mooncloud City was still vivid in his mind.

During those times, he was only able to watch as he suffered at Chu Feng’s hands, as he was humiliated by Chu Feng while being

unable to do anything to him.

As matters stood, he did not dare to lower his guard against Chu Feng in the slightest.

“Hahaha...”

“Brother Nangong, the way I see it, you’ve been too frightened by that Chu Feng. Regardless of how exceptional his talent might be, he is still only a member of the younger generation. Is it really proper to regard him this highly?” The Dongfang Imperial Clan’s Clan Chief said with a light laugh.

“That’s right. This is unlike the Nangong Beidou that we know,” The Beitang Imperial Clan’s Clan Chief also had a teasing smile on his face.

“If possible, I also hope that my worries are unnecessary. Otherwise...” Nangong Beidou said no more. The reason for that was because he also didn’t wish for the possibility of that ‘otherwise’ to happen.

“Quickly, look, the seventh individual’s name has been announced. The remaining spots seem to all be occupied by people from the Three Palaces. The Three Palaces are truly worthy of being the Three Palaces. Amazing, truly amazing,” The Beitang Imperial Clan looked to the names that were appearing on the horizon nonstop and gasped with admiration.

“The younger generation from the monstrous beasts and humans have pretty much all been announced. In that case, the ones that’ll be announced now should be the Ancient Era’s Elves, right?” The Dongfang Imperial Clan’s Clan Chief’s gaze also became serious.

“Buzz~~~”

Right at this moment, a flash of light shone. Then, the name ‘Little Radish,’ appeared in the sky underneath the sixth place spot.

“What?!!!”

“Little Radish? What the fuck is this?”

Upon seeing the words ‘Little Radish,’ not to mention the Four Great Imperial Clans’ Clan Chiefs, practically everyone present was so shocked by those words that their mouths fell wide open, and they had expressions of being completely baffled on their faces.

“Buzz~~~”

Following that, another flash of light shone. Then, the name ‘Big Radish,’ appeared underneath the fifth place spot.

“What?! Big Radish?! It’s a pair of radishes?!!!”

“Buzz~~~”

At the moment when the crowd was still shocked, the name ‘Chili Pepper’ appeared underneath the fourth place spot.

“What the fuck! Is this a collection of vegetables?! Radishes and chili pepper? This is enough to make a dish!”

The crowd was completely speechless. Exactly what was going on? The spots were being shown according to the order in which those people had arrived at the fort. The higher one was ranked, the faster they had passed through the hurdles, which in turn meant the greater their strength.

The disciples of the Three Palaces and the representatives from the monstrous beasts were pretty much all present. The crowd had thought that the names that would appear afterwards would be the younger generation from the Ancient Era’s Elves or some sort of grand character. Yet, what has appeared before them were radishes and chili pepper. Exactly what was going on?!

“Could it be that the Ancient Era’s Elves’ younger generation did not wish to use their real names, and instead used aliases?” At this moment, this was the only thing the crowd could think of.

“Buzz~~~”

Right at this moment, the words ‘Flame Emperor’s successor’ appeared underneath the third place spot.

“Flame Emperor’s successor? Could it be the Flame Emperor from ten thousand years ago that brought the Yan Clan to the apex of humanity, and later fought against Emperor Qing?”

“Didn’t the Yan Clan end up being chased by their enemies after the death of the Flame Emperor, and were wiped out because of that? Why would there be a Flame Emperor’s successor? Could it be that the Yan Clan is still in existence?”

Upon seeing the words ‘Flame Emperor’s successor,’ the crowd was both excited and astonished. Compared to the Radishes and Chili Pepper, the ‘Flame Emperor’s successor’ was the sort of pleasant surprise that they wanted.

“Even the Flame Emperor’s successor has appeared. Sure enough, this is an unprecedented era. The younger generation of this era is truly frightening,” The Beitang Imperial Clan’s Clan Chief gasped with admiration.

“That’s true. Even the strongest of the younger generation from our Four Great Imperial Clan’s, little friend Ximen Feixue, is only able to be ranked sixteenth. From this, it can be seen how powerful those members of the younger generation ranked above him are,” The Dongfang Imperial Clan’s Clan Chief said.

“Humph, the strength of my son is definitely not as obvious as what is present. It is not absolutely certain that the disciples from the Three Palaces will be a match for him,” The Ximen Imperial Clan’s Clan Chief said.

“Indeed, that does seem like little friend Ximen Feixue’s character,” The Dongfang Imperial Clan’s Clan Chief smiled an indifferent smile. Then, he said, “If Chu Feng had come, he should only have been ranked below the top ten. After all, even the personal disciple of the Weaponry Refinement Immortal is only ranked thirteenth.”

“The list of names has already been announced to the third place now. The way I see it, Chu Feng truly did not come. Brother Nangong, what do you think?” After saying those words, the Dongfang Imperial Clan’s Clan Chief looked to Nangong Beidou.

“That might be the case,” As matters stood, Nangong Beidou also began to doubt his own guess. After all, the third ranked individual had been announced. How could Chu Feng possibly be among the remaining two individuals? No matter how strong Chu Feng might be, it should still be unrealistic for him to be first or second.

After all, back then, Chu Feng had only barely defeated Ximen Feixue. As for the names of people who appeared afterwards, their strength all greatly surpassed Ximen Feixue’s.

.....

In fact, it was not only the Four Great Imperial Clan’s Clan Chiefs who were thinking like this. Many of the people present also felt that Chu Feng had not come.

Upon thinking that Chu Feng had not come, many of the people present revealed expressions of disappointment in their eyes.

No matter how much the Four Great Imperial Clans wanted to arrest and kill Chu Feng, they had all wished for Chu Feng to appear. They all wished to have a look at exactly how heaven-defying that rumored heaven-defying child was.

Unfortunately, it would appear that they would not have the opportunity to do so.

“Buzz~~~”

Yet, right at this moment, light began to flicker underneath the second place spot. Two large words appeared in the sky.

Chu Feng!!!!!!!!!!

.....

.....

.....

“Chu Feng?”

“It’s actually Chu Feng?”

“Chu Feng actually came?”

“Not only that, he’s actually ranked second?”

“But, that Ximen Feixue that fought against Chu Feng is only ranked sixteenth. Yet, Chu Feng is ranked second. So the gap between Chu Feng and Ximen Feixue was actually that enormous!!!”

“Could it be that Chu Feng’s strength is even more powerful than it was rumored to be?”

“Hahaha, this is great, truly great. I have not traveled here from far away in vain. This time around, there’ll be a show for me to enjoy.”

All of a sudden, the people in the sky and on the ground outside of the fort all started to boil with excitement. Practically everyone began to discuss Chu Feng.

“Chu Feng, he actually came,” At this moment, the Four Great Imperial Clan’s Clan Chiefs all started frowning.

The relaxed sensations that they had had before completely disappeared, and were replaced with seriousness.

Chapter 1778 – Disparity

“Chu Feng is ranked second. In that case, who’s ranked first?” After feeling excited, the crowd turned their eyes to the horizon once again.

“Buzz~~~”

In front of the focused gazes of tens of thousands of people, the words ‘Leng Yue’ appeared.

“Leng Yue, it’s the Heavenly Law Palace’s disciple Leng Yue.”

The crowd were all startled. After all, the name Leng Yue was very famous. She had always been a well-known figure among the younger generation.

When they saw the words ‘Leng Yue’, the crowd from the Heavenly Law Palace revealed smiles of pride. As for the crowd from the Underworld Palace, they started to frown and became a bit moody.

Compared to the Underworld Palace, the people from the Mortal King Palace were not that downcast. However, they were also not very happy.

After all, the Three Palaces were equally famous. Yet, of their disciples, a disciple from the Heavenly Law Palace had obtained the first spot. This, to a greater or lesser degree, caused them to feel humiliated.

“Let’s act. Since Chu Feng has come, we absolutely cannot let him leave here alive.”

At the moment when the crowd was astonished by Leng Yue’s name, the Four Great Imperial Clans’ Clan Chiefs led their respective elite troops and quietly hid themselves in the vast crowd.

They had already made plans. If Chu Feng didn’t come, it would

all be fine. However, if Chu Feng was to show up, they would definitely not let him leave here alive.

.....

Inside the fort. The crowd was still wondering exactly who Chili Pepper, Big Radish and Little Radish were.

“Woosh~~~”

Suddenly, a figure shot out explosively from a pagoda. Like a meteorite, that figure landed in front of Chu Feng’s pagoda.

This scene piqued the attention of many people. The people from all the other pagodas all turned their gazes toward Chu Feng’s pagoda.

At this moment, it was a man that had landed below Chu Feng’s pagoda.

This man had a handsome appearance. However, he emitted a very cold and aggressive air. He was none other than Ximen Feixue.

Ximen Feixue’s eyes were filled with coldness and devoid of emotions to begin with, but at this moment, his gaze was even more ice-cold.

“Clank~~~”

Suddenly, Ximen Feixue pulled out his Heavenly Immortal Sword and pointed it at the pagoda that Chu Feng was in. In an instant, surging coldness turned into a frosty wind that brought about great devastation.

In the end, the cold air that was visible to the naked eye began to engulf the pagoda Chu Feng was in like many ferocious beasts, causing Chu Feng’s pagoda to tremble slightly.

It turned out that Ximen Feixue was no longer a rank five Half Martial Emperor. Instead, he was a rank six Half Martial Emperor. Ximen Feixue... had actually reached a breakthrough.

With a voice like thunder, Ximen Feixue shouted, “Chu Feng, I, Ximen Feixue, have come for none other than you.”

“Since you’ve actually dared to show yourself too, I will definitely defeat you with my Heavenly Immortal Sword this time around, and wipe away my previous disgrace!”

Although Ximen Feixue had spoken those words with enormous resentment, he was also filled with confidence.

He did not believe that Chu Feng would be able to reach a breakthrough in such a short period of time like himself. Thus, he felt that if Chu Feng were to fight against him, he would definitely be defeated.

“Yoh, so it’s actually a battle for revenge. This is quite interesting.”

The many dragons among men all realized Ximen Feixue’s intentions. Thus, they all began to earnestly watch the show.

In fact, there were even people that took out dimsums that were already prepared in their respective pagodas and began to enjoy them while watching the show.

They had not had the opportunity to see the battle between Chu Feng and Ximen Feixue before. However, it was pretty good too to be able to see Ximen Feixue’s battle for revenge against Chu Feng today.

“Oh no! It’s actually Ximen Feixue. Why would he come to challenge Chu Feng before the competition has even begun?” Although the people outside were enjoying the show, Big Radish and Little Radish were extremely nervous.

Although they were disciples of the Underworld Palace, they still knew how powerful Ximen Feixue was.

“Don’t be afraid. Stay here. I’ll go out and meet this Ximen Feixue,” As Yan Xie spoke, he turned into a ray of light and flew out.

At the moment he appeared outside, his rank six Half Martial Emperor aura also swept forth and beat down Ximen Feixue's cold aura that had engulfed Chu Feng's pagoda.

After descending, Yan Xie took out his Fire Dragon Emperor Spear and pointed it at Ximen Feixue. He shouted, "A guy who was defeated by Brother Chu Feng dares to act this arrogant? It is fine if you wish to challenge Chu Feng. However, you must first pass through me!"

"Who are you?" Sensing Yan Xie's aura of a rank six Half Martial Emperor, Ximen Feixue became serious.

"I am the Flame Emperor's successor, Yan Xie," Yan Xie said.

"And I was wondering who it might be. So you're that Flame Emperor's successor. And here I was thinking about how amazing that Flame Emperor's successor would be. But it turns out he's nothing more than Chu Feng's lackey," Ximen Feixue said mockingly.

"Enough of your rubbish. You can either fight me or scram. Everyone's already looking at you, it would be best if you stopped trying to make an exhibition of yourself," Yan Xie said.

Hearing those words, Ximen Feixue looked to his surroundings. It was only then that he discovered that a figure was standing on top of each pagoda. Each and every one of them was extremely imposing and extraordinary. They were all dragons among men, children blessed by the heavens... They had actually all come out from their respective pagodas to watch the show.

Seeing this scene, the corners of Ximen Feixue's mouth lifted into a light curve. The reason why he had challenged Chu Feng at such a time was precisely to have these people know that Chu Feng was inferior to him.

"Very well, it wouldn't be too late for me to eliminate you first and then eliminate Chu Feng."

“Woosh, woosh, woosh~~~”

After saying those words, Ximen Feixue unleashed his attacks. Cold rays began to flash all over. His Heavenly Immortal Sword turned into a sharp, murderous weapon as it pierced through the air toward Yan Xie.

“Humph!” At the same moment the Ximen Feixue unleashed his attacks, Yan Xie also unleashed his own attacks. Holding the Fire Dragon Emperor Spear, he collided with Ximen Feixue.

“Boom, boom, boom, boom, boom~~~”

The two men both held an Incomplete Imperial Armament in their hands. Their attacks were constantly changing. The strength of their attacks were powerful enough to shake the blue dome of heaven.

While Ximen Feixue possessed his Imperial Bloodline, Yan Xie was a Divine Body. With the two men going all out to fight against one another, the outcome of the battle was unable to be decided instantly.

“Heeahh~~~”

Another shout. Following that shout, violent surging winds began to blow away the clouds, and golden light began to radiate all over. Ximen Feixue had unleashed his Imperial Bloodline and increased his cultivation to rank seven Half Martial Emperor.

“Rumble~~~”

Right after Ximen Feixue unleashed his Imperial Bloodline, surging purple flames swept forth. Yan Xie had unleashed his Divine Power, also increasing his cultivation to rank seven Half Martial Emperor.

The two men had both unleashed their trump cards. However, when they fought again, they were still unable to prevail over one another, and entered a stalemate again.

Two hours.

Four hours.

A total of six hours passed...

Ximen Feixue and Yan Xie were still fighting against one another. Furthermore, judging from their appearances, the two men would not be able to determine victory unless one of them exhausted his stamina first.

However, with the cultivation and strength of the two men, it would likely be impossible for either of them to exhaust all of their stamina until after several days and nights' worth of fighting.

If they were to fight for several days and night, this Strongest Younger Generation Battle Assembly would likely have already ended before they were done.

“Woosh~~~”

Suddenly, Ximen Feixue missed his attack. Then, his body moved backward, and he distanced himself from Yan Xie. After that, he shouted, “I’m not fighting anymore. The person I am searching for is Chu Feng, and not you, Yan Xie.”

Yan Xie also retreated. He also did not wish to continue fighting. If they were to continue to fight, even if they were to be able to determine a victor, neither of them would be able to participate in the official competition.

Since Ximen Feixue had stopped his attacks, there was no need for Yan Xie to continue fighting. After all, even if he were to win against Ximen Feixue, his gains would not make up for his losses.

“Chu Feng, you have truly disappointed me.”

“I had previously thought you to be a man. However, never would I have thought that after my cultivation increased, you would not even dare to fight against me.”

“However, remember this: while you can hide now, you can’t

hide forever. Even if you are able to hide inside that tower like a turtle today, you will still have to fight me tomorrow.”

“I will let you know that you, Chu Feng, only defeated me, Ximen Feixue, because of luck.”

“However, you will absolutely not be able to defeat me a second time. From today hence, I, Ximen Feixue, declare that I will crush you to death. I’ll make you, Chu Feng, be beneath me forever. I’ll have everyone know that you, Chu Feng, are inferior to me. I will also let you know the true gap between us.”

Ximen Feixue began to insult Chu Feng nonstop. Although he did not plan to continue fighting Yan Xie, he had not planned to let Chu Feng get away.

Seeing that Chu Feng had still not shown himself even though Ximen Feixue was insulting him like this, many of the others present began to ponder in their hearts.

Could it be as Ximen Feixue had said, and that Chu Feng only defeated him back then because of luck?

Now that Ximen Feixue’s cultivation had increased, did Chu Feng not dare to face him anymore?

That legendary Chu Feng was merely a coward.

“Boom~~~”

Right at this moment, a loud explosion suddenly sounded from Chu Feng’s pagoda. Following that, a boundlessly powerful oppressive might flew out of the pagoda.

Once that oppressive might appeared, the crowd’s expressions all changed. As that oppressive might spiraled in the sky, it was like an invisible, bloodthirsty ferocious beast overlooking its prey down below. It... was actually the aura of a rank seven Half Martial Emperor.

“Boom~~~”

Suddenly, that oppressive might gathered in one location, turned into a ray of rainbow-like light that came crushing down onto Ximen Feixue.

“Humph!”

Seeing this, Ximen Feixue snorted coldly. Then, he brandished the Heavenly Immortal Sword in his hand and unleashed his strongest attack to face the incoming oppressive might.

“Wuuaah~~”

However, that oppressive might was unstoppable. Not only did it completely shatter Ximen Feixue’s attack, it also crushed Ximen Feixue into the ground.

Ximen Feixue’s clothes were all torn, and he was drenched in blood. Over half of his body had been destroyed by that oppressive might.

Ximen Feixue had used his strongest attack, but had been unable to even resist a single burst of oppressive might, and was instead left with a disastrous injury.

“Ssss~~~”

At this moment, the dragons among men who stood atop the pagodas were unable to contain themselves from sucking in a mouthful of cold air.

A heaven-defying battle power capable of surmounting four levels of cultivation. The owner of that oppressive might possessed a heaven-defying battle power capable of surmounting four levels of cultivation. That was why Ximen Feixue had been defeated so utterly.

A rank seven Half Martial Emperor with a heaven-defying battle power capable of surmounting four levels of cultivation. This sort of strength was extremely powerful.

“Woosh~~~”

Right at this moment, a figure flew out from the pagoda and steadily landed before Ximen Feixue.

Seeing this figure, the crowd's eyes all shone. The reason for that was because it was none other than Chu Feng.

Chu Feng looked to Ximen Feixue, whose body was filled with blood and injuries. There was not the slightest trace of sympathy in his gaze. His mouth was raised into a curve as he asked, "Do you know the disparity between you and me now?"

Chapter 1779 – Publicly Snatching Away Another’s Possessions

“Do you know the disparity between you and me now?”

Hearing those words, Ximen Feixue, who had been seriously injured, instantly felt his blood boiling over. Then, a mouthful of blood sprayed out of his mouth.

“Puu~~~”

As the blood reached the ground, it began to emit hot steam. That was no ordinary blood. Rather, it was blood from anger.

Ximen Feixue was deeply angered. Chu Feng’s words were like invisible blades that pierced deep into his heart, leaving behind a great amount of pain as they entered his ears.

“Impossible! Your cultivation was below mine. How could you possibly obtain the same sort of cultivation as me this quickly?!” Ximen Feixue showed an expression of disbelief. It was not that he really didn’t believe in Chu Feng’s current cultivation. Rather, he was unwilling to believe it. He was incapable of accepting the truth that Chu Feng had surpassed him.

“Heh, didn’t I tell you already? This is the disparity between you and me,” As Chu Feng spoke, he extended his hand and made a grabbing motion. Then, a boundless suction energy shot forth. The Heavenly Immortal Sword in Ximen Feixue’s hand, as well as the Cosmos Sack at his waist, were both sucked into Chu Feng’s hand.

Seeing this scene, the people in the crowd were all startled. Not only did Chu Feng seriously injure Ximen Feixue, he also publicly snatched away his treasures. His actions were truly arrogant.

“What are you doing?” Seeing that his treasures had been snatched away, Ximen Feixue became worried. Disregarding his injuries, he got back up and pounced at Chu Feng to try to take back his Heavenly Immortal Sword.

“Scram,” However, Chu Feng raised his leg and kicked Ximen Feixue away. His kick was so heavy that Ximen Feixue was knocked flying several tens of thousands of meters before ruthlessly falling onto the distant ground.

When he fell, Ximen Feixue’s injuries became even more serious. At that time, he no longer had the strength to stand up again.

Ximen Feixue, who had been able to compete against Chu Feng in Mooncloud City back then, was currently absolutely no match for Chu Feng now.

“It is one thing for your Four Great Imperial Clans to be despicable. However, you, Ximen Feixue, overestimated your own abilities and dared to publicly provoke me. Yet, I have only taken away your Heavenly Immortal Sword, and not your life. You should be thanking me for not killing you,” Chu Feng waved the Heavenly Immortal Sword around and spoke with laughter.

“Chu Feng, return my Heavenly Immortal Sword. You are not qualified to use the Heavenly Immortal Sword,” Ximen Feixue shouted.

“Use? While this Heavenly Immortal Sword is indeed quite decent, it is much inferior to my Evil God Sword. I never planned to use it. I merely planned to use it to exchange for some things,” Chu Feng said with a snicker.

“You’re planning to sell off my Heavenly Immortal Sword?! Chu Feng, you are courting death! My Ximen Imperial Clan will definitely not let you get away with this!” Ximen Feixue roared angrily.

“You spoke as if your Ximen Imperial Clan would let me get away even if I didn’t snatch your Heavenly Immortal Sword.”

“Currently, the entire Holy Land of Martialism knows of the behaviour of your Ximen Imperial Clan. Thus, you should stop trying to make an exhibition of yourself here,” Chu Feng sneered.

After he finished saying those words, Chu Feng turned around. Although Ximen Feixue continued to insult him, Chu Feng was disinclined to bother to take another glance at Ximen Feixue.

Indeed, Ximen Feixue had been capable of fighting against Chu Feng back then. However, from now on, Ximen Feixue would no longer be qualified to fight against Chu Feng.

“That Chu Feng is truly something.”

“For Ximen Feixue to encounter him as his adversary, Ximen Feixue is truly unfortunate.”

At this moment, the people on the various pagodas were all focused on this scene. Many people gave Chu Feng a high evaluation.

“Humph, he should have used his lightnings that are capable of increasing his cultivation by two levels to reach rank seven Half Martial Emperor, right? If that’s the case, you’re still not the strongest here.” However, at one pagoda, someone sneered mockingly.

This person was someone that Chu Feng had met before. He was the Weaponry Refinement Immortal’s personal disciple, Baili Xinghe.

For some unknown reason, the gaze with which Baili Xinghe was looking at Chu Feng was filled with hostility.

“Mn?”

Chu Feng’s perception was extremely sharp. With how strong the hostility present in Baili Xinghe’s gaze was, Chu Feng was able to detect it right away. Involuntarily, Chu Feng turned his gaze toward the direction of the hostile gaze.

When he discovered that it was actually from Baili Xinghe’s pagoda, Chu Feng’s brows lifted slightly in surprise.

Chu Feng had met Baili Xinghe before on the Immortal Island. At

that time, Baili Xinghe had been an enormously powerful genius to him. He had been much more powerful than Chu Feng and the others present on the Immortal Island.

After all, at that time, Chu Feng's cultivation, when compared to Baili Xinghe's from back then, had simply been incomparable.

As for now, although Baili Xinghe's cultivation had also increased, and he had reached rank seven Half Martial Emperor from rank five Half Martial Emperor in such a short period of time, he was still inferior to Chu Feng.

However, that was not important. The important matter was that Chu Feng did not possess any conflict with Baili Xinghe. Thus, he did not understand why Baili Xinghe would possess this enormous hostility toward him.

As for Baili Xinghe, when he saw that Chu Feng's gaze had shifted to him, not only did the cold smile on his face not decrease, it instead increased.

Furthermore, a new implication appeared in his gaze of hostility. It was contempt. Not only was he hostile toward Chu Feng, he also did not place Chu Feng in his eyes. His gaze was filled with contempt.

"Heh..." Seeing Baili Xinghe acting this way, Chu Feng laughed lightly. Although he did not know why Baili Xinghe was this hostile toward him, Chu Feng was not afraid of him.

While he looked down on Chu Feng, he didn't know that Chu Feng also looked down on him.

Then, Chu Feng turned his gaze to the other pagodas. He wished to see the strength that his opponents possessed.

To his surprise, the people here were all more powerful than he had anticipated.

Firstly, there were four monstrous beast representatives from four monstrous beast clans. Their cultivations were the same.

They were all rank six Half Martial Emperors.

According to Big Radish, of the Underworld Palace's three Underworld Messengers, Underworld Messenger Gui and Underworld Messenger Zhan possessed cultivations of rank six Half Martial Emperor, while Underworld Messenger Kuang possessed a cultivation of rank seven Half Martial Emperor.

However, at this moment, standing on their respective pagodas, Underworld Messenger Gui and Underworld Messenger Zhan possessed cultivations of rank seven Half Martial Emperors. As for Underworld Messenger Kuang, his cultivation was even stronger. He was a rank eight Half Martial Emperor. His cultivation was even stronger than Chu Feng's.

Compared to the Underworld palace, the three Feng Family Siblings were a bit weaker. The second brother and third sister of the three siblings were rank six Half Martial Emperors. Only the eldest brother, Feng Yihao, was a rank seven Half Martial Emperor.

However, the person that shocked Chu Feng the most was the strongest Heavenly General of the Heavenly Law Palace, the person who had reached the center of the fortress before him, Leng Yue.

Leng Yue was a cold and detached woman. Although she did not possess a stunning appearance, she gave off a very extraordinary air.

Most importantly, her cultivation was extremely powerful. Like the Underworld Palace's Underworld Messenger Kuang, she was also a rank eight Half Martial Emperor. However, she was different from Underworld Messenger Kuang; Leng Yue's aura was very extraordinary.

Chu Feng was able to faintly sense that Leng Yue might not have a heaven-defying battle power that surmounted three levels of cultivation. Instead, it was very likely that she possessed a heaven-

defying battle power that surmounted four levels of cultivation. In other words... Leng Yue's battle power was likely as powerful as Chu Feng's.

"It would seem that Leng Yue will be my strongest rival," After observing the crowd, Chu Feng placed Leng Yue as the person he needed to worry about the most.

"Woosh, woosh~~~"

Right at this moment, two figures suddenly descended from the sky and landed in front of Chu Feng.

They were two men. The two of them had identical appearances. Evidently, they were twins. Their cultivations were also not weak; they were both rank seven Half Martial Emperors.

The two of them were the other two Heavenly Generals from the Heavenly Law Palace.

"Chu Feng, your name has been known to us for a long time. After seeing you today, your abilities are truly as extraordinary as they say."

"After seeing your abilities earlier, we brothers have become a bit itchy. Might you be willing to spar with us?" The two men from the Heavenly Law Palace spoke with beaming smiles. Although they were smiling, they actually possessed hidden malicious intentions. They were not planning to simply spar with Chu Feng.

"Are you two challenging me?" Chu Feng asked with a smile. Although the two men were powerful, Chu Feng did not place them in his eyes.

"Precisely," The two men replied in unison.

Chapter 1780 – Exactly Who Is It?

The crowd became even more joyous upon seeing this scene.

As the saying goes, when watching a show, one would not mind it becoming bigger. Although Chu Feng had defeated Ximen Feixue, the disparity between the two of them was simply too enormous. Thus, although the match had revealed how powerful Chu Feng was, it had not been a marvelous battle to watch.

However, these two men from the Heavenly Law Palace were a different story. The two of them were both Divine Bodies. Furthermore, they were twin brothers. Thus, their Divine Powers had a resonance with one another.

It was precisely because of their special resonance that their Divine Powers appeared to be much more powerful than ordinary Divine Powers.

Thus, although their battle power was inferior to Chu Feng's, the crowd felt that this pair of brothers would be able to fight against him.

“Impudent!!!”

However, at the moment when the crowd was prepared to enjoy the show, an angry shout suddenly sounded out of nowhere. This ear-piercing voice caused the crowd to feel pain in their eardrums.

This was especially true for the two Heavenly Law Palace's brothers. They were in so much pain that they started to grimace, and hurriedly covered their ears. It was clear that that voice was aimed at the two of them.

Not long after that voice landed, a boundless oppressive might also appeared. That oppressive might covered the entire region.

Once that oppressive might appeared, space itself started to distort. Everyone present was able to feel that enormous pressure that covered their bodies and souls.

That oppressive might was so powerful that they were simply incapable of escaping it. With merely a thought, the owner of that oppressive might would be able to completely eliminate them, leaving behind neither body nor soul.

Martial Emperor. Furthermore, it was not an ordinary Martial Emperor. That person's cultivation... was most likely above the Four Great Imperial Clans' Clan Chiefs. Else, it would be impossible for that oppressive might to be this powerful.

After being shocked, the crowd raised their heads and looked upward. It was only then that they discovered a figure was standing in the sky.

When they saw this person, Chu Feng and the others all revealed expressions of reverence.

This person was none other than that mysterious man that had appeared in front of the entrance before it had been opened.

Merely, this time around, he was no longer a projected image. Rather, it was his actual body. His actual body's oppressiveness was evidently many times more powerful than that of his image.

"The competition has yet to begin. Yet you all have begun to spar without permission. This is extremely disrespectful toward the party holding this competition."

"It is one thing for that Ximen Imperial Clansman to not understand the rules, but do the Heavenly Law Palace's disciples also lack understanding of rules?" That man stared at the two men from the Heavenly Law Palace and spoke in a stern manner.

"....."

Hearing those words, Ximen Feixue's bloody face began to become distorted. Although those words were being said to the two Heavenly Law Palace's brothers, they were actually insulting him.

However, that man's strength was extremely powerful. Furthermore, this was his territory. Thus, other than enduring the

humiliation, there was nothing else Ximen Feixue could do. Today, he had truly been utterly humiliated. The humiliation he had suffered today was even more enormous than all of the humiliation he had experienced in his life.

“Senior, we were merely joking around with Chu Feng. We never truly planned to fight him,” The two Heavenly Law Palace’s brothers said with smiles on their faces.

“That would be for the best,” That middle-aged man nodded. Then, he swept his gaze at the crowd, “All of you, listen carefully. The sparring will officially begin tomorrow. Before that, make sure to act properly. You are not allowed to fight without permission.”

“If there is anyone who refuses to listen, I will remove their qualifications to participate in the competition and expel them from this place.”

.....

Hearing those words, the crowd were all startled. This man’s attitude was truly unyielding.

Although all of the people present were from the younger generation, and their strengths were all greatly inferior to his, it remained that they all possessed grand origins. While these members of the younger generation might be afraid of him, the powers standing behind them might not necessarily be afraid of him.

However, this man’s attitude was extremely unyielding, and his tone did not leave room for anyone to say otherwise. It was evident that he did not place the powers behind these members of the younger generation in his eyes.

“What senior says is correct. As the saying goes, without rules, there will be no standards.”

“We have understood senior’s words. However, Chu Feng and

Ximen Feixue have already broken the rules. Senior, how shall this matter be handled?" Baili Xinghe said with a respectful appearance.

Hearing those words, Chu Feng's eyes narrowed slightly. A trace of displeasure flashed through his eyes.

He discovered that this Baili Xinghe was a truly treacherous individual. It was clear by those words he said that he wanted for that man to kick Chu Feng and Ximen Feixue out of this competition.

Chu Feng didn't know how he had offended Baili Xinghe. However, at this moment, Chu Feng placed Baili Xinghe onto his list of enemies.

If others didn't provoke him, he wouldn't provoke them. If others provoked him, he would definitely eliminate them.

"What happened earlier was a bit different. The two of them were not sparring. Rather, Ximen Feixue publicly provoked Chu Feng. Although Chu Feng had attacked him, the way I see it, what he did was correct. He protected his dignity as a man. Thus, I am able to forgive Chu Feng's behavior," the man said.

Hearing those words, Chu Feng heaved a sigh of relief. He had never expected this senior to speak on his behalf like that.

"Senior is wise, discriminating and fair-minded. I am truly in admiration," To Chu Feng's surprise, the man representing the King Monstrous Dragon Beasts began to clasp his fist and bow to that man with an expression of admiration.

Although he had spoken those words on his own behalf, it was very clear that he was crying out for justice for Chu Feng.

As the King Monstrous Dragon Beast's princess had invited Chu Feng to be a guest of their King Monstrous Dragon Beasts, and left a very good impression on Chu Feng, Chu Feng's current impression of the King Monstrous Dragon Beasts was also

extremely good.

“While I am able to forgive Chu Feng’s behavior, I am not able to forgive this Ximen Feixue’s behavior,” The man turned his gaze to Ximen Feixue.

Hearing those words, Ximen Feixue’s expression took a huge change. What sort of situation was this? Chu Feng could be forgiven, but he could not? Wasn’t this simply discrimination against him?

“Senior, I was ignorant of the rules before. I hope senior will give me a chance,” Although Ximen Feixue was unconvinced in his heart, he still begged for forgiveness.

He did not wish to be the first one to be eliminated, because there were a lot of people outside. If he were to be kicked out from this place, he would not only humiliate himself, he would also humiliate the entire Ximen Imperial Clan.

“Woosh~~~”

However, the mysterious man completely ignored Ximen Feixue’s begging. He made a grabbing gesture in the air, and Ximen Feixue started to float upward. Then, he raised the hand he had made the grabbing gesture with, and made a throwing motion, and Ximen Feixue turned into a ray of light that started to fly toward the sky and out of the fort.

.....

At this moment, although the fort was sealed, the crowd’s gazes were still focused on the fort’s central region. They all knew that the strongest members of the younger generation from the Holy Land of Martialism were all gathered there.

“Boom~~~”

Suddenly, a flash of light shone in the center region of the fort. Then, a figure shot out explosively from the fort.

“Ahhh~~~”

At the same time, Ximen Feixue’s scream began to resonate through heaven and earth.

“What is this?”

Seeing this scene, the crowd were all shocked. Why would someone fly out of the fort?

“That seemed to be a member of the younger generation. But exactly who is it? Why would he be beaten to such a state? The competition hasn’t started yet, right?”

The crowd looked carefully at Ximen Feixue, who had been shot out. However, because Ximen Feixue had been badly mutilated by Chu Feng, the crowd was unable to determine who he actually was.

Chapter 1781 – Losing All Face

Chapter 1781 – Losing All Face

“Feixue!!!”

While the others were unable to distinguish who the person that had been shot out from the fort was, the Ximen Imperial Clan’s Clan Chief was able to instantly tell that it was his son the moment he heard Ximen Feixue’s scream.

Upon closer inspection of Ximen Feixue, he was overwhelmed with shock and horror. Disregarding the formation with the troops he had brought with him, his body shifted, and he arrived in the sky to catch Ximen Feixue.

“Feixue, what happened? Who left you with such a serious injury?” The Ximen Imperial Clan’s Clan Chief looked to his son in his bosom. While he was angered by the appearance of his son, he was mainly feeling heartache for the sufferings his son had obviously experienced.

Ximen Feixue was the most outstanding talent to have appeared in their Ximen Imperial Clan for the past several tens of thousands of years. He was also his most beloved son. The Ximen Imperial Clan’s Clan Chief had always considered Ximen Feixue to be his treasure.

In fact, the reason why he detested Chu Feng like he did was all because Chu Feng had publicly humiliated his son.

And now, his son had been beaten to such a state by someone. How could he not be enraged?

“Father, your son has disappointed you. I was actually the first to be eliminated,” Ximen Feixue laughed bitterly. He felt that he was too ashamed to face his father.

“Eliminated?” Hearing those words, the Ximen Imperial Clan’s Clan Chief was startled. Then, he became extremely angry. With a

voice many times louder than thunder, he shouted at the fort down below, “Why was my son eliminated from the competition?!!!”

Once that voice was heard, many of the crowd below hurriedly covered their ears. The reason for that was because this voice was simply too ear-piercing.

“Eliminated? Why would he be eliminated?”

Although the voice was very ear-piercing, the crowd was able to clearly hear that Ximen Feixue had been eliminated.

“Ximen Feixue disobeyed the rules. Before the competition began, he provoked and insulted another participant to force a fight. As such, I had to kick him out of the competition.”

A man’s voice sounded from within the fort. The voice was loud and resounding, so much so that it surpassed even the Ximen Imperial Clan Clan Chief’s voice. Although that voice was very loud, it was not ear-piercing at all.

“Amazing!” At this moment, the crowd were all startled. With merely that sentence, the crowd was able to tell that the man inside the fort possessed strength above the Ximen Imperial Clan’s Clan Chief.

“It is one thing to kick him out, but why did you injure my son?” The Ximen Imperial Clan’s Clan Chief asked.

“It is not I who injured your son. Instead, he provoked Chu Feng, only to end up being injured by him,” The man’s voice sounded from the fort again.

“What? It was Chu Feng?”

“In that case, Ximen Feixue was kicked out from the competition because he provoked Chu Feng?”

“Holy shit. It’s one thing to be kicked out of the competition by provoking Chu Feng. However, he actually got beaten to such a

state by Chu Feng too?”

The crowd were all able to clearly hear the words spoken by that man. At this moment, many people began to snicker.

This matter was truly humiliating.

“Chu Feng! It’s that Chu Feng again!” After hearing the name ‘Chu Feng’, the Ximen Imperial Clan’s Clan Chief was so angry that his veins were violently bulging. Boundless killing intent was surging in his eyes.

“Wuuaah.” Right at this moment, Ximen Feixue’s mouth was opened wide. Then, with a ‘puu,’ he sprayed out a mouthful of blood.

Due to being caught off guard, Ximen Feixue’s mouthful of blood sprayed directly onto the Ximen Imperial Clans’ Clan Chief’s face and body.

“Feixue, what happened?” Being sprayed with his son’s blood, the Ximen Imperial Clan’s Clan Chief was not only not angered, he instead revealed a very worried expression.

Although Ximen Feixue had been seriously injured, those were, after all, only physical, external injuries. However, after Ximen Feixue sprayed out that mouthful of blood, his entire aura became incomparably weak. This was an internal injury.

“Father, your son is incompetent. The Heavenly Immortal Sword has been snatched away by that Chu Feng.”

“Right now, the Heavenly Immortal Sword is no longer your son’s,” Ximen Feixue laughed bitterly. His gaze was filled with incomparable frustration and disappointment.

Not only had he been defeated, he had been utterly defeated. He had truly failed and wiped over the floor with his defeat.

“Am I mishearing things? Ximen Feixue’s Heavenly Immortal Sword has been snatched away by Chu Feng? Furthermore, Chu

Feng has severed his connection with the Heavenly Immortal Sword? Is that why Ximen Feixue vomited blood?”

“But, the battle between Ximen Feixue and Chu Feng should have just ended. That Heavenly Immortal Sword should have just been snatched away by Chu Feng.”

“Holy mother of god! Exactly what sort of demon-level character is that Chu Feng? How could he be this powerful to be able to sever the relationship between Ximen Feixue and the Heavenly Immortal Sword in such a short period of time? One must know that the Heavenly Immortal Sword is no ordinary Incomplete Imperial Armament!!!”

At this moment, the surrounding crowd had all perked up their ears. Thus, they were able to clearly hear each and every word that Ximen Feixue said.

After learning of what had happened, other than being amazed, they only felt more shock. They were all shocked by Chu Feng.

The gasps of shock from the surrounding crowd were like countless sharp blades when they entered the ears of the Ximen Imperial Clan’s Clan Chief. Those sharp blades were stabbing into his bones and making him feel utterly humiliated.

Suddenly, the Ximen Imperial Clan’s Clan Chief shouted, “Insolent!!!!”

Then, with an extremely angry gaze, he stared down at the fort below him, pointed at it and asked with incomparable rage, “You kicked my son out of the competition because he broke the rules. Yet, that Chu Feng also broke the rules. Why have you not kicked him out?”

“Why is it that you care about my son breaking the rules, and yet did nothing when my son was being injured by that Chu Feng?”

“When my son’s Heavenly Immortal Sword was snatched away by that Chu Feng, why did you do nothing about it?”

“What sort of host are you? Do you even have a trace of impartiality in you?”

His voice shook the heavens and echoed nonstop. The Ximen Imperial Clan’s Clan Chief was truly enraged. He was so utterly enraged that he had lost all ability to reason.

“Your son was the one who initiated the provocation. Thus, he invited the consequences upon himself,” These words sounded from the fort. However, merely those two sentences were enough to display that man’s attitude toward this matter.

“You’re fucking bullshitting me!!!”

Finally, the Ximen Imperial Clan’s Clan Chief exploded into a violent rage. Unable to contain himself anymore, he cursed out loud. Then, his body turned into a ray of light and, with his right fist clenched tightly, he shot his fist that contained the might of a rank three Martial Emperor toward the fort.

“Booom~~~”

His fist instantly brought about a loud explosion that echoed nonstop. Violent energy ripples sprung forth. Many of the surrounding crowd were knocked flying by the energy ripples like kites with broken strings.

However, even after such a fist strike, the fort was still completely undamaged. Instead, it was the Ximen Imperial Clan’s Clan Chief that was knocked several tens of thousand of meters away through the air like an arrow shot out from a bow.

At the moment when the Ximen Imperial Clan’s Clan Chief managed to steady himself, blood began to flow out from the corner of his mouth, and the fist that he had used to strike at the fort had also become badly mutilated. Even the bones of his fist had been shattered.

“Humph,” At this time, a snort sounded from the fort. It was filled with contempt.

However, even when facing that snort, the extremely enraged Ximen Imperial Clan's Clan Chief did not attack the fort again. Other than the corners of his mouth that started to twitch, he did nothing.

From merely that fist strike, he had realized the disparity between him and that man.

“Sssss~~~”

Seeing this scene, the crowd present were all unable to contain themselves from sucking in a mouthful of cold air.

They had thought that the master of the fort was an extraordinary existence. And now, it would appear that it was exactly as they had expected.

At the very least, the grand Ximen Imperial Clan's Clan Chief was unable to withstand a single blow from that man.

Deep underground outside of the fort, the Four Great Imperial Clan's Utmost Exalted Elders were also paying attention to what was happening aboveground. They sighed, “No matter what, that Ximen is a Clan Chief. Why would his temper be this bad? Look at the situation now, he has disgraced himself in public. Not only has he lost face for the Ximen Imperial Clan, he has humiliated all of our Four Great Imperial Clans.”

At this moment, the Dongfang, Beitang and Nangong Imperial Clan's three Utmost Exalted Elders were all shaking their heads. They felt that the Ximen Imperial Clan's Clan Chief had been too impulsive.

Only the Ximen Imperial Clan's Utmost Exalted Elder remained silent. However, at this moment, coldness filled his aged eyes.

“Chu Feng, this old man will definitely dismember your body into ten thousand pieces.”

Suddenly, the Ximen Imperial Clan's Utmost Exalted Elder said those words while gnashing his teeth in anger.

Chapter 1782 – Friend Appearing On Stage

“Calm your anger. It is to our benefit that Chu Feng has shown up. Rest assured, we will help you take the Heavenly Immortal Sword back. At that time, the Heavenly Immortal Sword will still be your Ximen Imperial Clan’s possession. As for that Chu Feng... he will undoubtedly be killed,” The other three Utmost Exalted Elders said with beaming smiles.

After knowing that Chu Feng had come, the ones who were most excited were them. They had set up an inescapable net just to capture Chu Feng. Since Chu Feng had shown up, it meant that Chu Feng would definitely not be able to escape.

“Gulp~~~”

Inside the fort, Chili Pepper, Big Radish and Little Radish all gulped down a mouthful of saliva.

While the people outside of the fort were unable to see the situation inside, they were able to see everything outside. Thus, they had also seen what had happened earlier.

The Ximen Imperial Clan’s Clan Chief had attacked the fort, only to be knocked flying by the fort. This was a truly stunning sight to behold.

However, what they saw was not only limited to the humiliation the Ximen Imperial Clan’s Clan Chief had suffered. In addition to that, they had also seen his overflowing killing intent.

Thus, they turned their gazes filled with worries to Chu Feng.

While he might be safe within the fort, if Chu Feng were to exit the fort, how would he be able to survive?

In fact, it was not only the three of them that were thinking like this; many other people were also thinking the same thing. However, Chu Feng had a very unconcerned expression. He was focused on the Heavenly Immortal Sword that he held in his hand.

While it was true that his Evil God Sword was more powerful than the Heavenly Immortal Sword, Chu Feng did not dare to use his Evil God Sword again.

As for this Heavenly Immortal Sword, although he was planning to sell it off, he did not mind using it before he sold it. After all, he also knew very well how powerful the Heavenly Immortal Sword was.

Although it was inferior to the Evil God Sword, it was superior to ordinary Incomplete Imperial Armaments.

“Boom~~~”

Suddenly, an aura surged forth, and the sky started to change as a ray of light flew out from the Heavenly Immortal Sword and entered Chu Feng’s body.

The very next moment, that Heavenly Immortal Sword that was violently trembling stopped its trembling. Its current appearance was much more obedient than the time it was in Ximen Feixue’s possession.

“Absolute Submission.”¹

“Chu Feng was capable of making even such a weapon enter Absolute Submission?”

“Making it enter Absolute Submission is not the most amazing feat. The most amazing feat was that he was able to make such a powerful Incomplete Imperial Armament enter Absolute Submission in such a short period of time.”

As they saw Chu Feng making the Heavenly Immortal Sword enter Absolute Submission before their very eyes, the dragons among men, the peak geniuses of the Holy Land of Martialism, were all stunned. Unable to help themselves, they sucked in a mouthful of cold air.

“How could this be?! That Chu Feng possesses such enormous talent?!” At this moment, envy and refusal to accept appeared

within Baili Xinghe's gaze that was filled with hostility toward Chu Feng.

He also wanted the Heavenly Immortal Sword. He felt that the Heavenly Immortal Sword was very well suited to him, and that it should be his.

Thus, when Chu Feng was trying to subdue the Heavenly Immortal Sword, he had hoped that Chu Feng would fail to do so. If that were the case, he would have the opportunity to make the Heavenly Immortal Sword his.

However, not only did Chu Feng not fail, he had instead made the Heavenly Immortal Sword enter Absolute Submission. This made him feel an enormous frustration and displeasure.

In fact, not to mention the others, a flash of surprise even appeared in the eyes of the mysterious man standing in the sky.

Merely, his surprise lasted but a moment. Not to mention the others, not even Chu Feng noticed it.

Suddenly, the mysterious man looked to Chu Feng's pagoda and said, "Chili Pepper, Big Radish, Little Radish, you all can come out."

Hearing those words, Chili Pepper, Big Radish and Little Radish were all startled. However, they did not hesitate and all walked out from within Chu Feng's pagoda.

"What? They're actually three Martial Kings? They are that Chili Pepper, Big Radish and Little Radish?" Upon seeing the three of them, the people in the crowd were all shocked. While the crowd had thought about a lot of possibilities for Chili Pepper, Big Radish and Little Radish's identities, it was clear that they were completely different from what the crowd had anticipated.

They... they were too freaking weak. How could they reach here with their level of cultivation? Furthermore, they got here before them?

“You three do not possess the level of cultivation to participate in the competition tomorrow. If you three wish to withdraw from the competition, you can do so now,” The mysterious man said.

“We’ll withdraw,” Big Radish and Little Radish said in unison.

“I’ll also withdraw,” Chili Pepper hesitated momentarily, then also declared that she would withdraw.

“Mn, the three of you know your own standings,” The mysterious man nodded.

“Merely, senior, may we stay here and watch the competition of the various experts?” Chili Pepper asked.

At the same time, Big Radish and Little Radish were also looking at that mysterious man with longing gazes.

“Heh...” The mysterious man laughed lightly. Then he said, “You three were brought in here by Chu Feng. Unless you’ve broken the rules, only he will be able to decide whether you three can stay or not.”

“So they were actually brought in here by Chu Feng?” Hearing those words, the crowd involuntarily turned their gazes onto Chu Feng. Their gazes were filled with admiration.

They had all come here after passing through the various trials and hurdles. Thus, they knew how difficult it was. Especially that final hurdle; the more people there were, the more difficult it would become.

Chu Feng had actually been able to bring three Martial Kings in with him. Furthermore, he had been the second fastest to reach this place. How enormous was the strength that he possessed?

At this moment, even Leng Yue, the first to arrive in this place, revealed a complicated gaze.

However, they didn’t know that not only had Chu Feng brought Chili Pepper, Big Radish and Little Radish in with him, he had also

brought Yan Xie with him. He had come here while bringing four people with him.

“I hope you all will be able to remember the words I said before. The competition will officially begin tomorrow. For now, you all should properly rest yourselves,” After he finished saying those words, the mysterious man disappeared into thin air.

However, at this moment, the crowd did not return to their respective pagodas. Instead, their gazes were focused on Chu Feng the entire time. Chu Feng had allowed them to see a great show today. It would not be excessive to say that Chu Feng had broadened their horizons.

In fact, for some people, they had begun to feel that they were inferior to Chu Feng before even fighting him.

This was especially true for that pair of Heavenly Law Palace’s brothers that still stood before Chu Feng. They were rejoicing in the fact that they had not actually fought against Chu Feng.

The two of them had seen Chu Feng subduing the Heavenly Immortal Sword at a very close distance. Thus, they knew deeply in their hearts that they were inferior to Chu Feng.

He was a demon-level character. Although all of them were called demon-level characters, they felt that Chu Feng was someone that was actually qualified to be known as a demon-level character.

While the crowd’s gazes were all focused on Chu Feng, Chu Feng’s gaze was focused on the Heavenly Immortal Sword.

Carved on the Heavenly Immortal Sword was the Heavenly Immortal Sword Technique. Compared to the Heavenly Immortal Sword, the Heavenly Immortal Sword Technique was the actual thing of value.

However, the Heavenly Immortal Sword Technique was something that only the master of the Heavenly Immortal Sword could see. Now that the Heavenly Immortal Sword was in Chu

Feng's possession, he would naturally be able to see the Heavenly Immortal Sword Technique. As he saw the superb sword technique, even Chu Feng was unable to contain himself from exclaiming in admiration, "What a good sword technique!"

"The Heavenly Immortal Sword Technique is naturally a good sword technique. Junior brother Chu Feng, congratulations."

Suddenly, a voice sounded from the forest in the distance

"Junior brother?" Hearing those two words, Chu Feng was startled. The reason for that was because that person had addressed him as 'junior brother.' Furthermore, that voice was so familiar.

Thus, Chu Feng hurriedly shifted his gaze toward the direction where the voice sounded from.

It was only then that he discovered that a man was currently walking over from the direction of the forest with a beaming smile on his face.

That man was very powerful. Not only did he possess a heaven-defying battle power capable of surmounting three levels of cultivation, his cultivation was also that of a rank eight Half Martial Emperor.

To Chu Feng's great surprise, not only was this man someone that he knew, he was someone that he knew very well.

This man was his senior brother from the Azure Dragon School, his good brother of many years, Zhang Tianyi.

Zhang Tianyi had arrived in the Holy Land of Martialism together with Zi Ling, Su Rou and the others. However, Chu Feng had not managed to see Zhang Tianyi the entire time. He had truly never expected to see Zhang Tianyi here today. Furthermore, Zhang Tianyi's strength had become this powerful, to the points where he was much more powerful than Zi Ling and the others.

"Zhang...." Overcome with joy, Chu Feng wanted to call out his

senior brother Zhang. However, right when the words reached his mouth, he swallowed them.

Not only was Zhang Tianyi's cultivation so unreasonably powerful, his outfit was also somewhat special. He was wearing a cyan-green light armor. His armor was evidently special. Furthermore, a large character was written on the armor. It was the character 'Gong.'

[Previous Chapter](#) [Next Chapter](#)

How could Chu Feng still sell it if it entered Absolute Submission? ↩

Chapter 1783 – Senior Brother's Origin

“Gong!”

“Emperor Gong’s successor!!!”

“Could it be that senior brother Zhang is that Emperor Gong’s successor?!!!” Upon thinking of this possibility, Chu Feng was enormously shocked.

“Emperor Gong’s successor? That person is Emperor Gong’s successor? But, that Emperor Gong’s successor addressed Chu Feng as junior brother earlier. Could it be that they are related?”

At this moment, the crowd’s gazes were all focused on Zhang Tianyi. They had not only discovered Zhang Tianyi’s identity, they were also unable to forget the fact that this Emperor Gong’s successor had addressed Chu Feng as ‘junior brother’ in a very intimate manner.

“Everyone, I am the eighth generation successor of Emperor Gong, Zhang Tianyi.”

“Tomorrow, the person competing with all of you will be me. Although we will be fighting one another with weapons tomorrow, I am still very happy to be able to befriend everyone here,” Zhang Tianyi arrived at the stage and then clasped his fist to the crowd.

At this moment, the everyone present was welcoming him with smiles on their faces and returning his greeting. Even the proud and arrogant Baili Xinghe did not dare to act disrespectfully toward Zhang Tianyi. After all, Zhang Tianyi was the successor of Emperor Gong.

“Humph.”

However, after seeing Zhang Tianyi, that Leng Yue snorted coldly. Then, with a mocking smile on her face, she turned around and entered her pagoda.

While the others might not have noticed this scene, Chu Feng noticed it immediately.

Furthermore, Chu Feng noticed that when Leng Yue snorted coldly, a trace of discomfort flashed across Zhang Tianyi's face. A special sort of feeling flashed through his eyes.

After Zhang Tianyi finished greeting the crowd, he walked over to Chu Feng and, with a smile on his face, patted Chu Feng's shoulder, "Junior brother Chu Feng, I finally get to see you again. I trust that you have been well since we last met."

"Senior brother Zhang, you have truly given me a pleasant surprise," Chu Feng laughed heartedly. Then, he hugged Zhang Tianyi.

The two brothers embraced one another without saying anything. Their affection for one another was endless.

"Come, let's talk inside," Chu Feng invited Zhang Tianyi to his pagoda.

"They're really fellow martial brothers. I've heard that Chu Feng's origin was extraordinary. To see it for myself today, it seems that that is really the case."

"Sigh, it is no wonder that senior discriminated in favor of Chu Feng. With this relationship, it would be strange if he didn't."

Seeing that Chu Feng and Zhang Tianyi had entered Chu Feng's pagoda together, the crowd revealed even more shock. At the same time, they suddenly felt sympathy for Ximen Feixue.

Chu Feng possessed this sort of relationship with Zhang Tianyi. Yet, Ximen Feixue had actually provoked him publicly like that. He had simply been courting disaster.

At this moment, Chu Feng had entered his pagoda with Zhang Tianyi. Chili Pepper and the others, being discreet, had walked out of Chu Feng's pagoda to allow the two of them space to talk with one another privately.

“Junior brother Chu Feng, you have truly shocked me. Although I knew that your talent was exceptional, I never expected you to progress this quickly.”

After entering the pagoda, Zhang Tianyi began to inspect Chu Feng from head to toe, and then from toe to head. Seeing such a robust and strong Chu Feng, Zhang Tianyi revealed a joyous expression.

“Senior brother Zhang, you are the one that has truly shocked me instead. Rank eight Half Martial Emperor, your cultivation greatly surpasses mine.”

Chu Feng was also extremely happy. He did not feel the slightest bit of jealousy from Zhang Tianyi having a stronger cultivation than him. All he felt was happiness. As brothers, he only wished for Zhang Tianyi to become stronger and stronger.

Zhang Tianyi sighed. “Don’t mention it. I know best how my cultivation came to be. It is simply incomparable to yours,” Zhang Tianyi smiled bitterly.

“Senior brother Zhang, how did you become Emperor Gong’s successor? Didn’t you become the disciple of that blind old man? Exactly how did you obtain this great opportunity? Quickly, tell me about it,” Chu Feng was impatient to know about what Zhang Tianyi had experienced.

Speaking of it, Chu Feng could be considered to be Emperor Qing’s successor. However, at the very most, he could only be considered to be half a successor. That said, this was already an enormous opportunity for Chu Feng.

Yet, Zhang Tianyi was actually the true successor of Emperor Gong. The opportunity he had received was even greater than the one Chu Feng had received.

It could be seen from how Zhang Tianyi was able to obtain his current cultivation.

“This is a long story. It’s better that I try to make this long story short.”

“Back then, it was only because of you that we were able to become master’s disciples. After being cared for by master, we arrived at the Holy Land of Martialism, and our cultivations had also increased greatly.”

“Afterward, master sent little brother Wushang and me to the Overlord Domain, and he told the two of us to train by ourselves. However, master also made a request of us. That is, he didn’t want us to go and find you on our own.”

“Although our cultivations were both strengthened with master’s help, we were still extremely weak and small in a place like the Overlord Domain.”

“In this period of time, little brother Wushang and I suffered quite some hardships too. Our greatest humiliation was at the hands of that devil woman Leng Yue,” Zhang Tianyi said.

“Leng Yue?” Hearing those words, Chu Feng was startled. It was no wonder why that Leng Yue had looked at Zhang Tianyi with such contempt, and why Zhang Tianyi’s mood was that complicated. It turned out that the two of them had known one another to begin with.

“Senior brother Zhang, exactly what happened?” Chu Feng hurriedly asked.

“That day, Leng Yue was fighting against a hidden expert’s disciple. Little brother Wushang and I heard the news and decided to go over there to broaden our horizons and see exactly how exceptional the number one disciple of the Heavenly Law Palace was.”

“However, when we saw that the legendary number one disciple of the Heavenly Law Palace actually had such an ordinary appearance, little brother Wushang muttered to me about it.”

“To our surprise, that Leng Yue’s ears were extremely sharp. She heard the words that little brother Wushang had said to me, and then dug out our eyes publicly. Then, she threw the two of us into a cesspool.”

When mentioning this matter, Zhang Tianyi began to tightly clench his fists. He was clenching them so tightly that creaking noises could be heard.

Chu Feng knew Zhang Tianyi very well. With Zhang Tianyi’s nature, he would naturally not be able to endure this sort of humiliation.

In fact, after knowing that Leng Yue had actually done such a wicked thing to his brother, Chu Feng was also surging with anger. He now hated that Leng Yue to his bones.

Although Chu Feng was filled with anger, he did not interrupt Zhang Tianyi, and let him finish his story.

“Not only did that Leng Yue throw the two of us into a cesspool, she also bound us with her martial power. She wanted the two of us to drown to death in that cesspool.”

“Fortunately, my father stepped forth and helped us. Else, we would’ve definitely died,” Zhang Tianyi said.

“Father?” Hearing the word ‘father,’ Chu Feng became shocked. He remembered clearly that Zhang Tianyi was an orphan.

“My father is Emperor Gong’s seventh generation successor. You saw him earlier,” Zhang Tianyi said with a beaming smile.

“Ah? It’s that senior?” Chu Feng was extremely shocked upon hearing those words. What sort of situation was this? It was not that Zhang Tianyi had encountered an enormous opportunity. Rather, that he had been Emperor Gong’s successor to begin with?

“Actually, I was also shocked the first time I saw my father. I truly never expected to be able to see my father in my lifetime. Furthermore, my father was actually that powerful.”

“Truth be told, I was also very shocked after finding out what had happened back then. I had thought that I was an orphan. However, to my surprise, I had actually carried an extremely important mission.”

Zhang Tianyi gasped. As he spoke, his gaze began to flicker. It was as if the scene of him encountering his father for the first time was still vivid in his eyes.

“Senior brother Zhang, exactly what is going on?” Chu Feng asked curiously.

Chapter 1784 – Immortal Fire Tri-layer Transformation

“Speaking of this matter, it is also a long story. It’s better that I make that story short too. Back then, my father didn’t possess the strength he does now. Yet, together with my mother, they created me.”

“During the time when I was one year old, my father’s enemies found him. My father decided to take on his enemies himself, and he had my mother and my clansmen take me away.”

“However, it turns out that my father’s enemy also brought helpers that intercepted my mother and clansmen.”

“At the moment of crisis, my mother used her life as the price to have my clansmen take me away.”

“My mother died because of that. As for me, I do not know how, but I ended up in the Eastern Sea Region, and in the Nine Provinces Continent on top of that. Afterward, I became an orphan.”

“As for my father, although he managed to survive, when he saw my mother’s corpse and the corpses of my clansmen, he was filled with grief and heartbreak.”

“Due to the fact that not only were my mother and clansmen killed, I was also nowhere to be found. My father thought that we had all died,” Zhang Tianyi said.

“While the pain of having one’s clan wiped out is indeed very heavy, you aren’t dead. You were merely lost. That doesn’t mean that you were definitely dead. Why did your father come to the conclusion that you were dead, and not try to find you?” Chu Feng asked.

“This cannot be blamed on my father. My father had left a tracking imprint on me. As long as I was alive, he would be able to

find me anywhere. However, at that time, he had been unable to find me. This left only one possibility in his mind. That was, that I was dead,” Zhang Tianyi said.

“But you weren’t dead. Instead, you ended up in the Eastern Sea Region,” Chu Feng said.

“That’s right. I wasn’t dead. I merely ended up in the Eastern Sea Region. It might be because the distance was too far, or due to some sort of isolation power, but even though I had a tracking imprint on me, my father was unable to sense me. However, my father was able to sense me as long as I returned to the Holy Land of Martialism.”

“Thus, when master and I returned to the Holy Land of Martialism, my father was surprised to discover that I was still alive. Thus, he left to find me right away.”

“He had been protecting me from the shadows the entire time. It was only when little brother Wushang and I nearly died at the hands of that devil woman Leng Yue that my father acted to save us. Afterward, he told me about my origins,” Zhang Tianyi explained.

“Never would I have expected that senior brother Zhang actually possessed such a tragic origin,” Hearing what Zhang Tianyi said, Chu Feng’s heart tightened. Although it involved different reasons, Zhang Tianyi’s origins were somewhat similar to his own.

Merely, Zhang Tianyi had managed to reunite with his father. While he... was still unable to see his father.

Suddenly, Chu Feng asked, “Is the enemy who exterminated your clan still present?” The hatred of his mother being killed, his clansmen being killed and the separation from his father for many years, it was all because of that enemy from back then.

A hatred this enormous could not go unavenged. If those people that caused this were still alive, without even Zhang Tianyi saying

anything, Chu Feng would definitely help him obtain revenge.

“Dead. With the exception of one person, they’ve all been killed by my father,” Zhang Tianyi said.

“One person? Who is that?” Chu Feng asked.

“My father also does not know who exactly that person is. However, he was the main culprit behind our Zhang Family’s calamity.”

“Our Zhang Family has been hidden from the public for years. Ordinary people were simply unable to find out where we lived. It was that man that guided my father’s enemy to find our Zhang Family.”

“Merely, after that day, he has disappeared completely. No matter how hard my father tried, he was unable to find him.”

“However, my father said that someone like him would not die that easily. He must still be alive somewhere in the Holy Land of Martialism.”

“Unfortunately, other than the fact that he possessed a snake-like mark on his forehead, we do not know anything about him,” Zhang Tianyi said.

“Damn it! If that man is alive, I will definitely not forgive him,” Chu Feng said.

“If I am to find him, I will definitely not let him off that easily,” When mentioning that man, Zhang Tianyi’s hatred was overflowing.

“Senior brother Zhang, you said that little brother Wushang had also been saved by your father. In that case, is he here too?” Chu Feng asked.

“No. Little brother Wushang possessed an Imperial Bloodline. My father is unable to help him with his martial cultivation. Thus, he sent little brother Wushang to one of his old friend’s hidden

places so that little brother Wushang could progress there.”

“If you wish to find him, I am able to tell you where he is,” Zhang Tianyi handed Chu Feng a map.

After receiving the map from Zhang Tianyi, Chu Feng discovered that the hidden location that little brother Wushang was training in was truly well-hidden. However, if the opportunity presented itself, he would definitely go over there to pay a visit to Jiang Wushang.

After all, the three of them were brothers, and they had known each other since their time at the Nine Provinces Continent. Over the years, their affection for one another had grown very deep. For them to reunite with one another in the Holy Land of Martialism was not easy.

Chu Feng carefully put away the map that Zhang Tianyi had handed him.

Then, he said, “Senior brother Zhang, your father is Emperor Gong’s successor. Did he obtain Emperor Gong’s teachings, or was he a descendant of Emperor Gong to begin with?”

“Emperor Gong is our clan’s ancestor. The people of our clan are all descendants of Emperor Gong. The title of Emperor Gong’s successor has been passed on from generation to generation,” Zhang Tianyi said.

“Senior brother Zhang, since the title of Emperor Gong’s successor is passed on from generation to generation, why is his name Emperor Gong and not Emperor Zhang?” Chu Feng asked curiously.

“My ancestor’s name was originally Zhang Xianfeng. However, for the sake of protecting the safety of his descendants, he changed his name to Gong Wuming,” Zhang Tianyi said. ¹

“The surname ‘Zhang’ would be Gong without Chang. So that’s the case. I understand now,” Chu Feng came to a sudden

realization. Even though Emperor Gong had concealed his true name, he had left behind a trace of a hint.²

“No matter what, it is still a thing worthy of celebration for senior brother Zhang to be able to meet your relative,” Chu Feng congratulated.

He was feeling joy for Zhang Tianyi from the bottom of his heart. As a person with a similar experience, Chu Feng knew the loneliness Zhang Tianyi had suffered the most. He knew the desire of wanting to meet one’s relatives the most.

At this moment, Zhang Tianyi also smiled. It could be seen that even though his clansmen were all dead and his mother was also dead, he was extremely content to be able to reunite with his father.

“Senior brother Zhang, you have invited all these people here and then announced your name, are you planning to announce Emperor Gong’s true surname to the world?” Chu Feng asked.

“Gong Wuming is not my ancestor’s true name to begin with. He only addressed himself as Gong Wuming because he feared his family being implicated by him.”

“As for now, only my father and I remain from our Zhang Family. My father felt that it was time for the world to know the true identity of my ancestor,” Zhang Tianyi said.

“Indeed,” Chu Feng nodded in agreement.

“That said, it was actually not my intention to hold the Strongest Younger Generation Battle Assembly. Instead, it is a trial my father has set for me,” Zhang Tianyi said.

“Trial?” Chu Feng’s gaze shone.

“Mn. Do you still remember that I trained in a Forbidden Mysterious Technique?” Zhang Tianyi asked.

“Of course. Senior brother Zhang’s Forbidden Mysterious

Technique is not at all weaker than Divine Bodies,” Chu Feng said.

“Indeed. That Forbidden Mysterious Technique of mine possesses a great origin,” When mentioning this matter, Zhang Tianyi was very proud. He said, “I had thought since long ago that the Forbidden Mysterious Technique I trained in possessed even more powerful strength. Merely, I was only unable to grasp or comprehend it.”

“In fact, the Forbidden Mysterious Technique I trained in is the one that has been passed on from generation to generation in our Zhang Family. It is fundamental to how we became powerful. It is also fundamental to how my ancestor’s name spread through the Holy Land of Martialism, and how became his era’s overlord.”

“The true name of that Forbidden Mysterious Technique is Immortal Fire Tri-layer Transformation,” Zhang Tianyi said.

“Immortal Fire Tri-layer Transformation?” Upon hearing that name, Chu Feng realized that that Forbidden Mysterious Technique was not simple.

Chapter 1785 – For One’s Brother, Resolve

“That’s right. I am currently only at the Immortal Fire First Layer Transformation. However, my cultivation has already increased this enormously to my current level.”

“As for my father, he has reached the Immortal Fire Second Layer Transformation. Although he cannot be said to be unparalleled in the Holy Land of Martialism, he is still a rare expert.

“As for my ancestor, the Emperor Gong of yore, he had mastered the Immortal Fire Tri-layer Transformation. Having mastered the Tri-layer Transformation, even the Ancient Era’s Elves from that time feared him enormously. During his era, he was truly unparalleled.”

“My father has said that as long as I am able to obtain the title of the Strongest of the Younger Generation, he will help me open up the Second Layer Transformation. As long as I am able to successfully open the Second Layer Transformation, while I will not dare to guarantee other things, I am certain that I will be able to reach the Martial Emperor realm,” After saying these words, Zhang Tianyi showed a face filled with anticipation.

“To reach the Martial Emperor realm directly? What a profound mysterious technique,” Hearing those words, Chu Feng started to admire Zhang Tianyi’s mysterious technique. With the opening of each layer, his cultivation would increase dramatically. This was truly miraculous.

“Actually, the mysterious technique is not that profound. The one that’s powerful is my ancestor,” Zhang Tianyi said.

“Oh? What do you mean by that?” Chu Feng asked.

“Each layer of the Immortal Fire Tri-layer Transformation is more difficult than the previous one. To train in it can be said to be

as difficult as scaling the heavens. Back then, my ancestor possessed exceptional talent and managed to steadily conquer the Immortal Fire Tri-layer Transformation to become an overlord.”

“As for us, his descendants, we merely managed to obtain grace from our ancestor,” Zhang Tianyi said.

“Grace from your ancestor? Could it be that your ancestor did something?” Chu Feng asked.

“That’s right. At the same time that my ancestor mastered the Immortal Fire Tri-layer Transformation, he also realized how difficult the Immortal Fire Tri-layer Transformation was. In order to help his descendants master the Immortal Fire Tri-layer Transformation successfully, he used a special method to pass on his strength.”

“When his strength is combined with the Immortal Fire Tri-layer Transformation, his descendants will be able to reach a breakthrough rapidly. Compared to having his descendants train in the Immortal Fire Tri-layer Transformation themselves, this method is much easier,” Zhang Tianyi said.

“So that’s the case. Your ancestor was truly a thoughtful person,” Chu Feng said.

“That’s right. With my ancestor’s ability, he should have been able to live for over ten thousand years or even longer. However, in order to preserve his power for the benefit of his descendants, my ancestor died before he reached five thousand years old,” Zhang Tianyi said.

Hearing those words, Chu Feng was surprised. Evidently, Emperor Gong had sacrificed himself for his descendants. That sort of spirit was truly rare to come by.

“Not only that, my ancestor also left behind instructions. For the sake of allowing our clan to continue on, all those who are able to master the Tri-layer Transformation are to use the same method to

preserve their power to benefit their descendants during their peak,” Zhang Tianyi said.

“This...” Chu Feng was at a loss of words. While Emperor Gong’s spirit was worthy of admiration, his request truly made things difficult for his descendants.

No matter what one decided to do oneself, it would be fine. However, to force others to do the same would always be wrong.

Furthermore, those who managed to master the Tri-layer Transformation were all qualified to become overlords. Who would be willing to sacrifice themselves at their pinnacle for the benefit of others?

Unable to contain himself, Chu Feng asked, “In that case, has there been anyone who has managed to master the Immortal Fire Tri-layer Transformation?”

“While my ancestor left behind the method, only the ones with the strongest talent in our clan are qualified to receive his power. That is why there’s me, an eighth generation successor.”

“However, the Immortal Fire Tri-layer Transformation is simply too difficult. Even though my ancestor sacrificed himself, the majority of his descendants were only able to reach the Immortal Fire Second Layer Transformation.”

“From the day of my ancestor’s death till now, we have had a total of eight generations of successors. Among them, only one senior was able to master the Immortal Fire Tri-layer Transformation.”

“Unfortunately, that senior had been born at the wrong time. Although he had mastered the Immortal Fire Tri-layer Transformation and obtained the same might as my ancestor, he was coincidentally born into the same era as Emperor Qing.”

“Emperor Qing?” Hearing those words, Chu Feng’s expression changed.

“That’s right, it was that Emperor Qing, the same Emperor Qing that was deemed to be the strongest of the Five Emperors. Before him, no one would dare to declare themselves to be Emperors.” When mentioning this matter, Zhang Tianyi had an expression of regret on his face.

As for Chu Feng, his heart was also moved. He was able to guess who the senior that Zhang Tianyi mentioned was. Likely, he was the same person who had left his strand of aura behind in the Sealing Ancient Village.

“The might of Emperor Qing is merely a rumor. Why are you so certain that that senior from your clan was inferior to Emperor Qing?” Chu Feng asked.

“The two of them fought each other privately before. Although that battle was very hidden and, no one else other than my clan’s senior and Emperor Qing knew about it, you should know how the battle concluded even without me saying it,” Zhang Tianyi said.

“I understand now,” Chu Feng really understood. Evidently, the battle had concluded with Emperor Qing’s victory. Else, that era’s overlord would not have been Emperor Qing. Instead, it would have been that senior Zhang Tianyi had spoken of.

“After that senior was defeated by Emperor Qing, he bitterly trained for some time in order to try to defeat Emperor Qing again. Unfortunately, Emperor Qing became stronger and stronger. He reached a state where he could not be contended against.”

“Unable to see a hope of defeating Emperor Qing anymore, that senior followed my ancestor’s instructions and sacrificed himself to pass on his strength. Unfortunately... the later generations all failed to master the Immortal Fire Tri-layer Transformation,” Zhang Tianyi said.

Hearing those words, Chu Feng also felt regret for the Zhang Family. However, more than that, he pondered exactly how powerful Emperor Qing was back then.

He was actually able to make someone who had mastered the Immortal Fire Tri-layer Transformation give up all hope?

“Senior brother Zhang, in that case, you must absolutely win the competition tomorrow?” Chu Feng asked.

“That’s right. However, this is not my father deliberately making things difficult for me. Rather, it is the rule left behind by my ancestor. According to my ancestor’s rule, only those younger than a hundred, and those who are the strongest of their younger generation in our clan can use his power to open the Immortal Fire Second Layer Transformation.”

“Else... they must use their own strength to defeat all of their fellow members of the younger generation from the Holy Land of Martialism,” After Zhang Tianyi said those words, he looked to Chu Feng and said, “Junior brother Chu Feng, when we were planning to leave for the Eastern Sea Region, we fought one another in the Azure Dragon School.”

“I was defeated by you in that match. After that, the distance between us grew further and further. I had thought that I would not have the opportunity to fight against you again.”

“However, to my surprise, my ancestor has given me the opportunity to fight you again. Truth be told, what I look forward to the most is being able to fight against you again. Regardless of victory or defeat, it is still what I wish for.”

“I’m also looking forward to it,” Chu Feng said with a smile.

“Oh, that’s right. Junior brother Chu Feng, we will get to choose our opponents in the battles tomorrow. You must not select that devil woman Leng Yue as your opponent. You must definitely leave her for me.”

“Although I cannot kill her, I must make her have a taste of her own medicine, make her suffer the same humiliation that she made little brother Wushang and me suffer.”

After finishing saying those words, Zhang Tianyi's gaze turned complicated. It was as if the scene of the humiliation was right before his eyes.

“What percentage of certainty do you have in defeating that Leng Yue?” Chu Feng asked.

“Truth be told, I only have a fifty percent certainty,” Zhang Tianyi said with a bitter smile. “While our cultivation and battle power might be the same, her techniques might not necessarily be inferior to my own. I can only say that I have a fifty percent chance of victory. However, even with that being the case, I must still defeat her.”

“You will,” Chu Feng patted Zhang Tianyi's shoulder with a smile.

While Chu Feng said those words with his mouth, he was thinking in his heart, ‘Senior brother Zhang, it is very likely that Leng Yue does not possess a heaven-defying battle power capable of surmounting three levels of cultivation, but instead one that is capable of surmounting four levels of cultivation.’

“Junior brother Chu Feng, the competition will begin tomorrow. We brothers can continue to chat with one another slowly. For today, it is better that we properly rest ourselves.”

“Oh, that's right. You must not go easy on me tomorrow,” Zhang Tianyi said.

“Definitely,” Chu Feng nodded.

After Zhang Tianyi left, Chu Feng had an expression of worry on his face. He was at a loss as to what to do. He had not expect that the competition tomorrow would be this important to Zhang Tianyi.

After a while, Chu Feng smiled a relieved smile. It was as if he had come to a decision.

“Hey, fool, what are you thinking about?” Right at this moment,

a pleasant-sounding voice suddenly sounded in Chu Feng's ears.

Hearing this voice, Chu Feng was overjoyed. "Eggy, you've woken up?!!!"

"Rubbish, if I'm not awake, who's talking to you?" Eggy said with a mischievous laugh.

Hearing this familiar teasing, Chu Feng was even more overjoyed. With a thought, he cast his consciousness into his world spirit space.

Sure enough, the beautiful woman was standing there with an attractive posture and a smile on her face as she looked at him.

Chapter 1786 – Don't Make Things Difficult For Me

“Milady Queen, I’ve missed you to death.”

Seeing that Eggy had woken up, Chu Feng was unable to contain his excitement. Like an eagle trying to capture a little chick, he pounced at Eggy.

If he were to successfully reach Eggy, that little beauty would definitely be embraced by Chu Feng.

“Woosh~~~”

However, when she saw the incoming Chu Feng, Eggy’s body shifted. As her skirt fluttered, a gentle breeze swirled. Then, a fragrant aroma assailed Chu Feng’s nostrils and left him feeling very relaxed.

However, by the time Chu Feng landed on the ground, Eggy was already no longer standing where she was.

“Little boy, you’re trying to take advantage of this Queen again? This Queen is an extremely noble person, how could I allow you to sully me repeatedly?” Eggy’s laughing voice sounded from behind Chu Feng.

Turning his head over, Chu Feng discovered that Eggy was looking at him with a mischievous smile on her face. Even though she was smiling mischievously, due to the fact that she possessed an extremely beautiful face and innocent airs, no matter how Chu Feng looked at her, she appeared to be extremely adorable.

“Eggy, your cultivation...”

“Rank three Half Martial Emperor. You’ve actually broken through directly to rank three Half Martial Emperor?” After sensing Eggy’s current aura, Chu Feng was overjoyed.

Even though he knew that the Golden Leaf World Spirit Flowers

might help Eggy increase her cultivation, he had not expected that her cultivation would increase this much.

After all, Eggy's method to increase her cultivation was similar to the way Chu Feng increased his cultivation. While she could increase her cultivation by absorbing source energy, the amount needed was incomparable to ordinary world spirits.

It was beyond Chu Feng's expectations for the Golden Leaf World Spirit Flowers to bring about such a great benefit to Eggy.

"That's true. For this Queen to possess her current cultivation, it's all thanks to the Golden Leaf World Spirit Flowers you got for me."

"This Queen has always been one to repay favors shown to her. In order to express my thanks to you, here, I'll bestow you with a hug." As Eggy spoke, she began to gracefully walk toward Chu Feng while smiling sweetly. When she was about to reach Chu Feng, she suddenly leaped. Like an elf, she jumped into Chu Feng's bosom.

As he felt that soft body reaching his bosom, Chu Feng's heartbeat actually started to accelerate. Chu Feng, a person who would remain calm even before Mount Tai, was actually nervous from Eggy throwing herself into his arms.

Chu Feng could be considered to be someone who had embraced quite a few women. Yet, when embracing Eggy, he felt the most wonderful.

When such a beauty had entered his bosom, how could Chu Feng possibly let her get away? He extended his arms and planned to tightly hug Eggy.

However, before he could even hug her, Eggy's delicate body suddenly moved backwards; she had once again separated herself from Chu Feng's bosom. The only thing that remained was her alluring fragrant aroma.

Eggy hid to the side and extended her little tongue, “I gave you the opportunity, but you were unable to seize it.”

“Tsk,” Chu Feng curled his lips. Even though he was feeling a bit unreconciled, there was nothing he could do.

Her Lady Queen’s battle power was at least capable of surmounting six levels of cultivation. Furthermore, Chu Feng didn’t even know her overall battle power. Likewise, he also did not know her abilities.

Thus, although Eggy was only a rank three Half Martial Emperor, it was not certain that Chu Feng would be able to defeat her. Thus, even though she was toying with him, there was nothing that Chu Feng could do about it.

“It’s fine for me to not hug you. However, the next time we encounter danger, you must not make the selfish decision to sacrifice yourself,” Chu Feng said in a very serious manner.

“Since when have I sacrificed myself? I merely slept for a while. I know everything that you’ve encountered during the time I was asleep,” Eggy said in a witty manner.

“In that case, do you know how worried I was?” Chu Feng asked.

“Of course I do. I’m no fool,” Eggy’s beautiful eyes narrowed as she revealed a brilliant smile. Her appearance was so sweet that she could melt one’s heart.

“Oh you,” Faced with Eggy’s ability to act cute, Chu Feng gave up his resistance. He no longer had the heart to continue finding fault in her.

“Brother Chu Feng!!!” Right at this moment, Yan Xie walked in with a nervous expression on his face.

“Someone’s looking for you. Quickly, go back out,” Eggy waved her hand.

Seeing Eggy acting like this, Chu Feng was truly reluctant to part

with her. However, as proper business was more important, Chu Feng ended up casting his consciousness back into his body.

It was only then that Chu Feng discovered that not only had Yan Xie walked in, he was also holding a special letter in his hand.

That letter was flickering with light and lingering with runes. Furthermore, it contained world spirit power. It was a world spirit letter. Without the ability of a Snake Mark Royal-cloak World Spiritist, it was impossible for someone to open that letter.

“Who sent that letter?” Chu Feng asked.

“Leng Yue,” Yan Xie said.

“Oh? That Leng Yue is actually a Snake Mark Royal-cloak World Spiritist?” Chu Feng was startled. He had originally thought that the only Snake Mark Royal-cloak World Spiritists present here were him and Baili Xinghe. To his surprise, this Leng Yue was also a snake Mark Royal-cloak World Spiritist..

Not only does that woman possess heaven-defying battle power and overwhelming strength, her world spirit techniques are also this powerful. Even Chu Feng did not dare to look down on her.

However, not daring to look down on her did not mean that Chu Feng was afraid of her. At the very least, opening that letter was a simple task for Chu Feng.

Chu Feng unleashed his technique, and golden light began to shine. He managed to easily undo the seal on the letter. After the seal was undone, the letter turned into a strand of golden light that began to spin before Chu Feng.

Chu Feng understood what this meant. While the letter possessed contents, there was no substance. If he wished to know the contents of the letter, he would have to absorb that golden strand of light into his mind.

To do this would require very powerful control. It would be impossible to accomplish unless one was a Snake Mark Royal-cloak

World Spiritist.

“Buzz~~~”

Chu Feng’s eyes flashed. Then, that floating strand of golden light, as if it had been controlled by Chu Feng, shot toward Chu Feng’s forehead and was assimilated into Chu Feng’s mind.

The very next moment, words began to appear in Chu Feng’s mind.

‘I am not interested in the other people in this Strongest Younger Generation Battle Assembly. I only wish to fight against you, Chu Feng.’

‘Tonight, come to this location and fight me. As long as you come, regardless of whether you win or lose, I will still bestow you with rewards!!!’

“What an arrogant Leng Yue,” Chu Feng sighed lightly, This Leng Yue was actually using rewards to coerce Chu Feng to battle her.

However, she used the word ‘bestow’ to describe the rewards she would give him. From this, it could be seen that although she wished to fight Chu Feng, she actually looked down on him.

“Chu Feng, what’s going on?” Yan Xie asked.

“Leng Yue has challenged me to a fight against her tonight,” Chu Feng said.

“What? Wouldn’t this be going against the rules? If that man were to find out, both you and her would be disqualified from the competition,” Yan Xie was shocked at first. Then, he asked Chu Feng, “Are you going?”

“Of course,” Chu Feng said.

“Ah?” Yan Xie was even more shocked. He advised, “Chu Feng, you absolutely cannot go. If you wish to fight her, you can do so tomorrow. Why take this risk?”

“Brother Yan Xie, I possess my own reasons to fight Leng Yue.”

“Even if she hadn’t come to find me, I would’ve gone to find her tonight too. Since she has actually come to find me, it just so happens to be exactly what I wanted,” Chu Feng said with a light smile.

“It would seem that I am unable to advise you against it,” Yan Xie said.

Chu Feng smiled. Even though he did not say anything, he had declared his standing.

“In that case, the only thing I can tell you is to be careful,” Yan Xie said.

“My thanks,” Chu Feng was able to tell that Yan Xie was really worried about him. Although they hadn’t known one another for long, Chu Feng felt that Yan Xie was an affectionate and loyal brother.

At this moment, Eggy’s voice suddenly sounded. “If Yan Xie’s advice is useless, then what about this Queen’s advice?”

“Milady Queen, you should understand me. Please don’t make things difficult for me, okay?” Chu Feng said with a beaming smile.

When Chu Feng said those words, there was a trace of pleading in his tone. He feared Eggy advising him against this matter, because he held Eggy in high regard and cared deeply about her point of view. If Eggy was against it, that would make it very difficult for him.

Chapter 1787 – Killing Intention

“If that boy Zhang Tianyi wants to obtain the title of the Strongest of the Younger Generation, it will not be that easy.”

“That Underworld Palace’s Underworld Messenger Kuang cannot be considered to be much. His greatest opponents would be you and Leng Yue.”

“Especially you. If you were to be serious, and not lose on purpose, it would be impossible for that Zhang Tianyi to defeat you.”

“However, the outcome of this battle will determine whether or not Zhang Tianyi will be able to make progress in his cultivation. With how loyal to one’s friends you are, you will definitely try to help him attain victory.”

“If you were to deliberately lose to him, it would be disrespectful toward him. Thus, it would be better for you to withdraw from the battle beforehand.”

“However, if you were to withdraw, you would be afraid that Zhang Tianyi might not be a match for Leng Yue. Thus, you plan to pull Leng Yue down with you by being disqualified from the competition by breaking the rules with her.”

“Furthermore, you plan to avenge Zhang Tianyi and Jiang Wushang at the same time.”

“In addition, you had made this decision before this Queen even woke back up,” Eggy said.

“As expected of Milady Queen. You’re truly sharp,” Chu Feng was truly feeling the urge to clap his hands in applause to his Queen.

“Since you’ve said that you’ve made your decision, would this queen’s advice even be of use?” Eggy asked.

“Depends on the subject,” Chu Feng said.

“What if it’s this matter?” Eggy asked.

“Heh...” Chu Feng laughed mischievously. He did not answer Eggy directly. However, he had made it known what his attitude was toward this matter.

As this matter concerned Zhang Tianyi’s future, even though he would be placed in a difficult situation should Eggy advise against it, he would still go and do it.

Eggy sighed. “I’ve gotten used to it. You’re someone who cares about your nonsense camaraderie enormously.”

“This Queen is very displeased, because by doing so you are giving up on your own interests.”

“Furthermore, I am still against your decision even now. But, you are, after all, my master. As such, I should respect your decision.”

“Do as you wish, I’ll support you,” Eggy said those words with a tone of helplessness.

“Thank you, Milady Queen,” Seeing that Eggy did not try to stop him, and was instead supporting him, Chu Feng heaved a sigh of relief. Like this, he would be able to go and do what he wanted without worries.

“The one I’m fighting this time is not an ordinary person. Instead, she is Leng Yue, the number one disciple of the Heavenly Law Palace, someone who plays a critical role in the Heavenly Law Palace.”

“If I am to avenge senior brother Zhang and little brother Wushang, I must humiliate her. However, she is also someone who cannot be humiliated.”

“Thus, I must possess an absolute certainty of success before doing anything. As for this... I will need Milady Queen’s help,” Chu Feng said.

“So you already have a plan?” Eggy asked.

“Mn,” Chu Feng said.

“You can start then. This Queen has wanted to do some stretching and move her limbs after having been asleep for so long,” Impatience appeared on Eggy’s face.

Afterward, Chu Feng spent two entire hours setting up a spirit formation. Then, using treasures to conceal it, he changed the appearance of the spirit formation into that of a ring, and placed it on Her Lady Queen’s finger.

After observing that unremarkable-looking ring on her finger, Eggy asked skeptically, “Merely this will do?”

“There’s also this,” Chu Feng took out a spittoon-shaped item. There was another spirit formation within it. An unknown substance was sealed within the spirit formation.

“What is this?” Eggy asked curiously.

“You’ll know,” Chu Feng said with a mischievous smile.

“These two items are the absolute certainty of yours?” Eggy asked skeptically.

“Yes, they’ll be sufficient,” Chu Feng smiled lightly. Then, he had Eggy return to his world spirit space. After that, he walked out of his pagoda and began to proceed toward the location that Leng Yue had designated.

Although they were in the central region of the fort, there were still secluded places. Although Leng Yue was prepared to be disqualified, she did not wish for others to disturb the battle between her and Chu Feng. Thus, she had chosen a relatively hidden location.

After Chu Feng arrived in the hidden forest, he looked to the little brook before him.

Suddenly, he said, “No matter what, you are still the disciple of the Weaponry Refinement Immortal. Is there a need for you to be

this sneaky? If there's something that you wish to say, go ahead and say it."

"Humph," After Chu Feng said those words, a slight snort sounded from the forest behind him. Soon, a figure walked out from the forest. Sure enough, it was the Weaponry Refinement Immortal's disciple, Baili Xinghe.

"For you to follow me this sneakily, what matter might you have?" Chu Feng asked.

"Chu Feng, I know the relationship you have with junior sister Zi Ling and junior sister Su Rou," Baili Xinghe said.

"Oh?" Chu Feng was rather surprised. Then, he asked, "What about it?"

"I feel that you do not suit them. Thus, I wish that you sever your relationship with them. From today on, you are to not disturb them," Baili Xinghe said.

Hearing those words, Chu Feng's eyes narrowed. A trace of chilliness flashed through his eyes.

Chu Feng was very smart. After hearing those words, he already knew Baili Xinghe's intentions. The reason why this guy had such great hostility toward him was because he had taken a fancy to Chu Feng's women, Zi Ling and Su Rou.

The reason why he came to find Chu Feng and said those words to him was evidently because he had been rejected by Zi Ling and Su Rou. Without any alternative, he had decided to come and threaten Chu Feng.

It was one thing for him to fall for his women. After all, regardless of what Zi Ling and Su Rou's cultivations might be, they were two exceptional beauties.

Noblemen fancied sweet, fair and graceful ladies. This was nothing major.

However, this Baili Xinghe actually, for the sake of obtaining Chu Feng's women, came to threaten Chu Feng.

As a man, how could Chu Feng endure this?

As such, the anger in Chu Feng's heart was surging already, and on the verge of exploding. However, Chu Feng did not reveal any of that.

Instead, with a light smile on his face, he said, "Baili Xinghe, go and take a piss, then use that as a mirror to look at yourself. After that, use your brain that is filled with dogshit to think about it. How are you qualified to come and say these words to me, Chu Feng?"

"You..." Hearing those words, Baili Xinghe's gaze flashed, and he began to tightly clench his fists. Although he was extremely angry, he involuntarily recalled the scene of being rejected by Zi Ling and Su Rou.

It was the first time in Baili Xinghe's life that he had experienced such ruthlessness. Before them, not a single woman had ever rejected him.

Thus, his feelings for Zi Ling and Su Rou were one-sided. As for Zi Ling and Su Rou, they were dead set on Chu Feng. Indeed... he did not have the qualifications to say those words to Chu Feng.

However, the things that he, Baili Xinghe, wished to obtain must be obtained. This included women.

As for now, the only way for him to obtain them was through Chu Feng.

"You'd best do as I say," Baili Xinghe said with a cold snort. His tone was filled with threat.

"What if I don't?" Chu Feng asked.

"Then I'll kill you," Upon saying those words, coldness flashed through Baili Xinghe's eyes. A boundless killing intent smashed

into Chu Feng.

This Baili Xinghe was not joking around. He was really planning to kill Chu Feng for the sake of obtaining Zi Ling and Su Rou.

“Come, give it a try then,” The corners of Chu Feng’s mouth were raised slightly. However, behind his smile was a deep killing intent.

Chapter 1788 – Successful Capture

“Buzz~~~”

However, at the moment when the two of them were about to fight, a surge of boundless oppressive might came out of nowhere and landed on Baili Xinghe. Like chains, that oppressive might firmly restricted his movements.

That oppressive might was so powerful that Baili Xinghe was unable to struggle free, and he was crushed deep into the ground by it.

Then, that oppressive might moved. Like a dragon surging out from the sea, it leapt out from underground. Baili Xinghe was also brought out alongside it.

Merely, at this moment, Baili Xinghe's complexion was pale like paper. He had a painful expression on his face as creaking sounds emitted from his body nonstop.

Those were the sounds of bones breaking...

Although that oppressive might did not leave Baili Xinghe with heavy injuries, it brought him enormous pressure and was crushing down on his entire body, including even his dantian and soul.

“Woosh~~~”

Right at this moment, a woman's silhouette suddenly descended from above. She slowly floated down to land before Baili Xinghe.

This woman was none other than Leng Yue.

Leng Yue had a cold expression on her face. Without the slightest trace of emotion, she looked to Baili Xinghe and said, “My opponent is not someone that you can touch.”

Hearing those words, Baili Xinghe was startled. Although it lasted only a moment, Chu Feng had managed to see fear in Baili

Xinghe's eyes.

“Heh...”

Seeing this scene, Chu Feng laughed slightly. Back then, he had thought Baili Xinghe to be the strongest genius in the Holy Land of Martialism. However, upon seeing him today, it turned out that he was nothing much.

The moral integrity Baili Xinghe possessed was greatly inferior to that of Yan Xie, Zhang Tianyi and the others.

For someone like him, regardless of how talented he might be, he would still not be able to escape his destiny of being scum. He was someone that bullied the weak and feared the strong and would use any means to obtain his goals.

At this moment, Chu Feng's anger was lessened enormously. Although Baili Xinghe's actions were excessive, from his nature, Chu Feng could tell that he was destined to be a minor character and unworthy for Chu Feng to fight against.

“Buzz~~~”

Right at this moment, Leng Yue tossed out three golden bowls. After the three golden bowls were tossed into the air, they all disappeared.

Chu Feng was able to sense that there were three invisible powers that had now enveloped this region of space.

Those three golden bowls were treasures. Evidently, they had sealed off this region. With the concealment of the three golden bowls, no one would be able to detect anything even if Chu Feng and Leng Yue were to cause utter devastation with their battle.

This Leng Yue had truly come prepared.

“You and that Zhang Tianyi are fellow martial brothers?” Leng Yue asked.

“Yes,” Chu Feng said.

“That senior brother of yours is truly amazing. He’s actually Emperor Gong’s successor.”

“However, regardless of what sort of dogshit luck he has stumbled upon, I still look down on him.”

“Do you know why I said that he was unqualified to be my opponent?”

“Although he was only a minor character back then, I still remember him.”

“Back then...”

“You don’t have to say anymore. I will take revenge for him,”
Before Leng Yue even finished her words, Chu Feng interrupted her.

He knew what Leng Yue was planning to say. Leng Yue was planning to mention how Zhang Tianyi had been disgraced before him and Baili Xinghe.

If this matter were to spread, it would affect Zhang Tianyi’s reputation. Chu Feng would naturally not allow her to say it.

“So that’s the case. No wonder that Chu Feng would run all the way over here. He had already made an appointment with Leng Yue.”

Hearing those words, Baili Xinghe came to a sudden realization that Chu Feng had come here because he had made an appointment to fight against Leng Yue.

Upon thinking about this, the corners of Baili Xinghe’s mouth lifted into a sinister smile.

Although he would not be able to take care of Chu Feng himself, if Leng Yue were to kill Chu Feng for him, it would be even better. After all, he would not have to bear any criminal charges should that be the case.

Furthermore, he knew very well how strong Leng Yue was. For

Leng Yue to take care of Chu Feng, it would be as simple as an adult taking care of a child. After all, even he, Baili Xinghe, feared Leng Yue.

“Heh... avenge him you say? You must have the ability to do so first,” Leng Yue laughed mockingly. Although she wished to fight against Chu Feng, she also did not place Chu Feng in her eyes.

“I will not be lenient against you. However, my world spirit wishes to watch our battle. Might that be doable?” Chu Feng asked.

“Is it to see you be defeated? Very well, since there’s already a spectator, one more will not amount to anything. Go ahead, release your world spirit,” Leng Yue said in an indifferent manner.

“Remember, it’s not release. Instead, it’s invite,” Chu Feng corrected Leng Yue. Then, he opened his World Spirit Gate.

“Damned girl, this Queen is here to see how you’ll be beaten,” After Eggy walked out, she first took a disdainful glance at Leng Yue. Then, she walked over to Baili Xinghe.

Seeing that Baili Xinghe was staring at her with fixed eyes, Eggy had a displeased expression, “That hell are you looking at? Never seen a beauty before?”

“I’ve seen quite a few beauties. However, it is the first time that I’ve seen a world spirit as beautiful as you,” Baili Xinghe said with a light smile. Although he was extremely hostile toward Chu Feng, he was very amiable toward Eggy. In fact, he was even polite.

Seeing this, Chu Feng’s impression of Baili Xinghe took a hundred and eighty degree change again.

When he first met Baili Xinghe, Baili Xinghe had been towering from above, and emitted an air of arrogance. Like a saint, he had not placed any of his fellow generation in his eyes.

However, never would Chu Feng have expected that this fellow, who seemed to be unaffected by female charms on the surface, was

actually an utter pervert. From the gaze that he was looking at Eggy with, it could be seen what he was thinking in his mind.

“All those who have seen this Queen said the same things you did. However, it’s still the first time that this Queen has seen someone as disgusting as you. Pah!” After finishing her words, Eggy spit on Baili Xinghe. Then, she said, “Turn your disgusting gaze away. The more you look at me, the more disgusted I feel.”

After Eggy finished saying those words, she arrogantly walked toward a more distant location.

As for Baili Xinghe, he was shivering in anger. As the grand personal disciple of the Weaponry Refinement Immortal, when had he ever suffered from this sort of humiliation?

However, his body was currently bound by Leng Yue’s power, and simply incapable of moving. Even though he was enraged, there was nothing he could do.

“Is that an Asura World Spirit? Quite arrogant indeed. However, with her nature, sooner or later, she’ll suffer,” Leng Yue said.

Chu Feng’s past achievements were already widespread. As matters stood, practically everyone in the Holy Land of Martialism knew that Chu Feng, when disregarding his talent for martial cultivation, was a legendary Asura World Spiritist.

Chu Feng was not anxious to fight right away. Instead, he asked, “Leng Yue, you said that as long as I come to fight you, you will bestow me a gift. What might that gift be?”

“Of course,” As Leng Yue spoke, she raised her hand and tossed a Cosmos Sack to Chu Feng.

Chu Feng inspected the Cosmos Sack, and discovered that there were actually ten Dragon Mark World Spirit Stones inside.

“These bits of things, are you trying to shoo a beggar away?” Chu Feng sneered and threw the Cosmos Sack back to Leng Yue.

“You actually think that that is insufficient? You must know that these are ten Dragon Mark World Spirit Stones,” Leng Yue frowned. She had truly never expected that Chu Feng would think that these ten Dragon Mark World Spirit Stones would be insufficient.

“Of course they’re insufficient,” Chu Feng said.

“Very well, tell me, what do you want?” Leng Yue raised her brows and asked.

“I want all the treasures on you,” Chu Feng said while looking at Leng Yue.

“You are truly boasting shamelessly. You actually want all of my treasures? Has someone smashed your head so badly today that you’ve gone stupid?” Hearing those words, Leng Yue sneered. The way she saw it, what Chu Feng said was extremely unrealistic and simply day-dreaming.

“I never said that I want all of your possessions without a good cause. The two of us shall fight one another fairly. The loser will hand over all their possessions to the winner.”

As Chu Feng spoke, he opened his Cosmos Sack and took out the Heavenly Immortal Sword, the Evil God Sword and his various other treasures to show them to Leng Yue.

Seeing the treasures in Chu Feng’s Cosmos Sack, Leng Yue’s gaze began to change nonstop. Especially when she saw the Evil God Sword, her gaze was staring deeply at it.

“Very well, since you have the courage, I shall gamble with you. If you are able to win against me, I will give you all of my treasures. However, if you are to lose, you will hand all of your treasures over to me,” Being enticed by Chu Feng’s treasures, Leng Yue was successfully ensnared in Chu Feng’s trap.

Chapter 1789 – Rank One Martial Emperor

“It’s settled then?” Chu Feng asked.

“Definitely!” Leng Yue said.

“What if you go back on your word?” Chu Feng asked.

“If I, Leng Yue, am to go back on my word, I will be inferior to pigs and dogs. I will not be qualified to be the head of the Heavenly Law Palace’s Heavenly Generals. After this life of mine, I shall be reincarnated as animals that will be slaughtered and trampled upon by others for eternity,” Leng Yue raised her arm and vowed.

“Yoh, quite ruthless. Since that’s the case, I’ll reluctantly trust you this once,” Chu Feng said with a smile.

“In that case, you can attack. I’d suggest that you go all out. Else, it will be boring.”

After Leng Yue said those words, she actually closed her eyes. She did not even bother to look at Chu Feng. Her intention was extremely clear. Even though she wanted to fight against Chu Feng, she did not place Chu Feng in her eyes at all.

“Arrogant enough. However, Leng Yue possesses the means to be this arrogant,” Seeing Leng Yue acting like this, Baili Xinghe smiled complacently. As he looked to Chu Feng, he thought in his heart, ‘Chu Feng, I shall see how you’ll be humiliated.’

“There is no need for me to personally fight against you,” However, facing Leng Yue’s provocation, Chu Feng smiled lightly. Then, with a thought, a wave of water flowed out from within his body. The Water Immortal Profound Technique appeared before him.

“Woosh, woosh, woosh~~~”

Right after the Water Immortal Profound Technique appeared, it immediately began to attack Leng Yue. Tens of thousands of water

droplets turned into sharp arrows as they splashed at Leng Yue like a magnificent army with thousands of men and horses.

Most importantly, while Chu Feng's current cultivation was that of a rank seven Half Martial Emperor, the Water Immortal Profound Technique was actually a rank eight Half Martial Emperor.

“Water Immortal Profound Technique. That guy really does possess a supreme secret skill,” At this moment, Leng Yue suddenly opened her eyes and revealed an expression of shock.

As a disciple of the Heavenly Law Palace, she had been fortunate enough to see her Heavenly Law Palace's Utmost Exalted Elder revealing the might of the Wood Immortal Profound Technique.

At that time, when she saw that vivid and life-like Wood Immortal Profound Technique that possessed a cultivation one level higher than even its user, Leng Yue felt endless admiration, and vowed that she would definitely obtain that Wood Immortal Profound Technique.

And now, the Water Immortal Profound Technique that was equally as famous as the Wood Immortal Profound Technique was right before her. Furthermore, it was attacking her.

Even more, the possessor of this Water Immortal Profound Technique was actually a fellow member of the younger generation. This caused her to feel extremely unreconciled.

“A mere rank eight Half Martial Emperor will not be a match for me,” Leng Yue shouted. Then, like a willow leaf, her body shifted. As she began to move, not only did she dodge all of the Water Immortal Profound Technique's attacks, she had also arrived before the Water Immortal Profound Technique in an instant.

“Pa, pa, pa~~~”

After approaching it, coldness flashed through Leng Yue's eyes. Her lily-white hands shot multiple strikes at the Water Immortal

Profound Technique.

“Boom, boom, boom, boom~~~”

Her speed was extremely fast. Even though her hands were very tender and soft, each of her palm strikes created a splash on the body of the Water Immortal Profound Technique.

In merely an instant, the Water Immortal Profound Technique had been utterly smashed to bits by Leng Yue.

“Sure enough, it’s as I anticipated,” Although the Water Immortal Profound Technique was defeated, Chu Feng was smiling lightly. Leng Yue was this powerful because she possessed a heaven-defying battle power capable of surmounting four levels of cultivation.

Thus, even though they were at the same level of cultivation, the Water Immortal Profound Technique, which only possessed a heaven-defying battle power capable of surmounting three levels of cultivation, was simply no match for Leng Yue.

The reason why Chu Feng was not worried, and instead felt joyous, was because he had guessed correctly.

This Leng Yue was simply not someone that Zhang Tianyi could defeat. Thus... his decision to come and fight Leng Yue was correct.

“A heaven-defying battle power capable of surmounting four levels of cultivation, that Leng Yue also possesses a heaven-defying battle power capable of surmounting four levels of cultivation.” Although Chu Feng had anticipated this, Baili Xinghe was extremely shocked. Evidently, he had not expected Leng Yue to be this powerful, more powerful than he had anticipated.

“Chu Feng, you’re truly unlucky,” However, after a moment of surprise, Baili Xinghe suddenly looked to Chu Feng. The smile on his face grew even denser.

“Crash~~~”

Suddenly, with another attack, the Water Immortal Profound Technique had been completely destroyed by Leng Yue. However, as the Water Immortal Profound Technique turned into waves of water, the water began to surge. Then, the Water Immortal Profound Technique returned to its original appearance. Without the slightest damage, the Water Immortal Profound Technique began to unleash attacks at Leng Yue again.

However, Leng Yue's battle power was an entire level above the Water Profound Immortal Technique's. No matter how ferocious the Water Profound Immortal Technique might be, it was incapable of injuring Leng Yue in the slightest.

"As long as its master is alive, the secret skill will be indestructible. The Water Immortal Profound Technique is truly miraculous."

"Chu Feng, it is your fortune to have been able to obtain the Water Immortal Profound Technique. However, for this Water Immortal Profound Technique to serve you, is its misfortune," Leng Yue said mockingly. From her every word and every action, it could be seen that she deeply wanted to obtain the Water Profound Immortal Technique.

"Are you certain?" Chu Feng smiled coldly. Then, lightning flashed in his eyes, and his Thunder Armor appeared.

When his cultivation increased to rank eight Half Martial Emperor, the Water Immortal Profound Technique's cultivation increased to rank nine Half Martial Emperor.

"Humph," Seeing that the Water Immortal Profound Technique was now capable of fighting on par with her, Leng Yue did not dare to be careless anymore. She had started to become serious.

"Impossible!" At this moment, Baili Xinghe was enormously shocked. The entire time, he had thought that Chu Feng's cultivation of rank seven Half Martial Emperor had been obtained by using the power of his lightnings.

It was only now that he came to discover that he had been mistaken. Chu Feng had not relied on the power of his lightnings to obtain his cultivation of rank seven Half Martial Emperor. Instead, it was his actual cultivation. His actual cultivation was that of a rank seven Half Martial Emperor.

However, when he thought of how Chu Feng had only been a mere Martial King when he had first met him, but was already a rank seven Half Martial Emperor now, and was capable of obtaining a cultivation above his own, Baili Xinghe started to involuntarily tremble with fear.

Unreconciliation. Jealousy. However, more than all of those, he was feeling fear.

To be able to reach rank seven Half Martial Emperor from rank nine Martial King in such a short period of time, how enormous of an amount of talent did he possess? His talent most definitely surpassed that of ordinary people. It could be said that he could not be considered to be human at all!

Such an existence was actually a fellow member of the younger generation like himself? Baili Xinghe felt that Chu Feng's existence was a great calamity to both him and all the rest of the younger generation.

“Leng Yue, you must definitely kill that Chu Feng. Else, he will assuredly become an enormous disaster,” After his moment of shock and fear, Baili Xinghe cast all of his hope onto Leng Yue.

He wished for Chu Feng's death. He wished that Chu Feng would be killed today. The reason for that was because he knew that he was already no match for Chu Feng. Yet, he had spoken those threatening words to Chu Feng earlier. Today, if Chu Feng wasn't killed, he, Baili Xinghe, would be killed instead.

“Chu Feng, I know that your lightning power is capable of increasing your cultivation by another level. Why not directly use it? Else, if this is all the strength you're showing, I'm afraid that

even the Water Immortal Profound Technique will not be able to help you.”

Suddenly, Leng Yue shouted. Then, gales began to appear within her ice-cold gaze. At the same time, heaven and earth became dark, and violent wind sprung forth everywhere. Leng Yue’s cultivation had increased from rank eight Half Martial Emperor to rank nine Half Martial Emperor. She was only a fine line away from becoming a Martial Emperor.

This was Divine Power. Leng Yue was a Divine Body.

“As you wish.”

Seeing that Leng Yue had increased her cultivation, Chu Feng did not hesitate. Lightning flashed through his eyes again as two magnificent Thunder Wings began to spread from his back.

When Chu Feng’s cultivation increased from rank eight Half Martial Emperor to rank nine Half Martial Emperor, the Water Immortal Profound Technique’s cultivation also increased from rank nine Half Martial Emperor to rank one Martial Emperor.

“Boom~~~”

Although there was only a fine distinction between Half Martial Emperors and Martial Emperors, what Half Martial Emperors possessed was impure Emperor-level martial power, whereas the one possessed by Martial Emperors was real Emperor-level martial power.

Although the Water Immortal Profound Technique no longer possessed its own intelligence anymore, its cultivation was that of an actual rank one Martial Emperor.

In this regard, the Water Immortal Profound Technique’s strength was many times more powerful. As water surged forth, even space itself was shattered. Wherever the water passed, a pitch-black void would be left behind.

The might of the Water Immortal Profound Technique could

only be described with one word, 'frightening.'

Chapter 1790 – Dumbstruck

“Humph.”

However, while Leng Yue was only a rank nine Half Martial Emperor, she possessed a heaven-defying battle power capable of surmounting four levels of cultivation. She... was a Half Martial Emperor capable of fighting against Martial Emperors.

However, even with this being the case, a Half Martial Emperor would remain a Half Martial Emperor, while a Martial Emperor would remain a Martial Emperor. While Leng Yue was capable of fighting against the Water Immortal Profound Technique, her imposing might was still inferior to its imposing might.

As this continued, Leng Yue had no choice but to start using martial skills. She had to borrow the strength of her martial skills to fight against the Water Immortal Profound Technique.

“Not bad, not bad. You’re actually capable of being equally matched against my Water Immortal Profound Technique.”

“It would seem this is still not your limit. Since this is the case, I’ll help you out,” Like an observer, Chu Feng mocked and ridiculed Leng Yue.

As he spoke, his gaze flashed. Then, like a volcanic eruption, boundless flames exploded from his body.

When the flames appeared, not only was this region covered with heat, the surging flames also turned into a man of fire. With a might akin to raging flames burning the heavens, the man of fire charged to attack Leng Yue from a different direction.

“This!!!”

When Leng Yue saw the incoming man of fire, her expression immediately changed. That man of fire’s aura was actually exactly the same as that of the Water Immortal Profound Technique; it was also a rank one Martial Emperor.

“Fire Immortal Profound Technique, it’s the long lost Fire Immortal Profound Technique! Chu Feng, where did you obtain that?!” Upon seeing the Fire Immortal Profound Technique, Leng Yue was extremely shocked.

“There is no need for me to inform you of something like this. You wish to know? How about... you do a striptease dance for this gentleman here? If you make me happy, I might consider telling you. However, there’s also a possibility of your figure being too bad that this gentleman will end up becoming disgusted. If that’s the case... I will not tell you,” Chu Feng said with a beaming smile.

Once Chu Feng said those words, Baili Xinghe immediately sucked in a mouthful of cold air. Leng Yue was the number one disciple of the Heavenly Law Palace, an existence high above everyone else. Had there ever been anyone who dared to disrespect her?

Yet, Chu Feng had deliberately done such a thing.

“Chu Feng, you’re courting death,” Upon hearing what Chu Feng said, Leng Yue became extremely angry. As she spoke, she flipped her palm, and a golden-bright and dazzling rod appeared in her hand.

Once that rod appeared, a ray of golden light began to spread out from within Leng Yue’s body.

The reason for that was because that rod was no ordinary rod. Instead, it was an Incomplete Imperial Armament.

“Woosh, woosh, woosh~~~”

Once she revealed her Incomplete Imperial Armament, Leng Yue’s battle power instantly increased. Although she was fighting against two rank one Martial Emperors, she actually held the upper hand against them.

Leng Yue’s Divine Power was a type of powerful wind. It just so happened that her Incomplete Imperial Armament was able to

work harmoniously with her Divine Power, increasing her battle power even further.

“Huu, huu, huu~~~”

At this moment, the violent wind was whistling as explosions began to sound from all around. Being blown by that devastating wind, the water was no longer fierce, and the fire was no longer ferocious. Leng Yue was unstoppable. She held absolute superiority.

However, the strongest aspect of the Water Immortal Profound Technique and the Fire Immortal Profound Technique was that they were indestructible. No matter how strong Leng Yue was, she was unable to destroy them. All she could do was end up being tangled in a battle against them.

“Chu Feng, do you dare to fight me yourself?” Leng Yue shouted angrily.

“What’s wrong? You’re unable to win against my secret skills?”

“When you are unable to even win against my secret skills, how are you qualified to fight against me?” Chu Feng was fiddling with his sleeve, and had an inattentive appearance as he spoke those words. It was as if he were truly only an observer.

“I’m only asking you whether you dare or not,” Leng Yue was so angered that her face turned red. She felt as if her heart and lungs were about to explode because of Chu Feng.

However, although she was extremely angry, she also had no choice but to become serious.

Originally, she had not placed Chu Feng in her eyes. However, she had never expected that Chu Feng would force her to such a state using only two secret skills. Not only had she used her Divine Power, she had also used her Incomplete Imperial Armament.

Right now, she wished to quickly end this battle. However, the only method for her to be able to end this battle quickly would be

to fight against Chu Feng, and not continue to be tangled with the two secret skills.

“Leng Yue, oh Leng Yue, you’re forcing me to fight. However, I must tell you this. If I, Chu Feng, am to fight, you’ll have to prepare to pay the price,” As Chu Feng spoke, he took out an Incomplete Imperial Armament. It was a sword.

The sword was extremely thin. In fact, it was so thin that it didn’t appear to be a sword, and instead looked more like a very thin and long ruler. However, not only was it a sword, it was also the impressively famous Heavenly Immortal Sword.

“Enough of your rubbish. Come and fight me with your strength,” Leng Yue shouted again.

“The Water Immortal Profound Technique and the Fire Immortal Profound Technique are parts of my strength to begin with,” Holding the Heavenly Immortal Sword, Chu Feng stepped into the air and began to walk toward Leng Yue one step at a time, “However, since you insist on fighting against me, I can grant you your wish.”

“Woosh~~~”

Suddenly, Chu Feng took a step forward, and his speed increased in a flash. As his clothes and long hair fluttered in the wind, Chu Feng’s speed reached the speed of light. In a flash, he arrived before Leng Yue.

When Chu Feng arrived, like two spirits, the Water Immortal Profound Technique and the Fire Immortal Profound Technique entered Chu Feng’s body.

At this moment, only Chu Feng and Leng Yue stood in midair.

The two of them possessed the same cultivation, the same heaven-defying battle power and were both part of the younger generation...

At this moment, even Baili Xinghe opened his eyes wide to

earnestly look to the sky. He did not wish to miss out on this confrontation between the strongest members of the younger generation.

“Huu, huu, huu~~~”

Leng Yue had unleashed her attack. The rod in her hand was extremely sharp. The sound it emitted was akin to the cry of ten thousand beasts. Adding onto her Divine Power, it could be said that she possessed unrivalled divine might.

To be exact, Chu Feng’s current opponent could not be considered to be a Half Martial Emperor. Instead, Leng Yue should be considered a Martial Emperor. After all... Leng Yue was able to suppress two rank one Martial Emperors.

However... Chu Feng was also not an ordinary Half Martial Emperor.

“Clank~~~”

Chu Feng moved, and his Heavenly Immortal Sword moved alongside him. The movement of the Heavenly Immortal Sword was no small matter.

“Snap!” The incoming wind that looked like ferocious beasts was split apart by the Heavenly Immortal Sword. Not only that, with that slash from the Heavenly Immortal Sword, space itself was split in half. It was as if there were nothing that could stop it.

“Clank~~~”

Suddenly, an ear-piercing sound was heard. That slash was stopped. It was stopped by the rod in Leng Yue’s hand.

“My Heavenly Law Unfettered Rod is not inferior to your Heavenly Immortal Sword,” After stopping Chu Feng’s attack, Leng Yue, who had been in a rage before, revealed a complacent smile.

“While the weapons are equally matched, I wonder, are your rod

techniques comparable to my sword techniques?” Chu Feng smiled lightly. Then, he shouted, “Heavenly Immortal Sword Technique!!!”

“Woosh, woosh, woosh~~~”

With a trembling of his hand, the Heavenly Immortal Sword Chu Feng held instantly turned into a myriad of blade rays. With an overwhelming power of righteousness, they surged toward Leng Yue.

“You’ll come to know,” Leng Yue was not to be outdone. She waved her rod around and collided with Chu Feng.

Although Chu Feng’s sword was extremely thin, it was incomparably hard.

As for Leng Yue’s rod, although it was thick and long, it was flexible like a snake, and capable of changing nonstop.

The attacks between the two fighters were extremely fast. As they confronted one another, they were evenly matched.

“So powerful. Their strength has already surpassed that of all their fellow members of the younger generation. Only the Martial Emperors from the older generations are capable of contending against them.”

“Chu Feng actually reached such a level in such a short period of time,” Baili Xinghe was already no longer capable of clearly seeing the attacks between the two fighters. However, he was able to tell that Chu Feng and Leng Yue were equally matched.

At this moment, Baili Xinghe had an extremely downcast expression as he tightly clenched his fists. He wished for Chu Feng’s death at Leng Yue’s hands. Yet... Chu Feng was not showing any signs of defeat. Instead, he seemed to faintly hold the upper hand in this battle.

In this sort of situation, Baili Xinghe... felt extremely nervous.

“Woosh, woosh, woosh~~~”

Suddenly, light began to shine brightly at the location of Chu Feng and Leng Yue’s battle. Those were the lights of sword rays. That light was formed by tens of thousands of sword rays flashing past simultaneously.

“Woosh~~~”

A figure shot out explosively from the light. It was Chu Feng. Chu Feng had left the battle.

“What’s going on?” Originally, Baili Xinghe had thought that Chu Feng had become afraid and ran away. However, he soon discovered that not only was Chu Feng completely uninjured, he even had a mischievous smile on his face. Upon seeing that smile, Baili Xinghe knew that Chu Feng was not afraid. Rather, he must have some sort of different plan.

Right at this moment, Leng Yue’s body appeared before his line of sight.

“Heavens, that!!!” Upon seeing the current Leng Yue, Baili Xinghe’s mouth was wide open. He was dumbstruck.

Chapter 1791 – Two Divine Powers

“Chu Feng, you can’t escape.”

At this moment, like Baili Xinghe, Leng Yue thought that Chu Feng was trying to escape. She hurriedly moved the rod in her hand and came chasing after Chu Feng.

“Haha, not bad,” However, while standing in the distance, Chu Feng did not have the intention to dodge. Instead, he was staring at Leng Yue’s body and laughing heartily. Furthermore, Chu Feng’s gaze was extremely strange and wicked.

This situation caused Leng Yue to feel very uncomfortable. Involuntarily, she looked to herself.

“Ahhhh~~~~”

Once she saw her body, Leng Yue immediately cried out in alarm. Then, panic covered her face. She was surprised to discover that she was currently completely naked. The clothes that she was wearing were all gone. Just like that, she had revealed her everything to Chu Feng.

After discovering that the situation was bad, Leng Yue immediately used her world spirit power to create clothes to cover her naked body.

Then, she subconsciously turned her gaze onto Chu Feng and Baili Xinghe. Baili Xinghe’s gaze was still fixed onto her body. That’s right. His gaze was on her body and not her face. Furthermore, the precise location of his gaze was at a very shameful location.

She had been seen, all of her had been seen. Even though she had covered herself, it was already too late. Everything had already been seen.

Shame. Enormous shame. To women, the most important thing was their chastity. Especially for a woman like Leng Yue, who did

not place any of the men in the world in her eyes, she held her chastity in even greater importance.

She felt that, in the entire Holy Land of Martialism, other than the Five Emperors that were already dead, there were no other men who could suit her, there was no one qualified to see her jade body.

Yet, today, her jade body had been completely seen. As such, how could she accept this?

“Ahhh!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!” At this moment, Leng Yue shouted. Her voice caused space to tremble. All of her unreconciliation, shame and anger was present in her scream.

“Chu Feng, you did that!!!!” Suddenly, Leng Yue cast her ice-cold gaze onto Chu Feng. She suddenly remembered what had happened earlier.

Earlier, Chu Feng had unleashed an exceptionally fierce sword technique at her. Not only had that sword technique been very profound, it had also caught her off guard. She had had no choice but to put forth all of her strength to block Chu Feng’s attack.

Originally, she had thought that she would be injured. However, not only was she not injured, Chu Feng’s attack became slower and slower. Then, Chu Feng suddenly distanced himself from the battle. Then, the thing from earlier happened.

It was only now that she realized that Chu Feng’s sword technique was not meant to injure her. Rather, it was meant to disgrace her. Using that sharp sword technique, Chu Feng had cut apart all of her clothes, leaving her completely naked.

“Chu Feng, you shameless bastard, I’ll kill you!” It was all because of Chu Feng that her naked body was seen by two men. As such, Leng Yue was unable to contain her anger. In fury, she turned into a hundred-meter-long silver sword that pierced at Chu Feng.

Leng Yue had unleashed an Earthen Taboo Martial Skill from the Heavenly Law Palace. Its might was extremely strong. She managed to directly cut through the enormous void in the sky.

“Earthen Taboo: Five Elements Formation,” Seeing that Leng Yue had unleashed a powerful martial skill, Chu Feng did not dare to underestimate her. Without hesitation, he unleashed the five elements of wind, lightning, water, fire and earth. The five elements interweaved with one another and turned into an enormous compass that surrounded Chu Feng within it.

“Buzz~~~”

The sword that Leng Yue turned into had arrived. It was trying to pierce through Chu Feng’s compass. However, when the sword and the compass collided, they were withstanding one another. For now, Leng Yue was unable to injure Chu Feng.

Suddenly, Chu Feng said with a very serious expression, “Leng Yue, I was merely playing a joke earlier. Calm yourself first. I have a very important matter that I need to tell you,”

While Leng Yue was extremely angry at this moment and possessed overflowing killing intent toward Chu Feng, she was startled to discover that Chu Feng had removed his smiles, and spoken those words with a very serious expression. Thus, she asked, “What is it?”

“Although you’re ugly, your figure is exceptionally good.”

“Hehe,” After finishing those words, Chu Feng revealed an extremely shameless smile on his face. Furthermore, he began to run his shameless gaze all over Leng Yue’s body again.

“Chu Feng, I, Leng Yue, will definitely kill you today!!!” Leng Yue was so enraged that her heart was twitching and her soul was trembling with anger. She began to continue to unleash attacks at Chu Feng with the intention to break apart Chu Feng’s Earthen Taboo: Five Elements Formation. She wanted to hack Chu Feng

into eight pieces in order to alleviate the anger in her heart.

“Aiyo, not bad, not bad. This is what I was looking for. Only by acting like this do you resemble the number one disciple of the Heavenly Law Palace.”

“However, I bet it would be an even better thing to watch if you were naked while you were angry. Come, strip for this gentleman again.”

Suddenly, Chu Feng’s body shifted. He had separated himself from his Earthen Taboo: Five Elements Formation and reached behind Leng Yue.

“Woosh~~~”

As light flickered, Chu Feng swung the Heavenly Immortal Sword, unleashing the same sharp Heavenly Immortal Sword Technique from before to attack Leng Yue.

As for the sword that Leng Yue had turned into, it had managed to pierce deep into Chu Feng’s Earthen Taboo: Five Elements Formation, and was currently stuck. She was simply unable to escape, and could only watch as Chu Feng’s attacks reached her.

“Damn it!”

At this moment, Leng Yue’s expression changed greatly. In this moment of desperation, blue lightning flashed through her eyes. Then, the weather began to change. Several lightning bolts shot from her body and toward Chu Feng.

“Pa, pa, pa, pa~~~”

The lightning bolts had come too suddenly. Furthermore, they were extremely powerful. Chu Feng couldn’t ignore them. Thus, he ended up using the Heavenly Immortal Sword to block them.

That said, Chu Feng’s Heavenly Immortal Sword was even stronger. After blocking the incoming lightning bolts, Chu Feng continued onward to attack Leng Yue.

The lightning had been unable to stop Chu Feng.

“Huuu~~~”

However, right at this moment, like a whistling gale, Leng Yue’s Divine Power came sweeping toward Chu Feng.

The combination of the violent wind with the lightning bolts instantly increased their overall strength. Even though Chu Feng possessed the Heavenly Immortal Sword, he was still only able to barely block them.

“That girl, is actually this powerful?!!!”

At this moment, Chu Feng was frowning deeply. He had noticed that something was amiss the moment the lightning bolts had appeared. At this moment, he had confirmed his guess.

Suddenly, Chu Feng asked loudly, “Leng Yue, you actually possess two Divine Powers?!!!”

The moment when the lightning bolts appeared, Chu Feng had discovered that their power was extremely special. It was not an ordinary martial skill. Instead, it was Divine Power.

However, upon recalling how Leng Yue had already revealed her Divine Power, Chu Feng became puzzled. After all, it was impossible for one person to possess two Divine powers.

At the very least, he had never heard of such a thing before.

However, at this moment, Chu Feng was certain that Leng Yue possessed two Divine Powers. Both the wind and the lightning were Divine Powers. He was certain about that.

“Humph, you’re quite sharp. Among my fellow younger generation, you are the first to force me to reveal my Heavenly Lightning Divine Power.”

“However, I might as well tell you this. All those who have seen me use these two Divine Powers simultaneously have been killed by me.”

After Leng Yue said those words, her lightning Divine Power and wind Divine Power fused together. Within wind, lightning. Within lightning, wind. Its might was boundlessly powerful.

“Rumble~~~”

After the wind and lightning fused with one another, they surged toward Chu Feng like an enormous dragon of wind and lightning.

Not only was that attack extremely powerful, it was filled with killing intent. Leng Yue was not lying. She was truly planning to kill Chu Feng.

“Divine Powers. They’re really two Divine Powers. How could this be?”

“How could a single person possess two Divine Powers?”

“Furthermore, she has grasped these two Divine Powers this skillfully, and has actually managed to ingeniously fuse them together to increase their might?”

At this moment, as Baili Xinghe looked to Leng Yue in the sky, he revealed an expression of disbelief.

Chapter 1792 – Heaven Taboo Martial Skill

As Baili Xinghe was also a Divine Body, he knew very well how powerful Divine Powers were. Divine Powers were stationed within one's body. One could attempt to grasp them and control them. However, it was extremely difficult to grasp and control them.

The reason for that was because Divine Powers were boundless, and very difficult to measure. Regardless of how much of one's Divine Power one was capable of grasping, as long as one possessed Divine Power within one's body, its power would also be one's own. Even if one failed to grasp the Divine Power, one's body would still have to endure it.

It was already the limit for a single person to be able to have a single Divine Power within their body. How could there possibly be two Divine Powers in a single body? How could one possibly endure them, master them?

“Leng Yue, are you a monster? How can you be this powerful?” Baili Xinghe was filled with astonishment. The way he saw it, what Leng Yue had accomplished was not something that humans were capable of accomplishing.

“Chu Feng is done for. He's most definitely done for. Regardless of how outstandingly talented he might be, he will still definitely be no match for that devil woman.”

“His opponent is already no longer human. She's a demon, an actual demon!!!” Baili Xinghe exclaimed in his heart.

Even though Baili Xinghe had wanted Chu Feng to be killed the entire time, he was feeling sorry for Chu Feng at this moment. He had already seen Chu Feng's talent for himself. He firmly believed that if Chu Feng were to continue to mature, he would very likely become the strongest among the younger generation.

Unfortunately, before Chu Feng had matured, he had encountered Leng Yue, a fellow demon-level character.

Judging from the situation now, Leng Yue was even more demon-like than Chu Feng.

In fact, it was true that Chu Feng was being suppressed by Leng Yue right now.

Leng Yue's cultivation and battle power were on par with Chu Feng. Their Incomplete Imperial Armaments were also of extremely high quality, and were also on par with one another.

However, Leng Yue possessed two Divine Powers. Those two Divine Powers were also in perfect harmony with one another, increasing their overall strength by many times.

In this sort of situation, even if Chu Feng were to summon his Water Immortal Profound Technique and Fire Immortal Profound Technique, he would not be able to contend against Leng Yue.

“Leng Yue, since you’ve revealed your trump card, I’ll also let you experience my abilities.”

Chu Feng did not retreat. Instead, he proceeded onward. Then, four rays of lights shot forth explosively from his body.

“Roar~~~~”

In an instant, roars began to resonate throughout heaven and earth!!!

Azure Dragon Dashing Technique.

White Tiger Slaughtering Technique.

Vermillion Bird Revival Technique.

Black Tortoise Armor Technique.

Like four Divine Beasts, in a vivid and lifelike manner, the Four Great Supreme Secret Techniques appeared around Chu Feng.

With the appearance of the Four Great Supreme Secret Skills,

Chu Feng's might was no longer inferior to Leng Yue's. Furthermore, he currently appeared even more imposing than Leng Yue.

“This feeling, they're supreme secret skills. Chu Feng... you actually possess four more supreme secret skills?!” At this moment, Leng Yue was extremely shocked. How precious were secret skills? Even though she possessed two Divine Powers, she did not possess a single secret skill.

Yet not only did Chu Feng possess the Water Immortal Profound Technique and the Fire Immortal Profound Technique, he possessed four more secret skills in addition to them. Furthermore, judging from their appearances, those four secret skills were even stronger than the Water Immortal Profound Technique and the Fire Immortal Profound Technique.

Chu Feng possessed a total of six secret skills. Yet she, Leng Yue, possessed none. How could she not be startled by this?

Actually, Leng Yue's startled reaction was already quite composed. When Chu Feng revealed his Four Great Supreme Secret Skills, Baili Xinghe, who was watching the battle, was completely stunned.

No matter what, Baili Xinghe was the Weaponry Refinement Immortal's personal disciple. He could be said to be someone who had experienced the wider world, the greater aspects of society. For him to be in such a stunned state, it was truly unbecoming of his status.

However, this also signified how astonishing it was for Chu Feng to possess six secret skills.

At this moment, by relying on the divine might of his Four Great Supreme Secret Skills, Chu Feng was able to block Leng Yue's attacks. Once again, the two fighters reached a balance of power.

“Chu Feng, interesting, truly interesting.”

“They say that when the master of secret skills is alive, that secret skill will not die. That when the master of a secret skill is killed, the secret skill will still not die. However, should the master die, the secret skill will find a new master.”

“Today, you actually dared to disgrace me like this. I’ll definitely kill you. Not only will I kill you, I’ll also dig out your eyes, plunder your weapons, seize your treasures and subdue your secret skills.”

“All that you possess, all that you’ve acquired through meticulous effort, shall be mine! All of your previous efforts shall be devoted to me, Leng Yue!”

Seeing Chu Feng’s Four Great Supreme Secret Skills, greed flashed through Leng Yue’s eyes. Following that, Leng Yue, who rarely smiled, actually started to smile. Merely, her current smile was extremely wicked.

“Woosh, woosh, woosh~~~”

Then, her hands began to rapidly change. Many complicated hand seals were being formed unceasingly. With speed akin to light, they flashed past.

At the same time, a very powerful aura began to spread from Leng Yue’s body.

“This aura,” Upon sensing Leng Yue’s aura, Chu Feng started to frown. The reason for that was because Leng Yue’s aura was simply too unusual.

“That Leng Yue, what is she planning to do?”

Chu Feng felt that the situation was bad. He immediately raised the Heavenly Immortal Sword and unleashed the Earthen Taboo: Firmament Slash.

“Woosh, woosh, woosh, woosh~~~”

In a moment of desperation, Chu Feng sent forth nine slashes in succession. He was no longer holding back.

The nine slashes overlaid one another. Heaven and earth turned pitch black. Only the dazzling crimson slashes could be seen.

At the moment when the nine slashes broke through the many walls formed by wind and lightning and approached Leng Yue, Leng Yue suddenly revealed a cold smile on her face. “Heh, surprise attack? Unfortunately, you’re too late.”

“Boom~~~”

Right after she finished saying those words, Leng Yue abruptly raised her hand. Then, a golden ray of light suddenly appeared.

That golden ray of light was extremely bright. It actually managed to forcibly intercept all nine of Chu Feng’s slashes.

“That is?”

That golden ray of light was truly too dazzling. Even Leng Yue’s body was covered by it. In this sort of situation, Chu Feng could only use his Heaven’s Eyes.

Before his Heaven’s Eyes, everything was clear. Chu Feng was able to clearly see that there was a golden imprint seal floating above Leng Yue’s palm. That seal was square shaped and half the size of her palm. As for that overbearing golden ray of light, it was being emitted by that golden seal.

Furthermore, the space surrounding that golden seal was trembling nonstop. That sort of trembling did not resemble the trembling caused by oppressive might. Instead, it appeared more like the trembling from fear.

That golden seal had actually managed to make space itself fear it!!!

There was already no need to mention how powerful that golden seal was. However, most importantly, Chu Feng discovered that the golden seal was not a treasure, nor was it an Incomplete Imperial Armament. Rather, it was pure martial power.

“Could it be?!” Upon seeing that golden seal, Chu Feng’s eyes shone, and his heart tightened.

“Chu Feng, your martial skill is extremely powerful. It could be said to be the most powerful Earthen Taboo Martial Skill I’ve seen. However, unfortunately, regardless of how powerful your Earthen Taboo Martial Skill might be, it will not be able to injure me in the slightest. The reason for that is because what I have unleashed is a Heaven Taboo Martial Skill.”

Leng Yue loudly spoke five words, “Heaven Taboo: Dao Light Seal!!!”

“Heaven Taboo, sure enough, it’s a Heaven Taboo Martial Skill. The Heavenly Law Palace is truly worthy of being one of the Three Palaces. It actually possesses a Heaven Taboo for its disciples to cultivate,” Upon seeing that powerful golden seal in Leng Yue’s hand, a rare trace of admiration and envy shone through Chu Feng’s eyes.

Heaven Taboo Martial Skills were martial skills akin to legends. Chu Feng had never been able to encounter one yet. Today, he had finally seen one. However, it was being used by his opponent. To Chu Feng, this was not a good news at all.

“Chu Feng, you should give up. If you are to kneel and beg for forgiveness now, I am willing to not dig out your eyes and leave you an intact corpse,” Leng Yue said.

“What if I don’t?” Chu Feng said.

“Humph, if you refuse, then I’ll make it so that you will not even know how you were killed,” Leng Yue said fiercely. At this moment, she spoke with absolute confidence. That said, she did possess the qualifications to act this confidently.

It was true that Leng Yue was the strongest fellow member of the younger generation that Chu Feng had ever encountered.

In fact, it could even be said that, facing such a Leng Yue, Chu

Feng was currently at an absolute disadvantage.

However, even with this being the case, Chu Feng was not panicking. Instead, he smiled lightly and said, “Give it a try then.”

Chapter 1793 – Are You Looking For Me?

“I’ll show you right now. Unfortunately, you won’t be able to see it.”

As Leng Yue spoke, the golden light grew even brighter. Then, she tossed the golden seal toward Chu Feng.

Once the golden seal was tossed, it started to shoot straight toward Chu Feng at an extremely fast speed.

Most importantly, that golden seal contained an incomparably frightening power. Even Chu Feng was astonished by its might.

If that golden seal were to strike Chu Feng, he would be met with a horrible death, with a torn body and crushed bones. Both his body and soul would be destroyed.

However, although the golden seal was very powerful, Chu Feng was able to clearly see the trajectory of its attack. Using the Azure Dragon Dashing Technique, Chu Feng dodged to the side and dodged the golden seal’s attack.

“He actually dodged it? How could this be?” Seeing that Chu Feng had dodged the Heaven Taboo: Dao Light Seal, Leng Yue’s eyebrows rose in shock. She was very surprised.

She knew the Heaven Taboo: Dao Light Seal’s characteristics very well. Other than its overbearingly powerful might, the light emitted by it was capable of blocking one’s opponent’s line of sight. From there, it would be able to launch a surprise attack that one’s opponent could not dodge.

Furthermore, that golden light was extremely powerful in blocking one’s opponent’s line of sight. Even Snake Mark Royal-cloak World Spiritists would not be able to see through it.

“Could it be luck?”

Leng Yue had no choice but to think that Chu Feng had managed

to dodge the attack with luck. Thus, with a wave of her hand, the golden seal began to shoot straight at Chu Feng once again.

“Woosh~~~”

However, like before, azure light flashed underneath Chu Feng’s feet. Once again, he had dodged the golden seal.

“It’s not luck. He is actually capable of seeing the trajectory of the Heaven Taboo: Dao Light Seal.”

“That Chu Feng, exactly how many more tricks does he have up his sleeve?” Leng Yue started to frown, and her gaze became serious.

Although she had indeed not placed Chu Feng in her eyes in the beginning, as matters stood, she now had no choice but to admit that Chu Feng was a very frightening opponent.

“Since you can see it, then we’ll see whether you will be able to match its speed,” Leng Yue began to form hand seals with her hands. Then, the golden light grew even more dazzling, and the golden seal’s speed also increased.

While trying his hardest to escape, Chu Feng shouted, “Damn it, is this the power of a Heaven Taboo Martial Skill? How am I to defeat it? Leng Yue, can we not just call it off?” At this moment, panic filled his face. He... was scared.

“Humph, continue to beg. Even if you are to beg me for forgiveness, I will still not let you off,” Seeing Chu Feng, who had been toying with her since the very beginning, running around all over the place while panicking in fear and even trying to reconcile with her, Leng Yue revealed an expression of complacency and malice.

As matters stood, she had unleashed all of her trump cards. Fortunately... she had managed to obtain absolute superiority.

“Chu Feng, who would’ve expected that even you would have such a day. However, it’s too late. Everything is too late.”

Had it been at the very beginning, Leng Yue might have decided to let Chu Feng off. After all, this was Emperor Gong's successor's territory, and Chu Feng possessed quite a good relationship with that Emperor Gong's successor. It would naturally not be sensible for her to kill Chu Feng in this place.

However, upon discovering that Chu Feng possessed six secret skills on him, she would absolutely not let Chu Feng live. She was determined to obtain those six supreme secret skills.

“Leng Yue, you damned bitch! We clearly said that this was just sparring. Yet, you want to kill me. I'll bring you down!” Chu Feng's grievance was overflowing. He began to curse out at Leng Yue nonstop. At the same time he cursed at Leng Yue, he also began to try to approach her.

However, as Chu Feng staggered along in mid air while trying to frantically escape from Leng Yue's golden seal, no matter how one looked at him, he seemed to be stuck in a dilemma.

“Have you lost your ability to reason? You want to give your all to attempt to take me down?”

“Come. Regardless of what sort of ability you might have, you will still undoubtedly be killed today. My Heaven Taboo: Dao Light Seal is most definitely beyond your imagination.”

The more Chu Feng cursed, the more joyous Leng Yue felt. The way she saw it, Chu Feng was already no longer a threat.

“Earthen Taboo: Firmament Slash!!!”

Finally, Chu Feng found an opportunity. He unleashed his Earthen Taboo: Firmament Slash and sent out nine slashes in succession.

However, Leng Yue did not bother to pay attention to Chu Feng's attack at all. She continued to control that golden seal to attack Chu Feng.

“Boom, boom, boom, boom~~~”

Right at this moment, the nine successive slashes of the Earthen Taboo: Firmament Slash all exploded. They were all blocked by the golden light that covered Leng Yue.

“Hahahahahaha...” Leng Yue burst into loud laughter. She looked at Chu Feng and said, “Did you really think that my body would not be protected just because my golden seal had gone to chase after you?”

“I might as well tell you this: my Heaven Taboo: Dao Light Seal is capable of attacking and defending at the same time. The one chasing after you is its offensive ability, whereas the one protecting me is its defensive ability.”

“For the current you, even if you are to put forth all of your strength, you will not be able to injure me in the slightest. You don’t have to try so hard to approach me. I will not stop you. I’ll allow you to come toward me. Come, attack me. Today, I shall let you know exactly what is meant by despair.”

“Hahaha...” Leng Yue opened her arms wide and revealed an appearance of telling Chu Feng to attack her.

Although she had acted like this, the golden seal that had been chasing after Chu Feng was still chasing him.

“Leng Yue, you are forcing me here. Quickly, stop right now. Else, I will no longer hold back,” Chu Feng shouted.

“No longer hold back? Come, show me how you’ll stop holding back.”

“You only know about boasting and nothing else. What sort of man are you?”

The more Leng Yue laughed, the more frantic her laughter became. At this moment, Chu Feng was akin to a clown before her.

“I’ll tell you the truth. I possess a treasure. If I am to use it, even rank two Martial Emperors will be killed. Even your Heaven Taboo: Dao Light Seal will not be able to protect you.”

“But, in respect to the Heavenly Law Palace, I do not wish to kill you,” Chu Feng said.

“Don’t! Come, you must take it out and broaden my horizons. So what if I am killed?” Leng Yue said with a disapproving expression. She did not believe that Chu Feng possessed a treasure capable of killing rank two Martial Emperors.

“Leng Yue, you are truly forcing me into a corner here! Fucking hell! You damned bitch!” In great anger, Chu Feng started to curse wildly.

“The outcome of the battle is already decided. Chu Feng... is already defeated,” Seeing the scene in the sky, Baili Xinghe finally revealed a relaxed smile.

Like Leng Yue, he also felt that Chu Feng was acting like a clown right now. He no longer possessed the strength to continue to fight against Leng Yue.

As long as Chu Feng was killed, Baili Xinghe would have one less major enemy. Naturally, he would feel reassured at this moment.

“Heh...” However, at the moment when both Leng Yue and Baili Xinghe were looking at Chu Feng as if he were a clown, the corners of Chu Feng’s mouth lifted into a strange smile. He thought to himself, ‘It’s time for me to let you experience the special ability of the Black Tortoise Armor Technique.’

“Woosh, woosh, woosh~~~”

Suddenly, Chu Feng’s body shifted. Following that, a boundless mist began to spread.

“What is that?”

When that fog began to spread, Leng Yue’s vision was filled with confusion. At that very instant, illusions appeared before her.

“Illusions? I was hallucinating earlier. That Chu Feng had actually used a hallucinatory ability?” At this moment, Leng Yue

had regained her awareness. However, panic filled her face, because she was shocked to discover that the Chu Feng who had been fleeing before her had disappeared.

“Are you looking for me?” Right at this moment, faint laughter suddenly sounded from behind Leng Yue.

“Chu Feng, you!!!” Hearing this voice, Leng Yue grew nervous. She turned around and discovered that not only was Chu Feng behind her, he was less than ten meters away from her.

Logically, it should be impossible for Chu Feng to get that close to her, as she was protected by the golden light. However, Chu Feng was precisely that close to her.

Chapter 1794 – Absolute Humiliation

“I’ll let you experience true lightning,” Chu Feng eyes narrowed. Then, his body started to spin.

“Zzzzzzzzz~”

As he spun, light began to flicker, and countless lightning bolts were out explosively from Chu Feng’s body like sharp blades.

Wherever the lightning passed, everything in its path was destroyed. Even the golden light that protected Leng Yue was unable to resist the lightning.

Finally, a total of six lightning strikes pierced through Leng Yue’s hands, legs, chest and abdomen.

“Ahh!!!”

Once the lightning bolts entered her body, Leng Yue immediately let out a scream. Then, like a kite with its string cut, she fell from the sky and crashed onto the ground.

The power of her fall was so strong that even the Incomplete Imperial Armament which she had held in her hand ended up being knocked far away.

“What were those lightning bolts? Could it be a Heaven Taboo Martial Skill? But, why do they so closely resemble the lightnings that cover Chu Feng?”

Everything had happened too quickly. Baili Xinghe had not managed to see what had happened clearly. However, he had managed to see the lightning bolts that Chu Feng had unleashed, and felt how frightening they were.

Then, Baili Xinghe looked to Leng Yue. At this time, she had fallen to the ground, and was rolling about and screaming in pain.

From this, Baili Xinghe knew that, regardless of what sort of technique Chu Feng had used earlier, he had managed to

successfully break through the defense of Leng Yue's Heaven Taboo: Dao Light Seal and inflicted serious injuries upon her.

This battle was Chu Feng's victory!!!

"Impossible! This is impossible! How could I be defeated?!"

"Wuuahhh~~~" At this moment, Leng Yue struggled to get back up. However, a portion of the lightning that had pierced through her body was left behind within her body.

It was precisely that portion of lightning that was tormenting Leng Yue, causing her to suffer terribly. She was unable to unleash any of the power in her body. In fact, she did not even have the strength to stand back up.

"As they say, there can never be too much deception in war. Leng Yue, you've been completely defeated," At this moment, Chu Feng's voice sounded from the sky.

"Chu Feng, you..." Seeing Chu Feng, who was looking at her with a calm smile on his face, Leng Yue was shocked.

Chu Feng's gaze was filled with contempt, filled with the intention to toy with her. It was as if he was looking at a plaything.

Plaything. Leng Yue was a plaything in his eyes. Even though she possessed overflowing strength, she had been toyed around with by Chu Feng since the very beginning.

Everything had been fake. Chu Feng's clown-like appearance earlier, that flustered and panicking appearance, had been made deliberately.

Chu Feng did that so that she would let down her guard so that he would have an opportunity to approach her and unleash a surprise attack.

"Putt~~~"

Leng Yue sat onto the ground. She had a dejected expression on her face.

Although she had come to that realization now, it was already too late. She had truly been defeated in this battle.

She had not been defeated in terms of cultivation, battle power or even martial skills. Rather, she had been defeated in terms of techniques.

However, it was precisely because this was the case that she was unreconciled to accept the truth.

“Damn it,” At this moment, Leng Yue had already forgotten the pain of her body. She clenched her jade fists tightly.

Defeat. This was the first time that she had been defeated this miserably.

Suddenly, Leng Yue’s expression changed greatly. She raised her head and shouted, “Chu Feng, what are you doing?!”

It turned out that Chu Feng had actually arrived before her. Not only that, he had snatched away the Cosmos Sack at her waist.

Leng Yue had connected that Cosmos Sack to her body through the use of spirit formations. Thus, it was simply impossible for ordinary people to snatch it away. However, Chu Feng had easily severed the connection between her and her Cosmos Sack, and then snatched it away. Then, he snatched away her other Cosmos Sacks.

“What am I doing? Leng Yue, since you agreed to the bet, you must accept the loss. Have you forgotten what you said earlier?”

“It’s fine if you’ve forgotten. I can remind you. This match between us, the victor shall obtain all of the treasures that the loser possesses. Thus, these treasures of yours are all mine now.”

“That said, you have quite a lot of treasures with you. It must have taken quite a bit of effort to acquire all these treasures, no? I must truly thank you for all your meticulous effort to provide all these treasures for me. Thank you.”

Chu Feng inspected the Cosmos Sacks in his hand, then said those words with a complacent expression on his face. The reason for that was because Leng Yue truly had quite a lot of treasure in her Cosmos Sacks.

Chu Feng's complacent appearance appeared to be extremely provoking to Leng Yue.

However, Chu Feng was not satisfied just yet. Instead, he began to walk toward a southwestern direction. The reason for that was because Leng Yue's Incomplete Imperial Armament was there.

"Not bad. It's a very good weapon. It should be quite valuable," Chu Feng picked up the rod and began to examine it earnestly.

"Chu Feng, put down all of those items!" At this moment, Leng Yue obtained strength out of nowhere and actually managed to stand back up. Although she was staggering, she began to run toward Chu Feng to take her treasures back.

"Leng Yue, I'd advise you to not come here. Else, you shall bear the consequences," Chu Feng said.

"Return them to me!" With how deeply angered Leng Yue was, how could she stop?

"Snap~~~"

Suddenly, a shattering sound came from underneath Leng Yue's foot. She lowered her head to look, and discovered that she had stepped into a spirit formation.

That spirit formation was very delicate, and had been hidden extremely profoundly. Overcome by desperation, Leng Yue had not noticed that spirit formation at all.

At this moment, Leng Yue had a very uneasy expression on her face. She first smelled a strange and stinky odor from underneath her foot. Then, she saw yellow-brown substances spilling forth from underneath her foot.

“Puuu~~~”

In an instant, the yellow-brown substance erupted from underneath Leng Yue’s foot like a volcanic eruption. There was so much of the yellow-brown stuff that it swallowed Leng Yue up in an instant.

“This...”

Seeing the yellow-brown substance that had submerged Leng Yue, Baili Xinghe’s eyes were wide open, and his tongue was tied. He did not dare to believe what he was seeing.

“For real?!” At this moment, even Her Lady Queen had a stunned expression on her face.

She recognized that spirit formation. Chu Feng had set up that spirit formation. Furthermore, he had set it up before coming to this place.

Back then, Chu Feng had told her that he needed two items to make his plan a success. First, there was the ring on Eggy’s finger. Second, there was that spirit formation.

Back then, Eggy had not understood exactly what that spirit formation was. However, she now understood.

Contained within that spirit formation was manure. Once the spirit formation was activated, it would turn into an enormous cesspool. At that moment, Leng Yue had fallen into the cesspool.

Chu Feng sighed, “Didn’t I say not to come over? Why must you refuse to listen? Look at this, you’ve jumped into it yourself. You can’t blame me for this,” Chu Feng said with an innocent appearance. Then, he smiled beamingly and said, “That said, Leng Yue, tell me the truth, how do you enjoy this flavor? After all, those are treasures from me, Chu Feng. Ordinary people would not even be able to see them. And yet, you’re taking a bath in them. You could be said to be quite fortunate.”

“Are you kidding? Those are his own.... He used his own to make

the spirit formation?”

“Eaaah, Chu Feng, you’re truly disgusting,” Eggy first cast a side eye at Chu Feng. Then, she laughed and said, “Although it’s very disgusting, I must admit, you’ve done it beautifully.”

“Chu Feng, I’ll kill you!!!” Leng Yue jumped out from the cesspool. Due to the fact that she was seriously injured, she had been unable to protect herself using world spirit techniques in time. Thus, her body had been soaked in that cesspool.

At this moment, not only did she stink from head to toe, she was also in a furious rage.

She, the number one disciple of the Heavenly Law Palace, had actually fallen into a cesspool. If this matter were to spread, how could she possibly continue to live?

With enormous killing intent, she pounced at Chu Feng. She truly wished to rip Chu Feng to pieces with her own hands!!!

“Get the hell away from me, stinky woman,” Chu Feng raised his sleeve and waved. Then, a surge of wind appeared. The wind directly blew Leng Yue away several hundred meters away. When Leng Yue landed, she rolled on the ground several times before being able to steady herself.

Due to being injured by Chu Feng’s Divine Lightnings, Leng Yue was extremely weak right now. Thus, she was simply incapable of fighting against Chu Feng.

Chapter 1795 – Sweat Like A Pig

“Chu Feng, not only have you snatched away my treasures, you’ve even humiliated me like this. I will definitely not let you get away with this, I absolutely will not let you get away with this!!!” Leng Yue roared angrily.

Her voice filled with grievance echoed through this entire sealed region. Even after a very long time, her voice was still echoing.

“I have merely returned what you’ve done to my friends, merely given you a taste of your own medicine,” Chu Feng said disapprovingly.

“Chu Feng, you’re dead, you’re definitely dead. Even though I am unable to kill you, once you leave this fort, you will definitely die.”

“I will report to the Heavenly Law Palace that you have stolen my Cosmos Sacks and Incomplete Imperial Armament using a despicable method. Our Heavenly Law Palace will not let you get away with this.”

“While the Four Great Imperial Clans are unable to capture you, if our Heavenly Law Palace wishes to handle you, it’ll be as easy as crushing an ant to death,” Leng Yue knew that she was no match for Chu Feng. Thus, she began to use her Heavenly Law Palace to threaten Chu Feng.

“Clap, clap, clap, clap~~~”

Hearing those words, Chu Feng started to clap. He said, “Leng Yue, you are truly one to never break your promises. Not only have you refused to accept your loss, you even plan to file a false countercharge against me, plan to say that I have stolen your things. No matter what, you are still a young woman. How can you be this shameless?”

“There can never be too much deception in war. That is something that you said. If you are to return my treasures right

now, I can consider letting you go,” Leng Yue said ruthlessly. Even though she was saying that she’d let Chu Feng go, the murderous intention in her eyes did not lessen in the slightest.

“You’ve already broken your promise once. Yet, you actually still have the nerve to say these kinds of words. Do you really think that I will trust you?” Chu Feng asked.

“It doesn’t matter whether you trust me or not. You have no other option. This is the only conclusion that you shall have for going against me, Leng Yue,” Leng Yue said.

“No,” Chu Feng shook his head. Then, he said, “I still have another path that I can take.”

Hearing those words, Leng Yue became nervous. Even though Chu Feng was saying those words without anything to back them up, she felt unease as she looked at Chu Feng’s confident appearance.

“Eggy, it’s your turn,” Chu Feng turned his gaze to Eggy.

“No problem,” Eggy removed the ring from her finger and tossed it to Chu Feng.

After Chu Feng caught the ring, he began to form hand seals with one hand. It was not a martial technique. Rather, it was a world spirit technique.

As Chu Feng continued to form hand seals, that ring began to shine brightly. An image began to appear from the light.

Not only were there images, there were also voices...

‘Leng Yue, you said that as long as I come to fight you, you will bestow me with a gift. What might that gift be?’

‘Of course.’

‘These bits of things, are you trying to shoo a beggar away?’

‘You actually think that that is insufficient? You must know that these are ten Dragon Mark World Spirit Stones.’

“You!!!” Seeing till this point, Leng Yue’s expression changed enormously. The reason for that was because the contents that the light was revealing was precisely the scene of her agreement with Chu Feng. Furthermore, the image was still continuing. This meant that Chu Feng had used a special world spirit formation to record the entire process of their fight.

Although she didn’t know how Chu Feng had managed to do it, it remained that he had done it.

“Do you wish to continue watching? Truth be told, I’ve recorded from the beginning till the end. Even the scene of you bathing in the cesspool was recorded.”

“If you wish to let everyone know that you, Leng Yue, have not only been defeated by me, Chu Feng, but also that you’ve also bathed in my dung, gone back on your promise, and want to file a false countercharge against me.”

“Then, go ahead, try it. Tell the Heavenly Law Palace that I have stolen your treasures. As long as you dare to do that, I will reveal all that has been recorded here to the public,” Chu Feng fiddled with the ring in his hand and spoke with a beaming smile.

“Chu Feng, those images could totally be fake. Even if you are to spread them, no one will believe you,” Leng Yue said.

“Indeed, the images could be fake, the voices could be fake. But, could the might of the Heaven Taboo: Dao Light Seal also be fake?” Chu Feng smiled again. Then, he put the ring onto his own finger and looked to Leng Yue, “Leng Yue, if you have the courage to do so, let’s play. I dare to wager that as long as I reveal the contents of this recording, eighty percent of the people will believe it.”

“.....”

At this moment, Leng Yue grew quiet. She was speechless. She naturally knew that there would definitely be people who would believe the recording should it be shown.

As for her, she could not allow others to know about what had happened here today. If it were to be known, her reputation would be completely ruined. She would also not be able to continue to be the Heavenly Law Palace's number one disciple, continue to be the head of the Heavenly Generals, or even continue to survive in the Holy Land of Martialism.

However, she was extremely unreconciled. Not only had Chu Feng humiliated her and snatched away her treasures, he was even holding the means to blackmail her in his hand. Today, she had been utterly defeated.

Feeling unreconciled, Leng Yue said angrily, "Chu Feng, you are truly despicable!"

"Despicable? You're wrong. I, Chu Feng, have always been a straightforward and upright individual. However, when faced with despicable people like you, I can only use despicable methods," Chu Feng said in a disapproving manner.

As Chu Feng said those words, he had a smile, an extremely wicked smile, on his face the entire time. However, that smile left Leng Yue speechless.

Leng Yue knew very well that if Chu Feng had not prepared this, she would have definitely broken her promise today. Not only that, she would have also borrowed the strength of the Heavenly Law Palace to take care of Chu Feng.

Even though she was feeling very unreconciled, and deeply hated Chu Feng, Leng Yue also felt great admiration for Chu Feng. It was as Chu Feng had said. She, Leng Yue, had not been wrongly defeated. It was not that she was too weak. Rather, it was that her opponent, Chu Feng, was simply too strong.

Seeing that Leng Yue had become quiet, Chu Feng knew that she had reached a compromise. Thus, Chu Feng began to slowly walk toward Baili Xinghe.

Seeing Chu Feng approaching him, Baili Xinghe grew extremely nervous. He had seen with his own eyes how Chu Feng had used various methods to toy around with Leng Yue.

At this moment, Baili Xinghe was deeply aware of the terror that was Chu Feng. Even Leng Yue was no match for Chu Feng. As such, how could he, Baili Xinghe, possibly be able to contend against Chu Feng?

Chu Feng looked to Baili Xinghe and said, “Baili Xinghe, what did you say earlier? Come, say it again.”

Baili Xinghe gulped down a mouthful of saliva. Then, nervously, he said, “Brother Chu Feng, I was in the wrong earlier. As a person of great moral stature, please forgive the offenses committed by this one of low moral stature. Please, let me off this one time.”

Although Baili Xinghe was begging Chu Feng for forgiveness, he did not dare to even look Chu Feng in the face as he begged. He was truly afraid that Chu Feng would kill him.

“Heh, look at your cowardly appearance,” Seeing Baili Xinghe trembling in fear because of him, Chu Feng laughed with contempt. Then, he said, “Taking the Weaponry Refinement Immortal into consideration, I will not kill you.” After Chu Feng finished saying those words, he turned around and left.

“Huuu~~~” After hearing those words, Baili Xinghe finally heaved a sigh of relief. As he saw Chu Feng gradually growing further and further away, he thought to himself, “Chu Feng, I knew that you wouldn’t dare to kill me. Heh, I admit that you have some skills. While I am no match for you alone, I have plenty of methods to take care of you.”

“While Leng Yue will hide all that has happened here today, I will not. As long as I spread this matter, even though Leng Yue will become extremely infamous, the Heavenly Law Palace will definitely not let you get away with it.”

“Chu Feng, your decision to not kill today is a mistake. I’ll have you know my ability. As for your women, they will, sooner or later, be mine.” When thinking of these things, the corners of Baili Xinghe’s mouth lifted into a treacherous smile. He had already made plans to take care of Chu Feng.

“Taa~~~”

However, right at this moment, Chu Feng suddenly stopped his footsteps.

Seeing Chu Feng standing there, Baili Xinghe started to grow so nervous that his soul was nearly about to fly out from his body. He thought to himself, “Could it be that he can even hear what I said to myself in my heart?”

Thinking of that, Baili Xinghe began to sweat like a pig...

Chapter 1796 – Borrowing Another’s Blade To Kill

Chu Feng naturally could not hear what Baili Xinghe was thinking in his heart. However, Chu Feng was able to guess what he was thinking.

Thus, Chu Feng looked to Leng Yue and said, “Oh, that’s right. Leng Yue, you’d best make sure that I do not discover people from the Heavenly Law Palace trying to assassinate me. Else, I will publicize all that has happened here today. I believe you know the consequences that that will bring.”

“That being said, while I am able to temporarily keep what has happened here confidential, I am not sure about others,” As Chu Feng said those words, he deliberately took a glance at Baili Xinghe.

“Chu Feng, you!!!” Hearing those words, Baili Xinghe, who was already sweating like a pig, nearly fainted from anger.

Chu Feng was sowing dissension. He was most definitely sowing dissension. He was trying to borrow another’s blade to kill. Chu Feng was trying to have Leng Yue kill him.

At this moment, Leng Yue also managed to react. She turned her gaze filled with coldness toward Baili Xinghe.

In panic, Baili Xinghe immediately said, “Leng Yue, I, Baili Xinghe, swear upon the heavens that I will definitely not spread what has happened here today!”

“How am I supposed to trust you?” Leng Yue began to walk toward Baili Xinghe one step at a time.

“Leng Yue, you must trust me. No matter what, I, Baili Xinghe, am the personal disciple of the Weaponry Refinement Immortal. I am someone who will definitely keep my word. I am definitely trustworthy.”

At this moment, Baili Xinghe discovered that Leng Yue began to have intentions of eliminating him. Thus, he tried his hardest to struggle free from Leng Yue's binding. Unfortunately, Leng Yue's power that had restricted him was simply too strong. He was simply unable to escape at all.

Feeling helpless, he had no other choice but to bring up the name of his master.

Baili Xinghe was truly afraid, extremely afraid. He, Baili Xinghe, was the personal disciple of the Weaponry Refinement Immortal. He possessed both talent and status. In the future, he would definitely have a bright road ahead. As such, how could he possibly be willing to die? How could he possibly be willing to lose all that he possessed?

"Very well, I'll reluctantly trust you," Leng Yue had already arrived before Baili Xinghe. The murderous intent in her gaze had also decreased greatly.

"My thanks," Seeing that Leng Yue's killing intent was gone, Baili Xinghe heaved a sigh of relief.

"Puchi~~~"

However, right at that moment, Baili Xinghe's expression became distorted. He lowered his head and discovered that Leng Yue's hand had pierced into his dantian. Blood was flowing from below his abdomen.

Even though Leng Yue was already seriously injured by Chu Feng, it required no effort from her to take care of someone like Baili Xinghe.

"Leng Yue, you!!!" Baili Xinghe had an expression of irreconciliation.

"Baili Xinghe, although I trust you, I must kill you. As for the reason why, we both know."

"Boom~~~"

After saying those words, a trace of ruthlessness flashed through Leng Yue's eyes. Her palm suddenly trembled. Then, Baili Xinghe was shattered into pieces.

"Chu Feng, this is yours. I hope that you can keep your promise. I won't do anything to you. So, do not say anything about me," Leng Yue tossed Baili Xinghe's Cosmos Sack to Chu Feng.

That Cosmos Sack was a scalding sweet potato. No matter what, Baili Xinghe was the Weaponry Refinement Immortal's disciple. However, Chu Feng still accepted that Cosmos Sack. The reason for that was because Baili Xinghe's treasures were quite alluring.¹

Although Leng Yue had handed Baili Xinghe's Cosmos Sack to Chu Feng, Chu Feng did not feel grateful to her at all. Instead, he took off the ring on his finger and said, "Leng Yue, I have also recorded the scene of you killing Baili Xinghe."

After he finished saying those words, Chu Feng carefully put the ring away.

"Chu Feng, you are ruthless," At this moment, Leng Yue came to a sudden realization that she had been made a fool of by Chu Feng again.

"Heh, there's no other way. For someone like you, I must resort to this sort of method."

"Remember, do not mention anything to your Heavenly Law Palace's elders. Else, not only will I ruin your reputation, I will also make it so that you cannot stay in the Heavenly Law Palace. I will also make the Weaponry Refinement Immortal chase after you to kill you."

"You should know what sort of consequence you will suffer should you lose the protection of the Heavenly Law Palace and gain the Weaponry Refinement Immortal as your enemy." When Chu Feng said those words, he was smiling. His appearance was extremely relaxed.

However, when those words entered Leng Yue's ears, they were like a myriad of blades piercing into her body. Furthermore, those blades were all coated with poison that caused deep penetrating pain to her heart and soul.

Leng Yue did not say anything anymore. She retrieved the three bowls that sealed this region and prepared to leave.

“Cough cough, I believe those are not yours, no?” Chu Feng said.

Leng Yue turned around and discovered that Chu Feng was currently using an avaricious gaze to look at the three golden bowls in her hand.

At this moment, Leng Yue's body trembled. That Chu Feng was truly planning to suck her dry.

However, there was nothing she could do. She was completely under Chu Feng's control. As such, she could only toss the three golden bowls to Chu Feng.

After tossing the golden bowls to Chu Feng, with serious injuries, Leng Yue soared into the air and left this place. She did not wish to stay here for a moment longer. She did not wish to see Chu Feng's complacent expression again.

The reason for that was because seeing his complacent expression would make her remember her defeat.

“These bowls are quite good. They're rare treasures too,” Chu Feng put the bowls away. Then, he opened his world spirit gate and said to Eggy, “I have troubled you, Milady Queen.”

“This is a trivial matter not worth mentioning,” Eggy waved her hand. Then, she entered the world spirit gate and returned to Chu Feng's world spirit space.

After returning to Chu Feng's world spirit space, Eggy asked, “Chu Feng, did that ring of yours really manage to record everything? It's that miraculous?”

“How could it be that powerful? Although I obtained this spirit formation from the Nine Spirits Divine Diagram, it is not that miraculous. It only recorded the portion that I showed her earlier. It is unable to record anymore. Furthermore, that portion it recorded will also disappear very soon. It is impossible for me to save it long term.”

“The hardest thing to change in the world are the things that have occurred. The time that has already passed, how could it possibly be saved?” Chu Feng looked toward the horizon and sighed.

The strength of humans was, after all, limited. For a lot of things, it would be impossible to change.

“That means, the scene of you defeating Leng Yue, and the scene of Leng Yue breaking her promise, neither of those are recorded?” Eggy was even more shocked.

“That’s right,” Chu Feng said.

“Then, what about when Leng Yue killed Baili Xinghe?” Eggy asked.

“Also not recorded,” Chu Feng said.

“Even that small portion you’ve recorded will soon disappear?” Eggy asked.

“That’s right. It will disappear by the end of today,” Chu Feng said.

“My god! In that case, doesn’t it mean that you simply do not have anything that can be used to threaten Leng Yue?” Eggy began to worry.

“Indeed. However, Leng Yue thinks that I do. Thus, I naturally do,” Chu Feng smiled. He had a confident expression on his face.

The way he saw it, Leng Yue considered her honor to be more important than anything else. Even though she was skeptical of

Chu Feng, she was not willing to take the risk.

Chu Feng had already contained Leng Yue completely. Likely, from today onward, Leng Yue would not dare to make Chu Feng her enemy again.

“My my my, little fellow, you’ve made this Queen gain a whole new level of respect for you.”

Seeing that Chu Feng was able to remain this calm and confident when even she started to get a bit panicky, Eggy suddenly realized that Chu Feng had truly matured.

“Woosh~~~”

Right at this moment, a ray of light suddenly flew past. In the end, it landed beside Chu Feng. It was a person.

“Leng Yue?” Seeing that it was Leng Yue, Chu Feng was surprised.

Not only had Leng Yue arrived beside Chu Feng with a speed akin to light, her body had also been restricted.

The next moment, a voice filled with anger sounded. “The two of you have fought in private, and even tried to act as if nothing had happened?”

[Previous Chapter](#) [Next Chapter](#)

The Cosmos Sack was a sweet potato because it contained treasures. It was scalding because contained within the Cosmos Sack were Baili Xinghe’s treasures. If Chu Feng were to reveal them, people would know, the Weaponry Refinement Immortal would know → Consequences for Chu Feng. ↩

Chapter 1797 – A Bamboo Slip

After that voice filled with anger was heard, two figures descend from the sky. They were two men. One was a middle-aged man, and the other was a young man.

They were Zhang Tianyi and that mysterious man, Zhang Tianyi's biological father.

Seeing them together, Chu Feng discovered that Zhang Tianyi really did resemble that mysterious man. Standing next to one another, they sure looked like father and son.

Merely, Zhang Tianyi had a very worried expression on his face, and was hinting at Chu Feng with his eyes the entire time. As for that mysterious man, although he had a calm expression, anger filled his face.

Without even thinking about it, Chu Feng was able to guess that Leng Yue's three golden bowls were not as powerful as she had thought. Although they were able to conceal them from the others, they were evidently unable to conceal them from Zhang Tianyi's father.

That was the reason why Zhang Tianyi's father was this angry.

“Chu Feng, Leng Yue, the two of you have refused to abide by the rules. Are you prepared to accept your punishment?” Zhang Tianyi's father's sword-like eyebrows were narrowed as he said those words while staring at Chu Feng and Leng Yue.

“Punishment? What punishment? Even if we have broken the rules, at the very most, you can disqualify us. Where did punishment come from?” Leng Yue asked.

“If the two of you had only competed with one another, you would naturally not be punished. However, you have killed someone in my territory, killed the Weaponry Refinement Immortal's disciple. How am I to explain this matter to the

Weaponry Refinement Immortal? Naturally, you must be punished,” Zhang Tianyi’s father said.

“.....” At this moment, Leng Yue grew speechless. She also knew that it had been wrong for her to kill Baili Xinghe.

Zhang Tianyi stepped forward and said, “Father, while Leng Yue has killed someone, Chu Feng did not kill anyone. He doesn’t have to receive punishment, right?”

“Tianyi, it is precisely because that Chu Feng is your friend that he must be punished. In order to not have others think that I am shielding Chu Feng, he too must be punished,” Zhang Tianyi’s father said.

“But...” Zhang Tianyi wanted to say more.

“Senior Zhang, Chu Feng is willing to accept your punishment,” Before Zhang Tianyi could finish what he wanted to say, Chu Feng interrupted him. He did not wish to make things difficult for Zhang Tianyi.

“Very well. The two of you, prepare yourselves,” Zhang Tianyi’s father took a bottle gourd from his sleeve.

That bottle gourd was extremely shabby-looking. In fact, there were even fine cracks on it. However, when the bottle gourd appeared, both Chu Feng and Leng Yue’s eyes started to shine.

Special veined patterns filled the surface of the bottle gourd. Those were characters that neither Chu Feng nor Leng Yue could understand. Apart from that, the bottle gourd was also emitting an ancient aura. That bottle gourd was something from the Ancient Era.

“What are you planning to do? Exactly how are you planning to punish us?” Leng Yue started to panic. She had managed to detect that the bottle gourd was dangerous.

“Stay in here for two hours. After two hours, I’ll release you two,” Zhang Tianyi’s father first opened the bottle gourd. He then

extended his arm and made a grabbing motion. Then, a powerful suction power sucked both Chu Feng and Leng Yue into the bottle gourd.

“Wuuahh~~~”

Instantly, Chu Feng felt that his surroundings were shaking. Not only were his surroundings pitch-black, the space in the gourd was also being distorted nonstop. Most importantly, in this place, Chu Feng was unable to move in the slightest.

“Wuu~~~”

Chu Feng started to tightly clench down on his teeth. The reason for that was because an unbearable pain was starting to engulf his entire body.

Especially his head, it was hurting extremely badly. It was as if countless sledgehammers were smashing upon his head with a speed of three thousand blows every second. His head was in so much pain that Chu Feng started to tightly clench his fists. It was so unbearable that even his soul started to tremble.

Two hours? Could he really endure this for two hours?

Chu Feng began to worry in his heart. He thought to himself that Zhang Tianyi's father was truly impartial, truly ruthless.

What was contained in this place was an ancient era's formation. Even Chu Feng would not be able to break through the formation. Not to mention him, even Dragon Mark Royal-cloak World Spiritists would not be able to break through the formation.

If one were to enter this place, one could only endure the torments from the formation. Chu Feng knew that this formation was meant to be used to torment others.

Although two hours might not be a long time, it was very possible for one to have a nervous breakdown after spending two hours in this sort of place. If one were to have a nervous breakdown, one would end up dying in here.

“Buzz~~~”

At the moment when Chu Feng was enduring the pain, he was shocked to discover that his senses had become clear. He had discovered an object in this originally pitch-black space.

“What is that?” Although Chu Feng was still unable to clearly see that object, Chu Feng’s heart was moved. He had determined that it was most definitely not something ordinary.

.....

“Father, what you’re doing is too excessive. No matter what, Chu Feng is my brother. Furthermore, both you and I know very well that Chu Feng did this for my sake.” Outside, Zhang Tianyi had an expression of unwillingness as he looked to his father.

Zhang Tianyi had always held his father in high regard, and had never dared to be rude to him. However, this time around, he was unable to contain himself. The reason for that was because he did not wish for his brother to suffer after helping him.

“Tianyi, you also saw what happened earlier. That Leng Yue and Chu Feng’s techniques, what do you think about them?” Zhang Tianyi’s father asked.

“They are both above me. I am inferior to them,” Zhang Tianyi looked to his father, “Why did you ask this? Could it be that you want to do something to Chu Feng?”

“You’re looking down on your father too much,” Zhang Tianyi’s father smiled. Then, he said, “Tomorrow, if you were to encounter Chu Feng, he would definitely let you win. However, if you were to encounter Leng Yue, she would definitely not go easy on you.”

“You can tell that Chu Feng did what he did to help you, thus, how can I not tell that too? You are grateful to Chu Feng, how could I not be grateful to Chu Feng too?”

“Tianyi, you need to know that, in this world, there is no one who cares about you more than me. I naturally wish for you to

become even stronger,” After saying those words, Zhang Tianyi’s father placed his hands onto Zhang Tianyi’s shoulders. With a very passionate gaze, he looked to Zhang Tianyi and said, “Thus, I am not harming Chu Feng. Instead, I am helping him.”

“But father, I have been to that place before. Even you have been to that place before. You should know how difficult it is for one to endure that place. If one spends too much time in there, one will die. Two hours, how could they possibly endure so long?” Zhang Tianyi was extremely worried. He had personally experienced it before. Thus, he knew how frightening that place was.

“Indeed. Both you and I have failed. However, Chu Feng and Leng Yue’s talents are above us, father and son. Especially Chu Feng. I feel that he might be able to obtain the benefit contained within that place,” Zhang Tianyi’s father said.

“But father, that bottle gourd is already a legend. No one knows whether or not it actually contains the legendary benefit. At the very least, ever since our Ancestor’s time, no one has ever obtained the benefit of that bottle gourd. Even that senior did not,” Zhang Tianyi was still worried.

“No, the legend is real. It is merely us descendants who are incompetent.”

“Rest assured, I have plans. I will not let Chu Feng die in there,” After saying those words, Zhang Tianyi’s father looked to the bottle gourd in his hand and said, “I am merely giving him an opportunity, the opportunity to obtain a whole new level of understanding of martial cultivation.”

.....

At the same time, Chu Feng’s gaze was growing clearer and clearer. He was able to gradually see what that object was.

Bamboo slip. It was a bamboo slip.

Although it was a bamboo slip, it was floating in midair. It

appeared to be unparalleled, like the ruler of all living things looking down from above.

Chapter 1798 – Divine Lightnings Revealing Their Might

The dark golden bamboo slip was not only emitting a very strong Ancient Era's aura, it was also emitting the aura of an unparalleled sovereign.

Even though he was very far away from it, with the help of his Heaven's Eyes, Chu Feng was practically certain that it was a bamboo slip.

“That is a treasure from the Ancient Era.”

With his Heaven's Eyes, Chu Feng came to see the bamboo slip more and more clearly. At the same time, the joyous expression on his face grew more and more intense.

Although it was only a single bamboo slip, the bamboo slip contained countless symbols. Those symbols were words. Each word contained a certain amount of profoundness.

In that small little bamboo slip, there were a total of several tens of thousands of such symbols. They gathered together like a stream of water, a river, as they rapidly flowed through the bamboo slip.

“Martial skill. It actually contains instruction regarding martial skills.”

“What profoundness. If I am able to grasp the contents of that bamboo slip, I will definitely be able to obtain enlightenment. My grasp of martial skills will also increase by an entire tier.”

After realizing the contents of that bamboo slip, Chu Feng became overjoyed. Sure enough, that bamboo slip was a treasure. Furthermore, it was a treasure of enormous assistance to one's path in martial cultivation.

“Buzz~~~”

Right at the moment when Chu Feng was carefully observing and comprehending the contents of the bamboo slip, the bamboo slip suddenly and faintly trembled. Then, it began to slowly float toward Chu Feng's direction. Even though it was very slow, it was indeed floating toward Chu Feng.

“I’m actually able to form a connection to that bamboo slip?”

At this moment, Chu Feng was overjoyed. At the moment he had discovered the bamboo slip, Chu Feng had started to gradually get used to the pain that engulfed his entire body.

This caused Chu Feng's spirit power to become more and more focused. The bamboo slip also started to float toward Chu Feng faster and faster.

“Snap~~~”

“Rumble~~~”

Right at this moment, a dazzling blue bolt of lightning flashed across Chu Feng's body. Not only did it emit a very ear-piercing sound, Chu Feng had also managed to clearly capture the sight of that lightning bolt.

Indeed, it was a lightning bolt. However, it did not appear to be ordinary lightning. Looking at it, Chu Feng felt uneasy.

“Why would there be lightning here?” Chu Feng started to frown as he pondered.

“Huu, huu, huu~~~”

Right at this moment, the sound of strong wind that sounded like the roaring of ten thousand beasts began to resonate. Furthermore, the sound was growing closer and closer.

“Snap~~~”

“Rumble~~~”

Following that, many thunderous sounds began to be heard continuously. At the moment when the lightning flashes appeared,

Chu Feng was able to see that there were lightnings along with the violent wind that were surging toward him.

Furthermore, the lightnings and violent wind were extremely powerful in appearance. Even though he was very far away from them, they still appeared to be enormous, unimaginably big.

“Hahaha, Chu Feng, the Heavens are truly helping me.”

“Although I am unable to move my physical body here, I am able to control my Divine Powers. Chu Feng, you’re toast!”

“Eh? There’s such a treasure here? It seems to be something from the Ancient Era. Haha. Good, very good!”

“Not only will you die today, that treasure will also be mine. And here I thought that Emperor Gong’s successor was helping you. It turns out he’s helping me instead. Hahaha!!!”

An incomparably malevolent voice sounded. It was Leng Yue’s voice. Her voice sounded from the depths of this empty space. Her voice was extremely disgusting to hear.

“Damn it, she can control her Divine Powers?”

“Why is it that I can’t control my powers?”

Chu Feng started to panic. The wind and lightning that had appeared were Leng Yue’s Divine Powers.

However, in here, they appeared to be many tens of thousand of times more frightening. Before them, Chu Feng felt that he was very weak and small.

He knew that, with Leng Yue’s strength, it should be impossible for her to unleash the power of her Divine Powers to such a frightening degree. It was very likely that what had appeared before him were the true appearances of her Divine Powers.

But, why was it that Leng Yue could unleash the true appearances of her Divine Powers, while he was unable to unleash his Inherited Bloodline?

That's right. Chu Feng's Inherited Bloodline was not willing to be controlled by him at all.

Thinking till this point, Chu Feng laughed a bitter laugh. Although he possessed a very powerful Inherited Bloodline, unfortunately, he had never been able to control it.

“Buzz~~~”

Fortunately, Leng Yue was not anxious to kill Chu Feng right away. Instead, after she discovered that bamboo slip, she began to control her wind and lightning to take the bamboo slip from Chu Feng.

Likely, Leng Yue had also discovered the importance of that bamboo slip, and she was not willing to miss out on the opportunity to obtain it.

At this moment, Leng Yue's boundless Divine Powers had managed to tightly bind the bamboo slip. The power being emitted by her Divine Powers was incomparably strong. They greatly surpassed the power that Chu Feng was able to grasp in this place.

That frighteningly strong power from Leng Yue's Divine Power created a clear contrast against the small bamboo slip.

However, although the bamboo slip was small, it also possessed a boundless amount of power; it was actually contending against Leng Yue's Divine Powers.

Even though Leng Yue's Divine Powers were dragging that bamboo slip toward her, its speed was extremely slow. It was only a tiny bit faster than the speed it had moved toward Chu Feng at.

If all she had was two hours, she would definitely not be able to subdue the bamboo slip.

“Damn it, why is this item so hard to deal with?” Although Chu Feng could not see Leng Yue, he was able to hear her frustration.

‘Heh, if it's not hard, it wouldn't be an object from the Ancient

Era,' Chu Feng sneered in his heart. The more difficulty Leng Yue ended up suffering, the more he would enjoy it.

“Boom~~~”

Right at this moment, the wind and lightning suddenly gave up on the bamboo slip. With unstoppable might, they swept toward Chu Feng once again.

‘Crap!’ Chu Feng cried out in his heart. Evidently, Leng Yue had discovered that it was impossible for her to obtain the bamboo slip. Thus, she had decided to abandon it and take care of Chu Feng instead.

Although Leng Yue was unable to subdue the bamboo slip, with her enormously frightening Divine Powers, it would be extremely easy for her to kill a defenseless Chu Feng.

What to do? Chu Feng was unable to even move. Furthermore, even if he were able to move, he would still undoubtedly be killed by Leng Yue’s frightening Divine Powers. There was simply no way for him to escape them.

“Could it be that I, Chu Feng, must resign myself to fate and die here?” Chu Feng felt extremely unreconciled upon thinking that he would die at Leng Yue’s hands here in such a way.

“Zzzzzzz~~~”

Right at the moment when the wind and lightning were about to reach Chu Feng, ear-piercing sounds suddenly emitted from Chu Feng’s body.

When the ear-piercing sounds were heard, Leng Yue’s Divine Powers actually trembled slightly. Then, they stopped.

“What is that?” At this moment, Leng Yue’s worried voice could be heard. She seemed to have seen something.

“Rooooaarr~”

Right at this moment, many ear-piercing roars suddenly

exploded in this region of space.

When the roars sounded, Chu Feng was able to clearly see sonic waves that spread through all directions. Even the empty space started to become distorted.

As the roars were heard, nine Divine Lightnings shot out explosively from within Chu Feng.

When the Divine Lightnings were shot out, they soon turned into enormous lightning beasts. Even though their current size was not their true size, when compared to Leng Yue's Divine Powers, they appeared to be incomparably gigantic.

Although Leng Yue's Divine Powers were enormous, when compared to the nine enormous lightning beasts before Chu Feng, they were incomparably small.

“Boom~~~Boom~~~Boom~~~Boom~~~Boom~~~Boom~~~”

Suddenly, the nine enormous lightning beasts moved. With each step, they created a violent quake and emitted ear-piercing noises. It was as if a continuous mountain range or a continent ten thousand miles wide was crumbling nonstop.

“Huuu~~~”

Seeing that Chu Feng's nine enormous lightnings had galloped forth, Leng Yue's Divine Powers started to surge. Merely, this time around, they were not coming toward Chu Feng. Instead, they were retreating.

They were afraid. Leng Yue's Divine Powers were actually afraid of Chu Feng's Inherited Bloodline.

“How could this be?! How could this be?!!!”

“Get back here and kill him! Damn it!!!!”

Leng Yue shouted in frustration. It seemed that her Divine Powers had broken free from her control.

Chapter 1799 – Subduing the Bamboo Slip

With Divine Powers that strong, anyone would try to flee upon seeing them.

However, it was precisely those two enormously strong and frightening Divine Powers that were fleeing at this time.

Although the two Divine Powers were escaping, the speed of the enormous lightning beasts was simply too fast. Soon, they caught up to them.

“Roar~~~~”

Right at this moment, the enormous lightning beast leading the others let out a roar. That roar turned into sonic waves that could be seen with the naked eye. Merely, the sonic wave this time around was many times more ferocious than the one from last time.

“Hualala~~~”

The sonic wave dashed through the Divine Powers. Wherever the sonic wave passed, the Divine Powers of wind and lightning turned into strands of gases before disappearing.

Merely the roar of a single lightning beast had left Leng Yue’s Divine Powers in utter devastation.

“Ahhhh~~~~”

At the moment when the Divine Powers were destroyed, Chu Feng heard a heart-splitting and lung-tearing scream. It was Leng Yue’s voice.

It was the first time that Chu Feng had heard Leng Yue screaming this miserably.

Likely, Leng Yue had received a backlash from the destruction of her Divine Powers.

“Zzzzz~”

Afterward, those nine enormous lightning beasts did not slow their pace. Instead, they continued to gallop onward.

“Wuuaoouu~~~”

Suddenly, the lightning beast that led the others opened its enormous mouth of lightning and swallowed the bamboo slip. Then its body shifted, and it turned back into a lightning bolt that shot toward Chu Feng.

Following it, the other eight enormous lightning beasts also turned into eight different-colored lightning bolts and returned to Chu Feng’s body.

“How could this be? Exactly what are those?”

“Chu Feng, exactly what sort of monster are you?!!!”

Chu Feng heard Leng Yue’s voice once again. At this moment, her voice was incomparably weak. However, contained within her voice was a very dense amount of disbelief.

Likely, Leng Yue had managed to see Chu Feng’s Inherited Bloodline easily bringing that bamboo slip into Chu Feng’s body. Not only was she stunned, she was also deeply frightened by it.

After all, she had tried to obtain the bamboo slip using her Divine Powers. However, even after spending a lot of effort, she had been unable to subdue the bamboo slip. Yet, that enormous lightning beast from Chu Feng’s body had managed to easily devour it.

With how enormous the difference between them was, how could she not be afraid?

“Heh...”

“Who would’ve thought that you guys would actually not fall short at the crucial moment.”

At this moment, Chu Feng smiled a satisfied smile. The reason for that was because he was able to clearly sense that, in addition to the enormous lightning beasts, there was also a bamboo slip in

his dantian. It was floating steadily within his dantian.

Furthermore, this could also be said to be the first time that Chu Feng had experienced the might of his Inherited Bloodline.

As the saying goes, without testing something out, one will not know its strength. Not only did Imperial Bloodlines fear Chu Feng's Inherited Bloodline, it turned out that even Divine Powers would flee from Chu Feng's Inherited Bloodline.

Although Chu Feng could not be sure whether it might be because Leng Yue's Divine Powers were weak, or whether the Divine Power she had unleashed was not the true strength of her Divine Powers, even if Leng Yue's Divine Powers were not at their true strength, Chu Feng also knew that the strength of his Inherited Bloodline that he had revealed earlier was not their true strength either.

Thus, in this match between Divine Powers and Inherited Bloodline, it was Chu Feng's Inherited Bloodline's victory. Furthermore, it was an overwhelming victory.

.....

"It's actually a success? Furthermore, it's not even been an hour yet?!"

At this moment, Zhang Tianyi's father looked at the bottle gourd in his hand. An unconcealable shock was present in his eyes.

Hearing those words, Zhang Tianyi expression changed to one of shock. Then, with a joyous expression on his face, he asked, "Success? Father, you're saying Chu Feng succeeded?"

"It's not certain whether it's Chu Feng or Leng Yue. However, one of them has most definitely managed to comprehend the Ancient Era's Bamboo Slip in the bottle gourd."

"Tianyi, look at this bottle gourd. If someone is able to comprehend the contents of the bamboo slip, the bottle gourd will react. This symbol represents that Ancient Era's Bamboo Slip,"

Zhang Tianyi's father pointed at the bottle gourd in his hand.

Zhang Tianyi looked carefully at the bottle gourd. Sure enough, a symbol was currently flickering on the bottle gourd. Earlier, that symbol had appeared to be nothing out of the ordinary. However, looking at it now, it appeared to be very special.

"Father, the symbol disappeared!" Zhang Tianyi cried in alarm. The symbol that had been flickering on the bottle gourd had disappeared.

"How could that be?!" Zhang Tianyi's father was stunned, as if he had been petrified.

"Father, what happened? Might it be that the disappearance of that symbol means something?" Zhang Tianyi hurriedly asked. It was the first time that he had seen his father have such a reaction.

"Huuu~~~" Zhang Tianyi's father finally woke back up from his stupor. At this moment, he had a very complicated expression in his eyes. He said, "Regardless of exactly who it is between the two of them that has done that, his or her talent has already surpassed that of our clan's Ancestor."

"Ah?" Zhang Tianyi opened his mouth wide in shock. Disbelief filled his eyes.

"Someone has not only comprehended the contents of the Ancient Era's Bamboo Slip, he or she has also subdued the bamboo slip," Zhang Tianyi's father said.

"Subdued? What do you mean by that?" Zhang Tianyi asked.

"The Ancient Era's Bamboo Slip no longer belongs to the bottle gourd. Instead, it now belongs to the person who subdued it," Zhang Tianyi's father said.

"How could that be?! That frightening Ancient Era's Bamboo Slip! Father, didn't you say that the formation within the bottle gourd is only that powerful because of the bamboo slip's power?" Zhang Tianyi felt disbelief.

After all, Zhang Tianyi knew how powerful that Ancient Era's Bamboo Slip was. He was able to barely see some of the bamboo slip's contents. However, the symbols on the bamboo slip were truly moving about too quickly for him to comprehend.

Such a powerful Ancient Era's Bamboo Slip had actually been subdued? This was something that he would never have dared to imagine.

"This bottle gourd is originally from the Ancient Era. Our Ancestor managed to obtain it through luck. He had said that the Ancient Era's Bamboo Slip within the bottle gourd could be subdued. However, it is only capable of being subdued by those with outstanding talent. Even Lord Ancestor... failed to subdue it."

"Furthermore, Ancestor said that after one entered the bottle gourd, one would be suppressed by the formation within it. At that time, the only thing one could use would be one's talent. Thus, if one wished to comprehend the contents of the Ancient Era's Bamboo Slip or subdue it, one must rely on one's talent to do so," Zhang Tianyi's father explained.

"....." Zhang Tianyi's expression became extremely uneasy. If it was Chu Feng that did that, it would naturally be great. However, if it was instead Leng Yue that did that, it would be an extremely bad piece of news for him.

"Father, quickly release them. I want to know exactly who did that," Zhang Tianyi said.

"There's no need. Without the Ancient Era's Bamboo Slip as its foundation, the bottle gourd has already lost its value. The formation in the bottle gourd will collapse by itself. Even without me helping, they will be able to break free from the bottle gourd themselves."

"Crack~~~"

Right after Zhang Tianyi's father said those words, a crack

appeared on the bottle gourd. This crack was different from the cracks on the surface of the bottle gourd, because it had originated from the inside of the bottle gourd.

At the moment when that crack appeared, the Ancient Era's aura that the bottle gourd had been emitting started to dissipate.

"Look, it has begun," Zhang Tianyi's father placed the bottle gourd onto the ground.

"Crack, crack~~~"

Sure enough, more cracks began to appear on the bottle gourd. Like a spider web, the entire bottle gourd was now covered with cracks.

Seeing that the bottle gourd was about to split open, Zhang Tianyi felt so nervous that his heart reached his throat. He truly did not wish for it to be Leng Yue who had subdued that Ancient Era's Bamboo Slip.

In fact, even Zhang Tianyi's father's gaze was flickering with unease.

"Boom~~~"

Finally, the bottle gourd exploded. Then, a dark black radiance began to flicker, and two figures appeared before them. They were Chu Feng and Leng Yue.

At this moment, Chu Feng was gasping for breath. Furthermore, his face was covered with giant beads of sweat. However, his overall health was quite good. Furthermore, he had a faint smile on his face.

As for Leng Yue, her complexion was ashen, her lips were purple and her eyes were sunken. After escaping from the bottle gourd, she directly fell onto her butt with a 'putt.' Not only did she not even have the strength to stand up, her body was trembling violently.

Seeing this scene, Zhang Tianyi started to beam with smiles. He was overjoyed.

As for Zhang Tianyi's father, he was nodding his head repeatedly. Even though he did not reveal it very clearly, he had also heaved a sigh of relief.

After seeing the current appearances of Chu Feng and Leng Yue, this father and son pair had obtained their answer.

Chapter 1800 – Profound Firmament Annihilation

“Junior brother Chu Feng, congratulations!”

Zhang Tianyi stepped forward and congratulated Chu Feng. He was so happy for Chu Feng that he was grinning from ear to ear.

“You knew?” Chu Feng asked.

“Yes. You are truly amazing. Even though I already knew that you were amazing, I never expected you to be this amazing.” Zhang Tianyi placed his hands on Chu Feng’s shoulders. He was extremely happy.

“Chu Feng, I had originally planned to punish you. Never would I have expected you to obtain benefits from a disaster.”

“You must know that that Ancient Era’s Bamboo Slip is the most precious treasure that our clan’s Ancestor obtained during his lifetime,” Zhang Tianyi’s father said.

“Thank you senior,” Chu Feng clasped his fist to express his thanks. No matter what, that treasure was the possession of the Zhang Family. However, judging from the attitudes of Zhang Tianyi and his father, it was clear that they were planning to give it to Chu Feng.

Even though Chu Feng had suffered torment in that bottle gourd, he had obtained this sort of treasure from it. No matter how one looked at it, Chu Feng had earned a profit. Naturally, Chu Feng had to express his thanks.

“There’s no need to thank me. This is your ability.”

“Although you will not have to continue to receive punishment, you will still not be allowed to participate in the competition tomorrow,” Zhang Tianyi’s father said.

“Senior, you’re not kicking me out of the fort?” Chu Feng was

surprised.

“You can stay for another day,” Zhang Tianyi’s father said.

“Chu Feng thanks senior,” Chu Feng clasped his fist and expressed his thanks again.

It had been Chu Feng’s intention to not participate in the competition. After all, for Zhang Tianyi’s sake, even if he was allowed to participate, Chu Feng would still have to concede. Rather than conceding, it was better to be disqualified from participating.

The reason why Chu Feng thanked Zhang Tianyi’s father was because he knew that the people from the Four Great Imperial Clans were waiting for him outside the fort. If Zhang Tianyi’s father were to kick him out of the fort now, he would not be able to escape them.

However, if Chu Feng were to wait until the competition ended to leave the fort together with everyone else, he would be able to obtain an advantage in the chaos to escape.

While Chu Feng knew about this, Zhang Tianyi’s father also knew about it too. Thus, Chu Feng understood that Zhang Tianyi’s father was thinking for his sake.

“Leng Yue has been quite affected by that formation. I will bring her back first. You two brothers can have a chat with one another,” Zhang Tianyi’s father looked to Leng Yue and shook his head.

Originally, he had thought that, with Leng Yue’s talent, even if she were unable to comprehend the contents of the Ancient Era’s Bamboo Slip, she should be able to withstand the torment from the formation. However, the result before his eyes brought him great disappointment.

At this moment, Leng Yue took a profound glance at Chu Feng. Only she knew that she had not been left in such a state because of

the formation in the bottle gourd, but instead had been left in such a state because of Chu Feng.

It was Chu Feng who had used his frightening enormous lightning beasts to leave her in such a state. Even though the Divine Powers in her body had not been adversely affected, her entire mental state was on the verge of collapse.

“Junior brother Chu Feng, thank you,” After Leng Yue was brought away by his father, Zhang Tianyi thanked Chu Feng.

“If you were me, you would also have done the same thing,” Chu Feng said with a smile. He did not try to conceal that he had done this to help Zhang Tianyi.

At this moment, Zhang Tianyi said no more, and instead smiled. As the saying goes, great grace cannot be thanked with words. Zhang Tianyi firmly remembered this grace shown by Chu Feng in his heart.

When Chu Feng returned to his pagoda, it was already very late into the night. The others had all fallen asleep. However, Yan Xie, Chili Pepper, Big Radish and Little Raish were still awake. They were all unable to sit or stand still from being worried for Chu Feng.

After seeing that Chu Feng had returned safely, Yan Xie and the others were overjoyed. However, still, they nervously asked, “Chu Feng, how was it? Did you win?” They wished to confirm the result of the battle.

“Mn,” Chu Feng nodded.

“Haha, that’s truly great. Even Leng Yue is no match for you. Zhang Tianyi will definitely not be a match for you either.”

“The title of the Holy Land of Martialism’s Strongest Younger Generation will definitely be yours. As expected of my idol, you’re amazing!” Chili Pepper started to dance in joy. She was extremely excited.

Big Radish and Little Radish were acting the same way. Even Yan Xie, who was generally very calm, had a smile on his face.

“I will not be participating in the competition tomorrow. The match between Leng Yue and I was discovered by that senior,” Chu Feng said.

“Ah?” Hearing those words, Chili Pepper and the others were all startled. However, they immediately asked worriedly, “Then, did he try to make things difficult for you?”

“If he did, how would I have been able to return here?” Chu Feng asked with a smile.

“It’s alright. As long as you’re fine, everything’s good.”

Hearing those words, Chili Pepper and the others smiled in relief. However, upon thinking about how Chu Feng would be unable to participate in the competition tomorrow, they were unable to conceal the regret they felt from their gazes.

Chu Feng knew that they were feeling regret for him. He also did not wish to make them feel regret for him. However, there was no other choice. For Chu Feng, compared to a title, his brotherly affection was much more important.

Afterward, Chili Pepper and the others all went to rest. However, Chu Feng not go to sleep.

The reason for that was because he was impatient to comprehend the contents of the Ancient Era’s Bamboo Slip in his dantian.

Contained within the Bamboo Slip were quintessences of using martial skills. If Chu Feng were able to comprehend it, not only would he achieve a higher level of comprehension for martial skills, he might even be able to comprehend the relationship between the Earthen Taboo: Firmament Slash and the Earthen Taboo: Firmament Shield.

If he were able to combine the two of them, he might even be able to obtain the strength of a Heaven Taboo.

Chu Feng had experienced a Heaven Taboo Martial Skill today. Indeed, it had been extremely powerful, and definitely not something Earthen Taboo Martial Skills could compare with.

If it wasn't for the fact that Chu Feng had employed a stratagem to have Leng Yue lower her guard, then use the Black Tortoise Armor Technique's illusion to confuse Leng Yue so that he could use his Divine Lightnings to cut through Leng Yue's golden light and approach her with his Azure Dragon Dashing Technique so that he could launch a surprise attack with his Divine Lightnings at close range, it would have been impossible for him to defeat Leng Yue.

Thus, Chu Feng began to long for the strength of a Heaven Taboo Martial Skill even more. And now, the fastest way for him to obtain the strength of a Heaven Taboo Martial Skill would be to fuse the Earthen Taboo: Firmament Slash with the Earthen Taboo: Firmament Shield.

Even though Chu Feng was unable to be certain whether the Earthen Taboo: Firmament Slash and Earthen Taboo: Firmament Shield could actually fuse with one another, and whether they would be able to match against Heaven Taboo Martial Skills should they fuse, he still felt that he had to give it a try.

.....

Time flashed past. In a blink of an eye, the starry sky gradually disappeared. A gleam of light began to emerge from the eastern horizon. The sky... had already brightened.

As for Chu Feng, he had been sitting in a cross-legged position with closed eyes the entire time.

He had not fallen asleep. Instead, he was in deep concentration. Merely, all of his concentration was focused upon his dantian.

“Woosh~~~”

Finally, Chu Feng opened his eyes. At the moment when he

opened his eyes, boundless joy and shock filled his eyes.

He was in joy because he had, from that Ancient Era's Bamboo Slip, managed to comprehend things about martial cultivation techniques that he had never been able to before. He now possessed a whole new understanding of martial skills.

From now on, Chu Feng would be able to use his martial skills more skillfully, and more effortlessly.

Even for martial skills that placed enormous burden on the body like the Earthen Taboo: Firmament Slash would have its burden on the body decreased.

However, most importantly, Chu Feng had managed to completely grasp the Earthen Taboo: Firmament Shield, that Earthen Taboo Martial Skill that could be used offensively and defensively simultaneously.

Furthermore, he had discovered... that, sure enough, the Earthen Taboo: Firmament Shield and the Earthen Taboo: Firmament Slash could be fused together.

Should the two of them be fused together, their might would be several times more powerful. Although Chu Feng could not guarantee that their might would be able to reach that of a Heaven Taboo Martial Skill, he believed that they would, at the very least, not be weaker than the Heaven Taboo: Dao Light Seal that Leng Yue had revealed yesterday.

Thus, from today onward, Chu Feng's strongest martial skill was no longer the Earthen Taboo: Firmament Slash. Instead, it was the new martial skill originating from the fusion of the Earthen Taboo: Firmament Slash and Earthen Taboo: Firmament Shield.

As this martial skill lacked a name, Chu Feng decided to name it... Profound Firmament Annihilation.

The meaning behind the name was that once that profound attack was unleashed, the firmament would appear. Once the

firmament appeared, a complete annihilation would be the result.

Chapter 1801 – Competition Begin

Chu Feng was only able to grasp the Profound Firmament Annihilation because of that Ancient Era's Bamboo Slip. As for the reason why Chu Feng was filled with astonishment, it was also because of that Ancient Era's Bamboo Slip.

Chu Feng discovered that the contents of that Ancient Era's Bamboo Slip were not only limited to the bits concerning martial skills. At the very most, he had only managed to comprehend a tenth of the Ancient Era's Bamboo Slip's contents.

There was ninety percent more that he had not yet grasped. However, he could not comprehend those. The reason for that was because those contents were incomplete.

“This Ancient Era's Bamboo Slip is something from the Ancient Era. It is no wonder they say that the Ancient Era was the golden age of martial cultivation. Merely from a portion of the contents in this bamboo slip, it could be seen that the comprehension for martial cultivation that martial cultivators currently possess is much inferior to that of the Ancient Era's martial cultivation experts.”

“There is most definitely more than a single Ancient Era's Bamboo Slip. Likely, there are a lot more. If I were able to obtain all of them, they would not be only limited to the usage of martial skills, I will be able to make progress in all aspects of martial cultivation. Perhaps I might even be able to obtain previously unimaginable harvests.”

“No wonder, no wonder...”

“No wonder senior Zhang said that this is the most precious treasure Emperor Gong obtained in his lifetime.”

“The value of this treasure is indeed unmeasurable. If the matter regarding this bamboo slip were to spread, it would likely overturn

the entire Holy Land of Martialism.”

“Fortunately, that girl Leng Yue did not manage to discover the real mystery contained within this Ancient Era’s Bamboo Slip. Else... I would likely suffer a calamity,” Chu Feng gasped with admiration. He had realized how amazing this Ancient Era’s Bamboo Slip was. Merely a single bamboo slip was already this powerful. If he were to be able to obtain all of them, how extraordinarily powerful would they be?

Chu Feng felt that if he were able to comprehend all of the contents in the Ancient Era’s Bamboo Slips, while he would not dare to guarantee anything else, he was certain that it would definitely be able to help those that had been unable to reach a breakthrough for a long time reach a breakthrough.

However... merely that would be enough to drive countless cultivators mad. They would fight one another to obtain this treasure. While the bamboo slips might be treasures, they would also be the originator of disasters. Chu Feng absolutely could not allow anyone to know that such a thing was hidden within his dantian.

Suddenly, Chili Pepper’s voice sounded from outside. “Chu Feng, the competition is about to begin. Are you going to watch?”

Using his Heaven’s Eyes, Chu Feng discovered that not only were Chili Pepper and the others outside, the people from all of the pagodas had come out. Even Zhang Tianyi’s father was standing in the center of the battle stage. It would appear that this Strongest Younger Generation Battle Assembly was really going to begin.

“Of course,” Chu Feng stood up and began to walk outside.

Even though he could not fight against the competitors himself, as well as the fact that those people were not worthy of him fighting against them, Chu Feng still wished to see Zhang Tianyi defeating everyone and obtaining the title of the Strongest Younger Generation.

“Buzz~~~”

“That is?”

However, before Chu Feng walked out of the pagoda, he suddenly discovered that the spirit formation above them was starting to change.

Upon looking at the spirit formation, although there was no clear change, Chu Feng was able to see that the people outside all revealed surprised expressions.

Although he could not hear their voices, Chu Feng was able to read their lips with his Heaven's Eyes.

“It opened? The spirit formation actually opened?!”

“No, the spirit formation didn't open. It merely became transparent. We are able to see the inside.”

“We can see inside, we can see everything. Aren't those people the finest of the Holy Land of Martialism's younger generation?”

At this moment, the crowd was gasping with surprise. It was as they said, a portion of the sealed spirit formation had been opened. Although it was only the central portion, it was already enough to bring great excitement to those people. After all, they all knew that the central portion was the location where the finest of the younger generation had gathered.

They were being given the opportunity to watch the competition for the title of the Strongest of the Younger Generation.

“Quickly, look. That man standing in the center of the competition stage, his aura is very extraordinary. He's a Martial Emperor, at the very least. He should be this place's master, no?”

“Then... that young man standing beside him should be Emperor Gong's successor, right? He's actually a rank eight Half Martial Emperor. Amazing,” After discovering Zhang Tianyi and his father, the crowd exclaimed in astonishment.

Even though they were unable to enter due to the spirit formation, they were able to sense the aura of those within the spirit formation.

“Quickly, look, those are our Underworld Palace’s three Underworld Messengers.”

“Those are our Mortal King Palace’s disciples.”

“Our Heavenly Law Palace’s three Heavenly Generals are truly dragons among men. Even when standing with those geniuses, they’re still exceptionally outstanding. Eh... something’s wrong, why are there only two of them? Where’s Leng Yue?”

“Chu Feng is also not present.”

.....

.....

.....

After a moment of astonishment, the crowd discovered that the two people that they were anticipating the most were not present.

“Today is the day of the competition for the title of the Strongest Younger Generation.”

“There were originally a total of twenty one participants. However, the three little friends from the Underworld Palace have decided to forfeit,” As Zhang Tianyi said those words, he looked to Chili Pepper, Big Radish and Little Radish.

“Who are those three? I don’t seem to recognize them. Could it be... that they’re that Chili Pepper, Big Radish and Little Radish?”

“That’s most definitely them. After all, other than those three, the rest of the people are all people with overwhelming fame. I only do not recognize the three of them.”

“What’s going on? They’re actually the Underworld Palace’s disciples? But, why are their cultivations so weak? They’re not even Half Martial Emperors. With their cultivations, how did they

manage to reach the fort's center region?" The crowd were all guessing wildly. At the same time, they were all disappointed. Originally, they had thought Chili Pepper, Big Radish and Little Radish to be extremely powerful. However, it turned out that they were actually this weak.

"What about that Chu Feng and Leng Yue? Where are they?" The crowd asked. Especially the people from the Heavenly Law Palace, they were very worried about where Leng Yue had gone off to. After all, Leng Yue was their strongest disciple.

"Leng Yue and Chu Feng had decided to privately spar with one another. As they have gone against the rules, they are both disqualified from this competition," Zhang Tianyi's father said.

"Ah? The two of them fought one another in private? Who won?" The crowd were disappointed. Then, they began to guess. There were even people that spoke the question they were guessing out loud.

The way people saw it, Emperor Gong's successor, Chu Feng and Leng Yue were definitely hot topics in this competition for the title of the Strongest Young Generation.

However, as matters stood, only that Emperor Gong's successor remained. In other words, they would not have the opportunity to see Leng Yue and Chu Feng's strength. This caused the crowd to feel extremely regretful. That said, they also wished to know exactly who won in the match between Leng Yue and Chu Feng.

"Why is it that when my son broke the rule, you expelled him directly, yet when Chu Feng broke the rule, you let him stay?" The Ximen Imperial Clan's Clan Chief asked with a cold voice.

"The two of them have already received punishment for their actions. As such, they can stay. As for that punishment they received, it is not something that your son could endure," Zhang Tianyi's father said.

“.....” The Ximen Imperial Clan’s Clan Chief clenched his fists tightly. He felt that those words were simply insulting his son. To say that his son could not even endure a punishment, it was clear that he was calling his son weak.

“The private match between Chu Feng and Leng Yue, exactly who won?” Other than the people from the Four Great Imperial Clans, the others were still mainly concerned about the result of the match between Chu Feng and Leng Yue.

“Ta, ta, ta~~~”

Right at this time, Leng Yue walked out. At this moment, her complexion was somewhat pale. However, it was already much better compared to last night.

“Quickly, look! It’s the Heavenly Law Palace’s number one disciple, Leng Yue. She’s a rank eight Half Martial Emperor. What outstanding strength. Only that Emperor Gong’s successor and Underworld Messenger Kuang are capable of rivaling her cultivation.” Leng Yue’s appearance immediately caused the people from the Heavenly Law Palace to burst into an uproar.

“Leng Yue, she is Leng Yue? Amazing. What powerful strength. Didn’t he say that she was punished? Didn’t he say that her punishment was something that not even Ximen Feixue could endure? Why does Leng Yue appear to be completely fine?”

“Is there even a need to ask that question? Leng Yue’s strength greatly surpasses Ximen Feixue and Chu Feng’s. No matter how strong a punishment it might be, it is still nothing more than a piece of cake for her.”

“Strange. Since Leng Yue is that powerful, why did she fight Chu Feng? Didn’t they say that Chu Feng was only a rank three Half Martial Emperor when he fought against Ximen Feixue? Logically, even if Chu Feng were able to defeat Ximen Feixue, he shouldn’t be qualified to fight against Leng Yue, no?” Many people were confused.

“I know now! That Chu Feng deliberately challenged Leng Yue. He knew that he could not obtain the title of the Strongest Younger Generation. Thus, he deliberately broke the rules and pulled Leng Yue into the water with him so that she would be disqualified alongside him. Someone like him is simply too shameless!”

“That’s right. With that Chu Feng’s strength, how could he possibly be a match for Lady Leng Yue? However, if he decided to pull Leng Yue down by breaking the rules, then, regardless of the outcome of the battle, Leng Yue would be disqualified. That Chu Feng is extremely despicable. He’s simply a shameless vile character!” The disciples of the Heavenly Law Palace placed all of the blame onto Chu Feng.

“Although those words might be extreme, they seem reasonable. Regardless of how powerful Chu Feng is, Leng Yue is simply much too powerful. It should be impossible for Chu Feng to defeat Leng Yue.”

After hearing the deductions of the Heavenly Law Palace’s disciples, many of the other observers also began to feel the same way.

Right at this moment, Zhang Tianyi spoke. “Everyone, there is no need to make wild guesses anymore. It is Leng Yue who challenged Chu Feng. As for the result of their match, it was Chu Feng’s victory.”

“What?” Hearing those words, the crowd present were all stunned.

Chapter 1802 – Brought About Great Military Might

“Tianyi!” Zhang Tianyi’s father glanced at Zhang Tianyi. Based on his gaze, it seemed that he did not wish for Zhang Tianyi to run his mouth.

“Father, Chu Feng is my brother, I cannot sit by and do nothing while others slander his reputation before my eyes.”

“Furthermore, I merely spoke the truth,” Zhang Tianyi said stubbornly.

Seeing that, Zhang Tianyi’s father said no more.

“Ah? That Emperor Gong’s successor is Chu Feng’s brother?”

“Chu Feng actually possesses such a relationship?”

“In that case, it seems that Chu Feng really defeated Leng Yue.” The crowd were shocked once again.

“How could that be? Leng Yue is a rank eight Half Martial Emperor. How could Chu Feng possibly be able to defeat Leng Yue?” The people from the Heavenly Law Palace were unwilling to accept it.

“If you all do not believe it, go and ask Leng Yue what the outcome of the battle was,” Chu Feng walked out from his pagoda.

“Chu Feng! It’s Chu Feng!”

“Rank seven Half Martial Emperor! Chu Feng is actually a rank seven Half Martial Emperor?!”

“Didn’t they say that Chu Feng was only a rank three Half Martial Emperor when he fought Ximen Feixue? How did he become a rank seven Half Martial Emperor in such a short period of time?!” Upon seeing Chu Feng, the crowd were all shocked.

This was especially true for the people from the Four Great

Imperial Clans. They were all frowning and feeling even more uneasy.

At this moment, even the previously carefree Beitang Imperial Clan and Dongfang Imperial Clan's Clan Chiefs were frowning. They had finally realized how frightening Chu Feng was.

His speed of reaching breakthroughs was simply too fast.

At this moment, Leng Yue had an ugly expression on her face, while Chu Feng had a very natural expression. Even though Leng Yue didn't say anything, the crowd was able to guess that Leng Yue had indeed been defeated by Chu Feng.

As for this... it caused the crowd to be shocked by how powerful Chu Feng was.

However, what the Four Great Imperial Clans were worried about was not this. They had made absolute preparations to eliminate Chu Feng here.

However, they never had expected that Emperor Gong's successor was Chu Feng's brother. While they would not fear that Emperor Gong's successor, since he was only a member of the younger generation, they still did not know how powerful that middle-aged man was.

However, one thing was certain. That was that if that man were to act, he might cause a major headache for them.

"I hereby announce that the Holy Land of Martialism's Strongest Younger Generation Battle Assembly will officially begin," Right at this moment, Zhang Tianyi's father announced the beginning of the competition.

Once those words were said, everyone turned their gazes to the competition stage. Although Leng Yue and Chu Feng were disqualified, the other members of the younger generation present were all extraordinary people too. This still was a very marvelous competition that the crowd did not wish to miss.

.....

.....

...

The competition lasted for a total of two full days, two full nights and six more hours. The final result was within the crowd's expectations.

Without Chu Feng and Leng Yue as his two great formidable opponents, Zhang Tianyi managed to successfully obtain first place, and the title of the Strongest Younger Generation. As for the others... they were all defeated by him one by one.

One thing worthy of mentioning was that the match between Zhang Tianyi and the Underworld Palace's Underworld Messenger Kuang was very marvelous. The crowd was unable to forget their battle, and continued to enjoy it in their memories.

Even though Zhang Tianyi managed to obtain victory in the end, the Underworld Palace's Underworld Messenger Kuang was able to obtain the crowd's approval with his strength.

Merely, when Zhang Tianyi was declared to be the victor of the competition, when he was declared to be the possessor of the title 'Strongest Younger Generation,' the crowd involuntarily took glances at Chu Feng and Leng Yue.

Neither Leng Yue nor Chu Feng fought in the competition. The younger generation from the Ancient Era's Elves were also not present. Thus, although Zhang Tianyi had obtained the crowd's approval, they still felt that his title of the Strongest Younger Generation was not actually true.

As for Yan Xie, due to the fact that the competitors were extremely powerful, even though his performance was not the worst, it was also not extremely good.

However, Yan Xie enjoyed this competition. He knew from the very beginning that he would not be able to obtain the title of

‘Strongest Younger Generation.’ However, he enjoyed being able to spar with fellow expert members of the younger generation.

“Everyone, thank you all for coming here today to witness my son obtaining the title of the Strongest Young Generation,” Zhang Tianyi’s father said.

“My son? That man is actually that Emperor Gong’s successor’s father?” The crowd burst into an uproar.

“Truth be told, this one’s name is Zhang Ming. I am the seventh generation successor of Emperor Gong. My son, Zhang Tianyi, is the eighth generation successor of Emperor Gong.”

“Emperor Gong, Gong Wuming’s original name was Zhang Xianfeng. He is our Zhang Family’s ancestor.”

“Merely, back then, my ancestor did not wish for the people of the world to know of the existence of our Zhang Family. Thus, he concealed his identity, and named himself Gong Wuming as he traveled the world,” Zhang Ming announced the truth of Emperor Gong. Actually, he had wanted to use his ancestor’s reputation to increase Zhang Tianyi’s reputation.

After all, Emperor Gong’s successor and Emperor Gong’s descendant possessed different connotations.

“Ah? They’re not merely Emperor Gong’s successors, they’re also Emperor Gong’s descendants?”

“Emperor Gong’s actual name is actually Zhang Xianfeng?”

“Zhang without Chang is Gong. So that’s the case!”

“Never would I have imagined that Emperor Gong’s descendants are actually still alive,” Sure enough, after knowing about this, the crowd became even more astonished.

“Buzz~~~”

At the moment when everyone was shocked, Zhang Ming waved his sleeve. Then, following a spatial fluctuation, the portion of the

fort that had been visible to the public was closed off again.

After sealing off the fort, Zhang Ming said, “Little friends, the competition has ended. You all can return back through the same route,”

“Thank you, senior, for your hospitality,” Seeing that the entrance that had previously been sealed had been opened, the various disciples clasped their fists respectfully to Zhang Ming and then left in succession.

While the others left normally, when Leng Yue left, she took a profound glance at Chu Feng.

In an instant, the only people that remained here were Chu Feng and the others.

“Chu Feng, I’ve heard from my father that the Four Clans have set up an inescapable net outside for the sake of capturing you. If you are to go out now, you’ll walk right into the trap. How about you stay here instead of leaving?”

“If you are to stay here, they will not dare to do anything to you,” Zhang Tianyi advised Chu Feng.

“Since I’ve come, I must definitely leave. There is still a senior waiting for me outside.”

Chu Feng shook his head. Since he dared to come, he knew that such a thing would happen. Thus, Chu Feng was not surprised at the so-called ‘inescapable net’ set up by the Four Great Imperial Clans.

Furthermore, Baili Xuankong was waiting for him outside. If Chu Feng were to stay here, Baili Xuankong would not know anything about the situation inside the fort. Thus, he would also stay outside. As long as Baili Xuankong stayed outside, he would inevitably be captured by the Four Great Imperial Clans. Thus, Chu Feng did not plan to continue to stay here.

“But it is truly dangerous outside. It is better that you stay here.

In here, with my father present, they will not dare to do anything to you,” Zhang Tianyi continued to urge Chu Feng to stay.

“Senior brother Zhang, I appreciate your kindness. However, if I am to stay, while I will be able to be safe for the time being, I will definitely not be safe forever.”

“The Four Clans detest me enormously. They consider me to be a future danger, and are willing to do everything within their power to eliminate me. If I were to stay here, I would definitely implicate you and senior Zhang. Thus, I absolutely cannot stay,” Chu Feng knew that even if he stayed, it would not be the best option.

Even though the Four Great Imperial Clans are unable to destroy the fort right now, as long as Chu Feng stayed in the fort, the Four Great Imperial Clans would think of all sorts of means to kill him. They might even search for experts to breach the fort. At that time, Zhang Tianyi and his father would be implicated. Chu Feng did not wish for that to happen.

“But...”

Zhang Tianyi wanted to continue to urge Chu Feng against it. He was truly worried for Chu Feng. Especially after he heard from his father that all of the various preparations the Four Great Imperial Clans had made outside the fort were for the sake of only Chu Feng, he became even more worried for Chu Feng.

Tens of thousands of experts had set up an inescapable net for the sake of a single member of the younger generation, Chu Feng.

This was sufficient to signify how determined to kill Chu Feng the Four Great Imperial Clans were.

The reason for that was because... they had truly brought great military might with them.

Chapter 1803 – Inescapable Net

Right at this moment, Zhang Ming said, “Tianyi, Chu Feng has made his resolution. You should stop urging him against it,”

After hearing what Zhang Tianyi’s father said, Chu Feng’s eyes narrowed slightly. Chu Feng was already able to tell that while Zhang Tianyi wanted him to stay, his father didn’t seem to want him to stay.

However, Chu Feng did not blame him for it. Instead, he felt very relieved. After all, regardless of what sort of relationship Zhang Tianyi had with him, Zhang Tianyi’s father still had to consider Zhang Tianyi’s well-being first and foremost.

Let alone, as the competition had ended, Zhang Tianyi’s father could have totally just immediately opened the fort and allowed everyone to exit directly. However, he had not done so. Instead, he had everyone return through the same path they had come from. The actual reason why he did that was actually so that he could help Chu Feng obtain the opportunity to escape.

No matter what, Chu Feng felt that Zhang Tianyi’s father was a pretty decent person. He did not do anything that he shouldn’t have, and had done all that he should to help Chu Feng.

“Chu Feng, the White-browed Immortal, with the help of many experts, has set up an inescapable net outside of the fort over the past couple days.”

“I know that your World Spirit Techniques are very strong. However, no matter what, that White-browed Immortal is still a Dragon Mark Royal-cloak World Spiritist. You might not necessarily be able to break through his world spirit techniques.”

“However, if you have this with you, you will be able to escape from the White-browed Immortal’s spirit formation without him knowing about it,” Zhang Ming handed a paper talisman to Chu

Feng. This was no ordinary paper talisman. Contained within this paper talisman was a very powerful unsealing formation. It would be able to break the White-browed Immortal's spirit formation without alerting him so that Chu Feng could escape.

Sure enough, Zhang Tianyi's father's world spirit techniques were extremely powerful. At the very least, his world spirit techniques were more powerful than those of the White-browed Immortal.

"Thank you senior," Chu Feng did not refuse. He felt that that paper talisman would really be able to help him.

"This is all that I can do," Zhang Ming said.

"Senior, this junior appreciates your kind intentions."

"Senior, senior brother Zhang, farewell," Then, Chu Feng left this place alongside Yan Xie and the others.

"Chu Feng, quickly escape. All of the traps and mechanisms here have been sealed. We will be able to go out by ourselves."

"However, you're different. At this moment, the people from the Four Great Imperial Clans must be present at all of the exits of the fort waiting for you to go out. If you are to exit alongside us, you will definitely be captured."

"It's better that you exit by yourself. Take advantage of the current situation and leave with the crowd," Yan Xie said.

Chu Feng clasped his fist and said, "In that case, everyone, I hope that we will see each other again,"

"Farewell," Yan Xie, Chili Pepper, Big Radish and Little Radish also clasped their fists toward Chu Feng.

Then, Chu Feng's body shifted, and he turned into a ray of light that began to rapidly proceed toward the central region's exit.

What Yan Xie had said was very true. The best method for Chu Feng to escape would be to hide within a large group of people.

This was especially true should he hide among the people from the Three Palaces. No matter how arrogant and despotic the Four Clans might be, they would not dare to do anything to the people from the Three Palaces.

.....

Outside of the fort. The people from the Four Great Imperial Clans, regardless of whether they were concealing themselves or not, were all standing tightly in their respective formation locations. Massive forces were present all around. They were all staring fixedly at the various exits.

However, the exits were still shut. Even now, they were not open. As of now, not a single person had exited the fort.

At this moment, Chu Feng had already arrived at the location of the exit from the central region. Merely, he had concealed his aura and hidden his body within the air. No one knew that he had already arrived at the exit.

However, at this moment, he was able to see the current situation. Although only twenty people had been able to enter the center of the fort, there were an innumerable number of people that had entered the fort itself. At this moment, all of those people were still present in this place.

These people would be the cover for Chu Feng to exit this place.

“Senior Zhang is truly benevolent to me.”

As Chu Feng saw the exit gates that were still tightly closed, as well as the crowd from the various powers, he knew that Zhang Tianyi’s father had not opened the exits. He was deliberately keeping those people inside so that they could provide cover for Chu Feng.

“Rumble~~~~”

Right at this moment, the exits started to open. Right after Chu Feng arrived, the exits were opened. This verified Chu Feng’s

guess. Everything was under Zhang Tianyi's father's, Zhang Ming's, control.

After the exits were opened, the crowd began to rush outward. As for Chu Feng, he had sneaked himself into the crowd from the Heavenly Law Palace.

As matters stood, Chu Feng had already clashed with the Heavenly Law Palace. Although his conflict with them was not deep, it remained that there had been conflicts between them. Chu Feng felt that no one would anticipate that he will hide himself among the crowd from the Heavenly Law Palace.

"Sure enough, they've actually really sealed this region off," Chu Feng used his Heaven's Eyes to observe the outside, and discovered that the Four Clans had indeed set up a layer of invisible spirit formations outside the fort, sealing it.

Furthermore, it was not only a sealing formation. There was also a detection formation. As long as someone used a world spirit formation, that detection spirit formation would be able to detect it immediately. Voice transmission talismans, connection talismans and various other talismans were all unable to be used.

Although the Four Great Imperial Clans had set up many spirit formations, it was clear that they could not trap everyone here. Thus, the Four Great Imperial Clans left many exits in their spirit formations. Merely, these exits were all tightly guarded. Not only were Martial Emperors present at these exits, there were also world spiritists there as well.

It seemed that the Four Great Imperial Clans were planning to inspect the crowd one by one so that Chu Feng could not escape.

"There's quite a few experts from the Three Palaces here. I refuse to believe that your Four Clans will dare to publicly inspect the people from the Heavenly Law Palace," Chu Feng sneered. No matter how strong the Four Clans might be, they would not dare to disrespect the Three Palaces. Thus, even though the Four Clans

had set up an inescapable net, Chu Feng was still certain of being able to escape.

“Help! Senior, save me!!!”

Right at this moment, Chu Feng suddenly heard a shout.

That voice came from another exit. As the exits were quite a distance from one another, and there were a lot of people present at this place, which caused the entire place to be filled with noise, it should have been impossible for Chu Feng to hear a cry for help.

However, that voice was extremely special and familiar. The reason for that was because... that was Chu Feng’s voice.

“Help me! Help me!!!”

“Chu Feng, don’t you think you can escape today!!!”

A person was rapidly fleeing in the direction the voice had sounded from. There were many people pursuing him.

As the people from behind pursued him, they were unleashing martial skills to kill the person escaping.

“Everyone, quickly look, it’s Chu Feng!!! That man is Chu Feng! There are people chasing after him to kill him!”

More and more people noticed this scene. All those that noticed this scene were startled.

The reason for that was because the person that was fleeing was none other than Chu Feng. Merely, he was a fake. Although he was a fake, he appeared to be very real. It was simply impossible for ordinary people to be able to distinguish him as a fake. Not to mention ordinary people, even a lot of the people close to Chu Feng would not be able to distinguish that the Chu Feng that was fleeing was a fake.

“Chu Feng, I shall see where you can escape.”

At this moment, the people from the Four Clans that were guarding the surrounding exits began to rapidly fly over. From all

directions, they began to surround that fake Chu Feng.

Furthermore, the Nangong Imperial Clan's Clan Chief was the first to arrive. He unleashed his overwhelming Emperor's might and suppressed the fake Chu Feng. Then, with one hand, he grabbed onto the fake Chu Feng's neck and pulled him upward. While gnashing his teeth angrily, he said, "Chu Feng, are you prepared to die?!"

"Ah! It's the Nangong Imperial Clan's Clan Chief. Is he really going to kill Chu Feng?"

"A genius like Chu Feng, is he really going to fall like this?"

The crowd did not know that the Chu Feng that the Nangong Imperial Clan's Clan Chief was holding was a fake. They all thought that the actual Chu Feng had been captured. Seeing that Chu Feng was about to be killed, the crowd all began to express their regret.

"What treachery. They actually found someone to disguise as me."

At this moment, Chu Feng was frowning deeply. The reason for that was because his impersonator's disguise was truly too good. Chu Feng was afraid that Baili Xuankong would fall for it.

As the Four Great Imperial Clans had set up an inescapable net, Chu Feng did not dare to use many special techniques to contact Baili Xuankong, as they would reveal him.

Upon thinking about it, Chu Feng believed that the Four Great Imperial Clans had done this deliberately. They had already planned to use this sort of method to lure Baili Xuankong out.

Then, using Baili Xuankong, they would lure Chu Feng out as well.

Chapter 1804 – A Chess Move Behind

Nangong Beidou looked like he was planning to kill the fake Chu Feng. However, even after having captured the fake Chu Feng for some time, he still hadn't killed him. It was clear that this was all a show.

“As expected of Ancestor. It would seem that he will not show himself. Four Great Imperial Clans, you all can continue to play with yourselves.”

Chu Feng smiled lightly. If Baili Xuankong fell for the trap, he would've acted right away. However, Baili Xuankong had still not revealed himself. Thus, Chu Feng knew that Baili Xuankong would not reveal himself.

If Baili Xuankong wouldn't fall for the trap, the show that the Four Great Imperial Clans had spent meticulous effort to put on would be in vain. Not only that, they will have wasted many of their experts for this, and given Chu Feng an opportunity to escape.

Thus, Chu Feng planned to use this opportunity, as well as the talisman paper that Zhang Ming had given him, to rapidly escape from this place.

As long as he escaped from this place, escaped from the various spirit formations the Four Great Imperial Clans had set up, Chu Feng would have many method to allow Baili Xuankong to know that he was safe. At that time, with Baili Xuankong's abilities, he would also be able to safely withdraw from this place.

“Nangong Beidou, if you dare to touch a single hair on Chu Feng's head, I will make you suffer the consequences.”

Right at this moment, a sudden shout was heard. Following that, an Emperor's might spread out. It turned into a golden sword that thrust toward Nangong Beidou.

“Ah?” Hearing that voice, Chu Feng was immediately startled. He turned his gaze toward the direction of the voice, and a figure appeared within his line of sight.

“Senior Hong Qiang?” Upon seeing this person, Chu Feng’s body trembled. The person that had acted earlier was Hong Qiang.

Furthermore, he was the real Hong Qiang. At this moment, Hong Qiang was already no longer a peak Half Martial Emperor. Instead, he had become a rank one Martial Emperor. It would appear that he had successfully reached a breakthrough and stepped into the Martial Emperor realm.

However, with only a cultivation of rank one Martial Emperor, how could he possibly be a match for Nangong Beidou? With a wave of his sleeve, Nangong Beidou took control of all the surrounding martial power, then turned it into a whirlwind that swept toward Hong Qiang.

The golden sword that Hong Qiang had formed began to spin in the wind like a maple leaf. In the end, it was shattered.

Then, Nangong Beidou raised his hand and grabbed. Immediately, Hong Qiang was captured in his hand.

When Hong Qiang landed in Nangong Beidou’s hand, he lost all ability to fight. It was not that he was weak. Rather, it was that Nangong Beidou was simply too strong.

“Damn it, I’m a chess move behind,” At this moment, Chu Feng ruthlessly smacked his thigh. He felt himself to be very useless.

While Baili Xuankong had not fallen for the trap, he had not expect that Hong Qiang would fall for the trap. Furthermore, he had not expected that Hong Qiang would be here.

This was something that he neglected. With Hong Qiang’s character, if he knew that Chu Feng was in danger, he would definitely show up. Thus, how could he have failed to anticipate Hong Qiang being here?

Unfortunately, thinking about all this was useless now. Chu Feng absolutely couldn't do anything, now that Hong Qiang had been captured. Else, Hong Qiang would definitely be tormented.

Sure enough, after Hong Qiang was captured, Nangong Beidou shouted loudly, "Hahaha, Chu Feng, are you still not going to reveal yourself? Do you wish to watch this senior of yours suffer so much that he'll wish he was dead?"

"What is the Nangong Imperial Clan's Clan Chief saying? Isn't Chu Feng captured and in his hands?" The crowd were all puzzled.

Then, Nangong Beidou let go of the fake Chu Feng in his hand. The fake Chu Feng started to tremble, and turned into a person covered fully in black.

This person the fake Chu Feng turned into was very disgusting. Although he had the shape of a person, he appeared to be made out of mud. It had no nose or mouth. The only thing present was a pair of pupil-less eyes. It was very frightening to look at.

"Ah? He's actually a fake. It was actually... formed by the Hundred Transformations Clay Man."

"It was actually a scheme. For the sake of capturing Chu Feng, the Four Great Imperial Clans set up such a scheme."

"Truly, never would I have expected them to request the help of even the Hundred Transformations Clay Man. Truly, for the sake of capturing Chu Feng, the Four Great Imperial Clans have spent meticulous effort," As the crowd looked to the black mud-like man, they all came to a sudden realization.

Hearing the discussion of the crowd, Chu Feng came to realize the origin of that Hundred Transformations Clay Man.

The Hundred Transformations Clay Man was not a man. Rather, it was a Natural Oddity that had managed to mature. His strength was on par with Yao'er, both being rank one Martial Emperors.

Merely, due to the fact that the Hundred Transformations Clay

Man possessed the ability to change his appearance to that of anyone, he became very famous in the Holy Land of Martialism.

It was precisely because of the Hundred Transformations Clay Man's special ability that many people had tried to request his help. Merely, the Hundred Transformations Clay Man was someone that would come and go without a trace. Thus, no one was able to find him. Furthermore, even if he was found, he would also refuse their request.

Yet, the Four Great Imperial Clans had actually managed to successfully request the help of the Hundred Transformations Clay Man. The crowd felt that the Four Great Imperial Clans must have spent a large amount of wealth to request his assistance.

However, this was not what Chu Feng was worried about. He was worried about Hong Qiang.

"Chu Feng, you're still not going to show yourself? Turns out that you're also a vile coward who fears death," Nangong Beidou sneered. Then, he looked to Hong Qiang and said, "It's the first time we have met each other. However, I know that you're called Hong Qiang. When Chu Feng went to the Immortal Island, it was you that went alongside him to protect him."

"You're truly a righteous person, loyal to your friends. Even though you knew that your strength was insufficient, you still came to throw your life away. I admire your camaraderie."

"Unfortunately, while you're a righteous person that is loyal to your friends, Chu Feng is nothing more than a coward," Nangong Beidou said those words to sow dissension. He was trying to publicly ruin Chu Feng's reputation.

"Pah! If you wish to kill me, then kill me. If you wish to torment me, then torment me," Hong Qiang snorted coldly. Then, he shouted, "Chu Feng, do not come...puu!!!"

Hong Qiang wanted to warn Chu Feng to not come out. However,

before he could finish saying those words, he vomited a mouthful of blood.

It was Nangong Beidou. Nangong Beidou had pierced his hand into Hong Qiang's heart.

“Chu Feng, since you're this fickle and unrighteous, I shall help you accomplish your aim, and let you see how this senior of yours will suffer a life worse than death.”

As Nangong Beidou spoke, he took out a jade bottle from his Cosmos Sack. As he opened the black bottle, black gases surged forth. Then, many little earthworm-like insects appeared from within the black gases. Those insects were entirely black in color. They were very slender. Although they were very small, they were fully covered with black hair, and appeared to be very terrifying.

“It's the Black-haired Poison Insect. Through the heart, they will enter one's bloodstream and reach one's entire body, leaving one feeling so much pain that they'll want to die,” Someone recognized those insects.

Nangong Beidou was going to place those insects into Hong Qiang's heart that he had pierced through with his hand.

“Damn it!” How could Chu Feng possibly do nothing? At this moment, he was planning to reveal himself.

“Chu Feng, escape when you can. Leave this place to me. I will bring Hong Qiang away safely.”

Right at this moment, a boundlessly powerful aura surged forth. In a blink of an eye, the aura arrived before Nangong Beidou.

It was a man wearing a conical bamboo hat and holding a golden brush. He was so strong that he managed to actually seize Hong Qiang from Nangong Beidou's grasp. Furthermore, right after he arrived, he immediately suppressed Nangong Beidou.

This man was Baili Xuankong. Merely, at this moment, Baili Xuankong's strength was even stronger than when he was in the

Mooncloud City. Of course, the reason why he was so strong was all because of that Death Kill Brush.

“You’ve finally revealed yourself,” In response, coldness flashed through the eyes of the Ximen, Beitang and Dongfang Imperial Clans’ Clan Chiefs. Then, they took out their respective Incomplete Imperial Armaments and began to surround Baili Xuankong to attack him.

“Amazing. He is actually fighting the Four Great Imperial Clans’ Clan Chiefs by himself. Is this man Chu Feng’s backer?”

The crowd were all shocked. Baili Xuankong was indeed fighting the four Imperial Clan Chiefs by himself. Furthermore, he was not at all losing to them.

“Chu Feng, quickly escape. I will protect Hong Qiang,” Baili Xuankong shouted again.

“Escape? Am I really to escape?” At this time, Chu Feng was frowning deeply. Even though Baili Xuankong was very strong, Chu Feng felt that, with how much the Four Great Imperial Clans wanted to kill him, they would definitely not have only sent forth their Four Clan Chiefs.

“None of you can escape,” Sure enough, an extremely imposing voice suddenly sounded from deep underground.

In an instant, the earth shattered, and the soil began to burst into the air. Like reverse meteors, many golden rays shot into the sky as a very powerful might enveloped this entire region.

Chapter 1805 – The Overbearing Snow-hair

A magnificent army with thousands of men appeared from deep underground. They were all wearing armor, and were all the elite of the Four Great Imperial Clans.

However, what shocked the crowd were the four aged old men. Their auras were extremely powerful. The four of them possessed auras that were much superior to those of the Four Great Imperial Clans' Clan Chiefs. They were four Rank Four Martial Emperors.

As for these four old men, they were naturally the four Utmost Exalted Elders from the Four Great Imperial Clans.

“Even the Four Great Imperial Clans' Utmost Exalted Elders have appeared! Didn't they say that the Utmost Exalted Elders are all nearing ten thousand years old? They're actually still alive?”

Many people exclaimed in admiration. It was one thing for the Four Great Imperial Clans' Clan Chiefs to appear. However, even the Four Great Imperial Clan's Utmost Exalted Elders had appeared. This was sufficient to signify how much importance the Four Great Imperial Clans placed on eliminating Chu Feng.

“Wuuu~~~”

Being suppressed by the four Utmost Exalted Elders, Baili Xuankong no longer possessed the ability to continue fighting. Like Hong Qiang, he was also captured.

“Eaahh~~~”

At this moment, the Ximen Imperial Clan's Utmost Exalted Elder spread open his hands. Like eagle claws, he grabbed at Hong Qiang and Baili Xuankong. Even though they were several meters away from him, Baili Xuankong and Hong Qiang both uttered a scream of pain.

“Chu Feng, I will not bother with superfluous words. I will count to three. You will either show yourself, or I'll sever these two

men's heads," The Ximen Imperial Clan's Clan Chief said in a very fierce manner.

Due to the fact that Ximen Feixue had suffered a miserable defeat at Chu Feng's hands, the hatred the Ximen Imperial Clan had for Chu Feng was greater than even that of the Nangong Imperial Clan.

"Stop!" Seeing this scene, Chu Feng would naturally not do nothing. He soared into the sky and appeared before the crowd.

"Chu Feng, it's really Chu Feng!" Upon seeing Chu Feng, the crowd were all startled. They had truly never expected for Chu Feng to be daring enough to reveal himself in this sort of situation.

"I will take responsibility for the things I've done myself. The person your Four Clans should view as their enemy is me. Aim your spearheads at me. Release them," Chu Feng said.

"Huuu~~~"

Hearing those words, the expressions of many of the people present changed. Furthermore, they were unable to help themselves from sucking in a mouthful of cold air.

However, the gaze that all of the crowd was looking to Chu Feng with revealed a trace of admiration.

Who said that Chu Feng was unrighteousness and disloyal? Who said that Chu Feng was a coward that feared death?

At this moment, Chu Feng clearly knew that he would be killed. Yet, he had still revealed himself to his friends. His camaraderie was truly bottomless. It was something that ordinary people did not possess.

"With how righteous and loyal this Chu Feng is, he is most definitely not the despicable person that the Four Great Imperial Clans have described him to me. For someone like him to die, it is truly unfortunate."

“Indeed. Unfortunately, he is only a member of the younger generation, yet he offended the Four Great Imperial Clans that possess powerful backing!!!” At this moment, many people were sighing. They were feeling regret for Chu Feng.

Chu Feng had gained the crowd’s respect with his appearance. However, the crowd also knew that his appearance meant that he would undoubtedly be killed.

“Chu Feng, you’ve finally shown yourself,” When the Ximen Imperial Clan’s Utmost Exalted Elder saw Chu Feng, his sword-like brows narrowed. He was torn between joy and anger. Without bothering to say any superfluous words, he waved his sleeve and caused space to become distorted. As martial power surged, several golden rays turned into a myriad of blades that shot toward Chu Feng.

“Woosh, woosh, woosh~~~”

The speed of those blades formed with martial power were not very fast. He was deliberately letting the crowd see how he would kill Chu Feng. He was planning to slice Chu Feng to pieces, leaving him to die without an intact corpse.

However, there was nothing that Chu Feng could do. Even though he was facing such a slow attack, he could only wait for death. The reason for that was because the Ximen Imperial Clan’s Clan Chief had already used his oppressive might to restrict Chu Feng’s movements. It was simply impossible for Chu Feng to escape.

“Buzz~~~”

However, right when the myriad of blades were about to reach Chu Feng, the space before Chu Feng started to suddenly distort. As if they were stones thrown into the sea, the myriad of blades all disappeared into the space before Chu Feng. They failed to injure Chu Feng in the slightest.

“What’s going on?” Seeing this scene, the expressions of the crowd all changed.

“A bunch of shameless old bastards. With your status, do you all not feel ashamed that you’re attacking a member of the younger generation that has not even cultivated for twenty years?”

Right at this moment, the space before Chu Feng started to distort again. Then, a beautiful figure stepped out from the space and appeared before the crowd.

It was a woman with an alluring stature and an exceptional appearance. However, not only did she possess a head of snow-white hair, she was also emitting overwhelming murderous intent. Her gaze was filled with killing intent.

“Snow-haired Immortal?” At this moment, not to mention the Four Great Imperial Clans’ four Utmost Exalted Elders, practically all the experts present that possessed status and strength started to frown. They all recognized the person that had appeared. She was none other than one of the Ten Immortals, the Snow-haired Immortal.

“Snow-haired Immortal? That person is the renowned Snow-haired Immortal?” After hearing the dialogue of the crowd, many people that had not recognized the Snow-haired Immortal were also shocked with their mouths wide open. They began to seriously inspect the Snow-haired Immortal.

After all, the Snow-haired Immortal’s fame was much superior to that of the White-browed Immortal. She was a true expert that possessed exceptionally powerful killing techniques capable of bringing fear to countless powers.

Merely, the Snow-haired Immortal was a person that would appear and disappear unpredictably. Very few people had ever seen her true appearance. Today, the opportunity to see her had presented itself. Naturally, they would have to properly look at her and remember her appearance so that they could brag about this

experience to others in the future.

“Snow-hair, there are no grievances or hatred between you and our Four Great Imperial Clans. Why are you preventing us from killing Chu Feng today?” The Ximen Imperial Clan’s Utmost Exalted Elder asked. Even though he was overflowing with anger, he still had to exercise restraint and act calm when facing the Snow-haired Immortal.

It was not that he was scared. After all, he was a grand Utmost Exalted Elder of the Ximen Imperial Clan. Merely, the Snow-haired Immortal was truly too infamous. Even though the Four Great Imperial Clans possessed the ability to contend against the Snow-haired Immortal, they were unwilling to make her their enemy.

“Why? You’re actually asking me why? Hahaha...” The Snow-haired Immortal suddenly burst into loud laughter. Her laughter was extremely crazed and terrifying, like the howling of wolves and weeping of ghosts.

Hearing her laughter, many people started to feel their hair standing upright, and their bodies trembling. The reason for that was because her laughter was truly too frightening.

“All of you, listen carefully. Chu Feng is my, the Snow-haired Immortal’s, disciple. If anyone dares to kill him, I will eliminate their entire clan.”

As the Snow-haired Immortal said those words, her snow-white hair started to flutter wildly and a boundless killing intent instantly enveloped this entire region. Everyone began to tremble with fear.

“What? Chu Feng is actually the Snow-haired Immortal’s disciple?” Hearing those words, not to mention the Four Great Imperial Clans, even those that did not understand what was going on were shocked.

In fact, not to mention others, even Chu Feng himself was

surprised.

He thought to himself, ‘When did I become that devil woman’s disciple?’

However, Chu Feng then thought, ‘Well, it doesn’t matter. As long as that devil woman is willing to help me, what harm is there in being her disciple?’

“Snow-hair, since when did Chu Feng become your disciple? I have never heard of this before,” the Beitang Imperial Clan’s Utmost Exalted Elder asked. He was actually probing. The reason for that was because he really did not wish to make the Snow-haired Immortal their Beitang Imperial Clan’s enemy.

“Right now,” The Snow-haired Immortal said.

“You... you’re simply blabbing nonsense here! You’re simply finding a pretext to save Chu Feng!” The Ximen Imperial Clan’s Utmost Exalted Elder was furious with rage.

“Humph,” The Snow-haired Immortal snorted disdainfully. Then, she said, “I said he’s my disciple so he’s my disciple. If there is anyone that dares to touch him, it will be equivalent to making me, Snow-hair, their enemy.”

“Snow-hair, I advise that you leave some leeway for yourself in times of need. Do not act this excessively insolent. You must know that our Four Great Imperial Clans are not that easily humiliated!” The Ximen Imperial Clan’s Utmost Exalted Elder shouted angrily.

As the Snow-haired Immortal was not planning to give them face, he too was not going to give her face. Today, they would likely face one another with weapons drawn.

“Hahaha...” The Snow-haired Immortal burst into loud laughter. Then, with a flip of her palm, she waved toward her surroundings.

“Boom, boom, boom, boom, boom~~~”

In an instant, explosions were heard in succession like a string of

firecrackers.

Merely, those were not firecrackers. Instead, it was people that were exploding. Furthermore, all of them were the elites from the Four Great Imperial Clans.

In an instant, close to a thousand elites from the Four Great Imperial Clans were killed by the Snow-haired Immortal.

“Go ahead, give it a try. See what kind of end you will get for making me, Snow-hair, your enemy,” After killing those people, the Snow-haired Immortal smiled lightly.

That appearance of hers, not only was she not feeling any remorse for the close to a thousand lives she had just taken, she was instead... feeling extremely excited.

Chapter 1806 – Confrontation Of Imperial Armaments

Blood sprinkled down like rain. While this sort of scene might be something that people frequently saw, the crowd were all feeling their hairs stand on end. After all, the people that had died were all the elites of the Four Great Imperial Clans. Each and every one of them were Half Martial Emperor-level experts.

While Half Martial Emperors were not as rare as Martial Emperors, they were still not a realm that just anyone could reach. At this moment, close to a thousand Half Martial Emperors had been killed in an instant. As such, how could the crowd not be startled by it?

This was especially true for the younger generation. They were deeply frightened. At this time, they had finally managed to see what it meant by viewing human life as grass, what it meant by murder without blinking an eye.

“Snow-hair, you’re truly courting death!”

Seeing that his clansmen had been killed, the Nangong Imperial Clan’s Utmost Exalted Elder burst into a furious rage. He shook his sleeve and sent forth many waves of martial power to attack the Snow-haired Immortal.

However, facing the Nangong Imperial Clan’s Utmost Exalted Elder’s attack, the Snow-haired Immortal actually did not even bother to dodge. She stood there and allowed his unceasing attacks to bombard her body. However, not only was she not damaged in the slightest, even her clothes were not damaged in the slightest.

“Attacks like those are not even capable of tickling me,” The Snow-haired Immortal smiled disdainfully. Then, she raised her hand and made a grabbing motion. Immediately, an invisible power surged out to attack that Nangong Imperial Clan’s Utmost

Exalted Elder.

“Emperor Dragon Seal!!!”

Although the Snow-haired Immortal’s attack was invisible, the Nangong Imperial Clan’s Utmost Exalted Elder’s expression took a huge change. He did not dare to rashly dodge, and ended up taking out the square-shaped Emperor Dragon Seal to block her attack.

“Roar~~~”

Once the Emperor Dragon Seal appeared, not only did it begin to radiate with golden light, it also let out a dragon roar. Furthermore, a enormous several-hundred-meter-long dragon appeared before the Nangong Imperial Clan’s Utmost Exalted Elder.

Upon seeing that enormous dragon, many people began to feel deep veneration for it. They felt that with the protection of that enormous dragon, the Nangong Imperial Clan’s Utmost Exalted Elder would be absolutely safe. The reason for that was because they felt that there was nothing that could shake that enormous dragon.

“Clank~~~”

However, in the very next moment, the enormous dragon’s body trembled. Then, the space around it started to crumble.

“How can this be? We’re clearly both rank four Martial Emperors. How could the Snow-haired Immortal’s battle power be that strong?”

Even though he had managed to block the Snow-haired Immortal’s attack with the Emperor Dragon Seal, the Nangong Imperial Clan’s Utmost Exalted Elder, as well as the other three Utmost Exalted Elders, all started to frown deeply.

Earlier, had the Nangong Imperial Clan’s Utmost Exalted Elder not used the Emperor Dragon Seal, he really might not have been able to block the Snow-haired Immortal’s attack. However, the

Snow-haired Immortal was clearly also a rank four Martial Emperor like the four of them.

“Yoh, so it’s actually the Emperor Dragon Seal,” The Snow-haired Immortal said with a light smile.

“Emperor Dragon Seal, that is the Emperor Dragon Seal? The Inherited Treasure of the Four Great Imperial Clans? No wonder... No wonder it possessed such an overwhelming might.” Upon hearing what the Snow-haired Immortal said, the crowd all turned their gazes to the Emperor Dragon Seal in the Nangong Imperial Clan’s Utmost Exalted Elder’s hand.

While these people had all heard about the strength of Imperial Armaments, how many among them had actually seen them? After all, Imperial Armaments were like legends. They were items in myths.

“Emperor Dragon Seal? That somewhat resembles the Heaven Taboo: Dao Light Seal Leng Yue used. Merely... there is also an enormous difference. That is an Imperial Armament, an actual Imperial Armament. Sure enough, it is very extraordinary.”

At this moment, Chu Feng also felt very surprised. No matter how strong a Heaven Taboo Martial Skill might be, it was still a martial skill. However, Imperial Armaments were actual items. The oppressive might that they emitted was simply incomparable.

“However, you’re not the only one with an Imperial Armament,” Right at this moment, the Snow-haired Immortal swung her sleeve. Then, a white light shot forth explosively.

“Boom~~~”

Once that item appeared, heaven and earth started to tremble, and even the oppressive might being emitted by the Emperor Dragon Seal was suppressed. At this moment, an oppressive might not at all weaker than the Emperor Dragon Seal’s was being emitted.

Imperial Armament. It was another Imperial Armament. However, upon looking at it, the crowd was even more shocked.

That Imperial Armament was actually a hairpin. That's right. It was a hairpin that females would commonly use.

The hairpin was silver in color. Looking at it, it seemed to have been forged with silver. Although there were delicate patterns carved onto it, it did not appear to be very different from ordinary hairpins. In fact, it was even less extravagant-looking than modern hairpins.

However, that hairpin was an Imperial Armament. With the powerful oppressive might it emitted, there was no mistake that it was an Imperial Armament.

“What a dense Ancient Era's aura. That is an Imperial Armament from the Ancient Era,” Chu Feng had already determined the hairpin's origin.

In fact, when the hairpin appeared, the experts from the older generation sent forth by the Three Palaces all revealed complicated expressions in their gazes. It was as if they had recognized that hairpin.

“So that Ancient Era's Imperial Armament ended up in your hands. No wonder you are daring enough to oppose our Four Great Imperial Clans,” At this moment, it was clear that the Four Great Imperial Clans' Utmost Exalted Elders also recognized that hairpin.

“Humph, there's a lot more things that you all do not know about,” The Snow-haired Immortal said disapprovingly. However, she did not tell them how that hairpin had ended up in her hands. It was as if she looked down on the Four Great Imperial Clans.

While the Four Great Imperial Clans' Utmost Exalted Elders wanted to say something, they swallowed down the words that they wanted to say. The Snow-haired Immortal was very strong to

begin with. Now that she possessed an Imperial Armament, they really did not wish to fight against her. Even though close to a thousand of their clansmen had been killed, they were still somewhat afraid of her.

Suddenly, a thought came to the Nangong Imperial Clan's Utmost Exalted Elder. A cunning light flashed through his eyes. Then, he turned his gaze to Chu Feng and shouted, "Chu Feng, if you are to commit suicide now, I will release your seniors. Else, I will immediately kill your seniors. Make your decision yourself."

"Chu Feng is my disciple. His life and death is up to me to decide," However, before Chu Feng could respond, the Snow-haired Immortal had restricted Chu Feng with a Dragon Mark world spirit formation.

Not only did she restrict Chu Feng's movements, she also restricted the flow of his martial power. She was preventing Chu Feng from attempting to kill himself.

At this moment, Chu Feng was no longer capable of doing anything to his own life. Everything was controlled by the Snow-haired Immortal.

"Snow-hair, with you doing this, you leave us no choice but to kill them," The Nangong Imperial Clan's Utmost Exalted Elder covered Baili Xuankong and Hong Qiang with his boundless killing intent.

"Go ahead and kill them. What does you killing them have anything to do with me?" The Snow-haired Immortal said disapprovingly.

"You..." Hearing those words, the corners of the four Utmost Exalted Elders' mouths started to twitch.

Even with this being the case, they did not kill Baili Xuankong and Hong Qiang. They actually knew very well that Baili Xuankong and Hong Qiang were their own bargaining chips against Chu

Feng. Before Chu Feng was killed, they absolutely could not kill them.

“It would seem like you are all just a bunch of cowards. Even with your clansmen being killed, you do not plan to avenge them.”

“Oh, how boring. Since that’s the case, this Immortal shall take her leave,” After the Snow-haired Immortal said those words, she planned to leave.

“Snow-hair, you are truly overly excessive!” At this moment, the Nangong Imperial Clan’s Utmost Exalted Elder, who had been restraining his rage this whole time, finally exploded. It was not only him, the Ximen Imperial Clan’s Utmost Exalted Elder also exploded.

The Ximen Imperial Clan’s Utmost Exalted Elder and the Nangong Imperial Clan’s Utmost Exalted Elders joined hands. They both took out their respective Emperor Dragon Seals and charged to attack the Snow-haired Immortal.

The reason they reacted in such a manner was because what the Snow-haired Immortal had said was simply equivalent to a public insult. If they still continued to endure even after all this, the fame and reputation of their Four Great Imperial Clans would be completely obliterated.

“Humph, that’s more like it,” However, even with the two Utmost Exalted Elders joining hands to attack her, the Snow-haired Immortal was not afraid in the slightest.

“Woosh, woosh, woosh, woosh~~~”

Her hands began to move. Her two sleeves left fragrant wind in their path. Then, her Imperial Armament hairpin suddenly grew in size. It streaked across the horizon and, like a sharp sword, collided with the two Emperor Dragon Seals.

“Boom, boom, boom, boom~~~”

In an instant, rumbles resonated nonstop. Emperor’s might

surged violently. Many frantic energy ripples, like invisible armies of thousands of men and horses, wreaked havoc through their surroundings.

“Wuuahh~~~”

In no time, many more people from the Four Great Imperial Clans met their deaths. It was not only the people from the Four Great Imperial Clans. Many of the bystanders were also unwillingly involved, and were either killed or injured.

“Block the Emperor’s might!” Upon seeing this, the Four Great Imperial Clans’ Clan Chiefs all started to act. Although they were incapable of participating in the battle between their Utmost Exalted Elders and the Snow-haired Immortal, they could not do nothing about it. They had to try their best to stop the frantic Emperor’s might so as to prevent their clansmen from being killed.

However, the Emperor’s might was truly too powerful. Even though they were rank three Martial Emperors, they were still unable to block all of the surging Emperor’s might.

As long as one was within a certain range of the Emperor’s might, those below Martial Emperor, even if they didn’t die, would be seriously injured.

Seeing how frightening the Emperor’s might being unleashed was, many people began to hurriedly distance themselves from the battlefield. They did not wish to be implicated. Even the people from the Four Great Imperial Clans with low levels of cultivation rushed to escape.

The reason they reacted in this manner was because the Emperor’s might from the battle had already taken the lives of several tens of thousands of people.

“Dongfang, Beitang, she already does not place our Four Great Imperial Clans in her eyes. Why are you all still not joining the fight? Are you planning to ignore this humiliation to our Four

Great Imperial Clans?!” The Ximen Imperial Clan’s Utmost Exalted Elder shouted hysterically.

The reason he shouted those words was not because he was deeply concerned for their Four Great Imperial Clans. Rather, it was because even when joining hands with the Nangong Imperial Clan’s Utmost Exalted Elder, they were unable to defeat the Snow-haired Immortal, and were instead being suppressed by her. They had to ask for help. Else, they would pay bitterly today.

Chapter 1807 – Fighting Over A Disciple

“This...”

After hearing what the Ximen Imperial Clan’s Utmost Exalted Elder said, the Dongfang Imperial Clan’s Utmost Exalted Elder started to frown. His expression became extremely unnatural. He was actually unwilling to fight. He did not wish to make the Snow-haired Immortal their Dongfang Imperial Clan’s enemy.

After all, even if they were to join hands, they might not necessarily be able to kill the Snow-haired Immortal. And if they were to fail in killing the Snow-haired Immortal, she would definitely hold a grudge.

With the Snow-haired Immortal’s strength and her maverick nature, if she were to become their enemy, the people from the Dongfang Imperial Clan would not be able to walk freely in the Holy Land of Martialism anymore.

Not to mention the regular clansmen, even if he were to hold the Emperor Dragon Seal, he would likely also suffer a disaster should he end up encountering the Snow-haired Immortal himself.

The reason for that was because the Snow-haired Immortal was simply too fierce. Else, how could she possibly be able to suppress two Utmost Exalted Elders, experts with the same cultivation as her, that held Emperor Dragon Seals? One must know that the more Emperor Dragon Seals there were, the stronger their strength would be.

“Dongfang, we cannot watch with folded arms anymore. Else, the reputation of the Four Great Imperial Clans will be ruined by that Snow-haired Immortal today. Even if our Four Great Imperial Clans are to remain, we will no longer be able to lift our heads up in the Holy Land of Martialism.”

“However, if we are to join hands, then, relying on the strength

of the Emperor Dragon Seals, as well as the power of our various clansmen, we might be able to kill the Snow-haired Immortal. In that case, not only will we be able to eliminate a great enemy, the fame of our Four Great Imperial Clans will also flourish even more.”

After the Beitang Imperial Clan’s Utmost Exalted Elder said those words, he waved his sleeve and took out his Emperor Dragon Seal.

“Roar~~~”

Once the Emperor Dragon Seal was revealed, it turned into an enormous dragon, several hundred meters long. The dragon covered the sky like a golden magic cloud. It was very dazzling and emitted a great amount of might.

“It would seem that I can only put my all into this fight,” Immediately following this, the Dongfang Imperial Clan’s Utmost Exalted Elder also acted.

“Roar~~~”

Another dragon roar. Another Emperor Dragon Seal had been taken out.

The four Utmost Exalted Elders of the Four Great Imperial Clans all held Emperor Dragon Seals to attack the Snow-haired Immortal.

“Heh,” Right at the moment when the Beitang and Dongfang Imperial Clan’s Utmost Exalted Elders joined in to attack her, the Snow-haired Immortal’s eyes narrowed slightly. A trace of cunning flashed past her eyes.

Then, the Snow-haired Immortal began to force open a path with her Ancient Era’s Imperial Armament. Her body turned into a ray of light that streaked through the area between the Beitang Imperial Clan and Dongfang Imperial Clan’s Utmost Exalted Elders. She arrived before Baili Xuankong and Hong Qiang.

“Crap! She’s trying to save them!” Seeing that scene, the guards

who were guarding Baili Xuankong and Hong Qiang rushed forth to stop the Snow-haired Immortal.

“Scram,” However, before they could even reach the Snow-haired Immortal, they were knocked away like kites with broken strings into the distance by a single thought from the Snow-haired Immortal. When they landed on the ground, their bodies were mutilated, and they had lost all traces of life.

“Chu Feng, as your master, I treat you pretty well, no?” At this moment, the Snow-haired Immortal had placed Hong Qiang and Baili Xuankong into the spirit formation that was protecting Chu Feng. She had reunited the three of them.

“Thank you senior,” At this moment, Chu Feng was able to talk again. However, he did not address Snow-haired Immortal as ‘master’. It was not that he did not wish to have her as his master. Rather, it was that he did not dare to do so.

This devil woman was simply too ever-changing. Chu Feng still vividly remembered the scene of her using him as an experiment back then. Thus, even though she was braving death to save him today, he still did not dare to trust her.

“Little brat, can it be that you still bear grudges against me for that day?” The Snow-haired Immortal saw through Chu Feng. However, she was not angry at him. Instead, she smiled an alluring smile.

“Snow-hair, you’ll definitely be killed today!”

Right at this moment, the four Utmost Exalted Elders had caught up to them. Not only that, they had surrounded the Snow-haired Immortal from all directions. Furthermore, their eyes were bloodshot, and their killing intent was surging.

One must know that the people who the Snow-haired Immortal had just killed were the crème de la crème of the Four Great Imperial Clan’s elites. Not only were many among them capable of

becoming Martial Emperors, two of them had even been rank one Martial Emperors from the Ximen Imperial Clan.

Thus, at this moment, the Ximen Imperial Clan's Utmost Exalted Elder hated the Snow-haired Immortal to his bones. He wished that he could eat her flesh and drink her blood. However, even if he were able to do all of that, he would still not be able to alleviate the hatred in his heart.

"I've heard that the Emperor Dragon Seals are only able to reveal their true strength should the four of them be gathered together. Perfect timing. Allow me to experience the might of your Emperor Dragon Seals."

"No, 'my' Emperor Dragon Seals," After saying those words, the Snow-haired Immortal revealed an avaricious smile.

"You actually dare to think about our Emperor Dragon Seals! Your sin is unforgivable!" At this moment, even the Dongfang Imperial Clan's Utmost Exalted Elder was filled with incomparable rage.

The Emperor Dragon Seals were their inherited treasures. They were the foundation of the Four Great Imperial Clans. Yet, the Snow-haired Immortal actually thought about seizing them for herself. This was something that he could not tolerate. Thus, he had to eliminate the Snow-haired Immortal.

"Kill! Kill that devil woman! We shall eliminate this evil from our Holy Land of Martialism!" The four Utmost Exalted Elders attacked together.

"Set up formations! Help the Utmost Exalted Elders eliminate that witch!!!" At this moment, the Four Great Imperial Clans' Clan Chiefs shouted in unison.

"Yes, milord!!!!!!!!!!!!!!!"

The people from the Four Great Imperial Clans shouted in unison. Their shout was so strong that it seemed like it could

pierce the skies and reach the outer world.

After that, the foreheads of all of the people from the Four Great Imperial Clans started to radiate with the word ‘Imperial.’ Then, the elites of the Four Great Imperial Clans flipped their palms, and each took out a golden title plate and placed their title plates onto their foreheads while pointing one finger at the four Utmost Exalted Elders.

“Woosh, woosh, woosh, woosh~~~”

In an instant, several tens of thousands of little golden dragons streaked across the sky and began to enter the bodies of the four Utmost Exalted Elders unceasingly.

At this moment, the ‘Imperial’ characters on the foreheads of the four Utmost Exalted Elders grew brighter and brighter. The might of the Emperor Dragon Seals in their hands also grew stronger and stronger. The four golden dragons were becoming larger and larger, more vivid and lifelike, and their scales began to drift about. At that time, they looked like real dragons moving about through the sky.

“Buzzz~~~”

Being oppressed by those four golden dragons, the Ancient Era’s Imperial Armament that the Snow-haired Immortal controlled, that hairpin of hers, also became weaker and weaker. In fact, the light that it emitted was also starting to grow fainter and fainter.

“Snow-hair, you are unable to differentiate good from bad. You dared to think that you could withstand our Four Great Imperial Clans by yourself. Today, no one should pity your death.” Seeing that the Snow-haired Immortal was being suppressed, the Four Great Imperial Clans’ Utmost Exalted Elders finally started to smile complacently.

“Who said that Snow-hair is by herself?” However, right at this moment, a laugh was heard. Then, a golden spear a hundred

meters long pierced into the battlefield. It began to help the Snow-haired Immortal fight against the four golden dragons.

“You... it’s actually you. Compass Immortal, why would it be you?”

At this moment, the Four Great Imperial Clans’ Utmost Exalted Elders were all shocked. The reason for that was because there was a person within the golden spear. As for that person, he was none other than the Compass Immortal.

“Compass Immortal, even he came?” Although the crowd were unable to see the Compass Immortal, they were able to hear the mentions of his name.

“Damned shameless monk, why have you come?” In fact, even the Snow-haired Immortal was puzzled. Furthermore, she was looking at the Compass Immortal with a face of hostility.

“Snow-hair, while you’re allowed to come to obtain a disciple, am I not allowed to?” the Compass Immortal asked with a beaming smile.

“Obtain a disciple?” Hearing those words, many people were bewildered.

“Damned monk! You’re planning to fight over Chu Feng with this Immortal?!” It was the Snow-haired Immortal who realized the Compass Immortal’s intentions.

“Precisely,” The Compass Immortal nodded with a smile.

“Ah? What? The Compass Immortal and the Snow-haired Immortal have both come to fight over having Chu Feng become their disciple? This...”

Hearing those words, many people opened their mouths wide with shock.

This was especially true of the younger generation. They all felt extremely envious of Chu Feng.

The Snow-haired Immortal and the Compass Immortal, what sort of statuses did the two of them possess? Many people could only dream about becoming their disciples.

Yet, these two people who never accepted disciples actually came to fight over Chu Feng to have him become their disciple. What sort of honor was this?

However, at the same time, there were people who also realized that it was not that these two Immortals did not wish to obtain disciples. Rather, their requirements were set extremely high, and they had yet to find a suitable disciple the entire time.

However, Chu Feng had most definitely satisfied all of their requirements. Else, how could they insist on making Chu Feng their disciple even knowing that they would become enemies of the Four Great Imperial Clans?

Chapter 1808 – Not Afraid Of Martial Emperors

“Chu Feng, say, are you going to become my disciple, or that damned monk’s disciple?” The Snow-haired Immortal asked.

“Chu Feng, although Snow-hair possesses the title of Immortal, she is actually a devil woman. If you become her disciple, sooner or later, you will be tormented to death by her,” Before Chu Feng could answer, the Compass Immortal interrupted.

“Insolent monk! Not only have you stolen from me, you actually want to snatch my disciple too. And now you even dare to spout lies about me and slander my reputation,” The Snow-haired Immortal was so enraged that her complexion turned deathly pale. Overflowing hatred filled her eyes.

However, even with this being the case, she did not attack the Compass Immortal. Like her, the Compass Immortal also did not attack her.

The two of them knew very well that, regardless of what sorts of grievances and hatreds the two of them possessed for one another, for Chu Feng’s sake, they had to, at this time, work together. Currently, their only enemies were the Four Great Imperial Clans.

“Snow-hair, let’s stop arguing. Our most important mission right now is to save Chu Feng. Do you have any good plans?” The Compass Immortal sent a voice transmission to the Snow-haired Immortal.

“That’s simple. I’ll hinder those four old farts, and you can seize the opportunity to take Chu Feng away. However, remember this, Chu Feng is this Immortal’s disciple,” The Snow-haired Immortal said.

“That is a good plan. Merely, the power of the Emperor Dragon Seals is growing stronger by the moment. Are you sure you can do

it?” The Compass Immortal asked.

“Rest assured, this Immortal is definitely able to safely escape. Afterward, I’ll come and slaughter you, damned monk, and take back my disciple,” After the Snow-haired Immortal said those words, her snow-white hair began to violently flutter again. Her Ancient Era’s Immortal Armament that had already grown dim actually started to shine brightly. In an instant, the light from her Ancient Era’s Imperial Armament actually overshadowed that of the four golden dragons.

“Ta, ta, ta~~~”

Using this opportunity, the Compass Immortal began to step forward. Each and every one of his footsteps was extremely profound. By relying on that profound movement martial skill, as well as the cover provided by the Snow-haired Immortal, the Compass Immortal successfully carried Chu Feng and the others with him and pierced through the encirclement of the four Utmost Exalted Elders to fly into the distance

“Damn it! That Compass has escaped with Chu Feng!” Upon discovering this, the four Utmost Exalted Elders immediately turned around to give chase.

“Four shameless bastards, none of you can leave,” However, how could the Snow-haired Immortal possibly allow them the opportunity to pursue Chu Feng? The power of her Ancient Era’s Imperial Armament soared vigorously. None of the four Utmost Exalted Elders were capable of breaking free from her.

With an irresistible force, no one was able to stop the Compass Immortal. Although he did not start to openly slaughter the crowd like the Snow-haired Immortal, after he seriously injured several thousand people, no one dared to try to stop him anymore.

“Boom~~~”

Following a loud explosion, the Compass Immortal broke

through the invisible spirit formation set up by the Four Great Imperial Clans.

“Damned Snow-hair! I shall dismember your body into ten thousand pieces!” Seeing the Compass Immortal escaping with Chu Feng, the four Utmost Exalted Elders were infuriated. They began to put all of their strength into attacking the Snow-haired Immortal. The four of them planned to eliminate her.

“Four sirs, do not be anxious. That Compass will not be able to escape, and that Chu Feng will also not be able to escape. Today, none of them will be able to escape.”

Right at this moment, two rays of light suddenly arrived before the Compass Immortal. They were two white-haired old men.

Although the two of them were very old, they possessed exceptionally strong auras. The two of them were both rank four Martial Emperors.

After the two of them approached the Compass Immortal, they immediately took out their Incomplete Imperial Armaments and began to unleash attacks at the Compass Immortal. All of their attacks were fatal.

“They’re our Nangong Imperial Clan and Ximen Imperial Clan’s Utmost Exalted Elders,” At this moment, Nangong Beidou recognized the two old men.

“You two have also come? Aren’t you supposed to be in charge of guarding the clans?” At this moment, the four Utmost Exalted Elders who were fighting the Snow-haired Immortal were shocked. However, more than that, they were overjoyed. If it wasn’t for the backup of these two Utmost Exalted Elders, Chu Feng would have really been taken away by the Compass Immortal.

“We were unable to feel reassured. Thus, we decided to come and have a look. Sure enough, our decision to come was correct,” Although these two Utmost Exalted Elders had just arrived, the

two of them, as people with extensive experience, immediately knew what the situation was. They knew that the Compass Immortal had become their enemy. Naturally, they would have to kill the Compass Immortal.

“Haha, very well. I have always wanted to match myself with the Nangong Imperial Clan and the Ximen Imperial Clan’s Utmost Exalted Elders. For me to be able to fight against the two of you by myself, I could be said to be fortunate,” The Compass Immortal burst into loud laughter. Although he was facing the two of them alone, he was not at a disadvantage.

“If this is to continue, it’ll never end. There might even be more reinforcements from the Four Clans. I will hand Chu Feng to the two of you.”

“Even if you are to die, you must still protect Chu Feng, understand?” Although the Compass Immortal appeared to be very imposing, he was actually secretly telling Baili Xuankong and Hong Qiang to protect Chu Feng.

“Understood,” Baili Xuankong and Hong Qiang said together.

“Go,” The Compass Immortal directly shot Chu Feng, Baili Xuankong and Hong Qiang away. At the same time, he removed the spirit formation the Snow-haired Immortal had placed on them and restored their freedom to move.

“You cannot escape!!!” However, the Four Great Imperial Clans’ Clan Chiefs, as well as many Martial Emperor-level experts, immediately chased after them. It was as if they had been on guard against the Compass Immortal releasing them the entire time.

“Woosh, woosh~~~”

Furthermore, at this moment, the Four Great Imperial Clans’ Clan Chiefs and the various Martial Emperors unleashed many fatal attacks. However, their target was neither Baili Xuankong nor Hong Qiang. Their fatal attacks were all aimed at Chu Feng.

“Come, come, come. If you have the courage, come at me. To bully a member of the younger generation, do you all not fear ruining your reputations?”

Baili Xuankong held the Death Kill Brush and withstood all of the attacks from the crowd. Afterward, his body turned, and he flew toward the incoming Martial Emperors. By relying only on himself, he had managed to suppress the four Clan Chiefs, as well as five rank two Martial Emperors.

“Hong Qiang, regardless of what sort of method you use, you must bring Chu Feng out,” Baili Xuankong said to Hong Qiang.

“Chu Feng, let’s go,” Hong Qiang did not dare to hesitate. He immediately brought Chu Feng with him and began to escape.

“Chu Feng, today, you are definitely going to die here!” However, not long after Hong Qiang began to escape with Chu Feng, seven Martial Emperors flew toward them from outside the spirit formation. They were all people from the Four Great Imperial Clans. Although they were only rank one Martial Emperors, there were still seven Martial Emperors.

“Damn it,” Being enveloped by their powerful oppressive might, Chu Feng and Hong Qiang were sealed off in an instant. Immediately afterward, the seven rank one Martial Emperors encircled Chu Feng and Hong Qiang from both the sky and the ground.

“Whoever dares to touch Chu Feng will be dismembered into ten thousand pieces!” Baili Xuankong shouted. He immediately tried to turn around to rescue Hong Qiang and Chu Feng.

“You should think about yourself first,” However, the Four Great Imperial Clans’ Clan Chiefs sneered at Baili Xuankong. Joining hands with the five rank two Martial Emperors, they encircled Baili Xuankong and stopped him from saving Chu Feng.

“So that’s the case. They have already planned this. This was

done on purpose,” Chu Feng started to frown. He had managed to tell that the four Imperial Clan Chiefs had deliberately chased after him from behind so that Baili Xuankong would go and stop them.

However, they had actually planned to trap Baili Xuankong and prevent him from being next to Chu Feng to protect him. The reason for that was because they already had people stationed outside.

As long as Chu Feng lost Baili Xuankong’s protection, the seven rank one Martial Emperors would be sufficient to take care of Chu Feng and Hong Qiang.

“Truly despicable!” Baili Xuankong also realized what had happened. However, he was already tightly trapped by the four Imperial Clan Chiefs and the five rank two Martial Emperors. At this moment, he simply did not have a way to break free of them to save Chu Feng. All he could do was watch as the seven rank one Martial Emperors surrounded Chu Feng and Hong Qiang.

“Chu Feng is doomed now. Although that man by the name of Hong Qiang is also a Martial Emperor, he is only a rank one Martial Emperor.”

“As Martial Emperors, which one of them does not possess a heaven-defying battle power capable of surmounting three levels of cultivation? That Hong Qiang is definitely incapable of contending against seven people alone,” The crowd began to spiritedly discuss the current situation.

In fact, it was true. Hong Qiang would not be able to fight against seven people alone. At the very most, he could contend against two rank one Martial Emperors. After all, his opponents were all people from the Four Great Imperial Clans; they all possessed Imperial Bloodlines and heaven-defying battle power capable of surmounting three levels of cultivation. Practically none of them were weaker than him.

“Senior Hong Qiang, you do not have to worry about me. You

merely need to protect yourself. Mere rank one Martial Emperors are incapable of killing me,” At this moment, lightning began to flicker on Chu Feng’s body. His aura had soared from rank seven Half Martial Emperor to rank nine Half Martial Emperor.

Although Chu Feng was surrounded by Martial Emperors, his imposing might was not at all weaker than that of those Martial Emperors.

Furthermore, there was no trace of fear in Chu Feng’s gaze. He... was truly not afraid of Martial Emperors.

Chapter 1809 – Watching With Folded Arms

“What? Mere rank one Martial Emperors? What arrogance! Today, I shall let you know the gap between Martial Emperors and Half Martial Emperors!”

Upon seeing how arrogant Chu Feng’s behaviour was, other than the two Martial Emperors being pinned down by Hong Qiang, the remaining five Martial Emperors all began to attack Chu Feng.

“What? You’re implying that rank one Martial Emperors are very extraordinary?”

“In that case, come, try killing me,” With a thought from Chu Feng, water and fire appeared at the same time. Like protector gods, the Water Immortal Profound Technique and the Fire Immortal Profound Technique appeared on either side of Chu Feng.

Furthermore, they were both emitting the aura of rank one Martial Emperors.

“Quickly, look. What are those? They are actually capable of fighting Martial Emperors?”

“That’s a secret skill. It’s the Water Immortal Profound Technique.”

“If that water is the Water Immortal Profound Technique, then wouldn’t that mean that fire is the Fire Immortal Profound Technique?”

“How could this be? Didn’t Chu Feng only obtain the Water Immortal Profound Technique? How come even the Fire Immortal Profound Technique is with him? Hasn’t the Fire Immortal Profound Technique been lost for many years?”

Seeing that the Water Immortal Profound Technique and the Fire Immortal Profound Techniques had blocked the attacks aimed at Chu Feng by the five rank one Martial Emperors, the crowd

were all extremely shocked.

At this moment, even the elders from the Three Palaces began to narrow their eyes. Chu Feng possessed both the Water Immortal Profound Technique and the Fire Immortal Profound Technique. This was no small matter.

While others might not know about it, they knew very well how difficult it was for the Five Elements Secret Skills to be controlled by a single person simultaneously. While they would be fine with a single secret skill, if they were to have two secret skills in their bodies, the two secret skills would create an enormous pressure. The pressure was so strong that ordinary people were simply incapable of enduring it.

However, it was evident that Chu Feng had managed to endure the pressure from the Water Immortal Profound Technique and the Fire Immortal Profound Technique. Otherwise, it would be impossible for him to have such fluent control over them.

“Rumble~~~”

“Crash~~~”

Soon, the Water Immortal Profound Technique and the Fire Immortal Profound Technique exploded. Even though their bodies were instantly restored, they were smashed apart again immediately afterward.

“It’s no good. No matter what, secret skills are only secret skills. They are simply incapable of withstanding real Martial Emperors,” The crowd cried out in alarm.

Even though both the Water Immortal Profound Technique and the Fire Immortal Profound Technique emitted the aura of rank one Martial Emperors, they were unable to withstand the attacks from the five Martial Emperors.

“Chu Feng, did you really think that you would be saved because of your secret skills? Do you know our strength now? Martial

Emperors are not existences that you can look down on.”

At that moment, three of the rank one Martial Emperors had broken free from the Water Immortal Profound Technique and the Fire Immortal Profound Technique, and were charging toward Chu Feng to attack him.

Those three rank one Martial Emperors all held Incomplete Imperial Armaments in their hands. Their might was extremely strong.

“Clank~~~”

In this sort of situation, Chu Feng did not dare to underestimate them. He took a step back and then revealed the Heavenly Immortal Sword to face them.

“Heavenly Immortal Sword?”

“Is that the Heavenly Immortal Sword he snatched away from Ximen Feixue? It has actually already acknowledged Chu Feng as its master?” Upon seeing the Heavenly Immortal Sword, the crowd burst into an uproar.

“Hand over the Heavenly Immortal Sword!” Upon seeing the Heavenly Immortal Sword, one of the three Martial Emperors that was charging to kill Chu Feng became extremely furious. It turned out that he was a person from the Ximen Imperial Clan.

“Humph,” Chu Feng snorted coldly. He unleashed the Heavenly Immortal Sword Technique and collided with the three Martial Emperors.

“Boom, boom, boom~~~”

Golden light radiated all over. Martial powers were wreaking havoc as the four people fought one another.

Although Chu Feng possessed a heaven-defying battle power capable of surmounting four levels of cultivation, and could contend against rank one Martial Emperors with his cultivation of

rank nine Half Martial Emperor, it was still very strenuous for him to fight against three rank one Martial Emperors simultaneously.

“As expected of Martial Emperors. It would appear that I have underestimated the power of Martial Emperors.”

Chu Feng frowned slightly. After his battle against Leng Yue, Chu Feng had thought that he already possessed the strength to kill rank one Martial Emperors. However, it would appear that he had overestimated himself.

No matter how strong Leng Yue was, she was still only a Half Martial Emperor. However, his current opponents were actual Martial Emperors.

Even though Chu Feng and Leng Yue possessed the battle power to contend against rank one Martial Emperors, it would be very difficult for them to defeat rank one Martial Emperors.

As for why that was the case, Chu Feng also didn't know. In short... the strength of Martial Emperors was stronger than his own. It was as if there was a thin yet unsurmountable string that separated Half Martial Emperors and Martial Emperors.

As long as Chu Feng remained a Half Martial Emperor, even if his battle power was already approaching that of a Martial Emperor, or even surpassed that of the Martial Emperor he was fighting against, he would never be able to surmount that string, never be able to defeat a Martial Emperor.

When all was said and done, Half Martial Emperors were inferior to Martial Emperors.

“Chu Feng is amazing. He's actually managing to fight against three Martial Emperors with the cultivation of a Half Martial Emperor.”

“Humph, so what? He's still being oppressed by those three Martial Emperors.”

“That's different. If it were any other ordinary peak Half Martial

Emperor fighting against three Martial Emperors, they would not be able to last a single bout. Yet, Chu Feng, with his cultivation of a peak Half Martial Emperor, is able to contend against three rank one Martial Emperors. If it was you, could you do that?”

“I... this...”

Even though Chu Feng was being kept on the defensive, his strength was acknowledged by the crowd. After all, being able to contend against Martial Emperors with the cultivation of a peak Half Martial Emperor was something akin to legend since ancient times.

Yet, at this time, this thing which was akin to legend was actually happening before the crowd’s eyes. As such, how could they not be astonished?

“With Chu Feng’s strength, if he were to fight against Zhang Tianyi, it’s likely that even Zhang Tianyi would not be a match for him.”

“Unfortunately, if this is to continue, Chu Feng will not be able to withstand them anymore. As a mere Half Martial Emperor, no matter how strong the martial power contained within his dantian is, it will not be able to surpass an actual Martial Emperor’s martial power.”

At this moment, some of the older generation’s experts shook their heads and sighed regretfully. They did not wish for a genius like Chu Feng to die like this. However, they also did not dare to oppose the Four Great Imperial Clans. All they could do was look on helplessly as everything unfolded before them.

.....

At this moment. Inside the fort, Zhang Tianyi was kneeling before Zhang Ming and begging, “Father, I beg you, please save Chu Feng. Your son is kowtowing to you.”

After saying those words, Zhang Tianyi ruthlessly smashed his

head into the ground. Due to the fact that the ground was composed of special materials, Zhang Tianyi smashing his head so ruthlessly soon caused his head to become bloodied.

“Tianyi, it is not that your father is heartless. I too wish to save Chu Feng.”

“Merely, I believe you know the reason why our Zhang Clan was exterminated. I want you to obtain the title of Overlord. While I cannot lower my head to anyone, I also cannot willingly make enemies.”

“That child Chu Feng is destined to be extraordinary. As long as he’s extraordinary, there will definitely be people who want to kill him.”

“If I am to act today, I will only make enemies of the Four Clans. However, what if the Three Palaces and the Ancient Era’s Elves also want to kill him in the future? Are we to become enemies with the Three Palaces and the Ancient Era’s Elves too?” Zhang Ming asked.

“Fine. Your son will not trouble father. However, I absolutely cannot watch my brother dying without doing anything. Even if I am to die, I shall die with him,” Zhang Tianyi abruptly got up and prepared to leave.

“Buzz~~~”

However, right after Zhang Tianyi got up, he became incapable of moving or even saying anything. It was as if he had been petrified. Zhang Tianyi had been bound by his father.

“Tianyi, even if you are to hate me now, you will one day understand the heart of your father,” After Zhang Ming said those words, he closed his eyes. He had already made the resolution to watch with folded arms.

“Boom, boom, boom, boom~~~”

At this moment, the attacks from the three rank one Martial

Emperors were growing fiercer and fiercer. In fact, they had even unleashed their Imperial Bloodlines and were using Earthen Taboo Martial Skills to frantically unleash fatal attacks at Chu Feng. They were truly determined to kill Chu Feng.

However, even with this being the case, it was still very difficult for them to kill Chu Feng.

At this moment, that Ximen Imperial Clan's Martial Emperor actually tossed out a talisman paper. Once that talisman paper was tossed out, it immediately turned into a ferocious beast. That ferocious beast was exceptionally fierce.

That was a treasure for slaughtering others. Although it could only be used once, its power was boundless.

"No matter what, you're a Martial Emperor, and yet you're actually this shameless. You're incapable of killing me yourself, and actually ended up using treasures," Chu Feng dodged the ferocious beast and revealed an expression of contempt.

"If you have more tricks up your sleeve, you can use them. I'm only afraid that you don't," The Ximen Imperial Clan's Martial Emperor sneered.

"Humph," Hearing those words, Chu Feng snorted.

"Woosh~~~"

Suddenly, Chu Feng flipped his palm, and then a blue bow appeared in his hand. Once that bow appeared, a blue oppressive might that was visible to the naked eye swept forth. Not only did it cover the three rank one Martial Emperor's Incomplete Imperial Armaments, it also forced the three rank one Martial Emperors to fall back from Chu Feng.

Chapter 1810 – Shooting Martial Emperors With Arrows

“Another Incomplete Imperial Armament. Exactly how many Incomplete Imperial Armaments does that Chu Feng possess?” As the crowd saw the deep blue bow in Chu Feng’s hand, they were extremely shocked.

After all, they already knew that Chu Feng had snatched away the Cyan Rainbow Sword and the Purple Rainbow Sword, two Incomplete Imperial Armaments, from the Nangong Imperial Clan’s princes.

Then, he had managed to subdue the renowned Demon Sword, the Evil God Sword, in Mooncloud City. Earlier, he had been using Ximen Feixue’s Heavenly Immortal Sword. And now, Chu Feng actually took out another Incomplete Imperial Armament. Furthermore, this Incomplete Imperial Armament was of extremely high quality. This caused the crowd to be extremely envious of him.

After all, Incomplete Imperial Armaments were extremely precious. Not even all of the Martial Emperor-level experts of the Four Great Imperial Clans possessed Incomplete Imperial Armaments. Yet, Chu Feng, a single Half Martial Emperor, actually possessed five Incomplete Imperial Armaments.

“Woosh~~~”

Right at the moment when the crowd was endlessly envious of Chu Feng, Chu Feng streaked his right hand over his Cosmos Sack and took out a golden arrow. He held the golden arrow in his hand.

With the arrow in his hand, Chu Feng immediately placed it onto the bowstring. Then, he violently pulled the bowstring and shouted, “Rank one Martial Emperor, die!!!”

“Boom~~~~”

Once the arrow shot out, heaven and earth trembled, and a thunderous explosion sounded from the bowstring. At the same time, a golden ray of light streaked through the sky. The rank one Martial Emperor that was closest to Chu Feng was pierced through by the golden arrow.

“Eaaahh!!!”

After the golden arrow pierced through his body, that rank one Martial Emperor uttered a bitter, heart-tearing and lung-splitting scream.

“Bang, bang, bang, bang, bang, bang~~~”

Immediately afterward, golden beams of light shot out from that Martial Emperor’s body. The beams grew more and more numerous. In the end, that Martial Emperor was beyond recognition. Soon, his body exploded, and he died.

As for that Martial Emperor... he was precisely the Martial Emperor who had been arguing with Chu Feng, the Martial Emperor from the Ximen Imperial Clan.

“Ah? What happened?” Seeing this scene, not to mention the others, even the two other Martial Emperors that had been chasing after Chu Feng to kill him were stunned.

The people in the crowd were all confused as to exactly what had happened. How could a grand rank one Martial Emperor die just like that?!

“Rank one Martial Emperor, die!”

“Boom~~~”

Right at this moment, Chu Feng shouted once again. Following that, another golden arrow shot forth.

“Eeaahh!!!”

Immediately afterward, of the two stunned Martial Emperors, one was shot by the golden arrow. Immediately, he started to

scream in pain.

As rays of golden light began to blossom from his body, his body, like the Ximen Imperial Clan's Martial Emperor from before, exploded. He had died.

“Ah? It's that golden arrow! Chu Feng is using that golden arrow to kill Martial Emperors!” Finally, the crowd managed to react.

Before the two Martial Emperors had died, they had both been struck by a golden arrow. Those arrows were precisely the ones Chu Feng had shot.

Merely, exactly what sort of treasures were those golden arrows? They were actually capable of easily killing even rank one Martial Emperors. With their might, even rank two Martial Emperors would not necessarily be able to survive after being struck.

“Woosh~~~”

Right at the moment when the crowd was completely astonished, Chu Feng took out another golden arrow.

“Ah?” Seeing that Chu Feng had already placed the golden arrow onto the bowstring, the rank one Martial Emperor that was closest to Chu Feng immediately started to panic. He was so scared that his complexion turned green.

“Heh...” As Chu Feng saw that Martial Emperor's ashen expression, he laughed lightly. Then, he suddenly aimed at one of the two rank one Martial Emperors that were fighting with Hong Qiang and shouted, “Rank one Martial Emperor, die!”

“Boom~~~”

The arrow followed Chu Feng's will. Once the arrow was shot out, it immediately flew toward the rank one Martial Emperor that Chu Feng wanted to kill.

“Damn it!”

Immediately after the golden arrow was shot out, that Martial

Emperor actually shifted his body and hid himself in space.

It turned out that while he was fighting against Hong Qiang, he was also paying attention to what was happening over by Chu Feng. As he knew how powerful the arrow was, he had decided to flee from it.

“Puchi~~~”

However, the arrow pierced through space, and then a line of blood appeared in the sky.

“Eeeaahhh!!!”

Immediately after that, the Martial Emperor that had hidden himself reappeared. Merely, when he reappeared, his body was already filled with golden beams. Soon, his body exploded, and he died.

“Rank one Martial Emperor, die!”

“Boom~~~”

Immediately after that Martial Emperor died, another golden arrow was shot forth. The golden arrow directly killed the other Martial Emperor that was fighting against Hong Qiang.

“Not good! Chu Feng’s golden arrows are indeed capable of killing Martial Emperors!” At this moment, of the three remaining Four Clans’ Martial Emperors, the one that was with the other two rank one Martial Emperors Chu Feng had killed shouted and started fleeing right after.

He had seen with his very own eyes that Chu Feng had killed four rank one Martial Emperors. Thus, he was certain that he would not be able to survive should he face Chu Feng. Thus, he decided that he must escape right away.

“This...” Seeing that a grand rank one Martial Emperor was scared witless by Chu Feng and started fleeing in panic, the crowd did not know how to describe their current frame of mind.

“Escape? Do you really think you can escape?” Chu Feng laughed coldly. He then took out another golden arrow, shouted out that man’s cultivation, and released it.

“Boom~~~”

Another golden arrow streaked across the horizon. Even though that man had escaped far away, the golden arrow was like a fatal talisman that would chase after its target the moment it left the bowstring. In the end, the fleeing Martial Emperor was pierced by the golden arrow, and died from an explosion of his body.

“Damn it! That bastard is simply inhuman!” The two Martial Emperors that were fighting against the Fire Immortal Profound Technique and Water Immortal Profound Technique were also fleeing. Not only were they using very fast movement martial skills, they had also taken out treasures that could conceal their tracks and aid their escape.

“Boom, boom~~~”

However, Chu Feng shot out two arrows in succession. Then, two screams were heard, and those two escaping Martial Emperors also suffered the same fate as the other five Martial Emperors.

“This...”

At this moment, everyone was dumbstruck. Many people were so stunned that they became speechless.

A total of seven rank one Martial Emperors were all shot dead by Chu Feng in the blink of an eye. It was impossible for the crowd to not be shocked by this.

How could Chu Feng be that fierce? Was he really only a member of the younger generation? Was he really only a Half Martial Emperor? Was he even human?

“Chu Feng, exactly how many tricks do you have that I do not know about?” Leng Yue was standing beside the various elders of the Heavenly Law Palace.

Merely, at this moment, lingering fear filled her eyes. She still remembered that Chu Feng had mentioned to her during their battle that he possessed a treasure that could take her life, and that he merely did not wish to use it.

At that time, Leng Yue had mocked and ridiculed Chu Feng. She simply did not believe that he possessed that sort of treasure. However, today, she discovered that she had truly been ridiculously ignorant.

Contrary to what she expected, Chu Feng really possessed that sort of treasure. Today, he had used that treasure to shoot seven rank one Martial Emperors dead.

Merely, when Chu Feng fought her, he had been disinclined to use it. Else... she would not be standing here now. Instead, she would've already been killed by a golden arrow.

“Chu Feng, never would I have expected that you possessed something this powerful. Today, this old man's life is instead saved by you,” Hong Qiang arrived beside Chu Feng, and was unable to conceal his happiness. Chu Feng had truly brought him a pleasant surprise.

At this moment, there were several astonishing wounds on Hong Qiang's body. There were burns and cuts. The burns charred his flesh, and the cuts had reached his bones.

From this, it could be seen that even though Hong Qiang was able to contend against two rank one Martial Emperors, he was barely able to contain them. In truth, it was simply impossible for him to contend against two Martial Emperors alone.

Else, he would not have received this many wounds in such a short period of time. If he were to have continued to battle them, even if he didn't die, he would have been seriously injured.

Thus, it was as he had said, Chu Feng had saved him.

Chapter 1811 – Unprecedented

“I already knew about the strength of those golden arrows. However, they are even more powerful than I had anticipated.”

“I wonder, would I be able to lift the siege for Ancestor?” As Chu Feng spoke, he took out another golden arrow. He placed it onto the bowstring and aimed at the four Clan Chiefs and the five rank two Martial Emperors that were fighting against Baili Xuankong.

“Ah? Chu Feng is not escaping. Instead, he’s aimed his arrow at the Four Great Imperial Clans’ Clan Chiefs? The four of them are rank three Martial Emperors!” Seeing this scene, the crowd were shocked.

“Rank two Martial Emperor, die!” Chu Feng shouted explosively. Then, he released the golden arrow.

“Boom~~~”

The golden arrow streaked through the sky. Like a perfectly straight golden dragon that carried a might capable of penetrating everything in its path, the golden arrow was shot toward one of the rank two Martial Emperors.

That’s right. Chu Feng was not planning to kill the four Imperial Clan Chiefs. After all, they were rank three Martial Emperors. No matter how strong the golden arrows might be, it would still be impossible for the golden arrows to kill them. Chu Feng knew about this. Thus, even if he were to experiment, he could only experiment using a rank two Martial Emperor.

“Heeaah!!!”

Seeing the golden arrow flying toward him, that rank two Martial Emperor was extremely frightened. He knew that it was impossible to dodge the arrow. Being very intelligent, he unleashed an Earthen Taboo Martial Skill with his Incomplete Imperial Armament in hopes of stopping the incoming golden

arrow.

“Rumble~~~~”

The golden arrow collided with that Earthen Taboo Martial Skill. Then, it turned into a dazzling golden radiance that showered all over.

When the golden light began to dissipate, that rank two Martial Emperor's body was drenched with blood. He was filled with astonishing wounds. However... they were merely superficial wounds.

He was still alive. The golden arrow was only capable of injuring him, but was not capable of killing him.

“Ah? He's still alive? That golden arrow was blocked?” The crowd were all astonished.

“Sure enough, it's only capable of killing rank one Martial Emperors,” Chu Feng also realized that, regardless of how strong the golden arrows might be, unless he were to mount a sneak attack, it would still be impossible for them to kill a rank two Martial Emperor head-on. All they were capable of killing were rank one Martial Emperors.

“White-brow, what are you still waiting for? He's unable to kill rank two Martial Emperors. Quickly, kill him!” The Nangong Imperial Clan's Clan Chief shouted.

“Little friend Chu Feng, we meet again.”

After the Nangong Imperial Clan's Clan Chief said those words, a silhouette shot out from deep underground and began to fly toward Chu Feng and Hong Qiang.

It was none other than the White-browed Immortal.

Furthermore, two rank two Martial Emperors separated themselves from the battle against Baili Xuankong and flew toward Chu Feng. One of them was that rank two Martial Emperor that

had been injured by Chu Feng's golden arrow.

That man was overflowing with killing intent. While he had arrived before Chu Feng because he had been ordered to kill him, Chu Feng knew that, in addition to the order, he was more interested in obtaining revenge for the injuries Chu Feng had caused him.

“Rank two Martial Emperor.”

Chu Feng took out another golden arrow, aimed it underneath him, and shot it toward the White-browed Immortal, who was the closest to him.

“Hahahaha...” The White-browed Immortal burst into loud laughter. Then, many defensive barriers began to appear before him in succession. They were all Dragon Mark Royal-cloak-level defensive barriers.

Although that golden arrow pierced through all of the defensive barriers, it had already lost all of its power the moment it reached the White-browed Immortal. Then, the White-browed Immortal grabbed the arrow.

“Good arrow. Unfortunately, it's incapable of injuring me,” As the White-browed Immortal held the golden arrow in his hand and saw it disappear into golden light, he revealed a very complacent smile.

“Chu Feng, I knew you possessed exceptional talent. Truth be told, I am quite reluctant to kill you. Unfortunately, today, I must... En?”

Before the White-browed Immortal could even finish saying what he wanted to say, his pupils suddenly shrunk. He was surprised to discover that Chu Feng had actually taken out an arrow that was emitting purple flames. Furthermore, Chu Feng had placed that arrow onto the bowstring and aimed it at him.

Most importantly, as a Dragon Mark Royal-cloak World Spiritist,

he immediately realized that the power contained within that purple flame arrow greatly surpassed that of the golden arrows.

“White-browed Immortal, farewell,” Chu Feng smiled lightly. Then, he shouted, “Rank two Martial Emperor, die!”

“Rumble~~~~”

Another loud explosion was heard. This explosion was even more ear-piercing than the explosion from the golden arrow before. Following that loud explosion, the purple flame arrow turned into a line of fire that shot toward the White-browed Immortal.

“Not good!” The White-browed Immortal shouted. He immediately turned around and began to flee.

Unfortunately, that purple flame arrow was a fatal arrow. Its speed was even faster than the White-browed Immortal.

At this moment, the White-browed Immortal had no choice but to escape while setting up spirit formations to stop the incoming purple flame arrow.

Unfortunately, the spirit formation barriers he created were like air before that purple flame arrow. Not only were they pierced through in an instant, they were incapable of even decreasing the speed of that purple flame arrow.

“Puchi~~~”

Finally, that purple flame arrow, before the gazes of the crowd, pierced into the White-browed Immortal’s body.

“Eeeahhh!!!!”

The very next moment, White-browed Immortal let out a painful scream as purple flames began to cover his body. Indeed, they were purple flames. Furthermore, those flames were extremely strange; they were making threatening gestures. Like the hands of countless malicious spirits, they began to rip the White-browed Immortal’s body apart piece by piece.

Under this sort of situation, the White-browed Immortal was soon burned to nothingness. He had died by that purple flame arrow.

“Master!!!!!”

A cry filled with heartache and disbelief sounded from the crowd. It was the White-browed Immortal’s disciple, Meng Xiaoyan.

His cry had also informed the crowd that the person who had just been killed was not only a rank two Martial Emperor, he was also an Immortal, one of the only ten Dragon Mark Royal-cloak World Spiritists in the Holy Land of Martialism.

“Damn it!”

At this moment, the complexions of the two Martial Emperors that had already approached Chu Feng instantly turned deathly pale. They immediately stopped in midair.

The reason for that was because after Chu Feng killed the White-browed Immortal, he took out two more purple flame arrows and pointed them at the two of them.

“Rank two Martial Emperors, die!”

“Rumble~~~”

“Rumble~~~”

Chu Feng did not give the two of them the opportunity to escape. He shot both arrows out in succession and then, like the White-browed Immortal, those two rank two Martial Emperors were burned to ashes by the surging purple flames. They were both killed by the purple flame arrows.

“Heavens, am I dreaming? Isn’t that Chu Feng a bit too frightening? He actually killed three rank two Martial Emperors! With that strength, who could possibly stop him?!”

Many of the older generation were gasping incessantly. As for the younger generation, they felt themselves to be deeply inferior.

Was he still a member of the younger generation? Who among the younger generation were capable of effortlessly killing Martial Emperors? This was simply unprecedented! Since ancient times, there had been no one that had accomplished such a feat.

As such, the crowd was filled with astonishment!!!

Although Chu Feng had killed seven rank one Martial Emperors and three rank two Martial Emperors in succession, there was a trace of frustration in his eyes.

He had used nine golden arrows and three purple flame arrows in succession.

Of the arrows he had obtained that day, only one golden arrow remained.

Those arrows were extremely precious. If he hadn't used them, and instead auctioned them after today, he would definitely have been able to obtain a great amount of wealth for them.

Unfortunately, with the situation today, he had no choice but to use them. Else, it would be extremely difficult for him to survive. However, with how precious those arrows were, Chu Feng was feeling reluctant to have used them.

However, as Chu Feng looked to the ten Cosmos Sacks in his hand, he started to smile. Even though he had used nine golden arrows and three purple flame arrows, he had obtained many treasures from the White-browed Immortal and the others that he had killed.

Without mentioning the other treasures, those ten Cosmos Sacks contained a total of seven Incomplete Imperial Armaments. As for the various other treasures, they were too many to count. This was especially true of the White-browed Immortal's Cosmos Sack.

The amount of treasures in his Cosmos Sack was truly a delight to the eye. Everything that one wanted was present. Especially treasures useful to world spiritists; they were even more

numerous.

The only regret Chu Feng possessed was that, although there were a lot of treasures, there were no treasured cultivation resources among them. However, as those treasures were extremely valuable, should Chu Feng sell them in the future, he would be able to exchange them for a lot of Natural Oddities that he could use. Thus, Chu Feng was still very happy with this harvest.

Chapter 1812 – Reappearance Of The Avaricious Immortal

“Senior Hong Qiang, this dual sword is quite good. It suits you very well. Please accept it,” Chu Feng handed an Incomplete Imperial Armament that a rank two Martial Emperor was using before to Hong Qiang.

As that Incomplete Imperial Armament was, after all, something used by a rank two Martial Emperor, it was one of the better quality Incomplete Imperial Armaments of the seven Incomplete Imperial Armaments Chu Feng had obtained. Although it was inferior to Chu Feng’s Heavenly Immortal Sword, it was on par with Chu Feng’s Cyan Rainbow Sword and Purple Rainbow Sword.

“This...” Hong Qiang wanted to decline.

“You shouldn’t refuse it. I have this many Incomplete Imperial Armaments with me. If you don’t accept it, I will only end up selling it,” Chu Feng said.

“In that case, I’ll accept it,” Hong Qiang received the Incomplete Imperial Armament.

Even though Hong Qiang was a Martial Emperor now, he did not possess an Incomplete Imperial Armament. After all, Incomplete Imperial Armaments were extremely precious.

If it wasn’t for the fact that they were from the Four Great Imperial Clans, how could one possibly obtain that many Incomplete Imperial Armaments? As far as Hong Qiang knew, of the Nine Powers, the Sword Crafting Villa possessed the most Incomplete Imperial Armaments. However, even with that being the case, they only possessed three Incomplete Imperial Armaments.

As for the other powers of the Nine Powers, it would already be very decent should they be able to possess two Incomplete Imperial

Armaments. In fact, some among them only possessed a single Incomplete Imperial Armament. Furthermore, they would be deemed to be their sect's protective treasure, in the possession of people at the level of Assembly Masters, and passed on from generation to generation.

Yet, at this moment, he was actually able to obtain an Incomplete Imperial Armament himself. Furthermore, its quality was extremely good. As such, how could Hong Qiang not be joyous?

Furthermore, as the master of that Incomplete Imperial Armament was already dead, Hong Qiang was able to easily subdue it and make it be used by him. Today, Hong Qiang had truly profited enormously.

“Damn it, he’s actually using our clan’s Incomplete Imperial Armament as a repayment for a favor?! Furthermore, he said that he was planning to sell it?!”

As they saw how Chu Feng had obtained all those treasures, and had actually given away one of the Incomplete Imperial Armaments before their faces, the people from the Four Clans were all gnashing their teeth in anger and envy.

Those Incomplete Imperial Armaments had only been obtained by the Four Great Imperial Clans throughout the years by entering many Ancient Era’s remnants at the price of the deaths of many experts.

Yet, today, Chu Feng had actually seized all of them. Naturally, they would feel unreconciled.

In fact, at this moment, the Four Great Imperial Clans’ magnificent army of thousands of men had already encircled Chu Feng and Hong Qiang from afar.

However, they were only able to encircle them from afar. Furthermore, none of them dared to attack Chu Feng and Hong Qiang.

At this moment, practically all of the Martial Emperors from the Four Great Imperial Clans had been pinned down by their enemies.

Those underneath rank two Martial Emperor were either dead or wounded. Even those who were still alive did not dare to approach Chu Feng. After all, Chu Feng was able to kill even rank two Martial Emperors. As such, how could any rank one Martial Emperor dare to attack him? If they were to do that, they would simply be throwing their lives away.

“If only I had tried to enter deeper into that palace hall. Perhaps I might have been able to obtain treasures capable of killing rank three Martial Emperors. If I had been able to do so, I would’ve been able to help Ancestor escape from the siege.”

After Chu Feng stored away his treasures, he did not leave right away. Instead, he looked to Baili Xuankong, who was still fighting bitterly.

He was regretting the fact that he had not made it deeper into the palace hall Long Lin had opened that day. Although it might have been extremely dangerous, although he might have been killed by that Qilin, it was also possible that he would have been able to subdue that Qilin.

After all, in that palace hall, only one’s talent mattered.

If he had entered deeper, it would’ve been better than the current situation that he was placed in. At this moment, Chu Feng could only watch as the Snow-haired Immortal, the Compass Immortal and Baili Xuankong fought for him without being able to do anything.

“Hong Qiang, why are you still standing there? Quickly, take Chu Feng away!” Seeing that Chu Feng and Hong Qiang had yet to escape, Baili Xuankong shouted angrily.

“Chu Feng, let’s go. We are unable to interfere with their battles.”

“Furthermore, they are all doing this for your sake. If you are to escape now, they might be able to escape later. However, if you are to continue to stay here, you will only wear out their strength, and might even bring harm to them,” After Hong Qiang said those words, he grabbed Chu Feng and began to escape.

“Buzz~~~”

However, right after the two men turned around, a golden-bright and dazzling spirit formation appeared from all directions and covered the two of them.

“Dragon Mark world spirit formation?” Seeing the spirit formation before his eyes, Chu Feng started to frown. The White-browed Immortal was already dead. Thus, why would there be another Dragon Mark world spirit formation? There was definitely another Dragon Mark Royal-cloak World Spiritist working for the Four Great Imperial Clans.

“Tsk, tsk, tsk... little friend Chu Feng, no matter what, we’re old acquaintances. You shouldn’t be this urgent to leave.”

Sure enough, after the Dragon Mark world spirit formation appeared, a familiar figure appeared outside of the spirit formation.

This man was one of the Ten Immortals. Furthermore, Chu Feng also knew him. He was the Avaricious Immortal.

Back in Mooncloud City, this Avaricious Immortal had tried to prevent Baili Xuankong from escaping with Chu Feng. Never had Chu Feng expected that he would come to prevent him from escaping again today.

Furthermore, judging from his appearance, he must have waited here for a long time for the chance to ambush Chu Feng.

“Avaricious Immortal, you are truly despicable. Remember this! With how you kept going against me repeatedly, I, Chu Feng, will definitely make you die miserably!” Chu Feng’s eyes were surging

with coldness. He was truly feeling bitter hatred for the Avaricious Immortal.

“Hehe, little friend Chu Feng, what you said is extremely true. Someone like me does deserve to die. However, it would still have to depend on whether or not you have the opportunity to kill me.”

The Avaricious Immortal laughed mischievously. Then, he looked to the four Utmost Exalted Elders in the distant and shouted, “Four Elders, Chu Feng’s life is currently in my hands. Say, should I kill him or not?”

“Kill him! Avaricious Immortal, please kill him! As long as you kill him, our Four Great Imperial Clans will definitely thank you with vast treasures,” The Four Utmost Exalted Elders spoke in unison.

“Avaricious, you dare?! If you dare to touch my disciple, I will make you meet a fate more miserable than death!” The Snow-haired Immortal said furiously.

“Snow-haired Immortal, I know of your temperament. Even if I am to let Chu Feng off today, you will definitely not spare me.”

“Since I have shown myself, that means that I do not fear you,” The Avaricious Immortal smiled complacently. Then, he said, “Four Lord Elders, I do not need you all to thank me with vast treasures. I merely need you all to agree to one thing. As long as I kill Chu Feng, all of his treasures shall be mine, and you all will not look into it anymore. Is that fine?”

“.....” Hearing those words, the people from the Four Great Imperial Clans became extremely enraged. This Avaricious Immortal was seizing the opportunity to plunder them by making an extravagant demand again.

Although he had not requested anything specific this time, the number of treasures Chu Feng possessed were too many to count. Not to mention what he possessed, merely the number of

Incomplete Imperial Armaments that he had snatched away from the Four Great Imperial Clans was already extremely numerous.

Even though those Incomplete Imperial Armaments had already been seized by Chu Feng, it remained that they were their Four Great Imperial Clans' possessions. What the Avaricious Immortal had said was simply equivalent to seizing those treasures for himself.

“Very well. Avaricious, do it, kill him,” The four Utmost Exalted Elders did not hesitate in the slightest, and spoke decisively. They knew very well that, compared to Chu Feng's life, those treasures could not amount to anything.

“Righto,” Hearing those words, the smile on the Avaricious Immortal's face grew even stronger. Then, he turned his treacherous gaze to Chu Feng and said, “Little friend Chu Feng, you must not blame this Immortal for being ruthless. It is simply that I must help those who pay me to avoid calamities. Furthermore, you bullied my disciple that day. As such, how could I possibly let you live?”

As he said those words, deep hatred flashed through the Avaricious Immortal's eyes.

“Puu~~~”

However, right after he finished saying those words, the Avaricious Immortal sprayed out a mouthful of blood onto the spirit formation before him.

“.....” Seeing this scene, not to mention the others, even Chu Feng and Hong Qiang were startled.

Didn't this Avaricious Immortal want to kill him? Why would he be vomiting blood instead?

“Buzz~~~”

Right at this moment, a figure suddenly appeared behind the Avaricious Immortal.

This person was wearing a black cloak that concealed his body and appearance. However, the cloak was incapable of hiding his aura. He was a rank four Martial Emperor.

Chapter 1813 – Plan Failure

“Kill!!!!”

The Avaricious Immortal had been injured. Thus, he naturally knew that an expert had interfered. However, his avaricious heart was already determined to kill. As such, he ignored that expert, instead shouting loudly, taking out a weapon and thrusting it toward Chu Feng.

“Boom~~~”

However, that black-cloaked individual raised his hand and shot out a palm. Then, a miserable scream was heard. The Avaricious Immortal had been knocked several miles away.

Even though that palm strike did not kill the Avaricious Immortal, he was badly mutilated the moment he fell to the ground. He had been seriously injured, and lost the ability to continue fighting.

“Pop~~~”

Then, that black-cloaked individual placed his palm onto the world spirit formation. With a tremble of his palm, divine might was revealed. Before his overwhelming strength, that Dragon Mark spirit formation started to shatter and scatter.

Then, with a wave of his palm, Chu Feng and Hong Qiang both entered his control.

“Senior, although I do not know who you are, I hope that you can help my Ancestor, as well as the two Immortals, escape,” Seeing that mysterious man had come to save him, Chu Feng spoke and requested his assistance.

Hearing those words, that man was slightly startled. Then, he waved his sleeve once again.

“Woosh, woosh, woosh~~~”

In an instant, heaven and earth grew dark. Black clouds began to surge as a boundless tornado appeared out of nowhere. The tornado arrived at the place where Baili Xuankong and the Four Great Imperial Clans' Clan Chiefs were fighting.

As the violent winds spun about, they were simply unstoppable. Although the tornado did not possess the intention to kill, being engulfed by it, the grand Clan Chiefs of the Four Great Imperial Clans could only allow themselves to be spun about like fallen leaves. They were unable to contend against the violently spinning wind.

“Woosh~~~”

Right at this moment, that black-cloaked man extended his hand and grabbed. Then, Baili Xuankong turned into a ray of light and arrived before him.

After that, the man brought Chu Feng, Hong Qiang and Baili Xuankong with him and entered space. They had concealed themselves.

“You can't escape!”

The Four Great Imperial Clans' Clan Chiefs led their army and began to chase after them. However, how could they possibly catch up to them?

Not to mention his body, that man had instantly concealed all of his aura. Of course, Chu Feng, Baili Xuankong and Hong Qiang were also concealed with him.

“Ah? Chu Feng has been saved? That man was extremely powerful. He's actually a rank four Martial Emperor. Who exactly is he?”

“Who else could he be? He's most definitely Zhang Tianyi's father, the master of the fort. Other than him, who could possibly possess this sort of ability?” The crowd all turned their gazes toward the fort.

As for the people from the Four Great Imperial Clans, not only were they looking at the fort, their gazes were also filled with killing intent. They were so angry that their eyes had turned red. Boundless killing intent had covered the entire fort.

Even though they knew that Zhang Tianyi's father was not someone to look down upon, it remained that he was making enemies out of their Four Great Imperial Clans by saving Chu Feng. As such, they would naturally not let the matter drop.

"Everyone, you must have proof of what you say. Else... do not blame me for being impolite," However, right at this moment, Zhang Tianyi's father flew out from the fort. He stood above the fort and started at the crowd with a murderous expression.

His reaction was understandable. After all, it was true that the crowd was wrongly accusing him.

"This... it's actually not him?"

Upon seeing the appearance of Zhang Tianyi's father, the people were all shocked. That black-cloaked man had already escaped. Furthermore, he had escaped outward. Yet, Zhang Tianyi's father had appeared immediately. This meant that the person who saved Chu Feng was really not him.

However, if it wasn't him, then who saved Chu Feng?

Didn't this mean that there was another grand character with a cultivation of rank four Martial Emperor backing Chu Feng?

Not only did Chu Feng possess the backing of the Compass Immortal, the Snow-haired Immortal and that Martial Emperor wearing the conical bamboo hat, he actually possessed the backing of another rank four Martial Emperor. This was simply too astonishing.

Exactly how enormously powerful was Chu Feng's backing? Wouldn't this mean that he was truly capable of contending against the Four Great Imperial Clans that had continued to exist

for several tens of thousands of years?

When the crowd thought of this, many of them were overwhelmed. Even after a long time, they were unable to regain their calm.

Chu Feng had come out of nowhere. However, he turned out to possess a grand origin.

Right at this moment, the Snow-haired Immortal suddenly shouted, "Shameless old trash, this Immortal will not play with you all anymore."

Then, she threw out an item. Immediately, thick smoke began to surge. The smoke covered everyone's line of sight.

"Everyone, farewell," At the same time, the Compass Immortal also took out a similar item. After he tossed that item out, thick smoke also began to surge.

As the thick smoke dispersed, the two Immortals had already escaped.

"If you all do not chase after me, I will not look further into what happened today. However, if you are to chase after me, I will definitely make it so that your Four Clans cannot live in peace," Not only did the Snow-haired Immortal escape, she even publicly threatened the Four Great Imperial Clans.

"Damn it!" At this moment, the six Utmost Exalted Elders from the Four Great Imperial Clans were all trembling with anger. However, none of them went to chase after the Snow-haired Immortal or the Compass Immortal.

Actually, if they truly wanted to contain the Snow-haired Immortal and the Compass Immortal, they were capable of doing so. However, even if they were to contain them, what could they possibly do? If they were capable of killing the two of them, they would've done so already. Why would they have fought them for so long?

If they were to continue to fight them, they might push the two of them into a corner. Should that happen, the Snow-haired Immortal and the Compass Immortal might start to openly slaughter the people from their Four Great Imperial Clans. At that time, the casualties to their Four Great Imperial Clans might not only be this much.

However, the more it was like this, the more unreconciled and furious they were. The hatred they felt for the Snow-haired Immortal and the Compass Immortal was enormous.

They had laid in ambush for a long time, and prepared meticulously to capture and kill Chu Feng. However, in the end, not only had Chu Feng escaped, they seemed to have not even injured Chu Feng in the slightest.

Yet, look at them. They had suffered disastrously. Not mentioning those who were not Martial Emperors, there were many casualties even among their Martial Emperors. Most speechlessly, ten of the Martial Emperors that were killed had been killed by Chu Feng. Even the White-browed Immortal had died at Chu Feng's hands.

However, ultimately, all of this had been caused by the Snow-haired Immortal and the Compass Immortal. If they had not interfered, how could Chu Feng possibly have been able to escape? He would've already been killed by them.

However, even though they knew that it was all the fault of the Snow-haired Immortal and the Compass Immortal, they had no choice but to let them escape. After all, with the troops they had with them here, it was unsuitable for them to fight the Snow-haired Immortal and the Compass Immortal to the bitter end. If they wished to eliminate the two of them, they would have to think of a different way to do so.

That being said, it remained that they had been defeated in the battle today. Utterly defeated on top of that. What they had

suffered was not only limited to the loss of Martial Emperors and elites from the Four Clans that they had nurtured for years, their Four Great Imperial Clans' dignity and face had also been trampled upon.

Thus, at this moment, the people from the Four Great Imperial Clans were extremely depressed. Each and every person possessed extremely ugly expressions on their faces.

They truly did not understand why a mere Chu Feng could possess the backing of that many people.

However, regardless of how depressed the Four Great Imperial Clans might be, they were incapable of stopping the crowd from running their mouths. After all, today, the crowd had seen with their own eyes how valiant Chu Feng was.

Not to mention the Four Great Imperial Clans themselves thinking about it, even the observers present here today knew that the Four Great Imperial Clans' decision to make Chu Feng an enemy would likely mean that their future days would be very difficult.

After all, that child by the name of Chu Feng was truly too heaven-defying.

.....

At this moment, away from the crowd, three silhouettes were hidden inside the void. While these three people possessed human-like appearances, there was a uniqueness to them.

They possessed blonde hair, green eyes and a tall and thin stature. Their appearance was many times more beautiful than that of ordinary humans. Even though two of them were clearly old men, they were much more handsome than ordinary human old men. It was certain that they had been extremely handsome when they were young.

Among the three of them was a member of the younger

generation. That man possessed a face akin to that of a female. Before him, ordinary females would lose their splendor. He was truly too beautiful. If he were a woman, he would be a beauty. However, with his appearance, he lacked any trace of masculinity.

However, when ignoring his appearance, this man possessed an exceptional cultivation. He was, at the very most, only ten years older than Chu Feng. He could most definitely be considered to be a member of the younger generation. However, he was a Martial Emperor, a rank one Martial Emperor.

As for the two old men standing to either side behind him, they were even more extraordinary. Not only were they Martial Emperors, they were rank four Martial Emperors.

Those two old men were people of the same caliber as the Four Great Imperial Clans' Utmost Exalted Elders, the Compass Immortal and the Snow-haired Immortal.

These three people were all Ancient Era's Elves.

No, to be exact, they were people from the Elf Kingdom.

Chapter 1814 – The Reactions From The Various Powers

“That Chu Feng is truly extraordinary. After all these years, there has finally appeared another person from the human race who can contend against our Ancient Era’s Elves’ younger generation,” Of the two old men, the one with a scar on the left side of his face looked to the direction in which Chu Feng escaped and gasped.

“Contend? Merely that Chu Feng? Elder Mo Xu, you are thinking too highly of him, no?” The younger elf snorted lightly. Even though he had experienced Chu Feng’s techniques, he still did not place Chu Feng in his eyes.

“Young master Yuyin, if you were to fight against that Chu Feng, what percentage of certainty would you have in victory?” The elder by the name of Mo Xu asked.

That disciple by the name of Yuyin coldly snorted and then said confidently, “Humph, what percentage of a certainty of victory? Naturally, a hundred percent.”

“A hundred percent? Even if that Chu Feng doesn’t use treasures, he is still capable of fighting against rank one Martial Emperors,” That Elder by the name of Mo Xu frowned lightly. He did not believe Yuyin.

“If you do not believe me, I will find the opportunity to fight against him. At that time, you will come to know my strength,” After he finished saying those words, that young master Yuyin turned around and walked away.

Elder Mo Xu sighed. “While young master Yuyin indeed possesses exceptional talent, he is too arrogant and conceited.”

“Furthermore, geniuses are appearing among the humans in great number. I’m afraid that it will be as the rumors say, and another overlord will soon be born.”

“If this is to continue, with young master Yuyin’s temperament, I’m afraid that he will end up suffering,” A trace of worry appeared in Elder Mo Xu’s eyes.

“Brother Mo Xu, I think you are overthinking things. Although young master Yuyin is extremely conceited, he possesses the strength to be conceited. You must now know that he is about to break through to rank two Martial Emperor,” The other white-haired old man said.

“Brother Mo Wen, is what you say the truth?” Hearing those words, Elder Mo Xu was startled.

“Of course. Likely, young master Yuyin will once again obtain the standing of our Ancient Era’s Elves’ number one younger generation.”

“Ever since Lady Princess entered the Martial Emperor realm half a year ago, the status of the number one member of the younger generation has been held by Lady Princess the entire time. And now, it will finally return to young master Yuyin,” When mentioning this matter, Elder Mo Wen was quite happy. It seemed that he wanted that young master Yuyin to become the number one younger generation of the Ancient Era’s Elves.

“Naturally, no fault can be found in young master Yuyin’s talent. Else, how could he have continued to hold the status of the Ancient Era’s Elves’ number one younger generation for so long? Unfortunately, Lady Princess has already grown up now. I’m afraid that young master Yuyin will never have the opportunity to take back the position of number one in the younger generation. In his entire life, he will only be number two,” Elder Mo Xu said with a beaming smile.

“You mean, could it be?” Hearing those words, Elder Mo Wen revealed an expression of shock.

“That’s right. Lady Princess is already a rank two Martial Emperor,” Elder Mo Xu nodded.

“Haha, Lady Princess truly lives up to expectations.”

“This era is indeed an era where an overlord will be born. Merely, the overlord of this era will no longer be human. Instead, it will be an Ancient Era’s Elf,” Hearing what Elder Mo Xu said, Elder Mo Wen was also overjoyed.

.....

At the moment when the majority of the people were reminiscing on the marvelous battles Chu Feng and the others had fought against the Four Great Imperial Clans, the truly important characters had all left in succession. The top experts of the Three Palaces were among those people who had left.

.....

Heavenly Law Palace. The elder that led the group of people from the Heavenly Law Palace was a rank three Martial Emperor. At this moment, there were a total of three people following him. Two of them were elders of the Heavenly Law Palace. The two of them possessed cultivations weaker than his, and were rank two Martial Emperors. As for the remaining person, it was a disciple. Naturally, this person would be the number one disciple of the Heavenly Law Palace, the head of the Heavenly Generals, Leng Yue.

“Leng Yue, you must have actually been defeated by that Chu Feng, right?” The leading elder asked.

“This disciple is incompetent. I have shamed our Heavenly Law Palace’s reputation. Elder, please punish me,” Leng Yue had an ashamed expression.

“Punish? Punish what? It is not that you are incompetent, it is merely that Chu Feng who is too strong. That child... is indeed amazing. This old man has lived for seven thousand nine hundred and thirty-seven years. I have seen countless people throughout my life. However, this is the first time I’ve ever met a member of

the younger generation that powerful. By younger generation, I am talking about those underneath a hundred years old. As for that Chu Feng, he is likely not even thirty years old, no?" That elder gasped with admiration.

"Elder, that child dared to attack Leng Yue. He is simply not placing our Heavenly Law Palace in his eyes. Should we go and kill him?" One of the two rank two Martial Emperors asked.

"Do you want to kill Chu Feng, or is it that you want the treasures that he possesses?" The leading elder asked.

"Elder, I merely..."

"You don't have to say anymore. How could I not know what you are thinking?" Before that elder could finish what he wanted to say, the leading elder cast an eye at him.

At this moment, that elder did not dare to refute him, and lowered his head guiltily. It was as if he were admitting to it.

"The two of you, listen carefully. Before Lord Palace Master exits his closed-door training, you are not allowed to stir up troubles for him. Even if we are to attack that Chu Feng, we must wait till Lord Palace Master exits his closed-door training first before deciding. Else, if you are to anger Lord Palace Master, no one will be able to save you. Understand?" The elder said.

"This subordinate understands," The two rank two Martial Emperors nodded their heads.

.....

Mortal King Palace. At this moment, there were also several Martial Emperor-level elders that were rushing back. The person leading them was also a rank three Martial Emperor. At this moment, he appeared to be in deep thought.

"Milord, what are you thinking about?" A rank one Martial Emperor asked the leading elder.

“That child Chu Feng is truly too heaven-defying. If an overlord is really going to be born in this era, I believe that overlord will be none other than him,” The leading elder said.

“Isn’t there also that Emperor Gong’s successor, that Zhang Tianyi? Perhaps that Zhang Tianyi is even more powerful than Chu Feng. After all, he obtained the title of the Strongest Younger Generation,” Someone said.

“Strongest Younger Generation? That’s nothing more than a false reputation. Trust me. That Zhang Tianyi is definitely inferior to Chu Feng,” After that elder said those words, he sighed and then said, “With the birth of an overlord, our Mortal King Palace will no longer be the strongest among all humans. If that Chu Feng is to truly mature, in the future, our Mortal King Palace will have to take him into consideration on every matter.”

“Milord, are overlords really that powerful?” Someone asked.

“Of course. Else, why would they be called overlords?” The leading elder said.

“Milord, how about we eliminate that Chu Feng before he matures?” The rank one Martial Emperor asked.

“Heh, with merely you?” The leading elder cast a disdainful glance at that rank one Martial Emperor. Then, he said, “Even three rank two Martial Emperors have been killed by him today. Among them was even the Dragon Mark Royal-cloak World Spiritist, White-browed Immortal. You are a mere rank one Martial Emperor, what certainty of being able to kill Chu Feng do you have?”

“I...” That rank one Martial Emperor turned speechless. Thinking about it, he really had no certainty at all.

“Forget about it. We must consider this matter at length. Let’s return and report this to Lord Palace Master first, and we’ll have him make the decision,” The leading elder said.

“Yes,” The others said in unison.

.....

Underworld Palace. At this moment, they were also discussing Chu Feng. However, their reactions were completely different from that of the Heavenly Law Palace and the Mortal King Palace.

“Lord Underworld Judge, you’re saying that Chu Feng is very likely to become this era’s overlord?” A rank two Martial Emperor said to the leading elder with an expression of excitement. The others were also extremely excited.

The leading elder was an old man with a black, ink-like complexion skin. Furthermore, he was as thin as a match. Looking at him, one would think that he was composed of only skin and bones. If his clothes were taken off, he would resemble a dried corpse. His appearance was truly frightening.

However, while this old man had a very frightening appearance, his eyes were bright and full of expression. Furthermore, his cultivation was that of a rank four Martial Emperor. He was much more powerful than the two leading elders dispatched by the Heavenly Law Palace and the Mortal King Palace for this occasion.

As for this man, he was very well-known in the Holy Land of Martialism. Not to mention the Four Clans’ Clan Chiefs, even their Utmost Exalted Elders would not dare to act imprudently toward him.

This man, due to the fact that he possessed a dark complexion, an extremely fiendish appearance, and the position of Underworld Judge in the Underworld Palace, he was known as Underworld Judge Black Fiend.

“What do you all think? Very exciting, isn’t it? Back then, when Emperor Chi, Emperor Huang, Emperor Gong and Emperor Qing were overlords, our human race possessed awe-inspiring authority. We were truly existences that stood at the apex of the

Holy Land of Martialism. Even the Ancient Era's Elves did not dare to act imprudently toward us.”

“However, after the passing of Emperor Qing, there has never been anyone that was capable of suppressing the Ancient Era's Elves. Even though they rarely show themselves and give off the sensation of being hidden from the secular world, our Three Palaces know best how arrogant those Ancient Era's Elves are.”

“They occupy the most Ancient Era's Remnants and Burial Grounds. They have monopolized a lot of the benefits. While they appear to be removed from worldly matters, they are actually bandits.” He sighed.

“However, if Chu Feng were to really become this era's overlord, he would definitely stand up for us humans. At that time, how could those Ancient Era's Elves still dare to act arrogant?” As Underworld Judge Black Fiend said those words, his gaze began to flicker. As if he was already seeing the arrival of that day, he revealed a loosened expression.

“What Lord Underworld Judge said is extremely correct. But, Lord Underworld Judge, why is it that you mentioned Emperor Chi, Emperor Huang, Emperor Gong and Emperor Qing, but not the Beast Emperor?” An elder asked in a puzzled manner.

Chapter 1815 – Request From One’s Benefactor

“The Beast Emperor was not human. He naturally cannot be counted,” Underworld Judge Black Fiend said.

“Ah? He really wasn’t a human? Aren’t there people who say that the Beast Emperor is only known as the Beast Emperor because he was a human who cultivated in a special monstrous beast-like martial technique?” At this moment, the surrounding elders were all startled.

“Those are merely rumors. The Beast Emperor was a monstrous beast. Merely, no one knew what sort of monstrous beast he was. The reason for that was because there was no one in his era capable of forcing him to reveal his true form,” Underworld Judge Black Fiend said.

“So that’s the case,” The crowd nodded.

“Lord Underworld Judge, who do you think it was that saved Chu Feng today?” An elder asked curiously.

“It could have been anyone. He might have been a hidden expert, or one of the Ten Immortals. It might even be possible for him to have been someone from the Three Palaces or even the Four Clans. Everything is possible,” Underworld Judge Black Fiend said.

“Ah? It’s even possible for him to have been someone from the Four Clans? Lord Underworld Judge, please excuse this subordinate’s offense, but I feel that that doesn’t seem to be realistic, no? The Four Clans are anxious to kill Chu Feng. Thus, why would someone from the Four Clans save him?” Someone said.

“You don’t understand. Chu Feng possesses countless treasures on him, and his talent is also extremely heaven-defying. Not only are the treasures that he possesses enough to make people want to

kill him, merely his exceptional talent is already enough to make a lot of people view him as a threat.”

“Merely, what I’m saying is, it is possible for anyone to save him. That being said, it is also very possible that the person that saved him did so with the intention of harming him,” Underworld Judge Black Fiend said.

“So that’s the case. This subordinate understands now,” The crowd all revealed an expression of sudden realization. However, someone then said worriedly, “Lord Underworld Judge, if that person who saved Chu Feng really did so with an ill intentions, wouldn’t that mean that Chu Feng is in deep danger right now?”

“I also do not wish for his death. After all, he carries the hope of our human race. However, with the situation today, it is truly unsuitable for us to involve ourselves. Thus, it is better that we return and report this matter to Lord Palace Master.”

After saying those words, Underworld Judge Black Fiend looked into the distance and muttered, “For there to be people wanting to harm that child, there will naturally be people that would want to protect that child. Else, if he is to only rely on himself, it will be very difficult for him to mature. Hopefully Lord Palace Master will be willing to protect that child.”

.....

At this moment, the army from the Four Great Imperial Clans were also on their way back. Among the vast and magnificent army was a sparkling golden war chariot. The six Utmost Exalted Elders and the four Clan Chiefs were all in that war chariot.

Other than them, there was another individual. He was the person who had faked Chu Feng’s appearance before, the Hundred Transformations Clay Man.

Merely, at this moment, while the four Clan Chiefs were all standing, that Hundred Transformations Clay Man was actually

sitting alongside the six Utmost Exalted Elders. Furthermore, there was no trace of nervousness or feeling of constraint in his gaze. Even though he was only a rank one Martial Emperor, he had an attitude of standing on equal footing with the six Utmost Exalted Elders.

“Chu Feng’s survival means that there will be no end of trouble. Likely, your Four Great Imperial Clans will not be able to remain peaceful. With that Chu Feng’s temperament, once he matures, it would not be surprising should he come and exterminate your Four Great Imperial Clans in the future,” The Hundred Transformations Clay Man sat there and fiddled with his fingers. He acted as if he were speaking about something insignificant.

“We already know that without you needing to tell us. Else, why would we be so insistent on killing Chu Feng? You said that you have the means to take care of Chu Feng, exactly what is that means that you spoke of?” A Nangong Imperial Clan’s Utmost Exalted Elder asked.

“Very simple. Increase the bounty on his head. There will definitely be people who will inform us about information regarding that Chu Feng,” The Hundred Transformations Clay Man said.

“Increase the bounty further? Is the bounty right now still insufficient?” The four Clan Chiefs asked in near unison.

“It’s insufficient, deeply insufficient. If you all were to add an Imperial Armament onto your current bounty, it would be sufficient then,” The Hundred Transformations Clay Man said.

“What? Imperial Armament? You want us to use our Emperor Dragon Seals as bounties?”

“No, absolutely not. The Emperor Dragon Seals are the foundations of our Four Great Imperial Clans,” The Four Clans’ Utmost Exalted Elders all shook their heads.

“Even if you all are to offer an Emperor Dragon Seal as the bounty, no one will trust you all. Everyone knows how important the Emperor Dragon Seals are to you all.”

“My master is capable of lending you all an Imperial Armament. However... he has a condition,” The Hundred Transformations Clay Man said.

“What is the condition?” Everyone asked in unison.

“You all are to present the Moonlight Maze’s four Stellar Keys to my master. If you are to do that, he will lend you an Imperial Armament. However, remember, it is only lending. As for ‘lending,’ I believe you all understand what this means,” The Hundred Transformations Clay Man said.

“This...” The Utmost Exalted Elders looked to one another. They all revealed expressions of difficulty.

“No rush. You all can consider this slowly. However, before a maze that you all cannot open and the opportunity to eliminate a great enemy, I believe you all will come to a decision,” As the Hundred Transformations Clay Man spoke those words, he stood up and prepared to leave.

“Wait. Our Nangong Imperial Clan is willing to hand over our Stellar Key,” A Nangong Imperial Clan’s Utmost Exalted Elder said.

“We are also willing,” After that, the Utmost Exalted Elders from the other three clans also voiced their willingness.

“That’s the correct choice,” At this moment, the Hundred Transformations Clay Man turned around. A smile actually appeared on his face that lacked facial features. That smile was extremely vicious.

“Merely, even if we are able to find that Chu Feng, with that many people protecting him, I’m afraid that it will be very difficult to eliminate him,” The Beitang Imperial Clan’s Utmost Exalted

Elder said.

“Regarding that, you all can rest assured. As the saying goes, when helping, one must help all the way. If you all are willing to hand the four Stellar Keys to my master, my master will take care of that Snow-haired Immortal. As for that Compass Immortal, without the Snow-haired Immortal, I believe you all should be able to take care of him, no?” The Hundred Transformations Clay Man said.

“If that’s the case, it would definitely be great,” Hearing those words, a faint joyous expression emerged on the previously gloomy faces of the Four Clans’ Utmost Exalted Elders.

.....

At the moment when the people from the various powers were discussing Chu Feng, that black-cloaked man was still bringing Chu Feng and the others with him and rapidly flying through the void.

It was only when they arrived at a mountain range that he slowed his speed and landed in the mountain’s forest.

“Senior, your great kindness is not something that this junior can thank with words. However, I still hope that you are willing to tell me your highly honorable name, so that this Chu Feng can repay your grace of saving my life in the future.”

At the moment they landed, Chu Feng clasped his fist toward the mysterious black-cloaked man. Even Hong Qiang and Baili Xuankong were clasping their fists respectfully toward that black-cloaked man to express their thanks.

However, that black cloaked man completely ignored them. Instead, he faced the depths of the forest and said, “This is all that I can help you with. If this still won’t do, you can only abdicate.”

After he finished saying those words, the mysterious black-cloaked man once again disappeared into the void.

“This...” At this moment, Chu Feng and the others were dumbfounded. Even though that mysterious black-cloaked man had saved them, he had not said a single word to them.

However, even with that being the case, Chu Feng and the others still turned their gazes toward the direction in which that black-cloaked man had spoken earlier. The reason for that was because there was currently an aura approaching them from that direction. It was the aura of a rank three Martial Emperor.

“Little friend Chu Feng, I have heard of your great name for a long time now, and was looking forward to meeting you. Today, I finally get to see you. It is truly my pleasure, truly my pleasure,” That rank three Martial Emperor appeared before them. Although he had the appearance of a human, Chu Feng was capable of sensing that he was not human. From his aura, Chu Feng determined that he was a monstrous beast.

“Senior, are you from the King Monstrous Dragon Race?” Chu Feng asked.

“As expected from a Royal-cloak World Spiritist, little friend Chu Feng actually saw through me. Yes, I am the Clan Chief of the King Monstrous Dragon Race, Yaojiao Guang,” Yaojiao Guang said with a beaming smile.

“So it’s actually senior Yaojiao Guang. Junior Chu Feng thanks senior for saving my life,” Chu Feng clasped his fist and bowed respectfully to Yaojiao Guang.

Chu Feng knew that the black-cloaked man, regardless of who he was, had only been asked by someone else to save him. As for the person that really wanted to save Chu Feng, it was this Clan Chief of the King Monstrous Dragon Beasts, Yaojiao Guang.

“My, little friend Chu Feng, don’t thank me so quickly. I had you brought here because I have a matter that I need your help with. Might little friend Chu Feng be willing to help me?” Yaojiao Guang said.

Chapter 1816 – Fighting Over The Position Of Clan Chief

“Help?” Hearing those words, Chu Feng was startled.

However, nevertheless, he asked, “Senior has saved me. What might it be that this junior can help with? As long as this junior is capable, I will definitely put forth all of my effort to be of assistance.”

Yaojiao Guang sighed, “Regarding this matter, it is a long story. However, little friend Chu Feng is indeed capable of helping me. Thus, I might as well tell you all the truth,” Yaojiao Guang began to explain the situation to Chu Feng, Hong Qiang and Baili Xuankong.

It turned out that even though Yaojiao Guang was the Clan Chief of the King Monstrous Dragon Beasts, his position as the Clan Chief was about to expire.

According to the rules of the King Monstrous Dragon Beasts, it was not up to him to decide who the next Clan Chief would be. Instead, the person to become the next Clan Chief was the strongest member of the younger generation.

At this moment, of the children that Yaojiao Guang had that were still part of the younger generation, which is to say, less than a hundred years old, there was his ninety-sixth son, ninety-seventh son, ninety-eighth son and ninety-ninth daughter.

Among his three sons and one daughter, the one with the strongest strength was his ninety-sixth son, Yaojiao Tinglei.

Chu Feng had already met Yaojiao Tinglei. He had been the representative of the King Monstrous Dragon Beasts in the Strongest Younger Generation Battle Assembly.

Back then, that Yaojiao Tinglei had indirectly spoken for Chu Feng before Zhang Tianyi’s father. Thus, Chu Feng had a pretty

good impression of him.

However, according to Yaojiao Guang, although his ninety-sixth son was very strong, he was not the strongest among the King Monstrous Dragon Beasts' younger generation.

Currently, the strongest of the younger generation among the King Monstrous Dragon Beasts was a person by the name of Yaojiao Xueran.

Although that Yaojiao Xueran was already ninety-three years old, he was still considered to be a member of the younger generation. Furthermore, he possessed a cultivation stronger than even Chu Feng's. He was a rank eight Half Martial Emperor.

Logically, Yaojiao Xueran would be the optimal successor to the King Monstrous Dragon Beasts' Clan Chief.

Normally, this would not be an issue. However, the King Monstrous Dragon Beasts were separated into two factions. One of them was the one that the current Clan Chief, Yaojiao Guang, was in. This faction was called the 'Peace Faction.' They advocated for peaceful coexistence with humans, and did not wish for unnecessary conflicts to arise.

As for the other faction, it was called the 'War Faction.' The War Faction advocated for monstrous beasts to become the rulers. They did not wish to continue to act modestly toward humans. Instead, they wanted the King Monstrous Dragon Beasts to reach the apex of the Holy Land of Martialism, to have everyone fear their name.

Thus, if someone from the War Faction were to become the Clan Chief, the King Monstrous Dragon Beasts would likely not be able to coexist peacefully with humans. Conflicts and calamity would inevitably come about. As for that, it would not be good for either humans or the King Monstrous Dragon Beasts.

As for that Yaojiao Xueran, he was the son of the current leader of the War Faction. Furthermore, the leader of the War Faction

possessed an antagonistic relationship with Yaojiao Guang. Thus, if his son were to become the Clan Chief, then the Peace Faction which Yaojiao Guan lead would definitely end up suffering in the future.

Thus, Yaojiao Guan really did not wish for Yaojiao Xueran to succeed as the next Clan Chief. This was the reason why he had sought Chu Feng's help.

“Although Yaojiao Xueran is a rank eight Half Martial Emperor, and is also very powerful among the King Monstrous Dragon Race's younger generation, the Clan Chief of the King Monstrous Dragon Race must face the Holy Land of Martialism's Martial Emperors. With the cultivation he possesses, it is clear that he is insufficiently qualified to take upon himself the position of Clan Chief.”

“I don't understand why you all must have him succeed as the next Clan Chief instead of finding someone stronger. Furthermore, I can see that senior's health is completely fine. Even if you are to continue to be the Clan Chief for two thousand more years, there should also not be any problem to it. There is simply no reason for you to abdicate, no?” Chu Feng asked with a puzzled expression.

“Little friend Chu Feng doesn't know about this. This has been a rule of our King Monstrous Dragon Race since ancient times. I became the Clan Chief of our King Monstrous Dragon Race when I was ninety-eight years old. As matters stand, I have already been the Clan Chief for eight thousand years.”

“According to our King Monstrous Dragon Race's rule, as long as a Clan Chief has been the Clan Chief for eight thousand years, regardless of what their cultivation might be, regardless of how powerful they might be, they must still abdicate. Then, the member of the younger generation with the strongest strength shall be the one to succeed the position of Clan Chief,” Yaojiao Guang said.

“Eight thousand years? You’ve already lived for eight thousand years?” Hearing those words, Hong Qiang was extremely startled. The way he saw it, Yaojiao Guan was very strong and robust. At the very most, he would only appear like a human who had lived for three thousand years. He simply did not resemble someone who had lived for eight thousand years.

After all, for humans, even if one were a Martial Emperor, one’s body would become weak and feeble like that of an old man upon living for eight thousand years. Even if one possessed overwhelming abilities, it remained that they would be near the limit of their life expectancy. To speak simply, they would soon die, and would have to use heavenly treasures and earthly gems if they wanted to extend their lifespan.

For example, the Four Great Imperial Clans’ Utmost Exalted Elders and even Baili Xuankong were all people who were near the limit of their life expectancy. They were all using special methods to extend their lifespan. However, even with that being the case, they would not be able to continue to live for another thousand years. At the very most, they could live for several hundred more years.

Although Yaojiao Guang had also lived for that long, judging by his appearance, one would feel that it would be no issue for him to continue living for four to five thousand more years. The reason for that was because he simply did not give off the appearance of having deteriorated with age.

“Our King Monstrous Dragon Race possesses the Bloodlines of True Dragons. Although it is only a tiny bit, it is sufficient to allow our lifespans to surpass those of ordinary monstrous beasts. Moreover, monstrous beasts possess a longer life expectancy than humans to begin with,” Yaojiao Guang explained.

“Monstrous beasts fill every corner of the Holy Land of Martialism. However, very few among them possess noble Bloodlines. Today, this old man’s horizons have been broadened,”

Baili Xuankong nodded.

Yaojiao Guang looked to Baili Xuankong and asked, “This brother, you should be the one who saved little friend Chu Feng in Mooncloud City, right? I already know of Brother Hong Qiang. Brother, may I know your distinguished name?”

From his passionate gaze, it could be seen that he wanted to find out Baili Xuankong’s identity underneath that conical bamboo hat.

“This...” Chu Feng was slightly hesitant. After all, the identity of his Ancestor was something that no one knew about even now. The reason for that was because Baili Xuankong’s identity concerned the safety of the Cyanwood Mountain.

“It’s alright,” However, Baili Xuankong waved his hand at Chu Feng. Then, he removed his conical bamboo hat and said, “I am Baili Xuankong.”

“So it’s actually Brother Baili. It is my pleasure to meet you,” Yaojiao Guang felt very honored to be able to see Baili Xuankong’s true appearance.

At this moment, Hong Qiang also looked to Baili Xuankong with a pensive gaze. After all, it was also the first time that he had seen Baili Xuankong’s true appearance. Merely, that name ‘Baili Xuankong’ was sounded somewhat familiar to him. Yet, he was unable to recall where he had heard it.

This was not because Hong Qiang possessed a bad memory. Although Baili Xuankong had become famous very early, he had disappeared and entered seclusion training when his fame in the Cyanwood Domain was at its greatest. Currently, there were truly not many people who still knew of him.

“Clan Chief Yaojiao, please forgive this old man for being blunt. This rule of your King Monstrous Dragon Beasts seems to be somewhat unconventional.”

“Even if you should abdicate after being the Clan Chief for eight

thousand years, the next Clan Chief should be someone with the proper qualifications. How could you all jump so far and directly choose the next Clan Chief from the younger generation?"

"How is the new Clan Chief, with his cultivation and status, possibly capable of convincing the masses, not to mention the outsiders, but merely the people within the King Monstrous Dragon Race, to serve him?" Baili Xuankong asked in a very puzzled manner. As for this, it was also what Chu Feng and Hong Qiang were puzzled by.

"There are two factions in our King Monstrous Dragon Race. The two factions are the most crucial. As for the position of Clan Chief, it is merely a title. When a member of the younger generation succeeds as the next Clan Chief, it will only be in name. The true authority will actually end up going to the leader of the faction that the member of the younger generation belongs to," Yaojiao Guang said.

"So that's the case. This old man understands now. Merely, you said earlier that Chu Feng can help you. However, I feel that Chu Feng will likely be powerless in something like this, no?" Baili Xuankong asked.

"It is indeed possible for little friend Chu Feng to help me strive for a chance," Yaojiao Guang said as he looked to Chu Feng.

"Senior, please tell me straightforwardly," Chu Feng said.

"Little friend Chu Feng, do you still remember my daughter, Yaojiao Tingyu?" Yaojiao Guang asked.

"I became acquainted with Princess Tingyu on the Weaponry Refinement Immortal's Immortal Island. Chu Feng naturally remembers her," Chu Feng had a very good impression of Yaojiao Tingyu. In fact, it could be said that Chu Feng had a very good impression of the entire King Monstrous Dragon Beast race so far.

After all, during the moment when so many humans wanted to

kill him, it was the King Monstrous Dragon Beasts who had saved him. That sort of special sensation was something that only Chu Feng understood.

“Although Tingyu is very young, she is actually the one with the best talent among my ninety-nine children.”

“Generally, our King Monstrous Dragon Race’s elders never interfere with the two factions fighting over the position of Clan Chief. All they care about is the younger generation’s cultivation and strength.”

“However, this time around, they have made an exception and put forth a condition. As long as Tingyu is capable of succeeding Lord Dragon King’s inheritance, she will become our King Monstrous Dragon Race’s Clan Chief,” Yaojiao Guang said.

“Lord Dragon King?” Hearing those words, the expressions of Chu Feng, Hong Qiang and Baili Xuankong all changed. Their gazes began to flicker. For some reason, they felt a sense of familiarity upon hearing that name.

“Lord Dragon King is one of the Holy Land of Martialism’s Five Emperors, the five overlords.”

“Beast Emperor, Black Dragon King,” Yaojiao Guang said.

Chapter 1817 – A Fine Line

“What? He was actually the Beast Emperor, Black Dragon King?” Hong Qiang opened his mouth wide in shock. Even Chu Feng and Baili Xuankong were feeling very surprised.

After all, hearing what Yaojiao Guang said, he seemed to be indicating that the Beast Emperor, the Black Dragon King, had a definite relationship with their King Monstrous Dragon Beast race.

“It is as you all have thought, Lord Dragon King was a monstrous beast. Furthermore, he was a member of our King Monstrous Dragon Beast race. He is the hero of our King Monstrous Dragon Beast race,” Yaojiao Guang said.

“I have indeed heard that the Beast Emperor might have been a monstrous beast. However, that was only a possibility. Never would I have expected it to actually be true,” The shock Baili Xuankong was feeling did not decrease in the slightest. It was very difficult for him to digest this matter.

“Amazing! After the Five Emperors disappeared, no one knew anything about them. Not to mention their descendants, people don’t even know where they were buried.”

“Yet now, not long after the emergence of Emperor Gong’s successor, the Beast Emperor’s successor is also about to emerge. This is truly astonishing.”

“What are troubled times? These are troubled times!” Hong Qiang exclaimed repeatedly.

“When mentioning it, I am truly ashamed. Lord Dragon King possessed remarkable abilities. However, no one in our entire King Monstrous Dragon Race has been able to obtain his inheritance. Even for my daughter Tingyu, she only has a possibility of success.”

“However, whether or not she will actually be able to obtain it

will all depend on little friend Chu Feng's help. As long as little friend Chu Feng is willing to help, regardless of success or failure, I, Yaojiao Guang, will definitely remember this favor. If little friend Chu Feng were to need my assistance in the future, I would definitely risk my life and limb to help you out," Yaojiao Guang said as he looked to Chu Feng.

"Senior, you mean to say that as long as Princess Tingyu is able to obtain the inheritance, she will be the next Clan Chief?" Chu Feng asked.

"That is indeed the case. Lord Dragon King possessed a special status in our King Monstrous Dragon Race. As long as Tingyu is capable of obtaining his inheritance, regardless of what her cultivation might be, she will still be able to become the next Clan Chief."

"Merely, Tingyu has already attempted to obtain the inheritance many times. Although she was able to enter the Inheritance Pond left behind by Lord Dragon King, she was incapable of successfully obtaining the inheritance," When mentioning this matter, Yaojiao Guang had an expression of helplessness.

"Am I really capable of helping in something like this?" Chu Feng asked.

"Little friend Chu Feng, do you still remember the pond in the Immortal Island?" Yaojiao Guang asked.

"I do," Chu Feng said.

"The Inheritance Pond Lord Dragon King left behind resembles the Weaponry Refinement Immortal's Pond in some respects. One's talent is what determines whether one can enter that pond. As for whether or not one can obtain the inheritance in the pond, it depends on one's talent even more."

"I have heard that little friend Chu Feng possesses an extremely valiant talent. If you were to enter the Inheritance Pond alongside

my daughter, you might be able to make the Inheritance Pond pass Lord Dragon King's power on to my daughter," Yaojiao Guang said.

After hearing those words, Chu Feng finally realized why Yaojiao Tingyu would invite him to be a guest after seeing him revealing his talent on the Immortal Island. Likely, she had wanted to request his assistance since that time.

"But, what if after Chu Feng enters that Inheritance Pond and uses his talent to activate the Inheritance Pond, the Beast Emperor's power decides to pass the inheritance on to Chu Feng instead?" Baili Xuankong asked.

"You don't have to worry about that. The Inheritance Pond will only pass its power on to the younger generation of our King Monstrous Dragon Race. As long as little friend Chu Feng activates the Inheritance Pond, the power in the Inheritance Pond will begin to distinguish between the people within it before actually passing the power on to someone. As it will not be able to distinguish Chu Feng, it will naturally not pass its power onto Chu Feng. At that time, my daughter will be the only candidate to inherit the power," Yaojiao Guang said.

"In that case, Chu Feng is willing to give it a try," Chu Feng said.

"Little friend Chu Feng, please rest assured. Although the Four Great Imperial Clan's view you as their enemy, our King Monstrous Dragon Race does not fear them. If you are able to help my daughter become the successor to the position of Clan Chief, our King Monstrous Dragon Race is willing to protect your safety," Seeing that Chu Feng had actually agreed to help that straightforwardly after knowing the story, Yaojiao Guang was extremely happy, and actually promised to protect Chu Feng.

"Thank you senior," Chu Feng also felt very grateful. He was able to tell that Yaojiao Guang was not joking around when he said those words.

It was true that Chu Feng needed more backers to protect him. At the very least, he needed people to protect him during the time of his growth. The King Monstrous Dragon Beasts were a very good option.

After that, Chu Feng, Hong Qiang and Baili Xuankong began to follow Yaojiao Guang, and began to journey toward the King Monstrous Dragon Race's territory.

On the way there, Chu Feng became increasingly surprised. The reason for that was because the direction in which Yaojiao Guang was proceeding was actually the same direction as where Jiang Wushang was currently located.

Ultimately, they arrived at their destination, and Chu Feng came to realize that the King Monstrous Dragon Race's territory was actually not the same location as where Jiang Wushang was. However, they were truly not far from Jiang Wushang's location.

The King Monstrous Dragon Race was located in an ancient mountain range. This mountain range had existed since the Ancient Era. Furthermore, the entire mountain range was covered by an invisible world spirit formation barrier. While that spirit formation was invisible, it possessed a defense that was much superior to that of the Nangong Imperial Clan's defensive barrier.

"That spirit formation is amazing. May I know which world spiritist made it?" Chu Feng asked curiously.

"It was Lord Dragon King," Yaojiao Guang said.

"The Beast Emperor was actually a world spiritist?" Hong Qiang was extremely shocked. The reason why he was so shocked was because very few monstrous beasts possessed spirit power. Even if they were able to obtain spirit power, they would generally lack the talent for world spirit techniques.

However, the spirit formation that covered the mountain range was something that very few world spiritists in the entire current

Holy Land of Martialism were capable of creating. From this, one could easily imagine how powerful the Beast Emperor's world spirit techniques were.

"Brother Hong Qiang, truth be told, it is said that Lord Dragon King possessed extremely powerful world spirit techniques. It is said that he was only a fine line away from becoming a legendary Immortal-cloak World Spiritist," When mentioning this matter, Yaojiao Guang was extremely proud.

"Immortal-cloak World Spiritist?"

Hong Qiang, Baili Xuankong and even Chu Feng all gasped in surprise. Immortal-cloak World Spiritists were existences akin to legend.

"Nonsense! How could one become an Immortal-cloak World Spiritist that easily? The way I see it, only you in the entire Holy Land of Martialism possesses the qualifications to become one," Eggy snorted disdainfully. She did not believe that the Beast Emperor had only been a fine line away from becoming an Immortal-cloak World Spiritist.

"Eggy, is it truly that difficult to become an Immortal-cloak World Spiritist?" Chu Feng asked.

"Difficult. Of course it's difficult. Martial Kings are capable of becoming Royal-cloak World Spiritists. However, for Immortal-cloak World Spiritists, even Martial Emperors might not necessarily be able to become one. This is the disparity between them."

"Look at the number of Royal-cloak World Spiritists in the Holy Land of Martialism. Adding all of them up, it's still a very small number. But, what about the Martial Kings in the Holy Land of Martialism? How numerous are they?"

"From this, it can be seen that the people from the Holy Land of Martialism are truly limited in mastering world spirit techniques.

That being said, the Holy Land of Martialism's Ancient Era's Teleportation Formations are extremely extraordinary. They should be the products of Immortal-cloak World Spiritists. In the Ancient Era, there were most definitely Immortal-cloak World Spiritists in the Holy Land of Martialism," Eggy said.

"Mn, the Ancient Era was truly much more powerful than the Holy Land of Martialism is now," Chu Feng naturally knew how amazing the Ancient Era's Teleportation Formations were. Involuntarily, Chu Feng began to recall that bamboo slip in his dantian. Everything pointed to the cultivators of the Ancient Era being much stronger than the cultivators present now.

"However, you do not have to be too discouraged. As far as I know, you are not far away from becoming a Dragon Mark Royal-cloak World Spiritist, no? I feel like you will definitely become a Dragon Mark Royal-cloak World Spiritist before you become a Martial Emperor," Eggy said.

"I hope that's the case," Chu Feng smiled lightly. Although Chu Feng needed to refine a great amount of cultivation resources in order to increase his martial cultivation, he was able to train in world spirit techniques normally and make comprehensions himself. It was as Eggy had said, Chu Feng was only a fine line away from becoming a Dragon Mark Royal-cloak World Spiritist.

Likely, in the near future, another Dragon Mark Royal-cloak World Spiritist would appear in the Holy Land of Martialism.

"Little friend Chu Feng, please," Yaojiao Guang said. It turned out that Yaojiao Guang had opened an entrance in the spirit formation that sealed the mountain range.

As Chu Feng looked into the entrance that had been opened, his brows lifted slightly. He was surprised. When looking in from the outside, the inside of the spirit formation seemed to clearly be filled with vast mountains and towering giant trees.

However, when looking through that opened entrance, Chu Feng

could see that the inside was filled with magnificent buildings and forts. It was a vast city.

Furthermore, eight hundred King Monstrous Dragon Beast experts had already walked out through that entrance. They stood in an orderly fashion to either side, then bent their knees and half-kneeled onto the ground.

Furthermore, there were thousands of King Monstrous Dragon Beast experts inside the entrance. They were all wearing thorny black armor as they stood there in a manner like guards.

“So the inside is a completely different world. The King Monstrous Dragon Race is much more powerful than I had imagined.”

Chu Feng had thought that the King Monstrous Dragon Beasts were inferior to the Nangong Imperial Clan the entire time. However, after seeing all this, he now knew that the King Monstrous Dragon Beasts were not at all inferior to the Nangong Imperial Clan. In fact, as a whole, the quality of their elites even surpassed those of the Nangong Imperial Clan.

Chapter 1818 – Scum King Monstrous Dragon Beast

“Woosh, woosh, woosh, woosh~~~”

Right at the moment when Chu Feng and the others were about to enter the King Monstrous Dragon Beast’s territory, six figures suddenly rapidly flew toward them from the distant horizon and descended before them.

They were King Monstrous Dragon Beasts. They were returning from a long journey, and were currently covered in dust. Among them was a face that Chu Feng recognized. It was the King Monstrous Dragon Beast representative he had met in the Gong Ba Plains’ fort, Yaojiao Tinglei, Yaojiao Guang’s ninety-sixth son.

“Brother Chu Feng, we meet again. You have truly broadened our horizons and brought face to us members of the younger generation.”

After greeting Yaojiao Guang, Baili Xuankong and the others respectfully, Yaojiao Tinglei began to call out to Chu Feng with a smile on his face. Furthermore, the expression that he wore when he looked to Chu Feng was an expression of admiration.

In fact, it was not only him. Even the five Martial Emperors that arrived alongside him were looking at Chu Feng with expressions of idolization on their faces.

Had it been before, people of their status would definitely not have reacted in such a manner. However, after they personally saw Chu Feng’s abilities on the Gong Ba Plains, they knew very well that the young man before them possessed the qualifications for them to feel admiration towards him.

“Prince, you are flattering me,” Chu Feng replied modestly.

“My, you don’t have to address me as prince. If you don’t mind, you can address me directly as Tinglei,” Yaojiao Tinglei said.

“Brother Tinglei,” Chu Feng greeted again. Then, he asked, “How was the situation in the Gong Ba Plains after we left? Did Snow-haired Immortal and Compass Immortal manage...”

“I know what you’re worried about. Rest assured. After you were saved by our Utmost Exalted Elder, the Snow-haired Immortal and the Compass Immortal both escaped. As for the Four Clans, they did not dare to chase after them.”

“The Four Great Imperial Clans wracked their brains to meticulously plan your capture. However, in the end, they suffered a crushing defeat. Haha. You weren’t there to see it when the people from the Four Great Imperial Clans were being ridiculed by the crowd. They had truly and utterly disgraced themselves. Thus, they did not stay, and instead left in a dejected manner.”

Yaojiao Tinglei said with a carefree expression. At the same time as he described what had happened to Chu Feng, he had also revealed to Chu Feng that the person who saved him before was also a King Monstrous Dragon Beast. Merely, it seemed that his status was even higher than that of Yaojiao Guang. He was actually their Utmost Exalted Elder.

After hearing what Yaojiao Tinglei said, Baili Xuankong and Hong Qiang both started to smile. As for Chu Feng, he felt relieved.

“Tinglei, you’ve returned at the perfect time. I still have some matters that I wish to mention to the elders. Go and take Chu Feng, as well as the other two sirs, to the Distinguished Guest Palace Hall to rest,” Yaojiao Guang said.

“Father, please rest assured, I will definitely entertain the two seniors and Brother Chu Feng properly,” Then, Yaojiao Tinglei led Chu Feng, Hong Qiang and Baili Xuankong to the Distinguished Guest Palace Hall to rest.

Although the King Monstrous Dragon Beasts were monstrous beasts, their castle walls and buildings imitated those of human constructions.

Furthermore, for the sake of being visually pleasing, many of the forts had been created with pure gold, and ornamented with natural treasures. They were truly dazzling sights, truly luxurious.

However, this sort of dazzling sight was truly a bit excessive. Chu Feng, Hong Qiang and Baili Xuankong were all unable to appreciate them. It would seem that the taste for art between humans and monstrous beasts was still a bit different.

“Yoh, this must be that human race’s genius, Chu Feng, right?”

However, not long after Chu Feng and the others were seated in the palace hall, a group of people appeared. It was a large group of people; there were Martial Emperor-level experts among them. However, only ten people entered the palace hall.

These ten people were all part of the King Monstrous Dragon Beasts’ younger generation. There were men and women among them, and they all had humanoid appearances. Their leader was a man with the cultivation of a rank eight Half Martial Emperor. Merely, the gaze with which he looked to Chu Feng was filled with hostility.

Of course, the gaze with which he looked to Yaojiao Tinglei was also filled with the same sort of hostility.

“Yaojiao Xueran, why have you come here? Can you not see that I am entertaining distinguished guests?”

“With your status, this is not a place that you can enter as you please,” Yaojiao Tinglei berated.

“Yoh, yoh, yoh, Ninety-sixth Prince, what arrogance you have here. However, you should know very well that you will not be able to continue to be prince for long. Thus, it’s best that you pay attention to the way you talk to me. For I... will be your master in the future.”

Yaojiao Xueran started to poke at Yaojiao Tinglei’s chest repeatedly. He was acting extremely impudent.

“Yaojiao Xueran, you are still not the Clan Chief yet. As a member of the younger generation, you are required to greet me respectfully upon seeing me. Not only have you not done so, you have actually dared to threaten and provoke me. Do you not fear that I will punish you?” At this moment, Yaojiao Tinglei was furious.

“Punish me? With merely you? Or is it that you want them to punish me?” As Yaojiao Xueran said those words, he turned his gaze to the guards in the palace hall.

However, all the guards that were met with Yaojiao Xueran’s gaze immediately shifted their gaze away. They all knew that Yaojiao Xueran was going to become the next Clan Chief. Thus, how could they possibly dare to disrespect him?

“Lord Prince, it would seem that you have no power whatsoever. No one is even willing to listen to you anymore. Heh... punish me? Someone like you is unqualified,” Yaojiao Xueran mocked and ridiculed with a smile on his face.

As for Yaojiao Tinglei, he was so enraged that his complexion turned deep red, and his veins bulged violently. However, he could do nothing other than endure in silence.

Although his father was the Clan Chief of the King Monstrous Dragon Race, everyone knew that Yaojiao Xueran would become the next Clan Chief.

Should Yaojiao Xueran become the next Clan Chief, it would mean that the War Faction would gain control of the King Monstrous Dragon Race. At that time, they, the people from the Peace Faction would all end up suffering. If they were to dare to go against Yaojiao Xueran at such a time, their days in the future would become even more unendurable.

Thus, Yaojiao Tinglei did not blame those guards. As the facts were before their eyes, there was nothing that they could do.

“Oh, that’s right. You said that I am still not yet the Clan Chief. I know what you’re thinking.”

“You’re thinking that your little sister will still have the chance to become the Clan Chief of our King Monstrous Dragon Race, isn’t that right? Furthermore, that will all be dependent on that human. That Chu Feng will be your savior, isn’t that right?” After saying those words, Yaojiao Xueran took a glance at Chu Feng again and smiled disdainfully.

“I might as well tell you this. Your little sister is hopeless. How could a mere human possibly activate the Inheritance Pond? For the sake of obtaining the position of Clan Chief, you all actually went to request help from a human. You have truly shamed our King Monstrous Dragon Race,” Yaojiao Xueran said to Yaojiao Tinglei.

“Even if my little sister is incapable of obtaining Lord Dragon King’s inheritance, she is still the only one of us to ever be able to step into the Inheritance Pond. She is much more powerful than you. Sooner or later, she will surpass you,” Yaojiao Tinglei said.

“I know that she’ll surpass me. But what about it? At that time, I will have already become the King Monstrous Dragon Race’s Clan Chief. I will hold a position so high and above her, that even if she were to surpass me, she would still have to listen to my commands and work for me.”

“However, you do not have to worry for your little sister. After all, she is the person with the greatest talent since Lord Dragon King. I will let her live a very good life.”

“I have already decided. On the day that I become Clan Chief, I will request that the elders marry your little sister to me,” Yaojiao Xueran said.

“Yaojiao Xueran, you are truly a scoundrel. As a princess, how could my sister possibly marry you to become your concubine?” Yaojiao Tinglei was incomparably furious. The reason for that was

because Yaojiao Xueran was already married. Not only did he have a wife, he also possessed close to a hundred concubines.

If his little sister were to marry Yaojiao Xueran, she would only become a concubine.

Furthermore, Yaojiao Xueran was extremely unfaithful. He had pursued Yaojiao Tingyu many times, only to be refused by her every time. Furthermore, Yaojiao Tingyu had requested that their father punish Yaojiao Xueran before.

This Yaojiao Xueran already harbored hard feelings for her. If Yaojiao Tingyu were to really marry him, she would definitely be miserable.

However, most helplessly, if Yaojiao Xueran were to really become the Clan Chief, the elders would definitely agree to his request. At that time, his little sister would have no other choice but to marry him.

“Truth be told, your little sister is only qualified to be my concubine. However, rest assured, I will make sure that she’ll be extremely happy. She’ll remain very noble outside. However, when she’s with me, she’ll be my sex slave. Hahaha,” After saying those words, Yaojiao Xueran looked to the sky and burst into loud and shameless laughter.

Unable to contain himself, Chu Feng said, “Never would I have expected that there would be such scum even among the King Monstrous Dragon Race. My eyes have truly been opened today.”

Chapter 1819 – Chu Feng Vs. Xueran

“Mere human, since when was this a place where you could talk?” Yaojiao Xueran was deeply enraged. As he spoke, invisible oppressive might swept forth toward Chu Feng.

“Buzz~~~”

However, before that oppressive might even managed to approach Chu Feng, it vanished like smoke into thin air. Chu Feng had stopped it with his own oppressive might.

“Yoh, rank seven Half Martial Emperor. Chu Feng, you’re even stronger than you are rumored to be, stronger than Yaojiao Tinglei.”

“However, don’t you dare think that you will be able to contend against me with your mere cultivation. If I were to truly attack, you would not even know how you died,” As Yaojiao Xueran spoke, he revealed an ominous glint and began to walk toward Chu Feng.

However, before he managed to approach Chu Feng, Baili Xuankong and Hong Qiang both stood up and stood before Chu Feng.

“What’s going on? You all wish to attack me? Let me tell you all this. This place is the King Monstrous Dragon Race’s territory. It is not a place that you humans can act imprudently in!” Yaojiao Xueran shouted.

Seeing that, Chu Feng walked out from behind Baili Xuankong and Hong Qiang. He looked Yaojiao Xueran in the face and said, “It seems that you really look down on humans?”

“Yes, that’s precisely it. I look down on humans. In my eyes, you all are nothing more than a despicable bunch. Other than scheming, you all are trash with no usefulness. What’s wrong? Are you unconvinced?” Yaojiao Xueran said with a loud voice.

“Unconvinced...? Is there any part of you that can convince me?”

Chu Feng smiled with contempt. He began to size Yaojiao Xueran up. Then, his smile grew even stronger, and he started to shake his head disappointedly.

“If you’re unconvinced, then come. Let’s spar. This will also allow me to know exactly how exceptional the human genius is.”

“However, let me tell you this. If I, Yaojiao Xueran, am to fight, I will definitely make you incapable of standing back up,” Yaojiao Xueran pulled back his sleeves and revealed an appearance of being eager to battle Chu Feng.

“Even though I dislike you greatly, you are still a King Monstrous Dragon Beast. Having been invited here by the Clan Chief, I must give him face. Thus, I do not wish to injure you. It’s best that you do not continue to brag before me. Else, I will not be able to even give your Clan Chief face,” As Chu Feng said those words, a flash of coldness shone through his eyes.

Seeing that cold gaze, the several people behind Yaojiao Xueran all trembled. At that very instant, they, the King Monstrous Dragon Beasts, actually felt as if they had encountered a frightening existence. From the bottoms of their hearts, they actually began to feel fear of Chu Feng.

Even though it was extremely inconceivable, it remained that they indeed felt that way. Merely, Yaojiao Xueran still didn’t notice the cold gaze in Chu Feng’s eyes.

“Yoh, what arrogance you have. I can see that you are someone who will not shed tears until the coffin is before you. Today, I must let you know how frightening I, Yaojiao Xueran, am.”

Yaojiao Xueran spoke to the guards in the palace hall. “Listen carefully. I am sparring with Chu Feng. Regardless which of us is injured, none of you are allowed to interfere. Likewise, you are to prevent anyone else from interfering. Understand?”

Yaojiao Xueran spoke those words with hidden intentions. While

he was telling the guards to not interfere, he was also telling them to prevent Baili Xuankong and Hong Qiang from interfering.

Yaojiao Xueran had made a firm decision to properly teach Chu Feng a lesson, and use this as an opportunity to demonstrate his might as the future Clan Chief.

After all, Chu Feng was the representative of the human race's geniuses. If he were to defeat Chu Feng, it would be a rare opportunity for him to become famous.

"Understood," The guards did not dare to disobey. One by one, they moved to the side. Furthermore, they tacitly understood Yaojiao Xueran's intentions, and moved to either side of Baili Xuankong and Hong Qiang to prevent them from interfering.

However, Baili Xuankong and Hong Qiang were not worried in the slightest. The two of them knew that there was simply no need for them to interfere in this battle between Chu Feng and Yaojiao Xueran. The reason for that was because there was no reason for them to interfere to save that Yaojiao Xueran from Chu Feng.

At the same time, many of the guards outside the palace hall also walked in. They fixed their gazes on Chu Feng and Yaojiao Xueran.

They all wished to see how their strongest younger generation, their future Clan Chief, would toy with the human race's genius.

This was especially true of the King Monstrous Dragon Beasts of the War Faction. When they looked at Chu Feng, a cold smile emerged on their faces. They all wished to see the scene of Chu Feng being utterly defeated.

"Heh..." Seeing this scene, Yaojiao Tinglei actually laughed. As he had been present at the Gong Ba Plains, and personally seen Chu Feng's abilities, he knew very well that regardless of how strong Yaojiao Xueran might be among their King Monstrous Dragon Beast Race, he would only end up being thrashed by Chu Feng.

"Chu Feng, don't say that I'm bullying you. I will not dodge, and

will allow you to hit me three times.”

“Come, come, come. Hit me here. I shall see how you will injure me,” Yaojiao Xueran walked over to Chu Feng and patted his chest firmly. He wanted Chu Feng to hit him there.

“As you wish,” Chu Feng smiled lightly. Then, he clenched his hand into a fist and directly landed it on Yaojiao Xueran’s chest.

“Boom~~~”

A loud noise was heard as Yaojiao Xueran was knocked flying before firmly crashing into the palace hall’s wall and falling to the ground after that.

“This...”

At this moment, all of the guards were dumbstruck. At that moment, not only did Yaojiao Xueran have a pale complexion, he also vomited a mouthful of blood onto the floor.

“Bastard! You damned bastard!” [Yaojiao Xueran](#) quickly wiped away the blood at the corner of his mouth. However, the blood that was on the ground was still there. Even though he had wiped his mouth clean, it could not conceal the fact that he had been wounded by Chu Feng.

Chu Feng fiddled with his fist as he said, “No wonder you had me attack first. You’ve actually hidden a treasure in your chest area. You must really thank that treasure of yours. Else, that fist strike of mine would have been more than capable of killing you.”

“And here I was thinking how you could dare to have Chu Feng hit you first. It turns out that you’re actually wearing your defensive inner armor.”

“That inner armor of yours is capable of preventing injuries. Especially against people with cultivations below yours. If they were to launch a sneak attack at you and hit that inner armor, even if they survived, they would be crippled.”

“Unfortunately, Chu Feng is a Snake Mark Royal-cloak World Spiritist. He already saw through the fact that you were wearing your inner armor. Furthermore, he undid the defensive ability of that inner armor with his world spirit techniques.”

“This time around, you have truly thought yourself to be clever only to be utterly humiliated,” Yaojiao Tinglei seized the opportunity and began to mock Yaojiao Xueran from the side.

“You shut up!” Yaojiao Xueran was extremely angry. The reason for that was because what Yaojiao Tinglei had said was the truth.

His reaction further verified Yaojiao Tinglei’s accusations. At that moment, all of the King Monstrous Dragon Beasts present turned their gazes to Yaojiao Xueran’s chest and discovered that, sure enough, there was an inner armor hidden there.

All of a sudden, the King Monstrous Dragon Beasts all felt shamed by Yaojiao Xueran.

“Chu Feng, you will pay for this,” Yaojiao Xueran’s eyes turned red. Knowing that he had been utterly humiliated, he was in such a rage that steam was coming out of his pores. Overcome with anger, he actually took out a large hammer.

The hammer was wholly black in color, and nine meters long. Not only was it enormous, it was also covered with scale-like veined patterns. Light was circulating through the veined patterns. The hammer was emitting a boundlessly mighty aura.

“Incomplete Imperial Armament, Black Scaled Giant Hammer. He actually even managed to obtain the Black Scaled Giant Hammer.”

Upon seeing that weapon, Yaojiao Tinglei revealed an expression of jealousy. He knew that the Black Scaled Giant Hammer was a top quality weapon that had been in the possession of the elders. For Yaojiao Xueran to obtain that Black Scaled Giant Hammer, he had most definitely been bestowed that weapon by the elders.

“Boom~~~”

Right at this moment, an overwhelming explosion sounded. Then, boundless black flames began to surge to fatally attack Chu Feng. That Yaojiao Xueran had unleashed his attack.

I forgot to mention this Yaojiao Xueran's name is literally Monstrous Dragon, Dyed With Blood. Yaojiao Tinglei's name is Listen/Hear, Thunder. His sister, Tingyu's name is Listen/Hear, Rain. Their father's name, Guang, means vast.

Chapter 1820 – Invited One's Own Humiliation

“Roar~~~”

Suddenly, the black flame turned into an enormous snake. The snake possessed a pitch-black body and a pair of crimson eyes. With its mouth wide open, it revealed a mouth full of sharp teeth.

Looking at it, it gave off the sensation of being capable of devouring mountains and rivers and destroying heaven and earth.

Not only was Yaojiao Xueran attacking, he was even attacking with an Earthen Taboo Martial Skill. He was not only planning to defeat Chu Feng. Instead, he was planning to kill Chu Feng.

“Heh...”

However, although he was faced with such a ferocious attack, Chu Feng still laughed disapprovingly.

“Zzzzz~”

Suddenly, lightning began to flicker. Immediately, the Thunder Armor and Thunder Wings appeared on Chu Feng's body.

Then, Chu Feng turned into a flash of lightning as his body shot forward explosively. He actually entered the mouth of that snake and penetrated all the way through to its tail.

In merely an instant, not only had Chu Feng defeated the Earthen Taboo Martial Skill that Yaojiao Xueran had unleashed with his Incomplete Imperial Armament head-on, he had also arrived before Yaojiao Xueran.

“You...” Seeing Chu Feng penetrating through his most proficient Earthen Taboo Martial Skill and arriving before him completely uninjured, Yaojiao Xueran became dumbstruck.

His hair was standing on end, and his heart had reached his

throat. At this time, he sucked in a mouthful of cold air.

Fear. Fear emerged in his heart. As matters stood, he finally realized how frightening the human before him was. Unfortunately, it was already too late.

“This palm of mine will soon be slapping you in the face. However, I’ll give you a chance. You can choose to flee right now,” Chu Feng raised his right hand and spoke to Yaojiao Xueran with a beaming smile.

“Woosh~~~”

Seeing that, Yaojiao Xueran’s body shifted. He immediately began to flee.

Merely, the very moment his body began to move, Chu Feng’s palm landed on his face with the speed of light.

“Pow~~~”

A loud echo was heard as Yaojiao Xueran was knocked to the ground.

As Chu Feng looked at Yaojiao Xueran, who was on the ground with a bloody handprint on his left cheek, Chu Feng laughed and said, “I gave you a chance. Unfortunately, you were too useless to grasp it.”

“This...”

Seeing that Yaojiao Xueran had been beaten, the King Monstrous Dragon Beasts present were all stunned. This was especially true for those from the War Faction. At this moment, they did not know what to do.

Rank nine Half Martial Emperor. At this moment, the Chu Feng standing before them not only possessed a heaven-defying battle power capable of surmounting four levels of cultivation, he also had the cultivation of a rank nine Half Martial Emperor. His strength already greatly surpassed that of Yaojiao Xueran.

Younger generation, how could he still be considered to be a member of the younger generation? How could there be someone from the younger generation as powerful as him?

“Humph, on the Gong Ba Plains, even the Four Clans’ rank two Martial Emperors were killed by Brother Chu Feng. You, a mere rank eight Half Martial Emperor, actually dared to provoke Brother Chu Feng. You were truly overestimating your capabilities and inviting your own humiliation,” Yaojiao Tinglei mocked and ridiculed. What Chu Feng had done brought him great satisfaction.

“Ah? He killed rank two Martial Emperors? How is that possible?” The other King Monstrous Dragon Beasts exclaimed in astonishment. They all found this to be unbelievable.

“Insolent! What are you all still standing there for?! A mere human actually dared to hit the King Monstrous Dragon Race’s future Clan Chief, yet you all are still standing there doing nothing! Quickly, seize him!” Yaojiao Xueran shouted angrily.

“Seize him!!!” Hearing those words, the King Monstrous Dragon Beasts from the War Faction immediately complied with Yaojiao Xueran’s orders, took out their respective weapons and began to surround Chu Feng.

“I shall see who dares!” However, right at the moment when they began to surround Chu Feng, a shout of anger sounded from outside and resonated through the palace hall.

Hearing that voice, the King Monstrous Dragon Beasts were all startled. This was especially true for the King Monstrous Dragon Beasts from the War Faction, as their bodies even trembled. After all these years, they were naturally able to determine the owner of that voice. It was their King Monstrous Dragon Race’s Clan Chief, Yaojiao Guang.

Yaojiao Guang was someone who had brought a lot of suffering to their War Faction. As such, all the people from the War Faction feared him.

“Little friend Chu Feng is a distinguished guest, invited here by none other than myself. I shall see who dares to act disrespectfully toward him!” Yaojiao Guang walked into the palace hall. Accompanying him were four old men. These four old men all possessed the bodies of men and the faces of beasts. While their appearances were frightening, their auras were even more terrifying. They were all rank four Martial Emperors. Likely, they were the elders of the King Monstrous Dragon Beasts.

The vestiges of having lived for a very long time were present on their bodies. Likely, the four of them had lived for over ten thousand years.

Yaojiao Guang looked to the people from the War Faction and shouted, “Who allowed you all to enter this place? This is the Distinguished Guest Palace Hall. No one is allowed to enter here without my permission. All of you, scram!”

The people from the War Faction did not dare to talk back. One by one, they respectfully bowed to Yaojiao Guang and the four elders and then hurriedly left.

Even Yaojiao Xueran, whose left cheek was extremely swollen right now, did not dare to stay. Like the others, he hurriedly left. From this, it could be seen that while their War Faction was soon to win power, they were still extremely afraid of Yaojiao Guang.

“All of you, stay here. There is no need to leave,” However, before Yaojiao Xueran and the others were able to leave the Distinguished Guest Palace Hall, a middle-aged man walked in.

This man was three meters tall, and possessed a very robust build. He looked like a small giant. As he walked into the palace hall with large strides, he appeared to be very imposing.

He possessed a pair of crimson eyes. Those were a beast’s eyes. Like Yaojiao Guang, he was also a rank three Martial Emperor.

“Yaojiao Guang, you have truly become promising. While

humans are allowed to enter the territory of our King Monstrous Dragon Race, our own clansmen are not allowed to enter. What sort of logic is this?" After that man entered, he actually began to lash out at Yaojiao Guang.

Chu Feng noticed that after that man arrived, the people from the War Faction all grew confident. Even without thinking about it, Chu Feng knew that this man should be the leader of the War Faction, that Yaojiao Xueran's father.

"Yaojiao Ba, who gave you the courage to speak to me in such a manner?" Yaojiao Guang asked coldly.

"Heh, Lord Clan Chief, you are truly awe-inspiring. However, you seem to have forgotten that your time as the Clan Chief is already up. It is merely that you are dragging this on by refusing to abdicate," Yaojiao Ba mocked.

"Impudent!" Yaojiao Guang was immediately angered.

"Enough. Both of you, exercise restraint. To act like this before guests, do you not fear being laughed at?" One of the four elders spoke.

Hearing that elder's voice, Chu Feng's heart was moved. From his voice, Chu Feng was able to determine that he should have been the black-cloaked man who had saved them from the Gong Ba Plains.

"Brother Tinglei, what is that elder's name?" Chu Feng secretly asked Yaojiao Tinglei.

"He is Elder He. The person that saved you all that day should be his greatness. The person beside Elder He is Elder Shan. The two of them are from our Peace Faction. That is why they are willing to help us."

"As for the other two elders, they are from the War Faction and have been pressuring us with the rules the entire time. They had been urging my father to abdicate practically everyday. They want

Yaojiao Xueran to immediately succeed as the next Clan Chief so that the War Faction can gain control,” Yaojiao Tinglei walked over to Chu Feng and secretly said those words to him.

“Weren’t the elders not supposed to intervene in this sort of thing?” Chu Feng asked in a puzzled manner.

“Not intervene? How could that be possible? They all long for their own offspring to grasp power,” Yaojiao Tinglei seemed to feel extremely discontented with the two War Faction’s elders.

An elder from the War Faction arrived before Chu Feng and asked, “Are you that Chu Feng, that boy who has done all sorts of evil atrocities and is wanted by the Four Clans?” His gaze was gloomy, cold and filled with ill intentions.

“Buzz~~~”

When that man spoke, Chu Feng was startled. He felt an invisible yet bone-chilling aura engulfing his entire body, trying to freeze his soul.

It was spirit suppression. That War Faction’s elder was actually secretly using spirit suppression on Chu Feng.

Chapter 1821 – Internal Strife

Spirit suppression was not spirit power. Instead, it was a method to attack another's spirit.

While this sort of method would not directly cause injury to a person's body, it was capable of defeating another's spirit, and might cause them to crumble or even go insane.

As for right now, the spirit suppression that War Faction's elder was using on Chu Feng was a very powerful sort.

His intention was very clear. Even if Chu Feng didn't go insane, he still wanted Chu Feng to crumble. He was oppressing Chu Feng via his spirit.

There was neither hatred nor grievance between them. Yet, this War Faction's elder was actually using such a malicious attack on Chu Feng. From this, it could be seen how ruthless that elder was.

That said, while this sort of method would be capable of being used on other people from the younger generation, it was completely useless against Chu Feng. As for the reason why, it was none other than the fact that Chu Feng's strongest aspect was his spirit power.

“Mn?”

Seeing that Chu Feng's expression remained completely unchanged even though he was already using his strongest spirit suppression, that War Faction's elder's expression changed to one of surprise.

“Senior, I am indeed Chu Feng. However, I think you are mistaken about one thing. I have never committed any atrocious crimes. Senior, what might you mean by those words?” Chu Feng asked in a calm manner. He did not expose the malicious conduct of that elder. It was as if nothing was happening.

The reason why Chu Feng acted in such a manner was because he

had no other option. If he were to publicly expose that elder attacking him with spirit suppression, that elder would definitely not admit to it. Instead, he would bite back at Chu Feng and make him suffer great consequences.

“The atrocities you’ve committed are known to everyone,” The War Faction’s elder said.

“Known to everyone? Those are merely rumors. Senior, you have not seen them yourself, yet you have already declared that this junior has committed atrocious crimes. Senior, you have truly wronged this junior.”

“Or, could it be that senior is a person that believes rumors to be true?” Chu Feng asked.

“Humph,” Hearing those words, the elder started to frown, and then snorted coldly. Evidently, he had not expected Chu Feng to dare to talk back to him in such a manner in their territory.

However, he did not continue to bicker with Chu Feng. Instead, he turned around and said, “This Chu Feng gives off the impression of a bandit. He is simply not someone who can be trusted. We absolutely cannot allow someone like him to enter Lord Dragon King’s Tomb.”

“Lord Elder, you already agreed earlier that should I be able to invite Chu Feng here, he will be allowed to enter Lord Dragon King’s Tomb with Tingyu to attempt to obtain the inheritance. Why would you now...” Hearing those words, Yaojiao Guang became anxious. After all, this matter was extremely important.

“That was then, this is now. Back then, Tingyu’s health was good. At that time, we could indeed give it a try.”

“However, Tingyu was shortsighted, and only sought after instant benefits. After Lord Dragon King’s Tomb was opened, she entered Lord Dragon King’s Tomb by herself, and immersed herself in the Inheritance Pond for a total of sixteen hours. This led

to her body growing weak, and her losing consciousness and receiving a backlash from the Inheritance Pond.”

“Although she managed to regain consciousness, her health is still extremely weak. If she is to enter the Inheritance Pond again, she will undoubtedly be courting death,” The War Faction’s elder said.

“Lord Elder, thank you for your concern. However, Tingyu is still capable,” Right at this moment, a beautiful female figure walked in from the palace’s entrance. This woman possessed a very beautiful appearance. However, she was a monstrous beast. Naturally, she was Yaojiao Tingyu.

“Tingyu pays her respects to the elders, father and seniors,” Yaojiao Tingyu courteously greeted the crowd. Then, she arrived before Chu Feng.

With joy and surprise, she observed Chu Feng and then said, “Young master Chu Feng, we finally meet again.”

“It is my pleasure to meet you again, Princess Tingyu,” Chu Feng replied courteously.

“Young master Chu Feng is truly amazing. I still remember that you were only a Martial King back on the Immortal Island. At that time, I was a rank three Half Martial Emperor. Seeing you again today, I have become a rank five Martial Emperor. Yet, you’re already a rank seven Martial Emperor. How am I to tolerate this?”

“Princess Tingyu, if you are to say it like this, I, Chu Feng, will feel truly ashamed,” Chu Feng was able to tell that Yaojiao Tingyu was joking around, and not mocking him in the slightest. Thus, he was not angry either.

“Tingyu, your complexion is still not very well. The way you are now, you should be unable to enter the Inheritance Pond, right?”

“Tingyu, you are, after all, the only person among our King Monstrous Dragon Race who is capable of entering the Inheritance

Pond. With your talent, you will be able to obtain the inheritance sooner or later. Why must you insist on being impatient?" The War Faction's elder asked.

"Lord Elder, what if I am to say that I want to become our King Monstrous Dragon Race's Clan Chief?" Yaojiao Tingyu asked in return.

"This..." The War Faction's elders, as well as the people from the War Faction, were all startled. None of them had expected that Yaojiao Tingyu would speak this bluntly.

"If I am able to obtain Lord Dragon King's inheritance in the future, say, will I become the Clan Chief then, or not?"

"Could it be that, even after obtaining Lord Dragon King's bloodline, I will still not be qualified to become the Clan Chief?" Yaojiao Tingyu asked.

"This..." The War Faction's elders did not know how to respond. Beast Emperor Black Dragon King was the pride of their King Monstrous Dragon Race. Who would dare to disrespect him?

Furthermore, at that time, the Beast Emperor Black Dragon King had been part of the Peace Faction. Even though the War Faction had controlled the position of the Clan Chief at that time, the elders had decided to make an exception, and have the Black Dragon King become the Clan Chief instead.

Merely, the Black Dragon King refused their proposal. Although he did not take on the position of Clan Chief, the King Monstrous Dragon Beasts were all led by him at that time. Even the elders were extremely respectful toward him.

"I only plan to try this one last time. Whether or not I'll succeed will all depend on this time. If I am to fail, I will no longer set foot into the Inheritance Pond ever again," Yaojiao Tingyu said.

"Tingyu, what are you saying?" Hearing those words, Yaojiao Guang was startled.

“Father, please forgive your daughter for being incompetent. My talent is truly insufficient. I am incapable of succeeding Lord Dragon King’s inheritance. If I am to fail even with Chu Feng’s help, I believe that I will never be able to succeed in the future,” Yaojiao Tingyu said with a serious expression on her face.

Yaojiao Guang sighed a deep sigh. When even Yaojiao Tingyu was saying it like this, what could he possibly do?

Seeing Yaojiao Tingyu’s determined expression, the War Faction’s elders, as well as the people from the War Faction, all revealed cheerful expressions. Actually, none of them wished for Yaojiao Tingyu to be able to obtain the Lord Dragon King’s inheritance.

The reason for that was because they had heard from their seniors that when the Lord Dragon King was alive, their War Faction had been left in a very tragic state. They had been miserably suppressed. While it was not the Black Dragon King who had suppressed them, the people from the Peace Faction had relied on the fact that they possessed the backing of the Black Dragon King to miserably suppress them. To the War Faction, that period of time was extremely dark.

Although they knew that it would be beneficial to their King Monstrous Dragon Race as a whole should Yaojiao Tingyu obtain Black Dragon King’s inheritance, due to the fact that they possessed selfish desires, they did not wish for Yaojiao Tingyu to obtain the inheritance.

As long as Yaojiao Tingyu stopped stepping foot into the Inheritance Pond, she would not have the opportunity to obtain the Black Dragon King’s inheritance. Naturally, they would be joyous upon hearing this matter.

“Lord Elders, please rest assured. Although I, Yaojiao Tingyu, am young, I am always one who holds my words with enormous weight, and never goes back on them. I am serious about this

matter,” Yaojiao Tingyu said.

“This...” The expression of that War Faction’s elder grew ugly. He was able to tell that Yaojiao Tingyu was secretly mocking them.

“Since Tingyu insists on doing this, let’s let her give it a try. Merely, I am still suspicious of that human brat. Someone must go and watch over him,” The other elder from the War Faction said.

“Lord Elder, this junior is willing to watch over him,” People from the War Faction began to volunteer.

“Lord Elder, we are also willing to watch over him,” Immediately afterward, the people from the Peace Faction also volunteered.

“You, you and you. The three of you shall do it,” The War Faction’s elder pointed out two rank one Martial Emperors and a rank two Martial Emperor.

Seeing this, Yaojiao Guang started to frown. The reason for that was because the three people that the War Faction’s elder pointed out were all people from the War Faction.

At this moment, Chu Feng felt quite helpless. The King Monstrous Dragon Beasts were not weak at all. However, their internal strife was extremely fierce. If they were unable to work together, how could they face foreign enemies?

Chapter 1822 – Conspiracy

“Elder He, the War Faction has always viewed the humans as enemies. If the people accompanying them are all from the War Faction, I fear that some sort of misunderstanding might happen in Lord Dragon King’s tomb. Thus, I feel we should have the people from our Peace Faction go instead,” Yaojiao Guang said to Elder He.

“Yaojiao Guang, what are you implying by that? Are you suspicious of me?” That War Faction’s elder said in a very displeased manner.

“I believe that is not what Yaojiao Guang is implying. Merely, it is a fact that the War Faction views humans as enemies. Could it be that you are not certain of that?” Elder He said.

“Very well. You go too,” That War Faction’s elder pointed at a Peace Faction’s King Monstrous Dragon Beast. Then, he looked to Yaojiao Guang and said, “That should be fine now, no?”

“Naturally,” Actually, Yaojiao Guang was still dissatisfied. After all, the people dispatched from the War Faction were a rank two Martial Emperor and two rank one Martial Emperors. However, as for their Peace Faction, it was only a single rank one Martial Emperor.

If something were to truly happen, their Peace Faction’s Martial Emperor would simply not be able to do anything. However, it remained that the opposing party was an elder, whereas he was a Clan Chief in name only. As such, he possessed no authority anymore, and had no choice but to accept this.

“It’s decided then. Early tomorrow morning, we will open the Dragon King’s Tomb. Yaojiao Guang, Yaojiao Ba, the two of you must come as well,” The War Faction’s elder said. Afterward, he did not say anything else.

It was only later that Chu Feng found out that the Dragon King's Tomb would only open by itself on a specific date every year. At other times, it would remain closed.

If one wished to open it, it could only be accomplished through a single method. That is, through the use of the King Monstrous Dragon Beast's bloodline. Merely, it was very strenuous to open the tomb using this method. Thus, every single time they opened the tomb, they would need the elders, Yaojiao Guang and Yaojiao Ba to work together on opening it.

Upon thinking about how he would enter the grand Beast Emperor's tomb, Chu Feng felt extremely excited. However, he was unaware about a conspiracy centered around him that was secretly being plotted...

In Yaojiao Ba, the leader of the War Faction's, palace hall. The three King Monstrous Dragon Beast Martial Emperors who had been selected by the War Faction's elder to accompany Yaojiao Tingyu and Chu Feng tomorrow were all present. Yaojiao Xueran was also present.

"Tomorrow, after entering the tomb, eliminate Chu Feng," Yaojiao Ba said.

"Milord, I'm afraid that's not very good, no? No matter what, that Chu Feng is our King Monstrous Dragon Race's guest. Even if we dislike him, to kill him in our territory will inevitably be bad..." Hearing Yaojiao Ba's command, the three Martial Emperors were all startled.

"What's not good about it? Lord Dragon King is the great secret of our King Monstrous Dragon Beasts that cannot be allowed to be known by outsiders. Else, it will lead to disaster."

"And now, three outsiders know about this matter. Who can guarantee that they will not spread news of it?" Yaojiao Ba said.

"But, even if we eliminate Chu Feng, there's still those two other

humans,” A rank one Martial Emperor said in a puzzled manner.

“As long as Chu Feng is eliminated, I naturally have the means to make those two humans die here too,” Yaojiao Ba said.

“But, Princess Tingyu is also going. She will definitely be right next to Chu Feng. We fear that we will not have the opportunity to kill him,” Another said.

“Must I teach you how to deal with even this sort of thing?” As Yaojiao Ba said those words, a trace of ruthlessness flashed through his eyes.

“Milord, your intention, could it be?” At this moment, those three Martial Emperors all revealed alarmed expressions.

“What’s there to be afraid of? The rule of the King Monstrous Dragon Race will sooner or later be ours. While the humans are a threat, Yaojiao Tingyu is also a threat. Seize this opportunity to eliminate this threat. Only then will our War Faction be able to firmly grasp our rule for the next eight thousand years,” Yaojiao Ba said.

“Milord, this...”

After hearing those words, those three Martial Emperors looked to one another. They were hesitant.

Although the Peace Faction and the War Faction had fought for several tens of thousands of years, they had never killed one another.

Furthermore, Yaojiao Tingyu was a rare genius of their King Monstrous Dragon Race. She might even be able to bring their King Monstrous Dragon Race to a whole new altitude. As such, Yaojiao Ba’s command to have them kill Yaojiao Tingyu was extremely difficult to accept.

“Has our War Faction not been suppressed enough by the Peace Faction for the past eight thousand years?”

“Are we to continue living as nobodies for the next eight thousand years after being suppressed for the past eight thousand years?”

“The elders are all very old. At the very most, they can live for another thousand years. After a thousand years, what sort of cultivation will Yaojiao Tingyu have? Can you all possibly imagine that? At that time, perhaps even I will be inferior to her. If she wanted to seize the position of Clan Chief then, who could possibly stop her?”

“Even if she doesn’t seize the position of Clan Chief, if she becomes the strongest person in our King Monstrous Dragon Race, even though Xueran might be the Clan Chief, she will be the one with the absolute authority.”

“Thus, it is only by eliminating Yaojiao Tingyu that Xueran will be able to firmly sit in the position of Clan Chief,” Yaojiao Ba said.

At this moment, the three Martial Emperors were swayed. They took a look at Yaojiao Xueran. Then, that rank two Martial Emperor knelt onto the ground, “For the sake of the War Faction’s honor, for the sake of our race’s future, I am willing to follow Milord’s command.” Immediately following him, the other two Martial Emperors also knelt onto the ground.

“Although we must eliminate them, we must still have an actual plan as to how to do so. Xueran, you will join them too. Then, find an opportunity to lure them to this place and rouse the Underworld Fire Bugs as per the methods written on this map.”

“It would be for the best if you are able to eliminate them with the Underworld Fire Bugs. After they are eliminated, come back out and say that Chu Feng triggered the Underworld Fire Bugs and caused Yaojiao Tingyu to die in there.”

“After knowing about this matter, the elders will definitely be enraged. At that time, those two other humans will definitely not be able to live either,” Yaojiao Ba handed a map to Yaojiao Xueran.

“Underworld Fire Bugs? Father, isn’t that a kind of very ferocious bug from the Ancient Era? If one is to be hit by the flames that they release, even Martial Emperors will be burned to ashes.”

“Although the Underworld Fire Bugs in Lord Dragon King’s tomb were refined by Lord Dragon King, it remains that they possess boundless power. If they are to be released, then we...” Yaojiao Xueran had a panic-stricken expression.

Not to mention him, at this moment, the three Martial Emperor’s complexions had also turned green. They were feeling extremely uneasy.

The tomb of their Lord Dragon King was not only an Emperor’s Tomb, it was much more frightening than an ordinary Emperor’s Tomb. Even though they were the descendants of their Lord Dragon King, they would still not dare to touch many of the mechanisms and traps in the tomb.

“What’s there to panic over?” Yaojiao Ba took a fierce glance at Yaojiao Xueran. Then, he said, “Carry this talisman paper with you and place it on your chest. After the mechanism has been triggered, the Underworld Fire Bugs will not attack you all.”

As Yaojiao Ba spoke, he handed four green talisman papers to Yaojiao Xueran and the other three Martial Emperors.

Yaojiao Xueran and the three Martial Emperors immediately placed the talisman papers onto their chests. Then, they bowed respectfully and said, “We will definitely not disappoint you.”

The next day. Chu Feng and the others arrived before the Beast Emperor Black Dragon King’s Tomb very early in the morning.

The Black Dragon King’s Tomb was hidden in a very deep location. Furthermore, it was tightly defended. On their way here, they had passed by countless spirit formations. Without the keys to those spirit formations, one would simply not be able to pass

through them.

From this, it could be seen that this Black Dragon King's Tomb was most definitely an extremely forbidden area in the King Monstrous Dragon Beast's territory.

At this moment, Chu Feng and the others were in an open space deep in the mountain range. Forests surrounded them in all directions. Underbrush covered their feet. However, Chu Feng knew that the Black Dragon King's Tomb was right underneath his feet.

"I'm finally able to enter an Emperor's Tomb again. I wonder, this Beast Emperor's Tomb, when compared to Emperor Qing's Tomb, which one would be stronger?" Eggy said excitedly.

"Emperor Qing's Tomb is not completely open yet. At the very least, we are still unable to open that Imperial Armament gate. Thus, I'm afraid that it would be very difficult to compare the two of them," Chu Feng said.

"That's true. However, I feel that Emperor Qing's Tomb is even more powerful," Eggy said.

Right at this moment, Yaojiao Xueran stepped forward and said, "Lord Elders, it is very rare and difficult for Lord Dragon King's tomb to be opened. Xueran also wishes to use this opportunity to enter the Inheritance Pond. I wish to see whether or not the current me is capable of entering it,"

"Very well, go ahead," The four elders all nodded.

Seeing that the elders had agreed to it, Yaojiao Xueran was unable to help himself from taking a glance at Chu Feng. There was a strangeness to his gaze. Although his glance flashed past Chu Feng quickly, he still noticed it.

"Something's fishy about that Yaojiao Xueran," Chu Feng said in his heart.

When Chu Feng discovered Yaojiao Xueran's strange gaze, he

immediately observed him with his Heaven's Eyes, and discovered something strange about Yaojiao Xueran.

“What's fishy?” Eggy asked.

“Look at his chest. There's a talisman paper on it. That talisman paper is an Insect Avoidance Talisman that is capable of helping one avoid powerful poisonous insects. Furthermore, the Insect Avoidance Talisman on his chest is an extremely high level one. It is something created by a Dragon Mark Royal-cloak World Spiritist,” Chu Feng said.

“Indeed, it is an Insect Avoidance Talisman. He didn't have that on him yesterday; why would that suddenly appear on him today?” Eggy shared Chu Feng's line of sight. Thus, she also discovered the Insect Avoidance Talisman.

“This is abnormal! It's not only him, the War Faction's three Martial Emperors also have Insect Avoidance Talismans on them. They are all people who are to enter the Black Dragon King's Tomb alongside me.”

“Furthermore, Yaojiao Tingyu and that man from the Peace Faction do not have Insect Avoidance Talismans on them,” After discovering that something was amiss, Chu Feng began to inspect everyone with his Heaven's Eyes. It was only then that he discovered that this was no small matter, and not something that had happened by chance.

“Damned bastards! They most definitely have something planned. More than likely, they are planning to harm you,” Eggy realized their plot.

Chapter 1823 – Beating Someone At Their Own Game

“Chu Feng, take advantage of the fact that the tomb is hasn’t been opened yet to expose their evil conduct,” Eggy said.

“I’m afraid it’ll be useless. They’ve merely placed Insect Avoidance Talismans on their bodies, and have not actually done anything. Even if I am to reveal that they have them on them, what difference would it possibly make?” Chu Feng said.

“What do we do then? Are we to allow them to plot against you?” Eggy asked.

“The way I see it, there is most definitely some sort of powerful insect in the tomb. They are planning to have that insect kill me.”

“If that is the case, I will beat them at their own game. Eggy, do you still remember that I obtained both Insect Avoidance Talismans and Insect Luring Talismans from White-browed Immortal?” Chu Feng said.

“Haha, I understand now. You’re planning to give them a taste of their own medicine, you plan to use the Insect Luring Talismans to undo the Insect Avoidance Talismans after they release the insects so that they can suffer the consequences of their actions and be attacked by the insects,” Eggy came to a sudden realization.

“Precisely,” Chu Feng said.

“Good, good, good. Only you can think of such a rotten idea. It’s decided then,” Eggy was extremely happy.

Meanwhile, the four King Monstrous Dragon Beast elders, Yaojiao Guang and Yaojiao Ba had sat cross-legged onto the ground. They were using their bloodline’s power to open the Black Dragon King’s Tomb.

It required some time to open the tomb. As they were opening

the tomb, Chu Feng brought Yaojiao Tingyu to a concealed corner.

“Young master Chu Feng, what is the matter?” Yaojiao Tingyu asked.

“To be addressed as young master is too courteous. You can just address me as Chu Feng,” Chu Feng said.

“Then, you don’t have to address me as princess either. Just address me as Tingyu,” Yaojiao Tingyu said.

“Sure,” Chu Feng smiled. Then, he secretly handed two Insect Avoidance Talismans to Yaojiao Tingyu and said through voice transmission, “Put one on your chest and give the other to your Peace Faction’s senior and have him place it on his chest too.”

“What are these?” Yaojiao Tingyu asked.

“It’s nothing. They’re just a precaution. Just do as I say,” Chu Feng said.

“Okay,” Yaojiao Tingyu agreed. She held a lot of trust in Chu Feng.

While it was one thing for her to trust him, Chu Feng never expected for Yaojiao Tingyu to undo her clothes before him with the intention of placing the Insect Avoidance Talisman on her chest.

“Cough, cough...” Seeing this, Chu Feng was stunned. He hurriedly coughed to call to Yaojiao Tingyu’s attention to the fact that she was a female and he was a male.

“What’s wrong?” However, Yaojiao Tingyu acted as if she didn’t understand him and continued to remove her clothes.

“Eh... it, it’s nothing,” Seeing that Yaojiao Tingyu had already revealed her snow-white skin, Chu Feng hurriedly turned around and closed his eyes. As Yaojiao Tingyu was unreserved, he could only choose to not look at her.

“Boy, why are you acting this foolishly? That girl is doing that

deliberately. She's trying to seduce you. To not look at her, isn't this a waste? Why did you decide to not look?" Eggy asked in a disappointed manner.

"Regardless of whether or not she is doing that deliberately, if I am to look, I would be taking advantage of her. I cannot take advantage of her," Chu Feng said.

"Haha, I was merely teasing you. Never would I have expected you to be a man of honor," Right at this moment, a soft and lily-white hand landed on Chu Feng's back.

Turning around, Chu Feng discovered that Yaojiao Tingyu was looking at him with a beaming smile. Not only that, her clothes were all back in order now.

"Fortunately I am a man of honor. Else, you'd have been defiled," Chu Feng said.

"Do you not fear that I will reveal my true appearance?" Yaojiao Tingyu asked.

"Gulp~~~" Chu Feng was so startled that he gulped down a mouthful of saliva. True appearance? She was a monstrous dragon beast. Chu Feng did not dare to think any further about it.

"Haha, look how scared you are," Yaojiao Tingyu covered her little mouth and laughed joyously.

"Don't disclose the Insect Avoidance Talismans. It would be best if only the three of us know about this," Chu Feng immediately shifted the topic.

"Rest assured. I, Yaojiao Tingyu, am not a fool," Yaojiao Tingyu smiled sweetly. Her appearance was truly fascinating. They all say that when monstrous beasts changed their forms to those of female human women, they would be much more charming than actual female human women. Today, Chu Feng had experienced it.

Afterward, Yaojiao Tingyu found a way to hand the other Insect Avoidance Talisman to the rank one Martial Emperor from the

Peace Faction. Although he did not understand what was happening, he still did as Yaojiao Tingyu said and found an opportunity to place the Insect Avoidance Talisman onto his chest.

“Rumble~~~”

After some time passed, rumbles began to sound from underneath their feet. The underbrush split open, and an entrance appeared before them.

“Go on in,” The three Martial Emperors from the War Faction and Yaojiao Xueran entered first.

“Chu Feng, let’s go,” Following them, Chu Feng, Yaojiao Tingyu and the Martial Emperor from the Peace Faction also entered.

As Chu Feng and the others disappeared before their gazes, Baili Xuankong started to frown. He was worried for Chu Feng.

Unfortunately, with the attitude of the King Monstrous Dragon Beasts, even if he wished to accompany Chu Feng, it would most definitely be refused. As such, he could only worry on helplessly out here.

“This place is truly worthy of being the Black Dragon King’s Tomb,” After entering the tomb, Chu Feng began to gasp with admiration. Ignoring the spirit formations, mechanisms and traps present here, merely the sensation this place gave off was already extraordinary.

Other than the sensation of impressiveness, each and every corner of this place gave off a sort of oppression.

“Chu Feng, Lord Dragon King’s Tomb is like a maze that is filled with mechanisms and traps. The paths are extremely complex and crisscross with one another. If one is to take a wrong step, one will undoubtedly die.”

“We only know of a single path that can safely bring us to the Inheritance Pond. Other than that path, the people from our King Monstrous Dragon Race also do not dare to walk about this place

randomly. Thus, you must follow us and not go anywhere else,” Yaojiao Tingyu warned with a low voice.

“Got it,” Chu Feng actually wanted to explore the tomb. He wished to see exactly what the Black Dragon King’s Tomb was like. Perhaps he might even be able to obtain some unexpected harvest. However, since Yaojiao Tingyu had already mentioned it like this, he would naturally do as she said. After all, as a guest, he could not refuse to give the master of this place face.

“While I will follow the path, will they?” Chu Feng took a glance at Yaojiao Xueran and the others. A cold smile emerged on his face.

Chu Feng was practically certain that Yaojiao Xueran was planning to harm him. However, if they were to follow the safe path the entire time, there would be no way for him to harm him. Thus, if they wished to harm him, they would definitely have to stir up troubles.

As for Chu Feng, he actually looked forward to Yaojiao Xueran stirring up trouble. After all, only by him stirring up trouble would Chu Feng have the opportunity and justification to take care of him.

“Ta~~~”

Suddenly, Yaojiao Xueran and the others stopped. The reason for that was because three different paths had appeared before them.

“Take the right path,” Yaojiao Tingyu stepped forward and said.

“Seniors, I’ve heard my father say that the left path leads to a side palace hall with a lot of stone carvings. These stone carvings show Lord Dragon Emperor’s different appearances from his youth to his old age. I wish to go and have a look at the heroic appearance of Lord Dragon Emperor,” Yaojiao Xueran said.

Hearing those words, Chu Feng started to smile coldly in his heart. Sure enough, this Yaojiao Xueran was going to make his move.

“No, the elders have said that we cannot take any path other than the one that leads to the Inheritance Pond. Else, if we are to trigger mechanisms and traps, who shall take responsibility for that?” Yaojiao Tingyu flatly refused.

“Lil sis Tingyu, do you not wish to see Lord Dragon King’s heroic appearance? You must know that those sculptures were those of his appearance from his youth to his old age,” Yaojiao Xueran enticed.

“Tingyu, there would be no harm in going there. Lord Ba has been there before. There are no dangers there,” The War Faction’s rank two Martial Emperor urged.

Hearing those words, Yaojiao Tingyu’s eyes started to flicker. She was also tempted. How could she not wish to look at the heroic appearance of their Lord Dragon King throughout his years?

However, after carefully considering it, she still shook her head resolutely. She said, “Senior, I feel that we should abide by what the Lord Elders said.”

At this moment, Chu Feng suddenly spoke. “Tingyu, I also wish to have a look at the Beast Emperor’s heroic appearance. Let’s just go and take a look, no?”

Yaojiao Xueran and the others were surprised by Chu Feng voicing his intention to go. None of them expected that Chu Feng would speak on their behalf.

However, upon thinking about it, the corners of Yaojiao Xueran’s mouth lifted into a mocking smile. He thought to himself, ‘While that Chu Feng’s talent is exceptional, he is a fool to the core. I don’t even have to push him down the pit of fire that I’ve dug for him. Instead, he has decided to jump into it himself. Even if you are to die, you deserve it.’

Chapter 1824 – Digging One’s Own Grave

As a result, Yaojiao Xueran did not take a different position from Chu Feng. Instead, he tried his best to go along with Chu Feng, “Right, right, right. Lil sis Tingyu, Brother Chu Feng is our guest. When even our guest has made a request, you should stop refusing.”

“This... okay then,” After a moment of hesitation, Yaojiao Tingyu finally agreed to it reluctantly.

Thus, Chu Feng and the others entered the left path and the side palace hall while being led by Yaojiao Xueran.

The side palace hall was splendorous and majestic. This was especially true for the walls. They gave off a sense of brilliance from a single glance. It was as if there were valuable treasures hidden inside. It was extremely captivating.

How could this possibly be a simple side palace? It was simply a treasury.

However, Chu Feng was already able to tell that the walls that seemed to contain treasures were actually bait. It should be a mechanism. As long as someone touched the wall, they would definitely be met with a great catastrophe.

Chu Feng felt that should the mechanism be triggered, there would definitely be poisonous insects released. Thus, after he entered this place, he stood by the entrance with a smile on his face as he looked to Yaojiao Xueran and the others walking deeper into the palace hall. He did not say anything.

When Yaojiao Tingyu saw how gorgeous the palace hall was, but also saw that there were no sculptures of the Lord Dragon King, she also felt that something was amiss. Along with that Peace Faction’s Martial Emperor, she stood by the entrance beside Chu Feng and did not enter deeper into the palace hall.

“Yaojiao Xueren, there are simply no sculptures of Lord Dragon King here. I think your father was mistaken. Let’s return,” Yaojiao Tingyu said. The tone that she spoke with contained a trace of anger. She knew that she had been deceived.

“I might be mistaken. However, these walls are truly gorgeous,” Upon saying those words, Yaojiao Xueran’s eyes revealed an ominous glint. Then, he suddenly shot a palm strike forward. His martial power formed a golden-bright and dazzling giant fist. With a ‘boom,’ that fist landed on the wall.

“Bang~~~”

The walls crumbled instantly. Then, a magma-like substance began to erupt from the walls on all sides. In an instant, they submerged Chu Feng and the others.

“Yaojiao Xueran, what are you doing?” At this moment, Yaojiao Tingyu started to panic. She had discovered that the red substance was not magma. Rather, it was made up of densely-packed red insects.

Those insects were very small. However, a very frightening power was contained in their blazing bodies.

“Haha, what am I doing? I’m going to take your lives,” Yaojiao Xueran burst into loud laughter. At this time, he was no longer concealing anything, and had revealed his fangs.

“What? You want to take our lives? You’ve done this deliberately! You are deliberately trying to harm us!” Yaojiao Tingyu revealed an expression of shock. The Martial Emperor from the Peace Faction beside her had the same expression as her.

The two of them both knew that Yaojiao Xueran was a dishonorable person. However, they had never expected for him to want to kill them. To kill a fellow clansman was an enormous taboo to their King Monstrous Dragon Race.

“That’s right, you are correct. I am planning to kill you all. But,

so what if you all are to know about it? Soon, you will be burned to ashes by the Underworld Fire Bugs. You will be utterly killed. Hahaha,” Yaojiao Xueran revealed a malevolent expression and began to laugh frantically.

“Are you sure you’re not joking? These bugs are capable of killing us? They are simply not a threat at all, no?” As Chu Feng spoke, he extended his hand and grabbed a bunch of Underworld Fire Bugs. Not only was he playing around with the bugs, he was even pinching them.

In fact, some of the bugs were crushed by Chu Feng’s pinching and turned into liquid flames that roamed around Chu Feng’s hand. However, they were not able to harm Chu Feng in the slightest.

“How could this be?!” Yaojiao Xueran was dumbstruck by this scene.

Not only were the legendary extremely ferocious Underworld Fire Bugs not attacking Chu Feng, they were also allowing him to trample upon them. Exactly what sort of situation was this?

Could it be that the vicious reputation of the Underworld Fire bugs was fake?

“Why would it be like this? Could it be that these Underworld Fire Bugs are fake?” A rank one Martial Emperor from the War Faction also raised his hand and grabbed a bunch of Underworld Fire Bugs and began to pinch them like Chu Feng.

“Bang~~~”

Once he started to pinch the bugs, they began to explode in succession. In an instant, the exploding Underworld Fire Bugs turned into scalding liquid flames that spurted everywhere. In an instant, that rank one Martial Emperor was engulfed by the liquid flames.

“Ahh!!!”

His screams began to resonate through the palace. As his screams were so heart-tearing and lung-splittingly loud, it caused even the other Underworld Fire Bugs in the surrounding to emit ear-piercing sounds. They had been agitated, and were now emitting overflowing killing intent.

“Are you a fool or what? Why did you pinch them?” At this moment, that rank two Martial Emperor was enraged. As he shouted at that rank one Martial Emperor covered with flames, he moved in front of Yaojiao Xueran to protect him.

That rank one Martial Emperor did not scream for long. Soon, he turned into magma-like liquid flames and was dissolved among the numerous Underworld Fire Bugs.

“He’s not the fool. Rather, you all are the fools. Trying to plot against me, Chu Feng? You should determine whether you have the ability to do so first,” At this moment, Chu Feng’s voice sounded again.

“So it’s you!” At this moment, Yaojiao Xueran discovered that Chu Feng, Yaojiao Tingyu and that Peace Faction’s Martial Emperor had escaped the encirclement of the Underworld Fire Bugs amidst the chaos.

Furthermore, Chu Feng was smiling and looking at them with a gaze filled with contempt. His appearance was as if he were looking at a bunch of fools.

“Senior, kill him! Kill them!” After the sudden realization, Yaojiao Xueran shouted in anger.

“Haah!!!” That rank two Martial Emperor did not hesitate. With a thought, boundless martial power began to surge toward Chu Feng and the others.

Although his martial power was formless, it remained that he was a rank two Martial Emperor. Thus, the strength of his martial power was extremely terrifying.

“Bang, bang~~~”

However, right after his martial power surged forth, two explosions sounded from beside him. After the explosions sounded, an invisible power started to spread.

“Ji, ji, ji, ji, ji~~”

The very next moment, it was as if the Underworld Fire Bugs had received a command. Fiery columns of flame not only blocked that rank two Martial Emperor’s attack, they were also shooting toward Yaojiao Xueran and the two War Faction’s Martial Emperors to kill them.

“Ahhh!!! Save me, save me!!!”

The other War Faction’s rank one Martial Emperor was caught off guard and hit by many columns of flame. Like the rank one Martial Emperor before him, the locations on his body that were hit began to turn into magma-like liquid flames that spread through his entire body. With his body and his source energy being destroyed, that rank one Martial Emperor began to scream in miserable pain.

“Chu Feng, what did you do? Exactly what did you do?!” Yaojiao Xueran was shocked, afraid and angry as he shouted at Chu Feng.

“What did I do? I merely undid the Insect Avoidance Talismans on your bodies. You wish to plot against me? You all were simply digging your own graves,” Chu Feng said.

“What? You knew? You knew all about it?” Hearing those words, Yaojiao Xueran stood there stunned.

Originally, he had thought that Chu Feng was extremely stupid. It was only now that he discovered that Chu Feng had already seen through everything, and also found a way to take care of them.

It turned out that Chu Feng was not the fool. Rather, it was them. They were the actual fools. They were so foolish that they had been toyed around with in Chu Feng’s palm the entire time

and didn't even know about it.

“Chu Feng, I will tear your skin and flesh off while you're still alive! I will pull out your tendons and drink your blood!!!” After that rank two Martial Emperor realized that he had been fooled, he began to shout angrily.

His voice was extremely ear-piercing. It surpassed the sound of ten thousand bears. That was simply not the voice of a human. Rather, it was the roar of a King Monstrous Dragon Beast.

“You wish to kill me? You'll have to kill all these bugs first. However, are you able to kill all of them?” Chu Feng smiled lightly. Then, he turned to Yaojiao Tingyu and said, “These bugs have already been agitated. Likely, our Insect Avoidance Talismans will soon be useless too. Let's get far away from here so that we do not get involved with them.”

“Mn,” Yaojiao Tingyu nodded. Then, she turned around and began to lead Chu Feng out of that place. After experiencing this matter, she took Chu Feng's words to heart even more.

Chapter 1825 – Miraculous Inheritance Pond

“What utter bastards. They actually tried to assassinate the princess. I will go and report this to Lord Clan Chief right away,” After reaching safety, that Peace Faction’s Martial Emperor spoke angrily.

“Report? What use is there for you to go and report this now? You have absolutely no proof. How would they possibly trust you?”

“Furthermore, if you are to report this now, Yaojiao Ba will know that his son and his subordinates had been met with an ill fate. He will definitely propose coming in to save them.”

“For the sake of the greater good, the elders will definitely agree to let him come in here to save them. At that time, you reporting to them will be equivalent to saving Yaojiao Xueran and the others,” Chu Feng said.

“What do we do then? Are we to suffer this without being able to do anything?” That Martial Emperor was very unwilling to let the matter go.

“Suffer? Heh, that’s not necessarily the case. After they die, we can say whatever we want. After all, they will have no way to refute us,” Chu Feng said.

“That’s true. Chu Feng, you are truly clever,” Yaojiao Tingyu admired Chu Feng’s way of thinking.

At this moment, the Peace Faction’s Martial Emperor’s eyes also shone. The gaze with which he looked to Chu Feng had become very different.

Although he did not have an enormous change in his behavior, there was a turbulent storm in his heart.

Not only did Chu Feng discover that Yaojiao Xueran and the others had wanted to harm them, he had also thought of a countermeasure right away. Furthermore, he had managed to successfully entrap Yaojiao Xueran and the others and obtain an impossible victory.

No matter what, there had been a rank two Martial Emperor among their opponents. If they were to truly fight, they would have been no match for him.

However, at this moment, that rank two Martial Emperor could only stay beside Yaojiao Xueran to protect him while struggling against the Underworld Fire Bugs himself and wait for death amidst pain and suffering.

Furthermore, even now, Chu Feng did not try to go out and report Yaojiao Xueran's wicked conduct out of impulse. Instead, he had considered all aspects. The things that he had done in such a short period of time could simply be said to be planned and done perfectly.

If Chu Feng was an old monster that had lived for ten thousand years, it would be understandable for his planning to have reached this degree. However, Chu Feng was a member of the younger generation that was not even thirty years old. He was someone that had lived for several thousand years less than him.

When comparing himself to Chu Feng, that Peace Faction's Martial Emperor felt that he had lived the past thousand years of his life in vain.

'That human brat's methods are truly fearful. Fortunately, he is a friend and not a foe. Else... I truly do not dare to imagine,' Thinking of this, that Peace Faction's Martial Emperor sucked in a mouthful of cold air. Fear actually emerged in his eyes as he looked to this person from the younger generation with a cultivation much weaker than his own.

"Chu Feng, in that case, where should we go now?" Yaojiao

Tingyu asked. She had decided to listen to Chu Feng and have him determine what they should do. Only by doing this would she feel safe.

“We’ll do what we came here for. Go to the Inheritance Pond,” Chu Feng said.

“Mn,” Yaojiao Tingyu revealed an expression of joy. After what had happened earlier, she was more confident in Chu Feng. She felt that her decision to rely on Chu Feng would have a high chance of success in obtaining the Lord Dragon King’s inheritance.

As the path toward the Inheritance Pond was a safe path, Chu Feng was unable to continue to see any more mechanisms left behind by the Black Dragon King.

While the path was very clear and safe, even with the speed at which Chu Feng and the others were walking, they were still unable to reach the Inheritance Pond after walking for two entire hours. From that, one could imagine how enormous this Emperor’s Tomb was.

“We should be arriving soon, no?” Chu Feng suddenly asked.

“Yes, we’ll be arriving soon. However, it’s still some distance away. How did you know?” Yaojiao Tingyu asked curiously. She saw that Chu Feng didn’t seem to have said those words through mere guesses. Rather, it seemed that he was certain when he said them.

However, the walls of this place were capable of blocking spirit power. The observation methods of world spiritists would be extremely limited in this place. Regardless of how heaven-defying Chu Feng’s observation method might be, he should not be able to see the Inheritance Pond at this distance.

“I am faintly able to sense an aura that resembles you all. Merely, that aura is simply too powerful. It is much more powerful than your elders, and is simply incomparable. I think that aura should

be emitted by the Inheritance Pond,” Chu Feng said.

“Why is it that we can’t sense that?” Both Yaojiao Tingyu and the Peace Faction’s Martial Emperor were shocked. Even though they were King Monstrous Dragon Beasts, they were unable to sense it. Yet, Chu Feng was able to sense it.

“Heh...” Chu Feng smiled lightly. He did not explain to them how he had sensed it. After all, something like this could not be explained. Perhaps this was the difference between their talents.

It would be unsuitable for Chu Feng to boast of his own talent before them because Chu Feng felt that he should maintain his modesty.

“Chu Feng, you are truly mystical. That said, I have a question I have wished to ask you the entire time,” Yaojiao Tingyu asked.

“Ask away,” Chu Feng said.

“Earlier, when you pinched apart those bugs, why were you fine? Yet, when Yaojiao Liuyi did that, he was burned?”

“Yaojiao Liuyi, is he that fool that died after pinching those bugs?” Chu Feng asked.

“That was him,” Yaojiao Tingyu nodded.

“The reason is simple; the ones I pinched apart were fake, whereas the ones he pinched apart were real,” Chu Feng said.

“Fake?” Both Yaojiao Tingyu and that Martial Emperor were startled.

“It’s a world spiritist’s cheap trick. If you all had observed them carefully, you would have been able to tell them apart. Merely, at that time, the situation was so intense that no one thought that I would make fake bugs,” As Chu Feng spoke, he spread his hands apart, and two palmfulls of Underworld Fire Bugs appeared in his hands.

Seeing those Underworld Fire Bugs, Yaojiao Tingyu and that

Martial Emperor subconsciously stepped back. Having seen the Underworld Fire Bugs already, they were extremely afraid of them.

“Don’t be scared, they’re fake,” Chu Feng smiled. Then, with a clench of his hands, he crushed the Underworld Fire Bugs in his hands.

After the Underworld Fire Bugs were crushed, they turned into liquid flames. However, when the liquid flames landed on Chu Feng’s hands, Chu Feng was not damaged in the slightest. Furthermore, not long afterward, those liquid flames turned into golden light and disappeared.

“They’re actually fake.”

At that moment, both Yaojiao Tingyu and that Martial Emperor were blushing with shame. Even though they had carefully observed Chu Feng’s Underworld Fire Bugs, they had been unable to discover that they were fake. Those fake Underworld Fire Bugs practically looked exactly the same as the real Underworld Fire Bugs.

Although they were monstrous beasts, they were, after all, the descendants of the Black Dragon King. Thus, they actually all possessed spirit power. On top of that, as they were cultivators, they possessed keen observation. Therefore, their perceptions were not weak at all. Yet, the Underworld Fire Bugs Chu Feng had formed through world spirit power had truly been something that they were unable to determine to be fake in a short period of time.

“Seems like we’re here,” Right at this moment, Chu Feng and the others stopped. Chu Feng was able to sense that the enormous Monstrous King Dragon Beast’s Bloodline’s aura was much more powerful.

Finally, Chu Feng and the others entered a spacious location. This place was extremely vast, and appeared like a world by itself.

However, Chu Feng’s gaze was completely attracted by a lake

before him.

That lake was no ordinary lake. It was so deep that the bottom could not be seen. Furthermore, the water was muddled in color, and a layer of special mist lingered over the water. The aura that Chu Feng felt was being emitted from this place. Likely, this was that Inheritance Pond. Merely, how could this possibly be considered to be a pond? It was simply a lake.

‘Strange, why is the aura that I felt moving about in the lake?’ Chu Feng felt that something was amiss. Thus, he used his Heaven’s Eyes to observe the lake.

‘What miraculousness,’ Upon observing the lake with his Heaven’s Eyes, Chu Feng’s eyes shone, and he revealed an expression of shock.

With his Heaven’s Eyes, Chu Feng was able to clearly see that there was an enormous shadow at the depths of this Inheritance Pond.

That enormous shadow was a Monstrous Dragon. It was close to a thousand meters long. It was extremely frightening. Although it was only a shadow, and not an actual Monstrous Dragon, it was the source of that aura.

Yaojiao Tingyu saw that Chu Feng was muttering to himself, and that his expression had changed. Thus, she asked curiously, “Chu Feng, did you discover something?”

Chu Feng raised his head, and discovered that not only was Yaojiao Tingyu looking at him with that gaze, even that Martial Emperor was looking at him with the same gaze.

Chu Feng pointed to the pond and asked, “Could it be that you all are unable to see it?”

“See what?” Yaojiao Tingyu and the Martial Emperor asked in unison.

“I understand now,” Chu Feng said.

“Ah?” Yaojiao Tingyu and the Martial Emperor became even more confused.

Chapter 1826 – Reappearance Of The Dragon King

“Chu Feng, what did you say?” Yaojiao Tingyu asked.

“Tingyu, let me ask you this. After you entered into the Inheritance Pond, you were able to sense the Beast Emperor’s power, isn’t that right? Merely, that power cannot be sensed all the time. By comparison, the times when you don’t sense it are even more frequent,” Chu Feng said.

“How did you know?” Yaojiao Tingyu revealed an expression of astonishment. This was something that only she knew about, because she was the only one to have ever been able to set foot into the Inheritance Pond. As such, she was the only one who knew about the sensation one would feel in the Inheritance Pond.

“The Beast Emperor’s inheritance power does not fill the entire Inheritance Pond. Rather, it takes the form of the image of a King Monstrous Dragon Beast as it moves about the Inheritance Pond. It is only when that image is in contact with you that you will be able to sense its power,” Chu Feng said.

“Really? Why is it that I cannot see it?” Both Yaojiao Tingyu and the Peace Faction’s Martial Emperor cast their gazes into the pond. However, they were unable to see anything.

“I am only able to see it through using a special method. However, this might be good news,” Chu Feng said.

“What do you mean by that?” Yaojiao Tingyu asked.

“The way I see it, one’s talent will only determine whether or not one is qualified to enter the Inheritance Pond. However, if one wishes to obtain the inheritance, one must make that image follow you.”

“If you are to only quietly stay in the Inheritance Pond and wait for that image to flow to your side, it would be extremely

difficult.”

“However, I am able to observe it, and have you follow that image. This will allow you to be within that image the entire time. Like that, you should be able to receive the inheritance,” Chu Feng said.

“That might be feasible. Let’s try it out now,” Yaojiao Tingyu was extremely impatient. Both of her hands turned around, and then she directly jumped into the pond.

Right after she entered the pond, her complexion changed slightly. Even though she was able to enter the Inheritance Pond, she still had to endure its pressure.

It was also because of the existence of that pressure that she was unable to immerse herself in the Inheritance Pond for an extended period of time. This was also the reason why her body was unable to endure it, and she lost consciousness after forcing herself to be in the pond for an extended period of time earlier.

That time, had she not been promptly discovered and saved, she would have died in the pond.

“Putt~~~”

A splash. Chu Feng also entered the Inheritance Pond. He said, “Let’s begin.”

“Chu Feng, you!!!” Seeing Chu Feng, Yaojiao Tingyu was startled once again.

“What’s wrong?” Chu Feng asked.

“It’s nothing,” Yaojiao Tingyu shook her head. Actually, she had wanted to say that Chu Feng’s talent was truly too outstanding. His expression actually remained completely unchanged even after entering the pond. Evidently, he was unable to feel the pressure of the pond.

It was at this moment that Yaojiao Tingyu realized that it was not

that this Inheritance Pond was too difficult, but rather that her talent was greatly insufficient.

If she had Chu Feng's talent, regardless of how strong the Inheritance Pond might be, regardless of how much that image moved about, she would still be able to obtain the inheritance. Unfortunately, she didn't have Chu Feng's talent.

"Tingyu, follow me," As Chu Feng spoke, he began to swim further into the pond. Yaojiao Tingyu did not dare to hesitate, and followed Chu Feng closely. Not long after she started swimming, a boundless energy entered Yaojiao Tingyu's entire body. At the same time, the energy started to merge with her body.

"It's really feasible!"

Yaojiao Tingyu became even more pleasantly surprised. As she swam following Chu Feng, she was truly able to sense Lord Dragon King's power the entire time. If this were to continue, she might really be able to succeed this time around.

"That child is our King Monstrous Dragon Race's lucky star."

Although that Martial Emperor was standing on the shore, and was unable to enter the Inheritance Pond, he had been watching everything the entire time. He had begun to increasingly admire this member of the younger generation by the name of Chu Feng.

At the time when Yaojiao Tingyu was receiving the inheritance, Chu Feng was also able to sense how enormous the power contained within that image was. However, apart from that, he did not sense much of anything else.

If it wasn't for the fact that Chu Feng had used his Heaven's Eyes to see through the mystery of the Inheritance Pond, if he had instead run around the Inheritance Pond like a fool, then, regardless of how talented he might be, he might still not have been able to help Yaojiao Tingyu.

"Chu Feng, try sensing the spirit formation in this place. It might

allow your spirit formation techniques to reach a breakthrough,” Eggy called to Chu Feng’s attention to the spirit formations in this Emperor’s Tomb.

“That’s right! Why didn’t I think of that? It is still Milady Queen that is clever,” Chu Feng came to a sudden realization. Earlier, he had only been thinking about finding things that could assist him with his martial cultivation, and had completely forgotten that the Black Dragon King had possessed exceptional world spirit techniques, and that the entire Emperor’s Tomb was filled with the products of grand world spirit formations.

Especially this Inheritance Pond; it was the essence of the entire Emperor’s Tomb. The world spirit techniques used to create this place were even more exceptional. If Chu Feng were to earnestly feel the world spirit formations here, he might really be able to use this opportunity to reach a new level of comprehension for world spirit techniques, connect with Dragon Mark World Spirit Power, and become a Dragon Mark Royal-cloak World Spiritist.

Thus, as Chu Feng chased after the image, he began to feel the exquisite world spirit techniques that had been used to create that image.

“Buzz~~~”

Suddenly, Chu Feng became motionless. That image of a King Monstrous Dragon Beast that was moving about also stopped moving. Immediately afterward, Yaojiao Tingyu also stopped moving. It was as if they were all frozen.

“Crash~~~”

At this time, the surface of the Inheritance Pond started to boil.

“This, this is the first time I’ve seen something like this. Could it be that Chu Feng is really able to help Princess obtain the inheritance?” As the Martial Emperor standing outside saw the boiling water surface, astonishment filled his face. Even his body

started to tremble with excitement.

The reason why he reacted in such a manner was because that boiling water surface was extremely extraordinary. The portion that was boiling over formed an enormous dragon. It was precisely the image of the King Monstrous Dragon Beast in the water.

While that Martial Emperor was unable to see the image of the King Monstrous Dragon beast, he was able to see the boiling water's surface. However, with merely that, he was already filled with endless astonishment.

The way he saw it, that was not an image at all. Rather, it was the actual silhouette of their Lord Dragon King.

“Where is this?”

At this moment, what Chu Feng saw was no longer the deep water of the Inheritance Pond. It was no longer the image of the King Monstrous Dragon Beast. He had already arrived at another space.

Underneath his feet were boundless white clouds. Above his head was a vast and borderless blue sky. Surrounding him were eight enormous sculptures. Each of the sculptures was a thousand meters tall. They were King Monstrous Dragon Beasts, the images of King Monstrous Dragon Beasts.

“Roar~~~”

Suddenly, a roar sounded. Hearing that roar, Chu Feng's hair stood on end. That roar was truly too frightening.

The direction from which the roar sounded was filled with white mist. At this moment, two dazzling red rays appeared in the white mist. They were crimson red in color, and truly terrifying to look at.

It was a pair of eyes, the eyes of a King Monstrous Dragon Beast.

Finally, that King Monstrous Dragon Beast revealed itself. It was

capable of supporting both heaven and earth, as it actually possessed the same size as those sculptures.

However, while those sculptures were fake, it was real. An incomparable might was being emitted from its body. This might made Chu Feng feel extremely uneasy.

“Mn? It’s actually a human!!!”

That King Monstrous Dragon Beast suddenly approached Chu Feng. It was only half a foot away from Chu Feng. Its two crimson eyes were many tens of times larger than Chu Feng. At this moment, those two enormous eyes were staring at Chu Feng. It was as if he were planning to use his gaze to skin Chu Feng alive.

“A human, what makes you think that you are qualified to obtain my inheritance?” That King Monstrous Dragon Beast uttered a gloomy, cold and unwilling voice.

“Senior Beast Emperor, this junior never thought about obtaining your inheritance. I have only come here to help your descendant obtain your inheritance,” Chu Feng said.

“Mn?” Soon, that King Monstrous Dragon Beast’s body swayed. Its gaze became different. It was revealing an expression of disbelief.

“No, you are qualified,” Even that King Monstrous Dragon Beast’s tone had changed. It was no longer one of annoyance, and had instead become gentle.

“Senior, please don’t misunderstand. This junior does not wish...” Hearing those words, Chu Feng hurriedly tried to explain. He did not wish to snatch away Yaojiao Tingyu’s inheritance.

“Buzz~~~”

However, before Chu Feng could even finish his words, the King Monstrous Dragon Beast opened its mouth and swallowed Chu Feng whole.

Chapter 1827 – Obtained The Inheritance

After being swallowed by the Black Dragon King, the scene before Chu Feng became fuzzy.

When his line of sight became clear again, Chu Feng discovered that he had returned to the Inheritance Pond.

Merely, the King Monstrous Dragon Beast image within the Inheritance Pond was currently shrinking in size. To be exact, it was shrinking in size while being centered around Yaojiao Tingyu. The King Monstrous Dragon Beast image that contained an extremely powerful Monstrous Dragon Bloodline was currently being assimilating into Yaojiao Tingyu's body.

“It would seem that we've succeeded,” Seeing this scene, Chu Feng started to smile and heaved a sigh of relief.

Originally, he had thought that the Black Dragon King was planning to pass on his power to him. At that time, Chu Feng had been deeply shocked.

If the Black Dragon King were to really pass on his power to him, it would mean that he would have snatched away the power that should have belonged to Yaojiao Tingyu. In other words, Chu Feng would have become a disloyal and unrighteous individual.

However, at this time, the change to Yaojiao Tingyu was extremely evident. Even her aura was rapidly growing stronger. From her original cultivation of rank five Half Martial Emperor, she had already become a rank seven Half Martial Emperor. Furthermore, her aura was still growing stronger.

“Strange,” At this moment, Chu Feng was startled. While it was clear that Yaojiao Tingyu had received the inheritance, as her cultivation was increasing right before him, Chu Feng's own aura was also growing stronger. He too had reached a breakthrough. He was no longer a rank seven Half Martial Emperor, instead

becoming a rank eight Half Martial Emperor.

Not only that, Chu Feng was able to feel that his spirit power had also grown many times stronger. With a thought, he unleashed some world spirit power from his world spirit space. It was no longer Snake Mark-level spirit power. Instead, it had become Dragon Mark-level spirit power.

“I’ve also reached a breakthrough? Could it be that I’ve obtained the inheritance too?” Chu Feng exclaimed in astonishment. His cultivation of rank eight Half Martial Emperor and his Dragon Mark spirit power was already set in place. Although he did not feel any possibility of them increasing in strength again, it remained that they were his current level of power.

“Chu Feng, quickly, come in and look,” At this moment, Eggy spoke in excitement.

“What happened?” Hearing the tone of Eggy’s voice, it seemed that she had something urgent to show him. Thus, Chu Feng immediately cast his awareness into his world spirit space.

“Heavens! How did this happen?” Upon reaching his world spirit space, the generally-calm Chu Feng was unable to remain calm anymore.

In addition to the extraordinary beautiful Queen, there were actually three additional items in his world spirit space. They were floating in midair.

Those three items were... a map, a title plate and a key.

The map appeared both illusory and real. It was as if was changing between illusion and reality. It was extremely mystical.

That title plate appeared to have been constructed from ordinary stone. It possessed a very crude appearance. In fact, it could even be said that it was somewhat ugly. However, Chu Feng was able to tell with a single glance that it was an extraordinary item that contained a special sort of power.

As for that key, it was even more peculiar. That key was made of light. That light was made up of countless smaller substances of light. It was as if all of the stars in the sky had gathered together to form a key.

That's right. Looking at it, the key looked like a key of stars.

In amazement, Chu Feng extended his hand and grabbed toward the three items. He wanted to carefully inspect them.

“Bang~~~”

However, right when Chu Feng's hand touched the key of stars, that key exploded into countless rays of light and disappeared.

“Bang~~~”

“Bang~~~”

Immediately following it, the title plate and the map also exploded and disappeared.

“Why would it be like this?” Seeing this scene, Eggy was deeply shocked. The way she saw it, those three items were all treasures. If they were to disappear, it would truly be a pity.

“No, they're already on me,” Chu Feng said.

“What?” Eggy was confused.

Chu Feng smiled lightly. Then, he cast his awareness back into his body. He opened his hands, and the stone title plate and the key of stars were in both of his hands.

“They actually shifted from the world spirit space to your body,” Eggy was extremely surprised. However, she immediately asked, “But the map's still missing.”

“The map's in my head,” Chu Feng pointed at his head. Although the map was gone, the contents of the map were in his head.

“Yoh, that's not bad. It would seem that Black Dragon King really does have some skills. He was actually capable of accomplishing

this sort of feat,” Eggy nodded in admiration. A sweet smile was present on her exceptionally beautiful face. She was truly charming. Looking at her, one would feel as if their heart was going to melt.

“What’s recorded on that map? What is its relationship with that title plate and key?” In joy, Eggy asked curiously.

“Moonlight Maze. This is the map of the Moonlight Maze. The key and title plate are also related to the Moonlight Maze,” Chu Feng said.

“One of the Holy Land of Martialism’s Three Great Forbidden Areas?” Eggy asked.

“Mn, the Three Great Forbidden Areas, the Moonlight Maze, the Blood Devouring Killing Formation and the Ancient Era’s Cemetery. These three items left behind by the Black Dragon King were all related to the Moonlight Maze,” Chu Feng said.

“Is it a treasure deposit?” Eggy asked.

“Yes. It leads to the treasures left behind by the Black Dragon King. All of the wealth that he had accumulated throughout his life is there. There might even be Imperial Armaments,” Chu Feng said.

“Woah! In that case, he really has passed on his inheritance to you?” Eggy became even more excited.

“Although he has passed on his strength to Yaojiao Tingyu, he has passed on his treasures to me,” Chu Feng said.

“Great! This trip has truly not been made in vain,” Eggy became even more joyous.

“No, this belongs to the King Monstrous Dragon Race. I cannot take them,” Chu Feng said.

“You couldn’t be possibly thinking about returning them to Yaojiao Tingyu, right?” Eggy asked.

“Of course,” Chu Feng said.

“Fool! Stupid! Idiot! You are simply wasting the kind intentions and laborious effort of the Black Dragon King,” Eggy was angered.

“These do not belong to me to begin with,” Chu Feng forced a smile. Even if Eggy was angered, he would still not appropriate these things for himself.

“Buzz~~~”

Right at this moment, the image of the King Monstrous Dragon Beast was all gone. It had completely entered Yaojiao Tingyu’s body.

At this moment, Yaojiao Tingyu’s cultivation had reached that of a rank eight Half Martial Emperor. Furthermore, it was still increasing.

In the end, her cultivation stopped at the peak of rank eight Half Martial Emperor level. She had not managed to break through to rank nine Half Martial Emperor.

However, Chu Feng knew that she would be making a breakthrough very soon. The reason for that was because the power of the King Monstrous Dragon Beast’s image was simply too strong. At this moment, its power was perfectly fusing with Yaojiao Tingyu in her body. She had already obtained the Black Dragon King’s inheritance.

The inheritance she had obtained was different from Emperor Gong’s inheritance that Zhang Tianyi had obtained. Yaojiao Tingyu had completely received the Black Dragon King’s power.

She was destined to obtain extraordinary achievements in the future. It would not be impossible for her to surpass even the Black Dragon King.

“I’ve succeeded! I’ve succeeded!” Yaojiao Tingyu opened her eyes. She was in incomparable joy. She actually threw herself into Chu Feng’s bosom and hugged him tightly.

“Congratulations,” Chu Feng had a smile on his face. He was feeling joy for Yaojiao Tingyu and the King Monstrous Dragon Race from the bottom of his heart.

“Thank you. I truly do not know how to thank you for this. How about, I devote my life to you?” Yaojiao Tingyu said as she looked to Chu Feng.

“Eh...” Chu Feng was at a loss as to how to respond. While it was true that Yaojiao Tingyu was extremely sexy and charming, he did not have any special feelings for her, and had only considered her to be a friend.

“Haha, look at how shocked you’ve become. I’m merely playing with you. We from the King Monstrous Dragon Race are only able to bind with the opposite sex of our same race. It is impossible for us to be together with humans,” Yaojiao Tingyu said.

“Oh you girl,” Chu Feng heaved a sigh of relief.

“Eh, Chu Feng, your cultivation also increased?” Yaojiao Tingyu sensed that Chu Feng’s aura was also that of a rank eight Half Martial Emperor.

Chapter 1828 – Extremely Heaven-defying

“Mn, this is all because of your blessings. If I hadn’t accompanied you here, it would have be impossible for me to reach a breakthrough this quickly,” Chu Feng said.

“Great! Great! Great! This is truly great! This is simply two joyous events happening simultaneously! Let’s go out and let that senior who is waiting for us enjoy the joy too,” As Yaojiao Tingyu spoke, she leapt out of the Inheritance Pond.

“Succeeded?” That Peace Faction’s Martial Emperor had a pleasantly surprised expression. After all, the change that had happened to Yaojiao Tingyu was extremely evident.

“Succeeded. Senior, I’ve really managed to successfully obtain the inheritance. Our Peace Faction will be able to continue to maintain the authority in our King Monstrous Dragon Race. All of this is because of Chu Feng. He is our King Monstrous Dragon Race’s great benefactor,” Yaojiao Tingyu said.

“Great, great, great!” That Martial Emperor was extremely excited, and said three ‘greats’ in succession. Then, with a ‘putt,’ he actually knelt before Chu Feng.

“Senior, what are you doing?” Chu Feng hurriedly tried to help him back up.

“Little friend Chu Feng, your enormous kindness is not something that I can thank with words. The benevolence you’ve shown our King Monstrous Dragon Race is something that we must definitely repay. If you are to ever need me in the future, please don’t hold back. Even if I am to go through water and tread on fire, even if I am to throw my measly life away, I will be willing to do so,” That Martial Emperor spoke with a serious expression, and refused to get back up.

“Senior, you’re taking this too seriously. Princess Tingyu and I

knew one another to begin with. We are friends. I, Chu Feng, am never one to seek for returns when helping my friends,” Chu Feng said.

“Little friend Chu Feng, your benevolence is something that our King Monstrous Dragon Race must repay. You do not know how important this is to our King Monstrous Dragon Race,” That Martial Emperor insisted.

“You actually kneeled to a human. You are truly a disgrace to our King Monstrous Dragon Race,” Right at this moment, a familiar voice sounded from the distance

“You’re still alive?” Upon seeing that person, Yaojiao Tingyu and the Peace Faction’s Martial Emperor were both shocked. The two of them both revealed expressions of panic. The person that had arrived was precisely the rank two Martial Emperor from the War Faction.

He had actually survived the siege of the Underworld Fire Bugs.

“Tingyu, no matter what, I am still your senior. Do you really wish for my death that much?” That man sneered as he proceeded to walk toward Chu Feng and the others.

“What do you want?” Yaojiao Tingyu asked.

“Very simple. You wished for my death. Thus, I am going to kill you. Especially the current you. You actually managed to obtain Lord Dragon King’s inheritance. As such, you must be killed,” The War Faction’s Martial Emperor said coldly.

“Chu Feng, Tingyu, quickly escape,” At this moment, that Peace Faction’s rank one Martial Emperor suddenly leapt forth. He turned into an enormous black monstrous dragon and pounced at the War Faction’s rank two Martial Emperor.

He had revealed his true form. He was planning to use his life to buy time for Chu Feng and Yaojiao Tingyu’s escape.

“Humph, overestimating your capabilities,” The War Faction’s

Martial Emperor snorted coldly. As a rank two Martial Emperor, how could he possibly fear a rank one Martial Emperor?

With a thought, his oppressive might swept forth. He was planning to use his oppressive might to crush that Place Faction's Martial Emperor to death.

“Buzz~~~”

However, right at the moment when his oppressive might crushed down toward the Peace Faction's Martial Emperor, a golden-bright and dazzling spirit formation suddenly appeared out of nowhere. It turned into a wall and blocked his oppressive might.

“Dragon Mark world spirit formation?” As the golden spirit formation filled with dragon marks appeared, not to mention the War Faction's Martial Emperor, even the Peace Faction's Martial Emperor and Yaojiao Tingyu were shocked.

“Chu Feng, you're actually a Dragon Mark Royal-cloak World Spiritist?” The War Faction's Martial Emperor looked to Chu Feng with a gaze filled with astonishment. He knew that that spirit formation had been unleashed by Chu Feng.

“Your life is quite tough. You must've used some sort of treasure to survive, right?” Chu Feng said.

“Answer my question!” The War Faction's Martial Emperor shouted. The shocked expression he revealed did not decrease, and instead increased.

“You are able to see my spirit formation. Aren't you just asking a question that you already know the answer to?” Chu Feng smiled coldly. Then, he said, “Actually, it is quite good that you were able to survive. For scum like you, I have always been fond of personally taking care of them.”

As Chu Feng finished saying those words, he had already walked to the Peace Faction's Martial Emperor's side. Then, he said to the Peace Faction's Martial Emperor, “Senior, allow this junior to take

care of this scum of the King Monstrous Dragon Race.”

“Chu Feng, you...” The Peace Faction’s Martial Emperor was worried. Although Chu Feng’s cultivation had increased, he was still only a rank eight Half Martial Emperor. As such, how could he possibly fight against a rank two Martial Emperor?

“Senior, please trust me,” Chu Feng said confidently.

“Be careful,” The Peace Faction’s Martial Emperor gave in. After all, he did not possess the ability to contend against that War Faction’s Martial Emperor. Yet, Chu Feng had blocked that War Faction’s Martial Emperor’s oppressive might with his spirit formation.

Although he wasn’t very confident in Chu Feng, it remained that Chu Feng’s strength surpassed his own. If he were to fight the War Faction’s Martial Emperor, only death would await him. However, if Chu Feng were to fight, they might really be able to live.

Thus, the Peace Faction’s Martial Emperor arrived beside Yaojiao Tingyu and brought her to a distant and sufficiently safe location.

As for Chu Feng, he stood in confrontation against the War Faction’s Martial Emperor.

“Ridiculous. A mere rank eight Half Martial Emperor actually dares to speak nonsense about taking care of me? Humans are truly ignorant,” The War Faction’s Martial Emperor did not place Chu Feng in his eyes.

“Enough of your rubbish. I’ll let you attack me first,” Chu Feng said.

“Chu Feng, even if you are a Dragon Mark Royal-cloak World Spiritist, you are definitely no match for me. I am not a rank one Martial Emperor. Rather, I am a rank two Martial Emperor. Furthermore, I am an elite of our King Monstrous Dragon Race. I will let you know the meaning of fear with my King Monstrous Dragon Beast’s Bloodline,” The War Faction’s Martial Emperor

said as he stared at Chu Feng ferociously with his crimson eyes.

“I’ll tell you this. To fight against you, I’m not going to use spirit formations. Instead, I will only use my martial power,” Chu Feng said.

“What did you say?” The War Faction’s Martial Emperor’s expression changed. He did not dare to believe what he had just heard.

“You will understand soon enough,” Immediately after Chu Feng finished saying those words, a buzzing sound could be heard. Lightning flashed through his eyes, and then his Thunder Armor and Thunder Wings appeared together. In a flash, Chu Feng’s cultivation went from rank eight Half Martial Emperor to rank one Martial Emperor.

“Boom~~~”

Then, Chu Feng’s body shifted, and he instantly arrived before that War Faction’s Martial Emperor. Furthermore, his fist was shot explosively at that War Faction’s Martial Emperor.

“Damn it!”

The War Faction’s Martial Emperor immediately raised his arm to block Chu Feng’s fist. However, while he managed to block Chu Feng’s fist strike, the aching pain that was being transmitted from his arm made him feel disbelief.

It was one thing for Chu Feng’s cultivation to increase from rank eight Half Martial Emperor to rank one Martial Emperor. However, his battle power was actually capable of contending against him.

One must know that he possessed a heaven-defying battle power capable of surmounting three levels of cultivation. For Chu Feng to be able to threaten him as a rank one Martial Emperor, it meant that Chu Feng’s battle power was capable of surmounting four levels of cultivation.

“Prepare to die,” Chu Feng did not give him time to consider. As his fists and feet crisscrossed one another, his attacks grew increasingly more ferocious. The War Faction’s Martial Emperor had been caught unprepared, and was incapable of dealing with Chu Feng’s attacks. At this moment, all he could do was dodge, block and be thrashed upon.

“This is truly inconceivable. Little friend Chu Feng’s talent is actually this heaven-defying?!!!!”

Both the Peace Faction’s Martial Emperor and Yaojiao Tingyu were exclaiming in astonishment. They felt this to be extremely unimaginable. It was extremely unbelievable that Chu Feng actually possessed a method to break through from Half Martial Emperor to a rank one Martial Emperor.

Martial Emperors and Half Martial Emperors were intrinsically different. Many people and monstrous beasts possessed special methods to increase their cultivations for a short period of time when they were Half Martial Emperors.

For example, there were Imperial Bloodlines and Divine Powers as well as special Inherited Bloodlines for certain monstrous beasts. All of them were capable of accomplishing this feat.

However, after reaching the Martial Emperor level in their cultivation, it would be extremely difficult and practically impossible to accomplish that.

While one could increase one’s cultivation through the use of one’s bloodline or Divine Power at the Half Martial Emperor level, it was no longer possible once one became a Martial Emperor.

For example, the Utmost Exalted Elders of the Four Great Imperial Clans, as well as those Martial Emperors that possessed Divine Bodies, were all extremely talented individuals.

When they were rank eight Half Martial Emperors, they had all been able to use their respective methods to increase their

cultivations to rank nine Half Martial Emperor.

However, upon reaching rank nine Half Martial Emperor, they were no longer capable of using special methods to increase their cultivations to rank one Martial Emperor.

After becoming Martial Emperors, it was also impossible for them to use their methods to increase their cultivations from rank one Martial Emperor to rank two Martial Emperor.

Regardless of whether it was Divine Powers or Inherited Bloodlines, they were only capable of raising their battle power by a certain amount when they reached the Martial Emperor level of cultivation, and it was impossible for these methods to actually increase their cultivation itself.

In other words, no matter what sort of method one possessed, it was impossible to increase one's cultivation from Half Martial Emperor to Martial Emperor.

Half Martial Emperors and Martial Emperors were completely different. There was an intrinsic gap between them, as well as an unbreakable confinement. It was an insurmountable disparity.

However, this sort of thing that was impossible to accomplish was actually done by Chu Feng. What others could not accomplish had been accomplished by Chu Feng. That enormous gap that could not be surmounted was actually crossed by Chu Feng.

As such, how could Yaojiao Tingyu and the others not be shocked?!!!

Chapter 1829 – Heaven Taboo Martial Skill

“Bang, bang, bang, bang~~~”

Chu Feng continued to attack. His attacks were extremely extravagant and incomparably ferocious. It was as if ten thousand meteorites were falling at once as his attacks continued to land on the War Faction’s Martial Emperor.

A moment of carelessness from the War Faction’s Martial Emperor allowed Chu Feng’s fist to break through his defense and land on his left rib.

“Boom~~~”

Another loud explosion sounded. The War Faction’s Martial Emperor was knocked several thousand meters away before firmly crashing into the cave’s wall.

The cave’s wall was completely undamaged. However, his body was emitting cracking noises. With merely a single fist strike, Chu Feng had broken three of the ribs on his left side.

“With merely this amount of ability, you actually dared to proclaim yourself to be an elite of the King Monstrous Dragon Race?” Chu Feng said with a disdainful smile.

“I’ll kill you!” The War Faction’s Martial Emperor was extremely enraged. He took out an enormous meteor hammer and smashed it at Chu Feng.

“Huu, huu, huu, huu~~~”

As the meteor hammer was being spun around, whistling sound of winds started to echo. Wherever it passed, it would leave an area of pitch-blackness. Even space itself was destroyed by it. It turned out that that meteor hammer was an Incomplete Imperial Armament.

“I’m afraid that you still won’t do even if we are to compare

weapons,” As Chu Feng spoke, he took out the Heavenly Immortal Sword and held it in his hand. Then, he began to unleash his sharp sword techniques like a torrential storm of pear blossoms. Not only did he block that War Faction’s Martial Emperor’s meteor hammer, he was also unleashing counterattacks at that Martial Emperor.

“Damn it,” Being suppressed repeatedly, that War Faction’s Martial Emperor started to gnash his teeth with bulging veins in anger.

No matter what, he was an actual rank two Martial Emperor. When using an Incomplete Imperial Armament, he was capable of unleashing its true might. As for that meteor hammer, it had accompanied him for many years. Fundamentally, he had reached a point of fusion with his weapon. Many Martial Emperors at his same cultivation had been defeated by that meteor hammer.

As for Chu Feng, while his cultivation was also that of a Martial Emperor right now, he had only obtained it through using a special method to increase his cultivation. He refused to acknowledge Chu Feng’s current cultivation as being real.

To him, Chu Feng was a fake Martial Emperor. Yet, this fake Martial Emperor had not only managed to suppress him in terms of fighting with fists and feet, he had actually also surpassed him when using Incomplete Imperial Armaments. As such, how could he possibly tolerate this?

However, the thing that made him feel the most helpless was that even though he was unable to tolerate being suppressed, there was nothing that he could do about it, as he was no match for Chu Feng. This was the truth that he could not change.

“Your hammer’s quite good. Unfortunately, you are unable to master it. Your usage of it is truly bad. It is simply a waste of a good weapon,” While Chu Feng was suppressing that War Faction’s Martial Emperor, he also spoke words to mock him.

“Chu Feng, you’re truly excessive!” The War Faction’s Martial Emperor was so enraged by Chu Feng that he felt as if his heart, liver, spleen and lungs were all about to explode. In anger, he suddenly shouted, and then a boundless power began to emit from within him.

Being forced into a corner, he had decided to strike back and not hide and dodge anymore. He had decided to meet force with force.

The powerful strength of the War Faction’s Martial Emperor did not come out of nowhere. Many fiery red veined patterns appeared on his body.

Those veined patterns were like magma. It was extremely blazing and dazzling to the eyes. Chu Feng noticed that blood was coming out of the fiery red veined patterns. Yes, that was actual blood.

“A self mutilation technique?” Chu Feng had discovered the secret to the increase of the War Faction’s Martial Emperor’s strength.

“Chu Feng, this is bad! He’s burning his bloodline! He is planning to use his own life to exchange for your life!” Yaojiao Tingyu shouted.

“Burning his bloodline? He is able to become more powerful after burning his bloodline?” Chu Feng asked.

“That’s right. He is burning an extremely high degree of his bloodline right now. After this attack of his, he will explode and he will definitely die. However, in exchange for that, he has obtained enormously powerful strength. His strength is now infinitely close to that of a rank three Martial Emperor,” Yaojiao Tingyu said.

“Since that’s the case, I’ll give him a chance,” Chu Feng smiled lightly. Then, he actually moved to the side, and no longer continued to attack the War Faction’s Martial Emperor.

“Chu Feng, what are you doing? Quickly, stop him!” Seeing that Chu Feng was no longer beating down on the War Faction’s

Martial Emperor and had instead moved to the side, both Yaojiao Tingyu and the Peace Faction's Martial Emperor were extremely frightened.

However, Chu Feng did not do as they said. Instead, he looked to the War Faction's Martial Emperor and said, "Go and accumulate your strength. After you're done, come and fight me again."

"Humph," The War Faction's Martial Emperor snorted coldly. He was being looked down upon. Chu Feng's action was most definitely looking down on him.

Even though he was extremely furious, he had to accept being looked down on. It was true, it required some time for him to unleash his next attack. If Chu Feng were to disturb him, he might not be able to unleash it. However, if Chu Feng were to look on without lifting a finger, he would definitely be able to unleash it.

Upon thinking of how Chu Feng would be met with a miserable death because of his arrogance and conceit, the War Faction's Martial Emperor felt that even if he were to suffer even more humiliation, it would all be worth it.

"Rumble, rumble, rumble~~~"

Suddenly, the War Faction's Martial Emperor spread open his arms. Then, a fiery gaseous substance began to flow out from the fiery cracks all over his body.

The speed of the fiery gaseous substance was extremely fast. In an instant, it formed a several hundred-meter-long enormous fiery monstrous dragon.

Although the monstrous dragon was formed with gaseous substance and semitransparent, it possessed a ferocious appearance, and was even more domineering than ordinary King Monstrous Dragon Beasts.

Most importantly, it contained an extremely powerful strength capable of destroying heaven and earth.

“Bang~~~”

Suddenly, a muffled explosion was heard. That War Faction’s Martial Emperor had exploded. However, after he exploded, his aura was still present. He was not dead. Instead, he had fused with that fiery red gaseous substance.

At this moment, he was that gaseous substance, and that gaseous substance was him. Furthermore, he was getting even bigger.

“Damn it, he actually mastered that technique,” Yaojiao Tingyu and the Peace Faction’s Martial Emperor both had dejected expressions on their faces.

The two of them both knew how frightening this move was. It was a taboo technique by the name of ‘Bloodline King Monstrous Dragon.’ This technique could only be unleashed by burning a King Monstrous Dragon Beast’s bloodline.

Burning one’s bloodline was equivalent to committing suicide. Thus, if any King Monstrous Dragon Beast was able to successfully unleash this technique, they would soon die.

However, without a doubt, the Bloodline King Monstrous Dragon was extremely powerful. It was a technique comparable to that of a Heaven Taboo Martial Skill.

“Haha, it seems that you all will not be able to recognize me anymore. However, it’s too late now. I have successfully unleashed this technique. All that you all can do now is wait for your deaths,” Seeing the dejected expressions on Yaojiao Tingyu and the Peace Faction’s Martial Emperor’s faces, the War Faction’s Martial Emperor revealed a smile that had not been seen for a long time. Merely, his smile was currently being shown on the fiery red gaseous monstrous dragon. Looking at it, he appeared to be extremely sinister-looking.

“Chu Feng, you will soon pay for your arrogance. I shall let you experience the might of a Heaven Taboo Martial Skill now,” The

War Faction's Martial Emperor turned his fierce gaze onto Chu Feng. At this moment, he had already turned into the Bloodline King Monstrous Dragon and obtained the strength to suppress Chu Feng.

“And here I was thinking about what sort of exceptionally amazing technique you would unleash with the price of your death. It turns out, after all this, it's only at this level. Heaven Taboo Martial Skill? Haha...” Chu Feng revealed a mocking smile.

“What are you laughing about?” Seeing that Chu Feng was still looking down on him even after he had turned into his current form, the War Faction's Martial Emperor became extremely angry.

“Woosh~~~”

Right at this moment, Chu Feng's eyes suddenly flashed with sharpness. Immediately afterwards, his black hair started to drift, and his gown started to flutter violently as a crimson gaseous substance was emitted from his body.

When the crimson gaseous substance appeared, it moved about extremely quickly. In no time, it covered this entire region. Not to mention Chu Feng, Yaojiao Tingyu and the Peace Faction's Martial Emperor, even the huge monster that the War Faction's Martial Emperor had turned into, that Bloodline King Monstrous Dragon, was also covered by the crimson gaseous substance.

At that moment, an extremely horrifying sound began to be heard from within the crimson gaseous substance.

No one could describe what sort of sound it was. It was as if that sound simply did not belong to this world.

Chapter 1830 – Slaughter With A Point Of One's Finger

“This... what is this?” At this moment, the War Faction's Martial Emperor was panicking. Although they were both red gaseous substances, the fiery red gaseous substance that formed the Bloodline King Monstrous Dragon had actually become an entire size smaller. Not only that, it was actually also trembling violently. It was as if it was afraid of the crimson gaseous substance that Chu Feng had emitted.

Furthermore, he himself was also able to sense how frightening the crimson gaseous substance that Chu Feng had emitted was.

The sensation he felt made it seem as if that crimson gaseous substance was simply not something of this world. Rather, it was a gaseous substance that had originated from the depths of the underworld. It was like a devil from the underworld that had been unleashed to exterminate all living things in the world. Thus, the killing intent being emitted by that crimson gaseous substance was simply incomparable.

Indeed, the crimson gaseous substance was much more frightening than the Bloodline King Monstrous Dragon that he had summoned.

Most importantly, at this moment, that crimson gaseous substance had completely surrounded him. Even if he wanted to escape, he was already unable to do so.

“Buzz~~~”

Suddenly, two enormous beams of light appeared on either side of Chu Feng.

“No!!!” Upon seeing those beams of light, the War Faction's Martial Emperor cried out in surprise. He was extremely terrified.

The reason for that was because those two enormous beams of

light were not merely composed of light. Rather, they were two enormous eyes. They were the eyes of that crimson gaseous substance.

Furthermore, when the eyes appeared, a crescent-shaped enormous crack appeared underneath the crimson gaseous substance. The crack began to distort back and forth. It was extremely frightening and sinister to look at.

It was only when that pair of eyes appeared that the War Faction's Martial Emperor noticed, upon looking at the crack again, that it was not simply a crack. Instead, it was an opened mouth. It was the mouth of that crimson gaseous substance.

That crimson gaseous substance was not only a gaseous substance. Rather, it possessed life. It did not resemble a devil. Rather, it was the devil itself.

"Today, I shall let you experience a true Heaven Taboo Martial Skill," Chu Feng said.

"Heaven Taboo Martial Skill?! This is a Heaven Taboo Martial Skill?!"

"How are you capable of unleashing such a Heaven Taboo Martial Skill?!" The War Faction's Martial Emperor let out an incomparably frightened voice and revealed a gaze of disbelief.

"Woosh~~~"

Right at this moment, Chu Feng suddenly raised his hand and pointed at the War Faction's Martial Emperor.

"Boom~~~"

A loud sound was heard. The Bloodline King Monstrous Dragon that the War Faction's Martial Emperor had turned into was destroyed instantly. He had been utterly killed.

Seeing this scene, Yaojiao Tingyu and the Peace Faction's Martial Emperor were unable to contain themselves from gulping down a

mouthful of saliva.

With merely a point of his finger, Chu Feng had eliminated the Bloodline King Monstrous Beast that the War Faction's Martial Emperor unleashed with the price of his life.

They knew that it was not that their King Monstrous Dragon Race's taboo technique, the Bloodline King Monstrous Dragon, was too weak. Rather, it was that Chu Feng's Heaven Taboo Martial Skill was too powerful.

"Is that really a Heaven Taboo Martial Skill?" Yaojiao Tingyu muttered in shock.

She had seen Heaven Taboo Martial Skills before. However, the one that Chu Feng had unleashed seemed to be even more frightening than the ones that she had seen.

"Indeed, it's a Heaven Taboo Martial Skill. Merely, although they're all Heaven Taboo Martial Skills, their strengths are dependent on their user. It could only be said that Chu Feng's mastery of martial skills is simply too powerful. Under the same level of cultivation, even if his opponents also possess Heaven Taboo Martial Skills, they will likely still be no match for him," the Peace Faction's Martial Emperor said.

"That guy, he is truly excessively powerful," Although Yaojiao Tingyu was saying it like that, the gaze that her beautiful eyes were looking at Chu Feng with were filled with adoration.

As fellow members of the younger generation, she was not envious of Chu Feng's talent. Rather, she felt pride because of Chu Feng, and viewed him as her idol.

"Buzz~~~"

Right at this moment, Chu Feng suddenly waved his sleeve. He casually sprinkled a spirit formation below him. The spirit formation actually turned into limbs and dispersed onto the ground. Then, Chu Feng leapt, and arrived beside Yaojiao Tingyu

and the Peace Faction's Martial Emperor.

After he landed, Chu Feng raised his hand and covered the three of them with a concealment formation.

"Chu Feng, what are you doing?" Yaojiao Tingyu asked in a very surprised manner.

Although what Chu Feng had formed with his spirit formation were mutilated body parts, Yaojiao Tingyu was able to recognize that the mutilated body parts were those of Chu Feng, the Peace Faction's Martial Emperor and herself.

"You'll know soon enough. Just patiently wait a bit," Chu Feng said in a deliberately mystifying manner.

After hearing what Chu Feng said, Yaojiao Tingyu and the Peace Faction's Martial Emperor became even more curious. Thus, they no longer asked questions, and turned their gazes to the scene of devastation that Chu Feng had set up.

The following moments were eerily silent. After an entire hour passed, a figure cautiously appeared.

After that figure appeared, Yaojiao Tingyu and the Peace Faction's Martial Emperor were both surprised. The reason for that was because the person that had appeared was Yaojiao Xueran.

Although Yaojiao Xueran's body possessed scars from being burned, he was not badly injured. Likely, the War Faction's Martial Emperor had protected him. Else, with his abilities, it would have been impossible for him to survive being besieged by a flock of Underworld Fire Bugs.

"Humph!!!"

Yaojiao Xueran was actually extremely cautious. It was only when he saw the mutilated body parts scattered all over the ground that he revealed a complacent smile. Then, he turned around and began to quickly leave the tomb.

“Chu Feng, why are you not killing him?” Yaojiao Tingyu asked.

“Why should we kill him?” Chu Feng asked.

“Isn’t this the best opportunity to eliminate Yaojiao Xueran? If he is to escape, we would not be able to eliminate him anymore,” Yaojiao Tingyu said.

“No. If we are to kill him now, we would have given them a chance to escape,” Chu Feng said.

“Chu Feng, what are you talking about? Why is it that I don’t understand?” Yaojiao Tingyu looked to Chu Feng with a confused expression. The Peace Faction’s Martial Emperor beside her had the same expression as her.

“While I can kill Yaojiao Xueran, how are we to report what had happened here to the elders? If we are to speak the truth, Yaojiao Ba will definitely refuse to admit it. In fact, he might even bite back at us.”

“Without any proof, even if the elders knew that something had happened, they would, for the sake of the King Monstrous Dragon Race, cover up this matter. Afterall, Yaojiao Xueran and the three Martial Emperors from the War Faction had all been killed. They would not wish for more lives to be sacrificed,” Chu Feng explained.

“Then, your intention is?” After hearing what Chu Feng said and thinking about it herself, Yaojiao Tingyu seemed to have realized something. Merely, she was not certain.

“Just wait to watch a show. Follow me,” Chu Feng smiled lightly. Then, he undid the concealment formation and removed the mutilated corpses on the ground. After finishing all his preparations, he then walked toward the direction in which Yaojiao Xueran had left.

Truth be told, Chu Feng was actually very tempted upon seeing the Incomplete Imperial Armament and the Cosmos Sack on the

floor. Merely, as they belonged to the King Monstrous Dragon Race, Chu Feng could not touch them.

.....

At this moment, outside of the Dragon King's Tomb, Yaojiao Guang, Yaojiao Ba, the elders of the King Monstrous Dragon Race and the top experts of the King Monstrous Dragon Race, as well as Baili Xuankong and Hong Qiang, were all present.

Other than Yaojiao Guang and the others that were using all their strength to continue to keep the entrance of the tomb open, the rest of the King Monstrous Dragon Beasts, Baili Xuankong and Hong Qiang were staring at the entrance of the tomb with fixed eyes. They were awaiting the return of Yaojiao Tingyu and the others.

“Woosh~~~”

Finally, a figure flew out from the entrance.

Seeing that someone had come out, the crowd were all in joy. However, the very next moment, their expressions all turned stiff, and revealed panic and worry.

The person that came out was Yaojiao Xueran. Merely, at this moment, not only was Yaojiao Xueran's face covered with tears, he was also wounded all over. After coming out, without saying anything, he kneeled before the elders with a ‘putt.’

With a weeping and shivering voice, Yaojiao Xueran said, “Lord Elders, Lord Father, Lord Clan Chief, the situation is extremely bad!”

“Xueran, what happened to you? What happened in there?” At this moment, the first to react was Yaojiao Xueran's father, Yaojiao Ba. Without worrying about anything else, he stood up and began to examine his son's body. It was only when he discovered that there were no fatal wounds that he heaved a sigh of relief.

“Xueyan, who caused you to be in such a state?” The four elders

asked.

“It’s Chu Feng. Chu Feng was trying to plunder Lord Dragon King’s inheritance. Not only did he kill Princess Tingyu, he also killed the seniors. If it wasn’t for the fact that the seniors protected me with their lives, even I would not have been able to return alive.”

“I was useless. I was incompetent. I was too weak. It was all because of the seniors protecting me that they ended up losing their lives,” Saying those words, Yaojiao Xueran appeared to be grieving even more.

Chapter 1831 – Frightening Brat

“Xueran, what did you say? Repeat what you just said,” One of the War Faction’s elders revealed an expression of disbelief.

“Lord Elder, Chu Feng has plundered Lord Dragon King’s Inheritance and killed Princess Tingyu, as well as the seniors. I only managed to escape alive because the seniors were protecting me with their lives,” Yaojiao Xueran said.

“What sort of nonsense are you talking about? Chu Feng is a mere rank seven Half Martial Emperor. How could he possibly kill them?” Not to mention the others, even the two elders from the War Faction did not believe Yaojiao Xueran. After all, not only were there three rank one Martial Emperors accompanying them, there was also a rank two Martial Emperor.

“Lord Elder, I am truly not deceiving you. Chu Feng had concealed his cultivation. His actual cultivation is that of a rank eight Half Martial Emperor. Furthermore, he learned some sort of ability that is actually capable of increasing his cultivation by two entire levels with the appearance of a lightning armor and a pair of lightning wings.”

“After his cultivation increased by two levels, he became a rank one Martial Emperor. Furthermore, he used an extremely despicable method to trigger the mechanisms within Lord Dragon King’s Tomb. As such, even the seniors were no match for him,” Yaojiao Xueran said.

“That bastard!!!!” Hearing those words, the expressions of the King Monstrous Dragon Beasts present all changed. Then, they turned their incomparably angry gazes to Baili Xuankong and Hong Qiang.

Yaojiao Xueran’s story was extremely vivid. As such, they did not feel that Yaojiao Xueran was lying, and believed his entire story.

“I knew that you humans could not be trusted. For Chu Feng to do such a thing, the two of you cannot escape responsibility. Both of you shall die,” Yaojiao Ba shouted angrily. As he spoke, he planned to attack and kill Baili Xuankong and Hong Qiang.

“Stop!” However, right at this moment, Yaojiao Guang suddenly stood before Baili Xuankong and Hong Qiang. He said, “This story might not necessarily be the truth. I feel that with little friend Chu Feng’s personal character, he is not someone who would do something like that.”

“Yaojiao Guang, get the hell out of the way. You were the one that brought that Chu Feng back here. As such, you also cannot escape responsibility for this matter!” Yaojiao Ba seemed to have lost his ability to reason. He did not stop, and instead stood right before Yaojiao Guang.

“What did you say? You said that I am also responsible? If what Xueran said is real, do you really think that I would collaborate with Chu Feng to murder my own daughter?” Yaojiao Guang was extremely enraged.

“For the sake of preserving your position as the Clan Chief, what do you not dare to do? The way I see it, you didn’t plan to kill your daughter. Instead, you were planning to kill Xueran. If Xueran is killed, no one will be able to snatch away the Clan Chief position from your Peace Faction. Yaojiao Guang, you are truly despicable!” Yaojiao Ba began to accuse Yaojiao Guang of being the main culprit.

After hearing those words, the gazes with which the King Monstrous Dragon Beasts looked to Yaojiao Guang also changed. They all knew that Yaojiao Guang was unwilling to hand over the position of the Clan Chief. In addition to that, Chu Feng had been invited over by him. Furthermore, even now, Yaojiao Guang was speaking on behalf of the humans. As such, they all began to doubt their Lord Clan Chief.

“Buzz~~~”

Right at this moment, a boundlessly powerful oppressive might appeared out of nowhere. It forcibly separated Yaojiao Guang and Yaojiao Ba.

“Someone has killed our clansmen, yet you two are actually fighting? What is this behavior?!” It turned out that it was an elder from the Peace Faction that had acted.

“Lord Elder, I do not believe that little friend Chu Feng would do such a thing. Lord Elder, please allow me to enter the tomb to investigate this matter,” Yaojiao Guang asked for permission.

“Yaojiao Guang, while the truth must be investigated, you cannot be the one to do so. Instead, Yaojiao Ba should be the one to investigate,” A War Faction’s elder said.

“Lord Elder, that absolutely must not be done. Yaojiao Ba detests humans enormously. Furthermore, he also bitterly hates Chu Feng. If he is to enter, even if what Yaojiao Xueran has said is not the truth, as long as he kills Chu Feng and the others, as long as there is no one left to defend themselves, the matter will be as they have described it,” Yaojiao Guang said.

“You’re implying that Xueran is lying, and that I am planning to murder to silence? Together with Xueran, we planned to wrongly accuse a human?”

“Yaojiao Guang, while you distrust me, I also distrust you. If you are to enter and save that Chu Feng, what do we do then?” Yaojiao Ba shouted angrily.

“Lord Elders, please reconsider this,” Yaojiao Guang no longer bothered to argue with Yaojiao Ba. Instead, he turned his gaze towards the elders.

“At this moment, between you and Yaojiao Ba, I trust Yaojiao Ba more,” A War Faction’s elder said.

“Lord Elder,” Seeing this, Yaojiao Guang turned his gaze toward

the Peace Faction's elders. As matters stood, he could only appeal for help from the Peace Faction's Elders. After all, they were from the same faction.

"Yaojiao Guang, it is true that Chu Feng was invited here by you. Furthermore, I also do not believe that Xueran would joke about something like this. In order to avoid arousing suspicion, it is better that you allow Yaojiao Ba to enter," A Peace Faction's elder said.

"You all..." At this moment, Yaojiao Guang had an extremely dejected expression. It was as if he had received an enormous shock. He truly did not expect that he, the grand Clan Chief of the King Monstrous Dragon Race, he who had protected the King Monstrous Dragon Race for eight thousand years, would have reached a state where no one was willing to trust him.

"Lord Elders, I'm afraid that Yaojiao Xueran and Yaojiao Ba are simply unworthy of your trust," Right at this moment, a voice suddenly sounded from the entrance of the tomb. Immediately afterward, three figures walked out from the tomb.

Upon seeing these three people, the King Monstrous Dragon Beasts were all startled. The reason for that was because it was not only Chu Feng that walked out, Yaojiao Tingyu and the Peace Faction's Martial Emperor that Yaojiao Xueran had said were killed by Chu Feng were also there.

"Xueran, what is the meaning of this?" Upon seeing Chu Feng and the others, the Peace Faction's elders immediately glared at him imposingly. They looked to Yaojiao Xueran with angry gazes.

"Elders, I... this...." Upon seeing Chu Feng, Yaojiao Tingyu and the Peace Faction's Martial Emperor, the one that was the most shocked was none other than Yaojiao Xueran. At this moment, he had become speechless from shock.

He thought in his heart, 'Didn't Chu Feng, Tingyu and that elder die? Didn't they die together with that senior? The devastated

battleground was not fake. Why would they still be alive?’

“It’s better to allow me to explain what happened,” Chu Feng smiled lightly. Then, he began to narrate, “Yaojiao Ba did not wish for Yaojiao Tingyu to obtain Lord Dragon King’s inheritance, since it would cause his son to lose the opportunity to become the Clan Chief. Thus, he ordered his three subordinates, as well as his son, to assassinate us after entering the tomb.”

“Merely, even though they used all sorts of despicable tricks, all of them still ended up failing. However, this fool Yaojiao Xueran thought that they had succeeded, and immediately ran out to inform you all of this matter. He wanted you all to eliminate my two seniors, and also ruin senior Yaojiao Guang’s reputation. Like this, he would have the confidence to firmly sit as the Clan Chief.”

“Merely, if scum like him is to truly become the King Monstrous Dragon Race’s Clan Chief, I fear that it would be the misfortune of the King Monstrous Dragon Race,” Chu Feng said.

“Chu Feng, don’t you make malicious accusations,” Yaojiao Ba shouted angrily. He took out his Incomplete Imperial Armament and slashed it at Chu Feng. He was planning to silence Chu Feng.

“Buzz~~~”

However, before that slash of his could even land, it was stopped by a very powerful strength. It was an elder. Merely, it was not an elder from the Peace Faction. Instead, it was a War Faction’s elder.

“If you dare to attack again, I will cripple you,” The War Faction’s elder took an extremely fierce glance at Yaojiao Ba.

“Elder, I...” Yaojiao Ba wanted to say something. However, he didn’t know what to say. Although the War Faction’s elders were always supportive of him, they would absolutely not allow something like killing a fellow clansman. At this moment, Yaojiao Ba was at a loss as to what to do.

He did not know why the situation would become like that.

He had clearly planned meticulously. There shouldn't be a reason that a mere Chu Feng and Yaojiao Tingyu could not be eliminated.

Upon thinking of those things, he involuntarily looked to Chu Feng, and discovered that Chu Feng was also looking at him. At this time, Chu Feng had a gaze filled with contempt. It was as if he was going to destroy him for certain.

If it was before, Yaojiao Ba would find this to be ridiculous. He would laugh at the fact that a mere human brat actually dared to look at him with such a gaze.

However, at that moment, he had been forced into a corner. Not to mention that he did not have the opportunity to explain, even if he tried to explain, he would not be able to explain. All of this was because of Chu Feng.

Thinking about all of those things, Yaojiao Ba's heart thumped. As matters stood, he finally realized that this unremarkable human brat was actually very terrifying.

Chapter 1832 – The King Monstrous Dragon Race’s Benefactor

“I do not trust what that Chu Feng said. Tingyu, you tell me what happened,” The War Faction’s elder that had blocked Yaojiao Bao’s attack looked to Yaojiao Tingyu.

“Lord Elder, everything that Chu Feng said is true. Yaojiao Xueran first lured us to a certain location in the tomb that possessed a mechanism and unleashed bugs that were capable of emitting flames. He wanted to use those bugs to kill us.”

“Fortunately, Chu Feng had prepared, and placed Insect Avoidance Talismans on us. It is only because of that that we managed to escape.”

“However, they were unwilling to let the matter go. After I obtained the Lord Dragon King’s inheritance from the Inheritance Pond, they came again to attempt to kill us.”

“It was also because of Chu Feng protecting us with his life that we were able to survive. Else, even though I obtained Lord Dragon King’s inheritance, Lord Elders would not have been able to see it,” Yaojiao Tingyu said.

“Tingyu, what did you just say? You’re saying that you’ve obtained Lord Dragon King’s inheritance?” The Four Elders asked simultaneously. It was not only them, the other King Monstrous Dragon Beasts also turned their gazes onto Yaojiao Tingyu. The reason for that was because this matter was simply too important to them.

“Lord Elders, Tingyu has already obtained Lord Dragon King’s inheritance. It was all thanks to Chu Feng. I only managed to obtain Lord Dragon King’s inheritance with Chu Feng’s assistance,” Yaojiao Tingyu nodded her head while smiling beamingly. After she finished saying those words, she even took a

meaningful glance at Chu Feng.

“Woosh~~~”

Right at this moment, Chu Feng waved his sleeve, and an invisible spirit formation was removed from Yaojiao Tingyu's body. At this moment, Yaojiao Tingyu's aura was revealed before the crowd.

Everyone was able to sense that Yaojiao Tingyu's current aura was no longer that of a rank five Half Martial Emperor. Instead, she had become a rank eight Half Martial Emperor.

“Succeeded! Tingyu really managed to succeed!” Yaojiao Guang was overjoyed. He leapt forward, arrived before Yaojiao Tingyu and embraced her. He was extremely happy.

In fact, it was not only her. Practically all of the King Monstrous Dragon Beasts present were unable to conceal their happiness, and were smiling joyfully. This was especially true for the four elders. At this moment, even their aged bodies were trembling. They were truly overjoyed.

Lord Dragon King was an era's overlord, the pride of their King Monstrous Dragon Race. And now, his strength had managed to be passed on. As such, how could they, the people from the King Monstrous Dragon Race, not be overjoyed?

“Yaojiao Ba, Yaojiao Xueran, what else do you have to say?” A Peace Faction's elder looked to Yaojiao Ba and Yaojiao Xueran with an incomparably angry expression. His gaze was filled with killing intent.

In fact, it was not limited to him. At this moment, all of the King Monstrous Dragon Beasts present were looking at Yaojiao Ba and Yaojiao Xueran with deep hatred in their gazes.

Yaojiao Tingyu had managed to obtain the Lord Dragon King's inheritance. Thus, they firmly believed what she had said. Furthermore, what Yaojiao Xueran had said before had been

discredited now. Thus, they were practically certain that Yaojiao Ba and Yaojiao Xueran really had been trying to kill Yaojiao Tingyu.

This father and son were extremely treacherous. They were scum that dared to harm their fellow clansmen!!!

Furthermore, Yaojiao Tingyu had already managed to obtain Lord Dragon King's inheritance. If she were to actually be murdered by them, the loss to their King Monstrous Dragon Race would be enormous. Thus, the crowd was even more furious. They were so angry that they began to gnash their teeth.

"Lord Elders, please allow me to explain, please allow me to explain," Yaojiao Ba was still trying to explain.

"There's no need for your explanation. If my guess is correct, you should have had Yaojiao Xueran bring Tingyu and the others to the location with the mechanism that triggers the Underworld Fire Bugs."

"I am the one who told you about that place. Other than you, no one else knows about it. However, never did I think at the time that you would have them go there, and even try to use the mechanism there to kill Yaojiao Tingyu, the future hope of our King Monstrous Dragon Race."

"Yaojiao Ba, you have truly disappointed me. As our King Monstrous Dragon Race have a rule that we cannot kill one another, I have no choice but to leave you your dog life. However, while you can escape death, you cannot escape punishment. I must remove your cultivation."

As that War Faction's elder spoke, he raised his hand and made a grabbing motion. Then, two claws formed with spirit power shot forth. They penetrated into Yaojiao Ba and Yaojiao Xueran's dantians.

"Ahhh!!!!!!!!!!" Yaojiao Ba and Yaojiao Xueran both unleashed

incomparably miserable screams.

“Put the traitors Yaojiao Ba and Yaojiao Xueran into the Poisonous Insect Underground Prison. They shall suffer being devoured by poisonous insect for the rest of their lives until the day they die,” That War Faction’s elder said.

“Yes, Milord,” Several King Monstrous Dragon Beasts immediately stepped forward and dragged Yaojiao Ba and Yaojiao Xueran away.

“Chu Feng, I won’t forgive you! I won’t forgive you! Even if I, Yaojiao Xueran, am to turn into a ghost, I will still not forgive you!!” Yaojiao Xueran shouted hysterically.

The way he saw it, he should be the future Clan Chief of the King Monstrous Dragon Race. However, all because of Chu Feng’s arrival, not only did he lose his opportunity to become the Clan Chief, his cultivation was instead crippled, and he was going to be imprisoned in the Poisonous Insect Underworld Prison. All of this was due to Chu Feng. As such, he hated Chu Feng to his bones.

“Shut up!”

However, before Yaojiao Xueran could finish cursing out at Chu Feng, the King Monstrous Dragon Beast that was dragging him away stepped down on his face with his foot and smashed his mouth. He was extremely brutal and ruthless.

Seeing this scene, Chu Feng smiled lightly. The change in attitude of the people from the King Monstrous Dragon Race was truly fast. However, that was understandable too. After all, Yaojiao Xueran had broken an extreme taboo.

That being said, Chu Feng’s impression of the War Faction’s elders had also changed.

Although they had been making things difficult for Yaojiao Guang, and had been supporting Yaojiao Ba, when the matter concerned their King Monstrous Dragon Race’s future, they were

able to stand on the correct side without any hesitation. They did not show any mercy toward the traitors of their King Monstrous Dragon Race.

“Little friend Chu Feng, I truly do not know how to thank you. You are truly the great benefactor to our King Monstrous Dragon Race,” The two Peace Faction’s elders walked over to Chu Feng and looked to him with grateful expressions on their faces.

Especially that elder that had saved Chu Feng on the Gong Ba Plains. At this moment, there was a special sort of emotion in his gaze.

Back then, he had been hesitant to accept Yaojiao Guang’s request to save Chu Feng and bring him here. The reason why he had been hesitant was because he had not believed that Chu Feng would be able to help Yaojiao Tingyu, and thus he had not wished to take the risk of saving Chu Feng.

However, in the end, he had chosen to accept Yaojiao Guang’s request. At this moment, when he thought back upon it, he was extremely glad to have made that decision. Else, Yaojiao Tingyu would not have obtained their Lord Dragon King’s inheritance.

“Woosh~~~”

At this time, other than the elders and Yaojiao Guang, all of the rest of the King Monstrous Dragon Beasts actually half kneeled before Chu Feng in a uniform manner.

“Thank you, little friend Chu Feng, for your enormous grace and kindness!” The thankful voices from the King Monstrous Dragon Beasts sounded like an ear-piercing thunder that shot straight into the sky.

“Elders, seniors, you all are being too courteous. Not only have you all saved me, I am also friends with Princess Tingyu. As long as I am capable, it is only something that I should do,” Chu Feng said.

“Little friend Chu Feng, while what you said is true, you must

know that Tingyu obtaining the Lord Dragon King's inheritance is extremely important to our King Monstrous Dragon Race. This kindness you've shown us is something that we are unable to repay. As such, we shall protect little friend Chu Feng with the strength of our King Monstrous Dragon Race."

"Warriors of our King Monstrous Dragon Race, listen carefully. Little friend Chu Feng shall be a permanent distinguished guest of our King Monstrous Dragon Race. No one is allowed to transmit news of him outside. If anyone is to spread news of little friend Chu Feng, they shall be killed," the War Faction's elder shouted. He was planning to have Chu Feng stay here, and protect Chu Feng with the strength of their King Monstrous Dragon Race.

"Yes, Milord!!!" The King Monstrous Dragon Beasts voiced in unison. They all agreed with that War Faction's elder.

Faced with this sort of situation, Chu Feng was momentarily at a loss. He had truly never expected the King Monstrous Dragon Beasts to have such an ardent reaction.

Chapter 1833 – You Shouldn't Deceive Me

“Chu Feng, you have truly brought me one pleasant surprise after another,” At this moment, Baili Xuankong was looking at Chu Feng with smiles all over his face.

Seeing the excited appearance of the King Monstrous Dragon Beasts, he had realized that the King Monstrous Dragon Beasts were truly considering Chu Feng to be their great benefactor. In the future, there would no longer be any King Monstrous Dragon Beast who would dare to make things difficult for Chu Feng.

Not only that, even at the time when the Four Great Imperial Clans were sparing no effort to kill Chu Feng, the King Monstrous Dragon Beasts, this enormous power, was willing to protect Chu Feng. This was truly a matter worthy of great joy.

Afterward, the King Monstrous Dragon Beasts held a grand feast at their largest plaza. On the one hand, they were announcing to the rest of their clansmen that Yaojiao Tingyu had managed to obtain their Lord Dragon King's inheritance so that they could celebrate together.

On the other hand, they were gathering all the people from their race to thank Chu Feng. They were having all of the King Monstrous Dragon Beasts remember what Chu Feng, their great benefactor, looked like.

This feast continued for a total of three days and three nights. However, even then, it was still going on. After inquiring about it, Chu Feng found out that they were planning to continue the feast for a total of at least ten days and ten nights before concluding the feast.

Even though the King Monstrous Dragon Beasts wanted Chu Feng to stay in their city for an extended period of time, Chu Feng did not wish to continue to stay.

Firstly, Chu Feng did not wish to implicate the King Monstrous Dragon Beasts. After all, the walls had ears.

As there were scum like Yaojiao Ba and Yaojiao Xueran among the King Monstrous Dragon Beasts, there would definitely be other scum like them.

Even though the majority of the King Monstrous Dragon Beasts saw Chu Feng as their great benefactor and felt extremely grateful toward him, Chu Feng felt that it was certain that a portion of the War Faction's King Monstrous Dragon Beasts viewed him as their enemy.

After all, Yaojiao Ba had been in power in the King Monstrous Dragon Race for so long. He would definitely have people extremely loyal to him. If those who were extremely loyal to Yaojiao Ba were to spread news of Chu Feng being among the King Monstrous Dragon Race, the King Monstrous Dragon Race would likely not be able to withstand a joint effort of suppression from the Four Great Imperial Clans.

At that time, it would not only be Chu Feng who would suffer. Instead, he would have implicated the entire King Monstrous Dragon Race. The gains at that time would truly not make up for the losses. Chu Feng would also not be able to shoulder the responsibility.

Thus, Chu Feng found Yaojiao Guang and Yaojiao Tingyu. He had something that he needed to tell them.

.....

At this moment Chu Feng, Hong Qiang, Baili Xuankong, Yaojiao Tingyu and Yaojiao Guang arrived at a quiet side palace.

“Yoh, Tingyu, you’ve become a rank nine Half Martial Emperor already. The Beast Emperor’s power is truly enormous,” Chu Feng felt slightly envious of Yaojiao Tingyu upon seeing her current cultivation of rank nine Half Martial Emperor.

“Lord Dragon King’s power is indeed extremely strong. I am not boasting here. After inheriting this power, I am confident that I will be able to reach the Martial Emperor realm within a year’s time,” Yaojiao Tingyu said joyously.

Her current reaction was understandable. After all, she was only a rank five Half Martial Emperor three days ago. Yet, she was already a rank nine Half Martial Emperor now. Furthermore, her aura was still increasing in strength. With this sort of change, how could she not be joyous? Not to mention her, if anyone else were to obtain this power, they too would be in great joy.

“Tingyu, you are being too modest. There is simply no need for a year. In at the very most three months, and at the minimum half a month, you will become a rank one Martial Emperor,” Chu Feng said.

“That fast?” Hearing those words, Yaojiao Tingyu revealed an ecstatic expression. She was so happy that she directly stood up. After all the things that had happened, she deeply believed in anything that Chu Feng said.

“I wouldn’t deceive you. No matter what, I am a Dragon Mark Royal-cloak World Spiritist,” Chu Feng said with a beaming smile.

“Dragon Mark Royal-cloak World Spiritist? Little friend Chu Feng, you said you’re a Dragon Mark Royal-cloak World Spiritist?” Hearing those words, Yaojiao Guang was immediately startled.

“Chu Feng, so you’ve not only broken through to rank eight Half Martial Emperor, you’ve also become a Dragon Mark Royal-cloak World Spiritist?” Baili Xuankong and Hong Qiang were both looking at Chu Feng with overjoyed expressions.

They all knew that Chu Feng had become a rank eight Half Martial Emperor. After all, Chu Feng’s aura was right in front of them. However, if Chu Feng didn’t reveal his world spirit technique, they would not be able to see what level he was at. Thus, none of them had known that Chu Feng had become a

Dragon Mark Royal-cloak World Spiritist.

“Actually, it’s all thanks to Lord Beast Emperor that I was able to break through to rank eight Half Martial Emperor and become a Dragon Mark Royal-cloak World Spiritist. It was all because of Lord Beast Emperor’s power left in the Inheritance Pond,” Chu Feng said.

“Great, great, great! This is truly an extremely good thing to have happened. Everyone knows that you have killed White-browed Immortal. This led to there being one less Dragon Mark Royal-cloak World Spiritist in the Holy Land of Martialism. Because of that, many people were speaking maliciously of you.”

“However, if you are to let the people of the Holy Land of Martialism know that you’ve also become a Dragon Mark Royal-cloak World Spiritist, and the youngest one to have ever done so in history, I wonder what those who speak ill of you would think,” Yaojiao Guang felt extremely happy for Chu Feng.

“Boy, why didn’t you inform us of such an enormously happy occasion sooner?” Baili Xuankong said in a slightly complaining manner. He was feeling joyous for Chu Feng from the bottom of his heart. After all, Chu Feng was his hope, his pride.

That was also the reason why he was complaining. He blamed Chu Feng for not telling him of this matter sooner so that they couldn’t be happy about this sooner.

“Ancestor, don’t you know about it now?” Chu Feng laughed mischievously.

“Actually, Lord Beast Emperor not only helped me with these. He also left behind some items. These items are extremely important. As such, Chu Feng does not dare to accept them.”

“However, as these items are truly too important, I do not dare to reveal them publicly. That is why, after considering it, I have decided that they should be handed to the current Clan Chief of the

King Monstrous Dragon Race,” Chu Feng handed the Stellar Key and the stone title plate to Yaojiao Guang.

Yaojiao Guang did not accept them. Instead, he asked, “Little friend Chu Feng, what are these?”

“They were left behind by Lord Beast Emperor. They are treasures to open the Moonlight Maze. I think that the treasures Lord Beast Emperor obtained throughout his lifetime must be hidden in the Moonlight Maze,” Chu Feng said.

“Ah? This!!!”

Hearing those words, the expressions of Yaojiao Guang, Yaojiao Tingyu and even Baili Xuankong and Hong Qiang changed enormously. After a moment of shock, they grew silent. They were all silently staring at the key and title plate in Chu Feng’s hand. It was unknown what they were thinking about right now.

After a long while, Yaojiao Guang asked, “Little friend Chu Feng, why would they be in your possession?”

“Truth be told, when Tingyu was receiving the inheritance, Chu Feng entered an illusionary world. I met Lord Beast Emperor there. It was he who handed those things to me,” Chu Feng said.

“Chu Feng, was that illusionary world filled with whist mist, and did it have eight enormous sculptures?” Yaojiao Guang asked.

“Mn,” Chu Feng nodded.

“So that was what happened. This is Heaven’s Will, it is simply Heaven’s Will,” After hearing Chu Feng’s confirmation, Yaojiao Guang smiled a relieved smile. It was as if an enormous burden that had just landed on him was cast away.

“Little friend Chu Feng, you shouldn’t deceive me,” Yaojiao Guang said.

“Senior, Chu Feng has not deceived you,” Chu Feng was startled. Baili Xuankong and Hong Qiang were also startled.

“Haha, you’re still saying that you didn’t deceive me?” Yaojiao Guang laughed. Then, he said, “Lord Dragon King in that illusionary world must have said that he was planning to pass his treasures on to you. Why did you not tell me that? Why are you instead returning these treasures to me?”

Hearing those words, Chu Feng, Baili Xuankong and Hong Qiang all heaved a sigh of relief. It turned out this was what Yaojiao Guang had meant when he said deceive.

Chapter 1834 – Concerning The World's Hidden Valley

“Senior, while Lord Beast Emperor indeed mentioned passing down his inheritance, and while he had also said that I was qualified, he did not say that I was to be the one to inherit these treasures.”

“Furthermore, these are Lord Beast Emperor's treasures. As such, they belong to the King Monstrous Dragon Race. Even if he were to pass them to me, I absolutely cannot accept them,” Chu Feng explained.

“Little friend Chu Feng, our King Monstrous Dragon Race has always had a legend. If someone is able to enter the illusionary world, it means that that person obtained Lord Dragon King's acknowledgement. In turn, that person would be qualified to obtain Lord Dragon King's treasures.”

“Originally, we had always thought this to be a legend. After all, even after all these years have passed, there has never been anyone among us who was capable of entering that illusionary world.”

“No, that's incorrect. We have entered it. Merely, it was in our dreams. As it was in our dreams, it could not be considered to be real.”

“However, you are different. You actually entered it. Furthermore, when you woke up, you obtained these items. You truly entered that illusionary world. As such, you are the one that Lord Dragon King wanted to pass on his treasures to,” Yaojiao Guang said.

“But...” Chu Feng wanted to refuse.

“Little friend Chu Feng, let me finish,” Yaojiao Guang refused to give Chu Feng the chance to speak. He continued, “Little friend Chu Feng, think about it. Why would Lord Dragon King not

directly pass on his inheritance to our King Monstrous Dragon Race? Why did he separate his treasures and his power? Furthermore, it was not that we could obtain his inheritance just because we knew about it.”

“Lord Dragon King most definitely had his own way of thinking. As the saying goes, the greater one’s ability, the greater one’s responsibility. If one does not possess sufficient ability, but was shouldered with an excessively important responsibility, very few people would actually be able to carry on that burden. If they were to forcibly do so, the outcome would generally be extremely bad.”

“Tingyu was only able to obtain Lord Dragon King’s inheritance by borrowing your strength. We have already gone against Lord Dragon King’s wishes.”

“As for Lord Dragon King’s treasures, his great self has already stated that he will pass them onto you. If you are to still refuse them, you will have placed us in an extremely unrighteous and disloyal state. In the future when we die and reach the underworld, how could the two of us, father and daughter, possibly face Lord Dragon King?” Yaojiao Guang said.

“.....” Chu Feng didn’t know how to respond to this.

Yaojiao Tingyu stepped forward and urged, “Chu Feng, just accept them. Although your talent is extremely exceptional, the people who are jealous of your talent and want to harm you are too numerous. Lord Dragon King’s treasure deposit most likely contains countless treasures, as well as Imperial Armaments. They will definitely be able to help you grow stronger sooner.”

“When you become the overlord in the future, you merely need to come and help our King Monstrous Dragon Race more frequently. Wouldn’t this solve the problem? Why make such a clear-cut distinction now?”

“Chu Feng, Lord Clan Chief and Princess Tingyu have already said it like this. You should stop making things difficult for them

and accept those items,” Baili Xuankong naturally wished for Chu Feng to be able to obtain the treasures.

“That’s true, that’s true. What Senior Baili said is very correct,” Hong Qiang echoed in agreement.

“Very well, since seniors have all said it like this, then I, Chu Feng, shall no longer decline,” Chu Feng put the Stellar Key and stone title plate away.

Although he found it somewhat difficult to do so, he was extremely excited deep in his heart. How could he not wish to obtain the treasures of the Beast Emperor? He merely did not dare to seize them for himself because of his camaraderie toward his friends. But as Yaojiao Guang and Yaojiao Tingyu had already said it like that, Chu Feng no longer had any preoccupation as to whether to accept them or not. Thus, he openly accepted them.

“Little friend Chu Feng, the Moonlight Maze is the second ranked among the Holy Land of Martialism’s Three Great Forbidden Areas. Over the years, the various powers have tried to seize control of the Moonlight Maze many times. However, they have never succeeded.”

“Although you possess the key and title plate left behind by Lord Dragon King, you must not charge rashly into the Moonlight Maze if you do not have a sufficient amount of strength. That place... is truly extremely dangerous. It can be said that dangers lurk everywhere in there,” Yaojiao Guang warned.

“Thank you, senior, for your warning. This junior will definitely keep that in mind,” Chu Feng said.

“Senior, thank you for the magnificent hospitality and great kindness you’ve shown me over the past few days. Unfortunately, Chu Feng is afraid that he cannot stay here for long. I wish to bid my farewells today. Senior, I hope that you will allow me to leave.”

“What? Chu Feng, you’re planning to leave?” Chu Feng’s words

shocked both Yaojiao Guang and Yaojiao Tingyu. Neither of them wished for Chu Feng to leave.

Afterwards, Chu Feng explained about a lot of things and gave a lot of reasons as to why he had to leave. Even though Yaojiao Guang and Yaojiao Tingyu put forth all their effort to keep Chu Feng with them, in the end, they did not wish to go against Chu Feng's desires. As such, they could only reluctantly agree to him leaving.

"Little friend Chu Feng, with how the Four Great Imperial Clans are trying to catch you right now, where are you planning to go to?" Yaojiao Guang asked.

"Senior, you should know of the World's Hidden Valley, right?" Chu Feng asked. That place was Jiang Wushang's current location.

"World's Hidden Valley," Hearing those three words, Yaojiao Guan's expression immediately changed.

"Senior, what's wrong?" Chu Feng sensed that something was amiss.

"World's Hidden Valley, World's Hidden Valley, how could I possibly not know of it? That place is a pain to our King Monstrous Dragon Race," Yaojiao Guang said.

Hearing those words, Chu Feng and the others all realized that there should be some sort of story associated with the World's Hidden Valley. Thus, they did not interrupt Yaojiao Guang and instead looked to him.

"Forget about it, there are no strangers here. I'll tell you all about it."

"The World's Hidden Valley is located within our King Monstrous Dragon Race's territory. Our King Monstrous Dragon Race has never been one to allow others to pass through our territory as they wished."

"However, many years ago, an old man suddenly charged into

our territory. Not only that, he also occupied the World's Hidden Valley and declared that the World's Hidden Valley would be his from that day on, and that we, the King Monstrous Dragon Race, were not allowed to disturb him."

"How could our King Monstrous Dragon Race possibly tolerate something like that? Thus, we sent people to drive him out. However, to our surprise, regardless of how powerful the people we dispatched were or how numerous the amount of people we dispatched was, they were all driven back by that old man."

"After realizing that our opponent was not simple, I personally lead our King Monstrous Dragon Race's army to suppress that old man. However, even with that, we were no match for him."

"At that time, I realized that that old man's strength greatly surpassed my own. Thus, I requested the help of the elders. Unfortunately, even the elders were no match for that old man," After reaching this point in his story, Yaojiao Guang started to smile bitterly. Pain and agony filled his smile.

"Exactly who is that old man for him to be that powerful?" Chu Feng asked.

"Who? He's someone with an enormous origin. Chu Feng, how am I to explain this to you? There are countless hidden experts in the Holy Land of Martialism. However, I feel like the strongest among them is that old man," Yaojiao Guang said.

"The strongest hidden expert?" The expressions of Chu Feng and the others all changed. However, upon thinking about it, it was reasonable. After all, even the entire King Monstrous Dragon Race was incapable of doing anything to him. That was sufficient to show how strong he was.

"Senior, exactly who is that old man?" Chu Feng asked.

"I am uncertain as to who he is. However, I know that an old friend of mine sought refuge under him and became his lacky.

That truly came as an enormous shock to me,” Yaojiao Guang said.

“Your old friend is?” Chu Feng asked.

“[Yin Gongfu](#),” Yaojiao Guang said.

“Yin Gongfu? Is he that Yin Gongfu whose original name was Ximen Gongfu?” Hong Qiang hurriedly asked.

“Precisely. You know of him?” Yaojiao Guang asked.

“Of course I do. He is my idol, the person who saved my life,” Hong Qiang said in an extremely excited manner.

Yin → Hidden. Gongfu → laborer/effort. It is the same word as Kung Fu. Technically, Kung Fu does not mean martial arts...

Chapter 1835 – Increasing The Bounty

“Senior Hong Qiang, exactly who is that Yin Gongfu?” Chu Feng asked. He wished to know who the person who had saved Hong Qiang was.

“Yin Gongfu used to be someone from the Ximen Imperial Clan. Back then, the position of the Ximen Imperial Clan’s Clan Chief should have been passed on to him.”

“However, for some unknown reason, not only did he not take up the position of the Clan Chief, he even broken off all relations with the Ximen Imperial Clan. Furthermore, he changed his surname and took on the new name of Yin Gongfu.”

“Yin Gongfu was extremely powerful. His strength was most likely not inferior to that of the Four Great Imperial Clans’ Clan Chiefs. When I was younger, he saved my life once. I had always wanted to personally thank him for that.”

“Merely, he disappeared for many years, and no one was able to find any news regarding him.”

“There were people who said that he had been assassinated by the Ximen Imperial Clan. At that time, I had felt it to be an enormous pity that he had died. After all, Yin Gongfu was rumored to be an extremely heroic and passionate person who possessed a spirit of loyalty and self-sacrifice. Who would’ve thought that he didn’t die, and instead came to that place,” Hong Qiang was extremely excited.

“Of course he’s alive. He disappeared for many years because he came to the World’s Hidden Valley to seek refuge under that old man. Currently, he is working for that old man and handling matters across the World’s Hidden Valley,” Yaojiao Guang said.

“So that’s what happened. Exactly what sort of place is that World’s Hidden Valley?” Hong Qiang asked.

“Inside the World’s Hidden Valley is a mine. Merely, we thought of it as a waste mine that did not have any value.”

“However, that old man has gathered a group of people, and has been having them mine ores from that mine all day long.”

“Oh, that’s right. Little friend Chu Feng, why are you planning to go there?” Yaojiao Guang asked.

“A close friend of mine is currently training there. Thus, I wish to go there and see him,” Chu Feng said.

“So that’s the case. Although it is our disgrace that the World’s Hidden Valley has been snatched from us, fortunately, that old man only seized control of that place, and he has never caused any disturbances. Furthermore, even though we have tried to suppress him many times, he has not injured a single person from our King Monstrous Dragon Race. Furthermore, as Yin Gongfu has sought refuge under him and pleaded to me many times, as time passed, our King Monstrous Dragon Race became accepting of the World’s Hidden Valley being occupied by that old man, and was no longer hostile toward him or the World’s Hidden Valley.”

“Little friend Chu Feng, if you wish to go there, I am able to send you there. Although Yin Gongfu was unwilling to mention anything about that old man to me, it remains that he is my old friend. If you are to go there, he should receive you as a distinguished guest,” Yaojiao Guang said.

“In that case, senior, I will trouble you then,” Hearing what Yaojiao Guang said, Chu Feng had realized that the World’s Hidden Valley was not an ordinary place.

If he were to go by himself, he would only be able to bring up Zhang Tianyi’s father’s name and not provide any proof. Likely, the people from the World’s Hidden Valley would not believe him. However, if Yaojiao Guang were to personally go there to introduce and recommend him, he should not have any problems.

Afterward, after a series of farewells, Chu Feng was publicly and ceremoniously sent off by the King Monstrous Dragon Race.

As for the reason why he was leaving publicly, it was because Chu Feng wished to have all of the King Monstrous Dragon Beasts know that he, Chu Feng, was leaving their King Monstrous Dragon Race. He was trying to have those that were going to inform the Four Clans of his whereabouts give up on that idea.

After leaving, Chu Feng, Hong Qiang and Baili Xuankong were led by Yaojiao Guang and proceeded toward the World's Hidden Valley.

“Woosh~~~”

Suddenly, a flash of light flew past. Its speed was so fast that it passed through the distant horizon in a blink of an eye and arrived before Baili Xuankong.

Upon closer inspection, they discovered that it was a little bird, a little golden bird. Its size was only that of half a palm. Its entire body was golden in color. It was extremely pretty. Especially its forehead, which was flickering with a special sort of radiance. There were actually words flowing through the light. Although one could not see those words clearly, it was sufficient to let them know that this was some sort of message.

“A Golden Flash Bird, is it for you?” Yaojiao Guang looked to Baili Xuankong in a slightly surprised manner.

It was not only him, even Chu Feng was surprised. Chu Feng had also heard of the Golden Flash Birds before. They were a sort of miraculous bird used to transmit messages. They were so fast that even Martial Emperors could not keep up with them.

However, a Golden Flash Bird was only capable of remembering a single person's aura. In other words, after someone left their aura in a Golden Flash Bird, regardless of where that person might be, the Golden Flash Bird would be able to find them.

However, after the Golden Flash Bird reached that person, it would forget about that person's aura. Furthermore, it would no longer be able to remember another person's aura in its entire life.

In other words, Golden Flash Birds could only be used to transmit a message once. After that, they would regain their freedom.

This led to Golden Flash Birds growing rarer and rarer. As matters stood, they were on the brink of extinction. Very rarely would one encounter a Golden Flash Bird. That was the reason why Yaojiao Guang reacted with such astonishment.

"Indeed, it's for me," As Baili Xuankong spoke, he placed his finger on that Golden Flash Bird's head.

"Buzz~~~"

The light that was being emitted from the head of the Golden Flash Bird disappeared. It had entered Baili Xuankong. After that light disappeared, the Golden Flash Bird shone with light, and then began to fly into the distance.

"You're not going to escape," Seeing that Golden Flash Bird flying away, Yaojiao Guang actually waved his sleeve and let out a layer of martial power that surged forward to stop the Golden Flash Bird.

Unfortunately, the speed of the Golden Flash Bird was simply too fast. It only flickered with light for a moment before disappearing altogether. No one knew where it had gone to.

"It's actually that fast. It is truly miraculous. Likely, even if the Five Emperors were alive, they would not be able to capture that bird," Yaojiao Guang shook his head with a smile. After failing to capture the bird, he was aware of how amazing the Golden Flash Bird was.

"Indeed, it's extremely amazing. Unfortunately, we most likely will not be able to see such a miraculous bird again," Hong Qiang nodded in a manner that showed that he agreed.

“Ancestor, did something happen? Who was the one who sent that Golden Flash Bird?” Chu Feng asked Baili Xuankong.

“It’s merely a trivial matter,” Baili Xuankong shook his head with a smile. Then, he said to Hong Qiang, “Brother Hong Qiang, I’ll leave Chu Feng in your care. I have a matter that I must attend to for the time being.”

“Rest assured, I will definitely protect Chu Feng with my life. Merely, this boy Chu Feng already no longer needs my protection. Instead, it will be me who needs his protection. Haha,” Hong Qiang laughed jokingly.

Hearing those words, Baili Xuankong also laughed. He was laughing out of enormous joy. He knew that Hong Qiang was not merely joking. After all, what Hong Qiang had said was the truth.

As matters stood, Chu Feng was capable of killing even rank two Martial Emperors. Furthermore, he was able to do so without relying on treasures, and by merely relying on his own strength. It must be said that the speed at which Chu Feng was growing caused him to feel extremely gratified.

“Chu Feng, I will only be gone for a short while. I will return right after. Stay in the World’s Hidden Valley and wait for my return,” Baili Xuankong said.

“Ancestor, please go ahead and do what you have to do. You do not have to worry about me,” Chu Feng said.

“I am very reassured with the current you,” With a smile on his face, Baili Xuankong patted Chu Feng’s shoulder.

Then, Baili Xuankong left. While Yaojiao Guang and Hong Qiang did not think anything much about Baili Xuankong leaving, Chu Feng was worried.

Even though Baili Xuankong appeared to be very normal, Chu Feng felt that Baili Xuankong must have some sort of worry in his mind. Likely, that trivial matter that he had mentioned was no

trivial matter at all.

However, as Baili Xuankong was not saying what it was, it was unsuitable for Chu Feng to ask either. After all, he was still unable to get involved in the business of his Ancestor.

Thus, Chu Feng decided to do as Baili Xuankong said, and wait for his return in the World's Hidden Valley.

.....

In fact, a lot of things were happening in the Holy Land of Martialism right now. The entire Holy Land of Martialism had burst into an uproar.

For example, there was Emperor Gong's successor, Zhang Tianyi, who had defeated the various other members of his generation and received the title of the strongest member of the younger generation in the Holy Land of Martialism.

Then there was Chu Feng, who had fought against the Four Great Imperial Clans. Not only had he been unharmed in the slightest, he had also managed to successfully escape a seemingly impenetrable trap. Furthermore, he had killed many Martial Emperors, and even the White-browed Immortal of the Ten Immortals.

However, what Chu Feng didn't know was that the latest matter that caused the Holy Land of Martialism to burst into an uproar was the Four Great Imperial Clans increasing the bounty on him. Not only did they double their original bounty, they also added an Imperial Armament, an actual Imperial Armament, to the bounty.

It must be said that the bounty the Four Great Imperial Clans had placed on Chu Feng tempted a lot of people. Even many hidden experts were tempted by it. After all, Imperial Armaments were the most paramount treasures in the Holy Land of Martialism.

Because of that increased bounty, Chu Feng had once again become the target of a multitude of arrows. Many people once again wanted to eliminate him.

Chapter 1836 – Lovers' Worry

Currently, what the people of the Holy Land of Martialism were discussing the most were the grudges and grievances between Chu Feng and the Four Great Imperial Clans. However, as for the Immortal Island, what they were concerned about the most was Baili Xinghe's death.

Baili Xinghe had disappeared on the day of the Strongest Younger Generation Battle Assembly and had not shown himself afterward either. While others were not worried about his life and death, his master, the Weaponry Refinement Immortal, was extremely worried.

Seeing that his disciple still had not returned after a long time had passed, the Weaponry Refinement Immortal personally left for the Gong Ba Plains again. Although Zhang Ming and Zhang Tianyi were no longer present on the Gong Ba Plains and only that fort remained, the Weaponry Refinement Immortal had managed to obtain some clues after making inquiries and investigations.

Right now, he was certain of one thing. That was that his disciple, Baili Xinghe, was definitely dead.

As for the culprits who had caused the death of his disciple, they were two people: Chu Feng and Leng Yue.

.....

On the Immortal Island. The Weaponry Refinement Immortal was standing before a grave. Four characters were written on the tombstone — Baili Xinghe. However, this grave was empty.

“Xinghe, your master has let you down. Even though you met a violent death, I was unable to even preserve your corpse.”

“But, your master will definitely avenge you. You can rest assured,” The Weaponry Refinement Immortal looked to the empty grave. Guilt filled his aged eyes.

“Senior,” Suddenly, a gentle voice sounded. The Weaponry Refinement turned around to look. There were three beautiful women standing there.

These three beauties were Chu Feng’s three lovers; Zi Ling, Su Rou and Su Mei.

Su Rou was sexy. Su Mei was adorable. As for Zi Ling, she was much more attractive than Su Rou and Su Mei in all aspects; being both sexy and adorable. She gave off an extremely distinguished air yet was still very attractive. She was a beauty capable of causing the downfall of a city or state.

Su Rou and Zi Ling had been on the Immortal Island since long ago. As for Su Mei, she had originally been staying in the World Spiritist Alliance. However, in recent days, she had been personally taught by the Weaponry Refinement Immortal.

The three sisters were originally supposed to be extremely happy to reunite with one another. However, at this moment, the three of them all had worried expressions on their faces. The three of them already knew that Baili Xinghe had died, and that there were two suspects that could have caused the death of Baili Xinghe. One was Leng Yue, and the other was Chu Feng.

“So you all have come,” Although the Weaponry Refinement Immortal was extremely sentimental, he did not reveal his sadness to the three of them. Instead, he showed the same sort of amiableness when facing them.

“We wish to [burn incense sticks](#) for Senior Brother Baili,” Zi Ling and the others said.

“Mn, go ahead,” The Weaponry Refinement Immortal waved his hand.

After that, Zi Ling, Su Rou and Su Mei all offered incense sticks to Baili Xinghe. Actually, Zi Ling, Su Rou and even Su Mei, who had just arrived here, all deeply loathed Baili Xinghe.

However, it remained that the Weaponry Refinement Immortal had taught them a lot of things, and spent a great amount of effort to completely remove the backlash which they were suffering from. Thus, taking the Weaponry Refinement Immortal into consideration, they still had to offer incense sticks to Baili Xinghe.

“Senior, the dead cannot be revived. Please don’t grieve anymore,” After offering their incense sticks, the three girls said together.

“That’s right, the dead cannot be revived. However, this hatred must be avenged,” The Weaponry Refinement Immortal said.

“Senior, could it be that you’ve determined who senior brother Baili’s murderer is?” Zi Ling asked in a deeply concerned manner. She was not concerned about Baili Xinghe’s death. Rather, she was extremely concerned about who his murderer was, whether or not his death was related to Chu Feng. She naturally hoped that his death was not related to Chu Feng.

The three of them had lived on the Immortal Island for quite some time now. As such, to a greater or lesser degree, they already knew how powerful the Weaponry Refinement Immortal was. As Chu Feng was currently wanted by the Four Great Imperial Clans, and their master refused to show his face the entire time, if the Weaponry Refinement Immortal were to attack Chu Feng at such a moment, it would be very difficult for Chu Feng to escape death.

“I’ve ascertained who his murderer is. It was the Heavenly Law Palace’s disciple, Leng Yue,” The Weaponry Refinement Immortal said.

“Leng Yue?” Hearing those words, Zi Ling, Su Rou and Su Mei all heaved a sigh of relief.

“Senior, Leng Yue is the most highly regarded disciple of the Heavenly Law Palace. If you are to touch her, the Heavenly Law Palace will definitely not let you get away,” Su Rou said.

“I naturally know that the Heavenly Law Palace is hard to deal with. But, my disciple is also not someone that anyone can kill.”

“Furthermore, Xinghe was entrusted to me by my close friend before his death. I was entrusted with taking care of him.”

“Now that Xinghe has been killed, I have let my close friend down. If I am to do nothing about it, how could I still be considered to be human?” The Weaponry Refinement Immortal said.

“You all do not have to concern yourselves with this matter anymore. I am definitely going to avenge Xinghe,” The Weaponry Refinement immortal waved his hand to indicate to Zi Ling and the others that they did not have to urge him against it anymore. Then, he looked to Su Mei and asked, “Lil Mei, are you used to this place yet? How is it compared to the World Spiritist Alliance?”

“Yes, I’ve grown very used to this place. Senior treats me like his own relative. I also consider senior to be my relative. Furthermore, my sisters are also here. This place feels like home to me. It is much better than the World Spiritist Alliance,” Su Mei said with a beaming smile.

What she had said was the truth. Even though the Left Reverend and the others were extremely good to her in the World Spiritist Alliance, there were too many people there. As such, there had always been people who were trying to court her favor. She disliked that very much.

“That’s good. If you like this place, then stay here longer. Your big brother Chu Feng has currently offended the Four Great Imperial Clans. If people were to know that you all are related to him, you all will definitely be implicated. At that time, even the World Spiritist Alliance will not be able to protect you.”

“As for me, although I have entered seclusion to refine weapons for years, and I have not killed anyone for years, the Four Great Imperial Clans would still have to consider deeply should they

wish to intrude upon my Immortal Island,” The Weaponry Refinement Immortal said.

“Senior is extremely formidable,” Su Mei nodded and smiled sweetly.

Afterwards, they chatted for a bit longer. Then, the Weaponry Refinement Immortal left.

When the Weaponry Refinement Immortal left, the smiles on Zi Ling, Su Rou and Su Mei’s faces all disappeared.

“It would seem that senior has already determined the murderer to be Leng Yue. This matter is unrelated to big brother Chu Feng. Merely... if this matter is related to big brother Chu Feng, I wonder what senior will do,” Zi Ling was still worried.

“Whenever senior mentions big brother Chu Feng, he reveals an extremely appreciative expression. Furthermore, we can tell from his tone that he is worried about big brother Chu Feng.”

“It is only because of certain things that he decided to not help big brother Chu Feng. I think... that even if Baili Xinghe’s death is caused by big brother Chu Feng, senior would also not look into it.”

“After all, I’ve heard from others that Baili Xinghe is a scoundrel. With how wise and sensitive senior is, how could he not know about the character of his disciple?’ Su Mei said.

“I’m afraid that wouldn’t necessarily be the case. Baili Xinghe was only able to become senior’s disciple because of his ancestor’s relationship with senior. I’ve heard that senior and Baili Xinghe’s ancestor were life and death brothers. Furthermore, his ancestor only died because he was saving senior.”

“With that special relationship, even if it was big brother Chu Feng that killed Baili Xinghe, senior would likely not spare him either,” Su Rou said.

“Rather than worrying blindly in here, I really wish to be able to

go out and see him. Unfortunately... I am not strong enough. Even if I were to see him, I would only become his burden, and not be able to help him at all,” Thinking of those things, Zi Ling’s eyes grew a bit reddened.

At this time, Su Rou and Su Mei both revealed expressions of deep worry on their faces. What the three of them were most concerned about was none other than Chu Feng.

.....

“Achoo!”

Chu Feng was on the way to the World’s Hidden Valley when he suddenly sneezed a loud sneeze.

“[One sneeze](#) is someone thinking about you, two sneezes is someone cursing you, and three sneezes is talking about you. With such a loud sneeze, little friend Chu Feng, it would seem that someone is thinking about you deeply,” Yaojiao Guang said with a smile.

[Editor’s note: the sneezing is an old wives’ tale in China and is still commonly referred to.]

“Never would I have thought that even senior would joke around,” Chu Feng wiped his nose and smiled.

“Haha, even though we are monstrous beasts, we still possess the seven emotional states and six desires like humans. Naturally, we know how to joke around too. Else, our lives would’ve been very boring.”

Yaojiao Guang was currently in a very good mood. At this moment, he stopped and pointed to the vast, borderless forest before them, “We’ve arrived at the World’s Hidden Valley.”

Burning incense sticks to the dead is a form of paying respect to the dead.

Chapter 1837 – Seeing Jiang Wushang Again

“World’s Hidden Valley? But this is clearly a forest,” Hong Qiang said.

“No. Below us is the World’s Hidden Valley. This forest is formed by a spirit formation,” Chu Feng said.

“Spirit formation?” Hong Qiang was startled.

“As expected from a Dragon Mark Royal-cloak World Spiritist. Little friend Chu Feng actually managed to see through it with a single glance. That’s right, the master of this World’s Hidden Valley is also a Dragon Mark Royal-cloak World Spiritist,” Yaojiao Guang said.

“Dragon Mark Royal-cloak World Spiritist? Could he be one of the Ten Immortals?” Hong Qiang asked.

“Haha, the people of the world only know that the Ten Immortals are Dragon Mark Royal-cloak World Spiritists. However, in reality, the Holy Land of Martialism is a place with hidden dragons and crouching tigers. The Ten Immortals are not the only Dragon Mark Royal-cloak World Spiritists. Merely, for some experts, they do not wish for others to know about them. One such example would be the master of this place,” Yaojiao Guang said.

“Indeed, the Holy Land of Martialism is truly a place with hidden dragons and crouching tigers. This senior’s world spirit techniques greatly surpass my own,” Chu Feng exclaimed in admiration. Although they were both Dragon Mark Royal-cloak World Spiritists, the strength of a world spiritist’s world spirit techniques was also related to the strength of their cultivation.

Although Chu Feng had become a Dragon Mark Royal-cloak World Spiritist, he could only contend against rank two Martial Emperors using his world spirit techniques. That said, his world

spirit techniques were greatly inferior to those of Zhang Tianyi's father, Zhang Ming.

As for the spirit formation set up by this hidden expert, it was even stronger than the fort Zhang Tianyi's father had set up on the Gong Ba Plains. From this, it could be determined that this hidden expert's strength would likely be stronger than that of Zhang Tianyi's father.

"Yin Gongfu, stop pretending to be blind. Quickly, open the door!!!!" Yaojiao Guang shouted downward. His voice was so resounding that the world started to tremble.

"Buzz~~~"

Right after he said those words, a figure flew out from the forest underneath and stood before Chu Feng and the others.

It was a middle-aged man. He was wearing very plain and unadorned clothes. His appearance was also very ordinary. However, he was emitting an air that no ordinary people possessed. His cultivation was the same as Yaojiao Guang's; he was a rank three Martial Emperor. This person was Yin Gongfu.

"Brother Yaojiao, I trust that you have been well since we last met. What brought you the leisure to come visit me here today?" Yin Gongfu was extremely surprised upon seeing Yaojiao Guang. However, he was also very happy.

"I don't have the leisure to come to your place. I have only come here to help see my two friends here and make some introductions. This is..." Yaojiao Guang pointed to Chu Feng and Hong Qiang behind him.

"Chu Feng?" Upon seeing Chu Feng, Yin Gongfu was immediately startled. An expression of shock covered his face.

"My, you're shocked, no? That's right, he is Chu Feng," Yaojiao Guang said in a complacent manner.

"Chu Feng pays his respects to Senior Yin," Chu Feng clasped his

fist and greeted Yin Gongfu courteously.

“My, there’s no need to be this overly courteous. Little friend Chu Feng, you are currently the most famous person in the Holy Land of Martialism. There is no one who does not know about you. To see you in the flesh today, I must say, you are truly outstanding, and even stronger than I had imagined you to be,” Yin Gongfu praised Chu Feng repeatedly. Then, he looked to Hong Qiang and said, “This person is?”

“Lord Benefactor, please receive this Hong Qiang’s respects,” As Hong Qiang spoke, he got on his knees and knelt in midair. He began to kowtow to Yin Gongfu.

“My, quickly, get back up. What are you doing?” Yin Gongfu immediately lent Hong Qiang an arm to help him back up.

“While benefactor might not remember this Hong Qiang, this Hong Qiang will always remember you. Back then, when this Hong Qiang was still young, benefactor, you saved this Hong Qiang’s life,” Hong Qiang said.

“Hong Qiang. Were you that young man who was being chased by ferocious beasts in the Alliance Domain?” Yin Gongfu asked.

“I am. Benefactor, you actually still remember this junior,” Hong Qiang was extremely happy.

“Of course I do. Merely, back then, you were a graceful and handsome youth. Yet now, your old bones have become as weary as mine,” Yin Gongfu sighed.

“Indeed. Time flies. However, what happened back then is still engraved in my memory, in my heart. It is still as clear as yesterday. This junior has always wanted to repay benefactor for saving his life,” Hong Qiang said.

Yin Gongfu patted Hong Qiang’s shoulder and said, “My, it’s something from the past. There’s no need to think about it anymore. For us to be able to meet each other again after all these

years, it is fate.”

“Although I am much older than you, neither of us are young anymore. Thus, you don’t have to address me as benefactor anymore. Just address me as Yin Gongfu directly. From today onward, we shall be friends.”

“Right,” Hong Qiang agreed to it right away.

“Enough, enough, the two of you can slowly reminisce with one another in the future. Let me get to the proper business. Is there a young man by the name of Jiang Wushang here?” Yaojiao Guang asked Yin Gongfu.

“Yes,” Yin Gongfu said.

“That’s good then. He is Chu Feng’s brother. Chu Feng has come here for the sake of finding him. Is it possible to have Chu Feng enter and see him?” Yaojiao Guang said.

“That’s naturally no issue at all. For you all to come here, you are distinguished guests. Not to mention seeing someone, we will treat you as distinguished guests too. Come, Brother Yaojiao, let’s go in and drink some wine,” Yin Gongfu said.

“Forget about it, I’m not going into the World’s Hidden Valley. If you want to drink, come to my King Monstrous Dragon Race to drink,” Yaojiao Guang said.

“Oh you, you’re still this narrow-minded,” Yin Gongfu said with contempt.

“Pah! As if you wouldn’t be narrow-minded. If your territory is occupied by someone else, what other feeling could you possibly have? Enough, just take care of Chu Feng. If something is to happen to him, I’ll come and find you,” Yaojiao Guang turned around and left.

“That temper of his,” Seeing that Yaojiao Guang had already left and disappeared without a trace, Yin Gongfu shook his head with a smile. Then, he brought Chu Feng and Hong Qiang into the

World's Hidden Valley.

The World's Hidden Valley was different from how Chu Feng had imagined it would be. This was not a valley. Rather, it was enormous. It was as if it were an entire separate world. There were mountains, rivers and lakes. There were white cranes flying in the sky and nimble fish swimming in the water. At a glance, this place looked like a paradise, a land of immortals.

Yin Gongfu was extremely enthusiastic toward Chu Feng and Hong Qiang. He also showed a great amount of attentiveness and hospitality toward them. After entering the World's Hidden Valley, he immediately prepared two top-notch palaces for Chu Feng and Hong Qiang to rest in.

However, Chu Feng had come here for the sake of finding Jiang Wushang. While Chu Feng had requested to see Jiang Wushang many times, Yin Gongfu had switched the subject every time. He had refused to allow Chu Feng to directly see Jiang Wushang. This made Chu Feng realize that something was wrong.

“Senior Yin, may I see Jiang Wushang?” Chu Feng asked again.

“Regarding that... you may. Merely, Jiang Wushang made some mistakes, and is being punished right now. Little friend Chu Feng, you must not be emotional upon seeing him,” Yin Gongfu said.

“Punishment? Is he fine?” Chu Feng asked.

“It's nothing too serious. Merely, he is being punished to work in the mine for an entire year. Here, I'll bring you there,” As Yin Gongfu spoke, he began to show the way for Chu Feng.

Afterward, the three of them arrived at a mining site. Right after arriving at the mining site, Chu Feng's eyes shone.

The mine was too special. It was emitting extremely hot gaseous flames. Likely, cultivators below the Half Martial Emperor level would simply not be able to approach it at all. Even if they were able to approach it, they would die within the mine.

Furthermore, the ores of the mine were extremely hard. Unless one were to use a special miner's pick, it would simply be impossible to mine those ores. Those ores should have originated from the Ancient Era.

Looking at the mining site, Chu Feng discovered that there were many people mining. Although they were all Half Martial Emperor-level experts, they were all drenched in sweat, with expressions of exhaustion on their faces.

Finally, Chu Feng saw a familiar figure in the mining site. It was Jiang Wushang.

After several years had passed, Jiang Wushang was already no longer a youngster. However, Chu Feng was still able to recognize him with a single glance.

Compared to before, Jiang Wushang's current cultivation was leaps and bounds above his cultivation back then. He was a rank one Half Martial Emperor.

However, with that level of cultivation, Jiang Wushang was only barely able to survive in this special mining site.

Thus, at this moment, Jiang Wushang was extremely weary and beaten. However, even with that being the case, he still clenched his teeth, grasped the pick in his hand tightly, and continued to mine ores.

"These ores are very special. However, they provide absolutely no assistance to one's cultivation. I also do not know what use these ores provide."

"What might be the reason the master of this place mines these ores? Could it really only be meant to be used as a means of punishment?" Eggy inspected the mine and began to make guesses.

As for Chu Feng, what he was worried about the most was not how special the ores here were. Instead, he was worried about his brother Jiang Wushang. He discovered that not only was Jiang

Wushang extremely weary and miserable-looking, there were also a lot of scars on his body. Those were scars of being whipped. They were astonishing wounds. This meant that Jiang Wushang's life here was not good at all.

Chapter 1838 – Brother Being Plotted Against By Others

“Senior, what sort of mistake did Jiang Wushang make to cause him to be punished in such a place?” Chu Feng asked.

“Stealing,” Yin Gongfu said.

“What did he steal?” Chu Feng asked.

“Items beneficial to one’s cultivation,” Yin Gongfu said.

“Might that be a mistake?” Chu Feng did not believe that. From his understanding of Jiang Wushang, he believed that Jiang Wushang was someone who would absolutely not do something like that.

“There’s definite proof. He was caught red-handed. Although he refused to admit to it, as per the rules of this place, I had no choice but to punish him,” Yin Gongfu said. From his tone, Chu Feng was able to tell that it seemed like Yin Gongfu also did not wish to punish Jiang Wushang.

“Senior, am I allowed to go and talk to him?” Chu Feng asked.

“Normally, you could not. However, if you wish to, then go ahead,” Yin Gongfu said.

“Thank you senior,” Chu Feng immediately leapt forward and arrived in the mine. After he entered the mine, Chu Feng immediately felt a pressure from it. Merely, this pressure did not affect Chu Feng much.

“Little brother Wushang,” Chu Feng landed directly beside Jiang Wushang.

Hearing Chu Feng’s voice, Jiang Wushang had an extremely shocked and almost petrified expression. Immediately afterward, he hurriedly turned around to look.

“Big brother Chu Feng, it’s really you?” Upon seeing Chu Feng, Jiang Wushang was immediately overjoyed, and started to smile beamingly. He let go of his pick and hugged Chu Feng tightly.

“It’s me. Little brother Wushang, I’ve finally found you,” Chu Feng also tightly hugged Jiang Wushang.

The two brothers had been separated for many years. And now, they had managed to reunite with one another in a foreign land. This emotion that they were feeling was something that only the two of them understood.

“Big brother Chu Feng, why are you here?” Jiang Wushang asked in a very emotional manner.

“I came to know of your whereabouts from senior brother Zhang,” Chu Feng said.

“Big brother Tianyi? Haha, big brother Tianyi is amazing right now. It turned out that his father is actually Emperor Gong’s successor. No, that’s wrong. Big brother Tianyi is Emperor Gong’s successor now.”

“However, even with that, my idol still remains you, big brother Chu Feng. I have heard about all the things relating to you, especially what happened at the Gong Ba Plains recently.”

“Big brother Chu Feng, I can only say that you’re truly amazing. You are the pride of this brother of yours,” Jiang Wushang smiled brilliantly. He already knew about the various things regarding Chu Feng. However, he did not ask about who had been in the wrong. The reason for that was because he felt that Chu Feng was most definitely the one in the right.

“Little brother Wushang, I’ve heard that you are being punished because you stole something?” Chu Feng asked.

“Big brother Chu Feng, do you believe that?” Jiang Wushang asked with a smile.

“Of course not. That’s why I’m asking you. Exactly what

happened? Senior brother Zhang told me that you came here to train. Why is it that when I arrived, you're actually undergoing punishment?" Chu Feng asked.

Jiang Wushang sighed. "What else could have happened? Your little brother is a fool. I have been had by others," he smiled bitterly.

"Come here," Chu Feng pulled Jiang Wushang to the side. Then, he asked, "Exactly what happened? If you are to tell me, I might be able to help you."

"Forget about it. You have enough trouble to deal with. I do not wish to burden you with more. Things here are not as simple as you imagine them to be. You shouldn't bother with it," Jiang Wushang shook his head. Then, he looked to Chu Feng and said, "Big brother Chu Feng, I am extremely happy to be able to see you." After saying those words, Jiang Wushang's eyes began to tear up.

Back then, Jiang Wushang had been a youngster. However, he was already a grown man now. Real men did not cry easily. He was also one such person. Jiang Wushang had always been a very strong person.

However, all these years of perseverance, all these years of suffering and pain, how could he possibly enjoy them? How could he possibly not feel grievances?

He naturally felt grievances, naturally felt unwell. Especially after being framed by others and ending up in such a state, he was feeling extremely pained, extremely wronged. Merely, as a man, he could not cry and, had to endure all of it.

However, when he saw Chu Feng, it was as if he had seen the person that he could depend on. Before the person that he could depend on, Jiang Wushang's stubbornness collapsed right away. He had revealed his frail side.

Seeing Jiang Wushang acting like this, Chu Feng felt extremely begrieved. He patted Jiang Wushang's shoulder and said, "If you think of me as your brother, tell me. Else, I will forcibly bring you away right now."

"Big brother Chu Feng, you..." Jiang Wushang became stunned. He didn't know what to do.

"Little brother Wushang, you know how I am. I am someone who will do what I say. Regardless of how extraordinary the master of this place is, I will still not allow him to make things difficult on my brother. If worst comes to worst, I'll just die," As Chu Feng spoke, he tightly grabbed onto Jiang Wushang's shoulder. He was planning to soar into the air with Jiang Wushang.

"Don't. Big brother Chu Feng, I'll tell you," Seeing that, Jiang Wushang hurriedly spoke. He knew that Chu Feng was really someone who would do what he said. If Chu Feng were to truly create trouble in this place, he would have implicated Chu Feng.

With no other choice, Jiang Wushang ended up telling Chu Feng what had happened. Chu Feng also came to learn the truth.

Back then, Jiang Wushang had been introduced to train in this place by Zhang Tianyi's father. The reason for that was because the master of this place possessed a grand origin, and was also someone who possessed an extremely pure Imperial Bloodline. Most importantly, he was not someone from the Four Great Imperial Clans.

His name was Duan Jidao. Duan Jidao was someone from the Duan Royal Clan. Although he came from a Royal Clan that was inferior to the Imperial Clans, he was an existence that even the Three Palaces feared. As for the Four Great Imperial Clans, there was simply no need to mention them.

As he possessed an Imperial Bloodline, and his Imperial Bloodline was extremely pure, he had, by himself, turned the Duan Royal Clan into the Duan Dynasty. Back then, the Duan Dynasty had

been extremely famous and powerful. They were capable of bringing fear to the people of the Holy Land of Martialism.

At that time, the Four Great Imperial Clans greatly feared him. They were all afraid that the Duan Dynasty would threaten their Four Great Imperial Clan's status. In actuality, with Duan Jidao's ability, he was indeed capable of doing so.

However, suddenly, one day, the Duan Dynasty was wiped out. After that, Duan Jidao also disappeared.

When Duan Jidao reappeared after many years had passed, his face was covered with a beard, and he had become a white-haired old man. His appearance of being covered with white hair made him resemble a madman. Even though he used to be extremely famous back then, no one was able to recognize him without him mentioning who he was.

Afterward, Duan Jidao arrived at this place. Not only did he seize the territory of the King Monstrous Dragon Beasts, he also began to find people abandoned by the Imperial Clans, as well as outstanding members of the younger generation from the various Royal Clans, to grant them Imperial Bloodlines and nurture them here.

Duan Jidao did all of this for the sake of finding a successor. Thus, after Jiang Wushang arrived in this place and found out about this, he worked extremely hard. Because of that, Jiang Wushang began to be thought of highly by Duan Jidao.

Everyone felt that Jiang Wushang would be one of the very few people who would have a chance to become Duan Jidao's successor.

Unfortunately, Jiang Wushang had been incautious when making friends, and ended up falling for a trap that someone else had set up.

That person's name was Song Yuheng. He was the person said to

have the greatest possibility of becoming Duan Jidao's successor. He was also the person that Duan Jidao thought the most highly of.

Song Yuheng was already over a hundred years old. He was no longer considered to be part of the younger generation. However, he had ended up becoming Jiang Wushang's friend.

That day, he invited Jiang Wushang to be a guest at his palace. Furthermore, when Jiang Wushang was leaving, he presented Jiang Wushang with a gift.

However, on that exact day, Jiang Wushang was wrongly accused of stealing Song Yuheng's father's inherited treasure. After a search, that treasure was indeed discovered in Jiang Wushang's residence.

It turned out that treasure was the gift that Song Yuheng had given Jiang Wushang. Jiang Wushang had been unable to explain himself. Just like that, he had been wrongly accused, lost all of his great future prospects, and sent here to mine for a year as punishment.

Chapter 1839 – Song Yuheng And His Father

“Jiang Wushang, what arrogance you have. Instead of mining like you should be doing, you are instead goofing off here. You are truly seeking a beating.”

“Paa~~~”

Right at this moment, a whip lash was heard. A powerful whip appeared out of nowhere and lashed toward Jiang Wushang’s head.

The whip was lashed with such powerful strength that even space was ripped apart by it. If the whip were to land on Jiang Wushang, then, with Jiang Wushang’s cultivation, it would definitely rip his flesh apart.

When that whip arrived before Jiang Wushang, Chu Feng immediately understood why Jiang Wushang’s body was filled with astonishing wounds. Likely, it was all done by that man.

Just thinking about it, Chu Feng was immediately enraged. He stretched forth his hand and grabbed the incoming whip. Then, he violently flung it away. “Boom!” The person holding the whip was thrown to the top of the mine cave.

“Boom~~~”

Following that loud explosion, the mine itself also trembled slightly. This commotion attracted the attention of countless people. They all stopped digging and turned to look in Chu Feng’s direction.

“Fuck! Who the hell are you? You dare to hit me, your daddy?” Although that man was stronger than Jiang Wushang, and possessed the cultivation of a rank three Half Martial Emperor, he was absolutely no match for Chu Feng. Chu Feng’s fling had left him badly injured.

Even though he was still acting very arrogant, blood was flowing

from his mouth nonstop.

“Remember my name, I am Chu Feng,” Chu Feng said.

“Chu Feng? Why haven’t I heard your name before? When did you get here?” Resisting the pain with great difficulty, that man stood up and asked angrily.

“What ignorance. This person here is the person who swept the floor with the Four Great Imperial Clans’ younger generation at Mooncloud City, the Chu Feng that subdued the Evil God Sword. Remember this, he is my, Jiang Wushang’s, brother,” Jiang Wushang pointed at Chu Feng and spoke in a very proud manner.

“What? He is Chu Feng?!!!” Hearing what Jiang Wushang said, the people in the crowd were all startled. The gazes with which they looked to Chu Feng turned into ones of astonishment and fear.

Training here, they were not allowed to leave and go outside. Although they had not seen Chu Feng’s wanted posters, they still knew of Chu Feng’s past achievements. Thus, the name ‘Chu Feng’ was already well-known to them. They knew that he was an extremely ferocious member of the younger generation.

Sure enough, after seeing him for the first time today, it was indeed the case. He actually even dared to beat up the whipcracker of this place. This was definitely something that no one else dared to do.

“You, you, you... just you wait,” After learning of Chu Feng’s identity, that rank three Half Martial Emperor was scared. He immediately ran away while limping and staggering.

“Chu Feng, this is bad. He has gone to find helpers. Quickly, leave this place,” Seeing that, Jiang Wushang immediately warned Chu Feng.

“Who has he gone to find? Is it that Song Yuheng?” Chu Feng asked.

“That’s right. They are all Song Yuheng’s henchmen. They were ordered by Song Yuheng to deliberately make things difficult for me here,” Jiang Wushang said.

“Perfect opportunity. I just so happened to want to meet that Song Yuheng too,” Chu Feng said with a sneer. To dare to plot against his brother, Chu Feng did not care who that Song Yuheng might be. He was determined to not let him off that easily.

Sure enough, not long after that rank three Half Martial Emperor left, a group of people ran over. They all had youthful appearances. As for the leader among them, he was even younger in appearance, and actually had the appearance of a fifteen to sixteen-year-old youngster. However, his cultivation was extremely strong. Like Chu Feng, he was a rank eight Half Martial Emperor.

Jiang Wushang pointed at the youngster, the leader of the group, and said, “He is Song Yuheng.”

“Humph, you’re already an old man, yet you still disguise yourself with the appearance of a youngster. Truly disgusting,” Chu Feng revealed an expression of disgust. The reason for that was because Song Yuheng was already over a hundred years old. He could not even be considered to be part of the younger generation. Even if he didn’t use the appearance of a white-haired old man, he should, at the very least, have the appearance of a middle-aged man. Yet, he currently had the appearance of a youngster. It was clear that he had disguised his actual appearance. Furthermore, upon thinking about what he had done to Jiang Wushang, Chu Feng felt even more disgusted with him.

“You are Chu Feng?” That Song Yuheng was also sizing up Chu Feng. There was a trace of cautiousness in his gaze. Although he had not seen Chu Feng before, he had heard about Chu Feng’s various accomplishments, and knew that Chu Feng was an extremely powerful member of the younger generation.

“I am your granddaddy,” Chu Feng spoke rudely right away. Chu

Feng found no reason to be courteous toward someone who had plotted against his brother.

Suddenly, Song Yuheng pointed at Chu Feng and said, "A thief who has stolen treasures, an animal that murdered his benefactor, actually dares to come to our World's Hidden Valley to behave this atrociously? Men! Seize him!"

Right after he said those words, his henchmen behind him all took out their respective weapons. They were planning to attack Chu Feng.

"Do not behave rudely!" However, right at this moment, an extremely imposing voice sounded. Following that, Yin Gongfu and Hong Qiang descended from the air.

"Little friend Chu Feng is a distinguished guest invited here by me. I shall see who dares to act rudely toward him," Yin Gongfu glowered at the crowd. He was extremely domineering.

Being started at by his gaze, those people that were planning to attack Chu Feng immediately put their weapons away. In fact, they did not even dare to raise their heads, and moved to the side. From this, it could be seen that they were extremely afraid of Yin Gongfu.

At that moment, the only person that dared to face Yin Gongfu was Song Yuheng.

"Lord Yin, I am truly sorry. I have only heard of what Chu Feng had done, and did not know that he was a guest invited over by you. I hope that Lord Yin will be willing to forgive my rudeness," Song Yuheng said in a very apologetic manner.

"There is no need to apologize to me. Apologize to little friend Chu Feng instead," Yin Gongfu said.

Song Yuheng was startled upon hearing those words. A trace of unwillingness flashed through his eyes. However, in the end, he clenched his fists and prepared to apologize to Chu Feng.

“Lord Yin, that Chu Feng is a person that has done all sorts of evil. Although I do not know why you invited such a man over to be a guest of our World’s Hidden Valley, I feel that my son does not have to apologize to such a man,” However, right at this moment, a middle-aged man descended from the sky and landed beside Song Yuheng.

Although this man had a middle-aged appearance, his appearance resembled Song Yuheng’s youngster appearance. Adding on what he had said earlier, Chu Feng was already certain that this man should be Song Yuheng’s father. Song Yuheng’s father possessed the cultivation of a rank one Martial Emperor.

Merely, his cultivation was greatly inferior to Yin Gongfu’s. Chu Feng did not know where he was getting the confidence to speak to Yin Gongfu in such a manner from.

“It is Lord Duan who has personally left this place under my watch. Could it be that I do not even have the privilege to invite who I want here as a guest?” Yin Gongfu’s sword-like eyebrows narrowed as he spoke those words coldly.

“Naturally, you have that privilege. I also am not saying anything else. Merely...” Song Yuheng’s father said.

“It’s good that you know that I have that privilege. You do not have to say anything else, as my decision is not something that you are qualified to question,” Yin Gongfu said.

“You...” Hearing those words, Song Yuheng’s father’s complexion turned ashen. Being publicly rebuked by Yin Gongfu in such a manner caused him to feel extremely insulted.

“Brother Chu Feng, I’ve heard that you have conquered the legendary Demon Sword, the Evil God Sword. I presume that your sword techniques must thus be outstanding. I just so happen to also be someone who specialized in sword techniques. Since we have been brought together by fate today, I wish to spar with Brother Chu Feng, and seek some advice. Might that be possible?”

Song Yuheng flipped his palm. Then, a three-foot-long cyan sword appeared in his hand.

That was an Incomplete Imperial Armament. It seemed that this Song Yuheng was trying to retrieve his father's lost face. As for his way to do so, he was planning to publicly teach Chu Feng a lesson.

"You wish to spar with me in sword techniques?" Chu Feng asked.

"Could it be that you don't dare?" Song Yuheng asked.

"Haha..." Hearing those words, both Yin Gongfu and Jiang Wushang laughed lightly.

The reason why Song Yuheng dared to act this arrogant toward Chu Feng was only because he had only heard about what Chu Feng had done at Mooncloud City. However, he didn't know about how Chu Feng had killed many Martial Emperors from the Four Great Imperial Clans at the Gong Ba Plains.

If he knew that Chu Feng was capable of killing even Martial Emperors, likely, even if he were given ten more guts, he would not dare to arrogantly provoke him, much less try to spar with him.

At this moment, neither Yin Gongfu nor Jiang Wushang mentioned how strong Chu Feng really was. There was no need to mention why Jiang Wushang did that. He deeply longed for Chu Feng to teach Song Yuheng a lesson. However, surprisingly, even Yin Gongfu did not say anything. It seemed that he was also very much looking forward to Song Yuheng being disgraced.

Chapter 1840 – The Heaven-defying Chu Feng

“You do not even dare to reveal your sword. It would appear that the rumor of you subduing the Evil God Sword was fake,” Seeing that Chu Feng had yet to accept his son’s challenge, Song Yuheng’s father mocked him with a disdainful gaze.

“Your son is not qualified for me to unleash my Evil God Sword,” As Chu Feng spoke, he pointed his hand into the distance and grabbed. Then, a branch arrived in his hand. He pointed that branch at Song Yuheng, who was holding an Incomplete Imperial Armament, and said, “Against you, this will suffice.”

“What kind of joke is this?” Seeing the tree branch in Chu Feng’s hand, Song Yuheng’s complexion turned green. That tree branch was extremely withered. Not to mention not being able to contend against Incomplete Imperial Armaments, it would shatter just by being lightly thrown to the ground. Chu Feng was actually planning to use something like that to contend against his Incomplete Imperial Armament?

Insult, This was simply a naked insult. Chu Feng simply did not place Song Yuheng in his eyes at all.

“You don’t have to be able to injure me. As long as you are capable of cutting this branch in half, it will be your victory,” Chu Feng said.

“As you wish,” The sword in Song Yuheng’s hand trembled. Then, a slash was sent forth. It was aimed at Chu Feng’s throat.

“Woosh, woosh, woosh~~~”

When Song Yuheng’s slash arrived before Chu Feng, it turned into many sword rays. It was as if several tens of thousands of swords were aimed to attack Chu Feng. It was simply impossible for Chu Feng to dodge them.

“What a profound sword technique. There is simply no gap in such a sword technique. Could Chu Feng possibly stop it?”

There were many people from the older generation among the crowd. As they possessed high levels of cultivation, they were naturally capable of determining that Song Yuheng’s sword technique was very profound.

“Paa~~~”

However, Chu Feng simply did not place this sword technique which they believed to be extremely profound in his eyes. Chu Feng raised the branch in his hand unhurriedly. He aimed toward one direction and blocked. Then, in the very next moment, the tens of thousands of sword rays that Song Yuheng had unleashed all vanished like smoke in thin air. His attack was cut through by Chu Feng.

“Humph,” Even though his sword technique was cut through by Chu Feng, Song Yucheng was sneering. It was as if he felt that his plot was a success. His sword’s target changed. It was actually aimed at the branch in Chu Feng’s hand.

It turned out that he had planned to attack Chu Feng’s branch to begin with. Since Chu Feng had said that it would be his win should he slice the branch in half, he planned to slice Chu Feng’s branch in half as a means of giving Chu Feng a slap to the face.

“Mn?” Suddenly, Song Yuheng’s expression changed. Incomparable shock appeared in his eyes.

The branch had managed to block his sword. The two of them had collided with one another. As long as he aimed his sword’s blade at the branch, that branch should have been sliced apart by his Incomplete Imperial Armament without him even needing to put forth any strength at all. Even if Chu Feng had used a special method to increase the hardness of the branch, it should still be impossible for it to block an Incomplete Imperial Armament.

Yet, at this moment, the branch in Chu Feng's hand was completely undamaged.

“Woosh~~~”

Song Yuheng refused to believe this. He immediately moved away, then sent forth another slash. “Clank!” His sword collided with the branch once again.

“How could this be?” At this moment, it was not only Song Yuheng that was shocked. Even the bystanders were shocked by this scene. Expressions of disbelief filled their faces. The reason for that was because no matter how hard Song Yuheng tried to hack Chu Feng's branch in half, Chu Feng's branch was completely undamaged.

“It's my turn now,” Chu Feng smiled coldly. Then the branch in his hand trembled, and an enormous power emitted from it. The branch landed on Song Yuheng's sword.

“Clank, clank~~~”

The power emitted by the branch that landed on the sword was transmitted through the sword and reached Song Yuheng's hand. At this moment, Song Yuheng felt his palm growing weak. Then, the sword in his hand was sent flying. It turned into a ray of light that shot several tens of thousands of meters away before disappearing over the horizon.

“Ah?” At this moment, the expressions on everyone's faces changed enormously. They were all deeply stunned. They all knew that Song Yuheng had not thrown away his Incomplete Imperial Armament. Instead, it had been knocked away by Chu Feng using that branch.

A branch was actually capable of knocking away an Incomplete Imperial Armament? This was truly unheard of!!!

“Turns out that you can't even hold your sword tightly, yet you even dared to declare yourself an expert in sword techniques?”

Chu Feng mocked.

“You’re courting death,” Song Yuheng turned deep red with rage. As his palms began to form constantly changing hand seals, golden martial power surged forth and formed a ferocious beast. In rage, he actually unleashed an Earthen Taboo Martial Skill, a fatal attack, at Chu Feng.

“Woosh~~~”

Suddenly, the branch in Chu Feng’s hand turned into a ray of light and shot toward Song Yuheng. It gave off an extremely ferocious aura, and was simply sweeping everything before its path. There was nothing that could stop it. In an instant, it broke through Song Yuheng’s Earthen Taboo Martial Skill.

“Pow, pow, pow, pow~~~”

After breaking through Song Yuheng’s Earthen Taboo Martial Skill, the branch became flexible like a dragon, and began to lash at Song Yuheng’s body and face all over.

“Ahh, noo!!” Being flogged by Chu Feng in this manner caused Song Yuheng to scream miserably.

Had it been an ordinary branch, how could it possibly injure his Half Martial Emperor’s body? However, Chu Feng’s branch was like a sharp blade. Not only was his flesh unable to withstand the whipping from that branch, the pain that branch created was many times more devastating than that of ordinary weapons. Song Yuheng was in so much pain that he screamed out loud.

Seeing his own son being whipped beyond recognition with blood covering his entire body, Song Yuheng’s father immediately shouted, “Stop!”

However, how could Chu Feng possibly bother to pay attention to his shout? Not only did he not stop, he became even more ferocious as he whipped Song Yuheng. Not to mention flesh being lashed apart, his whipping was so hard that even bones were

breaking apart. Chu Feng was planning to repay the pain that Song Yuheng had brought upon Jiang Wushang a hundred times, a thousand times over.

“I said stop!” Song Yuheng’s father unleashed his attack. Although he was telling Chu Feng to stop, his reaction was simply not of someone trying to stop another person. Rather, he was simply trying to gravely injure Chu Feng.

Seeing this scene, a flash of annoyance shone through Yin Gongfu’s eyes. He was already prepared to act and intercept Song Yuheng’s father.

However, he did not act right away. The reason for that was because he wished to see whether or not Chu Feng was truly as he was rumored to be. If he was as the rumors described him to be, then, even though Song Yuheng’s father was a rank one Martial Emperor, Chu Feng would still be able to fight against him.

“Wuuaah~~~”

Right at this moment, Chu Feng waved his sleeve. A roar was heard, and suddenly an enormous, golden-bright and dazzling dragon’s mouth appeared. With one bite, it clenched Song Yuheng’s father between its teeth.

“Roar~~~~”

Then, that enormous dragon soared into the sky and revealed its true appearance. It was an enormous golden dragon several hundred meters long. Although it was not a real dragon, it gave off an extremely imposing aura that caused the bystanders to be so afraid that they began to fall back repeatedly. In fact, there even were people among them that were scared witless, and fell onto the ground with their bodies trembling, and no strength to stand back up.

“Bang, bang, bang, bang, bang~~~”

Then, Chu Feng controlled that enormous dragon and began to

have it smash Song Yuheng's father into the wall of the mine repeatedly. Even after Song Yuheng's father was left badly injured with blood all over, it still continued to smash him into the wall.

“Dragon Mark World Spirit Power?”

At this moment, a shocked expression appeared on Yin Gongfu's previously calm face. He was already able to tell that the golden dragon was formed with spirit power. Furthermore, it was no ordinary Royal-cloak spirit power. Instead, it was formed with Dragon Mark Royal-cloak spirit power.

“Chu Feng, he's actually a Dragon Mark Royal-cloak World Spiritist?” At this moment, the gaze with which Yin Gongfu looked to Chu Feng had become exceptionally marvelous to look at.

While he had seen many Dragon Mark Royal-cloak World Spiritists before, after all, he was someone who held a lot of experience, it was the first time that he had seen a Dragon Mark Royal-cloak World Spiritist as young as Chu Feng. Truly, even if he didn't want to be surprised, it would be impossible not to be surprised.

Suddenly, an old man shouted, “Lord Yin, quickly, you must stop that Chu Feng. Else, Song Yuheng and his father will be beaten to death by Chu Feng,”

Hearing those words, Yin Gongfu hurriedly said, “Chu Feng, stop,”

While Chu Feng could ignore everyone else, he still had to give face to Yin Gongfu.

Thus, with a thought, the golden dragon disappeared. Following that, he also retrieved the branch that he was whipping Song Yuheng with.

At the moment that Chu Feng stopped, Song Yuheng and his father both fell to the ground. The two of them were badly mutilated, covered completely with blood and had already lost

consciousness.

“For real? They are so unable to stand a beating. I didn’t even try hard,” As Chu Feng saw the two men that had lost conscious, he spoke contemptuously.

Hearing those words, the surrounding crowd began to wipe away the cold sweat on their foreheads.

Not trying hard? If he had tried hard, Song Yuheng and his father would’ve definitely been beaten to death by him, no?

At this moment, the people present, other than Jiang Wushang, Hong Qiang and Yin Gongfu, were all looking at Chu Feng with gazes filled with fear. In fact, for some of them, they simply did not even dare to look at Chu Feng.

That Chu Feng was simply much more frightening than the rumors of him said he was. How could he possibly be considered to be someone from the younger generation? He was simply a young demon.

He was a heaven-defying existence capable of easily defeating a rank one Martial Emperor with a cultivation of rank eight Half Martial Emperor.

Chapter 1841 – The Truth Of What Happened Back Then

Afterwards, Song Yuheng and his father were sent away to heal their injuries.

As for Chu Feng and Hong Qiang, Yin Gongfu led them to a palace where they could stay to rest. As for Jiang Wushang, due to the fact that he was still in the period of receiving his punishment, he had no choice but to continue mining day and night.

At this moment, Yin Gongfu had arrived at Chu Feng's residence alone. He said that he had an important matter to discuss with him.

"Senior Yin, Wushang was wrongly accused. The person that framed him was none other than that Song Yuheng," Chu Feng said to Yin Gongfu.

"Jiang Wushang told you about it?" Yin Gongfu asked.

"Senior already knew?" Chu Feng asked.

"Yes. I already knew that Song Yuheng and his father planned all that to frame Jiang Wushang. However, there is nothing that I can do about this matter," Yin Gongfu sighed.

"Senior, you are the person in charge of this place. How could it be that you can do nothing about this?" Chu Feng asked.

"You're mistaken. The person who is truly in charge of this place is Lord Duan, Duan Jidao. Back then, what happened with Jiang Wushang was personally decided by Lord Duan. Thus, there was nothing that I can do," Yin Gongfu said.

"Senior Duan Jidao is actually a person who cannot distinguish between right and wrong?" Chu Feng asked.

"It is not that Lord Duan is a person who cannot distinguish between right and wrong. Rather, he is someone that is disinclined

to bother to distinguish. He also did not wish for Song Yuheng's reputation to be swept away, and for him to end up being burdened with the criminal charge of wrongly accusing Jiang Wushang."

"Although Lord Duan was fond of Jiang Wushang, between Song Yuheng and Jiang Wushang, he chose Song Yuheng," Yin Gongfu said.

"Senior, Song Yuheng is already over a hundred years old, whereas little brother Wushang is still very young. Although Song Yuheng's current cultivation is above little brother Wushang's, little brother Wushang will definitely surpass him in the future. Furthermore, in terms of their character, the two of them are simply worlds apart. I truly do not understand why Senior Duan would choose Song Yuheng over little brother Wushang," Chu Feng was extremely confused.

"Chu Feng, do you know why Song Yuheng is deemed to be the person with the highest chance of becoming Lord Duan's successor?" Yin Gongfu asked.

"Could it be that there's some sort of secret?" Chu Feng asked.

"Indeed, there are some secrets. Regarding this matter, it must be mentioned starting from Lord Duan's past. This matter is an enormous secret that very few people know about. However, I am willing to tell you about it. I hope that you can keep this confidential, and not tell this matter to anyone else," Yin Gongfu said.

"Senior, please rest assured. This junior will definitely not do anything detrimental to senior," Chu Feng said.

"Although it is the first time that we have met each other, I trust you," Yin Gongfu stood up and patted Chu Feng's shoulder. The gaze with which he looked to Chu Feng was filled with confidence and trust.

For some people, no matter how long one knew them, it would be

extremely difficult for them to be trusted. However, for some other people, one would feel trust just from knowing them for a short period of time.

However, this sort of trust was something that only those with exceptional perception and the ability to distinguish between right and wrong would feel.

As for Yin Gongfu, he was a person with exceptional perception and the ability to distinguish between right and wrong. Through how Chu Feng had stood up for Jiang Wushang, and how Yaojiao Guang thought so highly of Chu Feng, Yin Gongfu knew that Chu Feng was a person worthy of being trusted.

After all, trust was something established by how one handles matters, and not simply through familiarity.

Yin Gongfu did not directly tell Chu Feng the secret, but instead asked Chu Feng, “Firstly, I’ll tell you a secret. Do you know why Lord Duan is not someone from the Imperial Clans? Do you know why he, a person from the Royal Clan, possesses an Imperial Bloodline stronger than even the people from the Imperial Clans?”

“Senior Duan Jidao’s bloodline is an Inherited Bloodline. If his talent is not exceptional, then it must be that he encountered an enormous fortuitous meeting,” Chu Feng said.

“You’re correct. The fortuitous meeting that Lord Duan encountered could be said to be the most fortuitous meeting to ever have happened to anyone. He obtained the inheritance of Emperor Huang,” Yin Gongfu said.

“Emperor Huang? Are you talking about one of the Five Emperors, Emperor Huang, Huangfu Shou?” Chu Feng asked.

“Precisely,” Yin Gongfu said.

Hearing those words, Chu Feng’s expression became complicated. His heart was extremely restless.

They all say that this was an enormously grand era. Emperor

Gong's successor had appeared. The Beast Emperor's successor had appeared. And now, even Emperor Huang's successor had appeared.

It was definitely no coincidence that this existence that has never appeared before now appeared in this era.

That being said, while Chu Feng was feeling restless, he was also feeling joy. Duan Jidao was Emperor Huang's successor. Further, he was currently finding a person to succeed him. If Jiang Wushang was able to become his successor, wouldn't that mean that Jiang Wushang would become Emperor Huang's successor?

Although the current Jiang Wushang was no different than a lowly prisoner, Chu Feng felt that there were no absolutes in this matter. Perhaps Jiang Wushang would still have the opportunity in the future.

However, Chu Feng did not tell Yin Gongfu about what he was thinking. Instead, he continued to quietly listen.

"Emperor Huang, Huangfu Shou, was an enormously powerful existence. For Lord Duan Jidao to obtain his inheritance, he naturally also became a grand character in his era."

"Back then, the Duan Dynasty was only able to rise in power because of Lord Duan Jidao. Unfortunately, the people from the Duan Clan were too adherent to old ideas. Not only had they ruined the Duan Family, they also ruined Lord Duan Jidao," Yin Gongfu sighed and shook his head.

"Exactly what happened back then?" Chu Feng hurriedly asked. He knew that the Duan Dynasty had originally possessed the chance to surpass the Four Great Imperial Clans. Yet, they were suddenly exterminated. Because of that, Duan Jidao disappeared for thousands of years. Even now, very few people knew that Duan Jidao was still alive.

"This will have to begin with a love story. Lord Duan Jidao fell in

love with a woman. The two of them were in love with one another. Their feelings for each other were superb. However, due to the fact that that woman was Lord Duan Jidao's aunt, the people from the Duan Family were utterly against them being together."

"Lord Duan Jidao made a firm resolution to marry none other than her. As such, the Duan Family's voices of disapproval were completely ignored by Lord Duan. Thus, when Lord Duan Jidao left the Duan Family to do some training, they forced the death of that woman."

"When Lord Duan learned of this matter, he become incomparably furious. Enraged, he ended up killing his entire clan," Yin Gongfu said.

"The Duan Dynasty was actually ruined by Senior Duan Jidao himself?" After learning of this matter, Chu Feng was also extremely shocked.

"That's right. To become enraged over a beauty, one could do anything. This holds even more true for Lord Duan Jidao, as he is a very passionate person."

"Furthermore, although that aunt of his was also considered to be a Duan Clansman, she was actually not from the same branch as Lord Duan Jidao. Merely, her age was several hundred years older than Lord Duan's. That was the reason why the people from the Duan Clan did not approve of it. If the people from the Duan Clan had not been so inflexible, such a disaster would not have happened," When mentioning this matter, Yin Gongfu felt a great amount of pity. It was true, this was a tragedy, an enormous tragedy.

"Indeed. Love is free, how could others forcibly stop someone from loving another?" Although Chu Feng felt that what Duan Jidao did was wrong, he could very well imagine that if someone were to force the death of his lovers, he too would definitely not let

them get away. Thinking about it that way, Chu Feng was able to understand Duao Jidao.

“After Lord Duan calmed down, he discovered that he had killed all of his clansmen. Because of that, he felt an enormous burden and pain, and began to blame himself incessantly. Had it not been because he had obtained Emperor Huang’s inheritance, and did not wish for Emperor Huang’s strength to die off in his hands, he would’ve already killed himself.”

“Although he did not commit suicide, living was extremely painful for him. He was depressed for an extremely long time, over a thousand years.”

“It was only after many years passed that Lord Duan began to discover that his health was growing worse and worse by the day. After discovering that he would be unable to continue on for another hundred years, Lord Duan arrived at this place and established the World’s Hidden Valley. He began to find outstanding members of the younger generation from the Royal Families to grant them Imperial Bloodlines and nurture them. He wanted to find his successor from among them,” Yin Gongfu said.

“Could it be that Song Yuheng is thought of that highly by Senior Duan because of what happened in the past?” Chu Feng asked.

Hearing that, the gaze with which Yin Gongfu looked to Chu Feng changed to one of admiration. Then, he nodded and said, “Chu Feng, you’re very smart. You’ve guessed correctly.”

Chapter 1842 – Passing On By Force

“The reason why Lord Duan Jidao was so enraged back then was because not only did the Duan Clan force the death of his lover, the corpse of his lover was actually unable to be found.”

“As such, Lord Duan Jidao suspected that the Duan Clan had destroyed his lover’s corpse. That was why he was so enraged, and ended up massacring his entire clan.”

“However, Song Yuheng’s grandfather had managed to find Lord Duan Jidao’s lover’s corpse. Although many years had passed, and she had already turned into bones, but her special long skirt was still the same as it was back then.”

“It was precisely because of that that Song Yuheng was thought so highly of by Lord Duan Jidao. When all’s said and done, he was grateful toward Song Yuheng’s grandfather,” Yin Gongfu said.

“No wonder Song Yuheng’s father dares to speak to senior in such a manner. So he actually possesses backing. That said, Song Yuheng’s grandfather knew about senior Duan’s past?” Chu Feng asked.

“He didn’t. in fact, it was quite a coincidence. His grandfather was a world spiritist who was fond of doing shady things like robbing tombs. Originally, Lord Duan Jidao was extremely disgusted with him. If it hadn’t been for the fact that Song Yuheng’s talent was quite good, he would’ve already driven him away.”

“However, one day, Song Yuheng’s grandfather actually brought back a corpse. He said that he felt that the clothes on that corpse were a treasure, and wanted Lord Duan Jidao to help inspect them for him.”

“Originally, Lord Duan Jidao was extremely enraged by his actions. Not only was Song Yuheng’s grandfather robbing tombs,

he actually even wanted to make him an accomplice. As such, Lord Duan Jidao planned to severely punish him. However, when he saw the corpse, he discovered that it was actually his lover's corpse. At that moment, sadness and joy filled him simultaneously. It is said that Lord Duan Jidao actually began weeping bitter tears on the spot."

"Afterwards, not only did Lord Duan Jidao not punish Song Yuheng's grandfather, he instead rewarded him and forcibly helped him reach rank one Martial Emperor from rank nine Half Martial Emperor. Right now, with Lord Duan's assistance, Song Yuheng's grandfather has become a rank two Martial Emperor, and is highly valued by Lord Duan Jidao," Yin Gongfu said.

"There's actually such a coincidence in this world?" Chu Feng gasped with admiration.

"Yes, such a coincidence happened," Yin Gongfu felt helpless. He disliked coincidences like that very much. However, it had already happened.

"Although senior Duan Jidao wanted to help find a successor for Emperor Huang, he was influenced by his emotions. If he is to truly pass on the strength of Emperor Huang to Song Yuheng, it would definitely not be a sensible act," Chu Feng said.

"That's not the case. If Lord Duan Jidao had decided to make Song Yuheng his successor, he would've already passed Emperor Huang's power on to him. The reason why he still has not passed his power on is because he is still wishing to be able to find an appropriate candidate to pass the power on to."

"Unfortunately, he has been incapable of finding a successor even now. While there are a lot of outstanding members of the younger generation from the Four Great Imperial Clans, Lord Duan will definitely not have a genius nurtured by the Four Great Imperial Clans as his successor," Yin Gongfu explained.

"Indeed. If they have been abandoned by the Four Great Imperial

Clans, it would be fine. However, if they were geniuses nurtured by the Four Great Imperial Clans, if senior Duan Jidao were to pass them Emperor Huang's strength, it would be equivalent to him helping the Four Great Imperial Clans increase their strength," Chu Feng naturally did not wish for the Four Great Imperial Clans to obtain Emperor Huang's power.

"However, I've found a suitable candidate now," Yin Gongfu looked to Chu Feng.

"Senior, please don't joke around. I am not someone who possesses an Imperial Bloodline. How could I receive the bloodline power?" Chu Feng understood Yin Gongfu's intentions, and began to shake his head repeatedly. The reason for that was because he wanted Jiang Wushang to obtain Emperor Huang's power. He had never thought about obtaining Emperor Huang's power himself.

The reason why Chu Feng had not thought about that was because Chu Feng was able to determine that Emperor Huang's power was related to his Inherited Bloodline. Although his Inherited Bloodline might be stronger than ordinary Imperial Bloodlines, it should only be above Imperial Bloodlines.

However, his own Inherited Bloodline greatly surpassed Imperial Bloodlines. If he were to accept Emperor Huang's Bloodline, it might be possible for his cultivation to momentarily increase sharply. However, it might also be possible for his own Inherited Bloodline to become impure after mixing with Emperor Huang's Inherited Bloodline.

If that were to happen, it would affect his future cultivation progress. The gains would not make up for the losses.

"Little friend Chu Feng, do you know why I've told you about these things?"

"The reason for that is because, before I came to find you, I had already made the decision to recommend you to Lord Duan Jidao to have you become the successor of Emperor Huang," Yin

Guangfu tried his best to persuade Chu Feng.

“Senior, you absolutely must not do that. I absolutely cannot accept Emperor Huang’s power,” Chu Feng shook his head repeatedly.

“Chu Feng, think it over carefully. If Song Yuheng is to really become the successor, your brother Jiang Wushang will most likely be killed by him. For his sake, you should accept that power,” As Yin Gongfu spoke, he suddenly lifted his hand and pressed it onto Chu Feng’s head.

At this moment, Chu Feng was startled. He felt that an enormous power was entering through his head and rushing through his entire body. Before that power, Chu Feng felt his entire body turning numb. He was actually unable to move at all.

“Little friend Chu Feng, you also do not wish for the power of Lord Emperor Huang to end up in the hands of a vile character, right? For the sake of the people of the world, I can only wrong you,” As Yin Gongfu spoke, his palm trembled. Immediately, Chu Feng felt his vision growing blurry. Then, he lost consciousness.

Afterward, Yin Gongfu carried Chu Feng on his shoulder and proceeded toward a hidden location in the World’s Hidden Valley. This place was a forbidden area of the World’s Hidden Valley. Only a few people were allowed to enter this place. As for Yin Gongfu, he was one of them.

This place resembled a wild, mountainous land. However, within that wild, mountainous land was a beautiful grave. On the gravestone were the words, ‘Beloved Wife, Duan Qirou.’

An old man was sitting cross-legged before this grave. He had dishevelled hair that made him resemble a beggar. Just like that, he sat motionlessly.

“Lord Duan,” Yin Gongfu placed Chu Feng onto the ground and then stepped forward to greet that man respectfully. It turned out

that that man was the renowned Duan Jidao.

“Who is it that you’ve brought with you?” Duan Jidao asked. However, he did not even bother to turn his head around to look.

“Lord Duan, he is Chu Feng, that young man who has become a great enemy to the Four Great Imperial Clans recently,” Yin Gongfu said.

“Why did you bring him here?” Duan Jidao asked.

“Lord Duan, this child’s talent is exceptional. He is no ordinary person. With a cultivation of rank eight Half Martial Emperor, he was able to defeat a rank one Martial Emperor. Furthermore, he is a Dragon Mark Royal-cloak World Spiritist,” Yin Gongfu said.

“Oh?” Hearing those words, Duan Jidao started to slowly stand up to carefully size Chu Feng up.

“Indeed, he is a good sapling. Merely, why did you bring him here?” Duan Jidao asked.

“Milord, you have been feeling distressed this entire time because you have been unable to find a successor for Emperor Huang. I feel that Chu Feng is suitable,” Yin Gongfu said.

“Insolent! How could Emperor Huang’s bloodline be so randomly passed on to others?!” Duan Jidao shouted angrily.

“Putt~~~”

Yin Gongfu knelt on the ground and said, “Milord, although I have only met Chu Feng today, I have been paying attention to his various accomplishments the entire time. I feel this child is an upright and honest man, a person who is loyal, and he possesses righteousness that is rare nowadays. Although he is wanted by the Four Great Imperial Clans, their accusations of him are all false.”

“Currently, the Four Great Imperial Clans want this child dead. Although he possesses extremely heaven-defying talent, it remains that he is still very small and weak. If you are able to pass on the

power of Emperor Huang to him, it would be of assistance to him. I feel that if Emperor Huang's spirit was still alive in the heavens, he too would wish for his power to be passed on to this child."

"Although there is an abundant amount of geniuses in the Holy Land of Martialism right now, there is not a single person from the younger generation in the entire Holy Land of Martialism more qualified to receive Emperor Huang's power than Chu Feng."

"....." After hearing what Yin Gongfu said, Duan Jidao, who was extremely angry, had managed to calm down a lot.

What Yin Gongfu had said was a stab to his sore spot. Out of gratefulness, he had planned to pass on Emperor Huang's power to Song Yuheng. However, he had not done so the entire time because he felt that he would be letting Emperor Huang down should he do so.

He naturally knew that Emperor Huang would want his power to be passed on to those with talent. Actually, back then, he himself had not been qualified to obtain Emperor Huang's power. The only reason why he had managed to obtain Emperor Huang's power was all due to luck.

Although he had obtained the power with luck, Duan Jidao made a firm resolution when he obtained Emperor Huang's power that after he gained strength, he would find the most outstanding member of the younger generation in the Holy Land of Martialism to succeed Emperor Huang's power so that Emperor Huang would be able to rest in peace. However, things had turned out contrary to the way he had wished.

Upon thinking of that, Duan Jidao began to survey Chu Feng once again. The more he observed Chu Feng, the brighter his eyes shone. Chu Feng's each and every aspect surpassed his imagination.

Such a Chu Feng was simply even more excellent than the candidate that he had in mind. Duan Jidao felt that even if

Emperor Huang, Huangfu Shou, were still alive, he would also definitely pass his power on to Chu Feng after seeing him.

Chapter 1843 – The True Remains

“Indeed, he’s a good sapling. This is the first time that I’ve seen a member of the younger generation as powerful as him.”

“But, why is he unconscious?” Duan Jidao asked.

“Lord Duan, Chu Feng did not wish to obtain your inheritance. It is I who brought him here by force,” Yin Gongfu said.

“There’s actually someone in this world who does not wish to obtain my inheritance?” Duan Jidao was shocked upon hearing that. Then, a stubborn expression appeared in his aged eyes. He looked to Chu Feng, smiled and said, “This child is truly arrogant. I shall see what abilities he possesses for him to dare to refuse even my inheritance.”

“Paa~~~”

After he finished saying those words, Duan Jidao placed his left palm onto Chu Feng’s dantian area. Then, he moved his right hand and took out countless amounts of ores from his Cosmos Sack. There were so many ores that they actually piled up into a small mountain. These were the same ores that Jiang Wushang and the others were mining.

“Buzz~~~”

Suddenly, Duan Jidao extended his hand and grabbed. A piece of ore entered his hand. After the ore entered his hand, it rapidly melted away. Following that, his body started to radiate with light.

Seeing this scene, Yin Gongfu immediately revealed an ecstatic expression. He had truly never expected that Duan Jidao would forcibly pass his power on to Chu Feng. Duan Jidao was even more straightforward than he had anticipated.

“How could it be? His dantian...” Duan Jidao revealed an expression of shock.

“Milord, what’s wrong?” Yin Gongfu asked concernedly.

“It’s nothing. I refuse to believe that this won’t work,” Duan Jidao waved his sleeve. The mountainous pile of ore began to enter his hand nonstop. Piece by piece, they dissolved and turned into a special power that was forcibly instilled into Chu Feng’s dantian.

“Boom~~~~”

Suddenly, a muffled explosion was heard. That explosion originated from within Chu Feng’s body. After that muffled explosion was heard, Duan Jidao was forced back many steps repeatedly. It was only when he was a hundred meters away from Chu Feng that he managed to steady himself.

“Milord, what happened?” Seeing this, Yin Gongfu was deeply shocked. Being associated with Duan Jidao for so long, Yin Gongfu knew very well how powerful Duan Jidao was. Describing him with the word ‘unfathomable’ would be the most suitable.

However, at this moment, not only had Duan Jidao been forced a hundred meters away, his aged body was also violently trembling.

“I’m fine.”

Duan Jidao waved his hand. However, his breathing was very rapid. It was only after a long time that he finally managed to moderate his breathing. Then, he showed a complicated gaze, and began to examine Chu Feng carefully for a while. After that, he looked to Yin Gongfu and asked, “Do you know whose descendant Chu Feng is?”

“This junior does not know. Chu Feng’s origin seems to be a mystery,” Yin Gongfu said.

“Inconceivable, truly inconceivable. No wonder that child is so heaven-defying and possesses his strength at such a young age,” Duan Jidao exclaimed in admiration.

“Lord Duan, exactly what’s going on with Chu Feng?” Yin Gongfu was completely confused.

“There is simply no need for him to receive my inheritance. I am also unable to pass on Lord Emperor Huang’s power to him,” Duan Jidao said.

“Why is that?” Yin Gongfu started to panic. He had truly hoped that Duan Jidao would pass Emperor Huang’s power on to Chu Feng.

“Why is that?” Duan Jidao smiled and shook his head, “In his body is a power stronger than even Imperial Bloodlines. Likely, the altitude that he will reach in the future is something that would be impossible for even Lord Emperor Huang.”

“Milord, is what you said the truth?” Yin Gongfu felt this to be hard to believe.

“Naturally. I possess Lord Emperor Huang’s bloodline. However, should I compare my bloodline with this Chu Feng’s, it is simply incomparable,” Duan Jidao said.

“This...”

Hearing those words, Yin Gongfu was extremely shocked. When he looked to Chu Feng again, his expression became very complicated.

Suddenly, Yin Gongfu walked over to Chu Feng and placed his hand on Chu Feng’s forehead. A stream of energy was removed from Chu Feng. Chu Feng’s body trembled, and then he opened his eyes.

“Chu Feng, although you were unconscious, you were only half unconscious. You should know what happened earlier.”

“Earlier, Lord Duan wanted to pass on his power to you. However, he was simply unable to do so. The reason for that was because you possess an Inherited Bloodline even stronger than his. Chu Feng, exactly who are you? What sort of bloodline do you have in your body? Could it really be as the rumors say, that your bloodline is a bloodline capable of bringing fear to Imperial

Bloodlines?” After waking Chu Feng, Yin Gongfu asked him many questions in succession.

“Senior, it is true that I possess an Inherited Bloodline. As for my Inherited Bloodline being stronger than Imperial Bloodlines, that is also the truth, and not just a rumor. Otherwise, the Four Great Imperial Clans would not want me dead as badly as they do. The reason for that is because I am indeed a threat to them.”

“As for my identity, even I myself am uncertain. As I do not know who my parents are, I naturally also do not know exactly what my Inherited Bloodline is,” Chu Feng did not say the whole truth. He did not wish to tell Yin Gongfu and Duan Jidao that he was from the Outer World.

Duan Jidao had not successfully passed his power on to Chu Feng. If he had succeeded, then he would’ve been on Chu Feng’s side.

However, since he had failed, Chu Feng was not certain whether or not he was a friend or a foe.

“So that’s the case,” Yin Gongfu began to ponder. He felt extremely regretful that Chu Feng was unable to obtain Duan Jidao’s inheritance.

Chu Feng stood up, then spoke to Duan Jidao. “Senior Duan Jidao, thank you very much for thinking so highly of me. To be unable to obtain your inheritance is this Chu Feng’s loss.”

“However, disregarding the things concerning me, my brother, Jiang Wushang, was wrongly accused. I hope that senior Duan Jidao will be able to distinguish between right and wrong, and not have him receive unjust treatment and bear punishments that he should not have to.”

“Jiang Wushang is your brother?” Duan Jidao asked.

“Yes,” Chu Feng nodded.

“Little friend Chu Feng’s talent is exceptional. In the future, you

will definitely become a very capable person. This old man wishes to become your friend in my later years. However, the World's Hidden Valley possesses its own rules. As Wushang has violated the rules, he must receive punishment. As such, you do not have to plead for him anymore.”

“Gongfu, it's quite late now. You can take little friend Chu Feng back. Remember, you must treat him as a distinguished guest. In the future, little friend Chu Feng is able to come and go through our World's Hidden Valley as he wishes.”

“Oh, that's right. Have the people of our World's Hidden Valley keep their mouths tight. This matter of little friend Chu Feng being here is not allowed to be spread out. If anyone dares to spread that information, they will be killed,” Duan Jidao called to Yin Gongfu.

Chu Feng was no fool. He already understood Duan Jidao's intentions. If Duan Jidao were to release Jiang Wushang, it would come as a disgrace to Song Yuheng. Between Jiang Wushang and Song Yuheng, Duan Jidao had already chosen Song Yuheng. Naturally, he would not release Jiang Wushang just because Chu Feng pleaded for him. Thus, Chu Feng did not try to plea for Jiang Wushang anymore.

Afterward, Chu Feng was brought back to his resting place by Yin Gongfu. However, at this moment, Chu Feng did not give up hope. Instead, he was rejoicing. He had seen an opportunity, an enormous opportunity.

“Eggy, did you see that?” Chu Feng asked Eggy.

“Are you talking about that gravestone?” Eggy asked.

“It's naturally that gravestone that I'm talking about,” Chu Feng said.

“What do you think about it?” Eggy asked.

“Song Yuheng's grandfather must've definitely done something

to the remains. The remains that he presented are fake,” Chu Feng said.

“If that’s the case, then Song Yuheng’s grandfather already knew about Duan Jidao’s past before he even presented the remains. Else, it would impossible for it to be that coincidental,” Eggy said.

“Of course it wouldn’t be that coincidental. Song Yuheng’s grandfather should have known that Duan Jidao deeply disliked him robbing graves. Even if he robbed graves before, he would conceal his actions from Duan Jidao. However, that one time, he decided to present the remains that he had obtained from his grave robbing to Duan Jidao, even bearing the dangers of punishment. It is evident that he did so with a purpose.”

“The reason for that is because he knew that as long as he presented Duan Jidao with what he had obtained, not only would Duan Jidao not punish him, he would instead reward him. And in fact, he succeeded,” Chu Feng said.

“Unfortunately, he doesn’t know that you’ve seen the actual remains. Furthermore, you know where they’re located,” Eggy said.

“That’s right. It would seem that I will be able to help Wushang enormously,” Chu Feng said.

“When do you plan to set out?” Eggy asked.

“Tonight,” Chu Feng said.

It turned out that Chu Feng had seen Duan Jidao’s lover’s gravestone when he had woken up. Other than the name of Duan Jidao’s lover, Duan Qirou, there was also a poem on the gravestone.

I was born when you were not

I was old when you were born

You regret that I was late early

I regret that you were early late
I wished to have been born together
We could have enjoyed our time together
I was so far away from you
You were so distant from me
I'd have become a flower-seeking butterfly
And slept on the fragrant grass every night

That poem was the same poem that was on the gravestone beside the crystal coffin in the Fallen Leaves Bamboo Forest.

Not only did Chu Feng discover that the poem on the gravestone was the same poem that was on the gravestone by Duan Jidao, he also discovered that there were two different types of handwriting on the gravestones. One was extremely firm and hard, whereas the other was gentle and soft.

This meant that the writings on them were by two different people. The firm and hard handwriting was most definitely written by Duan Jidao. He had personally written 'Beloved Wife, Duan Qirou' on the gravestone. As for the gentle and soft handwriting, it should be the handwriting of his beloved wife, Duan Qirou. Duan Jidao had deliberately imitated his lover's handwriting to write that poem on the gravestone.

As for Duan Jidao's imitation handwriting, it just so happened to be exactly the same as the handwriting on the gravestone in the Fallen Leaves Bamboo Forest.

Furthermore, that sentimental poem precisely described the tragedy of a pair of lovers who were unable to be together due to their age difference. This was also very similar to the story of Duan Jidao and Duan Qirou.

Thus, Chu Feng was certain that the mysterious woman in the crystal coffin in the Fallen Leaves Bamboo Forest was the real

Duan Qirou.

As for the so-called remains that Song Yuheng's grandfather had presented to Duan Jidao, regardless of what sort of method he had used to fool Duan Jidao's eyes, they were fake.

Chapter 1844 – The Vicious Song Family

After some deliberation, Chu Feng gave the reason that he had some important matter to take care of, and told Yin Gongfu that he had to leave for a short period of time on that very same night.

Yin Gongfu did not ask Chu Feng any questions about it. Instead, he directly allowed Chu Feng to leave. Furthermore, he gave him a key that was capable of opening the spirit formation around the World's Hidden Valley.

However, Chu Feng did not mention to Hong Qiang that he would be leaving. Actually, regardless of how many concealment abilities Chu Feng possessed, and how enormously strong they might be, it remained very dangerous for him to go out at such a time. Chu Feng did not wish for Hong Qiang to brave the dangers with him. Thus, he planned to journey by himself.

.....

“Such a satisfying sapling is truly rare to come by. Merely... what an enormous pity,” Duan Jidao sighed repeatedly. He was feeling enormous pity that he was unable to pass his power on to Chu Feng.

“Cough, cough, cough~~~”

Suddenly, Duan Jidao began to cough violently. As he coughed, a golden liquid sprayed out from his mouth. When the golden liquid appeared, Duan Jidao's expression became very ugly, and his aura also became much weaker.

However, it seemed that Duan Jidao was already accustomed to this scene. He wiped away the golden liquid around his mouth and did not reveal any shock at all.

“Lord Duan,” Not long afterward, an old man walked over and kneeled before Duan Jidao.

This old man was at the very least three thousand years old. In

fact, in terms of age, he could be even older than Duan Jidao. However, the expression with which he looked to Duan Jidao was extremely respectful. As for this old man, he was Song Yuheng's grandfather.

"To find me this late, could it be that something has happened?" Duan Jidao asked.

"Milord, something major has happened," Song Yuheng's grandfather said.

"What is this major matter?" Duan Jidao asked.

"The greatly wanted criminal of the Four Great Imperial Clans has intruded upon our World's Hidden Valley. It was Yin Gongfu who let him in," Song Yuheng's grandfather said.

"I already know," Duan Jidao said.

"Milord, you knew?" Song Yuheng's grandfather was extremely shocked to hear that.

"Chu Feng did not intrude upon this place. Instead, I was the one who had Gongfu invite him here. Is that all you wish to tell me?" Duan Jidao asked.

"Eh..." Hearing those words, Song Yuheng's grandfather hesitated slightly before saying, "Chu Feng injured Yuheng. Furthermore, his injuries are extremely serious."

"Oh?" Duan Jidao's eyes narrowed. Then, he looked to Song Yuheng's grandfather and said, "In that case, why didn't you inform me of this sooner, why didn't you bring Yuheng here so that I could treat his injuries?"

"Eh... although his injuries were very serious, they were only superficial wounds. I felt that there wasn't a need to inconvenience Milord. Thus, this subordinate ended up treating his injuries myself."

"Merely, it remains that Yuheng is the successor that Milord

thinks highly of. For him to be publicly beaten, it was truly somewhat detrimental to Milord's prestige," Song Yuheng's grandfather began to sow dissension.

"If you want me to take care of Chu Feng, then you can forget about it. Chu Feng is a distinguished guest I invited here myself. How could I possibly punish my distinguished guest?"

"Furthermore, that child Chu Feng possesses exceptional talent. You should have Yuheng get along with him. An incident like that must not occur again. Furthermore, he must not offend Chu Feng again."

"Oh, that's right, tell your men that they are not allowed to spread any information about Chu Feng being here. If there is anyone that dares to inform the Four Great Imperial Clans that Chu Feng is here, I will definitely not show any mercy toward them," Duan Jidao said.

Hearing those words, Song Yuheng's grandfather's expression became extremely ugly. He had come here for the sake of reporting the grievances that Song Yuheng had suffered so that he could have Duan Jidao take care of Chu Feng and Yin Gongfu.

However, he never would've expected that Duan Jidao's attitude would be that cold. Not only did he not punish Chu Feng, he was even protecting Chu Feng. This made him feel extremely unreconciled.

"This subordinate understands," Although he was extremely unreconciled, Song Yuheng's grandfather did not dare to go against Duan Jidao.

"Mn, that's more like it. It's better to have one more friend than one more enemy."

"Oh, also, tell Yuheng to prepare himself and choose a good day. I plan to attempt to pass on a portion of my Inherited Bloodline's power to him," Duan Jidao said.

“Ah? Milord, you’re planning to pass your power on to Yuheng?” Song Yuheng’s grandfather was extremely shocked upon hearing those words. In fact, he didn’t even dare to believe his own ears.

“Yuheng’s body is weak. I cannot pass my power on to him all at once. I must do it over many sessions. Furthermore, he must be in a very healthy state for me to be able to pass my power on to him. You understand what I mean?” Duan Jidao said.

“Yes, yes, yes. This subordinate understands. I will return and properly look after Yuheng’s health,” After finding out that Duan Jidao was serious, Song Yuheng’s grandfather was overjoyed.

“In that case, why are you still standing here? Quickly, return and help him heal his injuries,” Duan Jidao said.

“Yes, Milord,” Song Yuheng’s grandfather hurriedly left.

“Sigh~~~~” After Song Yuheng’s grandfather left, Duan Jidao sighed helplessly. As the moonlight shone on his aged face, one could see a deep sense of guilt.

“Lord Emperor Huang, I will not live for much longer. Although I am also unwilling to pass your power on to Song Yuheng, I can only wrong your power again. I hope that you will not blame me.”

“After all, you told me that I cannot pass your power on to the clansmen of the Four Great Imperial Clans that are nurtured by them, nor could I pass your power on to the disciples of the Three Palaces. With that sort of requirement, it is truly difficult to find someone to pass your power on to.”

“That Chu Feng today is a rare good sapling. He is the best candidate ever for your power. Unfortunately, his bloodline, sigh...”

“I believe that you can also see my efforts. I hope that you do not blame me. I have truly tried my hardest.”

Duan Jidao said those words in a very ashamed manner. Then, he turned around and looked at Duan Qirou’s grave, looked at that

ice-cold gravestone. A smile of relief emerged on his face. He said, "Qirou, wait a moment longer. I will soon join you."

.....

At this moment, Song Yuheng's grandfather had arrived at Song Yuheng's residence. Song Yuheng and his father were both present in this place.

"Grandfather, how was it? What did Lord Duan say? Is he going to severely punish that Chu Feng?" At this moment, Song Yuheng was completely healed. After all, the only injuries he had sustained were superficial injuries. With the ability of his grandfather, healing him was extremely effortless.

"It's a bit thorny. Duan Jidao seemed to have met Chu Feng. Furthermore, he thinks very highly of him. Not only did he give the order to not allow anyone to spread the news of Chu Feng being here, he even wanted you to befriend that Chu Feng," Song Yuheng's grandfather said.

"What? He wants me to befriend that Chu Feng? How is that possible? Today, he beat father and I in front of so many people," Song Yuheng was unwilling.

"Quiet down. How could you possibly be able to achieve greatness should you be unable to endure something small like that? I merely want you to befriend that Chu Feng for the time being. No one said that you must truly befriend him," Song Yuheng's grandfather rebuked angrily. Seeing his grandfather's reaction, Song Yuheng calmed down.

"However, there's good news too. After my meticulous efforts, Duan Jidao has finally decided to pass his power on to you," Song Yuheng's grandfather said.

"Grandfather, is what you said the truth?" Hearing those words, Song Yuheng and his father were both overjoyed. They were so excited that their bodies even started to tremble, their breathing

began to rush and their heartbeat began to violently throb.

“Of course. Yuheng, you will soon become Duan Jidao’s successor. Ah, no, not Duan Jidao’s successor, it’s Emperor Huang’s successor. Haha... I truly have not expended all my efforts in vain. Today, all the hard times are finally over, and the good times are just beginning.”

“However, before this, you must carefully recuperate your body. Duan Jidao said that your body is weak. I am going to help you obtain the best condition. We must guarantee that the first session of passing on power will be a success. Only in that way will he be certain that you are suited to become his successor,” Song Yuheng’s grandfather said.

“Mn, I leave everything to grandfather’s arrangements,” Song Yuheng nodded his head repeatedly.

“As long as you obtain Duan Jidao’s inheritance, in the future, you will not only become the master of the World’s Hidden Valley, you will also obtain the power of Emperor Huang. You will become this era’s overlord.”

“At that time, Yin Gongfu? Jiang Wushang? Humph, all those who have gone against us will be killed.”

“Even that Duan Jidao will be killed,” After saying those words, a trace of ruthlessness flashed through Song Yuheng’s grandfather’s eyes.

Chapter 1845 – Who Is Fighting?

“Grandfather, you’re even going to kill Lord Duan Jidao?” Song Yuheng was surprised.

“You’re still addressing him as Lord? Is he even worthy of that title? The anger he gave me over the years, is it not enough? I have lowered myself before him, endured humiliation in silence for so many years, all so that I could kill him,” Song Yuheng’s grandfather said.

“But grandfather, he’s still...” Song Yuheng was afraid.

“Yuheng, there’s no need for you to fear. Duan Jidao is plagued with a chronic illness. He will not be able to continue living for long. When he has finished passing on his power to you, he will have emptied his strength completely. Adding on his chronic illness that cannot be treated, he will soon become a cripple. At that time, his little life shall be mine.”

“Humph. He most definitely wants to kill himself so that he can accompany that Duan Qirou sooner. However, I will not give him that opportunity,” Song Yuheng’s grandfather said.

“Grandfather, you’re not planning to bury the two of them together?” Song Yuheng asked.

“Bury them together? That’s right, I must bury them together. After all, that Duan Qirou was fake to begin with. After he dies, he will come to find out that the one that he will be buried together with is not the lover that he yearned for day and night. At that time, that Duan Jidao will definitely die with grievances.”

“That’s right, I will make him die with grievances. I’ll have him kill himself and then throw himself into that grave,” A perverted smile appeared on Song Yuheng’s grandfather’s face.

“Grandfather, what about that Chu Feng?” Song Yuheng asked.

“Chu Feng? He naturally has to die too. However, there’s no need

for us to take care of him ourselves. Right now, he's extremely valuable. If we are to hand him over to the Four Great Imperial Clans. Haha..." As he said those words, greed emerged on Song Yuheng's grandfather's face.

At that moment, the smile on his face grew even stronger. With his grandfather present, Song Yuheng felt that all of his wishes would be realized.

For example, back then, Song Yuheng was not the person who Duan Jidao had thought to be the most suited to be his successor. However, he was soon about to obtain Duan Jidao's inheritance. All of this was due to his grandfather.

"Milord," Right at this moment, a soft call sounded from outside the palace hall.

"Woosh~~~"

Song Yuheng's grandfather waved his sleeve and removed a layer of spirit formations. Then, he opened the tightly shut door to the palace hall and said, "Come on in."

Soon, a man with the cultivation of peak Half Martial Emperor ran in and knelt on the ground.

"It's so late now. For you to not properly be at Yin Gongfu's side and instead come to my place, do you not fear him growing suspicious?" Song Yuheng's grandfather asked.

"Milord, this subordinate naturally fears Yin Gongfu becoming suspicious. Merely, you mentioned that I must report to you immediately should something important happen," The man said.

"What is it?" Song Yuheng's grandfather asked.

"Milord, just earlier, Chu Feng grabbed the key and left the World's Hidden Valley by himself," The man reported.

"What? He escaped?" Song Yuheng's grandfather was shocked to hear that Chu Feng had escaped. Then, an expression of worry

appeared on his face. He did not wish for Chu Feng to leave.

“Indeed, he has left. He said that he had something important that he must do. However, this subordinate also heard him telling Yin Gongfu that he would return after some time,” The man said.

“He’ll return? That’s good,” Hearing those words, Song Yuheng’s grandfather heaved a sigh of relief.

“Very good, you’ve reported to me very promptly,” Song Yuheng’s grandfather waved his sleeve. Then, a Cosmos Sack fell into that man’s hand.

“Thank you Milord,” Upon receiving the Cosmos Sack, the man was overjoyed.

“Continue to properly work for me and you will be paid well. You can withdraw now,” Song Yuheng’s grandfather waved his sleeve.

“Yes,” The man withdrew himself.

“Truly, good news happens in succession today,” Song Yuheng’s grandfather said in a very joyous manner.

“Grandfather, what other good news is there?” Song Yuheng asked.

“Although Chu Feng left, he will still return. As long as I guard this World’s Hidden Valley and lay in ambush, I will be able to secretly capture him.”

“At that time, I simply will not have to wait until you finish obtaining the inheritance and for Duan Jidao to die. Instead, we will be able to obtain Chu Feng’s bounty right away. Tell me, is that good news or not?” Song Yuheng’s grandfather said.

“Brilliant! Grandfather, you are truly brilliant!” Song Yuheng praised while holding out his thumb.

“Of course. Otherwise, how could I make that renowned Duan Jidao run around in circles on my palm? Hahaha....” Song Yuheng’s grandfather laughed complacently.

Chu Feng did not know about the despicable scheme that Song Yuheng and his grandfather had for him. At this moment, Chu Feng was proceeding toward the Alliance Domain with all his strength. He had to obtain that crystal coffin as soon as possible. If he were to delay, something might happen.

There were actually many reasons why Chu Feng did not directly tell Duan Jidao and have him go and obtain the remains himself after finding out about Duan Qirou's remains were fake.

Firstly, if he were to mention Duan Qirou's remains to Duan Jidao, he would have betrayed Yin Gongfu. He would've let Duan Jidao know that Yin Gongfu had told him about his greatest secret.

In anger, Duan Jidao might severely punish Yin Gongfu. At that time, how could he possibly trust Chu Feng? If he were to trust Chu Feng, it would be fine. However, if he didn't trust Chu Feng, Chu Feng might even end up losing his life.

While Duan Jidao looked like a wreck of an old man right now, it remained that he was someone who had wiped out his entire clan due to anger. As such, Duan Jidao most definitely possessed an extremely fiery temper.

Thus, in order to prevent those accidents from happening, Chu Feng had no choice but to go and remove the crystal coffin himself. Although it would be revealed that he knew of Duan Jidao's secret when he took out Duan Qirou's corpse, Duan Jidao would definitely be extremely happy to find out that his lover's corpse was still perfectly maintained.

At that time, even if he were to blame Chu Feng and Yin Gongfu, he would likely not punish them. At that time, the one that would suffer would be Song Yuheng's grandfather.

After journeying for some time and passing through the Ancient Era's Teleportation Formation, Chu Feng arrived at the Alliance Domain.

“Rumble~~~”

“Rumble~~~”

Right after Chu Feng walked out from the Ancient Era’s Teleportation Formation, Chu Feng heard thunder-like rumbling sounding nonstop from the distance.

He looked toward the direction of the rumbles, and discovered that a blaze was radiating all over the distant horizon. Even space itself was shattering nonstop. In fact, even the earth that Chu Feng stood on was trembling slightly. Someone was fighting.

For there to be such powerful might on display, Chu Feng determined that the people fighting were most definitely no ordinary martial cultivators. Most likely, they were Martial Emperor-level experts. Else, it would be impossible for him to be able to see and feel their battle from such a far away place.

Chu Feng had determined that the battlefield was several million miles away. Millions of miles, that was a distance that an ordinary martial cultivator’s might would not be able to transmit through.

Seeing that Chu Feng was looking toward the direction where the rumbles were sounding from and not continuing his journey, Eggy asked, “Chu Feng, what’s wrong?”

“That is the direction of the World Spiritist Alliance. There are not many Martial Emperors in the Alliance Domain. Yet, there are Martial Emperors fighting there right now. Furthermore, they are battling with such might. I feel that something is wrong,” Chu Feng said.

“That’s simple. Go over there and check it out. Although you’re in a rush, a short moment of delay will not mean much.”

“Moreover, your little darling Su Mei is in that World Spiritist Alliance. If something is really happening in the World Spiritist Alliance, you must involve yourself with it,” Eggy said.

“Zzzzz~”

Before Eggy had even finished what she was saying, Chu Feng had turned into a ray of light and flew towards the direction of the battle.

Chu Feng had not only unleashed his Divine Lightnings to increase his cultivation to rank one Martial Emperor, he had also unleashed his fastest movement technique, the Azure Dragon Dashing Technique. Chu Feng's speed was extremely fast. In a flash, he traveled several miles. Even though the battle was very far away, with Chu Feng's speed, he soon arrived at the battlefield.

Chapter 1846 – An Enormously Pleasant Surprise

Although Chu Feng had only approached the battlefield, and had not actually entered the battlefield, with his Heaven's Eyes' extremely powerful perceptive ability, Chu Feng was able to determine exactly who it was that was fighting.

There were three people fighting. Two among them were wearing black cloaks with a strange veined pattern on their clothes. That veined pattern was crimson red in color, and gave off the appearance of being dyed with blood. Furthermore, they were emitting a faint glimmer. It was extremely strange.

Other than those strange black cloaks, those two men were also wearing masks. Their masks were also pitch-black, and also had that strange crimson veined pattern on them. Adding onto their crimson-colored eyes, the two of them looked like two human-shaped monsters, two ghosts in the world of mortals.

With the two of them wearing the same outfit, they were naturally on the same battlefield. Furthermore, the two of them both possessed cultivations of rank one Martial Emperor.

As for the other person that they were fighting, Chu Feng was able to recognize him with a single glance. He was an acquaintance. He was the World Spiritist Alliance's Left Reverend.

The Left Reverend was also a rank one Martial Emperor. Back then, the Left Reverend had appeared like a god to Chu Feng. He had seemed so enormously powerful. However, at this moment, fighting against two rank one Martial Emperors, he was placed in a very strenuous state.

There were many bloody wounds on his body already. His flesh was cut open, and white bones could be seen.

Although they were only superficial wounds that could not be

said to be anything serious, it was sufficient to show that the Left Reverend was in a very disadvantaged state in this battle.

“Left Reverend, [a fine bird chooses a good tree to nest in](#), must you act this stubbornly?” One of the two black cloaked Martial Emperors asked.

“Indeed, a fine bird chooses a good tree to nest in. As for your rotten tree, I am not interested,” Left Reverend said.

“In that case, you shall die,” Hearing those words, the two mysterious black-cloaked men simultaneously unleashed fatal attacks at the Left Reverend.

The two of them had unleashed Earthen Taboo Martial Skills. Furthermore, they were not ordinary Earthen Taboo Martial Skills. The two of them had unleashed Earthen Taboo Martial Skills that complemented one another. Being unleashed with Incomplete Imperial Armaments, those two Earthen Taboo Martial Skills were extremely frightening.

“Roar~~~”

Although they were only made up of a layer of golden-bright and dazzling martial power, they emitted extremely frightening roars. If there were people below Half Martial Emperor in their surroundings, a single roar would be enough to kill them miserably, leaving neither soul nor body behind.

Before those frightening attacks, even the Left Reverend’s expression took a huge change. It would be extremely difficult for him to block these incoming attacks. Even if he were able to block them, he would be even more seriously injured.

“Rumble~~~”

However, right when the two Earthen Taboo Martial Skills were about to approach him, they both exploded. The two Earthen Taboo Martial Skills had been blocked.

This scene came as an enormous surprise to the Left Reverend.

The reason for that was because he saw a familiar silhouette standing before him. It was shock from the person who had blocked the incoming attacks for him. As for that person, he was none other than Chu Feng.

“Junior pays his respects to Lord Left Reverend,” Chu Feng clasped his fist and greeted the Left Reverend respectfully.

“Chu Feng, it’s really you?” The Left Reverend was filled with astonishment. He was not only shocked because Chu Feng had appeared here, more than that, but also because of Chu Feng’s current cultivation. Chu Feng’s cultivation was actually the same as his own, a rank one Martial Emperor.

Not long ago, he had heard about the rumors of Chu Feng at the Gong Ba Plains. Although the Chu Feng in the rumors had been extremely powerful, he had still only been a Half Martial Emperor. How had he managed to become a rank one Martial Emperor in such a short period of time?

Right at this moment, one of the black-cloaked men spoke. “So you’re Chu Feng. Your name has been known to me for a long time. Finally, I’ve met you today.”

“You two know who I am?” Chu Feng asked.

“Is there anyone in the Holy Land of Martialism who doesn’t know the name of Chu Feng now?”

“It seems s that you really do possess a special technique that actually allowss your cultivation to increase to rank one Martial Emperor. You are truly extraordinary.”

“However, you’re only a fake Martial Emperor. Yet, you actually want to stand up for the Left Reverend? Do you think that you were really capable?” The two black-cloaked men’s gazes were crimson red, like those of monstrous beasts. However, Chu Feng could tell from their gazes that they were looking down on him.

“You asked whether or not I’m capable? I’ll let you know

whether or not I'm capable right away," Chu Feng smiled lightly. Then, with a thought, his Water Immortal Profound Technique and Fire Immortal Profound Technique appeared. The two supreme Secret Skills soared forward to either side of him and surrounded the two mysterious black-cloaked men.

"Damn it, we actually forgot he knew this trick."

Upon seeing the Water Immortal Profound Technique and the Fire Immortal Profound Technique, the two mysterious black-cloaked men were immediately startled. Even though their faces were covered by masks and their expressions could not be seen, their current body language showed Chu Feng that they were afraid.

However, their fear was understandable. The two of them were only rank one Martial Emperors. As for Chu Feng's Water Immortal Profound Technique and Fire Immortal Profound Technique, they were rank two Martial Emperors.

Suddenly, one of the two black cloaked men asked, "Chu Feng, have you heard of the Dark Hall?"

"I have not," Chu Feng said.

"You will soon come to know of the Dark Hall. It is an existence that will surpass the Three Palaces. We are the senior elders of the Dark Hall."

"Today, if you are to release us, we will let this be. However, should you not release us, the Dark Hall will definitely not let you live. The Dark Hall is not a minor character like the Four Clans. If you are to make our Dark Hall your enemy, you will definitely be courting death."

"What? You can't win against me, so you've decided to threaten me? When even your lives are in my hand, do the two of you really think that you possess the qualifications to threaten me?" Chu Feng said.

“Qualifications? You dare to speak of qualifications before the Dark Hall? Chu Feng, if you are to let us go today, then everything will be fine. However, should you not, you shall bear the consequences of your actions,” That man continued to threaten Chu Feng. The two of them did not attack Chu Feng because they knew that they were no match for Chu Feng’s Water Immortal Profound Technique and Fire Immortal Profound Technique even if they were to join hands. At this moment, the only way for them to escape this predicament would be to threaten Chu Feng.

“Very well, I’ll let the two of you go,” Chu Feng waved his hand.

“Chu Feng, you cannot let them go. If you are to do that, you’ll be releasing tigers back into the mountain,” The Left Reverend said.

However, Chu Feng ignored the Left Reverend. With a thought, the frightening Water Immortal Profound Technique and Fire Immortal Profound Technique moved to the side and created a path for the two mysterious men to escape.

“Chu Feng, you are quite smart. Let’s go,” The two men did not hesitate. They turned around and proceed to escape immediately.

“Crash~~~”

“Rumble~~~”

However, right after they began to leave, the Water Immortal Profound Technique and Fire Immortal Profound Technique attacked simultaneously. The two men were engulfed by surging waves of water and a fiery hot seas of flames.

The speed at which the two supreme Secret Skills had attacked was truly too fast. Before the two men could react, they were already engulfed by deep water and scorching fire.

“Chu Feng, you went back on your word! Ahh!!!!”

The two men let out heart-tearing and lungs-splitting screams. At that moment, their bodies were being refined. They were unable to endure it anymore.

“You’re mistaken. I already let the two of you go. Merely, you did not leave quickly enough, which allowed me to catch up to the two of you again.”

“Thus, it is not I, Chu Feng, who went back on my word. Instead, it is the two of you who were too incompetent,” Chu Feng said with a beaming smile.

“You... are truly shameless. Our Dark Hall will not let you get awhhhh!!!” Before the two men could finish cursing at Chu Feng, they screamed again. Then, their bodies disintegrated, and their souls were extinguished. The two men had been killed.

After the two men died, the Water Immortal Profound Technique and Fire Immortal Profound Technique turned into two rays of light that entered Chu Feng’s body. At that moment, two Cosmos Sacks and two Incomplete Imperial Armaments were in Chu Feng’s hand. They had been obtained from those two mysterious men.

After obtaining those goods, Chu Feng looked to the Left Reverend, and discovered that the Left Reverend was looking at him with a shocked expression.

As those two men had fought against the Left Reverend, the Left Reverend knew how powerful they were. While he was fine fighting against one, he was no match against the two of them.

However, opponents that he could not win against were effortlessly killed by Chu Feng. As such, how could he not be shocked?

After all, the Chu Feng from back then had merely been a weak Martial King. Before him, Chu Feng would not have been able to withstand a single blow.

However, Chu Feng was now an existence capable of killing Martial Emperors. Furthermore, he had saved him.

The speed of Chu Feng’s progress was simply lightning fast, and was about to surpass what he could accept.

“Chu Feng, you have truly brought me an enormously pleasant surprise,” The Left Reverend said.

A fine bird chooses a good tree to nest in → A talented person chooses a patron of integrity

Chapter 1847 – Imminent Danger

“Pleasant surprise?” Chu Feng was somewhat puzzled by those words.

“I never expected that someone would save me from this inescapable crisis. However, not only was I saved, I never would’ve imagined that you would be the one to save me. Say, is this not a pleasant surprise?” The Left Reverend said.

“Senior Left, you’re flattering me,” Hearing those words, Chu Feng smiled lightly. It turned out that the Left Reverend was praising him.

“Senior Left, what is that so-called Dark Hall? Why did they attack you?” Chu Feng asked.

“Chu Feng, let’s talk about this while we travel. Quickly, follow me back to the World Spiritist Alliance first,” Hearing Chu Feng asking him those questions, the Left Reverend seemed to have thought of something, and began to hurriedly fly toward the direction of the World Spiritist Alliance.

Seeing the nervous appearance of the Left Reverend, Chu Feng started to frown. Involuntarily, he grew nervous. He had managed to guess that the Dark Hall must not have come for the Left Reverend. Instead, it seemed that they had come for the entire World Spiritist Alliance.

There were many people that were very important to Chu Feng in the World Spiritist Alliance. There’s no need to even mention Su Mei, his lover.

However, other than Su Mei, there was also Sima Ying, Miao Renlong, Fu Feiteng, Lin Yezhou and the others.

Furthermore, even when disregarding those people, the World Spiritist Alliance had also helped Chu Feng enormously. Furthermore, Chu Feng was also a nominal disciple of the World

Spiritist Alliance. With the World Spiritist Alliance in a crisis, Chu Feng could not disregard it.

“Senior, let me lead the way,” Upon thinking of this, Chu Feng arrived before the Left Reverend and unleashed his Azure Dragon Dashing Technique. His speed increased enormously in a flash. Being guided by Chu Feng, the Left Reverend’s speed also increased enormously.

As the Left Reverend looked to Chu Feng who was leading the way beside him, his gaze changed once again. Earlier, he had only been shocked by how quickly Chu Feng had progressed after he had saved him. However now, he truly felt as if he was being overshadowed by Chu Feng.

As a senior, being overshadowed by a junior should ordinarily make one feel uncomfortable.

However, the Left Reverend was feeling extremely happy. The reason for that was because Chu Feng was not an ordinary person from the younger generation. Instead, he was a person from the younger generation who he thought very highly of. It was not only him; the entire World Spiritist Alliance thought very highly of Chu Feng. And now, this person from the younger generation that they thought of so highly had not disappointed them.

On their way to the World Spiritist Alliance, the Left Reverend began to tell Chu Feng the matters concerning the Dark Hall.

The World Spiritist Alliance had never heard of the Dark Hall before. In fact, even now, very few people in the Holy Land of Martialism knew about the Dark Hall.

Not long ago, the Dark Hall had suddenly appeared. It directly found the Assembly Master of the World Spiritist Sacred Assembly, the World Spiritist Immortal, and ordered him to lead his Left and Right Reverends and pay allegiance to the Dark Hall.

Furthermore, they demanded that the World Spiritist Alliance

work for the Dark Hall from then on.

Faced with an unknown power making such unreasonable demands, the World Spiritist Alliance naturally refused immediately.

Especially after the people from the Dark Hall demanded that the World Spiritist Alliance assist them in capturing Chu Feng, the World Spiritist Alliance was so enraged that they drove them away on the spot.

However, the Dark Hall harbored hard feelings, and had returned today to retaliate. Furthermore, they were so powerful that they simply surpassed the World Spiritist Alliance's imagination. Currently, the World Spiritist Alliance was being attacked by the Dark Hall and in a state of imminent danger.

.....

At that moment. In the World Spiritist Alliance. It was as the Left Reverend had described. The entire World Spiritist Alliance was turned upside down and left in an abyss of suffering.

After the people from the Dark Hall charged into the World Spiritist Alliance, they killed everyone they saw and destroyed everything before them. They were extremely ruthless.

At this moment, the losses to the World Spiritist Alliance were disastrous. At the very least, several hundred thousand disciples and elders had been killed. As for the buildings that had been destroyed, they were innumerable.

The World Spiritist Alliance that was located deep underground was currently surging with smoke as far as the eye could see. Rubble was scattered all over the ground. It was truly an appalling scene of devastation.

Fortunately, the experts from the World Spiritist Sacred Assembly had been extremely quick to react, and had immediately dispatched experts to confront the people from the Dark Hall.

If they had come out any slower, then, with the people that the Dark Hall had dispatched this time around, they would have totally been capable of massacring everyone in the World Spiritist Alliance in a short period of time.

“Rumble~~~”

“Rumble~~~”

In the sky, the World Spiritist Alliance’s Alliance Master, Miao Renlong, the World Spiritist Sacred Assembly’s various elders, as well as the person with an equal status to the Left Reverend, the Right Reverend, were all fighting against the people from the Dark Hall.

In order to prevent more devastation from befalling the World Spiritist Alliance, they were doing their best to draw the people from the Dark Hall away from the World Spiritist Alliance’s headquarters.

Unfortunately, the people from the Dark Hall were extremely cunning. They seemed to realize what the World Spiritist Alliance’s experts were planning to do, and refused to be taken in.

So far, only the Left Reverend had managed to lure two rank one Martial Emperors away from the World Spiritist Alliance. However, he had actually been no match for those two Martial Emperors. Had it not been for Chu Feng’s timely arrival, the Left Reverend would have been killed by them.

As for the disciples of the World Spiritist Alliance, they were all being led by the elders to their refuge location. Panic filled all the disciples. In fact, panic was also present in many of the elders’ faces and hearts.

This was not because they were cowards. Instead, it was simply that the people the Dark Hall had dispatched were too powerful. Even the weakest among them were peak Half Martial Emperors. As for Martial Emperors, there were seven of them. With battle

power of that level, the World Spiritist Alliance was greatly inferior to them. To the World Spiritist Alliance, this was a catastrophe.

Even though the disciples were able to seek refuge for now, if the experts from the World Spiritist Alliance fighting the people from the Dark Hall in the sky were all killed by them, then how could they, the disciples, possibly be able to continue to live? How could a mere refuge possibly be able to block the attacks of Martial Emperors?

Not to mention the disciples, even the elders had never seen such a disposition of forces. However, they all knew how powerful their opponents were. As such, how could they not be afraid?

“Ying’er, Yezhou, Feiteng, do as I say and quickly hide yourselves,” The elders were currently earnestly urging Sima Ying and the other disciples to enter the refuge. However, Sima Ying and the others were refusing to enter. Instead, they were standing there and continuing to observe the battle in the distance.

“Elders, you don’t have to urge us anymore. While we live, we will be people of the World Spiritist Alliance. When we die, we will remain ghosts of the World Spiritist Alliance. Although our strength is petty and low, and we are unable to fight and kill those that have assaulted our World Spiritist Alliance alongside the seniors, we insist on living and dying together with the World Spiritist Alliance,” Sima Ying and the others were determined. They all refused to hide.

Hearing those words, the elders sighed and stopped urging them. Furthermore, they also stopped trying to prevent other disciples from staying. Instead, they decided to stand their ground, and looked to the horizon in the same manner as Sima Ying and the others.

At this moment, a frenzied battle was occurring in the sky. There was no need to mention peak Half Martial Emperors.

In terms of the most deadly Martial Emperors, their World Spiritist Alliance possessed a total of three Martial Emperors. The Left and Right Reverends were both rank one Martial Emperors. As for their strongest World Spiritist Immortal, he was a rank two Martial Emperor.

However, the Dark Hall had dispatched a total of seven Martial Emperors. Among them, four were rank one Martial Emperors and three were rank two Martial Emperors.

Even though the Left Reverend had managed to lure two rank one Martial Emperors away, there remained two rank one Martial Emperors and three rank two Martial Emperors.

At this moment, the Right Reverend was fighting one against two, taking on the other two rank one Martial Emperors.

As for the World Spiritist Immortal, he was fighting one against three. Even though the World Spiritist Immortal was one of the Ten Immortals, and his strength was stronger than ordinary rank two Martial Emperors, the three rank two Martial Emperors dispatched by the Dark Hall were all not to be looked down upon either. With the three of them attacking the World Spiritist Immortal from all sides, the World Spiritist Immortal was repeatedly forced to retreat, and barely able to withstand them.

“Boom~~~”

“Wuuahh~~~”

A deafening explosion was heard. Then, a figure dropped from the sky and fell deep into the ground. The powerful impulse of his fall as well as the energy ripples directly turned that region of land into a deep valley.

It was the Right Reverend. The Right Reverend was injured. Even though he was injured, the Right Reverend immediately leapt out from deep underground and returned to fight against those two rank one Martial Emperors again.

There was nothing else that he could do. He must continue to fight against them, for if he stopped fighting them, their opponents would have two rank one Martial Emperors that could massacre their World Spiritist Alliance's elders and disciples. At that time, the consequences would be too horrible to contemplate.

Chapter 1848 – The Descent Of A God

“Could it be that our World Spiritist Alliance that has existed for tens of thousands of years will really cease to exist from today on?”

Faced with the devastation, tears of unreconciliation appeared in the eyes of many of the elders. They were so enraged that their bodies started to tremble.

To them, the World Spiritist Alliance was their home. Who would want one’s home to be ruined and one’s family to be killed?

“World Spiritist Immortal, I’ll give you another opportunity to decide. As long as you agree to serve our Dark Hall and reveal Chu Feng’s whereabouts, your World Spiritist Alliance will not only be able to come out from this unscathed, our Dark Hall is also able to help your World Spiritist Alliance become even stronger, and turn it into the head of the Nine Powers,” A rank two Martial Emperor that was the leader of the people from the Dark Hall said with a loud voice as he fought against the World Spiritist Immortal.

“Listen carefully, we do not know about Chu Feng’s whereabouts. And even if we did, we would not tell you. You can kill us, but you will not shame us. You all have already killed so many innocent people from our World Spiritist Alliance. You wish for reconciliation now? You’re truly delusional!” The World Spiritist Immortal was determined to kill them. After saying those words, his attacks grew even more ferocious.

“Truly refusing a toast only to be forced to drink a forfeit. Since you do not know how to appreciate the kindness being shown to you, do not blame me for being ruthless.”

“People of the Dark Hall, listen up. You do not have to be lenient anymore. Today, I shall have this World Spiritist Alliance disappear from the Holy Land of Martialism,” The rank two Martial Emperor shouted.

Once he said those words, the people from the Dark Hall all shouted, “Kill!!!!!!” Their enormous killing intent surged forth. Immediately, the sky darkened, and black clouds began to surge.

Their killing intent filled this entire region. Many elders and disciples were so scared that their legs grew limp and they fell onto their butts. They had lost the ability to continue standing.

At that moment, the battle power of the people from the Dark Hall all began to surge. The World Spiritist Alliance that was still able to barely withstand them before immediately sunk into an absolutely disadvantaged state. Even the World Spiritist Immortal was starting to be unable to withstand the attacks of the three rank two Martial Emperors.

In this sort of situation, the sounds of wailing and despair filled the entire World Spiritist Alliance. Not to mention the disciples, even the elders were unable to withstand the Dark Hall.

They were drowned in calamity. The killing intent of their opponents was no joke at all. They knew that it was not only them who would die today. The entire World Spiritist Alliance would also be destroyed today.

“Trying to extinguish the World Spiritist Alliance with merely you all? You’re not qualified.”

At the moment when a great amount of people from the World Spiritist Alliance had started to despair, a voice suddenly sounded from the entrance of the World Spiritist Alliance.

“What?” Hearing that voice, the people present were all startled and confused.

“Roar~~~~”

Right at that moment, a majestic fire dragon and a surging water dragon soared forth from the entrance simultaneously. They dashed toward the two Martial Emperors that were fighting against the Right Reverend.

“Ahhh~~~”

Everything happened too quickly. Before those two rank one Martial Emperors could react, they were devoured by the fire and water dragons. Immediately, their nonstop screams could be heard as their bodies began to be refined by the two dragons.

“What the hell are those?” Seeing that scene, the people from the Dark Hall were all alarmed. Not only were the water and fire dragons extremely ruthless, their auras also brought endless fear to the people from the Dark Hall. The reason for that was because the two dragons possessed the auras of rank two Martial Emperors.

“What’s going on? Where the hell did two rank two Martial Emperors come from?”

Seeing that scene, many people from the Dark Hall started to panic. The reason they possessed such an overwhelming advantage over the World Spiritist Alliance was all because of their Dark Hall’s three rank two Martial Emperors suppressing the World Spiritist Immortal.

Similarly, the World Spiritist Immortal had restricted the Dark Hall’s three rank two Martial Emperors from attacking others. As a whole, the reason why the Dark Hall was winning was because they possessed more experts than the World Spiritist Alliance.

However, two rank two Martial Emperors had suddenly appeared. To them, this was extremely detrimental. The state of affairs might even have a reversal because of this.

“Wha... what’s going on?”

At this moment, the eyes of many of the people from the World Spiritist Alliance who had been on the verge of despair shone with light. Although they were confused as to what was happening, they felt as if they could see traces of hope from the water and fire dragons.

“Roar~~~~”

Right at that moment, countless frightening howls sounded from the sky. Upon turning their gazes toward the sky, the expressions of the crowd present all changed enormously.

It was a group of golden-bright and dazzling ferocious beasts. Not only were they glistening with light, each and every one of them was several hundred meters tall. Some even surpassed a thousand meters. They were truly huge monsters.

These huge monsters, some of them possessed three heads and six arms. Some were grotesquely shaped. Each and every one of them was different from the next. However, there was one common aspect regarding them. That was, they all possessed the battle power of a rank one Martial Emperor. There was a total of several hundred of these ferocious beasts.

After those golden-bright and dazzling ferocious beasts appeared, they immediately charged toward the experts from the Dark Hall. With their mouths wide open and their claws sweeping forth, they began to frantically kill the experts from the Dark Hall.

Although the Dark Hall had dispatched a lot of experts, they numbered less than a hundred. Furthermore, other than the seven Martial Emperors, the rest of them were all only peak Half Martial Emperors. As such, how could they possibly be a match for the several hundreds of ferocious beasts?

In an instant, all of the peak Half Martial Emperors dispatched by the Dark Hall had been torn to pieces by the ferocious beasts.

At the same time, the screams from the two rank one Martial Emperors disappeared. The reason for that was because the two of them had been completely refined and killed by the water and fire dragons.

“Who? Who is it? Who dares to kill the people of our Dark Hall?” The remaining three rank two Martial Emperors from the Dark Hall all turned their gazes toward the golden sphere of light in midair by the entrance of the World Spiritist Alliance.

That golden sphere of light was incomparably gorgeous. In mid air, it was dazzling like the bright sun.

The several hundred golden ferocious beasts had all come from that place. Thus, they knew that the master of those beasts was within that golden sphere.

That said, while their tones were extremely arrogant, they were actually panicking in their hearts.

Their opponent had instantly eliminated all of the experts dispatched by their Dark Hall other than the three of them. This was sufficient to show how powerful their opponent was.

In fact, at this moment, the people from the World Spiritist Alliance were also looking at that golden sphere of light in the sky with stupefied expressions.

Compared to the three rank two Martial Emperors from the Dark Hall, they also wanted to know where those fire and water dragons, as well as the several hundred golden-bright and dazzling ferocious beasts, had come from.

However, regardless of who that person might be, they were all incomparably grateful to him, for he had rescued their World Spiritist Alliance.

“Roar~~~”

Right at this moment, the several hundred golden-bright and dazzling ferocious beasts were led by the fire and water dragons back toward that golden sphere of light. They stopped before the golden sphere of light. Then, other than the water and fire dragons, all of the golden ferocious beasts knelt in an orderly fashion before the golden sphere of light. It was as if they were displaying their allegiance to that golden sphere of light.

Many people from the World Spiritist Alliance were stunned by this scene. Overcome with emotions, they felt as if they also wanted to kneel down and worship that golden sphere of light.

Those golden ferocious beasts had been extremely powerful. They had already seen their might for themselves. How could they even be considered to be ferocious beasts? They were simply Divine Beasts.

However, at this moment, the Divine Beasts before them all displayed expressions of servitude. From this, it was evident to them how exceptionally powerful the existence within the golden sphere of light was.

“God, could it be that there’s a God who came to save our World Spiritist Alliance?”

“Could it be that our World Spiritist Alliance’s ancestor saw this in the heavens and returned to earth to save us?”

The disciples of the World Spiritist Alliance were all guessing. They all felt that a God had descended before them to save them.

This was not because they were ignorant. After all, to them, the existence in the sky was truly too powerful, to the point that it surpassed the capabilities of their imaginations. As such, the only way for them to describe that existence was with the word ‘God.’

Chapter 1849 – Absolute Despise

At the moment when the people from the World Spiritist Alliance were all cheering excitedly, the three rank two Martial Emperors from the Dark Hall didn't know whether to laugh or cry.

The reason for that was because they discovered that the water dragon, the fire dragon and the golden ferocious beasts were all carrying Incomplete Imperial Armaments or Top Quality Royal Armaments and Cosmos Sacks in their mouths. Those were all the possessions from the people of their Dark Hall.

Upon thinking about how the previously mighty and impressive experts from the Dark Hall that were openly slaughtering the people from the World Spiritist Alliance had all been killed and their treasures plundered, the three Martial Emperors felt extreme lament.

“Exactly who is it? Do you dare to show yourself?” The more the three rank two Martial Emperors thought about it, the more angry they became. Unable to contain themselves, they shouted at the golden sphere of light. At this moment, the three of them were no longer bothering to continue fighting against the World Spiritist Immortal. Instead, they firmly fixed their gazes onto that golden sphere of light.

“Show myself? How would I not dare?” The voice from before sounded.

“Buzz~~~”

Right at this moment, the golden sphere of light began to dissipate. Soon, a figure appeared before everyone's line of sight.

“It's the Left Reverend, it's Lord Left Reverend.”

“It's Lord Left Reverend. Could it be that he has brought back reinforcements?” Upon seeing the man that had appeared before them, the crowd from the World Spiritist Alliance began to cheer

nonstop. They all knew who he was. He was their Lord Left Reverend.

At this moment, many elders and disciples felt that the Left Reverend had brought back reinforcements.

“Mn?” At this moment, those people with good eyesight continued to fix their gazes onto the dissipating golden sphere of light. The reason for that was because they all knew that the person that had spoken earlier was not the Left Reverend. There were definitely other people in that golden sphere of light.

“Buzz~~~”

Finally, the golden sphere of light disappeared completely. At this moment, Chu Feng appeared before the crowd.

At this moment, Chu Feng’s body was covered with an armor of lightning and on his back were also two wings of lightning. His cultivation was the same as the Left Reverend’s. He was currently a rank one Martial Emperor.

“Chu Feng?” Upon seeing Chu Feng, the expressions of the people from the World Spiritist Alliance all grew stiff. Then, different sorts of gazes appeared in their eyes.

Some were baffled and others were shocked. They were all able to imagine that the God that had saved them was not the Left Reverend. In that case, it would be very likely for that God to be Chu Feng.

“Chu Feng, is it really you?” At this moment, Sima Ying and the others’ gazes were also firmly fixed onto Chu Feng. They were all extremely emotional. At the same time, they all felt disbelief. They were not certain that it was really Chu Feng that had saved their World Spiritist Alliance.

This was not because they were looking down on Chu Feng. Rather, it was because Chu Feng was a person from the younger generation, a person of the same age group as them.

The battle earlier was something that even the strongest existence in the World Spiritist Alliance, the World Spiritist Immortal, had been powerless against. This was why they were skeptical as to whether the one that had saved them in that desperate crisis was truly Chu Feng.

“Chu Feng, it’s actually you?” At this moment, the three Dark Hall’s Martial Emperors revealed expressions of deep shock. They had thought about many possibilities. However, none of them had ever expected for the person that saved the World Spiritist Alliance to be Chu Feng.

“What’s wrong? Scared? Didn’t you all wish to capture me? I’m standing right before you. Come, capture me,” Chu Feng said with a beaming smile. His gaze simply did not place those three rank two Martial Emperors in his eyes.

“Chu Feng, regardless of what sort of treasure you used to create those golden ferocious beasts, it remains only the product of a treasure, and not your actual strength.”

“As for the three of us, we are rank two Martial Emperors. Our strength is real,” Although they were extremely shocked to discover that it was Chu Feng, they soon heaved a sigh of relief.

The World Spiritist Alliance possessed a lot of experts. They were truly scared that some exceptional expert had arrived to save the World Spiritist Alliance. After all, the might revealed earlier had truly not been something to look down upon.

However, if it was Chu Feng, then they would not be afraid. Regardless of what sort of ability Chu Feng had used to increase his cultivation to rank one Martial Emperor, regardless of what sort of treasure Chu Feng had used to create the hundreds of golden ferocious beasts, they still felt that Chu Feng was merely a member of the younger generation.

They had lived for a very long time, and experienced all sorts of crises. As such, how could they possibly fear a person from the

younger generation, and one that was so young on top of that?

“Treasure? Since when did world spirit techniques become treasures in your eyes?” Chu Feng smiled lightly. Then, with a wave of his sleeve, the several hundred golden ferocious beasts all turned into golden light and entered Chu Feng’s body.

“Heavens! Those were actually world spirit techniques?”

At that moment, not to mention the three Dark Hall’s Martial Emperors, even the experts of the World Spiritist Alliance that were extremely proficient with world spirit techniques were enormously astonished by Chu Feng.

It was only when the golden ferocious beasts let out golden light that they discovered that they had been formed with world spirit techniques. Furthermore, Dragon marks filled those golden-bright and dazzling world spirit energy. Thus, they had also discovered that Chu Feng had not only unleashed such an exquisite world spirit technique, he had also become a Dragon Mark Royal-cloak World Spiritist.

“Chu Feng, you’re a Dragon Mark Royal-cloak World Spiritist now?” Although he already knew that, the Left Reverend was still unable to contain himself from asking Chu Feng that question. He wished to verify this, for it was truly no small matter.

“Senior, this junior has just recently become a Dragon Mark Royal-cloak World Spiritist,” Chu Feng said.

“Great, this is truly great. Chu Feng, the speed of your progress truly surpasses my imagination,” The Left Reverend was extremely overjoyed.

At the same time, many of the people present, for example, the World Spiritist Immortal, Miao Renlong, the World Spiritist Alliance’s Alliance Master and others, also revealed extremely overjoyed expressions on their aged faces.

Dragon Mark Royal-cloak World Spiritists. How many of them

were present in the entire Holy Land of Martialism? Chu Feng had become a Dragon Mark Royal-cloak World Spiritist at such a young age. He was most definitely the youngest Dragon Mark Royal-cloak World Spiritist in the history of the Holy Land of Martialism.

“You’ve actually become a Dragon Mark Royal-cloak World Spiritist?” At that moment, the expressions of the three Dark Hall’s Martial Emperors changed.

If Chu Feng had used treasures to summon those ferocious beasts, they would not have been afraid of Chu Feng. However, Chu Feng had actually created them with his world spirit techniques. This was absolutely not a small matter at all.

While there were a few Dragon Mark Royal-cloak World Spiritists, not many among them could actually create that many Martial Emperor-level ferocious beasts. At the very least, it was impossible for the World Spiritist Immortal to accomplish that feat. However, Chu Feng had managed to do it.

Logically, Chu Feng should have only just become a Dragon Mark Royal-cloak World Spiritist. His world spirit techniques should not be that powerful.

However, he had unleashed such a powerful world spirit technique. This was sufficient to show that his world spirit techniques were extremely exquisite. As such, they had no choice but to take Chu Feng seriously.

Chu Feng ignored the questioning of the Dark Hall’s Martial Emperors. Instead, he walked toward the World Spiritist Immortal one step at a time. As he walked, the water dragon and the fire dragon revealed their true forms. They were the Water Immortal Profound Technique and the Fire Immortal Profound Technique.

Although they were Secret Skills, they looked extremely sacred. However, those two sacred existences were following behind Chu Feng like two bodyguards. This scene caused the crowd from the World Spiritist Alliance to become awestruck. They gasped in

amazement, and their eyes were filled with admiration.

After arriving before the World Spiritist Immortal, Chu Feng said to him, “Senior, you’ve been through a lot. Take a rest. Allow this junior to take care of these three animals on your behalf.”

“Chu Feng, we should join hands against them,” The World Spiritist Immortal was worried about Chu Feng taking the three rank two Martial Emperors on alone.

“Senior, please rest assured. I am enough to take care of the three of them. You do not have to trouble yourself again,” Chu Feng said confidently.

“.....”

“Then, be extra careful,” Seeing Chu Feng’s extremely confident gaze, the World Spiritist Immortal moved to the side. The reason for that was because he knew that Chu Feng was not acting arrogant. For Chu Feng to be this confident at such a time, it was most likely because he possessed the strength to be confident.

Thinking about it, when Chu Feng swept the floor with the Four Clan’s younger generation at Mooncloud City, he was already filled with astonishment and with admiration for Chu Feng’s heaven-defying strength.

And now, Chu Feng was going to fight by himself against three rank two Martial Emperors. The World Spiritist Immortal truly wished to see how Chu Feng was going to fight against them.

“What arrogance! However, that’s fine. I also happened to want to experience exactly how amazing the legendary Secret Skills are.”

“Come, allow me to experience whether the strength of the Water Immortal Profound Technique and the Fire Immortal profound Technique are truly as they are rumored to be,” One of the Dark Hall’s Martial Emperors held his Incomplete Imperial Armament and stood forth.

“Woosh~~~”

“Woosh~~~”

However, right at this moment, the Water Immortal Profound Technique and the Fire Immortal Profound Technique suddenly entered Chu Feng’s body.

After retrieving the two Secret Skills, Chu Feng said with a beaming smile, “Who said that I’m going to fight against you all using my Secret Skills?”

“You...” That Martial Emperor who had stood out to fight against Chu Feng stood there in a stunned manner. He was at a complete loss.

He had thought that Chu Feng had relied on the strength of his Secret Skills. Yet, Chu Feng had now deliberately refused to use his Secret Skills. This brought great anger to him.

He was being looked down upon. Chu Feng was absolutely looking down on him.

Chapter 1850 – The Mysterious Dark Hall

“Chu Feng, you are truly confident in yourself. However, world spirit techniques remain only world spirit techniques. Even if you are capable of creating even more rank one Martial Emperor-level ferocious beasts, it would still impossible for you to defeat the three of us, for we are true rank two Martial Emperors.”

After Chu Feng retrieved his Secret Skills, the other Dark Hall’s Martial Emperor thought that Chu Feng was planning to fight against them with world spirit techniques.

“World spirit techniques? There’s simply no need for that. Today, I shall use my own strength to take care of the three of you.”

“Clank~~~”

After Chu Feng said those words, he drew his Heavenly Immortal Sword. Once the Heavenly Immortal Sword was revealed, an overwhelming righteous aura surged forth and began to linger around Chu Feng, changing the airs that Chu Feng emitted. At this moment, Chu Feng looked like a Sword Immortal descending upon the world. Looking at him, one would feel deep veneration.

“Chu Feng, I’ve heard that you possess a heaven-defying battle power capable of surmounting four levels of cultivation. While that might be to your advantage now, that advantage of yours will only work against Half Martial Emperors.”

“At the level of Martial Emperors, you will no longer possess that advantage. Everyone knows that only those that possess heaven-defying battle power capable of surmounting three levels of cultivation are capable of becoming Martial Emperors,” The last Dark Hall’s Martial Emperor said.

“You’re telling me that my heaven-defying battle power capable of surmounting four levels of cultivation is the same as your

heaven-defying battle power capable of surmounting three levels of cultivation. Thus, I do not have an advantage?” Chu Feng asked.

“Naturally, you still possessed an advantage. Merely, when facing Martial Emperors, you would, at the very most, only possess a heaven-defying battle power capable of surmounting one level of cultivation. If the ones standing before you right now are three rank one Martial Emperors, you would naturally possess an advantage over them.”

“However, the three of us are actually three rank two Martial Emperors. Did you think that you would possess an advantage over us?” That Dark Hall’s Martial Emperor said.

“Wouldn’t you know whether or not I possessed an advantage by fighting against me?” Chu Feng smiled lightly. Immediately afterward, his smiling gaze shone with coldness. At the same time that happened, his Heavenly Immortal Sword turned into ten thousand sword rays that shot toward the three Dark Hall’s Martial Emperors.

“Perfect timing,” The three Martial Emperors all snorted coldly as they released their majestic killing intent. They took the initiative and charged forward to face Chu Feng’s attacks.

“Boom, boom, boom, boom, boom~~~”

At this moment, ear-piercing rumbles resonated nonstop. Blade rays and sword silhouettes were appearing all over the sky. Chu Feng and the three Martial Emperors fought in one location.

However, right after the four of them started fighting, Chu Feng immediately obtained an absolute superiority over them. By relying on his sharp sword techniques, he forced the three Dark Hall’s Martial Emperors to retreat in defeat again and again. At this moment, the only thing they could do was defend.

“Good! What a profound sword technique! I have never seen such a profound sword technique before. It would seem that Chu Feng

has managed to completely comprehend the essence of the Heavenly Immortal Sword Technique.”

Seeing Chu Feng suppressing the three Dark Hall’s Martial Emperors by himself, the people from the World Spiritist Alliance exclaimed in astonishment. Chu Feng’s sword techniques were truly too exquisite. They could simply be compared to Taboo Martial Skills. With merely that sword technique, Chu Feng was able to beat down on those three Dark Hall’s Martial Emperors.

“Damn it! I refuse to believe this!”

To be suppressed by Chu Feng right after they started battling caused the three Dark Hall’s Martial Emperors to feel extremely unreconciled. All of them shouted loudly, and then golden rays began to spread out from them. They turned into an enormous tornado that engulfed heaven and earth as it swept toward Chu Feng.

It was a martial skill, an Earthen Taboo Martial Skill. Being suppressed by Chu Feng, they could only start using martial skills to contend against Chu Feng.

“Woosh, woosh, woosh~~~”

Chu Feng’s Heavenly Immortal Sword was constantly changing as it revealed its ability. Relying on merely that Heavenly Immortal Sword, Chu Feng blocked the Earthen Taboo Martial Skill unleashed jointly by those three Martial Emperors.

‘And here I thought the Dark Hall was extremely powerful. It turns out that you guys are inferior to even a rank two Martial Emperor from the King Monstrous Dragon Beasts,’ Chu Feng sneered in his heart.

When Chu Feng had fought against that rank two Martial Emperor from the King Monstrous Dragon Beasts, he had felt some pressure. However, when facing these three Dark Hall’s Martial Emperors, Chu Feng felt absolutely no pressure from them. He

simply did not have to use his Taboo Martial Skills or Secret Techniques against them. He was able to completely suppress them using only his Heavenly Immortal Sword.

Of course, although Chu Feng was still a rank one Marital Emperor, his strength today was not comparable to the strength he had possessed back then. At this moment, he had already gradually gotten used to the Martial Emperor's power. Naturally, he was more powerful compared to back then.

“Puu, puu, puu~~~”

Suddenly, Chu Feng's sword technique changed again, and then three rays of blood sprayed out from the bodies of the three Dark Hall's Martial Emperors. A hole appeared in the dantians of those three Martial Emperors. They actually all had their cultivations crippled by Chu Feng.

“Bastard! I'll tear you apart alive!”

Sensing that their dantians had been damaged and their cultivations were rapidly flowing away, the three Dark Hall's Martial Emperors all flew into a rage, and began to recklessly throw themselves at Chu Feng. They planned to engage in a final life and death struggle.

“Humph,” Chu Feng snorted coldly. Then, the Heavenly Immortal Sword in his hand swept through the air. As a cold ray streaked across the horizon, and the three Dark Hall's Martial Emperors were all sliced in half before falling to the ground. They had lost all ability to continue fighting against Chu Feng.

“Speak! Exactly what is the Dark Hall? Who is it that created it? Why did you all insist on making me an enemy?” Chu Feng landed beside the three men and questioned them while pointing his sword at them.

“Haha... hahahaha... wahahahahaha...” The three men burst into loud laughter. Their laughter was extremely strange.

“You all had best tell me the truth. Else, I will make you all wish you were dead,” As Chu Feng spoke, he used world spirit techniques to bind the three men. Other than speaking, there was nothing else that the three of them could do.

“Chu Feng, you’re actually using this sort of trick on us? You’re truly looking down on our Dark Hall.”

“I’ll tell you this. The Dark Hall shall become your nightmare. Those that the Dark Hall want to kill, none of them will be able to survive. You are no exception,” The leader of the three Dark Hall’s Martial Emperors spoke coldly.

“Woosh~~~”

Chu Feng raised his hand and swept his sword across. He sliced apart the man’s mask. He was trying to see exactly who he was.

However, when that man’s mask was sliced apart, what appeared before Chu Feng was a disfigured face beyond recognition.

His face could be said to be completely and utterly disfigured. Even when using his Heaven’s Eyes, Chu Feng was unable to make out his original facial features.

“Chu Feng, I’ve already said it. Our Dark Hall shall become your nightmare. You should give up on cheap tricks like these,” The man sneered, and then a ‘bang’ was heard. His body exploded on the spot.

“Bang~~~”

“Bang~~~”

Immediately after him, the other two Dark Hall’s Martial Emperors’ bodies also exploded. They were all dead.

“Why would it be like this?” At this moment, the Left Reverend and Right Reverend, as well as the other experts of the World Spiritist Alliance, all rushed over. Astonishment filled their faces.

“A certain kind of self destruction spirit formation was

implanted into their bodies. As long as they wished to die, even I would not be able to stop them,” Chu Feng said.

“Indeed, that is the case. It would seem that this Dark Hall is no small matter. After all, very few people in the Holy Land of Martialism are capable of setting up that sort of spirit formation,” The World Spiritist Immortal nodded.

“Lord World Spiritist, do you know of the Dark Hall’s origins?” Chu Feng asked.

“I do not. There are too many hidden experts in the Holy Land of Martialism. Even if you had me guess, I would not be able to guess who created it. All I know is that the Dark Hall is currently raising a large army. Furthermore, their appearance was absolutely not a coincidence. I have an ominous premonition,” The World Spiritist Immortal said.

After hearing what the World Spiritist Immortal said, Chu Feng grew silent. Like the World Spiritist Immortal, he too felt an ominous premonition.

While there were a lot of powers in the Holy Land of Martialism, the Three Palaces, the Four Clans, the Nine Powers, the Ancient Era’s Elves and several large monstrous beast races were publicly accepted to be the strongest powers.

However, regardless of how those powers fought with one another, they would never try to extinguish the other powers. At the very least, they would only teach the other powers a lesson.

However, this newly-appeared Dark Hall had planned to extinguish the entire World Spiritist Alliance merely because they had refused to join them. From this, it could be determined that the Dark Hall was a vicious and merciless power.

For such a power to appear in the Holy Land of Martialism, not to mention Chu Feng, it would likely not be something good for the entire Holy Land of Martialism.

Chapter 1851 – Making Inquiries About The Blind Old Man

“Chu Feng, it’s really you,” Right at this moment, Sima Ying and the others ran over. Sima Ying even directly leaped in front of Chu Feng and grabbed the corner of his sleeve. She was grinning from ear to ear. It could be seen that she was extremely excited.

“Lil Sis Ying, it’s been a while,” Chu Feng stroked Sima Ying’s blazing red hair intimately. He was also extremely happy to see Sima Ying, for she was truly a friend that he had spent life and death with. Their relationship was very deep.

“That’s right, it’s been a while. However, seeing you again, I am truly shocked. What’s with you? How did you become this powerful? You’ve become so powerful that you’ve cast us far behind,” Sima Ying asked.

“That’s right. Brother Chu Feng, isn’t the speed of your cultivation’s increase too fast? How are we supposed to catch up to you?” Fu Feiteng and the others said.

Faced with Sima Ying’s questioning as well as the passionate gazes of Fu Feiteng, Lin Yezhou and the others, Chu Feng could only smile foolishly. After all, how was he supposed to explain this sort of thing? Should he say that his talent was exceptional, and that was why his breakthrough speed was so lightning fast? That this was why he had managed to leave them far behind? Chu Feng would naturally not be able to say something like that.

Suddenly, Chu Feng asked, “Eh? Where’s Su Mei?” He had discovered that Su Mei was not among the crowd here.

“Lil Mei was received by the Weaponry Refinement Immortal,” The Left Reverend said.

“The Weaponry Refinement Immortal?” Although Chu Feng was surprised to hear that Su Mei was with the Weaponry Refinement

Immortal, he did not continue to ask.

The reason for that was because the Weaponry Refinement Immortal was a very strong senior in Chu Feng's heart. Furthermore, he was also his benefactor that had helped him before.

Furthermore, Chu Feng knew that the Weaponry Refinement Immortal, like the Left Reverend, also possessed a certain connection with the master of Su Mei and the others, that blind old man. Thus, Chu Feng was not at all worried that Su Mei was with the Weaponry Refinement Immortal. As such, he did not ask further.

"The Dark Hall is unfathomable. They have failed this time. However, they will definitely come to create trouble for the World Spiritist Alliance again. I'm afraid that the World Spiritist Alliance cannot remain here anymore," Chu Feng said.

"Chu Feng, regarding that, you can rest assured. Our World Spiritist Alliance has not been in existence for so long without any preparations for the unexpected. As long as we activate our defensive formation, regardless of how many experts the Dark Hall might send, they will not be able to break through to our World Spiritist Alliance."

"We had allowed them to enter this time around because we were caught off guard. However, after today, our World Spiritist Alliance will activate that defensive formation. Unless we have important matters to take care of, our disciples and elders will all not leave here," The World Spiritist Immortal said.

"Is that truly feasible?" Chu Feng was worried.

"Chu Feng, you can rest assured. What sort of place is our World Spiritist Alliance? It is a gathering of World Spiritists. Perhaps our current generation is inferior to the generation of our founder. However, the defense of our World Spiritist Alliance is most definitely among the very best in the Holy Land of Martialism."

“As long as we activate our grand defensive formation, absolutely no one will be able to break through it and reach our World Spiritist Alliance. Furthermore, our World Spiritist Alliance possesses all the required materials to do so. Even if our people are to live here for several thousand years, it would still not be an issue,” The Left Reverend said.

Hearing those words, Chu Feng realized the intentions of the Left Reverend and the World Spiritist Immortal.

The reason why the Dark Hall had been able to break in was actually very simple. As long as they abducted an elder or disciple, they would be able to enter the World Spiritist Alliance. Upon entering, that defensive formation would be ineffective.

However, after what had happened, the World Spiritist Immortal planned to completely seal off the World Spiritist Alliance. Once that happened, there would be no gap for the Dark Hall to break through into the World Spiritist Alliance. If they wished to attack the World Spiritist Alliance, they could only do so head-on.

However, it could be seen that the people from the World Spiritist Alliance were extremely confident in their defensive formation. Even if the Dark Hall were to come again, they would still not fear them.

However, this would also lead to the elders and disciples of the World Spiritist Alliance only being able to stay in the World Spiritist Alliance.

To speak of it unpleasantly, they were so frightened by the Dark Hall that they would not even dare to open their doors again, and could only withdraw themselves into that defensive formation. However, to the current World Spiritist Alliance, that was the only method for them to protect themselves.

Even if they became an object of ridicule for others by doing so, it would still be better than the massacre of everyone in the World Spiritist Alliance and the destruction of the World Spiritist

Alliance itself.

“Chu Feng, with your talent, you will be able to surpass the Four Great Imperial Clans sooner or later. You might even be able to become the strongest person in this era.”

“However, it remains that you have yet to mature, and the Four Great Imperial Clans are determined to take your life.”

“How about you stay here with us? It would not be too late to seek revenge after you’ve matured,” The World Spiritist Immortal suggested.

“Senior, you do not know about this. However, for this junior to reach a breakthrough, I need an enormous amount of cultivation resources. If I am to stay here, I fear that I will not be able to progress.”

“Furthermore, I possess many friends outside. If the Four Great Imperial Clans were to discover their connection with me and decided to go after them after being unable to catch me, I would feel extremely guilty,” Chu Feng said.

“This... Okay then,” Seeing how determined Chu Feng was, the World Spiritist Immortal and the others no longer tried to urge him to stay.

“Chu Feng, while it’s fine to leave, you must take this,” Suddenly, the Left Reverend took out a cloak and handed it to Chu Feng.

This cloak was no ordinary cloak. It was dazzling with a golden sheen, and made out of exquisite materials. This was a Royal World Spiritist Cloak. However, it was no ordinary Royal World Spiritist Cloak, for it was much more precious than ordinary Royal World Spiritist Cloaks.

The reason for that was because a large character was written on that Royal World Spiritist Cloak. This character was an Ancient Era’s character. The people of this era were incapable of

understanding it, nor did they know what it represented. However, it greatly resembled the character ‘King,’

Furthermore, this ‘King’ character was emitting a special sort of power. This power caused the cloak to appear extraordinary. With a single glance, one could tell that it was an extraordinary item.

“King Royal Cloak,” Chu Feng’s eyes shone upon seeing that Royal Cloak. This King Royal Cloak had been presented to him as a gift by the Left Reverend before. Merely, at that time, Chu Feng felt that he did not have the strength to protect the King Royal Cloak. As such, he did not accept it, and asked the Left Reverend to safekeep it for him.

“Chu Feng, this Reverend has helped you safekeep this King Royal Cloak for some time now. It’s time for it to be returned to its rightful owner,” The Left Reverend said.

“Chu Feng, this time around, you must definitely not refuse it again. Right now, you possess the power to safekeep this King Royal Cloak yourself,” Miao Renlong said with a beaming smile. He was intentionally mocking Chu Feng for refusing the Left Reverend’s gift back then.

“Chu Feng, accept it. This junior brother of mine has treated that King Royal Cloak as a treasure. He refused even me when I asked to borrow it to wear. However, he was willing to present it to you. As such, he has truly placed his trust in you, and thinks highly of you,” The World Spiritist Immortal added.

“Thank you seniors,” This time around, Chu Feng did not refuse, and accepted the King Royal Cloak.

“Senior Left, I have another question that I wish to ask of you,” Chu Feng said those words through a voice transmission.

“Little friend Chu Feng, I have something that I wish to discuss with you alone,” The Left Reverend understood Chu Feng’s intentions. Thus, he said those words and soared into the sky. He

proceeded to fly toward a place without people. As for Chu Feng, he naturally followed after the Left Reverend.

None of the people present were fools. They were actually able to guess a bit about what was going on. Thus, no one followed them, and no one tried to disturb Chu Feng and the Left Reverend.

“Senior Left, exactly who is that senior that entrusted Lil Mei to your care? Might you be capable of telling me?” Chu Feng wanted to make some inquiries about the blind old man from the Left Reverend.

After all, Su Mei had once said to Chu Feng that the Left Reverend was an old friend of that blind old man. Thus, Chu Feng felt that the Left Reverend might know things regarding that blind old man.

Chapter 1852 – Luring A Snake Out Of Its Hole

“Chu Feng, it is not that I do not wish to tell you. Rather, I truly do not know much about that senior.”

“Back then, he had helped our World Spiritist Alliance and saved my life. Thus, when he entrusted Lil Mei to be, I naturally did my best to look after her.”

“As for his identity, truth be told, I truly do not know anything at all. In fact, I do not even know his name.

“However, I personally think that he is one of the top existences in the Holy Land of Martialism.”

“As for Lil Mei, since she is his disciple, there should not be anyone that would dare to touch her. If anyone were to truly dare to touch Lil Mei, they would incur great troubles for themselves. Thus, you do not have to worry about Lil Mei’s safety,” The Left Reverend said.

“Thank you senior,” Chu Feng nodded. However, he became even more curious as to the identity of that blind old man. He truly never expected that the old man who was thought to be a madman in the Eastern Sea Region was actually such a powerful existence in the Holy Land of Martialism.

Afterward, with the reasoning that he possessed an important matter to take care of, Chu Feng left the World Spiritist Alliance. After Chu Feng left, the World Spiritist Alliance immediately activated their grand defensive formation. After that, all the people from the World Spiritist Alliance ended up living their daily lives within the World Spiritist Alliance.

That said, the World Spiritist Alliance would never forget that they would have been completely massacred should Chu Feng not have appeared today. Thus, Chu Feng became their great

benefactor that had saved their World Spiritist Alliance.

At the moment when the majority of the people were feeling extremely grateful toward Chu Feng, there was also a small group of people that were feeling an endless amount of guilt, shame and fear.

Those people were the people that tried to deliberately make things difficult for Chu Feng when he had just arrived at the World Spiritist Alliance.

There were both elders and disciples in this group. Back then, they absolutely had not placed Chu Feng in their eyes. That was the reason why they had dared to bully and humiliate him.

Currently, they remained the same as when they had first met Chu Feng. The elders were still elders, and the disciples were still disciples. However, Chu Feng had become their great benefactor that had saved their World Spiritist Alliance. Chu Feng's strength was not only above their Alliance Master's, his strength was also above that of the World Spiritist Immortal. Likely, even if the entire World Spiritist Alliance were to fight against Chu Feng, they would still be no match for him.

At this moment, they felt extremely guilty and ashamed. They were regretting their decision to do that sort of thing to Chu Feng. They felt that they possessed eyes, but had failed to recognize Mount Tai.

In addition to that, they were also feeling a lingering fear because of what they had done to Chu Feng. After all, with Chu Feng's current strength, if he wanted to take their lives, even the World Spiritist Immortal would not be able to stop him. Furthermore, with Chu Feng's current status, if he insisted on taking their lives, the World Spiritist Immortal would simply not try to stop him at all.

They knew very well that between minor characters like themselves and Chu Feng, the World Spiritist Immortal would

definitely choose Chu Feng.

However, they were also extremely glad. They were rejoicing that Chu Feng was not such a narrow-minded individual. Else, they would not be able to continue living right now. Thus, at the moment when they were feeling guilty and ashamed, they also felt a sense of adoration for Chu Feng from the bottoms of their hearts.

Chu Feng did not know what the people from the World Spiritist Alliance were thinking. He had not forgotten his true purpose in coming to the Alliance Domain because of what happened with the World Spiritist Alliance.

Thus, after journeying for some time, Chu Feng arrived at the Fallen Leaves Bamboo Forest. The Fallen Leaves Bamboo Forest appeared to be the same as before. There had not been much of a change.

Chu Feng did not disturb anyone. With his current situation, it was better that he have as little contact with others as was possible. Else, he might end up implicating them in the future.

Thus, Chu Feng stealthily arrived before the cave that contained the crystal coffin.

That crystal coffin had been hidden by Hong Qiang through the use of a concealment formation. Without the key to the formation, it was very difficult to reveal the crystal coffin.

However, Chu Feng stood before the concealment formation and waved his sleeve. Then, the empty space before him began to change, and revealed waves like the surface of a lake. Soon, the crystal coffin and that gravestone appeared before him.

Chu Feng had undone the concealment formation without using the key that had been given to him by Hong Qiang. After all, the current Chu Feng was already a Dragon Mark Royal-cloak World Spiritist. Hong Qiang's techniques would not be able to stop him.

As Chu Feng looked to the crystal coffin and saw that beautiful

woman who still looked like a celestial fairy, great waves surged forth in Chu Feng's heart.

When Chu Feng first saw that woman, he was still extremely weak. At that time, Martial Emperors were unfathomable existences to him.

However, Chu Feng now possessed the strength to kill rank two Martial Emperors. Furthermore, he also knew the name of this woman. She was Duan Qirou.

“Senior Duan, I am truly sorry. This junior should not have disturbed your rest. Merely, you are truly capable of helping me. Thus, I have no choice but to disturb your rest.”

“Furthermore, if you can see this from the heavens, you should also wish to be reunited with Senior Duan, right?”

Chu Feng first bowed to Duan Qirou's corpse. After all, she had hidden herself in this place. For Chu Feng to move her coffin, it was inevitably not too good of a thing to do.

Afterward, Chu Feng set up a spirit formation. After finishing his spirit formation, Chu Feng lightly shouted, “In!”

Both the crystal coffin and that gravestone ended up being sucked into that spirit formation. Then, Chu Feng formed hand seals with his hands, and the spirit formation began to shrink in size. It turned into the size of a palm before entering Chu Feng's Cosmos Sack.

The crystal coffin and gravestone were extremely extraordinary. Likely, ordinary rank two Martial Emperors would not be able to move them. However, it was different for Chu Feng. After all, Chu Feng was a Dragon Mark Royal-cloak World Spiritist. Furthermore, the Nine Spirits Divine Diagram contained many powerful spirit formations that were extinct to others. Thus, this crystal coffin was already not at all an issue to Chu Feng.

The spirit formations contained within the Nine Spirits Divine

Diagram were truly very miraculous. For example, there was the spirit formation that summoned several hundred Martial Emperor-level ferocious beasts which Chu Feng had used at the World Spiritist Alliance. Then, there was the spirit formation he had just used to remove the crystal coffin and the gravestone. Both of them were spirit formations that no ordinary world spiritist possessed. However, Chu Feng had grasped both of them.

After retrieving the crystal coffin, Chu Feng began to hurry back to the World's Hidden Valley without stopping. Merely, before he arrived at the World's Hidden Valley, Chu Feng suddenly stopped.

Using his Heaven's Eyes, Chu Feng had discovered a layer of hidden sensing formations. As long as Chu Feng continued onward, he would have triggered that formation. At that time, someone would come to know of his coordinates for a short period of time.

"What's going on? This spirit formation wasn't here earlier," Eggy said.

"Let me carefully inspect it," Chu Feng began to carefully inspect the spirit formation, and discovered that this spirit formation was set around the World's Hidden Valley. It had sealed both the sky and the ground leading to the World's Hidden Valley. As long as Chu Feng wished to return to the World's Hidden Valley, he must definitely pass through that concealed sensing formation.

"Chu Feng, this is fishy. Could it be that someone's lying in ambush for you?" The alert Eggy said.

"That's most likely the case. Eggy, who do you think it is?" Chu Feng asked.

"It's definitely not the King Monstrous Dragon Beasts. After all, only Yaojiao Guang and Yaojiao Tingyu know that you've come here. They would not betray you."

"It should also not be the Four Clans. If it were them, they would

not use this sort of cheap trick. Likely, when you discovered this spirit formation, they would've already surrounded you."

"Thus, the way I see it, there must definitely be someone from the World's Hidden Valley that wants to plot against you. What do you think?" Eggy said.

"I am of the same opinion. After all, I also possess enemies in the World's Hidden Valley", Chu Feng said.

"You're talking about Song Yuheng? But wasn't Yin Gongfu the only one that knew that you left the World's Hidden Valley?" Eggy said.

"Senior Yin will definitely not have betrayed me. I trust him. However, Senior Yin was not the only one that saw me leaving this place that day," Chu Feng said.

"You're talking about Yin Gongfu's servant?" Eggy asked.

"He's most likely Song Yuheng's spy," Chu Feng said.

"That's very possible. In that case, what do you plan to do?" Eggy asked.

"For something like this, it would be extremely easy for me to break through it. However, I am not going to." As Chu Feng spoke, he walked over and triggered the concealed formation.

"Boy, you're planning to lure the snake out from its hole?" Eggy asked with a beaming smile. She was not worried for Chu Feng. Instead, she had an expression of anticipation.

Chapter 1853 – Within The Grasp Of One's Palm

After triggering that spirit formation, Chu Feng did not stay there. Instead, he continued onward toward the World's Hidden Valley.

The reason for that was because if he were to stand his ground, it would be too obvious. It would be as if he was telling his opponent that he had discovered the spirit formation. Only by continuing to move onward was he able to make everything appear to be normal and make his opponent take the bait.

“Chu Feng, who do you think will be the one that will end up ambushing you later?” Eggy asked curiously.

“As far as I know, the strongest person behind Song Yuheng is his grandfather. If my guess is correct, it should be that grandfather of his,” Chu Feng said.

“I think that's the case too. Song Yuheng and his father both appeared to be very stupid. The reason why Song Yuheng was able to obtain that Duan Jidao's acknowledgement was all because of his grandfather,” Eggy said.

“That's why his grandfather is probably the main culprit behind all this. If I can eliminate his grandfather here, I would have swept clean an enormous obstacle for little brother Wushang,” Chu Feng said.

“Oh you, you only know about thinking for the sake of your brother,” Eggy curled her lips. She was only concerned about whether or not Chu Feng would be able to obtain benefits for himself, and was not at all concerned about his brother's life and death.

“Woosh~~~”

Not long after Chu Feng continued on with his journey, a

powerful aura appeared out of nowhere and covered his surroundings, sealing them off completely. It was a layer of spirit formation. Someone had used a spirit formation to seal off Chu Feng's surroundings and cage him within it.

As long as that spirit formation was present, regardless of how enormous a thing were to happen here, regardless of how much destruction and devastation happened here, no one would know.

“Haha...” At this moment, Chu Feng laughed lightly. Then, he turned his gaze toward the southeast. The reason for that was because the fox had finally shown its tail. That snake that he was luring out had finally left its hole.

“Buzz~~~”

Chu Feng fixed his gaze at that region. The space there was slightly trembling. Then, an old man with a very sinister gaze walked out from that region of space. That person was none other than Song Yuheng's grandfather.

“You knew I was here?” Song Yuheng's grandfather was very smart. He had immediately discovered that the situation was amiss based on Chu Feng's reaction.

“Why should I not?” Chu Feng smiled. His smile was filled with contempt. He had sensed that his opponent possessed a cultivation of rank two Martial Emperor. It was as he had guessed.

“You're Song Yuheng's grandfather, right?” Chu Feng asked. He had already determined the identity of his opponent.

“How did you know? Impossible! There shouldn't have been anyone that told you about this!” Song Yuheng's grandfather started to panic. He was worried that his evil plot had been exposed. Chu Feng had never met him before, yet he knew who he was. This caused him to be extremely worried.

“Told me? There's simply no need for others to tell me. That spirit formation you set up earlier was too obvious. Only a fool

would not be able to see through it,” Chu Feng said mockingly.

“No, impossible! How could you see through the spirit formation I set up?” Song Yuheng’s grandfather had an expression of disbelief.

“I admit, you have some skills. Among Snake Mark Royal-cloak World Spiritists, you could be said to be quite outstanding.”

“However, did you think that the methods of a Snake Mark Royal-cloak World Spiritist could be hidden from a Dragon Mark Royal-cloak World Spiritist?” As Chu Feng spoke, he lifted his right hand and emitted some world spirit power from his index finger’s tip.

His golden-bright and dazzling world spirit power looked like a snake swimming in the water as it spiraled around Chu Feng’s finger. However, that spirit power was filled with dragon marks.

“You!!! You’re a Dragon Mark Royal-cloak World Spiritist?! How... how could this be?! How could this be?!” Song Yuheng’s grandfather was deeply stunned. As he was proficient in world spirit techniques, he was naturally able to determine with a single glance that the spirit power Chu Feng had unleashed was that of a Dragon Mark Royal-cloak World Spiritist.

However, he didn’t dare to believe his eyes. He didn’t dare to believe that a young man like Chu Feng would be a Dragon Mark Royal-cloak World Spiritist. After all, this was something that was simply unprecedented.

“Don’t be so shocked. All that you’re seeing right now is the truth,” Chu Feng said with a beaming smile.

“Originally, I had wanted to let you live. But since this is the case, I have no choice but to kill you,” After panicking, Song Yuheng’s grandfather suddenly revealed his killing intent. After realizing how frightening Chu Feng was, he planned to go through with his intentions to the end and kill Chu Feng now to prevent future

nightmares.

“Come. Use whatever abilities you have. Allow me to see exactly how powerful the person who dared to pass off fake remains to deceive Duan Jidao is,” Chu Feng extended his arms and raised his neck. He revealed an appearance that stated to Song Yuheng’s grandfather to come and attack him.

Seeing how much Chu Feng looked down on him, Song Yuheng’s grandfather’s expression stiffened. Then, he gnashed his teeth in anger and revealed a giant crimson axe. It was an Incomplete Imperial Armament. As he waved that axe, a crimson blade ray shot forth to hack Chu Feng apart.

“Woosh~~~”

Song Yuheng’s grandfather was not holding back at all. His axe strike was so powerful that, not to mention ordinary rank eight Half Martial Emperors, even ordinary rank two Martial Emperors would be killed should they be hit by that axe strike.

“Buzz~~~”

Right at the moment when that crimson blade ray was about to reach Chu Feng, a ripple appeared in the space before Chu Feng. When the crimson blade ray came in contact with that ripple, it disappeared as if it had sunk to the bottom of the ocean.

“This!!!” Song Yuheng’s grandfather was deeply shocked. His face that was already pale had started to turn ashen. He was feeling more and more uneasy. The reason for that was because he had realized more and more that the young man before him was much more difficult to take care of than he had imagined.

Song Yuheng’s grandfather’s sword-like eyebrows narrowed. He shouted, “I refuse to believe this!” and then raised his axe to hack at Chu Feng once again.

“Rumble~~~”

After his axe strike was sent forth, even the void started to

tremble. A majestic oppressive might instantly arrived before Chu Feng. Merely, that oppressive might was naturally incapable of injuring Chu Feng.

While that oppressive might was incapable of injuring Chu Feng, the golden axe strike that was flying toward Chu Feng could not be looked down upon. This was no longer an ordinary axe slash. Instead, it was an Earthen Taboo Martial Skill. Song Yuheng's grandfather had used his Incomplete Imperial Armament to unleash his trump card.

“Buzz~~~”

However, even though his axe slash was extremely powerful and simply incomparable to the one from before, the conclusion was exactly the same as before. His axe slash came into contact with the space before Chu Feng and sunk into nothingness.

“No... impossible!” Song Yuheng's grandfather held the giant axe in his hand and began to step back repeatedly in midair. Then, with a stunned expression, he looked to Chu Feng. It was as if he was incapable of accepting what had just happened.

“Are you done? Is there no other technique left? Sigh... it turns out you're only of this level,” Chu Feng shook his head in disappointment.

“Woosh~~~”

At this moment, Song Yuheng's grandfather suddenly turned around and began to flee.

“You're trying to flee now? I'm afraid it's too late,” As Chu Feng spoke, he waved his sleeve, and a layer of spirit power appeared before Song Yuheng's grandfather. Then, Song Yuheng's grandfather was sealed off by it. Chu Feng said, “Of course, ever since the moment you appeared, you were destined to be unable to escape.”

Chu Feng looked to Song Yuheng's grandfather that he had

captured in his world spirit formation. An expression of contempt filled Chu Feng's eyes. Song Yuheng's grandfather had wracked his brains and meticulously planned to ambush Chu Feng here. Yet, he didn't know that the moment when Chu Feng triggered his concealed spirit formation, Song Yuheng's grandfather was already completely within the grasp of Chu Feng's palm.

“Chu Feng, what are you planning to do? If you dare to touch me, Lord Duan Jidao will definitely not let you get away with it,” While struggling in Chu Feng's spirit formation, Song Yuheng's grandfather revealed a malevolent expression and began to threaten Chu Feng.

Chapter 1854 – Wrecking The Inheritance Process

“Hahaha...” After hearing Song Yuheng’s grandfather’s threatening words, Chu Feng burst into loud laughter.

He was truly unable to contain himself. The reason for that was because Chu Feng had discovered that, other than a pretty decent comprehension of world spirit techniques, he was extremely lacking everywhere else. This was especially true in terms of battle power. Although he was a rank two Martial Emperor, he was the weakest rank two Martial Emperor Chu Feng had encountered so far.

From this, Chu Feng could imagine that he really did not possess the qualifications to become a Martial Emperor, and that his current cultivation of rank two Martial Emperor had only been obtained through the meticulous effort Duan Jidao had placed into helping him over the years.

Thus, Chu Feng was wondering what sort of reaction Duan Jidao would have should he find out that the person that he had painstakingly helped cultivate over the years had actually deceived him.

Thus, Chu Feng said to Song Yuheng’s grandfather, “Rest assured, I will not kill you. I’ll have senior Duan Jidao personally kill you.”

“What did you say? Have Lord Duan Jidao personally kill me?” Hearing those words, a mocking smile appeared on Song Yuheng’s grandfather’s previously terrified face. While he did not dare to guarantee anything else, he was absolutely confident that Duan Jidao was completely within the grasp of his palm. Not only did Duan Jidao consider him to be his trusted aide, he also considered him to be his benefactor.

As such, how could Duan Jidao possibly kill him? Chu Feng was simply delusional! If Chu Feng were to bring him to Duan Jidao, not only would he have the means to explain all that had happened here today, he would also be able to place a counter charge against Chu Feng.

Thinking about all this, Song Yuheng's grandfather began to ridicule Chu Feng in his heart. He thought to himself that regardless of how heaven-defying Chu Feng was, he was still too inexperienced. As such, how could he possibly win against him?

"Say, with Duan Jidao's temperament, if he were to come to know that Duan Qirou's remains that you've presented are fake, would he pardon you?" Chu Feng looked to Song Yuheng's grandfather and questioned him with a beaming smile.

"What? What did you say?!!" Hearing those words, Song Yuheng's grandfather immediately started to panic, and his expression became very emotional.

"You know very well what I'm talking about," Chu Feng said with a smile.

"You're blabbing nonsense! Enough of your crazy and unfounded ravings!" Song Yuheng's grandfather denied it with his all. In that moment, he was truly panicking. Earlier, when he had first heard Chu Feng talk about fake remains, he had thought that Chu Feng was only blabbing nonsense. After all, many people had thought that he had presented fake remains. However, after Chu Feng continued to bring this up and spoke with such a determined tone, he had no choice but to panic.

Especially now, after he had been defeated and captured by Chu Feng, he truly did not know of any alternative aside from denying such a thing. After all, he absolutely could not admit that to be real.

"Whether or not I'm blabbing nonsense will be decided by senior Duan Jidao," Chu Feng said with a beaming smile. His smiled

contained absolute confidence.

“You!!! You damned devil! What exactly are you planning to do?! What are your intentions?!” It was only at this moment that Song Yuheng’s grandfather realized how frightening Chu Feng was. This young man was simply an existence akin to a nightmare. He had a premonition that this young man called Chu Feng would ruin everything that he had meticulously planned. All the effort that he had spent over the years would be futile. He was extremely unwilling and unreconciled, and actually began to shout hysterically.

However, after only a couple shouts, Chu Feng immediately shut him up. Then, Chu Feng took out a special sack and placed him into it.

Although Cosmos Sacks were capable of hiding all kinds of things, they were incapable of holding living things. Thus, it was much simpler to use a special sack to carry living people.

After capturing Song Yuheng’s grandfather, Chu Feng continued onward toward the World’s Hidden Valley. On his way there, he did not encounter any more obstructions.

At this moment, a very major event was happening in the World’s Hidden Valley. Duan Jidao was going to pass his power on to Song Yuheng.

At this moment, Duan Jidao, Yin Gongfu, Song Yuheng and Song Yuheng’s father were all gathered at Duan Jidao’s resting location, the place of Duan Qirou’s grave.

Other than them, there was another person present there. It was Jiang Wushang, who should have been under punishment.

Jiang Wushang, with his current status, should not be allowed to participate on such an occasion. However, Song Yuheng had suddenly found Duan Jidao and began to plead for leniency for Jiang Wushang.

As Duan Jidao did not wish to punish Jiang Wushang to begin with, he naturally released Jiang Wushang since Song Yuheng did not plan to continue looking into it.

However, even Duan Jidao did not expect for Song Yuheng to, without his permission, bring Jiang Wushang over here on this special day.

As Duan Jidao was someone who had lived for a very long time, how could he not tell that Song Yuheng was planning to attack Jiang Wushang with this? That he was deliberately trying to make Jiang Wushang suffer?

However, since he was determined to pass his power on to Song Yuheng, Jiang Wushang had to, sooner or later, accept this. As for the pain Jiang Wushang would feel today, he would have to bear that sooner or later too.

Thus, Duan Jidao did not say much, and instead prepared to pass his power on to Song Yuheng before Jiang Wushang.

“Yuheng, you are originally someone from the Song Royal Clan. Originally, a Royal Bloodline flowed within your dantian.”

“Right now, what you possess is an Imperial Bloodline. From today forward, you shall possess the strongest Imperial Bloodline in the Holy Land of Martialism.”

“However, you do not have to thank me. You only need to thank one person, Emperor Huang, Lord Huangfu Shou. You must remember this. The power that you shall obtain today was bestowed to you by Lord Huangfu Shou.”

“Furthermore, you must promise me one thing. The bloodline that you possess must be passed on to a person from the younger generation in your old age.”

“Furthermore, you must remember this. You are not allowed to pass on your bloodline to the geniuses nurtured by the Four Great Imperial Clans, nor are you allowed to only pass it on to your

descendants. You must pass it onto a suitable candidate. Do you understand?” Duan Jidao asked Song Yuheng.

“This junior understands. Milord, please rest assured,” Song Yuheng knelt on both knees and kowtowed to Duan Jidao.

“Very well, enter the formation,” Duan Jidao pointed to the area before the grave. He had already set up the Inheritance Formation in front of the grave. Furthermore, as he spoke, he sat in the center of the formation.

Hearing and seeing that, Song Yuheng naturally hurriedly entered the formation and lay down. An unconcealable excitement and joy emerged on his face. After he finished lying down, he even deliberately took a provocative glance at Jiang Wushang.

At this moment, Jiang Wushang was bleeding from his heart. It was as if a sharp blade was digging at his heart and cutting his flesh. This sort of heartache was simply so painful that he felt as if he wanted to die.

However, he had no choice but to endure it. He could only choose to remain silent. After all, he was inferior to Song Yuheng, and had been unable to win against him.

As such, he could only watch as Duan Jidao pass his power on to that shameless and despicable Song Yuheng.

“Senior Duan, please wait!” Right at the moment when Duan Jidao was about to activate the Inheritance Formation, a voice suddenly sounded. This voice shocked everyone present.

“Chu Feng?!” After seeing the person who had arrived, the people present were all shocked. The reason for that was because none of them expected Chu Feng’s arrival.

“Chu Feng? Why would you be here?” In terms of being shocked, the ones who were the most shocked were none other than Song Yuheng and his father.

The two of them both knew that Song Yuheng’s grandfather was

lying in ambush for Chu Feng outside of the World's Hidden Valley. Furthermore, with his strength, as long as Chu Feng dared to return to the World's Hidden Valley, he would definitely be captured. As such, how could Chu Feng be here? Exactly what was going on? They were truly confused and somewhat stunned.

“What’s wrong? Are you all very disappointed that I managed to get here?” Chu Feng took a smiling glance at Song Yuheng and his father.

“Disappointed?” Hearing those words, Duan Jidao, Yin Gongfu and even Jiang Wushang’s expression changed. They were all smart people. Therefore, they naturally managed to hear a special connotation behind the word ‘disappointed.’

“Chu Feng, what nonsense are you talking about? I merely wanted to say that this place is not a place that you can enter. What makes you think you are qualified to be here?” Song Yuheng angrily denounced Chu Feng.

“Song Yuheng, that shouldn’t be what you want to say the most. What you want to say the most should be ‘Where’s my grandfather?’” Chu Feng said.

“You... what are you talking about? I do not understand,” Hearing Chu Feng saying those words, the expressions of Song Yuheng and his father changed.

“Don’t understand?” Chu Feng smiled again. Then, he opened the sack on his back and threw it to the ground. Song Yuheng’s grandfather appeared from the sack. He pointed at Song Yuheng’s grandfather and said to Song Yuheng, “Do you understand now?”

Chapter 1855 – Revealing The Trump Card

“Grandfather?” Upon seeing his grandfather being thrown out of Chu Feng’s sack like some sort of merchandise and then rolling on the ground many times, Song Yuheng had an expression so ugly it was as if he had eaten feces. It was only after a very long time that he managed to calm himself.

Song Yuheng hurriedly ran over to his grandfather and helped him up. Then, he angrily asked Chu Feng, “Chu Feng, why is my grandfather held in a sack by you? Exactly what did you do to my grandfather?”

Duan Jidao immediately left the Inheritance Formation and asked, “Chu Feng, exactly what is going on here?”

At this moment, Yin Gongfu and Jiang Wushang were both looking at Chu Feng with shocked expressions. Firstly, they were wondering how Chu Feng had managed to capture Song Yuheng’s grandfather. After all, the difference in strength between them was immense. Could it be that Chu Feng really possessed the strength to defeat rank two Martial Emperors?

Actually, they both felt that Chu Feng had provoked a great trouble. After all, Song Yuheng’s grandfather’s was Duan Jidao’s trusted aide.

“Senior Duan, Song Yuheng’s grandfather set up a trap outside of the World’s Hidden Valley with the intention of killing me.”

“Logically, for him to covet the Four Great Imperial Clans’ bounty and want to kill me, I should immediately kill him.”

“However, it remains that he is someone of your World’s Hidden Valley. That is why I brought him back here for senior Duan to handle,” Chu Feng said.

“Chu Feng, don’t you blabber nonsense and wrongly accuse me. How could I possibly do such a thing?” Song Yuheng’s grandfather

would naturally not admit to his evil conduct. He immediately denied what Chu Feng had said.

“Song Chenghong, is what little friend Chu Feng said the truth?” However, Duan Jidao still questioned Song Yuheng’s grandfather.

“No, absolutely not. Lord Duan, please listen to my explanation,” Song Yuheng’s grandfather tried to explain.

“Explain,” Duan Jidao said.

“Lord Duan, I left the World’s Hidden Valley today and ended up encountering Chu Feng. Without saying anything, he immediately attacked me. I never expected for that child’s strength to be that strong. I was actually no match for him and ended up being captured by him and brought to this place.”

“However, I never expected for him to wrongly accuse me in such a manner,” Song Yuheng’s grandfather revealed an innocent expression. Then, he looked to Chu Feng and said, “Little friend Chu Feng, there are neither grievances nor grudges between us. Why must you wrongly accuse me like this?”

After saying that, Song Yuheng’s grandfather took a glance at Jiang Wushang. After seeing Jiang Wushang, he revealed an appearance of sudden realization. Then, he turned to Chu Feng and said, “Could it be because of Jiang Wushang? I know that you are close friends with Jiang Wushang. You must have wanted Lord Duan to pass his power on to Jiang Wushang.”

“That’s why when you came to know that Yuheng was about to obtain Lord Duan’s inheritance, you decided to use this sort of method to wrongly accuse me and prevent Lord Duan from passing his power on to Yuheng, isn’t that right? Chu Feng, you are truly despicable! Our World’s Hidden Valley has treated you as a distinguished guest in vain!”

Sure enough, Song Yuheng’s grandfather was quite remarkable. Even though his words were extremely far-fetched, he was able to

shift the blame from himself extremely quickly. He was truly a great actor. It was no wonder he had managed to deceive Duan Jidao.

“Let’s assume that you’re not speaking nonsense, it meant that I happened to run across you. If I did not encounter you, how was I able to wrongly accuse you?”

“You said that I’m despicable? The way I see it, you’re the truly shameless one. You actually dare to speak lies with such enormous loopholes to defend yourself. Not only that, you instead decided to file a counter charge against me,” Chu Feng said.

“You should know whether or not I am wrongly accusing you the best. People knew that I was going out today. If someone were to tell you beforehand, you would naturally be able to keep watch for my appearance outside of the World’s Hidden Valley,” As Song Yuheng’s grandfather said those words, he took a deliberate glance at Yin Gongfu. He was trying to kill two birds with one stone. Not only was he going to accuse Chu Feng, he was also going to take Yin Gongfu down with Chu Feng.

“Song Chenghong, what is the meaning behind looking at me? I did not know that you were going out. Even if I did, I would not have been able to inform Chu Feng,” Yin Gongfu said angrily.

“You know yourself whether or not you knew about it,” Song Yuheng’s grandfather snorted coldly. Then, he looked to Duan Jidao and said, “Lord Duan, some people are truly too shrewd. I hope that you can do me justice.”

“Chu Feng, Gongfu, is what Song Chenghong said the truth?” After Duan Jidao pondered for a moment, he looked to Chu Feng and Yin Gongfu.

“Lord Duan, you... are you suspicious of me?” After hearing those words, Yin Gongfu revealed a blank expression of disappointment. He never would have expected that to Duan Jidao, the man to whom he had been loyal and devoted to for so many years, he

would be inferior to a despicable, shameless graverobber.

“Even though Song Chenghong’s lies are filled with hundreds of loopholes, senior Duan still believed him,” Chu Feng sighed, “it seems that senior Duan’s eyes have been completely deceived.” Chu Feng smiled lightly at Duan Jidao’s suspicion. He was not angry in the slightest. After all, he had already anticipated this.

Since Duan Jidao was able to make the firm resolution to pass his power to on Song Yuheng, it meant that his wisdom had already been completely fooled by Song Chenghong.

As for the reason why Duan Jidao was acting in such a manner, it was not because Song Yuheng’s grandfather was extremely brilliant. Rather, it was because Duan Jidao truly placed too much importance on Duan Qirou. A single Duan Qirou’s remains had made Duan Jidao extremely grateful toward Song Yuheng’s grandfather, believing every single word he said.

Thus, if Chu Feng wanted Duan Jidao to regain his rationality and stand on their side, it was very easy. That would be to use Duan Qirou as the bargaining chip. And it just so happened that... Chu Feng possessed that bargaining chip in his hand. In other words, that was Chu Feng’s trump card that would turn the situation around.

“Chu Feng, not only did you wrongly accuse me, you actually dared to even mock Lord Duan. I will definitely not forgive you!” Song Yuheng’s grandfather had an expression of incomparable anger. He dragged his extremely weak body forward to attack Chu Feng.

He actually knew extremely well that he was simply incapable of injuring Chu Feng in the slightest. However, he had to do this, for it would reveal how devoted he was to Duan Jidao. By doing this, he would obtain Duan Jidao’s trust.

Thus, he formed a fist with his right hand and gathered all of his strength to smash it at Chu Feng. While he might not be able to

injure Chu Feng, this was something that he had to do.

Faced with Song Yuheng's grandfather's incoming fist, Chu Feng revealed a cold smile. He did not try to dodge the incoming fist and instead allowed it to land on him.

“Woosh~~~”

Right at the moment when Song Yuheng's grandfather's fist was about to reach Chu Feng, Chu Feng waved his sleeve and revealed the crystal coffin. That crystal coffin appeared before Chu Feng, blocking the path of the incoming fist.

Everything happened too quickly. Song Yuheng's grandfather was unable to react in time. Thus, his fist did not stop, and firmly continued to smash toward that coffin.

Right at this moment, Duan Jidao shouted, “Stop!!!”

His shout created an extremely powerful energy ripple that shook all of heaven and earth. Not to mention Jiang Wushang and Song Yuheng, even Chu Feng and Yin Gongfu were unable to stand firmly, and nearly fell to the ground.

At this moment, the person that was the most miserable was Song Yuheng's grandfather. An enormous power had directly knocked him flying several tens of thousands of meters away. As he flew, he smashed through countless giant trees. When he fell, he vomited blood, and his complexion turned extremely pale.

Chu Feng had only restricted his power, and had not injured him at all. However, Duan Jidao's shout had left him with serious injuries.

“Grandfather!!!” Seeing this scene, Song Yuheng became extremely worried. He simply did not understand what had happened, and even thought that Chu Feng was the one that injured his grandfather. Thus, he pointed at Chu Feng, gnashed his teeth in anger and shouted, “Chu Feng, you dare injure my grandfather!? I'll kill you!!!”

In fact, Jiang Wushang and Song Yuheng's father both thought that Chu Feng was the one that had injured Song Yuheng's grandfather.

At this moment, only Yin Gongfu discovered that it was not Chu Feng that had injured Song Chenghong. Instead, it was Duan Jidao that injured Song Chenghong.

Merely, to him, Duan Jidao attacking Song Chenghong was even more shocking than Chu Feng attacking Song Chenghong. At this moment, he was somewhat baffled.

Only Chu Feng knew the truth.

Duan Jidao knew that Song Yuheng's grandfather was no match for Chu Feng. Thus, his eyes had been fixed on Chu Feng the entire time. If Chu Feng were to injure Song Yuheng's grandfather, Duan Jidao would definitely act to stop him.

However, even Duan Jidao himself did not expect Chu Feng to not attack Song Yuheng's grandfather, but instead reveal a coffin. As for the person in the coffin, it was actually Duan Qirou, his lover that he had yearned for day and night for thousands of years.

At the moment he saw Duan Qirou, Duan Jidao was stunned. Thus, his attack at Song Yuheng's grandfather was done entirely subconsciously. The reason for that was because he would absolutely not allow anyone to bring harm to Duan Qirou. Even if Duan Qirou was already dead, he would still not allow it.

Chapter 1856 – The Furious Duan Jidao

“Putt~~~”

At this moment, Duan Jidao was kneeling before that crystal coffin. His eyes were filled with deep emotions as he looked at Duan Qirou, who was within the coffin.

At first, other than Chu Feng, everyone else was puzzled by Duan Jidao's reaction.

Soon, Song Yuheng's grandfather, Song Yuheng's father and Song Yuheng all discovered that the woman in the coffin was actually wearing the exact same clothes as the ones which Song Yuheng's grandfather had forged.

“How could this be?” Song Yuheng's grandfather was completely flabbergasted. He who had managed to stand back up with great difficulty directly fell onto his butt. His expression turned ashen.

Earlier, he had been confused the entire time as to why Chu Feng knew that the remains of Duan Qirou he had produced were fake. Now, he finally realized. It turned out that Chu Feng had discovered the actual remains.

After being emotional for some time, Duan Jidao suddenly asked Chu Feng, “Chu Feng, where did you obtain Qirou's remains?”

“Senior Duan, this is a long story. Senior, might you be willing to listen to it?” Chu Feng said.

“Go ahead. Tell me from the very beginning. Tell me all about it,” Duan Jidao nodded his head repeatedly. He wanted to know about what had happened.

Chu Feng began to tell Duan Jidao about what had happened from the very beginning.

This included how he encountered Duan Qirou's remains at the Fallen Leaves Bamboo Forest, and how he had seen the poem and

the handwriting on the gravestone after coming to this place.

He also told Duan Jidao how he knew about his past from Yin Gongfu, as well as how the remains in the grave were a fake produced by Song Yuheng's grandfather.

Chu Feng did not conceal anything from Duan Jidao, and instead told him all about what had happened.

“How preposterous!”

After learning of what had happened, Duan Jidao became incomparably furious. First, he smashed this palm downward, and shattered that grave with the fake remains that he had treasured for many years to pieces.

Then, he extended his hand and grabbed. Song Yuheng's grandfather was grabbed before him and forced to kneel on the ground.

“Lord Duan, please listen to my explanation. That Chu Feng is wrongly accusing me. That Chu Feng is wrongly accusing me. The remains that I presented to you are the real remains of Lady Duan Qirou. Chu Feng's remains are fake,” Song Yuheng's grandfather was still trying to make excuses.

“You actually still dare to deceive me? That crystal coffin is something that Qirou requested from me back then. She said that the two of us would both lie in that crystal coffin in the future,” Duan Jidao was so enraged that his beard hairs were all perked straight, and his body was violently trembling. It could be seen that he was truly angry.

The moment he saw that crystal coffin, the moment he saw Duan Qirou's remains, he knew that these were her real remains. Yet, Song Yuheng's grandfather still insisted on saying that they were fake. As such, how could he possibly tolerate it?

“Milord, I wouldn't dare, I wouldn't dare to deceive you. I am loyal and devoted to you. I...” Naturally, Song Yuheng's

grandfather would refuse to admit that he had deceived Duan Jidao even if he were to be beaten to death. As such, he continued to justify himself.

“Shut your mouth!” Duan Jidao smashed his palm down. ‘Boom,’ as blood splattered, Song Yuheng’s grandfather was crushed to bits.

“Ah?!!!!” Seeing that Song Chenghong had been killed, Song Yuheng and his father were all stunned.

It was only after a very long time that Song Yuheng managed to react. In order to be able to survive, he hurriedly crawled to Duan Jidao and began to kowtow to him while begging for forgiveness nonstop, “Lord Duan, please spare me, please spare me! Please take into consideration how loyal and devoted I have been to you for all these years and spare my life and the life of my father. I will never dare to deceive you again, never dare to deceive you again.”

“What? Even the two of you were involved?” Hearing those words, Duan Jidao turned his furious gaze at Song Yuheng.

“This... Lord Duan, I, I...” It was only at this moment that Song Yuheng managed to react and discovered that he had misspoken. He wanted to explain himself, but was at a loss as to how to do so.

Song Yuheng’s panicking appearance of not knowing what to do was enough to show that he knew the truth.

As for the truth, it was that the three of them, grandfather to grandson, were all deceiving Duan Jidao together.

“I have trusted you all in vain. I was truly blind,” Duan Jidao smashed his palm downward again. Song Yuheng and his father were both smashed to bits, and the two of them went to accompany Song Chenghong.

“Hahaha, this is too funny. That Song Yuheng was truly stupid beyond help,” At this moment, in Chu Feng’s World Spirit Space, Eggy was laughing at Song Yuheng’s stupidity.

As for Chu Feng, he was also smiling while he shook his head. He knew that even though Song Chenghong had deceived Duan Jidao, Duan Jidao might have spared Song Yuheng and his father by taking old affections into consideration. After all, Duan Jidao would not have thought that the father and son would also be related to this matter.

However, in his panic, Song Yuheng had actually spoken the truth. This let Duan Jidao know that Song Yuheng and his father had also been deceiving him. As such, he would naturally be incomparably angry, and not spare Song Yuheng or his father.

It could be said that Song Yuheng had caused his own death and the death of his father. His action was truly one of enormous stupidity.

“Qirou, I have let you down. Not only did I cause your death, I was unable to even find your remains. I even set up a grave for those fake remains while thinking that it was you the entire time. I had even wanted to bury myself in the same grave as those remains that I don’t even know whose they are. I...”

At that moment, Duan Jidao arrived before the crystal coffin. Overcome with emotions, this old man whose face showed that he had experienced a lot of things was actually shedding tears.

“It seems that this Duan Jidao is truly a passionate man of emotions. It is no wonder he was deceived and exploited by Song Chenghong,” After seeing Duan Jidao acting in such a manner, Eggy’s opinion of Duan Jidao improved slightly.

Eggy was an extremely observant individual. Thus, she knew that Duan Jidao’s current reaction was not fake. He truly loved Duan Qirou dearly.

Else, how could he have massacred his entire clan out of anger at her death?

Although his action of massacring his entire clan was an

incomprehensible action, in this world where people only considered their own self-interest, how many people were actually capable of doing that sort of thing for a single woman?

While that sort of action appeared to be extreme, it was able to better reflect that Duan Jidao was a man of emotions and passion.

After a long time passed, Duan Jidao walked to Chu Feng with an expression of gratefulness all over his face. “Little friend Chu Feng, I truly do not know how to thank you for this. If it wasn’t for you, I... I would not have even been able to accompany Qirou in death.”

“Senior, don’t say it like that. What this junior has done are only the things that I should have done.”

“Furthermore, you shouldn’t be that heart-broken. I have always thought that the founder of the Fallen Leaves Bamboo Forest was... senior Duan Qirou.”

“If that Fallen Leaves Bamboo Forest really was established by senior Duan Qirou, it would mean that she was not killed because of you. Instead, she merely left the Duan Clan. Thus... you were not the cause of senior Duan Qirou’s death,” Chu Feng said.

“That’s right, Milord. Please look at Lady Duan Qirou’s remains. She is completely undamaged. It really does not resemble the remains of someone that was killed,” Yin Gongfu said.

“Qirou, so you weren’t killed by the people from the Duan Family? Did you commit suicide?” At this moment, Duan Jidao managed to react. With his world spirit techniques, if he were to carefully observe Duan Qirou’s remains, he would be able to determine her cause of death, as well as her time of death.

At this moment, he was determined that Duan Qirou had died after he had extinguished the Duan Clan. Furthermore, she had died from suicide, and not from being killed by another. Furthermore, Duan Qirou had killed herself when the news of him was completely gone from the world, at the moment when

everyone thought that he had died.

From this, he could imagine that she had thought that he had died, and thus killed herself because of that. Duan Qirou had wanted to accompany Duan Jidao in death.

It was precisely because of their deep affection for one another, with the freak combination of many factors, that lead to such a tragedy.

Chapter 1857 – Passing On The Power To Jiang Wushang

However... Duan Jidao was incapable of accepting this truth even more. Not only had he wrongly killed his entire clan, he had also caused his most beloved to kill herself because of him becoming depressed and disappearing afterwards.

If he had not disappeared, then perhaps Duan Qirou would have been able to one day let go of the matter that gnawed at her heart to find him. At that time, he would have been able to reunite with her.

Unfortunately, that never happened. All because of his impulses, all because of his depression, he had caused the death of his entire clan and his lover. Thinking about all of those things, Duan Jidao felt enormous pain and was torn with grief.

While he was deeply grieved, Duan Jidao was able to quickly adjust his state of mind. Before Chu Feng and the others, he personally set up a grave for Duan Qirou and buried her deep within it.

“Senior Duan, this was also part of senior Duan Qirou’s remnants.”

At this moment, Chu Feng took out the gravestone that Duan Qirou had personally engraved and handed it to Duan Jidao.

“That is also something that Qirou requested from me back then. She said... that even if we were to die, we must be buried together. At that time, we would use that coffin and this gravestone,” Seeing that gravestone, Duan Jidao recalled the beautiful past he had experienced with Duan Qirou.

“Qirou, let the past be past now. I will not make you be lonely by yourself anymore. I will soon join you,” Duan Jidao said while looking at that gravestone. At the moment he said those words,

there was no longer guilt and shame on his face. Instead, he had an expression of blessed happiness. Deep yearning was present in his gaze.

While ordinary people all feared death, to Duan Jidao, death... was a way to free himself.

“Milord, please, you must accept the situation and move on,” At this moment, Yin Gongfu started to panic. He thought that Duan Jidao was planning to kill himself to accompany Duan Qirou.

“Gongfu, ever since the day that I thought Qirou had died, I have never wanted to live. You understand what I mean?” Duan Jidao took a glance at Yin Gongfu. Then, he looked to that Inheritance Formation and said, “The only reason why I continued to live like a walking corpse is because I did not want to let down the hopes that Lord Emperor Huang had placed onto me. Thus, I must have his strength continue to be passed on.”

After saying those words, Duan Jidao looked to Jiang Wushang and said, “Wushang, enter the formation.”

Hearing those words, Jiang Wushang’s body stiffened. He was so excited that he became stunned. Happiness had truly come too fast for him.

“Wushang, why are you standing there? Lord Duan is telling you to enter the formation to accept his Inherited Bloodline,” Yin Gongfu said with a smile on his face.

“Right away, thank you Milord, thank you Milord,” Jiang Wushang was extremely excited, so much so that even his speech became incoherent. However, he still hurriedly entered the Inheritance Formation and lay down within it. The moment he did so, he repeatedly turned his head toward Chu Feng with a gaze filled with gratefulness. He knew... that he had only been able to obtain this opportunity because of Chu Feng.

Back then, he had only been someone who possessed a Royal

Bloodline. It was only because of Chu Feng that he had managed to obtain his Imperial Bloodline. And now... he was actually able to inherit Emperor Huang's Imperial Bloodline. This too was all thanks to Chu Feng.

After Duan Jidao entered the formation, Duan Jidao sat cross-legged in the center of the formation and began to pass his strength on to Jiang Wushang.

This inheritance process was completely different from how Duan Jidao had helped the other possessors of Royal Bloodline obtain their Imperial Bloodlines.

He was shifting his own Imperial Bloodline's power to Jiang Wushang. Thus, it meant that when the inheritance process began, his own strength would begin to weaken.

At this moment, Chu Feng was able to sense Duan Jidao's cultivation.

Rank seven Martial Emperor. Duan Jidao's unprecedented power that he felt was actually the aura of a rank seven Martial Emperor. Duan Jidao's cultivation was actually that of a rank seven Martial Emperor.

"So powerful. No wonder they say that Duan Jidao was an existence that even the Three Palaces feared, that the Four Clans were incapable of doing anything to," After sensing Duan Jidao's cultivation, Chu Feng gasped in admiration.

Thinking about it, the Clan Chiefs of the Four Great Imperial Clans were only rank three Martial Emperors, and even their Utmost Exalted Elders that were on the verge of dying were only rank four Martial Emperors.

Yet, Duan Jidao was actually a rank seven Martial Emperor. From this, it could be seen that Duan Jidao's powerful strength was not an undeserved reputation.

Thus, Chu Feng determined that Duan Jidao, with his strength,

was definitely one of the most powerful existences in the Holy Land of Martialism, if not the most powerful.

Back then, if Duan Jidao had not been affected by that unforeseen event and entered into a state depression, if he had continued to train, then it would not be impossible for him to have become the strongest person in the Holy Land of Martialism right now.

Thinking about that, Chu Feng felt regret for Duan Jidao. He had truly been toyed with by fate. Duan Jidao had caused everyone to become envious of him in being able to obtain Emperor Huang's inheritance. Yet, he possessed an extremely tragic fate.

“Wuuu~~~!!!”

Right at this moment, Jiang Wushang who was lying in the Inheritance Formation let out a light groan. Then, he revealed an expression of pain, and his body began to twitch slightly.

“Not good, Wushang's cultivation is too weak. He's still unable to endure Lord Emperor Huang's bloodline's power,” Duan Jidao started to frown deeply.

“Lord Duan, what are we to do then?” Yin Gongfu asked worriedly.

“If I am to forcibly instill Lord Emperor Huang's bloodline's power into him, it will likely cost him his life. Not only that, I will have exhausted Lord Emperor Huang's bloodline's power in vain,”

“We can only attempt it again. If Wushang is truly unable to bear the power, we can only drop this matter and then search for another suitable candidate,” At the moment when Duan Jidao said those words, he spoke with great helplessness.

He had actually very much wanted to pass his power on to Jiang Wushang. Not only did he think highly of Jiang Wushang to begin with, he was also anxious to pass the power of Emperor Huang on to someone else as soon as possible. In that case, he would have

completed his mission to Emperor Huang. At that time, he would no longer have any burden, and would be able to accompany his lover.

Yet, Jiang Wushang was unable to endure his power. As such, he had no choice but to find a new candidate. It would mean that... he would have to continue living the life of a walking corpse for a longer period of time. Duan Jidao naturally did not wish for that.

“Senior, it is true that Wushang’s cultivation is relatively weak. However, I feel that his reaction is... also related to this formation.”

“This Inheritance Formation is not able to lower the berserk nature of the bloodline to its lowest point.”

“This [untalented](#) Chu Feng knows of a formation that might be able to resolve the berserk nature of your bloodline. May I give it a try?” Chu Feng asked.

“Little friend Chu Feng, you do not have to be so reserved. If you have a method, go ahead and give it a try,” Duan Jidao said.

“Yes,” After Chu Feng spoke, he sat down in a cross-legged manner and began to set up another spirit formation on top of Duan Jidao’s Inheritance Formation.

Chu Feng set that spirit formation up extremely naturally and in an unforced manner. Soon, the spirit formation was successfully set up. After the formation was completed, the expression of pain on Jiang Wushang’s face lessened, and his complexion actually became rosy. The bloodlines power that Duan Jidao was instilling into him was easily fused into him.

“Little friend Chu Feng, this formation of yours is truly miraculous. It would seem that you’re also someone that has encountered an enormous chance opportunity,” Duan Jidao was in incomparable joy, and began to praise Chu Feng nonstop. The reason for that was because even he did not know about the spirit

formation that Chu Feng had set up.

However, he did not bother to ask Chu Feng about where he had learned that spirit formation. The reason for that was because he was certain that Chu Feng had obtained some sort of chance opportunity. Otherwise, it would be impossible for him to know such a miraculous spirit formation.

In fact... that was indeed the case.

Untalented is a humble way of referring to oneself.

Chapter 1858 – The Situation Turning Bad

Even though the issue with Jiang Wushang's body was solved, the bloodline inheritance process was still not something to be looked down upon. It still had to be done slowly.

In the blink of an eye, an entire month passed. In this period of one month, Jiang Wushang's cultivation had increased from rank one Half Martial Emperor to rank seven Half Martial Emperor. He was only a single rank below Chu Feng now.

For him to obtain such an enormous change in the period of a single month, this truly could be said to be miraculous.

However, while Jiang Wushang had obtained such enormous gains, Duan Jidao was left in a tragic situation.

In merely the period of a single month, he had become so skinny that he was akin to only skin and bones. He had become so aged that over half of his hair had shedded. Countless wrinkles filled his skin, and his complexion had turned deathly pale like paper without the slightest trace of rosiness. His appearance resembled that of a dead man.

Not only that, his cultivation had also decreased from rank seven Martial Emperor to rank six Martial Emperor. Furthermore, his current health was extremely weak.

All of this was caused by him passing on the power of his bloodline. In other words, what Jiang Wushang was obtaining was what Duan Jidao was losing.

“Huu...” Finally, Duan Jidao stopped. It was not because Jiang Wushang was unable to accept any more of his power, but rather it was because his own physical strength was insufficient to continue, and he had to rest for a period of time before being able to continue. Else, he would die before he could finish the inheritance process,.

“Lord Duan, are you alright?” At that moment, Yin Gongfu hurriedly stepped forth and lent Duan Jidao an arm to support him. Worry filled his entire face. The reason for that was because the current Duan Jidao was truly too weak.

“I’m fine, I’m fine,” Even though his body was extremely weak, Duan Jidao was very happy. He looked to Chu Feng and said, “Little friend Chu Feng, it is truly all thanks to your assistance. Else, it would be impossible for me to be able to pass on all of my bloodline’s power to Wushang at once.”

“The way it looks, I will only need to do it two more times before I will be able to completely pass on all of Lord Emperor Huang’s bloodline power to Wushang.”

“After I finish this mission given to me by Lord Emperor Huang, I will be able to go and accompany Qirou in ease,” When Duan Jidao said those words, the gaze with which he looked to Chu Feng was filled with gratefulness. It was all because of Chu Feng’s assistance that he was able to complete his mission ahead of time.

“Senior Duan, you’re flattering me. This junior has only done what he should do,” Even though Chu Feng knew that Duan Jidao would die sooner or later, it was still very uncomfortable for him to see Duan Jidao with such an appearance.

Even though he had not known Duan Jidao for long, he knew that Duan Jidao was a good, loyal and true man. His sense of responsibility was extremely strong. Else, he would not have persisted in living like a zombie even though he had wanted to die for so long. He had done all this so that he could find a suitable successor for Emperor Huang’s power.

“Lord Duan, this junior is unworthy of you,” Jiang Wushang walked out of the formation and then knelt onto the ground with a ‘putt.’ Tears were flowing from his eyes. At this moment, he felt extremely ashamed and guilty. After all, it was because of him that Duan Jidao had been left in such a state.

“Wushang, quickly, get up. There’s no need for you to feel guilty. What you’ve done is to help me obtain my aim, complete my cherished desire,” Duan Jidao lent an arm to help Jiang Wushang stand up.

“Thank you, Milord, for your great affection. Your enormous grace and kindness is something that Wushang will never forget,” Jiang Wushang was still tearing up.

“You don’t have to thank me. If you want to thank someone, you should be thanking your brother Chu Feng. If it wasn’t for him, then this senile old man would have passed Lord Emperor Huang’s incomparably precious bloodline to Song Yuheng,” When mentioning this matter, Duan Jidao began to smile bitterly. He felt extremely ashamed of himself.

At that moment, both Jiang Wushang and Yin Gongfu turned their gazes to Chu Feng. It was not only Jiang Wushang, even Yin Gongfu felt extremely grateful to Chu Feng. If it wasn’t for Chu Feng, the consequences would have been too horrible to contemplate.

“Rumble~~~”

“Rumble~~~”

Right at this moment, rumbles sounded from outside.

Yin Gongfu and the others were all startled upon hearing the rumbles. It was evident that someone was attacking this place.

“It’s the King Monstrous Dragon Beasts?” Using his Heaven’s Eyes, Chu Feng was able to see the situation outside.

Chu Feng never would’ve imagined that Yaojiao Guang would lead the King Monstrous Dragon Beasts’ army here. Not only that, even the two elders from the War Faction were present.

Other than the few grand characters from the King Monstrous Dragon Beasts, there was also an army of several hundred thousand King Monstrous Dragon Beasts, all with helmets and

armor.

The weakest among them were Martial Kings, peak Martial Kings on top of that. The majority of them were Half Martial Emperors.

While the great majority of them were standing in orderly rows with human forms, there was also a small portion of them who were in their true King Monstrous Dragon Beast form that ranged from hundreds of meters to several hundreds of meters in length.

Looking at them, one would feel incomparable fear from the overflowing might they were displaying.

“It’s actually the King Monstrous Dragon Beasts? Why would they come to stir up trouble now?”

Yin Gongfu also possessed a special sort of method that allowed him to see the scene outside.

If the King Monstrous Dragon Beasts were to have arrived here before, he would definitely persuade them kindly and try to resolve the matter without fighting. However, today, he was uncharacteristically angry.

After all, Duan Jidao was currently extremely weak. This caused Yin Gongfu’s mood to be extremely bad. For the King Monstrous Dragon Beasts to come stir up trouble now caused him to be extremely angry.

Thus, Yin Gongfu did not bother to speak to them kindly. Instead, he gathered all of the experts in the World’s Hidden Valley and rushed out of the World’s Hidden Valley with the intention to meet the King Monstrous Dragon Beasts head-on.

Although the troops from the World’s Hidden Valley were of a completely different level when compared to that of the King Monstrous Dragon Beasts, they possessed the resolution to fight till the death.

Chu Feng naturally did not wish for the King Monstrous Dragon Beasts and the people from the World’s Hidden Valley to fight to

the death. Thus, he followed Yin Gongfu out with the intention to mediate the situation. Seeing that Chu Feng had followed them out, Hong Qiang also followed Chu Feng out.

After Yin Gongfu appeared, he immediately shouted angrily, “Yaojiao Guang, what is the intention of this? Didn’t we come to an agreement that you all will not come to seek trouble here again? Why are you all going back on your word?” There was no trace of friendliness that he displayed that other day.

“Yin Gongfu, what sort of nonsense are you talking about? I’ve come here to find little friend Chu Feng. Merely, you all refused to let me enter. That is why I ended up attacking your defensive barrier so that you all will come out,” Yaojiao Guang said.

“What? Find Chu Feng?” Yin Gongfu was at a loss upon hearing those words. It turned out, the King Monstrous Dragon Beasts had not gathered such a large force for the sake of trying to take back their lost territory. Instead, they had come to find Chu Feng.

At this moment, Chu Feng arrived before Yaojiao Guang and asked, “Senior Yaojiao Guang, could it be that something has happened?”

“Little friend Chu Feng, it’s great that you’re here. Indeed, a major event happened. To you, there will be two pieces of extremely bad news,” Yaojiao Guang said emotionally.

Chu Feng realized that the situation was bad. Thus, he asked again, “Senior Yaojiao Guang, exactly what happened?”

“Baili Xuankong was captured by the Four Great Imperial Clans,” Yaojiao Guang said.

“You said my Ancestor has been captured? Is this for real?” Hearing those words, even Chu Feng started to panic.

“Absolutely true. Right now, many people in the Holy Land of Martialism know about this matter. It is already no longer a secret,” Yaojiao Guang said.

“But, why would Ancestor be captured?” Chu Feng was confused.

“Even I do not know exactly how he was captured. Regardless, Baili Xuankong has been captured, as well as your Cyanwood Mountain’s headmaster, most of the elders and a lot of the disciples. Reportedly, they were all people that possessed decent relationships with you.”

“Right now, the Four Great Imperial Clans have let out news. They want you to reach the Ximen Imperial Clan within a month’s time. Else, Baili Xuankong and the others will all be killed,” Yaojiao Guang said.

“Damn it!” Hearing those words, Chu Feng tightly clenched his fists. Why would they be captured all of a sudden? How did the Four Great Imperial Clans know of the relationship he possessed with those people?

This would only mean one possibility — a traitor had appeared in their Cyanwood Mountain. Someone must’ve sold them out. That was why Baili Xuankong and the others had been captured.

Furthermore, the one that sold them out must be a person with a very high status in the Cyanwood Mountain. At the very least, that person should be someone from the Cyanwood Sacred Assembly. Else, it would be impossible for them to know of Baili Xuankong’s existence.

Chapter 1859 – Surging Hot Blood

“Chu Feng, you’ve also thought that a traitor has appeared in the Cyanwood Mountain?”

“Although it cannot be certain, I also feel that to be the most likely possibility.”

“However, that is also understandable. After all, the Four Great Imperial Clans have even used an Imperial Armament as part of your bounty; there will definitely be people that will not be able to resist the enticement,” Yaojiao Guang said. It would seem that he had thought of the same thing as Chu Feng.

“Even with this being the case, I must still find that person,” Chu Feng’s eyes were filled with killing intent. What he could not tolerate the most was betrayal.

“Of course. I have already prepared my army. We can proceed toward the Ximen Imperial Clan with you to rescue your friends and seize that traitor right away,” Yaojiao Guang pointed to the army behind him.

“No, this cannot do. This is a personal grudge between the Four Great Imperial Clans and myself. How could I implicate your King Monstrous Dragon Race?” Chu Feng shook his head repeatedly.

Everything in this journey to rescue his friends pointed to disaster. If he were to bring the King Monstrous Dragon Beast army with him, even if he were able to successfully save his friends and win the battle, a large portion of the King Monstrous Dragon Beasts’ elites would definitely be sacrificed in the process. If they were to be defeated, it would mean utter annihilation for all of them.

That was especially true now. The King Monstrous Dragon Beasts had even sent forth two of their four elders. From this, it could be seen that the King Monstrous Dragon Beasts had mobilized nearly

all of their battle power.

If this army were to be defeated and annihilated, the remaining King Monstrous Dragon Beasts would definitely not be a match for the Four Great Imperial Clans. Likely, the King Monstrous Dragon Beasts would end up being extinguished completely because of Chu Feng.

“Chu Feng, listen to me. Other than Baili Xuankong being captured, there’s another extremely bad piece of news.”

“The Snow-haired Immortal who helped you on the Gong Ba Plains before, after she came to know about this matter, she immediately sent out news that she would no longer concern herself with the grudges between you and the Four Great Imperial Clans. This time around... she is planning to watch with folded arms,” Yaojiao Guang said.

“There wasn’t much of a relation between the Snow-haired Immortal and I to begin with. I am already extremely grateful that she helped me before. For her to not help me again, it is only natural,” Chu Feng did not blame the Snow-haired Immortal. After all, she did not owe him anything to begin with.

Merely, Chu Feng felt that, with the Snow-haired Immortal’s personality, she should have continued to help him. For her to suddenly announce such a thing was equivalent to her telling the people of the Holy Land of Martialism that she was afraid of the Four Great Imperial Clans. This did not resemble something that the Snow-haired Immortal would do.

Chu Feng felt that there must be a secret reason as to why she had done that. Merely, only the Snow-haired Immortal herself knew that secret.

“Without the Snow-haired Immortal helping you, you have lost an enormous helper. If you are to fight against the Four Great Imperial Clans, your odds of winning would be too low. If you were to go by yourself, you would simply be throwing your life

away. Thus, it's better that you allow us to help you."

"Our King Monstrous Dragon Race possesses the bloodline of dragons. As such, our lifespan greatly surpassed those of humans. Our bodies are also much more powerful than humans. Thus, even if we are to fight against the Four Great Imperial Clans, our King Monstrous Dragon Race is not without any odds of winning," Yaojiao Guang said.

At this moment, a War Faction's elder said, "Little friend Chu Feng, let's set out now. After all, their lives are at risk,"

"Chu Feng, our King Monstrous Dragon Race has already made its determination. We insist on helping you."

"Originally, we had planned to dispatch an elder from both the War Faction and the Peace Faction. However, the two Lord Elders from the War Faction insisted on going into battle. Do you understand their intentions?" Yaojiao Guang pointed to the two War Faction's elders.

Hearing those words, Chu Feng's heart was moved. The War Faction's two elders had deliberately made things difficult for him many times. However, they only did for the sake of the interests of the War Faction. They were actually not monstrous beasts that could not distinguish between right and wrong.

Ever since Chu Feng had helped Yaojiao Tingyu obtain the Black Dragon King's inheritance, the two War Faction's elders' attitudes toward Chu Feng had had a hundred and eighty degree reversal. Right now, they even wanted to help Chu Feng fight against the Four Great Imperial Clans. Even though everything pointed to disaster, and they might end up losing their lives in the process, they still insisted on joining the battle, and handed the great responsibility of protecting the King Monstrous Dragon Race to the two Peace Faction's elders.

From this, it could be seen how determined they were to repay Chu Feng.

“Elders, I understand your kind intentions. Merely, this is truly...” Chu Feng really did not wish to implicate the King Monstrous Dragon Race.

“Little friend Chu Feng, do not urge us against it anymore. The enormous grace and kindness you’ve shown our King Monstrous Dragon Race is something that we must repay.”

“This time, if you are to allow us King Monstrous Dragon Race to accompany you into battle, it would mean that you’ve thought highly of us.”

“If you insist on refusing us, we will not force you either. However, if you are to not be able to return after leaving, our King Monstrous Dragon Race will definitely gather up the strength of our entire race to fight a life and death battle against the Four Great Imperial Clans,” The War Faction’s elders said.

“Warriors of the King Monstrous Dragon Race, is what the elders said correct?” At this moment, Yaojiao Guang turned to ask the several hundred thousand King Monstrous Dragon Beast army behind him.

“Our King Monstrous Dragon Race must repay the grace Chu Feng had shown us!!!”

“Our King Monstrous Dragon Race must repay the grace Chu Feng had shown us!!!”

“Our King Monstrous Dragon Race must repay the grace Chu Feng had shown us!!!”

.....
.....
.....

The King Monstrous Dragon Race army shouted loudly. Their voices were so loud that they resonated through the vast sky.

Chu Feng hesitated for a moment. He was able to tell that the

King Monstrous Dragon Beasts were determined. Thus, in the end, he took out his Heavenly Immortal Sword, pointed it toward the heavenly dome and shouted, “Very well! Today, I shall fight with the King Monstrous Dragon Race. We shall dye the Four Great Imperial Clans with blood!”

“Dye the Four Great Imperial Clans with blood!!!”

“Dye the Four Great Imperial Clans with blood!!!”

“Dye the Four Great Imperial Clans with blood!!!”

.....

.....

.....

The King Monstrous Dragon Beasts soldiers shouted loudly alongside Chu Feng.

“A battle against the Four Great Imperial Clans. How could our World’s Hidden Valley possibly miss out on this? Little friend Chu Feng, would you mind bringing this old man with you?” Right at this moment, Duan Jidao suddenly appeared behind Chu Feng.

“Lord Duan, your body...” Upon seeing Duan Jidao, Chu Feng was startled. Duan Jidao’s body was already extremely weak after instilling his bloodline’s power to Jiang Wushang. Even though he appeared to be in much better health now, so much so that he appeared to be completely fine, Chu Feng had discovered an even more serious problem.

By instilling his power to Jiang Wushang, Duan Jidao’s cultivation had begun to degenerate. Originally, he had possessed the cultivation of a rank seven Martial Emperor. However, due to the inheritance process, his cultivation had degenerated to that of a rank six Martial Emperor.

Yet now... Duan Jidao’s cultivation had actually become that of a rank five Martial Emperor. His cultivation had degenerated by

another level.

Chu Feng was no fool. He was proficient in world spirit techniques and many taboo techniques.

Thus, he knew that after Duan Jidao had passed on his bloodline's power to Jiang Wushang, his body was extremely weak. As such, it would be impossible for him to recover in a short period of time.

Therefore, for Duan Jidao to appear healthy right now, he must've paid an enormous price to obtain it. As for that price, it should be that level of cultivation he had lost.

For the sake of helping Chu Feng, Duan Jidao had used a taboo technique to recover his health without the slightest bit of hesitation.

"Little friend Chu Feng, my body is fine. Merely, I must join this battle."

"As far as I'm concerned, you are also my benefactor. If it wasn't for you, I would not only have passed on Lord Emperor Huang's power to that Song Yuheng, I would also have buried myself for eternal rest with someone that I do not even know," When mentioning this matter, Duan Jidao shook his head repeatedly. An ashamed expression filled his aged eyes.

"Senior Duan, it's just..." Chu Feng was still unable to bear Duan Jidao doing such a thing for the sake of helping him.

"Little friend Chu Feng, listen to me. I am someone that was about to die to begin with. What use is cultivation to me?"

"Even if I am to keep it, I will have to pass it to Wushang anyways. Wushang has also said that he would rather obtain less power in order to help you," As Duan Jidao spoke, he waved his sleeve. Then, a figure appeared beside him. It was Jiang Wushang.

"Big brother Chu Feng, if you consider me as your brother, then do not say anymore. Just agree to have me join you," Jiang

Wushang said to Chu Feng while looking at him.

“Very well. Little brother Wushang, this battle... we’ll go together,” Chu Feng did not try to persuade Jiang Wushang against it. He knew that with Jiang Wushang’s personality, even if he were to urge him against it, it would be useless.

“Chu Feng, when you’ve even agreed to have Wushang join you, what about this old man?” Duan Jidao asked with a smile.

“Senior Duan, I’ll have to trouble you,” Chu Feng clasped his fist toward Duan Jidao. Chu Feng was actually very happy to have Duan Jidao join him.

After all, Duan Jidao was an existence that even the Three Palaces feared. Although his cultivation had greatly decreased now that he had passed on a portion of his power to Jiang Wushang, it remained that he was still a rank five Martial Emperor. His cultivation greatly surpassed that of the Four Great Imperial Clans’ Utmost Exalted Elders.

If Duan Jidao were to act, even if the Four Great Imperial Clans had set up an inescapable net, they would not necessarily be able to baffle Duan Jidao. Thus, Duan Jidao joining them had raised their odds of success enormously.

“Chu Feng, when you’ve agreed to all of them, you wouldn’t tell me that you’ll refuse should I tell you that I want to go too, right? Else, you would truly not be giving me face,” Yin Gongfu said with a beaming smile while leading the experts from the World’s Hidden Valley.

“Thank you senior,” Chu Feng did not try to refuse them. Instead, he clasped his fist and bowed to them. Then, he turned around and clasped his fist and bowed to the others, “Thank you everyone!!!”

At this moment, Chu Feng’s body was surging with hot blood. He was feeling an indescribable sense of being moved emotionally.

As they say... in a crisis, one's true friends will be revealed.

The Four Great Imperial Clans insisted on killing Chu Feng. Chu Feng's decision to save Baili Xuankong and the others pointed to disaster. Yet, in this sort of moment, there were actually this many people that were willing to join him to fight against the Four Great Imperial Clans. Even if they were to be defeated in battle, so what?

Chapter 1860 – Monstrous Dragon Space Shattering Formation

Yaojiao Guang saw Duan Jidao. He stepped forward and asked, “Little friend Chu Feng, this senior is?” He naturally knew that Duan Jidao was that expert from the World’s Hidden Valley.

However, he had wanted to know exactly who it was that had occupied the World’s Hidden Valley, for him to be that overwhelmingly powerful.

“Senior Duan...” Chu Feng did not directly answer Yaojiao Guang. Instead, he looked to Duan Jidao. He was asking for Duan Jidao’s opinion, whether or not he was willing to tell Yaojiao Guang the truth.

“This old man’s name is Duan Jidao. Over the years, I have disturbed your King Monstrous Dragon Race. However, my actions were because I possessed some secret troubles. I hope that everyone from the King Monstrous Dragon Race will not mind this matter,” Duan Jidao clasped his hand at Yaojiao Guang and the two War Faction’s elders behind him. His tone was serious and extremely apologetic.

Actually, with Duan Jidao’s personality, he was not someone that would lower his head and apologize to the King Monstrous Dragon Beasts. Merely, he was able to tell that the King Monstrous Dragon Beasts possessed an extremely significant relationship with Chu Feng. Else, how could they have dispatched such a grand disposition of forces to fight for him?

Thus, merely in this account, Duan Jidao had to give the King Monstrous Dragon Beasts face.

“Duan Jidao? Senior, might you be that Duan Dynasty’s Duan Jidao?” Yaojiao Guang asked in shock.

“Precisely. However, Clan Chief Yaojiao, you shouldn’t address

me as senior. In terms of age, this old man is much younger than you,” Duan Jidao said with a beaming smile.

“Heavens! It’s actually really the legendary Duan Jidao,” After Yaojiao Guang verified his identity, not to mention the other King Monstrous Dragon Beasts, even the two War Faction’s elders were endlessly shocked.

Duan Jidao’s reputation in the Holy Land of Martialism was truly enormous.

At this moment, after their moment of shock, they all felt regret for their previous actions of repeatedly trying to suppress the World’s Hidden Valley. If they knew that it was Duan Jidao that had occupied the World’s Hidden Valley, how would they possibly have doen something like that?

After all, Duan Jidao was a frightening existence that possessed the strength to be able to extinguish their King Monstrous Dragon Race by himself.

“I never would’ve expected that we would be able to fight alongside the renowned Duan Jidao. It would appear that our King Monstrous Dragon Race’s trip here has not been made in vain,” Yaojiao Guang said in a very excited manner. At this moment, he was feeling extremely happy.

Originally, he had been determined to face death by leading this grand army to the Ximen Imperial Clan to rescue Chu Feng’s friends. However, with Duan Jidao joining them, he was able to see the dawn of victory.

“The King Monstrous Dragon Race is a righteous and loyal race. I am also deeply honored to be able to fight alongside the King Monstrous Dragon Race.”

“Merely, this battle is no small matter. It could even be said that if we do not succeed, we will end up dying. I believe that everyone here does not wish for needless casualties.”

“Thus, we cannot proceed toward the Ximen Imperial Clan just like this. For the sake of the unexpected, we must make absolute preparations,” Duan Jidao said while looking at the King Monstrous Dragon Race’s army.

“Brother Duan, what do you have in mind?” Yaojiao Guang asked.

“I know of a formation by the name of Monstrous Dragon Space Shattering Formation. This formation is created by the combination of the Monstrous Race’s bloodline’s power. It just so happens to be suited to the King Monstrous Dragon Race’s army.”

“For example, the King Monstrous Dragon Race’s grand army of eight hundred thousand warriors here could evenly distribute their strength into eight smaller units. Then, each of them could set up a Monstrous Dragon Space Shattering Formation.”

“Furthermore, with the help of these Monstrous Dragon Banners here, your grand army of eight hundred thousand will no longer be Half Martial Emperors. Instead, they’ll become eight Martial Emperors.”

“While their offensive power might only be on par with rank one Martial Emperors, their defensive power will be on par with rank three Martial Emperors.”

“In other words, they will be able to easily defeat those with a cultivation below rank one Martial Emperor. However, even if a rank three Martial Emperor wished to harm them, they would not be able to do so,” Duan Jidao said.

“There’s actually such a miraculous formation?” Hearing those words, the King Monstrous Dragon Beasts’ expressions all changed. Their King Monstrous Dragon Race had existed for many years, and also possessed many special formations. However, it was still the first time that they’d heard of a formation like the one Duan Jidao had just described.

“How could the formation created by Lord Emperor Huang be false?” Duan Jidao asked with a smile.

“Lord Emperor Huang? Could it be Emperor Huang, Huangfu Shou?” Yaojiao Guang and the two War Faction’s elders asked together.

“Precisely,” Duan Jidao nodded his head while smiling.

“In that case, brother Duan, we’ll have to trouble you,” Yaojiao Guang and the two elders of the War Faction nodded. While they might not trust a formation created by someone else, they would absolutely trust a formation left behind by Emperor Huang, Huangfu Shou. After all... he had been an era’s overlord.

Then, Yaojiao Guang separated the army of several hundred thousand into eight units of equal strength.

Then, Duan Jidao personally began to teach them the Monstrous Dragon Space Shattering Formation. Logically, the talent of the individuals among the King Monstrous Dragon Beast army would vary drastically. Thus, to have them all learn a single formation would be an extremely difficult task. For them to master it in a short period of time would be an even more impossible matter.

However, Duan Jidao’s teachings were extremely brilliant. He made it so that they were able to understand and comprehend his words immediately. With the use of the King Monstrous Dragon Beasts’ special bloodline’s power and the precious treasures that were the Monstrous Dragon Banners, Duan Jidao managed to, in the short period of a single day, transform the King Monstrous Dragon Beast’s army of several hundred thousand into eight Monstrous Dragons that wreaked havoc through the sky.

Each of these eight Monstrous Dragons were close to ten thousand meters in length. As they galloped through the sky, they emitted truly earth-shattering might, and were extremely terrifying.

Furthermore, they were extremely imposing, as they were emitting the auras of rank three Martial Emperors. If those huge monsters were to attack the Four Great Imperial Clans' army and charge around violently, who could possibly withstand them?

“Emperor Huang is truly Emperor Huang. He left behind many remarkable treasures.”

As Chu Feng looked at the eight enormous dragons in the sky, he was unable to contain himself from gasping in admiration. He knew that regardless of how strong the bloodline of the King Monstrous Dragon Beast's army of eight hundred thousand might be, it would still be impossible for them to turn into those overwhelmingly powerful eight enormous dragons with their current cultivations.

The reason why they were capable of transforming into those eight enormous dragons was all because of the eight treasures that Duan Jidao had bestowed to them. In other words, it was all because of the eight Monstrous Dragon Banners.

In other words, it was not that the Monstrous Dragon Banners were assisting the King Monstrous Dragon Beast army successfully set up the Monstrous Dragon Space Shattering Formation. Rather, the King Monstrous Dragon Beast army had relied on the eight Monstrous Dragon Banners in order to turn into those eight enormous dragons.

Thus, Chu Feng felt those eight Monstrous Dragon Banners to be extremely precious treasures. Looking at it from a certain angle, they were even more precious than Imperial Armaments.

Imperial Armaments were things that only true experts could wield and unleash their true power. For ordinary people, other than being extremely precious, Imperial Armaments did not possess much actual practicality.

However, the eight Monstrous Dragon Banners were able to turn the King Monstrous Dragon Beast's army of eight hundred

thousand into eight incomparably powerful, strong and enormous dragons. Not only did this increase their battle power, this also allowed them to be safer. Those eight Monstrous Dragon Banners were the true treasures.

“Great, great, great. With this, how could the Four Great Imperial Clans possibly defeat us?”

“Likely, they will be scared witless and start pissing their pants in terror the moment they see us. Hahahaha!!!” Seeing that their clansmen had turned into eight enormous dragons, the one that was the most happy was none other than Yaojiao Guang.

This battle was no small matter. Even though the army of eight hundred thousand that he had brought with him were all elites, they would not be able to withstand a single blow before Martial Emperors. Even if they were to fight against the Four Great Imperial Clans’ army, there would inevitably be casualties among them.

As he was their Clan Chief, it would be impossible for him to not feel heartache from the casualties. To speak of it unpleasantly, they were his subordinates. However, it also remained that they were his clansmen.

Yet, at that moment, his army of eight hundred thousand had turned into eight enormous dragons that even rank three Martial Emperors could do nothing to. Not to mention the shrimp soldiers and crab generals, even if the Four Great Imperial Clan’s’ Martial Emperors were to encounter them, they would immediately turn around and flee. Unless there were rank four Martial Emperors that acted to attack them, his clansmen would, with absolute certainty, not face any fatal danger.

Chapter 1861 – Rank Nine Half Martial Emperor

“Little friend Chu Feng, I have a method that can increase your cultivation by a level for a short period of time. From rank eight Half Martial Emperor, you will become a rank nine Half Martial Emperor.”

“This method relies on an Ancient Era’s medicinal pellet. Although it is only effective for Half Martial Emperors, it just so happens to be suited for you to use,” Duan Jidao said to Chu Feng.

Hearing those words, before Chu Feng could say anything, Hong Qiang asked worriedly, “Medicinal pellet? Are there any side effects?”

After all, Hong Qiang was also a world spiritist. He knew that medicinal pellets capable of increasing one’s cultivation would generally have enormous side effects accompanying them. This was especially true for someone of Chu Feng’s cultivation. If there was a medicinal pellet capable of increasing his cultivation by one level, then the pain from the backlash would definitely be extremely frightening.

“Before taking that medicinal pellet, one must first set up a spirit formation. When that spirit formation is used alongside the medicinal pellet, there will not be any side effects,” Duan Jidao explained.

“Senior Duan, Chu Feng is willing to give it a try,” Chu Feng said.

Chu Feng was currently a rank eight Half Martial Emperor. By relying on the power of his divine lightnings, he was able to increase his cultivation by two levels to become a rank one Martial Emperor. Furthermore, he possessed a heaven-defying battle power capable of surmounting four levels of cultivation. As such, he was capable of fighting against rank two Martial Emperors.

However, if he was able to increase his cultivation to rank nine Half Martial Emperor from rank eight Half Martial Emperor by using the medicinal pellet that Duan Jidao had spoken of, even if it was only temporary, he would be able to contend against rank three Martial Emperors by himself.

Although rank three Martial Emperors were extremely powerful existences in the Holy Land of Martialism... they were definitely not the strongest. However... they were definitely not weak either. After all, the Clan Chiefs of the Four Great Imperial Clans and the King Monstrous Dragon Race's Clan Chief Yaojiao Guang were all only rank three Martial Emperors.

“Very well, time doesn't wait. Let's set off for the Ximen Imperial Clan immediately. I'll teach you how to use the medicinal pellet on the way there,” Duan Jidao said.

“Okay, we shall do as senior Duan suggested,” Chu Feng nodded.

“Soldiers and warriors of the King Monstrous Dragon Race, listen up! Proceed for the Ximen Imperial Clan!” Yaojiao Guang shouted.

Then, the eight enormous dragons began to open a path toward the Ximen Imperial Clan. Chu Feng and the experts from the World's Hidden Valley were all sitting atop the eight enormous dragons. They were rapidly traveling to the Ximen Imperial Clan.

“Chu Feng, this is that Ancient Era's medicinal pellet,” On the way there, Duan Jidao took out a medicinal pellet and handed it to Chu Feng.

Upon seeing the medicinal pellet in Duan Jidao's hand, Chu Feng's eyes shone. Although the medicinal pellet was black all around, and did not resemble anything special, and was unnoticable and even resembled a ball of clay, Chu Feng's heart was extremely excited the moment he saw that medicinal pellet. The Natural Energies contained within this medicinal pellet had reached an unfathomable level.

“Senior, where did you obtain this medicinal pellet?” Chu Feng asked.

“This medicinal pellet is something left behind by Lord Emperor Huang. All I know is that it is from the Ancient Era. I do not know its origin,” Duan Jidao said.

“Are there any more of these sorts of medicinal pellets?” Chu Feng asked.

“When I obtained them, there were only two. I used one as a experiment, and helped one of my clansmen. Currently, this medicinal pellet is the only one remaining,” Duan Jidao said.

Hearing those words, Chu Feng felt pity in his heart.

“Chu Feng, rest assured. That clansman of mine possessed a talent greatly inferior to yours. At that time, he just so happened to be a rank eight Half Martial Emperor too. After he used the medicinal pellet, his cultivation persisted for an entire month and half. Furthermore, he received absolutely no side effects or any backlash. Thus, you can use this medicinal pellet without any worries,” Duan Jidao continued.

“Thank you, senior,” Chu Feng received the medicinal pellet. He directly opened his mouth, tossed the medicinal pellet into his mouth and then swallowed it.

“Little friend Chu Feng, quickly, vomit it out,” Duan Jidao was greatly shocked by this scene. Although that Ancient Era’s medicinal pellet possessed no side effects, it must be used alongside the special spirit formation. To directly swallow it like he did was equivalent to courting death.

Thus, at that moment, it was not only Duan Jidao that was shocked, Hong Qiang, Yin Gongfu, Yaojiao Guang, Jiang Wushang and the others were all deeply frightened by Chu Feng’s actions. They hurriedly arrived before Chu Feng to see if they were able to help him with anything.

“Buzz~~~”

Right at that moment, Chu Feng's body actually started to glimmer faintly. Soon, Chu Feng's aura started to surge. From rank eight Half Martial Emperor, his aura was now that of a rank nine Half Martial Emperor.

“Little friend Chu Feng, you!!!”

Seeing such a change happening to Chu Feng, even Duan Jidao's expression took a huge change. Disbelief filled his gaze. Even his breathing became hurried.

“Succeeded? He actually succeeded this quickly?” Seeing that Chu Feng was not only fine, but had also successfully increased his cultivation, the crowd finally heaved a sigh of relief. At the same time, smiles of joy appeared on their faces.

“No, the situation with little friend Chu Feng is amiss,” However, the expression of shock on Duan Jidao did not decrease, and instead increased.

“Amiss? Lord Duan, what is amiss?” Hearing Duan Jidao saying those words, Yin Gongfu and the others started to panic again. Merely, none of them knew exactly what was wrong with Chu Feng.

“Little friend Chu Feng has not borrowed the power of the medicinal pellet to temporarily increase his cultivation. Rather, he has refined the medicinal pellet and permanently increased his cultivation.”

“What?!!!” Hearing those words, the crowd all opened their mouths wide in shock. They turned their gazes to Chu Feng and began to have a look at him again.

When they saw him again, they became even more shocked. The reason for that was because Chu Feng's aura was extremely stable, and simply did not resemble the aura of someone who had obtained temporary power after using a medicinal pellet. Instead,

it appeared more like his own power.

“Senior Duan, thank you for that medicinal pellet,” At that moment, Chu Feng opened his eyes. With a beaming smile on his face, he clasped his fist and bowed to Duan Jidao. He was extremely grateful to Duan Jidao, for it was precisely because of Duan Jidao’s medicinal pellet that he had managed to increase his cultivation to rank nine Half Martial Emperor.

At the same time, Chu Feng felt pity. If both of the Ancient Era’s medicinal pellets were still present, then even if he could not break through to Martial Emperor, it would also build a great foundation for his future breakthrough.

“Chu Feng, you really managed to reach a breakthrough by using that medicinal pellet?” Yaojiao Guang and the others all looked to Chu Feng with expressions of shock on their faces.

“Seniors, I actually possess a special bloodline. Although even I do not know what sort of bloodline I possess.”

“However, one thing is certain. That is, my bloodline greatly resembles Imperial Bloodlines. As long as I possess a sufficient amount of cultivation resources, I will be able to rapidly increase my cultivation.”

“The medicinal pellet that senior Duan gave me earlier contained an extremely dense amount of Natural Energies. With that, I was able to increase my cultivation by a level,” Chu Feng did not try to conceal anything, and spoke the truth to the crowd.

“But... even for Imperial Bloodlines, they will only be able to refine a certain amount of cultivation resources. They are not able to refine all cultivation resources given to them. That medicinal pellet is definitely not something within the criterion of cultivation resources which Imperial Bloodlines can refine,” Jiang Wushang said.

Jiang Wushang was the possessor of an Imperial Bloodline. Thus,

he knew of the characteristics of Imperial Bloodlines . While it was as Chu Feng had said, and those who possessed Imperial Bloodlines were capable of refining cultivation resources to increase their cultivation, there were a lot of restrictions. Chu Feng's bloodline was simply much more frightening than Imperial Bloodlines.

It could be said that the two of them were simply incomparable.

Chapter 1862 – A Grand Formation

“If it were Wushang... or I, it would indeed be impossible to accomplish. However, little friend Chu Feng’s bloodline’s power is instead capable of this feat. Furthermore, he has already accomplished it,” At that moment, Duan Jidao had become much calmer. After all, he knew very well that Chu Feng’s bloodline was a sort of bloodline that was above Imperial Bloodlines.

Due to the fact that the people from the Holy Land of Martialism were incapable of obtaining this sort of bloodline, they would naturally not know about how frightening that bloodline was. This was why they would react with such shock and disbelief. However, Duan Jidao had already begun to gradually accept Chu Feng’s power.

The reason why people were incapable of understanding many things was because those things surpassed the range of their comprehension. In this world, there were many things that surpassed one’s range of comprehension. Among them was power.

“Little friend Chu Feng, no wonder you’re this shocking. It turns out that you actually possess such a frightening Inherited Bloodline. Your Inherited Bloodline is truly something that we feel deeply envious of,” Yaojiao Guang said with an expression of envy and admiration.

As a King Monstrous Dragon Beast, Yaojiao Guang was also someone that possessed a very powerful monstrous beast bloodline. He had thought the entire time that his Inherited Bloodline was not inferior to the Four Great Imperial Clans’ Imperial Bloodline. In fact, he believed his Inherited Bloodline to be stronger than Imperial Bloodlines. However, if he were to compare his Inherited Bloodline with Chu Feng’s Inherited Bloodline, his would be greatly inferior.

“The stronger one’s bloodline, the stronger one’s body must be in

order to withstand the bloodline. Else, one would simply not be able to grasp the strength of one's bloodline, nor will one be able to unleash the power of one's bloodline. However, little friend Chu Feng possesses both of these things. Thus, even if people are envious of him, it would still be impossible for anyone ordinary to accomplish what he had," Duan Jidao said.

"Indeed, indeed," Yaojiao Guang nodded repeatedly. Then, he looked to the direction of the Ximen Imperial Clan and said with a beaming smile, "For the Four Great Imperial Clans to make little friend Chu Feng their enemy, they are truly bringing about their own destruction."

.....

Inside the vast city of the Ximen Imperial Clan. The city was extremely well-fortified. It was simply an enormous fort.

It was not only the army of the Ximen Imperial Clan that was gathered in this fort. The armies of the Nangong Imperial Clan, Dongfang Imperial Clan and Beitang Imperial Clan were also stationed here. Furthermore, it was not only the elite soldiers of the Four Great Imperial Clans that were stationed here. Instead, all of the battle power from the Four Great Imperial Clans was stationed here.

In the center of the city. The Four Great Imperial Clans' younger generation were all gathered here. They were hidden in the safest location. Outside of the city, the elites of the Four Great Imperial Clans were in a grand formation awaiting Chu Feng's arrival.

Not only were the four Clan Chiefs present, there were also a total of thirteen of the Four Great Imperial Clans' Utmost Exalted Elders present.

Currently, the Four Great Imperial Clans had all gathered their armies in the Ximen Imperial Clan. This led to the headquarters of the other three Imperial Clans becoming empty cities.

They had ignored their own cities and gathered all of their clansmen here all for the sake of carrying out their final battle against Chu Feng. From this, it could be seen how determined the Four Great Imperial Clans were to eliminate Chu Feng. They were determined to succeed or die trying.

At that moment, on the city walls of the Ximen Imperial Clan, behind the grand formation that had been set up to await Chu Feng's arrival, hung many of the people from the Cyanwood Mountain.

There were not only a lot of elders and disciples, even Baili Xuankong, Dugu Xingfeng and the others were also suspended on the walls. However, without a doubt, they were all people that possessed decent relationships with Chu Feng.

Fortunately, they were only hung on the walls, and were not injured. This meant that the Four Great Imperial Clans had not tortured them. This meant that they still possessed some sort of humanity.

Of course, this could also mean that... the Four Great Imperial Clans had not tortured the people from the Cyanwood Mountain for the sake of their own image.

That said, to Baili Xuankong and the others, this was an extremely disgraceful thing. However, at that moment, what they were worried about were not their faces. Rather, it was Chu Feng. They truly did not wish to implicate Chu Feng and cause him to lose his life.

"I truly never would've expected that the one that has been helping Chu Feng the entire time was actually the Cyanwood Mountain's Ancestor."

"That's true. I also never expected for the Cyanwood Mountain's Ancestor to be this powerful. He was actually capable of fighting against the Four Great Imperial Clans' Clan Chiefs all by himself. If it wasn't for the fact that they had offended the Four Great

Imperial Clans, then, with his strength and Chu Feng's enormous talent, the Cyanwood Mountain would have definitely become the head of the Nine Powers."

At that moment, many people were gathered outside of the Ximen Imperial Clan's fort. They were all people that had come to watch the show. They were discussing the matter spiritedly as they looked to Baili Xuankong and the others that were suspended atop the city walls.

"The Four Great Imperial Clans seemed to have gathered all of their battle power here. It would seem that they plan to stake their all to kill Chu Feng."

"Didn't they say that the Snow-haired Immortal had already let out news that she would no longer concern herself with the grudges between Chu Feng and the Four Great Imperial Clans? Without her assistance, won't Chu Feng's side be extremely weak? Is there really a need for the Four Great Imperial Clans to muster such a large disposition of forces?"

"You don't understand. Back then, on the Gong Ba Plains, it was not only the Snow-haired Immortal and the Compass Immortal that helped Chu Feng. Wasn't Chu Feng saved by a mysterious man in the end?"

"That's true. That child Chu Feng possesses enormous talent. He could be said to be the strongest person from the younger generation in the Holy Land of Martialism. Although there are many people that view him as a thorn, there are also a lot of people that admire and think highly of him. Perhaps there might be experts that will come to Chu Feng's rescue again today."

"In that case, the Four Great Imperial Clan's' decision to muster such a large force for Chu Feng is only natural?"

"Of course."

.....

.....

.....

Suddenly, someone asked, “Say, do you all think Chu Feng will come or not?”

“Of course not. If Chu Feng were to come here, he would be throwing his life away. However, with his talent, he will sooner or later make the Four Great Imperial Clans regret their actions. Even becoming an overlord will not be impossible for him. Rather than throwing his life away, wouldn’t it be better for him to wait until the day when he can emerge in power to attain revenge?” Someone said in a very serious manner.

“That’s your opinion. Chu Feng is not you. I feel that he will definitely come,” A man wearing a conical bamboo hat said.

“How do you know that Chu Feng will definitely come? Who are you, Chu Feng?” Seeing that man wearing the conical bamboo hat had said those words with such certainty, the crowd surrounding him all took a glance of contempt at him. They did not believe what he said.

“You all do not know how much of a righteous and loyal person Chu Feng is. Thus, it’s best that you all do not project your own filthy ideologies onto Chu Feng. The reason for that is because you all are unqualified,” The man in the conical bamboo hat said.

“You! You actually dare to insult us? You’re looking for a beating!” Hearing those words, many of the surrounding crowd were enraged. As they spoke, they took out their weapons and were prepared to attack that man wearing the conical bamboo hat.

“Buzz~~~”

Right at that moment, an oppressive might swept forth. Immediately, those people all stood there motionlessly, as if they had been petrified.

“We’re sorry, we’re sorry!!!” Then, those people began to

apologize repeatedly while falling back from the man wearing the conical bamboo hat. They were so frightened that cold sweat covered their bodies.

The reason for that was because the aura that man wearing the conical bamboo hat had unleashed was that of a Martial Emperor. As for Martial Emperors, they were not existences that these people dared to provoke.

.....

Although there were a lot of people that felt the same way as the man wearing the conical bamboo hat, and thought that Chu Feng would definitely come, as he was a righteous and loyal person, the great majority of the people felt that Chu Feng would not come.

After all, with the circumstances as they were now, if Chu Feng were to really come, he would truly be courting death.

Although this was what they were thinking in their hearts, they all wished for Chu Feng to come.

Else... they would have journeyed to the Ximen Imperial Clan for nothing. They had all come here for the sake of seeing Chu Feng's true appearance, as well as his grand battle against the Four Great Imperial Clans.

“Roar~~~”

Right at that moment, a roar suddenly sounded. When that roar was heard, the crowd's bodies all started to tremble. Even space itself started to vibrate violently.

“What is that?” At that moment, many people were deeply afraid. The reason for that was because that roar from before had truly been too frightening. It was so frightening that they started to shiver in fear.

“Roooarrr~~~”

At that moment, another roar was heard. Then, the crowd

discovered that a huge monster had appeared in the distant horizon.

Chapter 1863 – Arriving Atop Dragons

That huge monster was galloping toward this place from afar. Not only was it's aura extremely imposing, it was also extremely terrifying.

At the moment when that huge monster appeared, black clouds surged, and waves of thunder sounded in succession. Violent winds swept forth, blowing all living things within its path away. Those with weak levels of cultivation, even if they were far away, were also swept up by the wind like leaves. As they wailed and screamed, they were blown far away, rolling about on the ground.

Upon closer inspection, the crowd were even more shocked. It was actually an enormous dragon that had arrived. A dragon so indescribably huge. Its size... was simply too gigantic. Likely, it was ten thousand meters long. It was as if a mountain range was galloping through the sky.

It was an enormous ten thousand meter-long dragon. Furthermore, it was so vivid and lifelike. [Those dragon horns, those dragon scales, those dragon claws, those dragon feelers, and that overwhelmingly intimidating dragon roar](#). None of those resembled an illusory dragon. Instead, they resembled a real dragon.

“A dragon, a dragon has descended upon the world! It's the legendary Divine Beast!!!” Many people began to shout with trembling voices.

“No, it's not a single one. Look! There are, there are still more...” Soon, trembling shouts were heard again.

Hearing those voices, the crowd turned to look again. They were shocked to see that seven enormous dragon heads had appeared beside that enormous dragon. Soon, seven more enormous dragon bodies appeared.

Eight dragons. There were a total of eight enormous dragons. At that moment, those eight enormous dragons were rapidly flying toward the Ximen Imperial Clan.

“Sure enough, he really came.”

At that moment, the Four Great Imperial Clan’s Utmost Exalted Elders that were in the center of their grand formation revealed expressions of seriousness. They all knew very well that, regardless of what those eight enormous dragons were, they had come for Chu Feng’s sake.

Their guesses were correct. After the eight enormous dragons grew closer to the Ximen Imperial Clan, the silhouettes standing atop the eight enormous dragons began to appear before the crowd. The appearances of Chu Feng and the others were clearly visible to everyone present.

This was especially true for Chu Feng, who was standing atop the leading dragon’s head. Thus, the crowd were able to see him with a single glance.

“Chu Feng! He came! He really came!!!” Upon seeing Chu Feng, the crowd were both shocked and excited. They felt as if their already hot blood was boiling. They truly never would have expected for Chu Feng to be this courageous; that he, for the sake of Baili Xuankong and the others, would come to battle the Four Great Imperial Clans.

However, more than that, they never would have expected for Chu Feng to bring eight enormous dragons with him; that he would arrive atop enormous dragons.

“Chu Feng, you...”

Compared to the crowd, when Baili Xuankong and the others from the Cyanwood Mountain saw Chu Feng, their mindsets were even more complicated.

They deeply hated the fact that they had been captured, that they

had caused Chu Feng to walk right into this trap. Yet, at the same time, they were extremely moved by how Chu Feng was willing to brave danger to rescue them. The camaraderie Chu Feng had shown made them feel extremely warm inside.

“Ancestor, Headmaster, Elders, fellow disciples, please wait a moment longer. I will immediately bring you all home,” With a beaming smile on his face, Chu Feng ran his gaze over Baili Xuankong and the others. Then, ‘paa,’ Chu Feng clasped his fist and bowed courteously to the people from the Cyanwood Mountain. Chu Feng’s bow possessed extraordinary significance.

“Chu Feng...”

Chu Feng’s single short sentence had caused the people from the Cyanwood Mountain that were tied by up and suspended atop the city wall to feel extremely moved. This was especially true for those who were the original members of the Asura Division, those disciples that used to be Chu Feng’s subordinates. They were feeling so moved by Chu Feng’s words that they actually started to shed hot tears.

Chu Feng was an extremely talented genius blessed by the heavens, whereas they were nobodies. Yet, Chu Feng considered them to be his brothers. For the sake of saving them, he was willing to come here while braving death. With this camaraderie, even if Chu Feng was to fail, even if they were to die here, it would all be worth it.

“Chu Feng, you’ve finally shown up. Merely, I never expected that even our Ximen Imperial Clan’s traitor would come to help you.”

“Ximen Gongfu, are you really planning to kill the people of our Ximen Imperial Clan for the sake of that Chu Feng?” The Ximen Imperial Clan’s Clan Chief looked to Yin Gongfu.

“Clan Chief Ximen, I think you’re mistaken here. My name is Yin Gongfu. I am absolutely not related to your Ximen Imperial Clan.

As for little friend Chu Feng, he is my friend. For you to become his enemy means that you are also my, Yin Gongfu's, enemy. For your Ximen Imperial Clan to wish to kill my little friend Chu Feng, what wrong is there for me to kill the people of your Ximen Imperial Clan?" Yin Gongfu said with a loud voice.

"You!!!" The Ximen Imperial Clan's Clan Chief and the Utmost Exalted Elders were all deeply enraged. No matter what, Yin Gongfu was someone from their Ximen Imperial Clan. Yet now, he actually said those sorts of words.

However, Yin Gongfu knew best what the Ximen Imperial Clan had done to him. He had already broken all ties with the Ximen Imperial Clan.

"King Monstrous Dragon Race, I never would have expected that you all would be participating in this. I will give you all another chance. Are you really planning to make our Four Great Imperial Clans your enemy for the sake of a single Chu Feng?" A Nangong Imperial Clan's Utmost Exalted Elder looked to the various monstrous beasts from the King Monstrous Dragon Race.

"There's no need to bother with superfluous words. Little friend Chu Feng's enemies are the enemies of our King Monstrous Dragon Race. For you all to make little friend Chu Feng your enemy, we are already destined to have irreconcilable differences," Yaojiao Guang said coldly. His tone was very unyielding and without the slightest bit of restraint.

"Humph, mere King Monstrous Dragon Beasts actually want to contend against our Four Great Imperial Clans. You are simply daydreaming!" Right at that moment, another voice sounded. That voice shook the heavens and pierced through the vast sky.

Merely, that voice was not from the Four Great Imperial Clans' Utmost Exalted Elders, nor was it from the four Clan Chiefs.

When that voice sounded, a figure flew out from the Ximen Imperial Clan's city and stood across from the eight enormous

dragons.

It was an old man with white hair. Wrinkles covered his face. His appearance was so aged that it was beyond recognition. One could not even see his facial features properly. However, his aura was extremely strong. He was actually a rank five Martial Emperor.

“A rank five Martial Emperor. Who is that person? He’s actually a rank five Martial Emperor? Did the Four Great Imperial Clans invite such an expert to help them?”

“No, look at his attire. It’s the attire of the Ximen Imperial Clan. Could he be someone from the Ximen Imperial Clan?” Upon seeing that old man, the crowd were all shocked.

In fact, it was not only the others. Even Chu Feng’s group started to frown. They did not expect that there was actually a rank five Martial Emperor backing up the Four Clan’s troops.

“You’re Ximen Baiyuan, right?” Duan Jidao said. He was rather calm and collected. Evidently, [he knew that powerful old man](#).

“Ximen Baiyuan? Could it really be Ximen Baiyuan? But, didn’t Ximen Baiyuan already die long ago? Why would he still be alive?” After hearing the name ‘Ximen Baiyuan’, many of the older generation’s experts present exclaimed in astonishment.

Ximen Baiyuan was someone from the Ximen Imperial Clan. He was Ximen Feixue’s great grandfather, a super genius of his era. Back then... he could be said to have been an existence akin to the current Nangong Longjian. His reputation was extremely widespread.

Merely, Ximen Baiyuan was born not long after the disappearance of Emperor Qing. From then till now, his age should be close to ten thousand years old. It should be impossible for someone like him to still be alive. After all, humans were not monstrous beasts. Their life spans were not that long.

In fact, Ximen Baiyuan had already disappeared a thousand years

ago, and had never appeared in the Holy Land of Martialism since. Thus, many people had thought that he had died. As such, they truly never expected for this super expert to still be alive.

While to the bystanders, this was something unbelievable, however, to Chu Feng and the others, this was very bad news.

What is described here is the appearance of a chinese dragon. Imagine Shenron from DBZ.

How did Yin Gongfu not know him if he's also from the Ximen Imperial Clan?

Chapter 1864 – Super Expert

“You actually managed to recognize me. That’s truly remarkable. In that case, please tell me who you are?” Ximen Baiyuan smiled coldly and confirmed his identity.

“Of course I recognize you. Not only that, I also remember how you were kowtowing and begging for forgiveness after having all of your front teeth broken and smashed apart at the Grand Slope’s Ancient Era’s Remnants,” Duan Jidao said with a light smile.

“What? Ximen Baiyuan’s front teeth were smashed apart by someone? Furthermore, he even kowtowed and begged for forgiveness?” The crowd felt great disbelief upon hearing those words. After all, Ximen Baiyuan was someone with an extraordinary status.

“What crazy and unfounded ravings are you talking about?! You’re simply slandering my reputation! Exactly who you are for you to dare to slander me like that?!” Ximen Baiyuan was extremely enraged, and his eyes grew blood-red. The reason for that was because he knew very well that what Duan Jidao had said was real.

“You really don’t recognize me?” Duan Jidao smiled again. As he spoke, he moved aside the white hair that covered his face.

“Exactly who are you?” Ximen Baiyuan inspected Duan Jidao carefully, but was unable to recognize him.

“I was the person that made you look for your teeth all over the floor, the person that you were kowtowing to and begging for forgiveness to in order to survive,” Duan Jidao said.

“Duan Jidao, you’re saying that you’re Duan Jidao?!!!”

“No... impossible... this is impossible,” Ximen Baiyuan shook his head repeatedly. However, his words had also indirectly admitted the fact that he had indeed been beaten by Duan Jidao, and had

ended up begging him for forgiveness.

“Duan Jidao?” Hearing the name ‘Duan Jidao’, the crowd’s hearts were all startled. They all turned their gazes to Duan Jidao. Their gazes were all flickering.

The reason for that was because Duan Jidao was much more famous than Ximen Baiyuan. After all, he was an existence that even the Three Palaces had feared back then. He was that super expert that had nearly become the strongest human.

“That’s precisely me,” When Duan Jidao said those words, he suddenly took out a golden spear. When the golden spear appeared, heaven and earth immediately started to shake.

The shaking caused the people present to be unable to stand firm. Many of them lost their balance and ended up rolling and crawling. Some even lost their ability to fly and began to fall to the ground.

Not only that, although that golden spear was not exceptionally dazzling, it caused the crowd to not dare to face it head on. If one were to attempt to look at it, one would feel that it was extremely dazzling. It was as if a single glance at that golden spear would blind their vision.

Imperial Armament. The golden spear that Duan Jidao had taken out was an Imperial Armament. Its name was the Great Sun Golden Ray Spear.

“The Imperial Armament, Great Sun Golden Ray Spear. It would seem that you are indeed Duan Jidao. Merely, why would your cultivation have decreased this enormously? Exactly who was the one that extinguished your Duan Dynasty back then?” Ximen Baiyuan asked repeatedly. It turned out that when Duan Jidao revealed his Great Sun Golden Ray Spear, he had also revealed his cultivation of rank five Martial Emperor.

At that time, practically everyone perked their ears up. They all

wished to know about the secret as to what happened back then. They also wanted to know exactly who it was that had been so powerful that they had even defeated Duan Jidao and made his cultivation decrease.

However, what they were thinking about in their hearts was simply not the truth of what had happened.

“What you should be worrying about is not my past. Rather, it should be your Four Great Imperial Clan’s’ future,” Duan Jidao said.

“Hahaha. Duan Jidao, oh Duan Jidao, if you possessed the same cultivation that you did back then, I would naturally be no match for you.”

“However, right now, you possess the same cultivation as me. We are both rank five Martial Emperors. Did you really think that I would fear you now?” Ximen Baiyuan sneered. Then, a long blade appeared in his hand, and he pointed that blade at Duan Jidao.

That long blade was extremely special. It actually possessed the body of an alligator. The alligator’s mouth was wide open, and a sharp blade extended from its body.

However, the might of that long blade was not at all weaker than Duan Jidao’s Great Sun Golden Ray Spear. Like it, the long blade was also an Imperial Armament.

“That’s a weapon from the Ancient Era, the Ancient Alligator Body Piercing Blade,” Someone recognized that long blade. The reason why Ximen Baiyuan possessed such enormous fame and had been deemed to be an era’s genius was all because he had managed to subdue that Imperial Armament, the Ancient Alligator Body Piercing Blade, in an Ancient Era’s Remnant.

“Fight against me? Are you truly certain that you’re capable?” However, Duan Jidao smiled lightly. Then, his gown fluttered. With a flash of light, he disappeared.

“Clank~~~”

An ear-piercing sound was heard. A dazzling spark spread through the sky.

Duan Jidao's Great Sun Golden Ray Spear actually collided with Ximen Baiyuan's Ancient Alligator Body Piercing Blade. In merely an instant, Duan Jidao had arrived before Ximen Baiyuan and unleashed an attack at him.

“Woosh~~~”

After the collision of their weapons, Ximen Baiyuan was actually knocked back several steps in midair before finally being able to steady himself.

At that moment, his hands that were holding onto the Ancient Alligator Body Piercing Sword were trembling slightly. Although they were both rank five Martial Emperors, he was evidently no match for Duan Jidao.

“People of the Four Clans, set up the formation!” Seeing that the situation was bad, a loud shout sounded from the Four Great Imperial Clans. Then, the people from the Four Great Imperial Clans actually began to combine their strength to set up a formation. Then, a golden light soared into the sky and was assimilated into Ximen Baiyuan.

At that moment, a golden bright and dazzling ‘Imperial’ character appeared on Ximen Baiyuan's forehead. With the help of the people from the Four Great Imperial Clan's, his battle power had soared enormously, and his aura overflowed.

“Woosh, woosh, woosh~~~”

After obtaining assistance from the Four Great Imperial Clans, Ximen Baiyuan became even more vigorous. He began to brandish the Ancient Alligator Body Piercing Blade to unleash continuous slashes at Duan Jidao.

“Duan Jidao, you have come at the perfect time. Emperor

Huang's bloodline shall become the possession of our Four Great Imperial Clans," As Ximen Baiyuan attacked Duan Jidao, he began to threaten him fiercely. It could be seen that he possessed an overflowing hatred for Duan Jidao.

"It seems that you already knew that the power of my bloodline originated from Lord Emperor Huang's inheritance," As Duan Jidao blocked Ximen Baiyuan's continuous attacks, his eyes narrowed.

"Your Great Sun Golden Ray Spear is the possession of Emperor Huang. The various techniques which you have grasped are also the techniques of Emperor Huang. And you... you were born to a Royal Clan. Yet, you possess such a pure Imperial Bloodline. If you had not obtained Emperor Huang's bloodline, how else would that possible? Did you really think that the people of this world were all fools?" Ximen Baiyuan said coldly. His words were filled with mockery and ridicule.

"So what if you know? I might as well tell you this. Indeed, I obtained the whole inheritance of Lord Emperor Huang. Not only did I obtain his Imperial Armament and techniques, I also obtained his bloodline's power."

"Merely, this bloodline's power does not belong to your Four Great Imperial Clans. Your Four Great Imperial Clans also do not possess the fate to obtain this power. Today... I will extinguish your Four Great Imperial Clans," After Duan Jidao said those words, he suddenly shot an explosive attack at Ximen Baiyuan.

At the same time, his eyes flashed, and then a hundred world spirit gates appeared behind him in succession.

"Woosh, woosh, woosh, woosh, woosh~~~"

Following that, enormous figures flew out from those world spirit gates. In an instant, over a thousand world spirits stood in an orderly row behind Duan Jidao.

All of those world spirits were from the Fairy Spirit World. Each and every one of them was radiating flickering light and giving off extraordinary airs. Furthermore, they were all Martial Emperors.

The weakest among them were rank two Martial Emperors. As for the strongest... they were rank four Martial Emperors.

“Heavens, this...”

Seeing the thousand-plus world spirits that stood behind Duan Jidao, not to mention the people from the Four Great Imperial Clans and the bystanders, even the King Monstrous Dragon Beasts were stunned.

Over a thousand world spirits with cultivations of Martial Emperors. The weakest among them were rank two Martial Emperors, and many of them were rank four Martial Emperors. This was truly too frightening.

Such a scene had already surpassed the range of ordinary people’s comprehension of what a battle between two armies was.

Such a battle was simply not at a level that ordinary people could involve themselves in.

This was a battle that only super experts could participate in.

Chapter 1865 – Unrivaled Divine Might

“World spiritist. This is the frightening aspect of world spiritists. With merely a single person, he is capable of displaying a battle power of thousands of men.”

“Is there simply even a need for us to act? Merely Duan Jidao himself will be able to extinguish the entire Four Great Imperial Clans,” Yaojiao Guang was extremely excited. The way he saw it, this signaled doom for the Four Great Imperial Clans.

In fact, it was not only him that was thinking like that. Practically everyone present all felt that way. They felt that Duan Jidao was able to eliminate the Four Great Imperial Clans by himself. Even the people from the Four Great Imperial Clans were thinking that way.

“If I had known this was going to happen, I wouldn’t have allowed Lord Duan to pass his power to on me that quickly. If his cultivation had not suffered because of me, with his original cultivation of rank seven Martial Emperor, the world spirits which he could have summoned would definitely not be limited to only these. Likely, Lord Duan will not even have to act. With merely his world spirits, he will be able to extinguish the Four great Imperial Clans,” At that moment, Jiang Wushang felt extremely remorseful.

Hearing those words, Chu Feng silently agreed with what Jiang Wushang had said. The reason for that was because he was thinking the same thing.

The strength of one’s world spirit was dependent upon one’s own strength. The stronger the world spiritist, the more powerful the world spirit would be. If the world spiritist was weak, the world spirit would in turn become weak.

World spirits would only submit to powerful world spiritists. This was especially true for world spirits with higher levels of

cultivation. What they valued were power and personal benefits.

Having reached Duan Jidao's level, although he was extremely powerful, he was only capable of subduing world spirits weaker than himself.

It was as Jiang Wushang had said. If Duan Jidao was still a rank seven Martial Emperor, the cultivation of the world spirits that he could summon today, the world spirits that were willing to submit to him, would definitely contain rank five Martial Emperors or even rank six Martial Emperors.

However, when Duan Jidao's cultivation decreased from rank seven Martial Emperor to rank five Martial Emperor, even if he still possessed contracts with rank five or rank six Martial Emperor-level world spirits, those world spirits would not be willing to submit to him and fight for him.

In that sort of situation, Duan Jidao would have no choice but to remove the contracts he had with those world spirits and return their freedom to them. After all, to world spiritists, having disloyal world spirits that were also more powerful than them was a very dangerous matter.

After all, the great majority of world spirits were only loyal to world spiritists for their own personal benefits. Extremely few world spirits were like Eggy, a world spirit that shared life's joys and sorrows with Chu Feng and was even willing to sacrifice her life for him.

Furthermore, if it wasn't for the fact that Eggy was forcibly sealed into Chu Feng's body by Chu Feng's mother, then, with her personality, how could she possibly be loyal and devoted to Chu Feng?

To speak of it simply, at the very beginning, Eggy was only willing to help Chu Feng because she was sealed in Chu Feng's body, and would perish should he die. She had actually only helped Chu Feng in the beginning for her own sake.

As for later on, she began to harbor feelings for Chu Feng over time. That was the reason why she was so loyal and devoted to Chu Feng now. This was also the reason why Chu Feng did not try to summon and contract more world spirits when he could. The way he saw it, world spirits that were not loyal to him, world spirits that were not strong, even if he were to summon them, they would only be a nuisance.

“Wushang, you do not have to blame yourself. For Lord Duan... to want to pass on his power to you so urgently, he actually also possessed his own difficulties,” Yin Gongfu consoled Jiang Wushang. He knew that Duan Jidao was suffering from a serious, incurable illness. Even if he didn’t kill himself, he would not be able to live for much longer. That was why Duan Jidao had been trying to find a successor so urgently.

“Rumble~~~”

“Rumble~~~”

“Rumble~~~”

“Boom, boom, boom, boom, boom, boom, boom~~~”

Right at that moment, explosions were being heard nonstop, and many waves of energy ripples began to wreak havoc throughout heaven and earth. The thousand plus world spirits had all unleashed their attacks. Using their special Fairy Spirit World’s techniques, they continuously attacked the Ximen Imperial Clan’s fort.

However, the Four Great Imperial Clans had evidently made preparations beforehand. A very powerful protective barrier was protecting the Ximen Imperial Clan’s fort. Even though the world spirits were attacking the barrier nonstop, they were unable to break through it.

However, in order to maintain that barrier, the Four Great Imperial Clans had exerted all of their strength to maintain it.

Thus, they were unable to continue to provide assistance to Ximen Baiyuan.

The Four Great Imperial Clans' Utmost Exalted Elders had even taken out their respective Emperor Dragon Seals. They had begun to protect that enormous protective barrier with the power of their Imperial Armaments.

At the moment when his world spirits were attacking the Ximen Imperial Clan's fort nonstop, at the moment when many of the Four Great Imperial Clans' younger generation and women were crying bitterly in fear, Duan Jidao held his Imperial Armament and unleashed attacks at Ximen Baiyuan.

As for Ximen Baiyuan, after losing the energy instilled into him by everyone from the Four Great Imperial Clans and having to rely on only his own power, he was simply no match for Duan Jidao.

At this moment, every single time he received Duan Jidao's attack, he would be knocked back several meters. In merely a couple bouts, his palm was split open by the power of the collisions from the two Imperial Armaments, and blood was flowing out of his palms.

"Heavens, this... exactly who is killing who now?"

At that moment, the crowd were unwilling to even blink. They were feeling enormous astonishment in their hearts.

The Four Great Imperial Clans had unleashed such a grand disposition of forces all for the sake of killing Chu Feng. In fact, the great majority of the people present all felt that Chu Feng would not dare to show up, and even if he did, he would only be throwing his life away.

However, not only had Chu Feng come, he had also beaten the Four Great Imperial Clans to an utterly sorry state right after arriving, leaving them no choice but to hole up in their fort. Even the Four Great Imperial Clan's' strongest Ximen Baiyuan was being

utterly suppressed by Duan Jidao right now.

This battle had truly surpassed everyone's imagination. It was not only something that the Four Great Imperial Clans had not anticipated, even Chu Feng and the others had not anticipated this. Duan Jidao's strength truly surpassed their imagination.

Today, they finally got to experience Duan Jidao's... unrivalled divine might!!!

“Damn it!”

In this sort of situation, Ximen Baiyuan did not dare to continue fighting Duan Jidao. His body shifted, and he began to retreat. He was trying to return to the fort and use the power of the protective barrier to stop Duan Jidao's onslaught.

“Ximen Baiyuan, didn't you say that you were going to seize my bloodline's power? Why aren't you seizing it, and instead fleeing?” Seeing that Ximen Baiyuan was fleeing, Duan Jidao did not give chase. Instead, he coldly watched as Ximen Baiyuan escaped. Contempt and ridicule filled his eyes.

How could Ximen Baiyuan possibly dare to bother to respond to Duan Jidao? At this moment, the only thing in his mind was to quickly return to the fort. Else, he would definitely be killed today. Even though he had failed in his most recent closed-door attempt at extending his lifespan, and would not be able to continue living for long, he still felt the desire to continue to live.

The reason for that was because if he were to die, then no one in the Four Great Imperial Clans would be able to contend against Duan Jidao. Not only would he die, the Four Great Imperial Clans would also be extinguished by Duan Jidao.

“Woosh~~~”

However, right at the moment when Ximen Baiyuan reached the protective barrier and was about to pass through it, a figure suddenly appeared before him and blocked his path.

It was Duan Jidao. At this moment... a golden-bright and dazzling 'Imperial' character appeared on Duan Jidao's forehead. Due to that, his battle power soared enormously. Compared to before, he was now much more imposing and powerful.

Although they were both rank five Martial Emperors, Ximen Baiyuan was simply not of the same tier as Duan Jidao.

"You shouldn't be able to pass through the protective barrier, right? How?" Duan Jidao stared at Ximen Baiyuan's body. He was trying to find the secret to Ximen Baiyuan being able to pass through the protective barrier.

"By my Imperial Bloodline. What I possess is our Four Great Imperial Clans' bloodline. As for you, you do not possess that. Thus, while I am able to pass through the protective barrier, you... can forget about passing through it," Ximen Baiyuan said loudly.

"Oh, so that's the case," Duan Jidao smiled lightly. He then grabbed Ximen Baiyuan by his neck and lifted him up.

At this moment, Duan Jidao looked to Ximen Baiyuan and said, "Watch carefully. Even if I do not possess your Four Great Imperial Clans' bloodline, I am still able to enter your Ximen Imperial Clan's fort."

After saying those words, Duan Jidao held tightly onto the spear in his hand and thrust it at the protective barrier.

"Boom~~~"

An ear-piercing sound was heard. Then, that protective barrier started to tremble violently. When Duan Jidao retrieved his spear, Ximen Baiyuan and the people from the Four Great Imperial Clans all had extremely ashen expressions on their faces.

With merely a spear strike, Duan Jidao had left an enormous crack on the protective barrier.

Chapter 1866 – Because They’re Brothers

“Heavens, the fort that the Four Great Imperial Clans have spent their entire clan’s’ power to set up has actually received a crack on its protective barrier with a single spear thrust.”

“Furthermore, this is Duan Jidao after his cultivation has decreased. If his cultivation had not decreased, if he were still at his peak state from back then, how much more frightening would he be?” Seeing this scene, the crowd were so shocked that their hair began to stand on end. They were feeling an overwhelming amount of admiration for Duan Jidao.

“Boom~~~”

“Boom~~~”

“Boom~~~”

“Boom~~~”

“Boom~~~”

At the moment when the crowd was overwhelmed with shock and admiration, Duan Jidao unleashed continuous attacks. Several spear thrusts shot forth in succession. All of them landed on the fort. After his bombardment of attacks, that crack on the fort grew larger and larger. Soon, the crack spread through over half of the entire protective barrier. At that moment, the invisible protective barrier was completely present before everyone’s line of sight.

Ximen Baiyuan was only able to look on helplessly as all this happened. He was powerless to do anything. Even though he was also a rank five Martial Emperor, he simply did not possess the strength to contend against Duan Jidao.

At that moment, the wailing sounds that originated from within the Ximen Imperial Clan’s fort grew even more ear-piercing. Many people felt that they would be doomed the moment their fort was broken through.

The thousand plus world spirits and those eight enormous dragons would be able to force their way in and begin their massacre. All of the people from their Four Great Imperial Clans would be killed.

To them, the sound of Duan Jidao's attacks bombarding the fort were equivalent to the grim reaper's timer. At the moment when the final sound was heard, it would mean the time of their deaths.

“Wuu~~~”

Suddenly, Duan Jidao's expression changed. His spear that was about to be thrust forward actually stopped midway through its thrust.

“What happened?” The crowd all noticed that something was amiss. The Ximen Imperial Clan's protective screen was clearly about to be broken through. Thus, why did Duan Jidao suddenly stop?

“Pfff~~~”

Right at this moment, Duan Jidao's mouth suddenly opened, and then a mouthful of golden liquid sprayed out.

At the moment that the golden liquid sprayed out, Duan Jidao's expression became extremely ugly in the blink of an eye. Even the 'Imperial' character on his forehead disappeared instantly. His aura had decreased enormously in a flash.

“Oh no!” Seeing this scene, Yin Gongfu's body immediately stiffened. He knew that Duan Jidao's illness had acted up again.

“Woosh~~~”

When even the bystanders were able to notice that something was wrong with Duan Jidao, Ximen Baiyuan naturally caught it too. He seized this opportunity and break free from Duan Jidao's grasp. Then, seeing that Duan Jidao was this weak, he immediately brandished the Ancient Alligator Body Piercing Blade in his hand and slashed it at Duan Jidao's dantian.

“Puchi~~~”

Duan Jidao flipped his hand and actually caught Ximen Baiyuan’s incoming blade. Although he had caused his palm to become incomparably tough with the use of world spirit power, it remained that he was facing an Imperial Armament. As such, Duan Jidao’s hand was sliced through by the blade and left badly mutilated with blood flowing out from it.

“Break!!!”

However, even though he was in such a state, Duan Jidao still brandished the Great Sun Golden Ray Spear in his hand and thrust it at that protective barrier filled with cracks.

“Rumble~~~”

Following that spear thrust, the impregnable protective barrier shattered like a piece of glass. It split into countless pieces and scattered all over the place.

“Wuuahh~~~”

At that moment, many of the people from the Four Great Imperial Clans vomited blood. Some even lost consciousness on the spot. They had received a great backlash from the protective barrier being destroyed.

However, while Duan Jidao’s spear thrust had managed to break through the Four Great Imperial Clan’s protective barrier, he appeared to have exhausted all of his power and became exceptionally weak.

“Duan Jidao, so what if you’ve broken through our Ximen Imperial Clan’s protective screen? Without you, Chu Feng and the others are simply equivalent to fishes on the chopping block. They can do nothing but be slaughtered by me.”

Ximen Baiyuan sneered. Then, killing intent surged in his eyes. Once again, he slashed his Ancient Alligator Body Piercing Blade at Duan Jidao’s dantian. He was determined to kill Duan Jidao.

However, Duan Jidao was still in a state without power to resist his attacks.

“Buzz~~~”

Right at this moment of life and death crisis, a silver longbow suddenly appeared out of thin air. Then, with a loud ‘clank,’ that longbow actually blocked Ximen Baiyuan’s fatal attack at Duan Jidao.

It turned out that silver longbow was actually an Imperial Armament!!!

“Fishes on the chopping block? Are you certain?” Right at this moment, a figure appeared out of thin air. It was Zhang Ming, Zhang Tianyi’s father Zhang Ming.

“Zhang Ming, it’s you?” Seeing Zhang Ming, Duan Jidao was very surprised.

“Brother Duan, rest yourself properly. Let me handle this Ximen Baiyuan for you,” Zhang Ming smiled lightly. Then, he grabbed Duan Jidao and tossed him to Chu Feng and the others, “Take care of him.”

Yin Gongfu leapt forth and caught Duan Jidao. He hurriedly took out a golden pellet from his Cosmos Sack and placed it into Duan Jidao’s mouth.

“Senior Duan, are you alright?” At this moment, Chu Feng and the others also arrived with extremely concerned expressions.

“Little friend Chu Feng, I am truly sorry. This body of mine truly fails to live up to expectations. My illness has acted up again at such a bad time,” Duan Jidao said with a bitter laugh.

“Senior Duan, you’ve already done enough. Rest yourself properly and leave the rest to us,” Chu Feng said.

“Mn, this battle cannot be lost,” Duan Jidao said.

“Rest assured,” Chu Feng nodded.

Suddenly Yaojiao Guang shouted, “Warriors of our King Monstrous Dragon Race, listen up!” Then, with a very ferocious gaze, he looked to the Ximen Imperial Clan’s fort. Then, he pulled out his Incomplete Imperial Armament, pointed at the fort and shouted, “Kill!!!!!!”

“Roar~~~~”

The eight enormous dragons roared together. At the moment when their roars shook the horizon, their eight enormous bodies carried their boundless killing intent as they charged to attack the fort.

“Stop them!!!”

In response, many experts from the Four Great Imperial Clans soared into the sky with the intention to stop the eight enormous dragons.

While those eight enormous dragons only possessed offensive power equivalent to rank one Martial Emperors, they possessed defensive powers on par with rank three Martial Emperors. Thus, all those below rank four Martial Emperor would not be able to injure them.

At this moment, only the Four Great Imperial Clans’ Utmost Exalted Elders were capable of subduing the eight enormous dragons. However, while Duan Jidao was injured, his thousand plus world spirits were not injured at all. His thousand plus world spirits were all from the Fairy Spirit World. Furthermore, over a hundred of them were rank four Martial Emperors.

Faced with that, even though the Four Great Imperial Clans’ Utmost Exalted Elders possessed Emperor Dragon Seals, they were only barely able to contain the world spirits. As such, they simply had no means to concern themselves with the others.

When even the Four Great Imperial Clans’ Utmost Exalted Elders were forced to such a state, the experts of the Four Great Imperial

Clans, including their Clan Chiefs, were all powerless to defend themselves.

“Wuuahh~~”

“Eeahh~~~”

Screams began to sound from the Four Great Imperial Clans repeatedly. The eight enormous dragons had begun to massacre the people of the Four Great Imperial Clans. Although they were massacring them, the eight enormous dragons did not target the younger generation or the weak. Instead, they were massacring the Four Great Imperial Clans’ elites, and especially the Ximen Imperial Clan’s elites. They were the main target of their massacre.

As for the world spirits, they unleashed fatal attacks at anyone from the Four Great Imperial Clans that they encountered. They were incomparably ruthless. It was as if they were trying to avenge Duan Jidao.

“Damn it!”

Seeing this scene, Ximen Baiyuan became extremely worried. He wanted to go and rescue them, but was simply incapable of breaking free.

The reason for that was because of Zhang Ming. Zhang Ming also possessed the cultivation of a rank five Martial Emperor. At that moment, Zhang Ming was unleashing fierce attacks at Ximen Baiyuan. He had the attitude of planning to take Ximen Baiyuan’s life.

Being overwhelmed with worry, Ximen Baiyuan asked angrily, “You’re Zhang Ming?”

“What about it?” Zhang Ming replied unenthusiastically.

“There are neither grievances nor grudges between us, why are you making yourself an enemy out of our Four Great Imperial Clans?” Ximen Baiyuan asked angrily.

“Indeed, there are neither grievances nor grudges between us. However, there’s nothing I can do about it. The reason for that is because my son is Chu Feng’s brother,” After saying those words, Zhang Ming turned his gaze to the crowd.

Chapter 1867 – Fighting Against The Four Clan Chiefs Alone

“Woosh~~~”

With Zhang Ming’s gaze sweeping toward them, those that ended up meeting his gaze all felt their bodies trembling and their hearts startled. In order to dodge his gaze, they hurriedly moved far away. In an instant, only a single person remained at the location where Zhang Ming had looked.

At the moment when everyone was choosing to flee, only a single person did not.

This man wore a conical bamboo hat. Before the attentive gazes of the crowd, he slowly removed his conical bamboo hat and revealed his true appearance. This person... was Zhang Tianyi.

It turned out that the person wearing the conical bamboo hat that had firmly believed that Chu Feng would come was none other than Zhang Tianyi.

Furthermore, Zhang Tianyi’s cultivation was a night and day difference from the time at the Gong Ba Plains. Currently... he was already a rank two Martial Emperor. Compared to back then, the speed of his cultivation’s increase could be said to be lightning fast. His cultivation had increased much faster than Chu Feng’s.

Of course, he was only able to attain such enormous progress all because of Emperor Gong’s inheritance. As for that, it was also partially thanks to Chu Feng.

“Emperor Gong’s successor! That person is Emperor Gong’s successor, the person that obtained the title of the Strongest Younger Generation in the Strongest Younger Generation Battle Assembly held on the Gong Ba Plains, Zhang Tianyi!!!”

Zhang Tianyi was currently extremely famous. Once he revealed himself, many people immediately cried out in alarm. After all,

Zhang Tianyi was the person who held the title of the strongest younger generation.

“Woosh~~~”

Zhang Tianyi did not bother with the discussions of the surrounding crowd. Instead, he suddenly leapt into the sky and arrived beside Chu Feng and Jiang Wushang.

“Yoh, little brother Wushang, you’ve also come? Your progress is quite quick,” Zhang Tianyi said to Jiang Wushang with a smile on his face.

“How could I possibly compare to you? You’re actually already a rank two Martial Emperor,” Jiang Wushang took a glance at Zhang Tianyi. Then, he took a glance at Chu Feng and said, “Before the two of them, I am truly so ashamed that I feel like dying.”

“I was only able to obtain my current cultivation because of junior brother Chu Feng,” Zhang Tianyi said as he looked to Chu Feng.

“Could it be... that you’ve also been helped by big brother Chu Feng?” Jiang Wushang asked in shock.

“Eh? Could it be that boy, you’ve also only managed to have your current cultivation because of junior brother Chu Feng’s assistance?” Zhang Tianyi was also shocked.

“Precisely,” Jiang Wushang nodded with a smile. Then, he moved to Zhang Tianyi’s side and said in his ear with a low voice, “Big brother Zhang, let me tell you this in secret, I am currently Lord Duan Jidao’s disciple now. I will soon obtain Emperor Huang’s inheritance. As for that, it’s all thanks to big brother Chu Feng.”

“Really?” Zhang Tianyi was overjoyed upon hearing this. He then looked to Chu Feng and said, “Junior brother Chu Feng, you are truly our great benefactor.”

“Senior brother Zhang, there is no need for you to be this

courteous at such a time. I never expected that you would actually manage to persuade your father,” Chu Feng knew that Zhang Ming did not wish to provoke the Four Great Imperial Clans. Mainly, he did not wish to help Chu Feng and provoke needless troubles in the process. The reason for that was because if he were to help Chu Feng once, it would mean that he would have to help them again the next time even if he did not wish to do so. After all, even if he refused to help them again, he would not be able to escape the implication. Thus, Chu Feng knew that it was all thanks to Zhang Tianyi that Zhang Ming was willing to help them.

“No, I never tried to persuade him. Merely, I ran out while he was not paying attention. I didn’t expect that he would follow me here,” Zhang Tianyi looked to his father that was fighting fiercely against Ximen Baiyuan. Joy filled his eyes. No matter what, his father had come for his sake. Thus, he was extremely happy and proud that he possessed such a father.

“No matter what, it is all thanks to you that senior Zhang Ming came to assist me.”

“That said, brothers, a grand battle has begun. Let’s chat with one another at a later time. Since we’ve come, we cannot stand by and do nothing. Let’s battle them,” As Chu Feng spoke, he took out his Heavenly Immortal Sword.

“Of course. Since we’ve come here today, we must fight to our heart’s delight!!!” As Zhang Tianyi spoke, he suddenly leapt forth. Chu Feng followed closely behind him.

Seeing that Chu Feng and Zhang Tianyi had already fiercely slaughtered their way onto the battlefield, Jiang Wushang also soared into the sky and followed them onto the battlefield. Although he was only a Half Martial Emperor, his cultivation was unable to contain his determination to battle.

“World spirits, listen up! Protect the three of them with your lives!” Duan Jidao shouted.

After those words were said, of the thousand plus world spirits, several tens of them appeared beside Chu Feng, Zhang Tianyi and Jiang Wushang to secretly protect them.

At this moment, Chu Feng was charging straight for the Four Great Imperial Clans' Clan Chiefs. After getting close to them, he shouted to those world spirits, "Everyone, thank you for your trouble. Please leave the four of them to me."

"Woosh, woosh, woosh~~~"

Once Chu Feng said those words, those world spirits all complied with his wishes and handed the Clan Chiefs of the Nangong, Beitang, Dongfang and Ximen Imperial Clans to him.

"Chu Feng, what did you say? You plan to take care of the four of us alone?" The Dongfang Imperial Clan's Clan Chief felt that Chu Feng's actions were extremely unfathomable. Thus, when he looked to Chu Feng, he had the appearance of looking at a fool.

Originally, they had had to put forth all of their effort to take care of the world spirits. This had been extremely strenuous for them. If they were to continue, they would definitely be killed. However, to their surprise, Chu Feng suddenly came at such a moment. Not only had he rescued them from the world spirits, he had even declared that he was going to fight against the four of them himself.

Chu Feng, a mere Half Martial Emperor, what made him think that he could contend against them? What he had done was simply provide them with a great opportunity for them to kill him. Thus, they felt that Chu Feng's brain had gone completely retarded.

"Haha..." Chu Feng did not respond to the Dongfang Imperial Clan's Clan Chief's mocking words. Instead, he looked to those world spirits again and said, "You all do not have to interfere with our battle. However, everyone, I will have to trouble you all with keeping others from disturbing us."

“Understood,” Those world spirits clasped their fists toward Chu Feng.

“Woosh, woosh, woosh, woosh, woosh~~~”

After clasping their fists at Chu Feng, those world spirits formed a defensive sphere around Chu Feng and the Four Great Imperial Clans’ Clan Chiefs, sealing them within.

“Zzzzzz~~~”

The very next moment, lightning started to flicker in Chu Feng’s eyes. His aura began to rapidly rise. In an instant, he went from rank nine Half Martial Emperor to rank two Martial Emperor.

“How could this be? How could you directly break through from Half Martial Emperor to Martial Emperor?”

“This is impossible! No matter how heaven-defying your methods might be, it’s still impossible for you to accomplish this. This is simply unreasonable!”

Seeing Chu Feng’s cultivation becoming that powerful in an instant, seeing how he had actually managed to break through from Half Martial Emperor to Martial Emperor, the expression of the Dongfang Imperial Clan’s Clan Chief that was previously mocking Chu Feng instantly changed. It was not only him, the other three Clan Chiefs were also overwhelmed with shock.

To them, regardless of what sort of method one might have, it was impossible to directly break through from Half Martial Emperor to Martial Emperor.

“Unreasonable? The common sense that you know of involves only those things within the range of your comprehension. In this world, there are a lot of things that you cannot comprehend.”

“Actually, it’s not that they’re incomprehensible. Merely, you thought that just because you could not reach a certain height that others also cannot reach that height. That sort of mentality is utterly stupid and ridiculous,” Chu Feng shook his head with a

smile on his face.

“Why bother speaking superfluous words with him? Kill him immediately! After he’s dead, who will dare to make our Four Great Imperial Clans their enemy again?!”

At that moment, the Ximen Imperial Clan’s Clan Chief had unleashed his attack. In terms of their hatred for Chu Feng, the one that hated Chu Feng the most among the Four Clans’ Clan Chiefs was none other than him. After all, Chu Feng had violently trampled upon his son many times. He had personally crushed the title of genius that his son had possessed.

Thus, not only did the Ximen Imperial Clan’s Clan Chief immediately unleash a fatal attack at Chu Feng, he also used his Incomplete Imperial Armament to directly slash at Chu Feng’s body. He was planning to personally slice Chu Feng in two to alleviate the hatred in his heart.

Chapter 1868 – Killing Ximen

“Clank~~~”

Right at the moment when the Ximen Imperial Clan’s Clan Chief’s attack was about to reach Chu Feng, Chu Feng lightly waved the Heavenly Immortal Sword in his hand. As a ray of light flashed past, the Heavenly Immortal Sword soared into the sky and knocked the Ximen Imperial Clan Clan Chief’s Incomplete Imperial Armament to the side.

“Heavenly Immortal Sword Technique!!!”

Immediately, after that, Chu Feng unleashed the Heavenly Immortal Sword Technique. A myriad of sword rays that carried a ferocious amount of righteous aura with them began to thrust at the Ximen Imperial Clan’s Clan Chief nonstop.

“Woosh, woosh, woosh, woosh~~~”

The Ximen Imperial Clan’s Clan Chief never expected that Chu Feng’s sword technique would be this overbearing. Being caught off guard, he was unable to react in time. Even though he had already put forth all of his energy to dodge and block Chu Feng’s sword rays, he was still grazed by the Heavenly Immortal Sword three times. At that moment, blood was flowing from three places on his body.

“How could this be?”

After seeing with their own eyes how Chu Feng had managed to injure the Ximen Imperial Clan’s Clan Chief in a single bout, the other three Clan Chiefs started to frown. They were extremely shocked. Although the Ximen Imperial Clan’s Clan Chief’s injuries were only minor cuts, it remained that he had been injured.

No matter what, he was a rank three Martial Emperor, whereas Chu Feng was a rank two Martial Emperor. As such, how could he have possibly been injured by Chu Feng?

“Clan Chief Ximen, how was it? Did you enjoy the taste of the Heavenly Immortal Sword Technique?” Chu Feng fiddled with the Heavenly Immortal Sword in his hand while smiling at the Ximen Imperial Clan’s Clan Chief. That gaze of his was filled with mockery.

Chu Feng had injured the Ximen Imperial Clan’s Clan Chief using their Ximen Imperial Clan’s Heavenly Immortal Sword. To the Ximen Imperial Clan’s Clan Chief, this was absolutely an enormous humiliation.

“I’ll slaughter you!” How could the Ximen Imperial Clan’s Clan Chief possibly accept such a humiliation? He brandished his Incomplete Imperial Armament and began to slash it at Chu Feng once again. Over ten thousand crescent shaped golden slashes shot forward toward Chu Feng.

The golden slashes sliced through the sky and shattered the void. What the Ximen Imperial Clan’s Clan Chief used was no longer an ordinary slash. Rather, he had unleashed a Taboo Martial skill.

“Woosh, woosh, woosh~~~”

At the same time, the Nangong Imperial Clan, Beitang Imperial Clan and Dongfang Imperial Clan’s Clan Chiefs also unleashed their attacks. The three of them all used their powerful Taboo Martial Skills to launch fatal attacks at Chu Feng. As it was the perfect opportunity to kill Chu Feng, the four of them would definitely not let this slip by them.

The Four Great Clan Chiefs all unleashed Taboo Martial Skills simultaneously to attack Chu Feng. Their combined might was so powerful that it was simply heaven-defying. All of this was aimed at a single Chu Feng.

“Come, come, come... today, we shall settle this,” However, even when facing the four Clan Chiefs’ combined attacks, Chu Feng was not afraid in the slightest. With the Heavenly Immortal Sword in hand, he collided with the four Clan Chiefs.

As their weapons intersected with one another, sparks radiated all around, and energy ripples began to wreak havoc. It looked as if their weapons contained endless power.

“Quickly, look! Chu Feng is actually fighting against the Four Clan’s four Clan Chiefs by himself.”

“My god! It’s actually real! How could Chu Feng be that powerful? Is he still only a Half Martial Emperor? How did he instantly become a rank two Martial Emperor?”

“Too frightening! He is clearly only someone from the younger generation. Yet, he is able to fight against the Four Clan’s four Clan Chiefs. That Chu Feng is actually that powerful? He is simply even more powerful than he was rumored to be.”

The chaotic warfare came as a feast to the eyes for the crowd. However, the battle between Chu Feng and the four Clan Chiefs was extremely eye-catching. In fact, there were more people watching the battle between Chu Feng and the four Clan Chiefs than there were watching the battle between Zhang Ming and Ximen Baiyuan.

The reason for that was because everyone knew that the main character in this battle was Chu Feng. Furthermore, Chu Feng’s performance was truly too heaven-defying. No one had expected that Chu Feng would actually be capable of fighting against the Four Great Imperial Clan’s four Clan Chiefs.

One must know that the four of them were people with extraordinary fame and grand statuses in the Holy Land of Martialism.

Suddenly, the Ximen Imperial Clan’s Clan Chief shouted, “Everyone, use the Golden Dragon Demon Slaying Formation!!!!”

Immediately after that, he took out a golden-bright and dazzling medicinal pellet from his Cosmos Sack and swallowed it.

Seeing that the Ximen Imperial Clan’s Clan Chief had swallowed

that medicinal pellet, the other three Clan Chiefs frowned. They revealed expressions of hesitation on their faces. However, soon... traces of determination flashed through their hesitant gazes. Like the Ximen Imperial Clan's Clan Chief, they also took out the same sort of golden-bright and dazzling medicinal pellet and swallowed them.

“Aoouu~~~”

Not long after they swallowed the golden pellets, their bodies actually started to emit bright and dazzling golden light. At the same time, dragon roars were sounding from within their bodies nonstop. Then, the four men stood in four opposite directions and surrounded Chu Feng between them.

“Roar~~~”

Suddenly, several dragon roars sounded like explosions. Then, dazzling light being emitted by the four Clan Chiefs began to flicker at the same time. Upon closer inspection, several golden dragons could be seen to have actually burst forth from within them.

Right after the golden dragons burst out from their bodies, they began to surround Chu Feng from all directions. In this sort of situation, there was no longer anywhere for Chu Feng to escape to. [Xima: welllll, except for up and down. Martial Emperors love to fly around when they fight.]

“Oh no!”

The might of the golden dragons swept across the sky. Practically all the people present were capable of sensing their enormous power. At that moment, Zhang Ming and the others all felt the situation to be bad. Their expressions changed enormously as worry filled their eyes.

The Golden Dragon Demon Slaying Formation was a very powerful technique of the Four Great Imperial Clans. Although it

was a formation, its power was comparable to that of a Heaven Taboo Martial Skill. Furthermore, as the formation was being used by the four Clan Chiefs, they had managed to perfectly unleash the power of the Golden Dragon Demon Slaying Formation.

“Buzz~~~”

At the moment of life and death peril, Chu Feng’s eyes suddenly emitted a strange red glow. Then, crimson gaseous flames began to flow out from Chu Feng’s body like a volcanic eruption. In merely an instant, it covered the golden dragons as well as the Four Great Imperial Clans’ four Clan Chiefs.

“Roaaarr~~~”

After the gaseous crimson flames appeared, the speed of those incomparably mighty dragons actually decreased enormously. At that moment, their speed was less than a ten thousandth of what they had possessed before. They were truly extremely slow.

“Bang, bang, bang, bang~~~”

Then, muffled explosions sounded in succession. The golden dragons actually exploded into pieces and turned into golden light.

“How could this be?” Seeing this scene, the expressions of the Four Great Imperial Clans’ Clan Chiefs all changed enormously. They were deeply stunned.

They knew best how frightening their Golden Dragon Demon Slaying Formation was. It was a technique that they were incapable of using without taking a golden pellet. Yet, at that moment, such a powerful technique was actually broken by Chu Feng.

Furthermore, the crimson gaseous flames that covered them made them feel a sort of extremely fatal threat, and caused them to become extremely uneasy. It was as if they were standing before the sickle of the Grim Reaper and could be killed at any moment.

“Heavens! What is that?!”

At that moment, the bystanders were so frightened that their complexions had turned pale. The reason for that was because they, who were standing far away from the battlefield, were able to clearly see... that the crimson gaseous flames that covered Four Great Imperial Clan's Clan Chiefs was actually an enormous crimson head.

That head was extremely frightening. It did not resemble the head of a human, nor did it resemble the head of a monstrous beast. If one had to describe it, it resembled a blood-sucking devil that had a total disregard for life.

“Die!!!”

Right at that moment, Chu Feng pointed his Heavenly Immortal Sword at the Ximen Imperial Clan's Clan Chief.

“What did you say?” The Ximen Imperial Clan's Clan Chief was confused, and revealed a blank expression.

“Boom~~~”

The very next moment, a loud explosion sounded. The Ximen Imperial Clan's Clan Chief's body actually exploded. His body that was completely fine was actually disintegrated into pieces. He was completely dead.

“Chu Feng, he.... Actually grasped a Heaven Taboo Martial Skill?!!!”

At that moment, not to mention the others, even Zhang Ming was extremely shocked. He had never expected that Chu Feng, at his young age, would actually have grasped such a frightening technique. Chu Feng's technique most definitely had to be a Heaven Taboo Martial Skill. Furthermore, it was an extremely powerful Heaven Taboo Martial Skill.

Chapter 1869 – The First Person Since Ancient Times

“Chu Feng, I’ll dismember your body into ten thousand pieces!!!”

Suddenly, a roar that contained overwhelming anger sounded. The two Utmost Exalted Elders of the Ximen Imperial Clan were using their Emperor Dragon Seals to clear the way and charge toward Chu Feng.

The boundless killing intent they were emitting simply did not appear like that of two old men. Instead, they looked more like two murderous gods as they charged toward Chu Feng.

Seeing that scene, those world spirits that were protecting Chu Feng hurriedly moved to intercept the two Ximen Imperial Clan’s Utmost Exalted Elders. However, at that moment, the two Ximen Imperial Clan’s Utmost Exalted Elders were filled with exceptional bravery and power. Even the Fairy Spirit World’s world spirits were unable to contain the two of them, and could only put forth all of their strength to withstand their onslaught of attacks.

It could be seen that Chu Feng’s slaughter of the Ximen Imperial Clan’s Clan Chief [had triggered their wrath](#). Thus, at that moment, they disregarded their own lives and were determined to kill Chu Feng. In rage, their battle power had also greatly increased.

Right at the moment when the world spirits were putting forth all their strength to block the two Ximen Imperial Clan’s Utmost Exalted Elders, another of the Ximen Imperial Clan’s Utmost Exalted Elders appeared out of thin air.

When he stepped out of thin air, he was less than a thousand meters away from Chu Feng. He had already breached the layer of defense the world spirits had made. At that distance, he was completely capable of killing Chu Feng.

“I’ll have you die!!!” That Utmost Exalted Elder’s eyes were deep

red. His killing intent was boundless. His appearance simply appeared as if he wanted to eat Chu Feng alive.

“Boom~~~”

The moment he appeared, he swatted his powerful hand at Chu Feng.

His attack brought forth an enormous amount of martial power that crashed toward Chu Feng. With a might capable of toppling the mountains and overturning the seas, his martial power took the form of a golden magic cloud. Being attacked by his martial power, even Chu Feng's Profound Firmament Annihilation started to distort. In the end, it exploded and dispersed.

It was too frightening. After all, that Utmost Exalted Elder was a rank four Martial Emperor. Regardless of how heaven-defying Chu Feng might be, he was still unable to withstand even a casual attack from that Ximen Imperial Clan's Utmost Exalted Elder. At that moment, Chu Feng felt the taste of death.

“It's not time for him to die yet.”

Right at that moment, a voice suddenly sounded. At the same time, the taste of death that had covered Chu Feng instantly disappeared. That Ximen Imperial Clan's Utmost Exalted Elder's attack had been blocked by someone.

Immediately afterward, an aged figure appeared and stood before that Ximen Imperial Clan's Utmost Exalted Elder. The Compass Immortal; the person who had arrived was the Compass Immortal.

“Compass, it's you again!!!” At that moment, the Ximen Imperial Clan's Utmost Exalted Elder was incomparably furious. To see that it was the Compass Immortal who prevented him from killing Chu Feng, he began to gnash his teeth so angrily that creaking sounds could be heard.

“You wish to kill my disciple? You must first pass through me, his master,” The Compass Immortal said with a beaming smile.

“Very well, I’ll kill you first,” That Ximen Imperial Clan’s Utmost Exalted Elder’s was already determined to kill. Without bothering with superfluous words, he immediately brandished his weapon and began to unleash attacks at the Compass Immortal.

As for the Compass Immortal, even though he was smiling, his eyes were also filled with boundless killing intent. His each and every attack was extremely ferocious and ruthless. He was like someone who hid daggers within his smiles.

“Come, let’s continue.”

At that moment, Chu Feng turned his gaze back to the Nangong Imperial Clan, Dongfang Imperial Clan and the Beitang Imperial Clan’s Clan Chiefs.

“.....”

However, even though they were faced with Chu Feng’s naked provocation, they, as three grand Clan Chiefs, actually did not dare to take up Chu Feng’s challenge. Instead, they hurriedly backed away from him.

After seeing with their own eyes how Chu Feng had killed the Ximen Imperial Clan’s Clan Chief, they already knew very well that they were simply no match for Chu Feng. If they were to continue to fight him, they would likely also end up being killed.

That being said, when the bystanders saw the scene of the three Clan Chiefs cowering before Chu Feng, they all felt extremely complicated. Originally, they had thought that Chu Feng would definitely lose against the Four Great Imperial Clans’ four Clan Chiefs.

Yet, at that moment, Chu Feng had killed one of them, and the other three were so scared by Chu Feng that they were backing away from him repeatedly. This truly caused the crowd to become speechless.

“Humph, trash,” Chu Feng sneered. Then, with a flash of his

body, Chu Feng entered the void. He actually did not try to force the three Clan Chiefs into a corner, and instead turned to leave.

The three Clan Chiefs were all startled. They had been sharply sensing the space around them the entire time. Thus, they discovered that Chu Feng had not tried to attack them from the void. Instead, he was leaving.

They were confused as to why, when there was no one stopping Chu Feng at this moment, Chu Feng did not continue to attack and kill them, and instead turned to leave?

“Clank ~~~”

Not long after Chu Feng left, a cold ray flashed past the top of the city walls, the location where Baili Xuankong and the others from the Cyanwood Mountain were being hung. The metal chains that tied up Baili Xuankong and the others were all sliced apart by that cold ray.

The people from the Cyanwood Mountain who had been captured and hung on the city wall all landed to the ground and regained their freedom.

“Ancestor, I’ve startled you,” After that cold ray flashed past, Chu Feng appeared beside Baili Xuankong and the others.

“Damn it! He was actually creating a diversion!”

Seeing this scene, the three Clan Chiefs shouted in their hearts. Earlier, Chu Feng had left in the opposite direction from the city walls. This had led them to think that Chu Feng was trying to escape. However, never did they expect that Chu Feng had actually done that deliberately.

After Chu Feng left, he actually turned around and went to save Baili Xuankong and the others on the city wall.

At that moment, the three Clan Chiefs suddenly realized why Chu Feng had not seized the opportunity to kill them and had instead decided to leave.

The reason for that was because, to Chu Feng, saving Baili Xuankong and the others was much more important than the lives of the three of them.

“Damn it, Chu Feng actually broke through a loophole and rescued them.”

Seeing this scene, the Four Great Imperial Clans’ Utmost Exalted Elders were all incomparably shocked.

After the defensive barrier had been broken through, the world spirits had immediately charged in. As such, they had not, had the opportunity to go and grab Baili Xuankong and the others as hostages.

However, at the same time, they had prevented the King Monstrous Dragon Race and the other experts from rescuing Baili Xuankong and the others. Thus, even though the King Monstrous Dragon Race’s two War Faction’s elders had charged toward the city wall immediately, they had been unable to save Baili Xuankong and the others.

Originally, they had thought this deadlock would continue. However, never did they expect that Chu Feng would break through a loophole and rescue the people that even rank four Martial Emperors failed to rescue.

“Beautifully done.”

Seeing that Chu Feng had saved Baili Xuankong and the others, the two War Faction’s elders started to rejoice.

“That boy actually became a Dragon Mark Royal-cloak World Spiritist?”

At that moment, the Compass Immortal’s eyes were shining. The reason for that was because he had discovered that it was no coincidence that Chu Feng had managed to secretly approach Baili Xuankong and the others.

Chu Feng was a Dragon Mark Royal-cloak World Spiritist. He had

relied on his world spirit techniques to conceal his aura. That was why he had managed to bypass the Four Great Imperial Clan's defenses without them detecting him to stealthily approach Baili Xuankong and the others.

“Buzz~~~”

Chu Feng ignored the gazes from the crowd. With a wave of his sleeve, a golden spirit formation covered Baili Xuankong and the others.

Baili Xuankong and the others' cultivation had been restricted. Chu Feng was trying to use his world spirit techniques to undo the restriction on their cultivations and restore their power to them.

Suddenly, someone cried out in alarm. “Quickly, look, that's a Dragon Mark world spirit formation. That Chu Feng, he's... he's actually a Dragon Mark Royal-cloak World Spiritist?”

“Heavens! That's actually real!” When the crowd looked carefully at Chu Feng's spirit formation, they discovered that there really were dragon-like veined patterns flowing through it.

A Dragon Mark Royal-cloak World Spiritist. At that moment, Chu Feng had revealed that... he was a Dragon Mark Royal-cloak World Spiritist.

His revelation had roiled up a violent storm in the already restless hearts of the crowd. At that moment, the crowd's hearts were incapable of calming down.

To the vast majority of the people, there were only ten Dragon Mark Royal-cloak World Spiritists in the Holy Land of Martialism. Each and every one of them were extraordinary existences in the Holy Land of Martialism, and were deemed to be Immortals. Else, how could the Ten Immortals have come to be?

It was precisely because there were so few Dragon Mark Royal-cloak World Spiritists that... after Chu Feng killed the White-browed Immortal, there were people who had insulted him

because of that. They said that Chu Feng was vicious, merciless and abominable to have killed a Dragon Mark Royal-cloak World Spiritist.

However, looking at it now, the crowd felt extremely astonished. Suddenly, they felt that Chu Feng possessed the qualifications to kill the White-browed Immortal.

The reason for that was because there had never been a Dragon Mark Royal-cloak World Spiritist as young as Chu Feng since ancient times.

White-browed Immortal? How could he possibly compare to Chu Feng? Even if he was killed by Chu Feng, it was not a pity for the Holy Land of Martialism.

After their moment of shock, someone cried out in alarm, “The first person since ancient times, the first person since ancient times.”

“With how heaven-defying Chu Feng is, if he doesn’t become the overlord, who else will be qualified to become the overlord?” Overwhelmed, someone cried out.....

.....

In chinese, triggering someone’s wrath is known as touching the dragon’s forbidden scale. Dragons possess tough scales, however, if one touches their inverse scale, they will feel pain and, in turn, wrath. Chinese Emperors are known as dragons. Thus, to go against the emperor is known to be touching the dragon’s forbidden scale.

Chapter 1870 – Dragon Sword Breaking Through The Void

The crowd were all exclaiming in astonishment. However, Chu Feng was in no mood to bother with them.

The only thing on Chu Feng's mind was to quickly remove the bindings on Baili Xuankong and the others.

“Ancestor, your cultivation?” After a moment, Chu Feng started to frown. He discovered that it was no ordinary spirit formation that had bound Baili Xuankong and the others' cultivations. Rather, they were Dragon Mark spirit formations.

Furthermore, the spirit formations were extremely brilliant. It was impossible for even Chu Feng, who had mastered all sorts of profound world spirit techniques, to undo the spirit formations in a short period of time.

This meant that there was a Dragon Mark Royal-cloak World Spiritist working for the Four Great Imperial Clans. Furthermore, this Dragon Mark Royal-cloak World Spiritist was not someone to be looked down upon.

“The Four Great Imperial Clans were actually turned into such a state by a Chu Feng. You all are truly too useless.”

Right at the moment when Chu Feng was having misgivings, several silhouettes suddenly descended from the distant horizon.

Those people were all wearing black cloaks and strange masks. They were people from the Dark Hall.

“Dark Hall. The Dark Hall is actually in cahoots with the Four Great Imperial Clans?” Upon seeing those people, Chu Feng grew tense.

Although there were only a bit more than a hundred people from the Dark Hall, they were all Martial Emperors, actual Martial

Emperors.

Furthermore, the person leading them was someone with half snow-white and half pitch-black hair. He appeared extremely strange.

Furthermore, his cultivation was unfathomable. Even Chu Feng was unable to see through his cultivation. However, with merely a single glance, Chu Feng felt extremely uneasy. He had sensed an enormous threat from that man.

“Dark Hall?!” At that moment, everyone was startled. Although it was the first time for many of the people to hear the name ‘Dark Hall,’ not a single person dared to act disrespectful toward them. After all, their auras were extremely strong.

Everyone realized that the Dark Hall was an extraordinary existence.

“You all finally showed up. Quickly, attack them and eliminate Chu Feng!” After seeing that the people from the Dark Hall had shown up, the Four Great Imperial Clans’ Utmost Exalted Elders looked as if they had seen their savior. This was especially true for Ximen Baiyuan. At this moment, ecstasy filled his face.

“Are you trying to give me orders?” However, the man that led the group of experts from the Dark Hall cast his ice-cold gaze to Ximen Baiyuan and the others. A trace of killing intent flashed through his crimson eyes.

“You!!!”

Faced with that gaze, not to mention the others from the Four Great Imperial Clans, even Ximen Baiyuan turned pale. Even though he was very displeased, he did not dare to go against that man from the Dark Hall. From their manner, it could be seen that the Four Great Imperial Clans deeply feared the Dark Hall.

“Exactly who are you?” Chu Feng asked with a loud voice. The way he saw it, the Dark Hall was an extremely dangerous existence

that he absolutely could not look down upon.

“Great question. Who we are is not important. What is important is that you need to know that our Dark Hall shall become the future rulers of the Holy Land of Martialism,” That leading man said with a beaming smile.

Even though he said those words with a smile on his face, his tone was extremely vicious.

When his words were heard, not to mention Chu Feng and the others, even the bystanders started to tremble and felt as if a chill had run down their bodies. Practically everyone felt an ill premonition from his words.

A power that no one had ever heard of before actually spoke those sorts of words the moment they appeared, it would inevitably cause people to feel an ill premonition.

After all, the word ‘ruler’ was something that even the Three Palaces did not dare to say. Yet, the Dark hall actually dared to say those words?

“It’s a fine dream to become the future ruler,” Chu Feng curled his lips and smiled. His words contained a trace of ridicule.

“Haha, this is not a dream. Instead, it is the goal that will soon be attained. Chu Feng, I can see that you are a talent. I am able to spare your life on the condition that you join our Dark Hall. I am also able to help you eliminate the Four Great Imperial Clans,” That man from the Dark Hall said.

“What did you say?!” Hearing those words, the expressions of Ximen Baiyuan and the others from the Four Great Imperial Clans all changed enormously. Their expressions became so ugly that it was as if they had just been fed dog shit.

It was not only them, the bystanders were also extremely shocked. Originally, they all thought that the arrival of the Dark Hall meant reinforcements for the Four Great Imperial Clans. Yet,

such a dramatic thing actually happened?

The Dark Hall was willing to, for the sake of obtaining Chu Feng, eliminate the Four Great Imperial Clans?

“Haha.....”

Chu Feng laughed lightly at the Dark Hall’s invitation. As if he had seen through everything, he said, “What if I refuse?”

“Then, today, it will not only be you that shall die. All of your friends will die alongside you,” The man from the Dark Hall said. Once he said those words, ice-cold killing intent filled the region.

That killing intent was truly too frightening. It was absolutely ice-cold. In an instant, it turned the region around him into winter. A bone-chilling wind began to blow, and living things began to freeze. White frost covered the entire region. In fact, many of the crowd’s breath turned to ice.

Even though the martial cultivators possessed very strong bodies, they were shivering after being engulfed by that ice-cold killing intent.

Seeing that scene, even Chu Feng started to frown. In that moment, he had managed to sense his opponent’s aura. The leader of the Dark Hall’s experts possessed an aura above Ximen Baiyuan and Zhang Ming. He was a rank six Martial Emperor.

At that moment, the entire region was completely under his control. This was simply a slaughterhouse that he now ruled. As long as he willed it, anyone he wished to kill would be killed.

“Chu Feng, I’ll give you until the count of ten to consider. After I count to ten, if you still refuse, I will kill all of you,” That Dark Hall’s man said. Then, he extended his ten fingers and began to count, retrieving his fingers one by one.

He had done all of this extremely naturally and without the slightest bit of hesitation. From this, it could be seen that he was someone capable of doing what he said, an incomparably ruthless

individual.

“Chu Feng, accept it,” Eggy hurriedly urged Chu Feng to accept.

“The Dark Hall is not a good power. Furthermore, they tried to eliminate the World Spiritist Alliance. The Dark Hall and I are already enemies. As such, how could I lower myself to them? Furthermore... I do not trust them,” Chu Feng spoke what he truly felt. Even though the Dark Hall had sent him an invitation, Chu Feng felt that there was deceit in their actions. The reason for that was because he did not feel the slightest bit of sincerity in their invitation. Instead, he felt a great amount of danger.

“But if you do not accept it, you will definitely be killed. Not only you, but everyone related to you that is present here will also be killed,” Eggy said.

“Damn it!” At that moment, Chu Feng clenched his fists tightly. He was at a loss as to what to do.

Chu Feng was not worried about his reputation being ruined by becoming the Dark Hall’s subordinate. What he feared the most was that it was a trick for the Dark Hall to exploit him and gradually allow them to become an even greater disaster.

However, if he refused to submit to them, then it would be like Eggy said. Not only would he be killed, he would also have caused the deaths of all the people that were with him. That was something that he absolutely could not allow to happen.

After struggling within himself for a while, Chu Feng ended up clenching his teeth. He had come to the decision to accept the Dark Hall’s invitation.

He was able to allow himself to endure any sort of hardship, suffering and disgrace. However, he would absolutely not allow his companions to be killed because of him.

“Roar~~~”

However, right at the moment when Chu Feng was about to voice

his acceptance of the invitation, a dragon's roar suddenly resonated through the entire region. As that dragon's roar resonated, an enormous golden-bright and dazzling sword appeared while hovering the sky.

That sword was extremely enormous. It was so huge that it hid the sky and covered the earth. As it flew toward the Ximen Imperial Clan's fortress, it bathed the entire region in its light, and actually managed to dispel the ice-cold killing intent of the man from the Dark Hall.

“That is?”

Chu Feng's expression took a huge change. He had discovered that not only was that sword enormous, there was also an enormous dragon carved onto it. That dragon was so vivid and lifelike that it appeared as if that dragon was the soul of that enormous sword. The irresistible and incomparably mighty dragon's roar was emitted by that dragon.

“Roar~~~”

After that enormous golden dragon sword streaked across the vast sky and broke the ice-cold killing intent that filled the region, it let out another dragon's roar. Then, it actually slashed toward that Dark Hall's leading expert.

“Haah!!!!”

In response, the Dark Hall's man clenched his right hand into a fist and shot a fist strike toward that enormous golden dragon sword.

With that strike, boundless martial power soared into the sky. Then, an enormous fist measuring a hundred meters in length appeared in the sky and collided with that enormous golden dragon sword.

“Rumble~~~”

A loud explosion was heard. The enormous golden dragon sword

trembled slightly. However, the enormous fist that the Dark Hall's leading expert had formed from his martial power was actually sliced apart by that sword.

“Ta, ta, ta~~~”

Not only was the enormous fist formed with martial power sliced apart, the Dark Hall's leading expert actually also began to move back several steps in midair before finally being able to steady himself. That grand rank six Martial Emperor was actually beaten back by someone!!!

At that moment, the Dark Hall's leading expert clenched his fist tightly. The killing intent in his eyes grew even stronger. As he looked to Chu Feng's direction, he ruthlessly said, “Nangong Longjian!!!”

Chapter 1871 – Absolute Expert

“Nangong Longjian?!!!” Hearing that name, the crowd were all startled. This was especially true of the people of the Nangong Imperial Clan. At that moment, they displayed extremely excited expressions. They had already managed to recognize that enormous golden dragon sword.

“Woosh~~~”

Suddenly, the enormous golden dragon sword that was floating in the sky started to shrink. In a flash, it became much smaller. Although it was small now, the might it was emitting did not decrease in the slightest. Then, it shot toward Chu Feng.

“Crap!”

Seeing this scene, Zhang Ming and the others were all alarmed. They shouted in their hearts. The reason for that was because that golden dragon sword was truly too frightening. When even they were incapable of withstanding it, if that sword were to strike at Chu Feng, even if Chu Feng possessed a hundred lives, he would still definitely be killed.

“Paa~~~”

However, right when that sword was about to strike Chu Feng, it suddenly shifted directions. Then, a palm appeared from the space in front of Chu Feng. That palm grabbed the golden dragon sword.

Immediately afterward, a man walked out from the void and stood before Chu Feng.

This man had a head of hair that reached his waist. His hair was pitch-black, it was as dark as ink. As it fluttered in the wind, he appeared to be extremely extraordinary, and gave off an incomparably domineering air.

Merely by looking at him, one could tell that he was an absolute expert. As for this man... he was Nangong Longjian.

“Nangong Longjian, it really is Nangong Longjian!”

“Then, that golden dragon sword is the legendary Heavenly Golden Dragon Sword?!”

Upon seeing Nangong Longjian, many people became extremely excited. Today, they had truly managed to broaden their horizons. They had managed to see so many grand experts. One must know that those that they saw today were all legends they were incapable of seeing even if they wanted to.

“This aura, Nangong Longjian, he actually reached a breakthrough and became a rank six Martial Emperor. Haha... today, Chu Feng is definitely going to be killed.”

At this moment, the people from the Nangong Imperial Clan were overjoyed. The reason for that was because they only knew Nangong Longjian as a rank five Martial Emperor. However, the aura that Nangong Longjian was emitting right now was that of a rank six Martial Emperor. This meant that Nangong Longjian had reached a breakthrough.

Nangong Longjian had always been the pride of the Nangong Imperial Clan. The more powerful Nangong Longjian became, the more powerful their Nangong Imperial Clan would be. Now that Nangong Longjian had stepped onto the stage, who could possibly do anything to them? No matter how many experts Chu Feng invited over to help him, they would all be killed here. As such, how could the people from the Nangong Imperial Clan not feel joy?

Not to mention the Nangong Imperial Clan, the people from the other three Imperial Clans were also extremely excited. After all, they were all Imperial Clans, and were of the same root.

“Nangong Longjian, you actually dared to attack me. You are truly arrogant.”

“However, seeing that you are also a talent, I will not bicker with you about it. Come, join our Dark Hall,” The Dark Hall’s expert

said. Although he had possessed overflowing killing intent earlier, he had removed his killing intent right now. With a beaming smile on his face, he invited Nangong Longjian to join him. The change in his mood was astonishingly fast.

“Woosh~~~”

However, at that moment, Nangong Longjian suddenly pointed his Heavenly Dragon Golden Sword at the people from the Dark Hall.

Although he merely pointed his sword at them casually, it caused all of heaven and earth to immediately begin to tremble. Following that, another dragon roar sounded, and an enormous golden dragon’s image flew out from the Heavenly Golden Dragon Sword. With its mouth wide open, it arrived before the people of the Dark Hall. It was as if that golden dragon was going to devour them the very next moment.

“Leave or die!” Nangong Longjian said those words with a very cold tone.

“You...”

“Very well, Nangong Longjian, you have balls,” Hearing those words, the expression of the man from the Dark Hall changed. However, in the end, he led the experts from the Dark Hall, turned around and left.

“Longjian, you have come at the perfect time. Quickly, kill that Chu Feng and his accomplices! They have killed a lot of people from our Four Great Imperial Clans. Today, they must be killed!” Nangong Beidou said with a loud voice.

However, Nangong Longjian suddenly narrowed his sword brows and shouted at Nangong Beidou, “You, shut up!!”

“Longjian, you!!!” Being berated by Nangong Longjian in public, Nangong Beidou felt extremely humiliated. However, at that moment, he did not dare to say anything else. Merely, his

complexion turned ashen, and his expression became extremely ugly.

He had always disliked Nangong Longjian. However, Nangong Longjian's strength was truly too powerful. Right now, he had become so powerful that the continued existence of the Four Great Imperial Clans would have to rely on him. Even though he deeply disliked Nangong Longjian, he had no choice but to yield to him.

“I already know why the Four Great Imperial Clans are targeting Chu Feng. It's merely because you are all afraid of Chu Feng's power. In the end, it's the Four Great Imperial Clans that are in the wrong.”

“While it is true that there have been some casualties among the Four Clans today, this is the result of forcing Chu Feng into a corner repeatedly. This is the result that you have all brought upon yourselves.”

“Today, there are a lot of people present. As such, I shall be the intermediary. You all will reconcile,” Nangong Longjian said.

“Nangong Longjian, what nonsense are you spouting? Are you still a fucking member of our Four Great Imperial...?!” A Ximen Imperial Clan's Utmost Exalted Elder shouted angrily.

“Boom~~~”

However, before he could even finish saying his words, Nangong Longjian waved his sleeve. Then, that Ximen Imperial Clan's Utmost Exalted Elder was swatted from the sky and ruthlessly smashed into the ground. After crashing into the ground, his body became badly mutilated and he fainted on the spot.

“When I'm speaking, you are not to interrupt,” Nangong Longjian said with a cold voice. His gaze was ice-cold and without the slightest trace of emotion.

“You!!!” Seeing this scene, the people from the Ximen Imperial Clan were so enraged that their complexions turned ashen. They

clenched their fists tightly, but did not dare to say anything. The reason for that was because Nangong Longjian was truly too strong.

“What’s going on? Nangong Longjian is actually not killing Chu Feng, and is instead urging for peace? Furthermore, he attacked the Ximen Imperial Clan?” At this moment, the crowd were all confused by what had happened.

Not to mention the bystanders, even Zhang Ming, Duan Jidao and the others were confused as to why Nangong Longjian was helping Chu Feng.

At that moment, only Chu Feng had an idea as to why Nangong Longjian was helping him. When he saw the powerful black-haired man before him, Chu Feng recalled a single person: Bai Ruochen.

Unless it was because of Bai Ruochen, Chu Feng could not think of another reason why Nangong Longjian would help him.

“Today, I, Nangong Longjian, shall say it like this: those who agree to reconcile shall live. Those who refuse shall die.”

“Clank~~~”

After Nangong Longjian said those words, he suddenly raised the [Heavenly Golden Dragon Sword](#) in his hand high up into the air. The very next moment, that golden dragon’s image appeared once again. Merely, this time around, that dragon was even more enormous. As it coiled above the skies, it covered the entire region.

The might of the dragon bathed the land below it and enveloped everyone present. That vast dragon’s might caused the crowd to all feel extremely uneasy.

Although Nangong Longjian’s action was different from those of that Dark Hall’s expert, and did not possess overflowing killing intent, the crowd all knew very well that their lives were within Nangong Longjian’s grasp.

With a single thought, he could kill hundreds of millions of lives.

With a single sword, he could pierce through the vast heavenly dome.

This... was a rank six Martial Emperor. This... was Nangong Longjian. This... was a true absolute expert.

“Four Great Imperial Clans, are you all willing to reconcile?” Nangong Longjian asked.

“You!!!” The people from the Ximen Imperial Clan were all gnashing their teeth in rage. This was especially true for Ximen Baiyuan. At that moment, his complexion was both green and white and his expression was extremely ugly.

As for the people of the Nangong Imperial Clan, they were at a loss as to what to do. They truly did not expect that their own clansman would actually not help them after appearing, but would instead force them to reconcile.

However, upon thinking about it, this was also reasonable. Although Nangong Longjian was the Nangong Imperial Clan’s pride, he had never been someone who cared about their Nangong Imperial Clan’s honor and reputation. Else, the Nangong Imperial Clan would have already risen in power. How could they possibly still be standing on equal footing as the other three Imperial Clans?

I just noticed, Nangong Longjian’s name is... South Palace, Dragon Sword. I guess that’s why he has a dragon sword.

Chapter 1872 – An Unexpected Conclusion

At that moment, the Dongfang Imperial Clan's Clan Chief said, "Brother Longjian, actually, it is not impossible for us to reconcile. Merely, it will all have to depend on whether little friend Chu Feng is willing to reconcile or not."

"Actually, it was also not the desire of our Dongfang Imperial Clan for things to reach this state. If little friend Chu Feng is willing to reconcile, I am willing to personally apologize to little friend Chu Feng."

When he said those words, the Dongfang Imperial Clan's Utmost Exalted Elders had expressions of tacit approval. It was clear that they had already discussed this matter beforehand.

"What? They're really going to reconcile? Furthermore, he said that he'll even apologize?" The bystanders were all astonished by what the Dongfang Imperial Clan's Clan Chief said.

"Our Beitang Imperial Clan is of the same intention." In the next moment, the Beitang Imperial Clan's Clan Chief also voiced that they were willing to reconcile.

"Longjian already represents our Nangong Imperial Clan's intentions," An Utmost Exalted Elder from the Nangong Imperial Clan said. When he said those words, the other Nangong Imperial Clan's Utmost Exalted Elders and their Clan Chief Nangong Beidou all had expressions of tacit approval.

As matters stood, they had already realized how powerful Chu Feng was. Else, they would not be this determined to kill him.

The reason for that was because they knew that if they did not eliminate Chu Feng, they would be eliminated by Chu Feng in the future. However... if they were truly able to reconcile with him, if Chu Feng was really willing to reconcile with them, they were extremely willing to do so.

In fact, the Nangong Imperial Clan, Beitang Imperial Clan and Dongfang Imperial Clan already had the intention to make peace with Chu Feng. Merely, they felt that, with Chu Feng's personality, he would absolutely not reconcile with them. Furthermore, with the way they had treated Chu Feng before, it was simply unrealistic for them to suddenly try to reconcile with him.

In addition to that, the Ximen Imperial Clan was extremely insistent on killing Chu Feng. As such, none of them mentioned their idea of reconciling with Chu Feng.

Now that Nangong Longjian was urging for peace, they felt that it was a rare opportunity to reconcile with Chu Feng.

"Little friend Chu Feng, you heard what they said, no?" Nangong Longjian looked to Chu Feng.

"There have never been any grudges or grievances between the Four Great Imperial Clans and me to begin with. The entire time, it has always been the Four Great Imperial Clans that were insistent on killing me. Never have I ever wanted to kill them."

"If they are willing to reconcile with me, I am naturally also willing to reconcile... Merely, people's intentions are unpredictable. After all, they have chased after me with the intention to kill me for so long, I truly fear that they will go back on their word. While they might say that they will reconcile with me, I fear that they will instead thrust their blades into me from behind," Chu Feng smiled.

Chu Feng knew very well what the current situation was. To reconcile would naturally be the best. Furthermore, if Nangong Longjian hadn't shown up, it was very possible that all of them would have been killed by the Dark Hall. Thus, Nangong Longjian was equivalent to being someone who had saved their lives.

As a person from the Nangong Imperial Clan, Nangong Longjian had actually suppressed the Four Great Imperial Clans and forcibly

demanded that they make peace with Chu Feng. If Chu Feng were to refuse to make peace now, he would truly be one who was ignorant of the situation. Thus... he must give Nangong Longjian face.

Furthermore, if Chu Feng was really able to reconcile with the Four Great Imperial Clans, there would only be hundreds of benefits without any harm.

Firstly, Chu Feng still possessed a weak level of cultivation, and he was no match for the Four Great Imperial Clans by himself. Next, even if he was able to emerge in power, he would still not eliminate the Four Great Imperial Clans. At the very most, he would kill those who had tried to kill him.

Chu Feng was no longer the hot-blooded youth that he was previously. He was a lot more mature now. He knew that regardless of how enormous the hatred he bore might be, one should still not kill the innocent. Although the Four Great Imperial Clans were extremely vile, there were definitely good people among them.

For example, there were Nangong Ya, Nangong Baihe and Nangong Moli. They were all Chu Feng's friends. Regardless of how enormous the hatred between Chu Feng and their Nangong Imperial Clan might be, Chu Feng would not go and kill them. As such, how could Chu Feng possibly have the heart to exterminate his friends' clan and make them destitute and homeless?

Merely, Chu Feng did not trust the Four Great Imperial Clans. That was why he wanted Nangong Longjian to provide him with a guarantee.

“Regarding that, you can rest assured. If they dare to go back on their word, regardless of which clan they might be, I will exterminate them for you,” Nangong Longjian said.

“Ssss~~~” Hearing those words, the crowd all sucked in a mouthful of cold air. As someone from the Four Great Imperial

Clans, Nangong Longjian actually said such a thing. He was truly unconventional and different from the masses.

However, at that moment, other than the people from the Four Great Imperial Clans, no one else felt Nangong Longjian's behavior to be unfilial. Instead, they felt that he was a real man, capable of distinguishing right from wrong.

Furthermore, after hearing this much, the crowd was able to tell that the Four Great Imperial Clans were actually the only ones in the wrong. As for the crimes the Four Great Imperial Clans had accused Chu Feng of committing, and how they had accused Chu Feng of being an ingrate, it was evidently all fake.

"But, if I am to be killed, I'm afraid that... even you will not know which Imperial Clan killed me," Chu Feng said.

"If you are to be killed, I will investigate the matter. If it is truly related to the Four Great Imperial Clans, I will make the Four Great Imperial Clans accompany you in death," Nangong Longjian said.

"Since senior has already said it to such a degree, then Chu Feng is willing to reconcile. Merely... I wonder what the intention of the Ximen Imperial Clan might be?" After Chu Feng said those words, he turned his gaze to Ximen Baiyuan.

"Ximen Imperial Clan, do you wish to live or die?" After Nangong Longjian said those words, he pointed his Heavenly Dragon Golden Sword at Ximen Baiyuan.

"Roar~~~"

The enormous golden dragon that sealed off the heavens let its dragon's might descend and cover all of the people from the Ximen Imperial Clan. The more powerful one was, the more pressure they felt. Many Martial Emperor-level experts were incapable of resisting the dragon's might and started to kneel one after another. At that moment... of the Ximen Imperial Clan's Martial Emperors,

only Ximen Baiyuan still strenuously stood. Merely, even though he was barely standing, he was trembling nonstop.

In fact, it was not that Ximen Baiyuan had managed to withstand the dragon's might because he was powerful. Rather, Nangong Longjian felt that as Ximen Baiyuan was the strongest individual in the Ximen Imperial Clan, he should leave him some face. Else, if Nangong Longjian had wanted Ximen Baiyuan to kneel to him, he too would have had to kneel to him.

“Sigh~~~~”

“This is the will of the heavens.”

“Merely, it's a pity for my grandson Feixue. Originally, he possessed grand prospects. Yet, just like that, his future was ruined.”

Ximen Baiyuan closed his eyes. He faced the sky and sighed a long sigh. Two streams of hot tears rolled down from the corners of his aged eyes. From his words, one could tell that the reason why the Ximen Imperial Clan insisted on killing Chu Feng, the reason why they hated Chu Feng this enormously, was actually all because Chu Feng had ruined Ximen Feixue's reputation as a genius.

After that sigh, Ximen Baiyuan waved his hand at the Ximen Imperial Clan's Utmost Exalted Elders. He said, “Forget about it, forget about it. Just reconcile. If we are to continue fighting, it will ultimately be detrimental to our Ximen Imperial Clan.”

Hearing those words, even though the Ximen Imperial Clan's Utmost Exalted Elders were extremely unwilling to reconcile with Chu Feng, they did not say anything.

However, while the upper echelons of the Ximen Imperial Clan were unwilling to reconcile, from the expressions of the Ximen Imperial Clan's clansmen, it could be seen that they were actually wishing to be able to reconcile with Chu Feng.

Chu Feng's speed of growth was extremely frightening. His speed

of growth had caused them to tremble with fear. Over the course of these days when they had made an enemy out of Chu Feng, the name Chu Feng had been like a nightmare to them.

In fact, many of them had the same sort of nightmare. They dreamed that one day, Chu Feng would come and massacre their entire Ximen Imperial Clan by himself.

And now... as long as they were able to reconcile with Chu Feng, they would be able to break free from that nightmare.

“Very well. Today, I, Nangong Longjian, shall bear witness to this. The grudges and grievances between Chu Feng and the Four Great Imperial Clans shall be written off with one stroke. From today on, both parties will become friends.”

“If any party is to go against the agreement today, I, Nangong Longjian, will eliminate their entire clan,” Nangong Longjian raised his sword and shouted loudly. His words were like thunder. No one doubted what he said. The reason for that was because Nangong Longjian was definitely someone who would do what he said.

Chapter 1873 – The Curtain Drops

When Nangong Longjian's words left his mouth, Nangong Beidou, the Dongfang Imperial Clan's Clan Chief and the Beitang Imperial Clan's Clan Chief all looked to one another. Then, they walked through the air and arrived before Chu Feng.

They clasped their fists at Chu Feng and said, "Little friend Chu Feng, earlier, it was our clans that were in the wrong. We hope that little friend Chu Feng will forgive us."

While their courteousness was only for show, it remained that they had apologized to Chu Feng.

For them, with their statuses, to actually apologize to Chu Feng, it could be seen that they still deeply feared Chu Feng. In turn, this displayed how sincere they were in wanting to reconcile with Chu Feng.

"Don't mention the past anymore. I only hope that you three Clan Chiefs will no longer make things difficult for this Chu Feng, and will instead become friends with this Chu Feng," Chu Feng said with a light smile. His words contained hidden implications.

"Most definitely. From today onward, little friend Chu Feng will only be our friend and not our foe."

"Furthermore, little friend Chu Feng's friends are also our friends," The Three Clan Chiefs said in unison.

"I hope that you three Clan Chiefs are capable of doing what you all said," Chu Feng smiled lightly. Even though they had reconciled, Chu Feng still bore ill feelings against these people who had been so determined to kill him.

Faced with Chu Feng acting in such a manner, the three Clan Chiefs could only smile bitterly. After all, they knew that they were the ones in the wrong. Thus, they all pledged, "Little friend Chu Feng, there's no need to say anymore. You merely need to

watch how we act in the future.”

Suddenly, Chu Feng said via voice transmission, “Three Clan Chiefs, there is a matter that this Chu Feng wonders whether or not you all might be able to tell me about.”

“What might this matter be?” The three Clan Chiefs replied in unison through voice transmission.

“Exactly who is it that sold out our Cyanwood Mountain?” Chu Feng asked.

“Regarding that, we do not know. Only Ximen Baiyuan knows,” The three Clan Chiefs replied in the same sort of manner.

“Thank you,” Even though he had not managed to determine who the traitor was, Chu Feng still thanked them. The reason for that was because he had obtained helpful information from them.

After bearing witness to Chu Feng reconciling with the Four Great Imperial Clans, many of the people present revealed smiles. They had truly never expected for such a peak confrontation to conclude in such a manner.

However, as they were all humans, to be at peace with one another was the best. This ending was actually the one that the crowd longed for the most.

Seeing the people that were previously battling one another smiling at one another, seeing how their hatred for one another was erased by their smiles, not to mention the people involved in this battle, even the bystanders were feeling very joyous.

However... at this moment, the crowd from the Ximen Imperial Clan were feeling very upset. The Nangong Imperial Clan, Dongfang Imperial Clan and Beitang Imperial Clan’s Clan Chiefs had all gone to personally apologize to Chu Feng. Only their Ximen Imperial Clan did not do so. As for the reason why, it was because their Ximen Imperial Clan’s Clan Chief had already been killed by Chu Feng.

“Ximen Imperial Clan, are you all not going to express your apology?” Right at this moment, Nangong Longjian spoke. Evidently, he was not planning to let the Ximen Imperial Clan leave like this. He had wanted the Ximen Imperial Clan to offer their apology to Chu Feng too.

In response, Ximen Baiyuan put his Imperial Armament away and walked over to Chu Feng. Although he had arrived before Chu Feng, he was only standing there. He did not make any courteous gestures, nor did he offer an apology. In fact, there was not even a trace of apology on his face. Evidently... he was still incapable of apologizing to Chu Feng.

“As this is already a thing of the past, I also do not wish to dig into this excessively. As long as senior Ximen is willing to answer two of my questions, I will not demand an apology from the Ximen Imperial Clan,” Chu Feng said.

“What are your questions? Ask away,” Hearing those words, Ximen Baiyuan’s expression improved greatly. Even though he deeply hated Chu Feng, Chu Feng had still given him a way out of this difficult situation.

“My first question is, exactly what is the origin of the Dark Hall? Please answer me honestly,” Chu Feng said.

“It was the Dark Hall that came to find us. They said that they would help us. The Imperial Armament used as the bounty for you was also provided by them. Merely, they did not hand the Imperial Armament to us, and we did not obtain any Imperial Armaments from them. It was merely a verbal promise between us. Looking at it now, they simply never planned to provide us with the Imperial Armament. They were merely deceiving us.”

“As for the origin of the Dark Hall, we also do not know. Every single time, it was them who contacted us. We were simply incapable of finding them. However, I am able to provide you with a clue,” Ximen Baiyuan said.

“What is that clue?” Chu Feng asked.

“The people from the Dark Hall wore masks. Thus, I do not know their identities. However, I do know the identity of a single person from the Dark Hall,” Ximen Baiyuan said with a low voice. Only Chu Feng was able to hear what he was saying.

“Who is it?” Chu Feng asked.

“Hundred Transformations Clay Man,” Ximen Baiyuan said.

“So it’s actually him,” Chu Feng naturally remembered the Hundred Transformations Clay Man. Back on the Gong Ba Plains, it was precisely because that Hundred Transformations Clay Man had disguised himself as Chu Feng that Hong Qiang had ended up falling for the Four Great Imperial Clans’ trap.

“What is your second question?” Ximen Baiyuan took the initiative to ask. This time around, he was not speaking with a low voice. Instead, he asked with a voice that all the crowd could hear.

“Who is the person that sold out our Cyanwood Mountain?” Chu Feng asked.

“It seems that you also know that someone sold out your Cyanwood Mountain,” Ximen Baiyuan smiled.

“That is something that anyone could guess. Furthermore, I know that the person who sold our Cyanwood Mountain out is currently among the people here,” Chu Feng swept his eyes over the people from the Cyanwood Mountain behind him.

Even though these people had been held hostage the entire time, Chu Feng knew that the Cyanwood Mountain’s traitor was hidden within them.

“So what? I will never tell you who that person is. That person decided to submit to us and also helped us. As such, I am obligated to protect that person,” Ximen Baiyuan smiled lightly. Then, he said, “Chu Feng, even though we have reconciled, our Ximen Imperial Clan and you are destined to never be able to become

friends with one another. Thus, I will not invite you to stay here.”

“Even if you wanted me to stay, I would not be willing to stay,” Chu Feng smiled lightly. Then, he turned to Baili Xuankong and the others and said, “Lord Headmaster, let’s return home.”

Thus, the curtains dropped on the grudges between Chu Feng and the Four Great Imperial Clans. Chu Feng and the others all left.

The Nangong Imperial Clan, Dongfang Imperial Clan and Beitang Imperial Clan also left in succession.

After the great battle was over, only trash that was scattered all over the ground remained. The Ximen Imperial Clan was left heavily damaged with holes all over. In this battle, the one who had suffered the most was none other than the Ximen Imperial Clan.

Inside the Ximen Imperial Clan’s main palace.

The Ximen Imperial Clan’s main palace was originally splendid and majestic. However, due to the battle, it had become somewhat bleak with defeat.

However, at that moment, the Ximen Imperial Clan was in no mood to repair their city or the palace. After all, their Ximen Imperial Clan’s Clan Chief had been killed. Furthermore, not even an intact corpse had been left behind. As such, the people from the Ximen Imperial Clan were grieving.

“Great grandfather, you must avenge my father,” Ximen Feixue was kneeling on the ground. He was weeping bitter tears.

“Milord, we cannot let Chu Feng get away with this. We must avenge Lord Clan Chief,” Many of the Ximen Imperial Clan’s upper echelons were also kneeled on the ground.

“Avenge? How are you all going to avenge him? Are you all capable of defeating Chu Feng? Are you all capable of defeating Nangong Longjian?” Ximen Baiyuan asked with a loud voice.

Disappointment filled his tone.

“.....” At that moment, the crowd spoke no more. Indeed, they did not possess the ability to get revenge. They were incapable of even defeating Chu Feng. As such, there was no need to mention Nangong Longjian.

“A bunch of trash. If it wasn’t for you all insisting on making that Chu Feng your enemy, we would not have provoked all this trouble, and all those people from our Ximen Imperial Clan would not have been killed,” Ximen Baiyuan angrily berated them.

“Puu~~~”

Suddenly, Ximen Baiyuan vomited out a mouthful of blood. Then, he fell from the dragon throne. In merely an instant, his health became incomparably weak.

Chapter 1874 – You Are The Traitor

“Great grandfather!”

“Milord!!”

Seeing Ximen Baiyuan in such a state, Ximen Feixue and the various elders were all deeply frightened. They hurriedly stepped forward and supported Ximen Baiyuan. However, the closer they approached, the more worried they became.

At that moment, Ximen Baiyuan’s body was extremely weak. In fact, even his breathing had stopped, and his body had turned ice-cold. It was as if he had already died.

The only things keeping Ximen Baiyuan alive right now were his source energy, dantian and cultivation.

“I have nearly exhausted all of my vitality this time around. I will not be able to live for long. Likely, I will not survive past today,” Ximen Baiyuan said.

“No, this can’t be. Great grandfather, you won’t die,” Hearing those words, Ximen Feixue began to grieve with tears.

“Feixue, remember this. Do not avenge your father. You are unable to win against that Chu Feng. Our entire Ximen Imperial Clan is unable to win against that Chu Feng.”

“It is better to squash enmity rather than keeping it alive. That holds especially true for Chu Feng. It is best that you do not provoke him again,” Ximen Baiyuan’s voice became exceptionally weak. However, even at such a time, he was still earnestly advising Ximen Feixue. What he had told Ximen Feixue was what he really thought in his heart.

Although he had only met Chu Feng for the first time today, he was able to tell that Chu Feng was stronger than all of their Ximen Imperial Clan’s younger generation. Even his grandson Ximen Feixue was inferior to Chu Feng in all aspects. Although he hated

Chu Feng to the bones, he had unwittingly acknowledged Chu Feng.

“No, I must take revenge. I must definitely take revenge.”

“I can go and ask the Dark Hall for their assistance. Great grandfather, isn’t the Dark Hall our ally? I can ask them to kill Chu Feng for me,” Ximen Feixue said.

“Dark Hall? Haha...” Ximen Baiyuan smiled bitterly. Then, he said, “Feixue, remember this. You absolutely must not get involved with the Dark Hall. They are a bunch that is even more dangerous than Chu Feng.”

“They were only helping us before because they wanted something from us. Now that they’ve obtained what they wanted, they will definitely not help us again.”

“Furthermore, do not forget that if Chu Feng had agreed to the Dark Hall’s invitation today, the ones that would have been extinguished today would have been our Four Great Imperial Clans.”

“The Dark Hall is a group that will only want people that they can exploit. As for our Ximen Imperial Clan, we no longer possess any value for them to exploit.”

“Puuu~~~”

After saying those words, Ximen Baiyuan vomited out a mouthful of blood again. Then, his aura grew weaker and weaker. Even his gaze started to become blank and his body began to stiffen.

“Great grandfather, are you okay? Are you okay?” Ximen Feixue was so frightened that his complexion turned pale. As his father had died, Ximen Baiyuan was the last person that he could rely on.

“Remember, you ab, absolutely must, must, must not, not make Chu Feng, your enemy again...”

After saying those words, Ximen Baiyuan’s neck leaned to the

side, and his hands spread open. He had died.

“Great grandfather, don’t die, don’t die!!!”

At that moment, Ximen Feixue cried even louder. His cries were heart-tearing and lungs-splitting. He was overcome with grief.

He knew that if it wasn’t because of him, Ximen Baiyuan would not have forcibly left his closed-door training. If Ximen Baiyuan hadn’t forcibly left his closed-door training, his vitality would not have suffered enormous damage, and he would not have died this soon.

With the death of Ximen Baiyuan, the people from the Ximen Imperial Clan were all thrown into despair and grief. It was as if their final protector was gone.

“Do not cry anymore. The dead cannot be revived,” Right at that moment, a figure suddenly appeared in the palace hall.

Upon seeing that person, the people from the Ximen Imperial Clan were all startled. Even the Utmost Exalted Elders turned deeply pale.

The person that had appeared before them was that leader of the Dark Hall’s group of people, that rank six Martial Emperor that was driven back by Nangong Longjian today.

“Sir, why... why have you come?” An Utmost Exalted Elder asked with a trembling voice.

“I came to retrieve my possession,” That Dark Hall’s man said. As he spoke, he arrived before Ximen Baiyuan’s corpse and removed Ximen Baiyuan’s Cosmos Sack. Then, he took out Ximen Baiyuan’s Imperial Armament, that Ancient Alligator Body Piercing Blade.

Seeing this scene, the people from the Ximen Imperial Clan were all extremely enraged. However, none of them dared to say anything.

“That is clearly my great grandfather’s possession, since when

did it become yours?” At that moment, it was Ximen Feixue who actually dared to question that man from the Dark Hall.

“Heh, it used to be his. However, it’s mine now,” That man put the Ancient Alligator Body Piercing Blade away. As he spoke, he began to walk toward the exit.

“You are simply a bandit!” Ximen Feixue shouted.

“Bandit?” Hearing that word, that Dark Hall’s man suddenly stopped and turned around, “Little friend, you can’t be saying it like that. Else, the lives of the people from your Ximen Imperial Clan might be lost at any moment.”

“Hahaha...” After he finished saying those words, the man burst into a crazed laughter. As he laughed, he floated into the air and left the Ximen Imperial Clan.

At that moment, Ximen Feixue finally realized why Ximen Baiyuan had told him that the Dark Hall could not be trusted.

That said, even though that man from the Dark Hall did such a thing, the people from the Ximen Imperial Clan did not dare to make this matter public. The reason for that was because the words spoken by that man from the Dark Hall before he left were filled with threatening intentions. They, the Ximen Imperial Clan, truly feared having their clan exterminated by him.

After all, the Dark Hall was different from the Three Palaces. Although they were all very powerful existences, the Three Palaces would not try to exterminate the Four Clans.

However, the Dark Hall was a power that would use any means to obtain their goal. This caused the Ximen Imperial Clan to be extremely afraid of the Dark Hall.

Even though Ximen Baiyuan’s Imperial Armament was snatched from them, they could only endure the humiliation and anger.

.....

As for Chu Feng's group of people, after they left the Ximen Imperial Clan, Zhang Ming and Zhang Tianyi, the father and son pair, chose to leave. Then, as Duan Jidao was seriously injured, he was brought back to the World's Hidden Valley by Yin Gongfu, Jiang Wushang and the others.

At this moment, only the King Monstrous Dragon Beasts, the Compass Immortal, Nangong Longjian, Hong Qiang and the people from the Cyanwood Mountain remained.

At that moment, they were journeying while riding atop an enormous dragon formed by the King Monstrous Dragon Beasts' army.

During their journey, Chu Feng had been working on removing the bindings on Baili Xuankong and the others the entire time. With great effort, Chu Feng finally managed to remove the bindings and gave the people from the Cyanwood Mountain their cultivations back.

"Chu Feng, you have truly not disappointed me," Baili Xuankong looked to Chu Feng with a gaze filled with pride.

The current Chu Feng was capable of suppressing the Four Great Imperial Clans' Clan Chiefs by himself, and had even managed to kill the Ximen Imperial Clan's Clan Chief.

Chu Feng's strength had already surpassed his own. This meant that Baili Xuankong was not mistaken; he had not thought so highly of Chu Feng, not disregarded everything to nurture Chu Feng, in vain.

He had finally managed to receive reciprocations for all the things that he had done before. All that he had invested into Chu Feng had not gone to waste.

"Chu Feng, you are truly the pride of our Cyanwood Mountain," At that moment, the Cyanwood Sacred Assembly's Assembly Master, Yin Chengkong, walked over.

“Lord Assembly Master, while I do not know whether I am our Cyanwood Mountain’s pride or not, I do know that you are our Cyanwood Mountain’s disgrace,” Chu Feng said.

“Chu Feng, what are you talking about? How could you speak to Lord Assembly Master like that?” Hearing those words, the expressions of Dugu Xingfeng and the others from the Cyanwood Mountain all changed.

Even though Chu Feng possessed heaven-defying strength, it remained that Yin Chengkong was their Cyanwood Sacred Assembly’s Assembly Master. He was the person with the greatest authority in the Cyanwood Mountain other than Baili Xuankong. His seniority and status greatly surpassed that of Chu Feng. As such, Chu Feng should not speak to Yin Chengkong in such a manner.

“Chu Feng, what you said is very true. Indeed, you’ve scolded me correctly. As the Assembly Master of the Cyanwood Sacred Assembly, I am truly ashamed to have failed to protect the Cyanwood Mountain,” Yin Chengkong was not angered. Instead, he started to blame himself.

“Haha...” However, to the pretentious Yin Chengkong, Chu Feng laughed lightly. Then, he said, “Go ahead, continue to pretend. I shall see how long you can continue pretending.”

“Chu Feng, exactly what are you saying? What’s going on?” Baili Xuankong asked. At that time, Dugu Xingfeng and the others also turned to Chu Feng with serious expressions on their faces. They were all able to tell that Chu Feng didn’t seem to be insulting Yin Chengkong without reason or cause, that there was some hidden implication behind Chu Feng’s words.

“Yin Chengkong, our Cyanwood Sacred Assembly’s Assembly Master, is the person who sold you all off, the traitor that caused you all to be captured by the Four Great Imperial Clans,” Chu Feng said.

Chapter 1875 – Fool

“Chu Feng, don’t you speak venomous slander of me,” Hearing those words, Yin Chengkong immediately denied it and appeared extremely angry.

However, Chu Feng ignored him completely. Instead, he looked to Baili Xuankong and asked, “Ancestor, if my guess is correct, it is Assembly Master Yin Chengkong who requested that you return to the Cyanwood Mountain, right?”

“Yin Chengkong, is what Chu Feng saying the truth?” At that moment, Baili Xuankong became enraged. What Chu Feng had said was correct. That Golden Flash Bird that was dispatched to him requesting his return to the Cyanwood Mountain was precisely sent by Yin Chengkong.

Yin Chengkong had said that he had an important matter that he needed Baili Xuankong for and requested Baili Xuankong’s return to the Cyanwood Mountain.

At that time, Baili Xuankong had thought that something major had really happened. After all, there was only one Golden Flash Bird, and he had told Yin Chengkong to only use the Golden Flash Bird to find him should something major happen to the Cyanwood Mountain.

Thus, after Baili Xuankong received the Golden Flash Bird, he immediately rushed back to the Cyanwood Mountain without even stopping to rest. However, upon his return, he discovered that nothing serious had happened, and that the situation in the Cyanwood Mountain was something that Yin Chengkong could take care of himself without the need for his return.

At that time, Baili Xuankong had been extremely angry. After all, for the sake of rushing back, he had abandoned Chu Feng. However, upon thinking about how Yin Chengkong was someone that he had nurtured, and was also the current Assembly Master of

the Cyanwood Sacred Assembly, how he was someone who would take charge of the Cyanwood Mountain after his death, Baili Xuankong did not say too much about it.

Afterward, Ximen Baiyuan led the Ximen Imperial Clan's army to the Cyanwood Mountain and captured all of them.

Baili Xuankong had already known at that time that he had been sold out. Else, how could the Ximen Imperial Clan's army come to the Cyanwood Mountain and capture all the people related to Chu Feng?

At that time, the first person that he thought to be the traitor was Yin Chengkong. However, upon thinking further, he felt that Yin Chengkong was not someone who would do this sort of thing.

Furthermore, he didn't have any conclusive proof. As such, it was unsuitable for him to say anything about this matter. That was why he did not interrogate Yin Chengkong. After all, at that time, the thing that he was worried about the most was Chu Feng's safety.

After being saved by Chu Feng, Baili Xuankong had planned to investigate who the traitor was after returning to the Cyanwood Mountain. That being said, the person that he suspected the most was still Yin Chengkong.

And now, Chu Feng had actually declared Yin Chengkong to be the traitor. As such, he naturally could not elect to remain silent anymore.

"Lord Baili, please uphold justice for me. You know me very well. I grew up in the Cyanwood Mountain, and I was nurtured by you. I hold the Cyanwood Mountain in even higher importance than my own life. How could I possibly betray our Cyanwood Mountain?" Glistening tears were flickering in Yin Chengkong's aged eyes. He appeared to be extremely wronged.

"....." Hearing what Yin Chengkong said, Baili Xuankong

appeared to have grown soft hearted. After all, after all these years, Baili Xuankong possessed a very deep sentiment for Yin Chengkong. Furthermore, Yin Chengkong had also contributed enormously to their Cyanwood Mountain. Else, he would not have let Yin Chengkong become the Cyanwood Sacred Assembly's Assembly Master.

However, even though he had grown soft hearted, Baili Xuankong did not answer Yin Chengkong. Instead, he looked to Chu Feng and said, "Chu Feng, I know that you are not someone who accuses another without reason. Since you have accused Yin Chengkong of being the traitor, you must have your reasons. Tell me, what are they?"

"It is Ximen Baiyuan who told me that the person that betrayed our Cyanwood Mountain was Yin Chengkong," Chu Feng said.

"Impossible, Ximen Baiyuan clearly did not say anything. Everyone here can bear witness to that."

"Furthermore, even if he said that I was the traitor, he might be lying," Yin Chengkong tried his best to defend himself.

"Heh..." Chu Feng smiled with contempt. Then, he said, "Indeed, he didn't say anything. After all, if he were to publicly announce the traitor, it would make their Ximen Imperial Clan look extremely disloyal. In the future, who would be willing to cooperate with their Ximen Imperial Clan?"

"However, in order to express his Ximen Imperial Clan's sincerity in reconciling with me, he wrote a brief note to me. The name is on the note here," As Chu Feng spoke, he took out a note.

That note was not written on ordinary paper. Instead, it was a golden-bright and dazzling piece of golden paper with a dragon and phoenix drawn on it. It was the special paper that the Four Great Imperial Clans used.

On that piece of paper were [three vigorous characters](#), 'Yin

Chengkong.’

“It’s really you?” At that moment, Dugu Xingfeng and the others from the Cyanwood Mountain all looked to Yin Chengkong with extremely furious expressions.

Not only was that golden paper something that only the people from the Four Great Imperial Clans possessed, the handwriting on that paper was also clearly not written by someone ordinary. It was not that the handwriting was extremely beautiful. Rather, it was not beautiful at all. After all, as not many Martial Cultivators were proficient in [the four arts](#), their handwriting was generally quite ugly.

However, the characters on the golden paper contained extremely powerful strength. From a glance, one could tell that they were written by someone with a very high level of cultivation. Furthermore, Martial Cultivators were able to tell that the characters seemed to be written by a rank five Martial Emperor. As such, it was evident that what Chu Feng had said was true, that this was indeed a note given to him by Ximen Baiyuan.

“Lord Baili, please spare me. Lord Baili, please spare me,” At that moment, with concrete evidence before him, Yin Chengkong did not try to deny it anymore. With a ‘putt, he kneeled before Baili Xuankong and started to beg for forgiveness.

“It really was you,” Even though Baili Xuankong was already skeptical of Yin Chengkong, his body still started to shiver, his complexion became ashen, and his breathing hurried after Yin Chengkong actually admitted to it. The struggle within his heart was evident in his twisted expression. It could be seen that he was truly enraged.

“Lord Baili, please spare me, please spare me. I was muddled, I was muddled.”

“These are the rewards that Ximen Baiyuan gave me. They’re all here. However, there’s simply no Imperial Armament at all. That

Imperial Armament was a scam.”

“Lord Baili, they’re all yours. Please, please give me another chance,” Yin Chengkong was kowtowing nonstop while begging Baili Xuankong for forgiveness. Furthermore, he was ruthlessly slapping himself to manifest his determination to repent.

Baili Xuankong accepted the Cosmos Sack with all the rewards from Yin Chengkong. However, he then slapped Yin Chengkong ruthlessly. His slap was so ferocious that it deformed Yin Chengkong’s face.

“If I am to spare you, how am I to face the elders and disciples of our Cyanwood Mountain?” Baili Xuankong shouted angrily. He was truly enraged by Yin Chengkong.

“Lord Baili...” Yin Chengkong still wanted to continue begging for forgiveness. However, Baili Xuankong was already determined, and appeared extremely cold.

“I really know that I was wrong. I know that my death is deserved. Lord Baili, please kill me,” After calming down, Yin Chengkong knew that he would not be able to live. Thus, he closed his eyes and revealed an expression of waiting for the arrival of death.

However, before he was killed, he actually faced toward the sky and shouted, “Ximen Baiyuan, I never would’ve expected you to betray me in the end. You went back on your promise, you unfaithful traitor! Even if I am to become a ghost, I will still not let you get away with this!”

His voice resonated through the vast sky and slowly spread to the horizon. From this, Yin Chengkong’s unreconciled heart was clearly manifested.

Right at this moment, Chu Feng said, “Don’t randomly declare that. Although Ximen Baiyuan is not any sort of good man, you shouldn’t wrongly accuse him either. He never betrayed you.”

“Chu Feng, what did you say?” Hearing those words, Yin Chengkong abruptly opened his already closed eyes. With an extremely confused expression, he looked to Chu Feng. At the same time, the other people present were also looking at Chu Feng with the same sort of confused expression.

“I wrote this myself. Ximen Baiyuan did not betray you,” Chu Feng fiddled with the note and looked to Yin Chengkong with a beaming smile. He had a gaze of someone looking at a fool.

Yin, Cheng, Kong. 3 characters.

Four arts = zither, weiqi (Go, the japanese name), calligraphy and painting

Chapter 1876 – Guest Elders

“What?” Hearing those words, not to mention Yin Chengkong, even Baili Xuankong and the others were extremely shocked.

At that moment, Yin Chengkong was dumbstruck. His appearance was so ugly that it seemed like he had just been fed a hundred catties worth of canine excrement.

He never expected that he would’ve actually been tricked by Chu Feng. Chu Feng simply never had any definitive evidence, and was merely trying to frighten him.

Yet... he was actually frightened into exposing himself and admitted to everything. He had suffered a crushing defeat at Chu Feng’s hand.

“Chu Feng, you treacherous bastard, even if I am to die, I will make you accompany me in death!!!” In a violent rage, Yin Chengkong pounced at Chu Feng. He was trying to kill Chu Feng.

“Boom~~~”

However, before he could even approach Chu Feng, his body exploded. Only the Incomplete Imperial Armament that he had previously held in his hand remained and fell to the ground. As for Yin Chengkong, he was completely dead.

It was not Chu Feng who had killed him. Rather, it was Baili Xuankong who had killed him.

Originally, Baili Xuankong had been reluctant to kill Yin Chengkong. However, seeing that Yin Chengkong had actually attacked Chu Feng, Baili Xuankong was unable to tolerate him anymore.

“That traitor’s death is well deserved. Merely, Chu Feng, how did you know that it was him?” Baili Xuankong asked Chu Feng.

At that moment, it was not only the people from the Cyanwood

Mountain that were looking at Chu Feng, even Nangong Longjian, the Compass Immortal as well as the various King Monstrous Dragon Beasts were all looking at Chu Feng. They all wished to know how Chu Feng knew that Yin Chengkong was the traitor.

“I had been paying attention to the reactions from the seniors of our Cyanwood Mountain the entire time. From that, I came to determine that the traitor was most likely Yin Chengkong. That is why I forged that note, lied and gambled. Never would I have expected that my gamble was actually right on the spot,” Chu Feng said with a smile.

“Oh you boy, those words are said too effortlessly, no? A mere gamble? If it was only a mere gamble, how could you be this prepared? You already had that plan in mind the moment you publicly asked Ximen Baiyuan who the traitor was, right?” At that moment, the Compass Immortal who had been silent for a very long time spoke with a beaming smile. He began to think even more highly of Chu Feng now.

Chu Feng smiled slightly at what the Compass Immortal said. Although Chu Feng did not admit to it, the crowd were all able to tell from his behavior that what the Compass Immortal said was correct, that Chu Feng had planned this from the very beginning.

When thinking about how Chu Feng was actually able to think of such a stratagem at such a time, even Baili Xuankong, Nangong Longjian and the other experts all felt admiration for Chu Feng. At the very least, none of them had thought of the things Chu Feng had.

When even all these grand characters were acting like this, Jiang Furong, Bai Yunxiao and the others of the same younger generation as Chu Feng were feeling extremely complicated. Back then, they stood at places above Chu Feng. Yet now, the only ones who were qualified to talk to Chu Feng face to face were Baili Xuankong, Nangong Longjian, the King Monstrous Dragon Beast's Clan Chief and others of that status. As for them... they had

already lost the qualifications to speak.

This feeling of enormous disparity caused them to become aware of how frightening Chu Feng's speed of progress was. At the same time, it also allowed them to realize the disparity between them and Chu Feng.

Those who were Chu Feng's friends the entire time were relatively fine. However, the others, like Bai Yunxiao, who used to be Chu Feng's enemies were unable to help themselves from smiling bitterly in their hearts. They ridiculed the ignorance that they had back then.

"Chu Feng, take this," Baili Xuankong tossed the Cosmos Sack with the rewards for Chu Feng's capture to Chu Feng.

"Ancestor, you should keep this. Our Cyanwood Mountain must still be developed in the future. These are useful for that," Chu Feng did not accept the Cosmos Sack. While it was true that the cultivation resources in the Cosmos Sack would provide him some assistance, they were truly too insignificant to Chu Feng, and simply incapable of helping him obtain an increase in his cultivation.

However, those cultivation resources and treasures would be extremely significant to the others of the Cyanwood Mountain. There was truly a great amount of wealth in that Cosmos sack.

Rather than Chu Feng keeping them for himself, it was better that he let Baili Xuankong use them to further develop the Cyanwood Mountain. Chu Feng knew that, after today, the Cyanwood Mountain would enter a period of rapid development.

"Very well then," In the end, Baili Xuankong nodded.

"Senior Yaojiao Guang, may I trouble you all with bringing my Ancestor and the others back to the Cyanwood Mountain?" Chu Feng said. He was still very worried for Baili Xuankong and the others.

“Chu Feng, you’re not going to return with us?” Baili Xuankong asked.

“I wish to go and see my friend,” Chu Feng looked to Nangong Longjian as he said those words.

At that moment, Dugu Xingfeng and the many Cyanwood Mountain’s elders all felt a thump in their hearts.

At that moment, they recalled that it was not only Chu Feng, this heaven-defying disciple, who had appeared in the Cyanwood Mountain. There was actually another extraordinary disciple.

Although that disciple’s own strength was incomparable to Chu Feng’s, she possessed an extraordinary father. As for that disciple, she was Bai Ruochen.

Back then, when Bai Suyan had caused havoc throughout the Cyanwood Mountain and declared that Bai Ruochen’s father was Nangong Longjian, the people from the Cyanwood Mountain were all skeptical of it. In fact, the great majority of them had not believed it. However, now, they all believed it.

It turned out that Bai Ruochen was really Nangong Longjian’s daughter. When the elders of the Cyanwood Mountain recalled how, when Bai Ruochen was still training in the Cyanwood Mountain, they had failed to recognize Mount Tai, they felt extremely foolish.

“That’s good too. However, we do not need to trouble the King Monstrous Dragon Race to see us off. We are able to return by ourselves,” Baili Xuankong said.

“But Ancestor,” Chu Feng was still worried. After all, they had just encountered such a crisis. As such, Chu Feng was worried that the Cyanwood Mountain would encounter another great calamity.

“Chu Feng, what should happen will happen. The numerous people of our Cyanwood Mountain can’t possibly continue to be protected by you the entire time.”

“What is fortune is not a calamity. What is a calamity cannot be avoided. If we are unable to even endure these bits of trials and hardships, even if our Cyanwood Mountain were to be extinguished, it would not be a pity,” After Baili Xuankong finished saying those words, he planned to leave.

“Brother Baili, if you do not mind, our King Monstrous Dragon Race is willing to become allies with your Cyanwood Mountain,” Yaojiao Guang suddenly said.

“Truly?” Hearing those words, Baili Xuankong was immediately overjoyed. The King Monstrous Dragon Beasts were a race of monstrous beasts with strength on par with the Four Great Imperial Clans. For them to be willing to become allies with the Cyanwood Mountain was something that he had never dared to think about.

To speak of it unpleasantly, an alliance between the Cyanwood Mountain and the King Monstrous Dragon Beasts would be the Cyanwood Mountain claiming connections with those of a higher status.

“If you’re willing, I will immediately announce this to the world after my return,” Yaojiao Guang said with a smile.

“Good, this old man is naturally willing,” Baili Xuankong was extremely emotional as he nodded his head repeatedly.

“Actually, this old man also has a presumptuous request,” At that moment, the Compass Immortal also spoke to Baili Xuankong.

“Immortal, please speak. As long as it’s something within the capabilities of this old man, I will definitely do my best to help you out,” Baili Xuankong said immediately. He did not dare to neglect this grand individual.

“I wish to become your Cyanwood Mountain’s guest elder. Might that be possible?” The Compass Immortal asked with a beaming smile.

“Heavens!!!” Hearing those words, not only Baili Xuankong and the others, even Chu Feng was shocked.

“Willing, of course we’re willing. It is our Cyanwood Mountain’s blessing to have Compass Immortal become our guest elder,” Overjoyed, Baili Xuankong nodded repeatedly.

“It’s decided then,” The Compass Immortal said with a smile.

“Haha, happy occasions truly come in double today,” Baili Xuankong and the others were grinning from ear to ear, unable to contain their happiness. To have the King Monstrous Dragon Beasts as their allies and the Compass Immortal as their guest elder, if this matter were to spread out, it would definitely be explosive news.

Furthermore, with the support of the grand power of the King Monstrous Dragon Beasts and the Compass Immortal, if anyone dared to think about doing anything to the Cyanwood Mountain, they would have to carefully consider the consequences.

However, while they were extremely happy, the crowd from the Cyanwood Mountain all knew very well that, regardless of whether it was the King Monstrous Dragon Beasts or the Compass Immortal, they were only willing to become related with their Cyanwood Mountain because of Chu Feng. All of this was due to Chu Feng’s contribution.

Right at that moment, Nangong Longjian spoke. “I, Nangong Longjian, am unable to represent the Nangong Imperial Clan. However, I can represent myself. Since I am unable to enter an alliance, I shall request to do the same as the Compass Immortal and become a guest elder of the Cyanwood Mountain as well.”

Chapter 1877 – Purple Flames

Blackmountain

“Ah?!!!”

Baili Xuankong and the others were immediately stunned upon hearing what Nangong Longjian said. This was especially true for the disciples of the Cyanwood Mountain. They simply did not dare to believe what they had just heard, and suspected that they might have misheard it.

Nangong Longjian, this Holy Land of Martialism’s absolute expert, actually also wanted to be their Cyanwood Mountain’s guest elder?

“Could it be that you are not willing?” Nangong Longjian asked with a smile. He who generally never smiled actually started to joke around.

“Willing, we’re willing of course. Not to mention our Cyanwood Mountain, even the Three Palaces would be wild with joy should they be able to have you as their guest elder,” Baili Xuankong was truly extremely excited. He who was extremely experienced with the world was actually speaking with a trembling voice right now.

This was not because Baili Xuankong’s endurance was weak. Rather, it was because Nangong Longjian was simply too heavy of a matter. It was not only to him. Nangong Longjian possessed an extremely heavy weight about him to the entire Holy Land of Martialism.

“Since I’ve become the Cyanwood Mountain’s guest elder, I am now part of the Cyanwood Mountain. If anyone dares to make the Cyanwood Mountain their enemy, they will have made me, Nangong Longjian, their enemy too. Regardless of who they might be, I, Nangong Longjian, will not let them get away with it,” Nangong Longjian said.

“Your words are already sufficient,” Hearing those words, Baili Xuankong was extremely overjoyed. Originally, he was feeling very sad to have personally killed Yin Chengkong. However, after all these people decided to make relations with their Cyanwood Mountain, the happiness that he felt had drowned his sadness.

“With all these grand experts having already become the Cyanwood Mountain’s guest elders, senior Baili, might you be willing to accept me should I also be willing to become a guest elder of the Cyanwood Mountain?” Hong Qiang asked with a beaming smile.

“Brother Hong Qiang, what are you saying? If you are willing to become our Cyanwood Mountain’s guest elder, it will definitely be our Cyanwood Mountain’s fortune,” Baili Xuankong said. Not only was Hong Qiang a Martial Emperor, the various things that he had done for Chu Feng had already caused Baili Xuankong to have a deep respect for him.

“If you really do not mind, I will return to the Cyanwood Mountain together with you. I hope that I will be able to use my power to help the Cyanwood Mountain,” Hong Qiang said.

“Very well. Welcome, welcome. Hahaha,” Baili Xuankong, Dugu Xingfeng and the others were all overjoyed.

Although a single Yin Chengkong had died, they had, in exchange, obtained many powerful experts as allies. In the future, not to mention the Nine Powers, even the Four Great Imperial Clans would not dare to look down on the Cyanwood Mountain. From this day on, the title of the strongest among the Nine Powers was destined to be the Cyanwood Mountain’s.

At that moment, Chu Feng felt sour in his heart upon hearing Hong Qiang saying that he would return to the Cyanwood Mountain alongside Baili Xuankong.

Hong Qiang had accompanied Chu Feng closely to protect him. Now that he was unable to protect Chu Feng anymore and needed

Chu Feng's protection instead, he most likely felt that it would be useless for him to accompany Chu Feng, and that he would become Chu Feng's burden. Thus, he had decided to leave.

When Chu Feng was weak and small, he had insisted on protecting Chu Feng with his life. Now that Chu Feng had become powerful, he immediately decided to leave so that he would not drag Chu Feng down.

This... was what a true friend was. This... was the behavior of someone who was truly concerned for Chu Feng.

"Chu Feng, guest elders, in that case, we shall take our leave," Baili Xuankong and Hong Qiang turned to leave.

The upper echelons of the Cyanwood Mountain like Dugu Xingfeng and the disciples like Jiang Furong also followed them.

"Woosh~~~"

Right at that moment, Chu Feng suddenly caught up to Jiang Furong and handed her a letter. He quietly said, "Senior sister Jiang, after you all have traveled far, please hand this letter to Ancestor."

"Okay," Jiang Furong nodded her head with a smile. She carefully put the letter Chu Feng handed her away.

Chu Feng stopped his footsteps and watched the figures of the people from the Cyanwood Mountain gradually disappearing into the distance. He was feeling very complicated.

When he had just arrived in the Holy Land of Martialism, not to mention the Cyanwood Mountain, even the Southern Cyanwood Forest was a huge monster to Chu Feng.

Yet, in a mere few years, Chu Feng had experienced a lot of things. The majority of them were related to the Cyanwood Mountain. The people that were extremely grand and powerful before were all surpassed by him. With the speed of his growth, Chu Feng had proved himself. Yet, he was feeling very depressed.

Chu Feng had to continue becoming stronger. This was a path that he had to take. However, as Chu Feng had decided to take this path, he was destined to gradually cast many of his friends, companions and benefactors far behind him. The path that he was taking was too difficult. For many of his companions, they were simply incapable of accompanying him.

Upon thinking of how the friends that he had shared trials and tribulations with were destined to be cast further and further behind by him in the future, Chu Feng felt very uncomfortable.

However, there was nothing that he could do about it. The path of a powerful expert was destined to be a lonely path.

After the people from the Cyanwood Mountain left, Yaojiao Guang led the King Monstrous Dragon Beasts and left too. At that moment, only Chu Feng, Nangong Longjian and the Compass Immortal remained.

“Senior Nangong Longjian, what is it that you want me to stay for?” Chu Feng suddenly asked.

It turned out that it was not Chu Feng that wanted to go and see Bai Ruochen. Rather, it was Nangong Longjian who had sent a voice transmission to him, telling him to stay. It was Nangong Longjian that had something he needed to tell Chu Feng.

At that moment, in addition to Chu Feng, the Compass Immortal also did not show any intention of leaving. Likely, Nangong Longjian had also sent him a voice transmission requesting that he stay.

“Two sirs, please follow me,” Nangong Longjian’s body shifted. Then, he began to travel at a very fast speed. At the same time, a gentle power covered Chu Feng and the Compass Immortal. That gentle power allowed the two of them to travel rapidly with Nangong Longjian. It turned out that Nangong Longjian was using his power to bring Chu Feng and the Compass Immortal with him.

.....

The Cyanwood Mountain's crowd.

Baili Xuankong was still leading everyone and traveling back to the Cyanwood Mountain when suddenly, Jiang Furong approached him. She half kneeled in mid-air and presented a sealed letter to Baili Xuankong with her hands. She said, "Ancestor, this is what Chu Feng wanted me to hand to you."

"Oh?" Hearing the name 'Chu Feng', everyone's gazes turned to the letter. They all wanted to know exactly what Chu Feng wanted to tell Baili Xuankong in the letter. However, they did not speak their mind.

Baili Xuankong was also very curious. Thus, he accepted the letter from Jiang Furong.

"Woosh~~~"

Right after the letter entered his hand, it started to shine with light and actually began to change. In a blink of an eye, the letter in Baili Xuankong's hand disappeared, and was replaced with a Cosmos Sack.

Baili Xuankong inspected the Cosmos Sack. Immediately, his brows frowned slightly. That Cosmos Sack was filled with treasures, and even contained many Incomplete Imperial Armaments.

"Oh, that Chu Feng. He refused to accept my gift, and instead gave me a gift," Baili Xuankong shook his head. However, the frown on his face had been replaced with a smile.

Chu Feng already possessed the Heavenly Immortal Sword. Thus, these Incomplete Imperial Armaments and other treasures were truly useless to him. However, to the Cyanwood Mountain, they were extremely useful. Thus, Baili Xuankong calmly accepted the contents of the Cosmos Sack.

"Milord, exactly what was that?" Dugu Xingfeng and the others

asked curiously.

“Look for yourselves,” As Baili Xuankong said that, he waved his sleeve. Then, several rays of light shot out from his hand. They were the treasures in the Cosmos Sack. It was a dazzling lineup.

“Heavens?!” As the crowd saw the various treasures that were floating before them, not to mention the disciples of the younger generation, even Dugu Xingfeng and the others were gasping in admiration repeatedly. They were so shocked that their mouths were agape. After all, the items that had appeared before them were all priceless treasures.

.....

After traveling for some time, Chu Feng, the Compass Immortal and Nangong Longjian arrived at a mountain range.

This mountain range was no ordinary mountain range. It was completely pitch black. Furthermore, there were purple gaseous flames soaring into the skies. Without even bothering to sense this place, one could tell with one's naked eyes that this was an extremely dangerous place. This place... simply resembled a ghost mountain.

“Purple Flames Blackmountain? This is a forbidden area,” The Compass Immortal said as he looked to the borderless and frightening-looking mountains before them.

“That might be so. But it will not stop Dragon Mark Royal-cloak World Spiritists,” Nangong Longjian said.

“Of course. Not to mention Dragon Mark Royal-cloak World Spiritists, this place will not be able to stop any Martial Emperor. Merely, other than possessing a frightening pressure, this place does not possess any treasure. Why did you bring us here?” The Compass Immortal asked curiously.

“What I needed is precisely the pressure of this place,” Nangong Longjian smiled slightly. Then, he leapt into the Purple Flames

Blackmountain.

Chu Feng and the Compass Immortal looked to one another. Then, they both leapt into the Purple Flames Blackmountain to follow Nangong Longjian. They wanted to know what Nangong Longjian's true intentions were.

Chapter 1878 – Meeting An Old Friend Again

Nangong Longjian led the way. He proceeded directly into the Purple Flames Blackmountain's deepest region.

Even though Chu Feng was a Dragon Mark Royal-cloak World Spiritist, he was still able to sense an enormous pressure originating from deep underground. The further in they went, the stronger that pressure became.

Finally, Nangong Longjian stopped, descended to the ground and entered a cave.

Right after entering the cave, Chu Feng immediately smelled a special fragrance. Merely by this fragrance, Chu Feng was able to tell that someone was tempering their body with a special formation, herbal medicine and natural treasures.

Chu Feng hurriedly turned his gaze to the Compass Immortal. He discovered that the Compass Immortal was also looking at him. From his gaze, Chu Feng realized that the Compass Immortal had also noticed it.

“Senior Longjian, may I ask who it is that is tempering their body deep within the cave? Did you bring us here to bring us before that person?” Chu Feng asked.

“As expected of a Dragon Mark Royal-cloak World Spiritist. Did you manage to deduce this merely by the smell of the medicinal herbs?” Nangong Longjian revealed an expression of admiration. If the Compass Immortal had determined this, he would not be surprised. However, Chu Feng, with his young age, was actually able to deduce this. This made him have no choice but to feel admiration for Chu Feng.

This meant that not only was Chu Feng a Dragon Mark Royal-cloak World Spiritist in name, he also possessed the ability of a Dragon Mark Royal-cloak World Spiritist.

“It is no wonder that Suyan and Ruochen were recommending you to me even though you were only a Snake Mark Royal-cloak World Spiritist back then.”

“Looking at it now, they have not recommended the wrong person,” Nangong Longjian added.

“Could it be Ruochen?” Chu Feng asked.

“Yes, it’s precisely my daughter, Bai Ruochen,” Nangong Longjian nodded. Then, he said, “Go on in. Ruochen will tell you all about it after you see her.”

Then, Nangong Longjian said to the Compass Immortal, “Compass Immortal, as for you... it’s better that I tell you about it personally.”

“Sure,” The Compass Immortal smiled and nodded.

Chu Feng directly entered the cave. After he reached the deepest region of the cave, he passed through a world spirit wall. Then, what appeared before him was a spirit formation and two beautiful women.

One was an alluring and sexy married woman. The other was an exceptional beauty akin to a snow lotus blooming in a land of ice.

The two of them were Bai Ruochen and her mother, Bai Suyan.

It appeared that the two of them already knew that Chu Feng was coming. Thus, Bai Ruochen had not entered the formation to temper her body. Instead, she was standing there fully clothed.

At that moment, Chu Feng noticed that Bai Ruochen’s cultivation had increased extremely quickly. She was already a rank three Half Martial Emperor now.

As for Bai Suyan, this woman who was previously so powerful that Chu Feng could not determine her cultivation, Chu Feng was now able to tell what her current cultivation was with a single glance.

Bai Suyan was a rank eight Half Martial Emperor. However, her cultivation of rank eight Half Martial Emperor was her current level of cultivation. Likely, when she was at the Cyanwood Mountain, she should have been a rank seven Half Martial Emperor.

That said, things were extremely different now. Not only had Chu Feng's cultivation surpassed Bai Suyan's, his true battle power was something that she could not possibly compare with.

“Chu Feng.”

Bai Ruochen was overjoyed to see Chu Feng. Her body leapt forward and arrived before Chu Feng. A sweet smile blossomed on her little ice-cold face. Bai Ruochen rarely ever smiled. However, when she did, it was extremely beautiful.

“Ruochen, senior Bai,” Chu Feng was also extremely happy. After all, he was meeting his old friend again. As such, how could he not be in joy?

“Back when we hurriedly separated from one another at the Alliance Domain, you were only a disciple chased out by the Cyanwood Mountain. Yet now, you have become a very influential person in the Holy Land of Martialism.”

“Tell me honestly. Were you really the one who released that frightening Asura Evil Spirit at the Nangong Imperial Clan?” Bai Suyan asked with a serious expression. Bai Ruochen was also looking to Chu Feng with a curious expression on her face.

“Mn,” Chu Feng nodded.

“Oh you. You've truly surpassed my imagination,” Bai Suyan began to inevitably recall the scene of Nangong Longjian fighting against that Asura Evil Spirit back then. Even though Nangong Longjian had managed to drive the Asura Evil Spirit away, he had been injured in the process.

“I, Bai Suyan, have not held many people in admiration

throughout my lifetime. However, boy, you have truly won me over and made me admire you wholeheartedly,” Bai Suyan exclaimed in admiration.

“Senior Bai, it seems that there are some hidden implications behind your words. By admiration, did you mean that positively or negatively?” Chu Feng said with a chuckle.

“You brat, of course it’s positive. Why would I belittle you?” Bai Suyan ruthlessly smacked her palm on Chu Feng’s head. However, Chu Feng continued to laugh foolishly.

While Bai Suyan’s palm strike might seem to be extremely powerful, it didn’t hurt Chu Feng in the slightest. This was not because Chu Feng possessed exceptional strength. Rather, it was because Bai Suyan was merely putting up an act, and did not put any strength into her strike at all.

“I was merely joking. I naturally know that senior Bai thinks only good of me. Else, how could senior Longjian go and save me?” Chu Feng said.

“He went to save you with his own objectives in mind,” Bai Suyan said.

“Objectives? What objectives?” Chu Feng asked. Actually, Chu Feng had already guessed it. Merely, he did not know what Nangong Longjian’s objective was.

“Ruochen, you go ahead and explain it to him,” Bai Suyan smiled slightly. Then, she began to walk toward the exit. However, at the moment when she was about to pass through the spirit formation, she suddenly turned around and said, “Don’t rush, the two of you can take your time to chat with one another. Having not seen one another for so long, there must be a lot of things you wish to tell one another.”

“Oh, that’s right. Chu Feng, while chatting is one thing, you must not start pawing around. While I, the mother, might not

mind, you should be careful, or the father will beat you up.” After saying those words, the smile on Bai Suyan’s face grew even more enchanting. She truly looked fascinating and charming.

As her intoxicating laughter echoed in the cave, Bai Suyan left. At that moment, only Chu Feng and Bai Ruochen remained.

Suddenly, Chu Feng had an extremely serious expression on his face. He said to Bai Ruochen in a deadly earnest manner, “Ruochen, rest assured, I am not as your mother describes.”

“Pfff~~~”

Hearing Chu Feng say those words in such a manner, Bai Ruochen was unable to contain herself, and actually burst into laughter. Her two beautiful eyes narrowed into two crescent moons. With her melodious laughter, she was truly charming. After laughing for a long while, Bai Ruochen cast a glance at Chu Feng and said, “You’re still the same as before, not serious at all.”

Then, Bai Ruochen began to describe the whole situation to Chu Feng.

It turned out that Nangong Longjian was also a world spiritist. Merely, he was wholly focused on martial cultivation. Thus, although his world spirit techniques weren’t weak, they were greatly inferior to his martial cultivation. He was merely a Snake Mark Royal-cloak World Spiritist.

Furthermore, although Nangong Longjian possessed outstanding talent, he suffered from an incurable disease. According to Bai Ruochen, Nangong Longjian would not be able to live for more than three more years.

However, Nangong Longjian did not wish to waste his cultivation. Thus, during this period of time, he had been trying to use taboo techniques to pass his cultivation to Bai Ruochen.

Back then, Bai Ruochen and her mother had left this place in accordance to Nangong Longjian’s instructions. They had gone to

search for the materials needed for Nangong Longjian to pass his cultivation to Bai Ruochen.

Furthermore, before Bai Ruochen and her mother left, Nangong Longjian explicitly told them that, regardless of what sort of methods they used, they must obtain the item which he wanted them to find.

Afterward, Bai Suyan discovered that item in the Ascension Sect. However, as Nangong Longjian was in closed-door training, and she was suspicious of other people, she had pretended to marry the Ascension Sect's Sect Master and searched for an opportunity to take that item away. And in the end... she had indeed been able to take that item away.

However, even though they had gathered all of the necessary items, with the strength of Nangong Longjian himself, it was impossible for him to pass his power on to Bai Ruochen. He needed the help of a Dragon Mark Royal-cloak World Spiritist.

However, that Dragon Mark Royal-cloak World Spiritist had to be someone that he could trust. That was why he was seeking the help of Chu Feng and the Compass Immortal.

Of course, the main purpose that Nangong Longjian had when he went to the Ximen Imperial Clan this time around was to save Chu Feng. As for the reason why Nangong Longjian had gone to save Chu Feng, it was because Bai Ruochen and her mother Bai Suyan had requested that he do so.

That said, no one had ever anticipated that Chu Feng would be a Dragon Mark Royal-cloak World Spiritist when he appeared in the Ximen Imperial Clan.

"Chu Feng, you've really become a Dragon Mark Royal-cloak World Spiritist?" After hearing Chu Feng's story, Bai Ruochen revealed an expression of disbelief.

"When have I ever deceived you?" Chu Feng opened his palm.

Then, a strand of Dragon Mark spirit power began to float out from his palm.

“This is truly great,” At that moment, Bai Ruochen was overjoyed. However, immediately after that, her expression changed. She grabbed onto Chu Feng’s hand and, with glistening tears in her eyes, said to Chu Feng, “Chu Feng, I beg of you, you must help me.”

“Something like passing on one’s power is truly not that simple. However, I will definitely give my all to help you,” Chu Feng said.

“No, that’s not what I’m talking about,” Bai Ruochen shook her head repeatedly.

“Then what is it?” Chu Feng asked.

“I do not wish to obtain my father’s cultivation. I want him to always be by my side. Chu Feng, I beg of you, please cure my father’s illness,” Bai Ruochen begged.

Chapter 1879 – To Live Or Die Together

“Cure your father’s illness?” Chu Feng did not expect for Bai Ruochen to suddenly request that he do that.

“Chu Feng, I beg of you. Our family has finally managed to reunite with one another. I do not want to have only me and my mother remain,” When Bai Ruochen said those words, glistening teardrops covered her face, leaving her with a very pitiful appearance.

“Although I do not know what sort of incurable illness your father is afflicted with, I am willing to attempt to cure it with all of my strength,” After Chu Feng finished saying those words, he turned around and walked out of the cave, with Bai Ruochen following closely behind him.

At that moment, Nangong Longjian, the Compass Immortal and Bai Suyan were all outside. Judging from their appearances, Nangong Longjian should have already explained the situation to the Compass Immortal.

“Little friend Chu Feng, what do you think about the whole inheritance process?” The Compass Immortal asked.

“This sort of matter is the most difficult. Since ancient times, which expert has not wanted to pass on their cultivation to their descendants? However, very few among them were actually able to accomplish it. As far as I know, only Emperor Gong, Gong Wuming, Emperor Huang, Huangfu Shou, and the Beast Emperor, the Black Dragon King, have managed to barely accomplish this,” Chu Feng said.

“Oh? There were actually really people who accomplished this feat of passing on their power on to the later generation? It would seem that little friend Chu Feng possesses quite extensive knowledge. Come, tell us about it,” The Compass Immortal said curiously.

Nangong Longjian, Bai Suyan and Bai Ruochen also looked to Chu Feng with surprised expressions. None of them knew about the things regarding Emperor Gong, Emperor Huang and the Beast Emperor.

“As there are no outsiders here, I will not conceal these matters from you all. Merely, I hope that you all will keep these secret. The reason for that is because those three Overlord’s successors are all my friends,” Then, Chu Feng began to explain to the crowd.

“This is truly an extraordinary era. It turned out that it is not only Emperor Gong and Emperor Huang’s successors that have appeared, even the Beast Emperor’s successor has appeared.”

“Furthermore, they are not only successors in name. Rather, they actually obtained the power of the three Overlords. It is no wonder that Zhang Tianyi’s cultivation was able to advance by leaps and bounds this quickly,” After the Compass Immortal learned about the situation, he gasped with great admiration.

“Never would I have expected the Beast Emperor, the Black Dragon King, to be from the King Monstrous Dragon Race. Furthermore, the King Monstrous Dragon Race’s princess has actually obtained the Beast Emperor’s inheritance. It would appear that the King Monstrous Dragon Race is bound to emerge in power,” Nangong Longjian said.

“Most remarkably, the three successors are all related to Chu Feng. I think... little friend Chu Feng must have provided meritorious services for the three of them to obtain their inheritance smoothly, right?” Bai Suyan looked to Chu Feng with a beaming smile.

At that moment, Chu Feng laughed mischievously. Although he did not wish to admit to it, it was indeed related to him that his three friends were able to successfully obtain their inheritances.

“Little friend Chu Feng, I will have to trouble you and Compass Immortal to help me. As long as you’re capable of helping me pass

my cultivation on to Ruochen, I will agree to anything,” Nangong Longjian clasped his fist respectfully to Chu Feng. His gaze was filled with appeal.

For such a grand character to make a request of Chu Feng, someone of the younger generation, in such a manner, Chu Feng was able to tell that he really wanted to pass his cultivation on to Bai Ruochen.

“Senior Longjian, it is not that this Chu Feng does not wish to help you. Merely, this Chu Feng has only just become a Dragon Mark Royal-cloak World Spiritist, and is not very familiar with this power yet. It is truly too difficult for me to do such a thing.”

“Furthermore, even for Emperor Huang, Emperor Gong and the Beast Emperor, while they were able to successfully pass their power on to the later generations, they were unable to allow their later generations to reach the heights that they had back then instantly. Their successors still needed to slowly train.”

“In other words, while they indeed managed to pass on their power, they did not manage to do so with absolute success. They merely managed to pass on a portion of their strength to the later generations.”

“Moreover, they were all an era’s overlords. Their world spirit techniques were all incomparable during the era in which they lived. When even they were only able to accomplish that much, if you want me to help, truth be told, it will really be extremely difficult to accomplish.”

Chu Feng shook his head. He was speaking the truth. Passing on one’s power was truly too difficult. Even though he was proficient in many of the Nine Spirits Divine Diagram’s lost spirit formation techniques, he still only possessed a thirty percent certainty in successfully passing on Nangong Longjian’s cultivation.

“What little friend Chu Feng said is reasonable. Nangong Longjian, it is not that this old man does not wish to help you, it is

just that something like passing on one's power is truly too difficult. Not to mention finding little friend Chu Feng and I to help you with it, even if you were to gather all of the Dragon Mark Royal-cloak World Spiritists in the Holy Land of Martialism, this might still not be possible to accomplish.”

“Thus, this old man is truly powerless to help you,” The Compass Immortal also shook his head.

“Little friend Chu Feng, Compass Immortal, please, no matter what, please help me. As long as you do not cause harm to my daughter, I am willing to do anything,” Saying those words, Nangong Longjian knelt on the ground with a ‘putt.’

“Senior, what are you doing?!!!” Chu Feng’s expression changed enormously upon seeing this scene.

“Quickly, get back up. We cannot accept this,” Even the Compass Immortal was incomparably shocked. He hurriedly stepped forth to lend Nangong Longjian an arm.

What sort of person was Nangong Longjian? He was someone that would not kneel to either the heavens or the earth. Yet, for the sake of his daughter, he was actually kneeling to them.

“Father, please don’t do this. Your daughter does not wish for your power. I merely want you to continue living,” At that moment, Bai Ruochen was crying. Being shown such paternal love, how could she not cry?

However, regardless of how hard Bai Ruochen, Bai Suyan, Chu Feng and the Compass Immortal tried to help Nangong Longjian back up, they were unable to stop him from kneeling.

“Senior, please get up. I have a method that might be able to solve both issues,” Chu Feng said.

“Little friend Chu Feng, is what you said the truth?” Nangong Longjian asked.

“Yes,” Chu Feng nodded his head repeatedly.

Hearing those words, Nangong Longjian hurriedly stood back up and asked, “Little friend Chu Feng, what is the method that you spoke of?”

“I know that senior wholeheartedly wishes to pass his power on to Ruochen because you wish to use your power to protect Ruochen and her mother.”

“However, if senior is able to be cured, senior will be able to protect them himself. As such, there will be no need for you to pass your power on to Ruochen, no?” Chu Feng said.

“Heh...” Hearing those words, Nangong Longjian laughed an extremely helpless laugh.

“Little friend Chu Feng, I know my own body the best. This illness of mine is something that no one can treat. Even the Weaponry Refinement Immortal was unable to cure me of it,” Nangong Longjian said.

“If we do not attempt it, how will we know?” Chu Feng asked.

“What little friend Chu Feng said is correct. Although the Weaponry Refinement Immortal’s world spirit techniques are exceptional, he specializes in weaponry refinement techniques. However, this untalented old man has studied various kinds of innate diseases and incurable illnesses before. If you do not mind, allow this old man to give it a try,” The Compass Immortal said.

“This...” Nangong Longjian frowned slightly. He seemed to have hidden troubles.

“Senior, is something wrong?” Chu Feng asked.

“This illness of mine is simply incapable of being detected normally because it is hidden within my dantian and mixed with my source energy. I must completely activate it with my own power in order for others to discover it.”

“However, should I activate it, I will be tormented by the illness. While the pain might not be much, I am unable to return to

normal temporarily should my illness act up. I fear... that I do not have the time,” Nangong Longjian spoke of his difficulties.

“Father, if you are to die, your daughter will not live anymore either,” Bai Ruochen kneeled before Nangong Longjian. Not only was she covered with tears, she had an extremely determined expression on her face.

“Ruochen, you...” Seeing Bai Ruochen acting in such a manner, Nangong Longjian felt extremely pained. Thus, he took a glance at Bai Suyan. He wanted her to help him advise Bai Ruochen against it.

“Longjian, I am the same as Ruochen. If we cannot enjoy life together, we shall reunite with one another in death,” Bai Suyan smiled lightly with an expression of having seen through life and death.

Chapter 1880 – Incurable Disease

‘You all...’

“Forget about it,” Nangong Longjian sighed grudgingly. Then, he looked to Chu Feng and the Compass Immortal, “I shall trouble the two of you then.”

After Nangong Longjian finished saying those words, he sat down in a cross-legged position. Soon, a stream of black gaseous substance began to emit from his dantian. Like vines, the black gaseous substance rapidly spread through his entire body, covering it.

At the same time, Nangong Longjian’s expression became increasingly ugly. In the end, the portion of his skin that had not been covered by the black gaseous substance had all turned paper pale like the skin of the dead.

“Black Vines Soul Refining Body?!” Seeing Nangong Longjian’s current appearance, the Compass Immortal’s expression took a huge change.

“Black Vines Soul Refining Body? What is that?” Bai Ruochen asked.

“The Black Vines Soul Refining Body is a sort of innate disease. While it is capable of tempering the person who is afflicted with it, allowing them to become stronger than ordinary people, it will also snatch away that person’s soul, causing him or her to die an untimely death.”

“The Black Vines Soul Refining Body is something that one is born with. It is hidden within one’s dantian and mixed with one’s source energy. Even if one were to separate from one’s flesh and turn into a free consciousness, they would still not be able to break free from the Black Vines Soul Refining Body. The only way to break free from it is through death,” The Compass Immortal said.

“In that case, is this sickness curable?” Bai Ruochen and Bai Suyan asked together.

“It’s very difficult. It can be retarded, but not eradicated. Furthermore, judging by Nangong Longjian’s appearance, he should be at the terminal stage of the Black Vines Soul Refining Body. I’m afraid... we will not even be able to slow it down,” The Compass Immortal shook his head repeatedly. When he discovered that Nangong Longjian’s illness was the Black Vines Soul Refining Body, he knew right away that he was powerless to help.

“Compass Immortal, please save my father, please save my father,” Bai Ruochen knelt to the Compass Immortal and began to plead with him. Her body was trembling in pain. The words of the Compass Immortal were equivalent to destroying her last bit of hope. She truly did not wish for her father to die.

“Young lady, please get up. It is not that I do not want to save him, it’s just that I am truly powerless,” The Compass Immortal had an expression of helplessness.

At this moment, Nangong Longjian said with his weak voice, “Ruochen, do not make things difficult for the Compass Immortal. This illness of mine is incurable.” Even though he was saying those words, Chu Feng could tell that he still held hope within his words. In the end, he wished that he could continue living.

This was not because Nangong Longjian was a coward that feared death. From his previous actions, it could be seen that he was not someone who sought fame or riches. Even in death, he wanted to pass his cultivation on to his daughter.

Thus, from this, it could be seen determined that the reason why he didn’t want to die was none other than the love he possessed for family. By family, this did not mean the Nangong Imperial Clan. Instead, it was Bai Ruochen and her mother.

Right at that moment, Chu Feng said, “Senior Compass, I know of a method that might be able to treat senior Longjian’s illness,”

“Are you serious?”

.....

.....

Hearing what Chu Feng said, the Compass Immortal, Nangong Longjian, Bai Suyan and Bai Ruochen all looked to him.

Although the four of them all asked different questions, they all expressed joy in their eyes. They knew that Chu Feng was not someone who would joke around at a time like this, nor was he someone that would make boastful claims.

“I do not know about the Black Vines Soul Refining Body. However, I know of a spirit formation that specializes in curing innate diseases. It might be effective on the Black Vines Soul Refining Body,” Chu Feng said.

“Little friend Chu Feng, whatever method it might be, do tell,” Compared to Nangong Longjian and the others, the Compass Immortal was even more interested. He had thought that Nangong Longjian’s illness was incurable. Thus, he was extremely curious as to exactly what the method that Chu Feng spoke of was.

“Senior Compass, I have never set up this formation before. Thus, I also do not possess a hundred percent certainty.”

“As senior Compass is very familiar with the Black Vines Soul Refining Body, I wish to have senior Compass take a look at whether or not the spirit formation might be feasible.”

As Chu Feng spoke, he began to write with his finger in midair. He was forming a diagram with spirit power.

The diagram was glistening with golden light and very dazzling. This was the diagram of the method to set up the spirit formation.

Chu Feng had outlined the entire process, as well as all of the materials needed for the spirit formation.

Merely, for a single diagram, Chu Feng took two entire hours just

outlining it. From this, it could be seen how complicated that spirit formation was.

After Chu Feng finished outlining the diagram, not to mention Bai Suyan and Bai Ruochen, even Nangong Longjian, a Snake Mark Royal-cloak World Spiritist, was flabbergasted by it.

This diagram was too complicated. Even he was unable to make any sense of it. However, he was able to tell that it had not been casually or randomly drawn. Instead, it really was the outline of a spirit formation, a very powerful spirit formation.

When he saw the diagram, Nangong Longjian suddenly felt his blood rushing. Even the pain that he was feeling right now had been alleviated greatly. He had seen hope. From Chu Feng's spirit formation diagram, he saw hope to be able to continue living.

At that moment, the Compass Immortal had an extremely serious expression on his face. His eyes were moving about through the diagram nonstop. He continued to survey it for six entire hours before finally stopping. Then, he turned to Chu Feng and spoke with a resounding and extremely emotional manner.

“Amazing! That is simply too amazing! Little friend Chu Feng, exactly where did you obtain such an amazing spirit formation?” The Compass Immortal asked with astonishment.

“This formation was acquired from the Nine Spirits Divine Diagram,” Chu Feng said.

“Nine Spirits Divine Diagram?” The Compass Immortal was startled to hear those words. Then, he turned his gaze of disbelief to Chu Feng, “You’ve managed to grasp the contents of the Nine Spirits Divine Diagram?”

Truth be told, Chu Feng felt somewhat uneasy being looked at with such a gaze by the Compass Immortal. However, in the end, he still nodded.

“Were you able to grasp it fully?” The Compass Immortal asked

again. His gaze became even more stern.

It was not only the Compass Immortal; even Nangong Longjian was looking at Chu Feng with an astonished expression. Evidently, he also knew of the Nine Spirits Divine Diagram.

“Mn,” Chu Feng nodded again.

At that moment, the Compass Immortal grew silent. Even Nangong Longjian grew silent. It was only after a long while that the two of them managed to calm themselves. They looked to Chu Feng again with extremely marvelous expressions in their gazes.

“No wonder, no wonder!!!”

“Truly, no wonder!!!” The Compass Immortal became extremely excited, and began to exclaim in admiration as he looked at Chu Feng. He said, “Chu Feng, you are truly no ordinary person. That Nine Spirits Divine Diagram has been in existence for so long, and ended up in the hands of countless people. While it was true that many of them managed to obtain great harvests from the Nine Spirits Divine Diagram, there has never been anyone who managed to completely grasp the contents of the Nine Spirits Divine Diagram.”

“Did you know that even the creator of the Nine Spirits Divine Diagram, the Nine Spirits God, was unable to completely grasp the contents of the Nine Spirits Divine Diagram? That was why he made the Nine Spirits Divine Diagram before his death in the hopes that later generations would be able to completely grasp those lost spirit formations.”

“However, even after all these years have passed, even after the later generations tried all sorts of methods, none of them managed to grasp all of the Nine Spirits Divine Diagram’s contents.”

“There was even someone who killed the nine Evil Spirits of the Nine Spirits Divine Diagram out of anger with the intention of destroying the Nine Spirits Divine Diagram. However, not long

afterward, the Nine Spirits Divine Diagram reappeared in the world. Not only was the Nine Spirits Divine Diagram not destroyed, even the nine Evil Spirits that were killed were revived by the Nine Spirits Divine Diagram.”

“The Nine Spirits Divine Diagram is actually indestructible!!!”

“The Nine Spirits Divine Diagram greatly surpassed what people expected it to be. Later on, a grand world spiritist declared that the Nine Spirits God had used all that he knew to create the Nine Spirits Divine Diagram before his death. That he had already greatly alleviated the difficulty of the spirit formations within the Nine Spirits Divine Diagram.”

“However, if one wished to obtain the spirit formations within the Nine Spirits Divine Diagram, one must fuse together with the Nine Spirits Divine Diagram. As for that, it required an extremely powerful physique. It was something that no ordinary person could do.”

“Never would I have expected that you’ve actually managed to accomplish it,” The Compass Immortal looked to Chu Feng with a shocked expression. His gaze simply did not appear like the gaze of someone looking at another person. Rather, it was more like the gaze of someone looking at a god.

Chu Feng had accomplished something that was impossible for ordinary people. In the Compass Immortal’s heart, Chu Feng was already akin to a god.

“Wow, Chu Feng, it turns out that it was not all because of that Emperor Gong’s successor’s strand of aura that you managed to obtain the Nine Spirits Divine Diagram’s power.”

“Instead, it was because you possessed a special body capable of withstanding the power of the Nine Spirits Divine Diagram. That was why you managed to grasp those spirit formations,” Hearing what the Compass Immortal said, Eggy cried out in alarm.

Chu Feng was also extremely shocked. Like Eggy, he had thought that had only managed to obtain the Nine Spirits Divine Diagram because of the assistance of Emperor Gong's successor's strand of aura. It was only after hearing what the Compass Immortal said that he came to a sudden realization.

He now finally understood the true meaning behind what that Emperor Gong's successor's strand of aura had said to him, 'your body is truly different from those of ordinary people.'

"Compass Immortal, in that case, do you think this spirit formation will be able to cure senior Longjian's illness?" Chu Feng asked.

At that moment, Nangong Longjian, Bai Suyan and Bai Ruochen all looked to the Compass Immortal with extremely nervous expressions.

The Compass Immortal smiled lightly. Then, he said, "Before this, I was indeed powerless to cure Nangong Longjian's illness."

"However, after obtaining this formation, I've managed to see a trace of hope."

"Perhaps we might be able to treat this illness after all."

Chapter 1881 – Elf Kingdom

“Compass Immortal, is what you said for real? Can my father really be saved?”

“Thank you, thank you. Truly, thank you very much. I...” Hearing those words, Bai Ruochen was so emotional that her speech became incoherent.

Even Bai Suyan was shedding tears again. Although she was crying, she had a joyous smile on her face.

“Don’t thank me. If you wish to thank someone, then you should be thanking little friend Chu Feng, for this spirit formation was provided by little friend Chu Feng.”

“Furthermore, I have only understood the method of setting up the formation, and have yet to completely grasp it. I’m afraid that I will have to depend on little friend Chu Feng to set it up,” The Compass Immortal said with a beaming smile.

“Chu Feng,” Bai Ruochen looked to Chu Feng. However, she was at a loss as to what to say. That said, her glistening eyes were filled with gratefulness toward Chu Feng.

“Senior Compass, although I possess some materials here, they are greatly insufficient. I hope that senior will be able to help me with it.”

As Chu Feng spoke, he took out all the required materials for the spirit formation which he possessed. All of the materials that he took out were rare treasures that he had obtained from the White-browed Immortal after killing him.

In fact, it could be said that the White-browed Immortal’s Cosmos Sack contained all the materials needed for setting up spirit formations that one could possibly imagine.

However, a lot of materials were still lacking for setting up this formation.

“This spirit formation is very complicated. The materials which it requires are even more complicated. While this old man does not dare to guarantee that he will have all of the materials, I can gather what I have with little friend Chu Feng.”

As that spirit formation truly required a lot of materials, the Compass Immortal did not dare to guarantee that he would have all the materials in his Cosmos Sack. Thus, he could only search for the materials in his Cosmos Sack one by one.

The amount of treasures that the Compass Immortal possessed was truly more numerous than that of the White-browed Immortal. While Chu Feng was only able to provide a third of the required materials, the Compass Immortal was able to provide the other two-thirds.

However, even with this being the case, they still lacked one last component.

“What miserable luck. Of all the things, we’d have to lack the one thing that is the hardest to obtain,” The Compass Immortal smiled a wry smile.

“Ten Thousand Leaves Sparrowtail Flower, what is that? Is it very hard to obtain?” Bai Ruochen asked.

“Ten Thousand Leaves Sparrowtail Flower is not hard to find. Merely, it’s very hard to obtain. The reason for that is because there is only one place in the entire Holy Land of Martialism that possesses the Ten Thousand Leaves Sparrowtail Flower. As for that place, it is the Elf Kingdom,” The Compass Immortal said.

“Elf Kingdom,” Hearing those words, Chu Feng, Bai Ruochen and the others were all startled.

“That’s right, it is located in the territory of the Holy Land of Martialism’s strongest power.”

“As the fully deserving overlord of the Holy Land of Martialism, although they do not go around bullying humans and monstrous

beasts, being arrogant is their characteristic. In their world, even the people of their own race are separated into many different tiers.”

“The Ancient Era’s Elves that are able to live in the Elf Kingdom are those who possess the purest bloodlines and the most outstanding talent.”

“Reportedly, if an Ancient Era’s Elf’s talent is determined to be insufficient, they can be kicked out of the Elf Kingdom at any time and be allocated to live in other territories.”

“Thus, the Elf Kingdom is not only a forbidden area for humans and monstrous beasts, it is also a forbidden area for the great majority of the Ancient Era’s Elves.”

“This is also the reason why it is extremely difficult to obtain something from there,” The Compass Immortal said.

“We can offer a high price to purchase it,” Bai Ruochen said.

“Did you think that the Elf Kingdom will not have what you have? However, what you don’t possess can only be found in the Elf Kingdom,” The Compass Immortal said.

“What do we do then? Do we really need that Ten Thousand Leaves Sparrowtail Flower? Are we unable to save my father without that Ten Thousand Leaves Sparrowtail Flower?” Bai Ruochen became extremely worried. Even though hope was before them, they were unable to touch it. This caused her heart to feel extremely stuffed.

“Ruochen, this spirit formation is very special. Senior Longjian’s illness is even more special. The Ten Thousand Leaves Sparrowtail Flower is not something that is absolutely necessary. However, senior Compass and I do not dare to lack it. Although it is only a medicinal herb that will provide assistance to the formation, if we are to lack it, it’s very possible for us to have a lower chance of success,” Chu Feng explained.

“What do we do then?” Bai Ruochen was so worried that she was on the verge of crying. In this sort of situation, she felt herself to be extremely powerless.

“Young lady, you do not have to be too worried. Although the Ancient Era’s Elves are all proud and arrogant, they are not completely unreasonable. This old man once obtained a Ten Thousand Leaves Sparrowtail Flower from them before. However, it is precisely because I requested it once that I am not allowed to request their assistance again.”

“As for your father, as he’s already in such a state, he is evidently unable to go to the Elf Kingdom. Thus, I think that this matter will have to depend on little friend Chu Feng,” The Compass Immortal looked to Chu Feng.

At that moment, it was unsuitable for him to go, and Nangong Longjian was unable to go. Between Bai Suyan, Bai Ruochen and Chu Feng, it was clear that Chu Feng would have the highest chance of success in requesting a Ten Thousand Leaves Sparrowtail Flower from the Elf Kingdom.

“Leave this matter to me. I also happen to wish to see what the Elf Kingdom is like,” Chu Feng said with a smile.

“But...” Bai Ruochen wanted to say something, but was hesitant the entire time. She did not want to put Chu Feng in a difficult situation. Even though the Compass Immortal did not say it extremely clearly, she could tell from his words that the Ancient Era’s Elves were difficult to handle, and that the ones in the Elf Kingdom were even more difficult to handle. If Chu Feng were to go there, he would most likely be put in a difficult situation.

She did not wish to put Chu Feng in a difficult situation. She did not want Chu Feng to suffer grievances for the sake of helping her. However, more than that, she did not wish for her father to die. That was why she wanted to say something, but was hesitant the entire time.

“Ruochen, don’t think too much about it. Even without the events here today, I would have gone to the Elf Kingdom sooner or later. I have been very curious about the Ancient Era the entire time. Likely, only the Ancient Era’s Elves know the truth about the Ancient Era.”

“Thus, I am not going to the Elf Kingdom only for the sake of requesting medicine for senior Longjian. I am also doing so to satisfy my own desire,” Chu Feng said with a smile.

However, Bai Ruochen did not say anything. How could she not know that Chu Feng was only saying those words to console her?

“Little friend Chu Feng, this journey there, if you wish to successfully obtain the Ten Thousand Leaves Sparrowtail Flower, this old man only has a single word of advice. That is, endure,” The Compass Immortal said.

Hearing those words, both Bai Ruochen and Bai Suyan’s expression changed. Merely by the word endure,’ they were able to tell how difficult it would be to obtain medicine from the Elf Kingdom.

Right at that moment, Nangong Longjian said, “Little friend Chu Feng, people’s lives are only their reputation, tree’s lives are only their wood, you must not make yourself suffer grievances for my sake.”

“Thank you, seniors, for your advice. Chu Feng knows what to do,” Chu Feng clasped his fist.

“In that case, little friend Chu Feng, you should leave now so that you can return quickly. You can leave Nangong Longjian to this old man.”

“Although I am unable to slow down the development of his illness, I am capable of alleviating his suffering,” The Compass Immortal said.

“I’ll have to trouble senior Compass then,” Chu Feng clasped his

fist toward the Compass Immortal. Then, he took a glance at Bai Ruochen and said with a smile, “Don’t worry, I will definitely return with a Ten Thousand Leaves Sparrowtail Flower.”

After he finished saying those words, Chu Feng left the cave. By himself, he proceeded for the Holy Land of Martialism’s longest-existing power, the Elf Kingdom.

As the journey there would be very long, for the sake of avoiding attention, Chu Feng draped a cloak over himself and covered his appearance. Furthermore, for the majority of the time, he hid himself within the void when he journeyed. People were unable to even see him.

Chapter 1882 – Refused Entry

On his journey to the Elf Kingdom, Chu Feng had managed to unintentionally come across a lot of news, the majority of which concerned the battle between him and the Four Great Imperial Clans.

Merely, Chu Feng discovered that, indeed, the more information was spread, the less reliable and more incredible it became.

The Four Great Imperial Clans had clearly only apologized to him. Yet, from the mouths of certain individuals, that actually became the Four Great Imperial Clans kneeling to him and begging him for forgiveness.

Chu Feng felt very helpless regarding this sort of thing. It was no wonder many people did not believe in rumors. After all, these rumors were truly too unreasonable.

One thing worthy of being mentioned was that, after what had happened, the Dark Hall had genuinely entered the people's line of sight. Practically everyone was talking about the Dark Hall, that mysterious power.

However, Chu Feng was able to detect that the Dark Hall seemed to have disappeared after the battle at the Ximen Imperial Clan. There was no new news of them at all. The reason for that was because the crowd was only discussing the Dark Hall in the battle at the Ximen Imperial Clan. This meant that the Dark Hall had not taken any overt action since that battle.

After continuing on his journey for some time, Chu Feng finally arrived at the territory of the Holy Land of Martialism's strongest power, the Elf Kingdom.

“As expected of a power that has existed since the Ancient Era. It would seem that the Ancient Era's Elves have occupied the most beautiful place in the Holy Land of Martialism.”

As Chu Feng looked at the territory that was occupied by the Elf Kingdom, only beauty appeared in his line of sight.

The grasses, trees and flowers of this place were all different from those of other places. Although the Holy Land of Martialism was a place with a lot of rare and beautiful plants, there were simply too many gathered in this place.

Chu Feng had heard that it was very simple to determine whether an area was within the territory of the Elf Kingdom. As long as it was filled with rare and beautiful plants, it would be part of the Elf Kingdom, and the opposite held true as well.

At that moment, Chu Feng had arrived at the Elf Kingdom's territory. Although he had entered the range of the Elf Kingdom, Chu Feng did not see their legendary fort.

Chu Feng knew... that the Elf Kingdom's territory was very vast; they had practically monopolized an entire domain. Thus, he knew that he would have to continue to proceed inward should he wish to seek out the Ancient Era's Elves.

"This place is truly beautiful," On their journey inward, even Her Lady Queen Eggy was unable to contain herself from praising the beautiful scenery of this place.

Beautiful, it was truly beautiful. The grasses were green and shining with glimmer. The flowers were all different from one another, and looked incomparably gorgeous. Like the grasses... they were also glimmering.

It would be understandable if it was just a single flower. Yet, as far as the eye could see, boundless multi-colored radiance was glimmering in an extremely gorgeous and dazzling manner. Basking in their glimmer, one would feel as if they had entered an illusory world.

In fact, the sky here was no longer blue. Instead, it was multi-colored. The clouds of this place were no longer white. Instead,

they were blossoming with light.

Furthermore, various small islands were floating in mid-air. Furthermore, Chu Feng could see a waterfall on one island with water floating straight to the ground like a silver dragon flying straight into the world of mortals.

“Woosh~~~”

“Woosh~~~”

“Woosh~~~”

“Woosh~~~”

However, before Chu Feng even saw the Elf Kingdom's fort, four figures rapidly flew toward him. In the end, not only did they block him in midair, they also surrounded him.

They were four Ancient Era's Elves, completely different from the Ancient Era's Elves that Chu Feng had met before. They were four old men. Even though they were very old, they still had very handsome appearances. Most importantly, they were actually emitting the aura of rank three Martial Emperors.

Rank three Martial Emperors, what sort of existences were they? They were experts on par with the Four Great Imperial Clans' Clan Chiefs. However, looking at the four people around him, it was clear that they did not possess that high of a status. It was not that Chu Feng was underestimating them; however, Chu Feng felt that the four of them were only watchguards.

To use rank three Martial Emperors as watchguards. Merely this was sufficient to show how powerful the Elf Kingdom was.

“You should show yourself now,” The leader of the four spoke with an ice-cold voice.

At that moment, Chu Feng noticed that the four of them were all holding a mirror-like object in their hands. That was a special world spirit map. Chu Feng's position had been locked onto by that

world spirit map.

This meant that they weren't able to discover Chu Feng because he had not hidden himself well enough. Rather, it was because they possessed an extremely powerful sensing formation, so powerful that even Chu Feng had not managed to discover it before he had already been detected by it.

"Four seniors, I do not possess any intention to offend you all. Merely, I have come here with a request," At that moment, Chu Feng revealed himself and greeted them courteously.

"You're Chu Feng?" Upon seeing Chu Feng, the brows of the four Ancient Era's Elves all moved upward. They were all surprised. It could be seen that they knew of Chu Feng's appearance.

"Senior, I am indeed Chu Feng," Chu Feng nodded.

"Have you came here under an invitation?" The Ancient Era's Elves asked.

"I have not. I have come here out of my own intentions," Chu Feng said.

"Little friend Chu Feng, I am truly sorry. Our Elf Kingdom is not a place that people can enter as they wish. If you have not been invited, I'm afraid that we will have to see you out," The Ancient Era's Elves shook their heads.

"Seniors, this junior has come here with a matter that I wish to request your Elf Kingdom's assistance in. It concerns one's life. I hope that seniors will be able to let me get around the regulations," Chu Feng clasped his fist courteously.

"Little friend Chu Feng, I've already said it. Without an invitation, you are not allowed to enter. As for it being concerning someone's life, it is not that we are helpless, but with how enormous the Holy Land of Martialism is, countless people die every day. Furthermore, one's life and death is up to fate. Our Elf Kingdom will not be able to concern ourselves with that, nor do we

wish to.”

“Thus, I hope that little friend Chu Feng will abide by our Elf Kingdom’s rules and not make things difficult for us,” The Ancient Era’s Elf said.

“But...” Chu Feng was still refusing to leave.

“Little friend Chu Feng, we have heard about your accomplishments. Truth be told, from our own personal standpoints, we admire you greatly. Although you are someone from the younger generation, we are able to admire all of your accomplishments.”

“However, we are tasked with the mission of guarding the Elf Kingdom. As such, we cannot allow anyone to intrude into our Elf Kingdom,” Another Ancient Era’s Elf said.

“It is only because it’s you that we’ve bothered to speak so much with you. If it were any other person, we would’ve already attacked them. Thus, we truly hope that you will not make things difficult for us,” Another Ancient Era’s Elf added.

At that moment, Chu Feng felt very helpless. He could tell that these four Ancient Era’s Elves were truly acting very courteously toward him.

However, their attitudes were firm. They would not allow Chu Feng to continue onward. When they are already like this, if Chu Feng were to try to force his way though, it would get him nowhere.

However, he had traveled far to get here. If he were to be driven out without even being able to enter the Elf Kingdom, he would truly have journeyed in vain.

At that moment, Chu Feng was at a loss as to what to do.

“Buzz~~~”

Right at that moment, a strange sound was heard. Chu Feng

raised his head upward toward the direction of the sound, and discovered that an enormous crack had actually appeared in the space above him.

“Woosh, woosh, woosh, woosh~~~”

When that enormous crack appeared, the four Ancient Era’s Elves actually all half kneeled in midair. The direction in which they were facing was precisely the location of that enormous crack.

Following that, violent winds began to sweep forth from the crack. Soon, a huge monster appeared.

It was a warship, an enormous warship. That warship emitted an extremely imposing air and appeared extremely magnificent.

When Chu Feng saw the warship, his heart trembled. The reason for that was because he had not managed to detect that warship in the slightest before it had appeared. This meant that that warship was extremely powerful, and its aura was extremely well-hidden.

If it wasn’t for it revealing itself of its own accord, even if Chu Feng were to brush past it, he would likely not be able to discover it.

Furthermore, thousands of Ancient Era’s Elves were standing in an orderly fashion on that warship. Each and every one of them emitted extraordinary airs.

Even though Chu Feng was unable to sense their cultivations, Chu Feng was able to determine merely by looking at them that those Ancient Era’s Elves were all extraordinary people.

Especially the long-haired old man standing at the front end of the warship, with his hands behind his back and his hair fluttering in the wind, his cultivation and status was definitely above those of the four Ancient Era’s Elves beside Chu Feng.

The reason for that was because Chu Feng noticed that the other Ancient Era’s Elves on the warship all possessed respect in their gazes as they looked to the four Ancient Era’s Elves. However, that

old man did not even bother to glance at the four Ancient Era's Elves. He had an attitude of not placing the four of them in his eyes at all.

However, Chu Feng also discovered that the four Ancient Era's Elves beside him were not kneeling to the old man on the front end of the warship. It should instead be someone else.

The reason for that was because there drifted a large banner on the warship. The most eye-catching aspect of that banner was the words 'Elf Kingdom.'

However, below 'Elf Kingdom' was another word — 'Princess.'

Chapter 1883 – Princess Lingyue

“We pay our respects to Your Highness the Princess.”

Sure enough, the four Ancient Era’s Elves beside Chu Feng spoke to the warship with respectful tones.

At that moment, that warship suddenly stopped. Then, a gentle yet still imposing voice sounded from the warship, “Who is it that has arrived?”

“Reporting to Your Highness the Princess, I am called Chu Feng. I have come to the Elf Kingdom with an important matter that I wish to request the Elf Kingdom’s assistance with,” Chu Feng lifted his head and clasped his fist toward the warship. Although he did not manage to see that princess, he knew that the person that had spoken must be the Elf Kingdom’s princess.

“Chu Feng?” Inside the warship was a celestial fairy-like beauty. She possessed a petite figure. Although she was petite, she was fully developed. Her blonde hair was exceptionally beautiful as it draped down from her head. With her exquisite hairpin and her beautiful face, she appeared to be extremely noble and extraordinary.

Furthermore, this Elf Princess was wearing a suit of armor that was flickering with a golden sheen. This made her appear very different and unusually domineering.

As for this person, she was the second daughter of the Elf Kingdom’s King, Xian Lingyue, Princess Lingyue.

While Princess Xian Lingyue possessed an exceptionally beautiful appearance, so beautiful that she was like a lotus flower on the water’s surface, she was actually over two thousand years old. Furthermore, as she possessed the inheritance of the Elf King’s noble bloodline, her cultivation was extremely strong — she was a rank five Martial Emperor.

With her cultivation, she would rarely be able to find a match in the entire Holy Land of Martialism. However, she was only a mere princess in the Elf Kingdom.

After Xian Lingyue heard Chu Feng's name, her expression changed. She carefully surveyed Chu Feng through the window below the warship, .

When she discovered that the person that had declared himself to be Chu Feng was actually the Chu Feng that was wanted by the Four Great Imperial Clan's, an enchanting smile surprisingly blossomed on her face.

"It's really that Chu Feng. Big sis Lingyue, I've heard that Chu Feng is a thorn that will cause trouble everywhere. Can it be that he has gotten bored of challenging human powers, and has decided to come create trouble in our Elf Kingdom?"

"He is truly daring, and has simply grown tired of living," At that moment, a young Ancient Era's Elf was standing beside Princess Lingyue.

It was a man. Like a female, his long blond hair trailed over his shoulders. Like Chu Feng, he was also of the younger generation. Furthermore, even his cultivation was the same as Chu Feng's; he was a rank nine Half Martial Emperor.

This Ancient Era's Elf's name was Xian Yushi. Although he was not a child of the Elf King, he was also of noble blood. His status greatly surpassed that of other Ancient Era's Elves.

"Lil brother Yushi, it must be the first time you've seen this Chu Feng, right?" Princess Lingyue asked Xian Yushi.

"Over the last several years, I have been training with big sis the entire time. It has been a long time since I've gone out. All I know about this Chu Feng are the rumors that I've heard. Today is indeed the first time I have seen him," Xian Yushi nodded.

"Since this is the first time you've seen him, you naturally will

not know about him. As such, why did you speak of him that badly?" Princess Lingyue asked.

"Big sis Lingyue, I..." Xian Yushi wanted to explain. However, after thinking about it, he stopped trying to explain. Instead, he said, "Big sis Lingyue, I was wrong. I will not jump to an unfounded conclusion again."

"That's more like it," Princess Lingyue smiled lightly. Then, he looked down toward Chu Feng again.

"Chu Feng, you should quickly leave. The person on that warship is Princess Lingyue. She is not someone that you can afford to offend," At that moment, seeing that Princess Lingyue's warship was still there, and that Princess Lingyue was silent the entire time, the Ancient Era's Elves beside Chu Feng secretly sent a voice transmission to Chu Feng urging him to leave. They feared that Chu Feng would anger Princess Lingyue.

Right at that moment, Princess Lingyue's voice was heard again. "Chu Feng, you said that you've come to our Elf Kingdom with a request, what might that be?"

"Your Highness, I needed an Elf Kingdom's Ten Thousand Leaves Sparrowtail Flower to save a person's life," Chu Feng spoke honestly.

"Whose life is it that you're trying to save?" Princess Lingyue asked.

Chu Feng hesitated for a moment and then said, "It is unsuitable for me to speak of who that person is. I hope that Your Highness will forgive me."

Afterall, Nangong Longjian was someone with a very honest temperament. It would be inevitable for him to have offended a lot of people in the Holy Land of Martialism. Now that his illness was acting up and he had lost the ability to fight, Chu Feng feared that Nangong Longjian's enemies would search for him should he leak

this matter.

“Impudent! You have something that you want to request our assistance with, yet refuse to tell us what it is. Your attitude is simply not one of someone requesting another’s assistance. What sort of place did you think our Elf Kingdom to be?!” A voice filled with anger sounded from the warship. It was not Princess Lingyue’s voice. Instead, it was Xian Yushi’s.

Hearing that voice, Chu Feng started to frown. Although the Princess’s voice was very amiable and did not contain any antipathy toward him, it was very evident that there was an Ancient Era’s Elf beside the Princess that greatly disliked him.

“Lil brother Yushi, when I am speaking with someone, could you not interrupt?” Inside the warship, Princess Lingyue looked at Xian Yushi. There was a trace of displeasure in her gaze.

“Yes,” Xian Yushi did not dare to say anymore.

“You can go out first,” Princess Lingyue said.

“Big sis Lingyue, I...” Xian Yushi’s expression took a huge change. He thought that he had angered Princess Lingyue. Although he addressed Princess Lingyue as big sis, an intimate way of addressing someone, he actually feared Princess Lingyue enormously. After all, princess Lingyue was the biological daughter of the Elf King.

The current Elf King had already governed the Elf Kingdom for eight thousand years. However, in this period of time, he had only given birth to three children. The oldest son died five thousand years ago when he tried to charge into a forbidden area. His two other children were both daughters. As for the two of them, they were Princess Lingyue and the princess known to be the strongest genius of the Ancient Era’s Elves, Princess [Miaomiao](#).

These two princesses were the only two children of the Elf King. They were truly beloved by him. In the Elf Kingdom, not to

mention them, the younger generation, even the older generation did not dare to offend the two princesses.

“I’m telling you to go out and receive that Chu Feng,” Princess Lingyue said with a smile.

“Big sis Lingyue, you wish to receive that Chu Feng as a guest?” Xian Yushi was astonished. He did not understand why Princess Lingyue would want to receive Chu Feng.

“I never said I wanted to receive Chu Feng as a guest. Rather, I said that I want you to receive Chu Feng. You should be able to understand what I mean, no?” Princess Lingyue said with a smile.

Seeing Princess Lingyue’s particular smile, Xian Yushi seemed to have understood something. He nodded his head repeatedly and said, “Big sis Lingyue, please rest assured. I will definitely entertain that Chu Feng properly.”

“I am reassured with the way you handle things. Go on,” Princess Lingyue waved her hand.

Then, Xian Yushi descended from the warship and arrived before Chu Feng.

After Xian Yushi descended, the warship that Princess Lingyue was on flew directly toward the depths of the Elf Kingdom.

“You are that Chu Feng?” Xian Yushi asked while staring at Chu Feng. His attitude was extremely vile.

“I am precisely Chu Feng. May I ask who you might be?” Chu Feng asked with a smile.

Chu Feng did not dare to forget his purpose in coming here, nor the advice he had been given by the Compass Immortal. He had come with a request for the Elf Kingdom. As such, even though he could tell that this Xian Yushi was filled with hostility toward him with a single glance, Chu Feng still had to be very polite.

Miao = cat’s meow.

Chapter 1884 – Xian Miaomiao

“This person here is our Elf Kingdom’s Young Master Yushi,” One of the Ancient Era’s Elves beside Chu Feng introduced him.

“So it’s actually Young Master Yushi. It is my pleasure to meet you,” Chu Feng clasped his fist toward Xian Yushi. The smile on his face did not decrease in the slightest.

“There’s no need to be overly polite. Follow me,” Xian Yushi curled his lips disdainfully. Then he began to fly toward Elf Kingdom’s inner region.

Seeing that, Chu Feng’s eyes narrowed slightly. He did not know what sort of intentions Xian Yushi had in having him follow him. However, Chu Feng did not hesitate, and followed Xian Yushi immediately. He did not wish to miss the opportunity to enter the Elf Kingdom.

“Young Master Yushi, that Chu Feng has not received an invitation, I fear...” At that moment, the four old Ancient Era’s Elves’ elders all revealed difficult expressions. Even though Xian Yushi was a young master, he did not possess the qualifications to invite outsiders into the Elf Kingdom as guests.

“This is the intention of my big sis Lingyue, do you all dare to obstruct this?” Xian Yushi’s expression turned cold. He appeared extremely displeased. He knew that he did not possess the qualifications to invite guests. That was the reason why these elders had dared to stop him.

“We do not dare,” Hearing Princess Lingyue’s name, the four elders immediately withdrew themselves and spoke no more.

“Humph,” Xian Yushi snorted coldly. Then, he looked to Chu Feng and said vilely, “What are you standing there for? Quickly, catch up.”

“That guy, he’s truly seeking a beating. It’s his status that is

insufficient. Yet, he actually decided to vent his anger on you.”

“Chu Feng, how about we don’t bother obtaining the medicinal flower? I feel that this Xian Yushi is acting extremely hostile toward you. If you were to enter the Elf Kingdom, I fear that you would be put in danger,” Her Lady Queen was extremely dissatisfied with Xian Yushi’s attitude. However, more than that, she was worried for Chu Feng’s safety.

Faced with Eggy’s worries, Chu Feng smiled indifferently. After he found out that it was Princess Lingyue who had invited him, Chu Feng seemed to have thought of something. “Before eaves, one must lower their head. Let alone... that Xian Yushi also said it. The person that allowed me to enter is Princess Lingyue, and not him. Likely, no matter how displeased he is with me, he will not really do anything to me. After all, that so-called Princess Lingyue did not seem to possess any hostility toward me.”

Thus, if Chu Feng was worried before, then, at this moment, Chu Feng was completely confident.

“I truly don’t know what to do with you,” Eggy felt that Chu Feng was consoling himself.

“Rest assured, I know what to do,” Chu Feng smiled again. Then, he began to follow Xian Yushi.

After flying behind Xian Yushi for four entire hours, Chu Feng finally reached an Ancient Era’s Teleportation Formation. After entering the Ancient Era’s Teleportation Formation, they traveled for six entire hours before finally exiting the teleportation formation.

During all this, Xian Yushi did not say a single word to Chu Feng. His attitude was extremely vile. It was as if Chu Feng owed him money.

When Chu Feng exited the teleportation formation, what appeared before him was not only illusion-like beautiful scenery;

there was also a vast and boundless city.

This city was most definitely the most spectacular of all the cities that Chu Feng had seen so far. The enormous city gates and city walls reached the clouds and filled one's line of sight.

Enormous gems were embedded into the city gates and city walls. The gems were all different colors, and were not crowded together. When combined with the white bricks and the blue roof tiles, the gems appeared to be crucial to the gorgeousness and nobility of the city.

"The Elf Kingdom is truly extraordinary," At that moment, even Eggy was unable to contain herself from prasing the Elf Kingdom.

She was not only praising it because the vast city was built so perfectly beautifully, it was mainly because each brick and tile on the city wall were all embedded with spirit formations.

That's right, it was not a gate or a wall that was embedded with spirit formations. Rather, it was the individual bricks and tiles that were embedded with spirit formations independent from one another. A city this vast possessed so many bricks and tiles that it was simply uncountable.

It was precisely those densely packed spirit formations that caused this city to possess an extremely powerful defensive ability. In fact, the city even possessed an extremely powerful offensive ability. It was capable of both defending and attacking simultaneously. This was most definitely done on an enormous scale.

At that moment, Xian Yushi brought Chu Feng to a small gate. Although it was a small gate, it was still several tens of meters tall. Close to a hundred Ancient Era's Elf guards stood to either side of the gate. They were actually all Martial Emperor-level experts.

Although they were not as powerful as the four elders from before, being merely only rank one Martial Emperors, it was

astonishing to see Martial Emperors being used only as gatekeepers.

If the Nine Powers were to know about such a thing, that their greatly respected Martial Emperors were only gatekeepers in the Elf Kingdom, one would truly wonder what sort of thoughts they might have.

At that moment, Chu Feng realized why the Elf Kingdom was reputed to be the strongest power in the Holy Land of Martialism. Before it, the other powers were truly so unbearably small.

“Wait for me here,” Xian Yushi said coldly. After he finished saying those words to Chu Feng, he passed through the gate.

As for Chu Feng, he stood there and began to admire the Elf Kingdom’s unimaginably beautiful scenery.

As the sky had already darkened, the flowers, plants and trees that were glimmering with light appeared even brighter; even more exceptionally beautiful.

Merely, as Chu Feng saw such beautiful scenery, he began to miss his lovers, Zi Ling, Su Rou and Su Mei.

If he were able to admire this beautiful scenery with his lovers, oh how great that would be.

Fortunately, Eggy was accompanying him, causing Chu Feng to not be too sad.

.....

In the depths of the Elf Kingdom was a special palace.

This palace was actually made from a special enormous tree. While it was said to be a tree, it actually resembled an enormous flower. The reason for that was because all of the branches and leaves of this tree were exceptionally beautiful.

If the other plants in the Elf Kingdom were all only glimmering with light, then the intensity of the light that this tree gave off was

so intense that it was like an enormous lantern, capable of illuminating all living things in the middle of the night.

This exceptionally beautiful palace was the Ancient Era's Elves' forbidden area. Only very few people were allowed to enter this place. As for others, not to mention entering, they would not even be allowed to approach this enormous tree.

At that moment, Princess Lingyue was sitting in this palace.

Princess Lingyue had removed her brilliant armor and changed into a long blue skirt. She appeared to be extremely sexy. However... she was not the master of this palace.

“Big sister, you've finally returned. I've missed you to death.”

Suddenly, a beauty ran out from the palace. Like a crafty little rabbit, she leapt into Princess Lingyue's bosom.

She was a young lady that was roughly fifteen or sixteen years old. She possessed blonde hair, blue eyes and pointed ears. All of these special characteristics illustrated that she was also an Ancient Era's Elf.

Merely, her appearance was even more beautiful than that of ordinary Ancient Era's Elves, reaching a point of being unrealistically beautiful. It was as if she were a celestial fairy from a painting.

Thus, while she possessed an appearance very similar to Princess Lingyue, all aspects of her appearance were much more perfect than Princess Lingyue. This was especially true of her pair of large blue eyes. They were filled with spirit and cleverness. They were extremely beautiful.

This young lady was none other than the Ancient Era's Elves' exceptional genius, Xian Miaomiao, Princess Miaomiao.

She was named Xian Miaomiao by her mother. As for why her name was Xian [Miaomiao](#), very few people knew.

Remember, Miao → Meow. Xian → Immortal. So.. her name is Immortal Meowmeow.

Chapter 1885 – Innumerable Obstacles

“Oh you. After eating, you should wipe your mouth,” Princess Lingyue took out her handkerchief and began to wipe the corners of Xian Miaomiao’s mouth. She was smiling with eyes filled with gentleness.

Princess Lingyue was famous for being very amiable. She would generally display her gentle side to others. However, it was only when she was with Xian Miaomiao that she would reveal her purest gentleness.

“Hehe, I have no other hobbies other than eating,” Xian Miaomiao hugged Princess Lingyue tightly. With her eyes closed, she began to rub her little face in Princess Lingyue’s embrace nonstop. Her appearance was like that of a coquettish kitten.

“It’s no wonder that mother named you Miaomiao. You are truly a gluttonous kitten,” Princess Lingyue softly tapped Xian Miaomiao’s head. Suddenly, her gaze flashed, and she grabbed onto Xian Miaomiao’s shoulder. While looking Xian Miaomiao in the face, she asked, “Miaomiao, your cultivation... you’ve broken through to rank three Martial Emperor?”

“Yep,” Xian Miaomiao nodded her head while smiling.

“Oh you, your progress is truly too fast. It has clearly only been a short while since your last breakthrough,” Although Princess Lingyue was saying those words, she was actually extremely happy.

Originally, only males were allowed to inherit the throne of the Elf King. The death of the current Elf King’s sole son had been equivalent to him having no successor to pass on the throne to. Thus, he had wanted another son the entire time. However, after Xian Miaomiao’s birth, he gave up on that thought.

The reason for that was because he decided to have Xian

Miaomiao succeed the throne. For that, he had gathered all of the grand elders to hold a meeting with them.

After learning of his intentions, the grand elders all immediately opposed it. Even though Xian Miaomiao's father was the Elf King, he was still pressured by them.

However, Xian Miaomiao's talent was soon revealed. Her cultivation began to increase at lightning speed, a rate capable of causing people to become speechless.

Under this sort of situation, the grand elders that were originally firmly opposed to Xian Miaomiao succeeding the throne no longer said anything.

The reason for that was because Xian Miaomiao's talent was simply too frightening, so unimaginably frightening. For an Ancient Era's Elf like her, even though she was a woman, it would still be understandable for her to succeed the throne.

After all, the Elf King was generally always the strongest Ancient Era's Elf. It was also only the strongest that would be qualified to sit on the throne of the Elf King.

"Miaomiao, I came across a human today. Who do you think it was?" Princess Lingyue asked.

"Big sister, you're being boring. You've already told me that it's a human. Yet, you still want me to guess. Are you looking down on my intelligence?" Xian Miaomiao cast a side-eye at Princess Lingyue.

"Oh you. I'm trying to have you guess who that human was," Princess Lingyue said.

"Nope. I'm not doing it. I'm not interested in humans," Xian Miaomiao curled her lips. As she spoke, she extended her hand and grabbed. Then, a plate of dimsum on a table in the distance reached her hand. She began to gulp down on the dimsum.

"My my my, I wonder who it was that always mentioned that

Chu Feng to me. Could it be that Chu Feng is not a human?" Princess Lingyue asked.

"Aiyah?!!"

"Big sister, you're saying that it's Chu Feng? You've met Chu Feng? Where at?" At that moment, Xian Miaomiao immediately grabbed onto the corner of Princess Lingyue's clothes. She was hopping and skipping in excitement.

"Look at you. If I were to tell you that he is currently within our Elf Kingdom, wouldn't you go wild with joy?" Princess Lingyue said with a smile.

"He came to our Elf Kingdom? Where's he at? I'm going to go find him," As Xian Miaomiao spoke, she planned to run outside to find Chu Feng.

"Get back here. No matter what, you're still a princess. Act a bit more reserved. Besides, didn't you only meet him once? Why would you keep him in your mind constantly?" Princess Lingyue asked.

"Big sister, you don't understand. Chu Feng is the only human other than Qing Xuantian that managed to trigger the Ancient Era's Immortal Needle. I am very curious about him. I want to know whether he will become the next Qing Xuantian," Xian Miaomiao said.

"There're a lot of Ancient Era's Immortal Needles. Furthermore, the ones outside are not hard to trigger. If it's merely that, he will not be able to become someone like Qing Xuantian. That said, that Chu Feng does possess quite a bit of skill."

"When I saw him, I immediately noticed that he was indeed different from the other humans," Princess Lingyue said.

"That's right, that's right. His progress is extremely fast. I've heard that even Nangong Longjian is standing up for him and forced the Four Great Imperial Clans to reconcile with Chu Feng.

He must've done so because he noticed Chu Feng's potential," Xian Miaomiao said.

"Indeed, he's very promising," Princess Lingyue nodded.

"Big sister, in that case, quickly tell me where Chu Feng is. I'll go and see him," Xian Miaomiao said.

"Don't be in such a rush. I'll have to test him first," Princess Lingyue said.

"Test? Test Chu Feng? What for?" Xian Miaomiao asked curiously.

"No, not Chu Feng. Xian Yushi," Princess Lingyue said.

"Xian Yushi?" Xian Miaomiao was completely confused.

"Xian Yushi, the reason why I decide to bring him alongside me and help him train is because I discovered that his nature is the same as his older brother Xian Yuyin's."

"That sort of nature is extremely bad. Not to mention the outsiders, it will be extremely dangerous even for us Ancient Era's Elves."

"Thus, I wish to change him. However, I discovered that one's nature is truly hard to change."

"This time around, I deliberately had him receive Chu Feng and hinted some things to him. I wish to see whether he will choose correctly or not."

"If he chooses correctly, then it will be fine. In the future, regardless of what he wants to do, I will not concern myself with it."

"However, if he chooses incorrectly, his nature must be suppressed. We absolutely cannot allow for a second Xian Yuyin to appear," Princess Lingyue said.

"I understand. But, big sister, it's not that I'm finding fault with you, but you're simply wasting time. That Xian Yushi will

definitely disappoint you. He simply possesses the same sort of nature as his older brother,” Xian Miaomiao said.

“If that is the case, there’s nothing that can be done. I have already given him his chance,” Princess Lingyue said.

.....

At that moment, Chu Feng was still waiting outside of the Elf Kingdom’s city’s gate.

However, Chu Feng did not expect that he would have to wait from dusk till dawn.

Yet, even though it was already dawn now, Chu Feng did not inquire of the guards as to where Xian Yushi had gone off to, nor did he leave the premises. Instead, he continued to wait.

When noon came, an Ancient Era’s Elf guard walked out and brought Chu Feng to the palace where Xian Yushi lived.

“Aiyo, Chu Feng, I am truly sorry. I was too tired last night. After I finished taking care of things, I fell asleep upon my return.”

“After I finished eating my breakfast and taking care of things, I kept feeling like I had forgotten something. It was only after thinking about it very hard that I remembered that I had forgotten about you,” Xian Yushi said with a beaming smile.

He was simply insulting Chu Feng with his words. He was saying that Chu Feng was so insignificant that not only had he forgotten Chu Feng’s existence, it had even taken him a great amount of effort just to recall Chu Feng’s existence.

“Heh...” Chu Feng smiled lightly at Xian Yushi’s insults. He did not take them too deeply to heart. The reason for that was because he had already anticipated that Xian Yushi would deliberately make things difficult for him.

“Chu Feng, you must be hungry right? Come, try out the culinary delicacies that I’ve prepared for you,” Xian Yushi handed a bowl

from the table to Chu Feng.

Upon seeing the bowl he had been handed, Chu Feng started to frown. Inside that bowl was a black paste-like substance. Furthermore, it was bubbling nonstop. That was simply not food. Instead, it was poison.

Chapter 1886 – When Underneath Eaves

“The things that the Ancient Era’s Elves eat are truly special,” As Chu Feng looked at the black goo in the bowl, he smiled and did not accept it.

“This is not something that we Ancient Era’s Elves eat.”

“This is called the Black Lotus Goo. It is a special substance produced by an ancient era’s fatal poison. However, I’ve heard that it can be eaten. Merely, I did not dare to attempt to eat it. That’s why I wanted you to help me test whether or not this thing can be eaten, and whether or not it tastes good,” Xian Yushi said with a smile on his face. His smile was extremely sinister.

“You wish to use me as a test subject?” Chu Feng asked.

“You don’t have to eat it. However, if you choose to not eat it, then you can forget about obtaining the Ten Thousand Leaves Sparrowtail Flower,” Xian Yushi said.

“Are you saying that you will give me a Ten Thousand Leaves Sparrowtail Flower should I eat it?” Chu Feng asked.

“If you eat it, you will have a chance to obtain the Ten Thousand Leaves Sparrowtail Flower. However, if you don’t, you will have no chance at all,” Xian Yushi said.

“Paa~~”

Chu Feng extended his hand and received the bowl of Black Lotus Goo. He opened his mouth, raised his head and actually swallowed the entire bowlful of sticky substance at once.

“Mn?” Seeing Chu Feng drain the bowl with a single gulp, Xian Yushi was slightly startled. He did not expect that Chu Feng would have the courage to eat such a dangerous substance.

Unable to help himself, Xian Yushi stood up and began to carefully inspect Chu Feng. He wished to see what sort of reaction

Chu Feng would have.

After inspecting Chu Feng and discovering that Chu Feng was completely fine, he started to frown deeply.

“How does it taste?” Xian Yushi asked.

“Hard to say. If Young Master Yushi is interested in knowing, you can give it a try yourself,” Chu Feng said with a smile.

“There’s no need for that,” Xian Yushi smiled lightly.

“That bastard,” At that moment, Eggy was gnashing her teeth in anger. It was clear that Xian Yushi was deliberately making things difficult for Chu Feng.

However, Chu Feng was fine with it. “It’s fine. I am interested in seeing exactly how he plans to continue to make things difficult for me.”

“Taa, taa, taa~~~”

Right at this moment, two little girls ran in. Right after they came in, they shouted ‘Big brother Yushi.’ Seeing the two little girls, Xian Yushi revealed a smile on his face. It seemed that he possessed a very good relationship with the two little girls.

However, Chu Feng was able to tell with a single glance that Xian Yushi’s smile was fake. He was pretending to smile. This meant that he actually did not truly like the two little girls.

With how proud and arrogant Xian Yushi was, he should be someone who would refuse to acknowledge even fellow Ancient Era’s Elves.

However, Xian Yushi was pretending to be this enthusiastic toward the two little girls. From this, Chu Feng was able to tell that the two little girls most definitely possessed very special statuses. Else, Xian Yushi would not try to fawn over them in such a manner.

“You two, did you hear that big brother Yushi returned? Is that

why you immediately ran over here?” Xian Yushi asked with a smile.

“We’ve heard that Chu Feng came. We wanted to have a look at that Chu Feng,” The two little girls said in unison.

“What?” Hearing those words, the smile on Xian Yushi’s face immediately turned stiff. He took a fierce glance at Chu Feng. It could be seen that the words that the two little girls said had caused Xian Yushi to feel extremely displeased.

“Wow, you must be that Chu Feng, right? I’ve heard of your distinguished name. Reportedly, you’re extremely powerful, and even Martial Emperors are no match for you.”

“I’ve also heard that even the Ximen Imperial Clan’s Clan Chief was killed by you. Wasn’t he a rank three Martial Emperor? A rank nine Half Martial Emperor was able to kill a rank three Martial Emperor? How did you accomplish that?”

The two little girls were running circles around Chu Feng. It was as if they had seen their idol. Their innocent eyes were filled with adoration.

Seeing this scene, Xian Yushi’s expression became even uglier. He was so enraged that his eyes turned red, and he started to tightly clench his fists within his sleeves.

“Rumors cannot be trusted. This Chu Feng is not as amazing as you two have imagined him to be,” Xian Yushi said.

“In that case, between Chu Feng and big brother Yushi, who is stronger?” The two little girls asked.

“Humph, it’ll naturally be me,” Xian Yushi stuck his chest out.

“Pfff...” Hearing those words, Eggy was unable to contain herself, and burst into loud laughter. Then she said, “This trash, where did he get his confidence from?”

“We don’t believe that.”

In fact, it was not only Eggy who felt that Xian Yushi was bursting with confidence, even the two little girls were shaking their heads repeatedly.

Hearing those words, Xian Yushi's already ugly face turned ashen. Then, he said, "If you all don't believe me, I can spar with Chu Feng. I'll let you two know who, between Chu Feng and I, is stronger."

"Really? That'll be great," Hearing what Xian Yushi said, the two little girls started to hop around in joy while clapping their hands nonstop.

"Chu Feng, you could be considered to have quite a reputation. However, I have always been skeptical of your strength. How about the two of us have a spar?" Xian Yushi said to Chu Feng with a smile on his face. However, he soon sent a voice transmission and said, "Chu Feng, if you want the Ten Thousand Leaves Sparrowtail Flower, you know what to do."

"That bastard! He's simply telling you to lose on purpose. Chu Feng, beat him to death. You cannot tolerate a bastard like him," Eggy was extremely angered by Xian Yushi's actions.

It was no wonder Xian Yushi was this confident. He was actually planning to make threats and promises to have Chu Feng lose to him on purpose. He was simply too shameless.

"It's merely pretending to lose to him, and not really losing to him. If I am really able to obtain the Ten Thousand Leaves Sparrowtail Flower with only that, it would be worth it," Chu Feng said.

"But you should know that bastard will not give you a Ten Thousand Leaves Sparrowtail Flower even if you are to lose," Eggy said.

"It doesn't matter whether or not he is willing to give me a Ten Thousand Leaves Sparrowtail Flower. All that matters is whether

or not Princess Lingyue is willing to give me a Ten Thousand Leaves Sparrowtail Flower,” Chu Feng said.

“Your intention is...” Eggy’s eyes shone. She seemed to have thought of something.

“Xian Yushi is merely a chess piece. I do not care what he thinks. However, I do care what Princess Lingyue thinks.”

“Since Princess Lingyue allowed me to come in, but did not personally receive me, and instead had Xian Yushi, who dislikes me, receive me, it was clear that she has done so with a purpose. If all these deliberate difficulties are trials, then I must endure these trials.”

“I have promised Ruochen that I will bring back a Ten Thousand Leave Sparrowtail Flower.”

As Chu Feng said those words, his heart was determined. As such, it was unsuitable for Eggy to say anymore. She knew Chu Feng’s temperament. What he had decided could not be changed by anyone else.

“Chu Feng, do you dare to fight me or not?” Xian Yushi urged.

“Please,” At that moment, Chu Feng smiled lightly. He had decided to face Xian Yushi.

“Woosh, woosh, woosh, woosh~~~”

Right after Chu Feng’s words left his mouth, Xian Yushi immediately began to move his hands to attack Chu Feng. From this, it could be seen how impatient he was.

With a cultivation of rank nine Half Martial Emperor, with a heaven-defying battle power capable of surmounting three levels of cultivations and perfected martial skills, Xian Yushi would most definitely be considered to be a peak genius in the Holy Land of Martialism.

However, to Chu Feng, his attacks were filled with loopholes. As

such, he was able to easily dodge Xian Yushi's attacks. But, for the sake of obtaining the Ten Thousand Leaves Sparrowtail Flower, Chu Feng could not dodge them, and had to let them hit him.

Chu Feng first put up an act by dodging a couple of Xian Yushi's attacks. Then, he began to be surrounded by Xian Yushi's attacks. Then, he found a suitable opportunity to cover his left chest with his concealed world spirit power. Then, Chu Feng planned to use his left chest to receive one of Xian Yushi's palm strikes.

Chapter 1887 – The Arrival Of The Princess

“Bang~~~”

The palm strike struck. Immediately, a loud explosion was heard. Like an arrow, Chu Feng was shot out of the palace hall and into the vast garden.

Although Chu Feng appeared to be left in a very sorry state, he was actually not harmed in the slightest. Everything was merely an act.

“Ssss~~~”

However, at that moment, Xian Yushi’s expression was twisted. He hurriedly looked to his palm that had landed on Chu Feng. It was only then that he discovered that while his palm appeared to be completely fine, all the bones in his hand were actually shattered. The pain of having his bones shattered caused his expression to become twisted.

All of this was caused by Chu Feng. His hand was shattered because his palm had struck Chu Feng.

“Damn it, he actually plotted against me,” Xian Yushi was extremely enraged. The way he saw it, Chu Feng had secretly done something to harm him. However, Chu Feng had actually only readied a simple defensive measure, and simply had not planned to harm Xian Yushi. The reason why Xian Yushi was injured was only because his physique was too weak.

“Wow! Big brother Yushi, you’re amazing. Even Chu Feng was knocked flying by you.”

“Big brother Yushi, wouldn’t that mean that you can kill and defeat rank three Martial Emperors? We truly never expected you to be this powerful.”

“Before, we had always thought that, of all the big brothers, big brother Yuyin was the most powerful. It’s only now that we have

found out that big brother Yushi is actually as powerful as big brother Yuyin.”

Right at the moment when Xian Yushi wanted to flare up at Chu Feng, the two little girls started to jump and skip around him. The two of them were looking at him with faces filled with adoration.

The words of the two little girls caused Xian Yushi, who was extremely enraged, to immediately grin from ear to ear. Especially when they said that he was as strong as Xian Yuyin, he smiled so very brilliantly.

Xian Yuyin was his biological older brother. He was the target that Xian Yushi had chased after his whole life. Merely, due to their difference in age, Xian Yushi had been unable to catch up with Xian Yuyin.

The words spoken by the two little girls caused him to feel as if he had been acknowledged and allowed him to regain his confidence. That was the reason why he was so happy.

Overjoyed, Xian Yushi said confidently, “Of course. How could the strength of us Ancient Era’s Elves possibly be something that humans could compare to? With the same level of cultivation, there is no human that can defeat us Ancient Era’s Elves,”

Hearing what Xian Yushi said, Chu Feng was unable to contain himself, and burst into laughter. He truly did not expect for such shameless scum to be among the Ancient Era’s Elves.

This clearly illustrated a principle. There were countless beings in the world. These beings were separated into many different races. However, regardless of what race it might be, there would always be scum. These scum all possessed the same characteristics. That is, they were all despicable and shameless.

“What are you all doing?”

Right at that moment, a woman’s voice was suddenly heard. Following that, several tens of figures walked in. The great

majority of them were of the Ancient Era's Elves' younger generation. As for the person leading them, it was Princess Lingyue.

"Big sister Lingyue," The two little girls were very excited when they saw Princess Lingyue and both ran toward her.

"Chu Feng, why are you still not greeting Princess Lingyue after seeing her?" At that moment, Xian Yushi angrily reprimanded Chu Feng.

"Chu Feng pays his respects to Princess Lingyue," As Chu Feng spoke, he planned to courteously greet her. He was not doing so because Xian Yushi had berated him. Rather, he felt that Princess Lingyue's appearance would cause his current situation to change.

Chu Feng had not placed Xian Yushi in his eyes since the very beginning. He had thought that Princess Lingyue was the mastermind of all this. Even though Xian Yushi truly disliked Chu Feng, Chu Feng felt that all of this was a trial given to him by Princess Lingyue.

Thus, the moment when Princess Lingyue appeared, it was as if Chu Feng had seen hope. His mindset felt much better. As such, so what if he had to greet Princess Lingyue courteously?

"Chu Feng, there's no need to stand on ceremony," However, before Chu Feng could greet her courteously, [Princess Lingyue stepped forward and stopped Chu Feng with her arms.](#)

"This!!!"

This scene greatly shocked the Ancient Era's Elves present. This was especially true for Xian Yushi. Not only did he have a dumbstruck expression, he was also emitting a dense amount of jealousy from his eyes.

While Princess Lingyue was two thousand years old, she was the sweetheart in the dreams of countless Ancient Era's Elves.

While Princess Lingyue was someone who treated others very

amiably, she rarely had physical contact with them. Yet now, the extravagant hope that countless Ancient Era's Elves would only dare to think about in their hearts and not out loud was actually obtained by Chu Feng. As such, how could they not be astonished, not become envious, jealous?

This was especially true for Xian Yushi. He was so jealous of Chu Feng that he wished he could hack Chu Feng into eight pieces.

“Chu Feng, what were you all doing?” Princess Lingyue asked with a beaming smile and a very amiable tone. In fact, compared to how she treated others, she appeared to be even especially gentle toward Chu Feng.

Before Chu Feng could reply, the two little girls said excitedly, “Big sister Lingyue, Chu Feng was sparring with big brother Yushi. Big brother Yushi defeated Chu Feng.”

“Little girls, what nonsense are you spouting? Although your big brother Yushi's strength is pretty decent, how could he possibly defeat Chu Feng? Chu Feng is someone who was able to kill the Ximen Imperial Clan's Clan Chief. Among the younger generation, very few people are able to contend against him.”

“Not to mention your big brother Yushi, even your big brother Yuyin might not necessarily be a match for Chu Feng,” Princess Lingyue said.

“Big sister Lingyue, we are telling the truth. We saw it with our own eyes. If you don't believe us, you can go and ask big brother Yushi,” The two little girls said earnestly.

“Yushi, is what they said real?” Princess Lingyue looked to Xian Yushi. At that time, the other Ancient Era's Elves also had expressions of disbelief on their faces.

Although they had only heard rumors about Chu Feng, and were skeptical of the rumors, it remained that Xian Yushi was only a peak Half Martial Emperor.

Although Xian Yushi could be considered to be an outstanding genius among the Ancient Era's Elves, he was not the most outstanding genius.

As for Chu Feng, he was the most reputed person in the Holy Land of Martialism right now. He was declared to be the strongest member of the younger generation. Thus, to say that Xian Yushi had defeated Chu Feng was something that none of them believed.

"Cough cough..." At that moment, Xian Yushi tidied up his clothing in a complacent manner.

Then, he said, "Big sis Lingyue, it is indeed the truth. I sparred against Chu Feng earlier and defeated him. If you do not believe me, you can ask..." Xian Yushi wanted to have Chu Feng admit that he was defeated by him.

"It is better seeing than to hear. How about the two of you spar again, so that we can broaden our horizons?" Princess Lingyue said.

"Your Highness, what a great suggestion," The other Ancient Era's Elves echoed in succession.

"I will naturally have no issue. Merely, I do not know whether Chu Feng might be willing. After all, he was struck by my palm strike earlier. I fear that he will not be able to withstand another palm strike from me," Xian Yushi said with an indifferent expression.

However, at the same time as he was saying that, he was secretly sending a voice transmission to Chu Feng. He was telling Chu Feng to refuse the sparring with the reasoning that he was afraid.

A courteous greeting would be to clasp one's fist and bow. Basically, while Chu Feng was bowing, Princess Lingyue stepped forward and stopped him mid-bow, most likely by putting her arms on his bowing arms, and helped him stand back up straight.

Chapter 1888 – Dumbstruck

“Haha...” At that moment, Chu Feng laughed.

Earlier, Chu Feng had listened to Xian Yushi’s demand and deliberately pretended to be defeated. On the one hand, it was because he had decided to consider Xian Yushi deliberately making things difficult for him a sort of trial. On the other hand, it was because he was helpless. After all, when beneath eaves, one had no choice but to lower one’s head.

Even though Chu Feng’s strength was at a level where he could move about unhindered in many places, he did not dare to act excessively impudent in a huge monstrous area like the Elf Kingdom.

When Chu Feng and the Four Great Imperial Clans were enemies, he had endured a lot of suffering. If he were to become the Elf Kingdom’s enemy, it was likely no one would be able to save him. Furthermore, with the strength of the Elf Kingdom, it was likely that all of Chu Feng’s friends and relatives would end up suffering.

Not to mention others, even Nangong Longjian was greatly inferior to the Elf Kingdom.

However, Princess Lingyue was here now. As such, how could Chu Feng possibly continue to listen to that scum? Thus, Chu Feng smiled and said, “Chu Feng is willing to seriously spar with Young Master Yushi.”

“Seriously? What do you mean by that? Are you saying that you were simply not serious in the sparring earlier?” Hearing those words, Xian Yushi immediately appeared extremely displeased.

As for Chu Feng, he did not bother to answer that foolish question. Instead, he smiled lightly.

At that moment, Princess Lingyue smiled. Then, she said, “Lil brother Yushi, it would seem that Chu Feng has never placed you

in his eyes.”

“Humph, what arrogance. Come, I’ll make sure to teach you a lesson,” Xian Yushi rolled up his sleeves angrily. However, at the same time he was doing that, he continued to secretly threaten Chu Feng, telling Chu Feng to act defeated by him again.

While Chu Feng heard his threats, he simply did not place them in his heart. This time around, before all these people, Chu Feng would not allow himself to be defeated by this trash again.

“”It seems lil brother Yushi is extremely confident. However, if it’s only a spar, it would be too boring. How about this, I’ll add something interesting to this spar.”

“Whoever among you two loses shall drink a cup of Black Lotus Goo. What do you two think?” Princess Lingyue said with a beaming smile.

“This punishment is good. They all say the Black Lotus Goo is edible. Yet, no one has dared to eat it. I also wish to have a look to see whether one will be fine after eating it,” At that moment, the other Ancient Era’s Elves all began to clap their hands in applause.

As for Xian Yushi, his complexion turned green. No matter how stupid he might be, he was still able to hear the intentions behind Princess Lingyue’s words. At that moment, he realized that the situation was bad. Merely, he was confused. Wasn’t it Princess Lingyue who hinted to him to deliberately make things difficult for Chu Feng? Why would she be speaking for Chu Feng now?

As for Chu Feng, he was feeling secretly delighted. Of all the punishments, Princess Lingyue decided to use the Black Lotus Goo that Xian Yushi had used to deliberately make things difficult for him. Evidently, she knew about what Xian Yushi had done before, and was planning to give him a taste of his own medicine.

At that moment, Chu Feng was practically capable of being certain that Princess Lingyue did not hold any malice toward him.

Furthermore, she was standing on his side. Although he did not understand why Princess Lingyue would be standing on his side, it remained that it was a good thing.

“I have no objection to it. Young Master Yushi, what about you?” Chu Feng said with a smile.

Xian Yushi summoned up his courage and said, “When even you’re not afraid, why would I be afraid? Heh, ridiculous.” At the same time, he was still secretly threatening Chu Feng.

Hearing Xian Yushi threatening him nonstop, Chu Feng knew that Xian Yushi was extremely scared right now. He did not wish to be defeated, nor could he allow himself to be defeated. The reason for that was because it would completely ruin his reputation. He would have lost all face before his fellow Ancient Era’s Elves.

Yet, Chu Feng was determined to make him lose all face. This was his punishment for deliberately making things difficult on Chu Feng.

“Chu Feng, have no fear. I will handle everything for you,” Right at that moment, another voice transmission entered Chu Feng’s ears.

After hearing that voice transmission, Chu Feng began to feel some sympathy for Xian Yushi. The reason for that was because that voice transmission came from Princess Lingyue. Princess Lingyue actually gave permission for Chu Feng to teach Xian Yushi a lesson.

“Fist and feet have no eyes. If I am to injure Young Master Yushi, I hope that you will forgive me,” Chu Feng said with a beaming smile.

“Chu Feng, we Ancient Era’s Elves are not that easily bullied. If you do not trust me, you can give it a try,” Xian Yushi said fiercely. With how Chu Feng refused to reply to his various voice

transmissions and instead continued to provoke him again and again, he already knew that Chu Feng did not plan to yield to him.

However, he could not allow himself to be defeated. Thus, his words were filled with threats. He was hinting to Chu Feng that it would be best if he didn't do anything excessive. Else, he would have to bear the consequences.

“Since that's the case, please excuse my rudeness,” However, even facing Xian Yushi's open threat, Chu Feng's smile remained unchanged.

“Woosh~~~”

Suddenly, Chu Feng moved. His speed was so fast that he arrived before Xian Yushi in a flash.

Chu Feng's speed was truly too fast, so fast that he left the crowd speechless. The other members of the younger generation present were simply incapable of seeing Chu Feng's movements. Only Princess Lingyue was able to see them.

At the moment she saw Chu Feng's astonishing speed, her expression immediately changed. Her deep eyes shone with seriousness. She thought to herself, ‘Heaven-defying battle power capable of surmounting four levels of cultivation. The rumors are true. Chu Feng's battle power is really on par with my little sister's.’”

“Pa, pa, pa, pa, pa, pa, pa~~~”

During the short period of time when Princess Lingyue was surprised, Chu Feng's two hands were moving nonstop, turning into several thousands of hands. Like a torrential rainstorm, they continued to land onto Xian Yushi's body.

Faced with Chu Feng's ferocious attack, Xian Yushi was actually powerless to resist, and could only allow himself to get thrashed.

At the moment when Chu Feng stopped his attacks, Xian Yushi was sent flying. Xian Yushi ended up ruthlessly smashing into the

palace hall's pillar. When he landed on the ground, he was badly battered with a bloody nose, a bloody mouth and a swollen face.

As for the bystanders, they were all dumbstruck. They had all already anticipated that Xian Yushi would not be a match for Chu Feng. However, they did not expect for Xian Yushi to be defeated this quickly. It was only a split second, and Xian Yushi was already left in such a state.

However, no matter what, Chu Feng's current cultivation was the same as Xian Yushi's. They were both peak Half Martial Emperors.

A heaven-defying battle power capable of surmounting four levels of cultivation. Chu Feng actually possessed a heaven-defying battle power capable of surmounting four levels of cultivation.

Thinking of that, the gazes with which the Ancient Era's Elves' younger generation looked to Chu Feng all changed.

Earlier, they were somewhat skeptical of Chu Feng. However, their suspicions were now all gone. Instead, they now had a whole new level of respect for Chu Feng.

Xian Miaomiao, their Ancient Era's Elves' legend, was only that exceptional special because she possessed a heaven-defying battle power capable of surmounting four levels of cultivation.

And now, an existence the same as Xian Miaomiao had appeared. Thus, how could they not hold him in importance?

"Oh my, I am truly sorry. I didn't expect for Young Master Yushi's body to be this weak. My attacks were too heavy. I hope that you will forgive me," Chu Feng said innocently. However, his each and every word was said sarcastically and filled with mockery.

"Chu Feng, I'll fucking kill you," Being beaten to such a state before this many people, Xian Yushi was extremely enraged. He took out an Incomplete Imperial Armament and charged toward

Chu Feng with a murderous appearance. He was not pretending. He was really planning to kill Chu Feng.

“Buzz~~~”

However, before he could even approach Chu Feng, a stream of energy stopped him and knocked him back in midair.

It was Princess Lingyue.

“To be defeated is to be defeated. To lose in terms of strength is not something important. However, one must not lose one’s moral character in the process too. If you are to do that, others will think that our Ancient Era’s Elves are unable to face defeat with grace,” Princess Lingyue said.

With Princess Lingyue speaking out against it, no matter how wronged and angry Xian Yushi felt, he still had to endure it.

Not only did he have to resist his anger, he even had to present a respectful expression as he said to Princess Lingyue, “I was wrong. Big sis Lingyue, thank you for your reminder.”

“It’s fine. To make mistakes is fine as long as one is able to recognize them,” Princess Lingyue smiled lightly. Then, she said, “Men, go and get a bowl of Black Lotus Goo for Young Master Yushi.”

Hearing those words, not to mention Xian Yushi, the other Ancient Era’s Elves were also startled. They did not expect that Princess Lingyue would take what she had said before seriously.

“There’s no need for that. I just happen to have a bowl of Black Lotus Goo here,” Right at that moment, Chu Feng suddenly spoke.

“What?” The crowd were startled again upon hearing those words. The Black Lotus Goo was a speciality of the Elf Kingdom. As such, how could Chu Feng possess it?

In fact, not to mention the others, even Xian Yushi had an expression of shock on his face. He did not believe that Chu Feng

would possess Black Lotus Goo.

However, before the puzzled eyes of the crowd, Chu Feng suddenly extended his hand and grabbed. The bowl in the palace hall that had originally contained the Black Lotus Goo that Xian Yushi had given Chu Feng reached his hand.

Then, he opened his mouth and, ‘burr,’ vomited out a lump of black substance into the bowl.

At that moment, the crowd present were all speechless and dumbstruck.

Chapter 1889 – Beautifully Done

What sort of situation was this? Chu Feng actually vomited out the Black Lotus Goo?

At that moment, not to mention Xian Yushi and the others, even Princess Lingyue was stunned.

Compared to the others, Princess Lingyue knew the reason why Chu Feng was able to vomit the Black Lotus Goo. Merely, she did not expect that not only was Chu Feng able to eat it, he was even able to vomit it out.

“Chu Feng, this...” Princess Lingyue was also at a loss as for what to say.

“Cough, cough...”

“Everyone, please don’t misunderstand. This bowl of Black Lotus Goo before everyone was indeed vomited from my mouth.”

“I believe that everyone must be thinking that this bowl of Black Lotus Goo is extremely filthy and no longer edible. However, this is precisely the misunderstanding.”

“Although this bowl of Black Lotus Goo was indeed vomited from my mouth, it is actually not dirty at all. Why is it not dirty you ask? It’s because even though it has passed through my mouth, my esophagus and my stomach, it was not yet digested.”

“Why is that?”

“It’s because I sealed it with a spirit formation. It is the equivalent of me storing this bowl of Black Lotus Goo within my stomach without actually causing any damage to it. Thus, it is completely clean, as clean as it was before it entered my mouth.”

“Thus, everyone, please do not think that just because it’s been vomited from my mouth that it’s something that I ate.”

“Strictly speaking, I did not eat it. Instead, I merely stored it,”

Chu Feng explained to the crowd with a beaming smile. His appearance could be described with a single word — lowly.

“Bullshit! You actually want me to eat your vomit? Don’t think you can do that!!!” Xian Yushi was so extremely angered by Chu Feng that he started to jump around angrily. He was simply on the verge of being driven mad.

Chu Feng actually wanted him to eat his vomit? This was simply an insult, an enormous humiliation.

“I have a question: Chu Feng, why did you eat this Black Lotus Goo?” Princess Lingyue asked. As for this question... it was most definitely a question that she already knew the answer to.

Hearing that question, Chu Feng felt delight in his heart. At this moment, he had realized Princess Lingyue’s intentions.

“I was forced to eat it by Young Master Yushi. However, I felt that this thing would not be tasty. Yet, I found it improper for me to refuse him. Thus, I could only use my spirit formation to seal it and then store it temporarily in my stomach. Originally, I had planned to vomit it out later.”

“However, as Young Master Yushi needs it right now, and I just so happen to have it with me, I decided that I might as well take it out,” Chu Feng said.

At that moment, a woman who possessed a youthful appearance but was actually not of the younger generation asked, “Forced you? Why did he force you? Furthermore, even if he forced you, why would you give in to him? Your cultivation is clearly above his. I do not understand what about him you would fear.”

This woman’s age was close to that of Princess Lingyue, she was also roughly two thousand years old. However, her cultivation was inferior to Princess Lingyue’s. That being said, her cultivation wasn’t weak either. She was a rank two Martial Emperor.

“Princess Lingyue understands this matter. I have come to the Elf

Kingdom to request a single Ten Thousand Leaves Sparrowtail Flower.”

“Young Master Yushi said that he would hand me a Ten Thousand Leaves Sparrowtail Flower should I eat the Black Lotus Goo. Merely... I never expected that Young Master Yushi would actually go back on his word. I had already eaten the Black Lotus Goo, yet he did not present to me any Ten Thousand Leaves Sparrowtail Flower,” When speaking those words, Chu Feng had a disappointed and sad expression on his face. It was as if he had been greatly deceived.

At that moment, the crowd were all emotionally moved by Chu Feng’s pitiful appearance. When they looked to Xian Yushi again, their gazes revealed a trace of disgust. They all felt Xian Yushi’s conduct to be extremely disgraceful.

“Chu Feng, don’t you spout rubbish. I merely said that you would have the chance to obtain a Ten Thousand Leaves Sparrowtail Flower, and never said that I would definitely get you one,” Xian Yushi hurriedly explained.

“Impudent! Based on what you said, you really did use the Ten Thousand Leaves Sparrowtail Flower to force Chu Feng to eat the Black Lotus Goo?” At that moment, Princess Lingyue was deeply enraged. The reason for that was because Xian Yushi had indirectly admitted to Chu Feng’s story being true by providing that explanation.

“Big sis Lingyue, I have not, please... please listen to my explanation,” At that moment, Xian Yushi realized that he had misspoken.

“Do not bother explaining. I told you to receive Chu Feng. Yet you treated him in such a manner. You have truly disappointed me,” As Princess Lingyue spoke, she seized the bowl of Black Lotus Goo from Chu Feng’s hand and handed it to Xian Yushi. She said, “Eat it. This is your punishment.”

“Ah? Big sis Lingyue, that is something that Chu Feng vomited up. How could I eat his vomit?” Xian Yushi shook his head repeatedly. If he were to eat the bowl of Black Lotus Goo, how could he possibly face anyone anymore should this matter be spread?

“Young Master Yushi, you can eat it without worry. This bowl of Black Lotus Goo is exactly the same as when you had me eat it,” Chu Feng said with a beaming smile.

Xian Yushi was so angry that he shouted, “Don’t give me that bullshit! You’ve clearly eaten it. How could it still be the same?!” If it wasn’t for the fact that Chu Feng had incited disharmony among the crowd, how could his big sis Lingyue possibly treat him like this?

“Are you going to eat it or not?” Princess Lingyue’s long, shapely eyebrows narrowed. The gentleness in her eyes was no longer present, but was instead replaced with endless anger.

Seeing that angry expression, Xian Yushi’s body shivered, and his complexion turned pale with fright. For the past couple years, he had followed Princess Lingyue and trained with her. Thus, he knew her personality much better than others.

While Princess Lingyue might generally be very amiable, if she was to be angered, she would be extremely frightening.

“I, I’ll eat, eat it,” At that moment, Xian Yushi accepted the bowl. As he looked at the Black Lotus Goo in the bowl, he grimaced, and his expression began to twist. He had the appearance of wanting to vomit.

At that moment, he suddenly turned his gaze to Chu Feng. He had an extremely ferocious appearance. It was as if he wanted to kill Chu Feng on the spot. In fact, if Xian Yushi was capable, he would definitely kill Chu Feng. Merely, Chu Feng felt that Xian Yushi would not have that opportunity. Thus, Chu Feng was not worried about him. Instead, he raised his hand and said, “Young

Master Yushi, you don't have to thank me. You can go ahead and eat it."

"You!!!" Seeing Chu Feng acting like that, Xian Yushi was truly about to die from excessive anger. He had never expected that he would be forced into such a state by a human in his own territory.

However, in the end, he clenched his teeth, closed his eyes, opened his mouth and directly poured that bowl of Black Lotus Goo into his mouth.

He was actually really eating the Black Lotus Goo that Chu Feng had vomited up.

The Black Lotus Goo was extremely sticky. After it entered his mouth, Xian Yushi was unable to swallow it, and began to use his teeth to chew it nonstop. In the end, the stickiness covered his entire mouth.

"Eeh..." Seeing this scene, many of the people present did not wish to look anymore. It was not because of the Black Lotus Goo itself. Rather, it was because this Black Lotus Goo was something that Chu Feng vomited. For Xian Yushi to eat it in such a manner, the crowd all felt a sort of disgust.

"Truly disgusting," Not to mention the others, even Her Lady Queen was unable to continue watching it.

"Why is it disgusting? I didn't eat that Black Lotus Goo, and only stored it in my stomach for a while. This is pretty much the same as storing it in a Cosmos Sack. Why would it suddenly become disgusting?" Chu Feng defended himself.

"It's not whether or not the Black Lotus Goo itself is disgusting or not. Instead, it's just that looking at him eating it like that is extremely disgusting. After all, that came from your mouth. That is a fact that you cannot refuse to admit."

"If someone vomited something and wanted you to eat it by telling you it was clean, would you eat it?" Eggy asked.

“Ehh... of course not,” Chu Feng said with a smile.

“There you go! With your ability, you are totally capable of getting that Black Lotus Goo out from your stomach without making a scene. Yet, you insisted on vomiting it out before the crowd. Furthermore, you deliberately made the sound of vomiting.”

“You were simply deliberately making that Xian Yushi feel disgusted. Thus, stop pretending to be innocent,” Her Lady Queen had already seen through Chu Feng’s scheme.

“Hehe, it’s still Milady Queen that knows me best. That’s right, I was deliberately making that Xian Yushi feel disgusted. This is the price that he shall pay for making things difficult for me,” Chu Feng said with a smile.

“Humph, that’s to be expected. How could you hide anything from this Queen?” Eggy raised her little chin proudly. Then, she said, “Although it is very disgusting, I must admit that you’ve done this beautifully.”

Chapter 1890 – You’re Not Afraid Of Me?

“Burr~~~”

Right at that moment, Xian Yushi suddenly uttered a ‘burr.’ It was as if he were about to vomit the Black Lotus Goo in his mouth.

“Do not vomit. Swallow it down. If you are to vomit, you must eat it again,” Princess Lingyue shouted angrily.

In that sort of situation, Xian Yushi hurriedly used both of his hands to cover his mouth to prevent himself from vomiting the Black Lotus Goo.

While the Black Lotus Goo which Chu Feng had vomited was clean, if he were to vomit it again, it would no longer be clean. If he were to be forced to eat that, how could he possibly endure it?

“Burrahh~~~”

However, after struggling with it, Xian Yushi was still unable to contain himself and ended up vomiting the Black Lotus Goo.

“Aiyah, so disgusting!” At that moment, the crowd were all showing expressions of disgust and covering their noses. They were all extremely disgusted by Xian Yushi.

As for Princess Lingyue, her long, shapely eyebrows narrowed. She only revealed an angry expression again because Xian Yushi had gone against her instructions.

“Big sis Lingyue, this Black Lotus Goo is truly too disgusting to eat. Please spare me. Its smell is simply too disgusting,” Xian Yushi said with a begging expression.

“Smell? What smell? Why do we not smell anything?” Princess Lingyue felt that Xian Yushi was deceiving her. The reason for that was because she simply didn’t smell anything.

“I’m really telling the truth here. One cannot smell it. One will only be able to detect it after it has entered one’s mouth,” Xian

Yushi said.

The woman that had asked Chu Feng a question earlier said, “Young Master Yushi, I am not finding fault with you. But, even if you cannot eat it, you shouldn’t find such an excuse. Back when I was a playful kid, I had tried a bit of the Black Lotus Goo. Although I was unable to swallow it, it was only because the Black Lotus Goo was too sticky, and not because of any special smell.”

“That’s right. I also tried to eat the Black Lotus Goo before too. Although it was extremely sticky, it was indeed not smelly,” Many people echoed in succession.

“Xian Yushi, what else do you have to say?” At that moment, Princess Lingyue became even angrier.

“It’s true. I am not lying. It might be that you all have only attempted to eat a small amount that you did not smell it. But this Black Lotus Goo here really does possess that smell. If you don’t trust me, you can give it a try yourself,” Xian Yushi said as he pointed to the Black Lotus Goo on the ground that he had just vomited.

“Xian Yushi, you actually want me to eat what you’ve vomited?! You are simply insulting me!” Princess Lingyue was truly angered. She loudly shouted, “Men, take this Xian Yushi to the Spirit Beasts Room. He is to clean the feces from the Spirit Beasts Room for thirty days. He is not allowed to use any special techniques or tools. He must use his hands to clean up the feces.”

“Yes,” After Princess Lingyue’s command was given, an aged figure appeared out of thin air and descended beside Xian Yushi.

Chu Feng’s eyes shone upon seeing this man. Wasn’t this the same old man that was standing at the front of the warship yesterday?

Rank five Martial Emperor. It turned out that this old man was actually a rank five Martial Emperor. He was an expert of the same

level as Zhang Tianyi's father Zhang Ming and Duan Jidao.

With how powerful he was, it was no wonder that he would act so proud and haughty. However... an expert this powerful was actually complying to Princess Lingyue's command like an attendant.

“Big sis Lingyue, I was wrong. Please spare me, please spare me.”

At that moment, Xian Yushi was begging for forgiveness nonstop. However, that old man simply ignored him. He grabbed him and then soared into the sky. In the blink of an eye, they disappeared. The only thing that remained was the echo of Xian Yushi's begging voice.

Unfortunately, his begging was unable to move anything.

At that moment, Chu Feng was sneering in his heart. Indeed, ordinary Black Lotus Goo did not have any smell. However, the one that Xian Yushi was eating earlier did possess a disgusting smell. As for the reason why, it was naturally because of Chu Feng. Chu Feng had altered the Black Lotus Goo.

“Xian Yushi was truly spoiled by his older brother. He actually wanted Princess Lingyue to...!!!” After Xian Yushi was taken away, the crowd that didn't know the truth sighed, then stepped forward and began to talk about it.

Even though it looked as if they were speaking the truth, Chu Feng was able to tell that they were adding details to their story. From this, it could be seen that Xian Yushi seemed to not have a good relationship with others.

“I have already given him the appropriate punishment. There is no need to mention this matter again,” Princess Lingyue waved her hand. At that moment, she no longer had an angry expression on her face.

‘This Princess Lingyue is quite remarkable,’ Chu Feng thought to himself. Earlier, Princess Lingyue was clearly so enraged that her

complexion turned deep red and she was emitting an ominous glint. At that time, she was truly terrifying.

However, in merely the blink of an eye, her complexion turned rosy, and she had become as undisturbed as before. It was as if nothing had happened. This meant that she was merely pretending to be angry earlier.

Princess Lingyue turned to Chu Feng and asked, “Chu Feng, you wish to obtain Ten Thousand Leaves Sparrowtail Flowers?”

“Yes,” Chu Feng nodded.

“How many?” Princess Lingyue asked.

“A single one would suffice,” Chu Feng said.

“Very well, follow me,” As Princess Lingyue spoke, she soared into the sky. Chu Feng hurriedly followed her.

Princess Lingyue brought Chu Feng to Xian Miaomiao’s palace. Upon seeing that extraordinary palace, even Chu Feng’s gaze started to shine with astonishment.

“Chu Feng, it is not up to me to decide whether or not you can obtain a Ten Thousand Leaves Sparrowtail Flower. Instead, it will be decided by the person in that place,” Princess Lingyue smiled brilliantly at Chu Feng. Then, she turned around and left.

Chu Feng understood Princess Lingyue’s intentions. Thus, he arrived before the palace and knocked lightly on the gate. He said, “I am Chu Feng. I have come with a request.”

“Come on in,” An alluring female’s voice entered Chu Feng’s ears. This voice was truly enticing. Hearing that voice, Chu Feng started to have goose bumps. This caused Chu Feng to feel that the situation might be bad.

However, for the sake of the Ten Thousand Leaves Sparrowtail Flower, Chu Feng opened the entrance and entered the palace hall.

Right after Chu Feng entered the palace hall, the door closed by

itself.

At the moment when the entrance closed, a fragrance assailed Chu Feng's nose. All this pointed to something being amiss.

However, Chu Feng still turned his gaze toward the depths of the palace hall. The reason for that was because there was a crystal curtain at that place. Although the crystal curtain was able to obstruct one's line of sight, Chu Feng knew that there was someone there.

Chu Feng clasp his fist and said, "I am Chu Feng. I have come here for the sake of requesting a Ten Thousand Leaves Sparrowtail Flower."

"Woosh~~~"

Right at that moment, that crystal curtain suddenly opened. In the moment when that crystal curtain opened, Chu Feng's eyes immediately shone.

An Ancient Era's Elf appeared before Chu Feng. It was a female. A beauty, an extremely beautiful woman. She was someone with beauty on par with Princess Lingyue. Her sexy body and beautiful face were extremely alluring.

Especially her blonde hair, blue eyes, pointed ears and that special air which she emitted. She was completely different from humans, and that made her all the more enchanting.

Most importantly, this beautiful Ancient Era's Elf was actually naked. She was not wearing anything at all. She had completely exposed her sexy curves and fair skin to Chu Feng.

With such a beautiful woman before him, even Chu Feng was unable to stop his heartbeat from accelerating and his blood vessels from expanding. It was only because Chu Feng's tolerance was good. If it was any other man, they would have already spurted blood from their nose and lost control.

"Woah! What sort of situation is this?" At this moment, even

Eggy was unable to contain herself from crying out in alarm.

“You’re not afraid of me?” Seeing that Chu Feng’s gaze did not shift from her, and was instead earnestly sizing up her body, the Ancient Era’s Elf revealed an expression of surprise. She did not expect that Chu Feng would be this daring.

“What’s there to be afraid of?” Chu Feng’s lips lifted into a nefarious smile. Then, he gathered his courage and began to walk toward that Ancient Era’s Elf.

Seeing Chu Feng walking toward her, that Ancient Era’s Elf that was clearly enticing Chu Feng actually started to cower. As her eyes flickered, she turned around. It was as if she was trying to escape.

“Woosh~~~”

However, Chu Feng did not give her the opportunity to escape. He leapt, arrived before her and grabbed her fragrant shoulders.

At that moment, that Ancient Era’s Elf’s body shivered. She was staring at Chu Feng with her blue eyes. Once again, she asked, “You’re really not afraid of me?”

Chapter 1891 – It's You

“Scared? Why would I be scared of a mere spirit formation?”

Chu Feng smiled again. Then, the palm with which he was grabbing that beauty trembled slightly. Like sharp blades, his spirit power pierced into that beauty's body.

“Buzz~~~”

At that moment, that beauty's expression turned stiff. Then, her body started to become fuzzy. The very next moment, she turned into countless rays of light; and her body started to disappear.

When the light dissipated, that beauty had completely disappeared. However, a doll had appeared in Chu Feng's hand. That doll was extremely exquisite in appearance, and looked exactly the same as the beauty from before. Like her, that doll was also naked.

It turned out that, that naked beauty was simply not an Ancient Era's Elf at all. Rather, she was a doll created by spirit formation.

“So boring. It was actually seen through at a single glance,” At that moment, Xian Miaomiao leapt out with her mouth pouting and a depressed expression on her face.

Upon seeing Xian Miaomiao, Chu Feng was shocked. Although this Xian Miaomiao was still only a young girl, she was even more beautiful than the doll.

The Ancient Era's Elves all possessed exceptional beauty. Their men were as beautiful as women, and their women were as beautiful as celestial fairies. Yet, Xian Miaomiao was definitely the most beautiful Ancient Era's Elf that Chu Feng had seen so far.

Her skin was white, yet rosy. It was as if it was made of jade. Her face was a standard oval shape. When combined with her delicate, ruby-lipped mouth and her perky little nose, she was truly exceptionally beautiful.

In addition to her own beauty, the dress that she was wearing was also extremely beautiful. It was a white short dress with pink laces. It looked both clean and natural, both noble and charming. Especially that pair of beautiful legs extending out from the dress's little skirt, one would inevitably feel endlessly aroused upon looking at them.

At that moment, Chu Feng faintly felt the same sort of stunned sensation that he had felt the first time he had met Her Lady Queen.

However, the two women were different. Although Her Lady Queen possessed a cute and charming oval-shaped face, she was exceptionally sexy. At the same time, she did not lose any of her innocent charm. When combined with her refined facial features, she was simply perfect. There was definitely no man that could remain unaroused after seeing Her Lady Queen.

The reason for that was because Her Lady Queen possessed what men were fond of. She was a natural beauty, a flawless, dream-like beauty.

However, as for the young girl before him, although she also possessed an oval-shaped face and an exceptional figure, she did not possess a trace of sexiness, nor did she possess the cold airs of being unobtainable. The feeling that she emitted could be described with two words — fresh and pure.

This was especially true for her beautiful eyes. They were filled with spirit and cleverness.

If Her Lady Queen's appearance could baffle all living things and make all men drool for her, then the young girl before Chu Feng was more like a beautiful pearl that one would want to hold in one's hands and carefully admire.

Thus, this Xian Miaomiao possessed a very distinguishing beauty. Even someone like Chu Feng who had seen countless beauties was unable to help his heartbeat from accelerating and his mind from

wandering the moment he saw Xian Miaomiao.

However, more than anything, Chu Feng was shocked by Xian Miaomiao's cultivation. She was actually a rank three Martial Emperor. However, judging from her appearance, she should only be fifteen or sixteen years old. To possess this cultivation at her age, that was simply too frightening.

“What a powerful girl. Could she be that Ancient Era's Elve's super genius?” At that moment, even Her Lady Queen was deeply affected by Xian Miaomiao.

Chu Feng clasped his fist and asked, “Excuse me, may I ask who you might be?”

“What's wrong, you don't recognize me?” Seeing Chu Feng looking at her with a curious expression, Xian Miaomiao revealed a brimming sweet smile on her previously-depressed face.

“We've met before?” Chu Feng started to frown. He began to carefully inspect Xian Miaomiao again, and ascertained that it was really the first time that he had met her. As such, they should not have met each other before.

That being said, Chu Feng felt a weird sense of familiarity from Xian Miaomiao. Although it was very faint, he still felt that he had met her before. Merely, he could not recall where he had met her.

“Cough, cough,” At that moment, Xian Miaomiao stood there with a deadpan expression. Then, she suddenly turned around, pretended to have a male's voice and shouted, “Hey, little lady, you haven't told me your name yet.”

After she finished saying those words, Xian Miaomiao suddenly leapt several meters away. She turned around and exposed a sweet and slightly naughty smile. She said, “I'm not telling you.”

“It's you?” At that moment, Chu Feng's gaze shone, and he had a sudden realization.

He recalled how he had met a little girl in the Ancient Era's

Immortal Pond not long after arriving in the Holy Land of Martialism.

That little girl had stolen another's possessions and was being chased by them. It was Chu Feng who had acted to save her.

Before that girl left, Chu Feng had asked her about her name. Merely, she did not mention her name to Chu Feng. As for the dialogue between them, it was precisely the same as the one that this young girl before him had imitated.

At that moment, Chu Feng smiled. At that moment, he was practically certain that this exceptionally beautiful and talented girl before his eye should be the Ancient Era's Elves' renowned little princess.

Merely, Chu Feng truly did not expect for this little princess to be the same little girl who was being chased by humans in the Ancient Era's Immortal Pond.

Chu Feng began to ponder. If those people that were chasing after the little princess were to know that the little girl that they were chasing that day was the Ancient Era's Elves' incomparably high and precious little princess, what sort of reaction would they have? Likely, they would faint from fear. Perhaps they might even piss their pants on the spot.

"Haha, you've finally remembered. Seems like your memory is not that bad either," Xian Miaomiao had her hands behind her back as she walked toward Chu Feng. After arriving before Chu Feng, she nodded in satisfaction.

"Of course I remember. Even though we've only met once, I have a very deep impression of you. Back then... you had the appearance of a human. It would seem that you had altered your true appearance," Chu Feng said.

"My appearance altering technique is amazing, no? Even you, a world spiritist who is able to see through my enticing beautiful doll

with a single glance was unable to see through my appearance altering technique,” Xian Miaomiao snatched the doll away from Chu Feng. However, suddenly, she said somewhat unhappily, “While the test ended up in a failure and you’ve managed to see through this doll of mine, it cannot prove that you are not lecherous, nor does it mean that you have no ulterior interest in our Ancient Era’s Elves’ women.”

“Oh you. Do I really look like a lecher?” Chu Feng said helplessly.

“Woosh~~~”

At that moment, Xian Miaomiao suddenly looked to Chu Feng. Her pair of blue eyes began to carefully inspect Chu Feng. Then, with a serious expression on her face, she nodded and said, “You do.”

“Pff...”

At that moment, even Chu Feng was unable to contain himself, and ended up bursting into laughter because of that Xian Miaomiao. Even though he knew that the young girl before him was the Ancient Era’s Elves’ most respected little princess, Chu Feng did not feel any sense of restraint before her. Instead, he felt an indescribable sort of closeness.

“Little Princess, you should be able to tell me your name now, no?” Chu Feng asked. He was actually extremely grateful toward this little princess.

Before, Chu Feng was confused as to why Princess Lingyue would help him. However, after meeting this little princess, he knew the reason why. Everything was all because of this girl before him.

Xian Miaomiao sighed. “Why do people all like to ask each other’s names? Are names really that important?” She seemed to not want to tell Chu Feng her name.

“Of course one’s name is important. A name will allow one to remember another person. Else, why would you ask my name

when you left back then?” Chu Feng asked.

“That’s true. Very well then, I’ll tell you my name. However, you must remember that you absolutely cannot tell anyone else. Else, I will not let you get away with it,” Xian Miaomiao moved her little fists around and feigned a very vicious appearance as she said that. However, she was actually extremely adorable.

Chu Feng raised his hand and vowed, “I swear that I will not mention your name to anyone even if I am to be killed.”

“That’s more like it,” Xian Miaomiao smiled sweetly. Then, she said one word at a time, “Remember it, this Princess’s name is Xian... Miao... Miao.”

Chapter 1892 – Blood Devouring Armor

“Xian Miaomiao?” Chu Feng was stunned upon hearing that name. Then, with a suspicious expression on his face, he looked to Xian Miaomiao and asked, “You’re not lying to me, right?”

“Why would I lie to you? I’m not lying to you.”

“Wait, why would you think that I’m lying to you? Aiyah, are you looking down on my name?” Xian Miaomiao bulged her cheeks in anger.

“Haha, of course not, how could I dare?”

“Merely... the name Xian Miaomiao, it’s, eh... very good, very good.” Chu Feng waved his hand repeatedly. However, he truly felt that the name Xian Miaomiao was very interesting. Such a playful name, no matter how one looked at it, it did not resemble the name that a grand Ancient Era’s Elves’ Princess would have. However, Chu Feng trusted that Xian Miaomiao was not deceiving him.

“Seems like the two of you are getting along pretty well,” Right at that moment, Princess Lingyue opened the door and entered. That old rank five Martial Emperor was following behind her.

“Big sister, Uncle Yue, you’ve come. I have already prepared a banquet and have been waiting for you two,” Upon seeing Princess Lingyue and the old man, Xian Miaomiao clapped her hands excitedly. Then, she ran toward the inside of the palace hall.

“You little glutton,” Princess Lingyue shook her head with a smile. Then, she looked to Chu Feng and said, “Young master Chu Feng, please. It is rare for that girl Miaomiao to invite me to eat. For me to obtain such treatment, it is all because of your fortune.”

“Your Highness is being too courteous. You can just address me as Chu Feng,” Chu Feng said.

“Even if I am being courteous, it’s only because young master

Chu Feng was courteous first,” Princess Lingyue said with a smile.

“Ahh...” At that moment, Chu Feng smiled. He did not say anything, and instead proceeded toward the inside of the palace hall.

Afterward, Chu Feng enjoyed a banquet in the palace hall. It was an extremely rich meal. After the banquet, Chu Feng was brought by that Uncle Yue to a palace set up for him to rest in.

At that moment, only Princess Lingyue and Xian Miaomiao remained in the tree palace.

“How was it? Did he pass your test?” Princess Lingyue asked.

“Barely,” Xian Miaomiao said carelessly.

“In that case, how many Ten Thousand Leaves Sparrowtail Flowers do you plan to give him?” Princess Lingyue asked.

“He only barely passed. Thus, I naturally cannot give him too many. Just give him like a hundred,” Xian Miaomiao said.

“What?” Hearing that word, even the generally calm and collected Princess Lingyue was shocked.

“Miaomiao, what sort of nonsense are you talking about? In our entire Elf Kingdom, we only possess several thousand Ten Thousand Leaves Sparrowtail Flowers.”

“When the Compass Immortal and the Snow-haired Immortal came here to ask for Ten Thousand Leaves Sparrowtail Flowers, we only presented them with one each. Even when the Weaponry Refinement Immortal and the YinYang Immortal came to ask for them, we only gave them five each.”

“Even back when our royal father decided to thank the Immeasurable Immortal for helping us open an Ancient Era’s Remnant, he had only put ten Ten Thousand Leaves Sparrowtail Flowers in the gift that he personally prepared.”

“Even though this Chu Feng possesses exceptional talent, his

status is much inferior to those Immortals. It is more than sufficient for you to gift him five Ten Thousand Leaves Sparrowtail Flowers. Yet, you actually wanted to give him a hundred? If the elders are to learn about this, they will also not agree to it,” Princess Lingyue said in a very shocked manner.

“Aiyah, big sister, it is true that we do not have a lot of Ten Thousand Leaves Sparrowtail Flowers, but don’t we still have several thousands of them? Furthermore, Chu Feng is going to use them to save someone. So what if we are to give him several more? Back then, he helped me. If he hadn’t helped me, your little sister, I, would have been beaten by others,” Xiao Miaomiao said.

“Nonsense! Although your cultivation back then was much inferior to your current cultivation, you were still not someone that group of people could do anything to. Furthermore, Uncle Qing was also with you. Not to mention a mere Cyanwood Domain, there was barely anyone in the entire Holy Land of Martialism that could touch you,” Princess Lingyue said.

“But, big sister, if my cultivation was as weak as that of an ordinary little girl, and if Uncle Qing had not secretly followed me to protect me?”

“If that was the case, then, if Chu Feng had not helped me back then, what do you think would’ve happened to me?” Xian Miaomiao said with a serious expression.

“This...” Princess Lingyue sighed, “Forget about it. A hundred it is then. I knew that you possessed special feelings for that Chu Feng. It’s no wonder you always mention him.”

“As for our royal father and the elders, I’ll go and help you talk to them,” In the end, Princess Lingyue gave in. The reason for that was because she knew that regardless of whether Xian Miaomiao possessed the strength to protect herself back then, she was someone without any strength to protect herself in the eyes of Chu Feng. Thus, Chu Feng had indeed helped her.

Princess Lingyue cared deeply about her younger sister. Since her younger sister wanted to gift Chu Feng a hundred Ten Thousand Leaves Sparrowtail Flowers as her repayment for his grace, she had no choice but to accept it unconditionally.

“I knew big sister was the best,” Xian Miaomiao grabbed onto Princess Lingyue’s arm extremely happily.

“Oh, that’s right. Miaomiao, the Blood Devouring Armor is completed,” Princess Lingyue asked.

“Really? How many?” Xian Miaomiao asked.

“Two,” Princess Lingyue said.

“Aiyah, didn’t I say one would be enough? Why make so many?” Xian Miaomiao curled her lips in a dissatisfied manner.

“It’s naturally so that we can have someone protecting you,” Princess Lingyue said.

“Protect me? That Xian Yuyin? While it is true that his cultivation has greatly increased after he subdued an Imperial Armament, and he has become a rank three Martial Emperor like me, big sister, you should know that Xian Yuyin is no match for me.”

“As such, how could he possibly protect me? It would already be great if I don’t have to protect him instead. Furthermore, you also know that... I loathe him,” Xian Miaomiao said angrily.

“Your big sister also dislikes him. However, this matter was decided by father and the elders. After all, the Blood Devouring Armor is only something that the younger generation can wear. Furthermore, among our Ancient Era’s Elves’ younger generation, only Xian Yuyin is able to accompany you into the Blood Devouring Killing Formation,” Princess Lingyue said.

“Younger generation?” Hearing the words ‘younger generation,’ Xian Miaomiao’s expression changed to one of joy. She said, “Big sister, I have a candidate that’s even more suitable than Xian

Yuyin.”

“You’re not talking about Chu Feng, right?” Princess Lingyue started to frown.

“Mn, mn, mn, mn,” Xian Miaomiao nodded her head repeatedly while smiling beamingly.

“Oh you. Chu Feng is not an Ancient Era’s Elf. How could he...?”

“Big sister, just help me with it. If I must be accompanied by Xian Yuyin, I’d rather not go,” Xian Miaomiao turned around angrily.

“Miaomiao, stop with your temper. You should know how important the Ancient Era’s Immortal Flower is to you. There’s most definitely an Ancient Era’s Immortal Flower in that Blood Devouring Killing Formation,” Princess Lingyue urged.

Xian Miaomiao suddenly turned around and grabbed the corner of Princess Lingyue’s clothes. She said in a pitiful manner, “Then, big sister, just help me talk to them and let them have Chu Feng accompany me.”

Seeing her little sister acting like this, Princess Lingyue was truly at a loss. She knew Xian Miaomiao’s temperament. If she refused to help her, Xian Miaomiao might really rather not go. Thus, with no other choice, Princess Lingyue sighed and said helplessly, “I truly cannot deal with you. I’ll try my best.”

“Haha, I knew big sister was the best,” Xian Miaomiao hugged Princess Lingyue’s arm again tightly and started to swing it back and forth in joy.

.....

Spirit Beasts, they were a sort of special organism from the Ancient Era. However, they were not fierce at all. Merely, their speed was extremely fast, and they had appearances similar to those of leopards. Generally, they would be around five meters long. Since very long ago, they had been domesticated by Ancient Era’s Elves.

The Ancient Era's Elves had used special methods to erase their intelligence and named them Spirit Beasts. Currently, they were a special means of transportation limited to the Elf Kingdom.

Inside the Spirit Beasts Room. Xian Yushi was in that place. His body was extremely stinky. Beside him stood a man. This man was also someone from the younger generation. However, he possessed the cultivation of a rank three Martial Emperor.

Xian Yuyin was originally a rank one Martial Emperor. After the Strongest Younger Generation Battle Assembly held in the Gong Ba Plains, he reached a breakthrough to rank two Martial Emperor and was awarded an Imperial Armament. Then, using the Ancient Era's Spirit Formation in the Elf Kingdom, he successfully subdued the Imperial Armament. With that, his cultivation increased once again. That was how he became the rank three Martial Emperor he was today.

Before the emergence of Xian Miaomiao, he had always been the strongest member of the younger generation in the Elf Kingdom. He was Xian Yushi's own blood brother.

"Big brother, you must uphold justice for me. It is all because of that Chu Feng that I ended up suffering this sort of humiliation," Xian Yushi had told Xian Yuyin all that had happened today.

"Little brother, rest assured. I will definitely not let that Chu Feng get away with this. Merely, I still cannot go against Princess Lingyue yet. The reason for that is because your brother, I, have obtained a heavy responsibility. I'll be entering the Blood Devouring Killing Formation together with Princess Miaomiao to search for the Ancient Era's Immortal Flower," Xian Yuyin said.

"Big brother, is what you said for real?" Hearing those words, Xian Yushi was overjoyed. He seemed to have forgotten the grievances he had suffered today.

"Of course. You also know that due to the title of the strongest younger generation, I ended up in a disagreement with Princess

Miaomiao. Because of that, she dislikes me a lot. However, Princess Miaomiao is currently our Ancient Era's Elves' widely accepted successor to the King."

"Thus, I must improve my relationship with her. To accompany her in the Blood Devouring Killing Formation this time around will be a great opportunity for me to get closer to her."

"Not only must I improve my relationship with her, I will also use this opportunity to bring our relationship one step further. I am going to become her husband. As long as I become her man, even if she is to become the Queen, the person with the actual authority will be me."

"At that time, even if that bitch Lingyue is Miaomiao's older blood sister, she will also have to do as I say and be ordered by me."

"As for that Chu Feng, humph, he's a mere human. Whenever I want him to die, he shall die at that time. However I want him to die, he shall die in that manner," After saying those words, Xian Yuyin revealed a treacherous smile.

"Your little brother is willing to follow big brother for the rest of his life," At that moment, with a 'putt,' Xian Yushi knelt before his own older brother to show his loyalty. He also knew that this was no small matter. If his brother succeeded, he would also enjoy endless glory.

"Hahaha..." Seeing his younger brother acting like this, the smile on Xian Yuyin's face grew even denser. It was as if he could already see the scene of him becoming the King in the future.

Chapter 1893 – Mischievous Girl

That evening, Xian Miaomiao personally arrived at Chu Feng's palace to visit him. She had brought a hundred Ten Thousand Leaves Sparrowtail Flowers with her as her gift to Chu Feng.

Upon seeing that there were a total of a hundred Ten Thousand Leaves Sparrowtail Flowers, Chu Feng immediately felt extremely grateful. After all, back when the Compass Immortal came to the Elf Kingdom to request for Ten Thousand Leaves Sparrowtail Flowers, he had only managed to receive a single flower.

Furthermore, it seemed that he would not be allowed to request another one for the rest of his life. This was also the reason why the Compass Immortal himself had not come here, and instead asked Chu Feng to go. The reason for that was because even if he were to go, he would not be able to successfully request a Ten Thousand Leaves Sparrowtail Flower.

From this, it could be seen that the Ten Thousand Leaves Sparrowtail Flowers were very precious even in the Elf Kingdom, and not something that they would casually gift to others.

For Xian Miaomiao to directly gift Chu Feng a hundred Ten Thousand Leaves Sparrowtail Flowers at once, it clearly illustrated her generosity.

“Princess Miaomiao, a single flower is all I need. These hundred flowers, they're a bit too numerous,” Chu Feng said.

Chu Feng knew that Xian Miaomiao might be feeling grateful toward him for what he had done back then. Thus, she was giving him a hundred Ten Thousand Leaves Sparrowtail Flowers in order to repay him. However, Chu Feng felt that it was truly too much.

Especially when the hundred Ten Thousand Leaves Sparrowtail Flowers were placed before him, Chu Feng was able to realize how valuable these flowers were from their peacock-tail-like beauty.

Indeed, they were extremely precious items. If one was to auction them, one would definitely be able to sell them for an extremely high price. Furthermore, they were the sort of item whose supply would not meet demand.

“To refuse what is given you, are you stupid?” Xian Miaomiao cast a side eye at Chu Feng after seeing that he was actually refusing them. However, she soon smiled sweetly and said, “Just accept them. I actually also have a request for you.”

“May I know what it might be?” Chu Feng asked.

“Accompany me to the Blood Devouring Killing Formation,” Xian Miaomiao said.

“Blood Devouring Killing Formation? Are you talking about one of the Holy Land of Martialism’s Three Great Forbidden Areas, that Blood Devouring Killing Formation?” Chu Feng asked.

“Other than that, is there any other Blood Devouring Killing Formation?” Xian Miaomiao asked.

“You really want me to accompany you there?” Chu Feng asked.

“Of course. This princess has considered it carefully,” Xian Miaomiao nodded.

“Very well,” Chu Feng accepted straightforwardly.

“You’re actually not asking me why I want you to accompany me, or my purpose in having you accompany me there? You must know that, that place is no ordinary place; it’s one of the most dangerous locations in the Holy Land of Martialism,” Xian Miaomiao was shocked by how Chu Feng had accepted her request so frankly.

As for Chu Feng, he smiled lightly and said, “It’s precisely because that place is dangerous that the fact that you requested me to accompany you means that you trust me greatly. Since you have placed such trust in me, that means that you’ve considered me as your friend. As such, I will naturally consider you my friend too.

For friends, one should naturally give one's all to assist them, to the point of sacrificing oneself."

"Is that so? Very well, [I'll stab you twice first](#)," As Xian Miaomiao said this, she held her two little fists up, pretended to be holding blades, and stabbed at Chu Feng's two ribs.

"Oh you, it's merely an analogy. Yet, you're actually taking it literally," Chu Feng lightly flicked Xian Miaomiao's forehead. The reason for that was because this little girl's two fists actually kind of hurt when they suddenly landed on Chu Feng's ribs.

"Hahaha, are you afraid now? This princess is extremely powerful," Xian Miaomiao smiled complacently. Then, she began to give an account to Chu Feng of her purpose in going to the Blood Devouring Killing Formation.

Xian Miaomiao's body was somewhat special. She was extremely powerful the moment she was born, greatly surpassing the power that ordinary Ancient Era's Elves would be born with.

However, ordinary cultivation resources were useless for her. She could only increase her cultivation by relying on Natural Energies.

Upon discovering this, Chu Feng was extremely shocked. Just thinking about how Xian Miaomiao's frightening cultivation was all obtained by herself [through training](#) was truly too shocking.

However, that was actually not true. There was actually a type of cultivation resource that could help Xian Miaomiao increase her cultivation. As for that, it was the Ancient Era's Immortal Flower.

The Ancient Era's Immortal Flowers were precious cultivation treasures from the Ancient Era. Merely, Ancient Era's Immortal Flowers were colorless, odorless and even formless. It was practically impossible for ordinary people to discover them.

However, Xian Miaomiao possessed a special sort of detection ability. As long as a place contained an Ancient Era's Immortal

Flower, she would be able to detect it. Furthermore, within a certain range, she would be able to discover the Ancient Era's Immortal Flower.

Although the Ancient Era's Immortal Flowers were from the Ancient Era, there were quite a few in the Holy Land of Martialism right now.

Over the years, Xian Miaomiao had been constantly on the move through various ancient lands and ruins all for the sake of finding Ancient Era's Immortal Flowers. As matters stood, she had practically traveled through all the places in the Holy Land of Martialism that she could travel to and searched through all the places that she could search. Although she had obtained quite a harvest, she was now faced with being unable to find any more Ancient Era's Immortal Flowers.

As of now, she was certain that there were Ancient Era's Immortal Flowers in the depths of the Blood Devouring Killing Formation. Furthermore, they would be there in large quantity. If she was able to obtain them, it would definitely be an enormous harvest for her.

However, it was no joke that the Blood Devouring Killing Formation was known to be one of the Three Great Forbidden Areas. This was especially true for the depths of the Blood Devouring Killing Formation. That place contained enormous pressure. Furthermore, that pressure was extremely strange. It led to even the Elf Kingdom's Elf King being unable to enter that place.

However, in the depths of that Blood Devouring Killing Formation lived a special sort of insect. That insect was not afraid of the strange pressure. Due to the fact that, that insect was the only organism living in the Blood Devouring Killing Formation, it was named the Blood Devouring Insect.

For the sake of entering the depths of the Blood Devouring Killing Formation and obtaining the Ancient Era's Immortal

Flower, the Elf King, Xian Miaomiao's father, had sought the assistance of one of the Ten Immortals, the Immeasurable Immortal.

The Immeasurable Immortal was someone equally as famous as the Weaponry Refinement Immortal. He was one of the most influential World Spiritists in the Holy Land of Martialism.

If the strongest aspect of the Weaponry Refinement Immortal was his weaponry refinement, then the strongest aspect of the Immeasurable Immortal would be in a wondrous spirit formation which he had grasped. He was able to use rare treasures to forge the strongest defensive armors.

Thus, the Elf King had requested for the Immeasurable Immortal to use the Blood Devouring Insects to form an armor that could resist that strange pressure so that one could enter the depths of the Blood Devouring Killing Formation.

Currently, with the effort from the Immeasurable Immortal, he had finished forging the Blood Devouring Armor. Furthermore, he had made two suits of the armor.

However, due to the special characteristics of the Blood Devouring Insects, the Immeasurable Immortal had mentioned before he had even started forging the armor that even if he were to succeed, those who could enter the Blood Devouring Killing Formation must be of the younger generation. That is, under a hundred years old. If they were over a hundred years old, even when wearing the armor, they would not be able to conceal their auras. As long as their own auras were exposed, they would be crushed to death by that strange pressure.

Thus, with the current situation, it must be two people from the younger generation who would don the Blood Devouring Armor and enter the Blood Devouring Killing Formation. Originally, it had been decided that Xian Miaomiao and Xian Yuyin would be the ones to go in. However, Xian Miaomiao deeply detested Xian

Yuyin. Thus, she wanted Chu Feng to go with her instead.

“No problem,” After learning of the situation, Chu Feng nodded his head straightforwardly.

“Chu Feng, you’re truly wonderful,” Xian Miaomiao was extremely happy. After all, the depths of the Blood Devouring Killing Formation was a place where even the peak experts of the Holy Land of Martialism feared. To enter that place would mean that one would place one’s life in great danger. If ordinary people were to hear the words ‘Blood Devouring Killing Formation’, their expressions would immediately change to ones of fear.

Yet Chu Feng, even though he knew that it was a place filled with danger still agreed to accompany her without the slightest hesitation. This caused Xian Miaomiao to ineffably feel a sort of warmth.

“Merely, I have a condition,” Chu Feng said.

“What is it?” Xian Miaomiao asked.

“I have come to ask for Ten Thousand Leaves Sparrowtail Flowers for the sake of saving someone. Thus, I must bring the Ten Thousand Leaves Sparrowtail Flowers back first. I will accompany you to the Blood Devouring Killing Formation afterward,” Chu Feng said.

“This...” Hearing those words, Xian Miaomiao started to frown. Her mouth started to pout, and she revealed an expression of difficulty.

Seeing her appearance, Chu Feng started to worry. Chu Feng was able to tell that Xian Miaomiao possessed some hidden trouble that was hard to mention.

However, right at that moment, Xian Miaomiao suddenly started to grin from ear to ear. With a beaming smile, she said to Chu Feng, “No problem.”

“Oh you, you’re actually toying with me,” At that moment, Chu

Feng gave Xian Miaomiao an enormous side eye. Evidently, the difficult expression that she had earlier was feigned. She was deliberately fooling Chu Feng.

That being said, Chu Feng had to admire this girl's acting skills. It was truly too real. Even Chu Feng was unable to see through her act. He had been defeated by this mischievous little girl.

In chinese, to be able to sacrifice oneself for one's friend is said literally as 'pierced by blades from both sides,'

Remember, there's 2 ways for cultivators to increase their energy to level up. 1 is by gathering natural energies in their bodies, and the other is to get external energies through cultivation resources. Chu Feng is only capable of doing the latter since cultivators gather energy very slowly... so he will not be able to level up using the former, as he requires too much energy.

Chapter 1894 – Shocking Sentence

The next day, Chu Feng arrived at the Ancient Era's Elves' most respected palace hall, the Ancient Era's Palace, with Xian Miaomiao and Princess Lingyue.

As its name implied, the Ancient Era's Palace was a palace that had existed since the Ancient Era.

Not only was this palace extremely gorgeous and magnificent, it was also one of the Elf Kingdom's very few perfectly preserved palaces from the Ancient Era. Thus, this palace emitted the aura of the Ancient Era from all over.

When one entered that palace, one would immediately feel a deep veneration for the palace itself.

At that moment, many people had arrived at this palace hall. They were all extremely influential grand characters in the Holy Land of Martialism.

The Elf King, the Four Grand Elders, and the Eight Protectors...

They were the most powerful battle power of the Elf Kingdom, and also the most frightening battle power in the Holy Land of Martialism right now. At that moment, they were all gathered in this Ancient Era's Palace.

Upon entering the palace, the first person who entered Chu Feng's line of sight was the person sitting on the master seat, the Elf King.

Upon seeing the Elf King, even Chu Feng's eyes started to shine, and his hair started to rise.

Powerful. Even though the Elf King had the appearance of a middle-aged man, was very handsome and appeared to be amiable, the ruler's aura that he emitted was able to penetrate through one's heart. From a single glance, one could tell how powerful of an existence he was.

Furthermore, his king's aura was even better manifested as he was wearing a crown on his head, golden clothes and a suit of soft green armor.

There was currently no Overlord in the Holy Land of Martialism. However, even in the eras with Overlords, those Overlords might not necessarily be the strongest person in the Holy Land of Martialism.

The reason for that was because, other than the Three Palaces, Four Clans and Nine Powers, as well as the various monstrous beast powers, there was still the unsurpassed Elf Kingdom.

Reportedly, of the Five Overlords, only Emperor Qing, Qing Xuantian, had managed to actually defeat an Elf King.

From this, it could be seen how powerful the Elf Kingdom was. Perhaps the Elf King before Chu Feng might be the strongest individual in the Holy Land of Martialism right now.

However, this strongest individual did not emit that air of arrogance of being high and above. Upon seeing that Chu Feng had entered the place, the other Ancient Era's Elves all revealed expressions of surprise. However, the Elf King, the person with the most precious status, was the only person to actually nod and smile at Chu Feng. This caused Chu Feng to feel a considerable amount of warmth.

As they say, dragons birth dragons, phoenixes birth phoenixes, and the son of a rat will know how to dig a hole. At that moment, Chu Feng was deeply experiencing that saying.

It was no wonder that Princess Lingyue and Xian Miaomiao were so amiable. It turned out that they actually possessed a great role model.

Other than the Elf King, the four aged Elders and the Elf Kingdom's Eight Protectors all revealed expressions of displeasure upon seeing Chu Feng. This was especially true for one among the

Protectors, a man with a scar on his left eye. After he saw Chu Feng, he did not even bother to cover the disgust and hatred in his eyes.

“That man over there with a scar over his left eye is Xian Yuyin’s father. As for that guy there, he’s Xian Yuyin,” At that moment, Xian Miaomiao was secretly pointing out Xian Yuyin and his father to Chu Feng.

Following the direction that Xian Miaomiao had indicated to him, Chu Feng saw a young man seated below. That was Xian Yuyin. Merely, after Xian Yuyin saw Chu Feng, the hatred and disgust that he revealed in his eyes was actually even more intense than his father’s. Not only that, there was also envy in his eyes.

At that moment, Chu Feng smiled in his heart. Chu Feng was able to understand the envy that Xian Yuyin had toward him.

Without even thinking about it, Chu Feng knew for certain that Princess Miaomiao and Princess Lingyue were most definitely two of the most beautiful women in the Elf Kingdom, the sweethearts in the dreams of countless men.

And now, these two princesses appeared together with Chu Feng. Furthermore, Xian Miaomiao was whispering to Chu Feng in such an intimate manner. It would instead be strange if that Xian Yuyin was not jealous.

Chu Feng did not mind the peculiar gazes that were cast towards him. Those high and above would generally look down on others they perceived to be inferior to them. When even the humans were this way, how could the Ancient Era’s Elves, a race that had existed from the Ancient Era and possessed a noble lineage, possibly not act in such a manner? Let alone these people present, that were of the very best of the Elf Kingdom.

At that moment, Chu Feng felt their true might. Perhaps this might be the strongest battle power in the Holy Land of Martialism right now.

This sort of sensation felt quite decent. Chu Feng was not afraid of this sort of pressure. Instead, he felt joy because of it.

When facing those that were strong, Chu Feng would feel as if his blood was boiling. It would drive him to become even stronger faster.

One thing worthy of mentioning was that Chu Feng was not the only human in this Ancient Era's Palace. Other than Chu Feng, there were two other humans.

They were two Dragon Mark Royal-cloak World Spiritists. One among them possessed a very powerful aura, so strong that Chu Feng was actually unable to see through his cultivation. Likely, that world spiritist should be the person who was equally as famous as the Weaponry Refinement Immortal, the Immeasurable Immortal.

When the Immeasurable Immortal saw Chu Feng, he also smiled and nodded. He had a very amiable appearance.

As for the other man, although he also appeared to be very amiable toward Chu Feng, Chu Feng was able to feel deep killing intent from him.

This person was someone that Chu Feng recognized. He was the most infamous Immortal in the Holy Land of Martialism, the Avaricious Immortal.

"Chu Feng, that Avaricious Immortal is the Immeasurable Immortal's junior brother. Although it is the Immeasurable Immortal who forged the Blood Devouring Armor, the Avaricious Immortal also helped," Seemingly knowing that Chu Feng was on bad terms with the Avaricious Immortal, Princess Lingyue spoke to Chu Feng through a voice transmission.

"It's no bother," Chu Feng smiled in reply. Although he possessed hatred toward the Avaricious Immortal, even if the two of them were absolutely irreconcilable, Chu Feng would still not

settle his debt with the Avaricious Immortal in the Elf Kingdom's territory.

At that moment, Xian Yuyin exploded. "Chu Feng, you are truly audacious! Is this a place that someone like you can enter? Scram immediately!" He spoke to drive Chu Feng out. Hearing those words, the guards outside the door started to move. They had the intention to arrest Chu Feng and drive him out.

"Chu Feng is my guest. I shall see who dares to drive him out," Xian Miaomiao said coldly. Her tone was extremely domineering.

After Xian Miaomiao spoke, the guards outside the door immediately returned to their original positions. Furthermore, they all revealed fear on their faces.

Compared to Xian Yuyin, the weight of Xian Miaomiao's words was much heavier.

"Miaomiao, this is the Ancient Era's Palace. How could humans be allowed in here?" Xian Yuyin said. Compared to how he spoke to Chu Feng, his attitude was much better when he spoke to Xian Miaomiao. In fact, he seemed to have an attitude of conceding to her.

However, Xian Miaomiao was still completely ruthless toward him. "Are you saying that the Immeasurable Immortal and the Avaricious Immortal are not humans?"

"How could this be compared? The two Immortals have done us a meritorious service by forging the Blood Devouring Armor. They were personally invited here by the King. How could Chu Feng possibly compare to the two Immortals?" Xian Yuyan said.

Right at that moment, Xian Yuyin's father suddenly said, "Enough. Yuyin, as a big brother, you should yield to your little sister,"

After hearing what his father said, Xian Yuyin seemed to have understood something. Not only did he not say anything anymore,

he instead revealed a slight smile.

“Miaomiao, you also spoke wrongly too. As your uncle, I should properly fix your attitude.”

“After all, Yuyin is your big brother. When speaking to him, you should show some respect. Furthermore, the two of you are about to be alone with one another for some time. If you are to act this way, as your uncle, I will not be at ease,” Xian Yuyin’s father said to Xian Miaomiao.

“That’s right. Miaomiao, in the entire Elf Kingdom, you and Yuyin match one another the best. As such, the two of you should get along with one another well. Stop quarreling all the time,” In response, another Protector spoke with a beaming smile. Although this man was also a Protector, he was Xian Yuyin’s father’s trusted aide. Naturally, he would be speaking for Xian Yuyin.

Hearing those words, some people revealed smiles on their faces, whereas others revealed expressions of discomfort. However, no one said anything. Regardless of whether or not they were fond of Xian Yuyin, in order to guarantee their purest Ancient Era’s Elf’s bloodline, Xian Miaomiao’s future husband must definitely be chosen from among the Ancient Era’s Elves.

Furthermore, among the entire Elf Kingdom, it was true that only Xian Yuyin would be suitable for Xian Miaomiao. Thus, Xian Yuyin being Xian Miaomiao’s future husband was something that many people accepted to be true.

This was also the reason why Xian Yuyin, although a person of the younger generation and not the Elf King’s son, possessed such great authority in the Elf Kingdom. As many people all understood that he would become the Elf King in the future, they naturally did not dare to provoke him.

“It just so happens that this matter is precisely what I want to talk about today. I do not plan to enter the Blood Devouring Killing Formation with Xian Yuyin,” Xian Miaomiao said.

Xian Miaomiao's words came like a sudden clap of thunder that resounded in the hearts of everyone present.

Chapter 1895 – Extraordinary Significance

“Miaomiao, what did you just say?” One of the Protectors asked in a very amazed manner.

At that moment, practically all of the Ancient Era’s Elves present were looking to Xian Miaomiao with astonished expressions. This was especially true for Xian Yuyin and his father. At that moment, their expressions were truly marvelous.

“I said I do not plan to enter the Blood Devouring Killing Formation with Xian Yuyin,” Xian Miaomiao said.

“Are you to say that you’re planning to enter by yourself?” That Protector asked again.

“No, I’m going to have Chu Feng accompany me,” Xian Miaomiao said.

“What?” Hearing those words, not to mention the Ancient Era’s Elves, even the Immeasurable Immortal and the Avaricious Immortal were shocked.

As for Xian Yuyin and his father, they were so stunned that it was as if they had become petrified. Especially Xian Yuyin, he simply did not even dare to believe what he had just heard.

“Xian Miaomiao, what sort of joke is this? Chu Feng is a human. How could he possibly accompany you into the Blood Devouring Killing Formation?!” Xian Yuyin shouted. At that moment, he was extremely enraged, because he felt that his honor had been trampled upon.

“Heh, it is up to me to determine who shall accompany me. What makes you think you can decide?” Xian Miaomiao cast a side eye at Xian Yuyin. She simply did not place him in her eyes at all.

“Miaomiao, this matter is extremely important. How could you have a human like Chu Feng accompany you?” Xian Yuyin’s father added.

“I said, it is up to me to decide who shall accompany me. None of you have a say in this matter,” Faced with Xian Yuyin and his father, Xian Miaomiao was still as domineering as before.

“Your Majesty, this...” Feeling helpless, Xian Yuyin turned his gaze to the Elf King. He wanted to have the Elf King contain his daughter.

“Miaomiao, why do you want Chu Feng to accompany you?” The Elf King asked.

“Royal Father, compared to Xian Yuyin, I trust Chu Feng more,” Xian Miaomiao said.

“You...” Hearing those words, Xian Yuyin was so enraged that he nearly vomited blood. At that moment, he felt his vision become blurred, and his head dizzy. He was simply about to be angered to death.

Humiliation. This was an absolute humiliation. If this had been done privately, it would not be much. However, Xian Miaomiao had actually said those words without any concern before all those seniors. As such, how could Xian Yuyin possibly face the crowd? This was simply placing him in an awkward situation.

“Miaomiao, are you not being too excessive here?!” At that moment, Xian Yuyin’s father also had an angry expression on his face. To have his own son be humiliated in such a manner, he would naturally also be angered.

At that moment, a very skinny old man among the Four Grand Elders said, “Miaomiao, no matter what, Xian Yuyin is your older brother. As such, how could you say that about him? Moreover, the matter of entering the Blood Devouring Killing Formation is no small matter. For you to find a human to accompany you, we would also not feel reassured.”

“Lord Elder, Royal Father, it is not that I, Xian Miaomiao, am stubborn. Merely, the matter of finding Ancient Era’s Immortal

Flowers is my own personal matter to begin with.”

“I truly do not understand why I need you all to decide my own matters. In short... either Chu Feng accompanies me, or I will not go. You all can decide what to do,” Xian Miaomiao’s expression grew completely gloomy.

“This!!!” At that moment, even the Four Grand Elders’ expressions became ugly. The reason for that was because Xian Miaomiao was simply not placing them in her eyes. Her behavior was truly unacceptable.

However, Xian Miaomiao was their Elf Kingdom’s future’s hope. Even though they were extremely imposing characters, extremely arrogant and domineering, they were unable to reveal any of their might, arrogance or dominance before her.

Right at that moment, Princess Lingyue suddenly said, “Royal Father, Lord Elders, Lord Protectors, although Miaomiao’s words might be somewhat excessive, I feel that her decision is correct.”

“Lingyue, what do you mean by that?” The Elf King asked.

“Royal Father, while Chu Feng is a human, he is outstanding all around.”

“There is no need to mention his battle power; it is extremely powerful. Although he is a rank nine Half Martial Emperor, he was able to kill the Ximen Imperial Clan’s Clan Chief. I presume that even little brother Yuyin might not necessarily be able to accomplish such a thing, no?” As Princess Lingyue said those words, she took a glance at Xian Yuyin.

“How do you know that I can’t accomplish that? The Ximen Imperial Clan’s Clan Chief was merely a rank three Martial Emperor. If I wanted to kill him, I would naturally be able to kill him,” Xian Yuyin said in a very disapproving manner.

“Heh... the current you is naturally capable of accomplishing that. However, what I’m talking about is when you were a rank

nine Half Martial Emperor. Back when you were a rank nine Half Martial Emperor, you seemed to not even be able to defeat a rank one Martial Emperor. Thus, how could you possibly contend against a rank three Martial Emperor?” Princess Lingyue said.

“You!!!” Xian Yuyin was so enraged that his body started to tremble all over. However, he didn’t know how to counter what Princess Lingyue said, for it was true that he had been unable to even defeat a rank one Martial Emperor back when he was a rank nine Half Martial Emperor. As such, he had no way to disavow what was said.

Princess Lingyue had drawn blood with a single prick. She had directly attacked Xian Yuyin’s sore spot.

“Of course, in terms of battle power, my little sister Xian Miaomiao is likely even more powerful than Chu Feng. The reason why I mentioned Chu Feng’s battle power is merely to let everyone know that Chu Feng will not drag Miaomiao down in terms of battle power.”

“That said, there’s another aspect to consider. That is, Chu Feng is a Dragon Mark Royal-cloak World Spiritist. Furthermore, he is the only Dragon Mark Royal-cloak World Spiritist among the Holy Land of Martialism’s younger generation.”

“That is why I feel that if Chu Feng were to accompany Miaomiao, it would be better than having little brother Yuyin accompany Miaomiao,” Princess Lingyue said.

At that moment, the Immeasurable Immortal asked, “Little friend Chu Feng, you’re really a Dragon Mark Royal-cloak World Spiritist?”

“Senior, Chu Feng is indeed a Dragon Mark Royal-cloak World Spiritist,” As Chu Feng spoke, he waved his sleeve. “Roar,” a small golden dragon flew out from his sleeve.

That golden dragon was formed with spirit power. Furthermore,

the spirit power that was flowing through it was Dragon Mark spirit power. Chu Feng had released it to prove his status as a Dragon Mark Royal-cloak World Spiritist.

“Very well, truly a young hero. Little friend Chu Feng, you have truly broadened my horizons,” The Immeasurable Immortal began to publicly applaud Chu Feng.

Seeing this scene, the Elf Kingdom’s Elders and Protectors’ eyes also shone. They were all slightly swayed.

The reason for that was because Dragon Mark Royal-cloak World Spiritists were truly no small matter. At the very least, their Elf Kingdom did not possess a single one.

As for a Dragon Mark Royal-cloak World Spiritist as young as Chu Feng, they were simply akin to divine beings. It was the first time that a Dragon Mark Royal-cloak World Spiritist as young as Chu Feng had appeared in the Holy Land of Martialism.

This signified that Chu Feng possessed talent that was truly remarkable. Even though the Elf Kingdom was a power high and above which had stood at the apex of the Holy Land of Martialism since the very beginning, they still hoped to be able to get along with powerful humans. As for Chu Feng... he was someone that possessed that potential.

“What a joke. A mere human, no matter how strong, will not be able to surpass us Ancient Era’s Elves. Not to mention anything else, if he is able to trigger the Ancient Era’s Immortal Needle, I will let him go,” Xian Yuyin’s father said.

“Heh... if it’s the Ancient Era’s Immortal Needle, then I will have to disappoint you. Chu Feng is indeed capable of triggering the Ancient Era’s Immortal Needle. The Ancient Era’s Immortal Needle in the Cyanwood Domain that was triggered back then was triggered by none other than Chu Feng,” Princess Lingyue said.

“What? He was the one who did that?” Hearing those words, the

expressions with which the Ancient Era's Elves looked to Chu Feng became extremely marvelous.

To trigger an Ancient Era's Immortal Needle was no small matter. This was especially true for a human triggering the Ancient Era's Immortal Needle. In the whole of history, only Qing Xuantian had managed to accomplish that.

"It is indeed Chu Feng. I was present back then. I can bear witness to it," Xian Miaomiao said.

"This..." At that moment, the expressions with which the Ancient Era's Elves in the palace hall looked to Chu Feng became even more complicated.

In fact, even the guards outside the palace were unable to contain themselves, and wanted to sneak a few peeks at Chu Feng. The reason for that was because a human triggering the Ancient Era's Immortal Needle was truly no small matter.

Speaking from a certain standpoint, Chu Feng might even become an expert as strong as Qing Xuantian.

As for Qing Xuantian, he was someone that possessed extraordinary significance to the Elf Kingdom.

Chapter 1896 – Stepping Stone

“What could the Cyanwood Domain’s Ancient Era’s Immortal Needle possibly amount to? It’s nothing more than the most ordinary Silver Needle. The number of Ancient Era’s Elves in our Elf Kingdom that are capable of triggering Silver Needles are simply too numerous to count.”

“If Chu Feng is able to trigger our Elf Kingdom’s Golden Ancient Era’s Immortal Needle, I will have no objection,” Xian Yuyin’s father said.

“Princess Lingyue, you have mentioned a lot of Chu Feng’s strong points. Both openly and secretly, you’re just trying to say that Chu Feng is stronger than me, aren’t you?”

“Since that is the case, I shall use the truth to prove whether I or Chu Feng am stronger.”

“Today, I will compete with him in triggering the Golden Ancient Era’s Immortal Needles. I shall see who will be able to trigger more. If he is able to surpass the number that I can trigger, I will withdraw myself from journeying to the Blood Devouring Killing Formation,” Xian Yuyin said.

“That wouldn’t do. If you wish to compete, you can compete with battle power or world spirit power. Yet... you decided to compete in triggering Ancient Era’s Immortal Needles.”

“We all know that the Ancient Era’s Immortal Needles are easily triggered by us Ancient Era’s Elves. However, to humans, they are so difficult to trigger that it is akin to scaling the heavens. Since the beginning of history, there has only been a single human capable of triggering the Ancient Era’s Immortal Needle before Chu Feng. And that was Qing Xuantian.”

“Who is Qing Xuantian? He was the strongest person in the Holy Land of Martialism in his time.”

“In our Elf Kingdom, we possess numerous individuals who are capable of triggering the Ancient Era’s Immortal Needles. However, which one of them could possibly compare to that Qing Xuantian?” Xian Miaomiao said with a loud voice.

At that moment, even the various Ancient Era’s Elves’ grand characters grew silent. There were many Ancient Era’s Elves capable of triggering Ancient Era’s Immortal Needles. However, not a single one among them could compare to Qing Xuantian.

“Thus, the fact that you can trigger an Ancient Era’s Immortal Needle simply does not amount to anything. Yet, Chu Feng being able to trigger the Ancient Era’s Immortal Needle is no small matter.”

“Even if you are to be able to trigger all nine Golden Ancient Era’s Immortal Needles, you would not be able to compare with Chu Feng triggering a single Silver Ancient Era’s Immortal Needle,” Xian Miaomiao continued.

“Chu Feng, stop hiding behind a woman. I am asking you. Do you dare to accept my challenge or not?” Xian Yuyin was so enraged by Xian Miaomiao that his complexion turned green. Feeling helpless, he ended up directly asking Chu Feng and ignoring Xian Miaomiao.

“I am willing to give it a try,” Chu Feng said with a beaming smile. His at-ease and confident expression was a clear-cut distinction from Xian Yuyin’s angry expression.

While ordinary people might not care about this sort of thing, the people present were all extraordinary people.

The Elf King, the Four Grand Elders, the Eight Protectors and the Immeasurable Immortal all had a whole new level of respect for Chu Feng after noticing this minor detail.

“Chu Feng, you simply do not have to compete with him. This is truly too unfair,” Seeing that Chu Feng was actually planning to accept the challenge, Xian Miaomiao immediately spoke to stop

him.

“Chu Feng, it is true that this is very unfair. Furthermore, there is simply no need for you to compete with him to accompany Miaomiao. He simply has no say in this matter,” Even Princess Lingyue also started to urge Chu Feng against it.

“But, more than proving myself, I truly want to make him shut up,” Chu Feng smiled slightly. Then, he revealed a serious expression and looked to Xian Miaomiao, “Trust me. I will definitely accompany you.”

Hearing those words, Xian Miaomiao’s little face immediately grew stiff. She was stunned and didn’t know what to say to stop Chu Feng. Thus, she could only nod her head obediently.

However, this ordinary scene was completely taken to heart by Xian Yuyin.

He thought about how Xian Miaomiao detested him, and how she acted like an obedient little kitten before Chu Feng. At that moment, he felt as if he could breathe fire just by opening his mouth. He was so enraged that he felt as if he was on the verge of exploding.

“Chu Feng, if you have the courage, then follow me. Today, I shall let you know the gap between you and me!” Xian Yuyin shouted at Chu Feng. Then, he flew out of the palace hall.

Chu Feng flew after him, following closely behind him. Xian Miaomiao and Princess Lingyue also flew out after Chu Feng.

At that moment, the other people present in the Ancient Era’s Palace’s palace hall looked to one another. Then, they all turned into rays of light and flew out after them.

Even these grand characters were not willing to miss out on this great show.

“Chu Feng, what Xian Yuyin is planning to compete with you in is not the same sort of Silver Ancient Era’s Immortal Needle that

you triggered in the Cyanwood Domain. Instead, they're Golden Ancient Era's Immortal Needles."

"There is an enormous difference between Silver Ancient Era's Immortal Needles and Golden Ancient Era's Immortal Needles. Although the method of triggering them is the same, the Ancient Era's Immortal Ponds that the Golden Needles reside in possess a pressure that the Silver Needles' Ancient Era's Immortal Ponds simply cannot compare with."

"Furthermore, Silver Needles can only be triggered on special days every year. Yet, the Golden Needles can be triggered at any time. Furthermore, one can trigger them many times in succession."

"The Ancient Era's Immortal Pond that we are proceeding toward is located at the centermost region of our Elf Kingdom. There are a total of nine Golden Ancient Era's Immortal Needles there. For ordinary Ancient Era's Elves, they would not be able to trigger even a single Golden Ancient Era's Immortal Needle. Those capable of triggering the Golden Needles are all deemed to be geniuses, and will be nurtured with focus."

"My big sister once triggered four Golden Ancient Era's Immortal Needles. As for Xian Yuyin, he triggered five Golden Ancient Era's Immortal Needles," Xian Miaomiao compared her big sister to Xian Yuyin. This comparison was very practical, and clearly revealed how powerful Xian Yuyin was.

However, Chu Feng possessed no fear at all. Instead, he asked Xian Miaomiao, "In that case, how many did you trigger?"

"Nine," Princess Lingyue said.

"Nine?" Hearing that number, Chu Feng was startled.

"Indeed, it was nine. She has triggered four more Golden Ancient Era's Immortal Needles than Xian Yuyin, and five more Golden Ancient Era's Immortal Needles than me."

“Back when my little sister triggered the Golden Ancient Era’s Immortal Needles, even the Elders were shocked. The reason for that was because she had created the abnormal sign of nine lightnings soaring into the sky,” Princess Lingyue said.

“Nine lightnings soaring into the sky?” Chu Feng revealed a curious gaze.

“Yes, nine streams of lightning soaring into the sky. Not only did they illuminate the entire region, they also appeared to have lives, and were extremely magnificent,” Princess Lingyue said.

“They were not magnificent. It was inferior to the sight of you triggering the Ancient Era’s Immortal Needle back then,” Xian Miaomiao said.

“Oh, that’s right. Chu Feng, I’ve heard from Miaomiao that you gave rise to an unprecedented abnormal sign when you triggered the Immortal Needle. According to Miaomiao, it was even more magnificent than the nine lightnings soaring into the sky. Is that true?” Princess Lingyue asked curiously.

“That abnormal sign was caused by my breakthrough,” Chu Feng said.

“It’s true then. In that case, I truly wish to see what sort of abnormal sign you’ll cause when you reach a breakthrough,” Princess Lingyue had an expression of anticipation.

“In that case, I’ll inform you to let you come watch the next time I reach a breakthrough,” Chu Feng said with a smile.

“It’s a deal!” Princess Lingyue said.

“Definitely,” Chu Feng nodded.

“I also want to watch,” Xian Miaomiao said.

“Okay, okay, okay. I’ll bring you too,” Princess Lingyue said with a smile.

.....

At the moment when Chu Feng and the others were journeying to the Golden Ancient Era's Immortal Needles, Xian Yuyin's father arrived beside Xian Yuyin and handed him a special medicinal pellet.

"Mn?" After secretly receiving the medicinal pellet from his father, Xian Yuyin revealed a puzzled expression.

As for Xian Yuyin's father, he sent a secret voice transmission to Xian Yuyin, "Back then, you were only a bit away from triggering six Golden Ancient Era's Immortal Needles. That's why I requested for the Avaricious Immortal to refine this medicinal pellet for you. As long as you are to use it, you will definitely be able to trigger six Golden Ancient Era's Immortal Needles."

"The Avaricious Immortal spent a total of three years to concoct this medicinal pellet. He finally managed to successfully concoct it and deliver it to my hands. I truly never expected that you'd be able to use it this quickly."

"Thank you father," Hearing what his father said, Xian Yuyin's expression changed to one of joy. Originally, he was absolutely confident that he would be able to defeat Chu Feng.

However, with this medicinal pellet, he would be able to widen the disparity between them. Furthermore, he would be able to be held in greater value by the Elf Kingdom. As for Chu Feng, he would end up being despised by others.

He was certain that Chu Feng was destined to become his stepping stone.

Chapter 1897 – Capture All

After journeying for some time, Chu Feng and the others finally arrived at the Ancient Era's Immortal Pond.

Atop the multi-colored water's surface were nine golden pillars that soared straight into the sky. The nine golden pillars appeared to be extremely magnificent.

The nine pillars stood in an orderly manner like nine guards protecting the area. They were the Golden Ancient Era's Immortal Needles.

“Chu Feng, watch carefully,” After Xian Yuyin finished saying those words to Chu Feng, he leapt directly into the Ancient Era's Immortal Pond.

He felt that he had to be the first one to enter the Ancient Era's Immortal Pond. The reason for that was because he would be able to bring an enormous pressure to Chu Feng after triggering six Golden Ancient Era's Immortal Needles.

Furthermore, he felt that Chu Feng was simply incapable of triggering the Golden Ancient Era's Immortal Needles. Even if he were able to, he would, at the very most, be able to trigger a single Golden Ancient Era's Immortal Needle. At that time, he would be able to form a clear contrast to show how incompetent Chu Feng was.

“Chu Feng, the nine Ancient Era's Immortal Needles here are indeed different from the ones in the Cyanwood Domain. What percentage of certainty do you have in successfully triggering them?” Eggy asked.

“If I said I could trigger all nine, would you trust me?” Chu Feng asked.

“Haha, it's precisely your confidence that I like,” Eggy said.

“I'm just joking. The Ancient Era's Immortal Needles here are

extremely extraordinary. They have caused the pressure in the depths of the pond to be extremely powerful. Even the current me, although my strength greatly surpasses my strength before, does not possess much certainty in being able to trigger all nine Golden Ancient Era's Immortal Needles. However, since I've come here, I must do everything I can. If I am really able to trigger all nine of them..."

Chu Feng did not finish his words. The reason for that was because it was only a guess. Back when he triggered the Ancient Era's Immortal Needle in the Cyanwood Domain, he had obtained quite a harvest from it. It allowed him to break through to the Martial King realm on the spot.

If the Golden Ancient Era's Immortal Needles in this place were also able to bring benefits to Chu Feng, then the harvest which he would obtain should be much better than that what he had been able to obtain from the Silver Ancient Era's Immortal Needles.

Chu Feng did not have any extravagant hope like being able to reach a breakthrough to Martial Emperor. However, he hoped that he would be able to make progress with his cultivation. At the very least, he hoped that the harvest here would serve as the foundation for his future breakthrough to Martial Emperor. As long As Chu Feng became an actual Martial Emperor, he would be able to save Yao'er in the Cyanwood Mountain.

At the moment when Chu Feng was pondering, the majority of the crowd had their eyes cast on the nine Golden Ancient Era's Immortal Needles.

The reason for that was because they knew that Xian Yuyin would definitely be able to trigger the Ancient Era's Immortal Needles. The only question was the time it would take and how many he could trigger.

"Buzz~~~"

Sure enough, not long afterward, a Golden Ancient Era's

Immortal Needle started to blossom with dazzling radiance. Merely, this was no silver light. Instead, it was a golden light. At the same time, countless runes and symbols began to scatter all over the place as if they were alive.

“This fast?”

At that moment, Chu Feng’s eyes started to shine. He did not expect for Xian Yuyin to be able to trigger the first Ancient Era’s Immortal Needle this quickly.

“Rumble~~~”

Immediately afterward, an ear-piercing thunder exploded from the top of that Ancient Era’s Immortal Needle. The enormous rumble caused space itself to tremble. That sound was truly too ear-piercing. Not only that, it brought great intimidation to one’s heart. Practically everyone present was intimidated by that thunder.

“Zzzzz”

Right after the extremely imposing thunder sounded, a dazzling green bolt of lightning shot out from that Ancient Era’s Immortal Needle’s peak.

That green lightning was incomparably thick, and looked extremely magnificent, like an enormous dragon made of countless lightning bolts. With a impressive display of unparalleled power, it conquered everything before its path and covered the sky.

The densely packed lightning bolts formed an enormous net of lightning. Furthermore, that net was still increasing in size nonstop. It was as if it was planning to seal off the entire sky.

Wild and overbearing. At that moment, everyone was able to feel an incomparable might from that green lightning.

“Rumble”

Soon, another loud explosion was heard from another Ancient

Era's Immortal Needle, and another lightning bolt soared into the sky. When that second bolt of green lightning soared into the sky, the net of lighting in the sky became even more dazzling and imposing.

If ordinary people were to see this scene, they would definitely be filled with endless amazement and awe. However, the crowd present seemed to have all grown used to this sort of spectacle. Even though they possessed joyous smiles on their faces, they were not very shocked by it.

After the first two Golden Needles were triggered in succession, the third, fourth and fifth Golden Ancient Era's Immortal Needles were also triggered in succession. The speed at which they were being triggered could be said to be extremely fast.

At that moment, the Ancient Era's Elves that knew Xian Yuyin's talent well all nodded in a satisfied manner, for Xian Yuyin had not disappointed them. Of course, they all knew that being able to trigger five Golden Ancient Era's Immortal Needles was Xian Yuyin's limit.

Suddenly, the Avaricious Immortal pointed to another Ancient Era's Immortal Needle and shouted in shock, "Quickly, look, another Golden Ancient Era's Immortal Needle is lighting up,"

In response, the crowd all turned their gazes over to that Ancient Era's Immortal Needle. At that moment, the eyes of practically all of the Ancient Era's Elves present started to shine with amazement.

The sixth Golden Ancient Era's Immortal Needle had been triggered. Xian Yuyin had broken his previous best record. As for this new record, it was also the best record that the current Elf Kingdom's Elf King had managed to obtain.

At that moment, the Ancient Era's Elves' Elders and Protectors all involuntarily took a glance at the Elf King. It was as if they were indicating that Xian Yuyin's cultivation would be able to reach the

same height as the current Elf King.

“Damn it, that guy, how did he...” At the moment when the majority of the Ancient Era’s Elves were feeling joy over the matter, Xian Miaomiao and her sister Xiang Lingyue were frowning with expressions of unease.

Actually, the two sisters would not care about how many Ancient Era’s Immortal Needles Xian Yuyin would be able to trigger in ordinary times. However, today was different, as Xian Yuyin was competing with Chu Feng to see who would be able to trigger more of the Ancient Era’s Immortal Needles.

For Xian Yuyin to actually make progress at such a time and trigger six Golden Ancient Era’s Immortal Needles was extremely bad for Chu Feng. As such, how could the two sisters possibly feel at ease?

However, the result had already been determined. Xian Yuyin had managed to trigger six Ancient Era’s Immortal Needles. This was an unchangeable fact.

“Splash~~~”

While the green lightning that filled the sky was still present in the sky, Xian Yuyin flew back out from the Ancient Era’s Immortal Pond. He had a complacent smile on his face.

“Yuyin, you have truly given us a pleasant surprise,” At that moment, not to mention the Protectors, even the Four Great Elders had personally stepped forward to receive Xian Yuyin. To trigger six Ancient Era’s Immortal Needles indirectly meant that Xian Yuyin’s talent was even stronger than they had anticipated. As such, how could they not be in joy?

Showered with praise, the smile on Xian Yuyin’s face grew even wider. He took a glance at Chu Feng and said, “Chu Feng, it’s your turn. However, I’d advise you to not try to show off and end up dying in there. While your death would not matter, I fear that your

corpse will dirty the water of our Ancient Era's Immortal Pond."

"I'm afraid I'll have to disappoint you."

Chu Feng smiled lightly. He did not become angry because of Xian Yuyin's provocation.

However, seeing how calm and collected Chu Feng was, Xian Yuyin revealed an angry expression in his eyes.

The reason for that was because Chu Feng's expression made him feel as if Chu Feng had never placed him in his eyes the entire time. This sort of feeling was extremely unpleasant for him.

At that moment, Chu Feng was not in a rush to enter the water. Instead, he waited until the lightning in the sky dissipated, and the Ancient Era's Immortal Needles that were emitting the lightning returned to normal before leaping into the Ancient Era's Immortal Pond.

Seeing that Chu Feng had entered the water, Xian Miaomiao and her sister Xian Lingyue both revealed worried expressions.

After Chu Feng entered the water, he moved extremely quickly. Like a water dragon, he rapidly dived into the depths of the Ancient Era's Immortal Pond.

As Chu Feng dived deeper and deeper, the powerful pressure grew stronger and stronger. Fortunately, Chu Feng was yet to be affected by that pressure.

"That is?"

Suddenly, Chu Feng stopped diving and turned his gaze to the nearby area.

At that place... was a special sort of organism.

That organism was only as large as a firefly. However, it was completely transparent, colorless and odorless. In fact, it did not even emit any aura. If it wasn't for the fact that he was using his Heaven's Eyes, Chu Feng might not necessarily be able to catch

sight of that organism either.

Chu Feng had met that organism before in the Cyanwood Domain's Ancient Era's Immortal Pond. They were a sort of cultivation resource.

“Pop~~~”

Out of curiosity, Chu Feng grabbed the organism and snapped it apart. Then, it turned into Natural Energy, entered through Chu Feng's palm and traveled into his dantian.

Right after that, Chu Feng revealed a joyous expression. “This energy, it's actually this dense?” Although this organism possessed the exact same appearance as the one in the Cyanwood Domain's Ancient Era's Immortal Pond, the Natural Energies which it contained were a world apart.

Upon closer inspection, Chu Feng discovered three more of the strange organisms nearby. After he captured them with his hand, they actually gave off the same sort of extremely dense Natural Energy.

“It would appear that my trip has truly not been made in vain,” At that moment, Chu Feng was overjoyed. Although a single one of such organisms might only possess a negligible amount of Natural Energy for Chu Feng, it appeared that this Ancient Era's Immortal Pond possessed countless such organisms.

If he was able to capture all of them and refine them, he would definitely obtain quite a large harvest. It might even be possible for him to reach a breakthrough to Martial Emperor.

“Woosh~~~”

Thinking about it, Chu Feng stopped diving deeper, and instead began to swim all around. He swam around the nine Golden Ancient Era's Immortal Needles as he gradually dove deeper, whilst searching for those astonishing organisms.

Chu Feng was planning to capture all of the strange organisms in

this Ancient Era's Immortal Pond and refine them.

Chapter 1898 – Golden Lightning Piercing Through The Skies

As if he were an inescapable net, Chu Feng began to carefully gather those astonishing organisms in the depths of the Immortal Pond.

He was planning to capture all of them in one go and not let a single one escape. After all, even if he were to let them remain, the Ancient Era's Elves would not be able to capture them. As such, rather than wasting them, it was better for him to use them.

However, Chu Feng's actions were taking a lot of time. While Xian Yuyin had managed to trigger six Golden Ancient Era's Immortal Needles in merely two hours, Chu Feng had been in the waters for a total of sixteen hours now. Yet, there was still no sound of activity from him.

At that moment, the sky had already darkened, and it was now deep into the night. Although it was night, not only did the multi-colored brilliance of the Ancient Era's Immortal Pond not decrease, it had instead increased.

However, when that brilliance shone on Xian Miaomiao's face, it revealed an expression filled with worry and unease.

"It's been so long, could Chu Feng have died in there?"

"Didn't I tell him to not try to show off? Yet he refused to listen. If he is to die there, he'll end up dirtying the water of our Ancient Era's Immortal Pond," Xian Yuyin said mockingly from the side.

Although Xian Miaomiao was angered by those words, she was more worried about Chu Feng. Thinking about that, her body actually began to move; she was planning to jump into the Ancient Era's Immortal Pond to search for Chu Feng.

"Miaomiao, what are you planning to do?" However, before Xian Miaomiao could approach the Ancient Era's Immortal Pond, a

figure arrived before her and stopped her. It was Xian Yuyin's father.

"Let me go. I cannot let anything happen to Chu Feng," Xian Miaomiao said coldly.

"I'm afraid that I cannot do that. This competition is something that Chu Feng personally agreed to. Even you cannot interfere with it."

"Furthermore, weren't you extremely confident in him? Why are you instead worried about him now? Rest assured, it remains that Chu Feng is someone who triggered an Ancient Era's Immortal Needle before. Nothing will happen to him," Xian Yuyin's father said with a beaming smile. His appearance was extremely vile.

"Royal Father," At that moment, Xian Miaomiao turned her gaze to her father, the Elf King.

"Miaomiao, it won't hurt to wait a bit longer," The Elf King said.

"But..." Although Xian Miaomiao was unwilling to accept that, as her father had spoken, she ended up having no choice but to obey.

"Miaomiao, what's wrong? Weren't you extremely confident in that Chu Feng? Why did you start to lose confidence now?" Xian Yuyin arrived before Xian Miaomiao and spoke with a very mocking tone.

"Xian Yuyin, you have merely triggered six Ancient Era's Immortal Needles. Do not act this complacently," Xian Miaomiao said coldly.

"Six Ancient Era's Immortal Needles is naturally very lacking when compared to you, Xian Miaomiao. However, compared to Chu Feng, I'm afraid that it'll force Chu Feng to become worthless," Xian Yuyin said complacently.

"What arrogance," Xian Miaomiao cast a ruthless side glance at Xian Yuyin. Her gaze was filled with disgust.

“Haha, whether this is arrogance or confidence, Miaomiao, you yourself know best,” Xian Yuyin said with laughter.

This time around, Xian Miaomiao did not even bother to glance at him. She ignored him completely.

However, Xian Yuyin was not angered either. As he felt that he had grasped victory, he continued to provoke Xian Miaomiao, “Miaomiao, didn’t you think that Chu Feng would be able to defeat me even in triggering Ancient Era’s Immortal Needles?”

“Of course,” Xian Miaomiao said.

“Hahaha...” Xian Yuyin chuckled. Then, he said, “Since that’s the case, how about we make a bet?”

Xian Miaomiao did not bother to pay attention to Xian Yuyin. However, Xian Yuyin continued, “It was Chu Feng who agreed to compete in triggering the Ancient Era’s Immortal Needles. He possessed a certain level of confidence.”

“I know that you dislike me. How about this? Let’s gamble with all our bets on Chu Feng. If Chu Feng can defeat me, I will no longer bother you. From today onward, you’ll go your way and I’ll go mine.”

“However, if Chu Feng is to be defeated by me, you will definitely have me accompany you to the Blood Devouring Killing Formation. Do you dare to gamble?”

Xian Miaomiao cast a glance at Xian Yuyin. However, she merely cast him a ruthless side glance and did not answer him. At that moment, she was worried about Chu Feng’s safety, and possessed no mood to bother with this shameless fellow.

“Miaomiao, if you agree to gamble with me, we can set the limit for two hours. If Chu Feng still does not trigger an Ancient Era’s Immortal Needle in two hours’ time, even if he is to be defeated, I will personally enter the Immortal Pond and bring him out to prevent him dying in there,” Xian Yuyin seemed to know what

Xian Miaomiao was thinking, and actually used Chu Feng's safety as the wager.

"There's no need for you to go, I'll go," Xian Miaomiao said.

"In that case, it means that you've accepted my gamble?" Xian Yuyin asked.

"Humph," Although she was extremely unwilling, Xian Miaomiao ended up nodding in the end.

She had not gambled so that Xian Yuyin could distance himself from her. She merely wanted to be able to enter the Ancient Era's Immortal Pond and save Chu Feng after two hours had passed. She did not wish for anything to happen to Chu Feng because of her.

Princess Lingyue had seen and heard the entire conversation between Xian Yuyin and Xian Miaomiao. However, she did not stop them, for she was also extremely worried for Chu Feng. As of now, the outcome of the competition was no longer important. All she wished for was for Chu Feng to be able to return safely.

After Xian Miaomiao accepted the gamble, Xian Yuyin revealed an extremely proud smile on his face. The way he saw it, Chu Feng was destined to lose, and he would be able to win the opportunity to spend time together with Xian Miaomiao by themselves.

As long as he had the chance to spend time together with Xian Miaomiao by themselves, he would be able to use methods to make Xian Miaomiao fall in love with him. At such a crucial moment, he would not mind using despicable methods either.

"It would seem that humans are only humans after all. Even Chu Feng is unable to trigger the Golden Ancient Era's Immortal Needles."

At that moment, the Avaricious Immortal sighed and said, "Even though I also admit that little friend Chu Feng possesses outstanding talent, he is truly somewhat conceited. That is not a good quality to have," Although he appeared to be praising Chu

Feng, he was actually mocking Chu Feng for being too arrogant.

“It would seem that the outcome of the competition has been decided,” At that time, the various Elf Kingdom’s grand characters all felt that Chu Feng was unable to trigger the Golden Ancient Era’s Immortal Needles.

Even though they already knew that Chu Feng would be defeated by Xian Yuyin, they all, to a greater or lesser degree, possessed some expectations of Chu Feng.

Thus, this conclusion had disappointed them.

“Buzz~~~”

However, right at that moment, an Ancient Era’s Immortal Needle actually started to blossom with dazzling golden light.

“Quickly, look! Chu Feng succeeded!” Princess Lingyue was the first to notice this scene. She immediately cried out in alarm.

“Zzzzzzz~”

The next moment, a golden lightning bolt shot out from that Ancient Era’s Immortal Needle. Like a golden dragon, it faced the world with the might of a ruler and soared into the sky.

“Rumble~~~”

After it pierced through the sky, it let out a loud explosion. Then, that golden lightning bolt turned into an army of golden lightning. With an impressive display of power, it began to spread out in all directions. It was seizing control of the sky, turning the pitch black sky a dazzling golden color.

“This!!!” Seeing this scene, Xian Yuyin, his father and the Avaricious Immortal all started to frown. The scene that they did not wish to see the most had actually happened.

“Chu Feng actually succeeded! He succeeded! He has triggered a Golden Ancient Era’s Immortal Needle! Yay!!!” At that moment, Xian Miaomiao started to hop around in joy, and was shouting

cheers for Chu Feng unceasingly.

Even the Elf King, the Four Grand Elders, the Protectors and the many of the other Ancient Era's Elves' experts revealed light smiles on their faces. To them, the outcome of the competition did not matter anymore. As long as Chu Feng was able to trigger the Golden Ancient Era's Immortal Needle, it would prove how powerful he was. After all, he was only a human.

“What's going on? Could it be that a human has triggered the Ancient Era's Immortal Needle?”

When the golden lightning covered the night sky, all of the Ancient Era's Elves in the Elf Kingdom noticed that magnificent abnormal sign.

All those who saw the golden lightning had an enormous change in their expressions. They were all filled with shock, for they knew that golden lightning represented humans.

A human had triggered the Elf Kingdom's Golden Ancient Era's Immortal Needle.

Chapter 1899 – A Miracle

“Chu Feng, you’re truly amazing! I have not misjudged you!” Xian Miaomiao was still jumping up and down, shouting and screaming in excitement.

Although she was extremely happy because the Ancient Era’s Immortal Needle had been triggered, she was even more happy because Chu Feng was safe and sound right now.

Xian Yuyin carefully observed the cheerful and happy expression that Xian Miaomiao had. He had taken it to heart. Although he did not say anything while standing there, he was emitting dense jealousy from head to toe.

Because of that jealousy, Xian Yuyin muttered, “So what?”

“Xian Yuyin, Chu Feng has already triggered the Ancient Era’s Immortal Needle, what else do you have to say?” Xian Miaomiao said to Xian Yuyin complacently.

“Humph, it’s merely a single Ancient Era’s Immortal Needle. What could this possibly signify? Did you really think that Chu Feng would be able to trigger seven Ancient Era’s Immortal Needle to surpass me?”

“I’ll tell you this. He doesn’t even have to trigger seven Ancient Era’s Immortal Needles. As long as he can trigger six, the same amount that I have, I will consider it his victory,” Xian Yuyin said complacently.

“Buzz~~~”

“Buzz~~~”

“Buzz~~~”

“Buzz~~~”

“Buzz~~~”

Right after Xian Yuyin’s words left his mouth, five more Ancient

Era's Immortal Needles emitted dazzling golden light.

Five more Ancient Era's Immortal Needles were triggered. Chu Feng had triggered five more Ancient Era's Immortal Needles in succession. Adding on the one from before, he had triggered exactly six.

He had triggered the same amount of Ancient Era's Immortal Needles as Xian Yuyin.

“What? This... how could this be?”

At that moment, Xian Yuyin was stunned. He deeply wished for the scene before him to be fake.

“Zzzzz~”

The very next moment, five more golden bolts of lightning shot out from the five Ancient Era's Immortal needles, joining the army of lightning in the sky. In an instant, the golden lightning in the sky grew even brighter and more magnificent. As it swept across the horizon, it gave off an unparalleled power.

“Chu Feng, he actually managed to trigger six Ancient Era's Immortal Needles like Yuyin?”

At that moment, not to mention the others, even the grand characters present by the Ancient Era's Immortal Pond were stunned by the scene before them.

However, this was merely the beginning. When the six Ancient Era's Immortal Needles were triggered, the seventh and eighth Ancient Era's Immortal Needles were also triggered in succession.

“This... this is impossible! Absolutely impossible!” Xian Yuyin's gaze was flickering, and his expression became extremely dejected. He was unable to believe the scene before him.

A mere human actually managed to trigger eight Ancient Era's Immortal Needles. This was truly something that one could not dare to imagine.

At that moment, even Xian Miaomiao and Princess Lingyue were stunned. Their bodies were trembling with excitement, and their breathing had become hurried. Truly, the two of them were completely awestruck.

A total of eight Ancient Era's Immortal Needles, this was truly too astonishing a feat. Even for Ancient Era's Elves, if one of them was able to trigger that many Ancient Era's Immortal Needles, that would cause the entire Elf Kingdom to flare up with excitement. As such, there was no need to mention how they were feeling to see a human accomplishing such a feat.

After a moment of being stunned with excitement, Princess Lingyue said, "One left, could Chu Feng be able to trigger all nine Ancient Era's Immortal Needles and recreate the scene of nine lightnings soaring into the skies?"

"Nine Ancient Era's Immortal Needles, would he?" Xian Miaomiao also revealed an expression of intense expectation.

Would he? This simple question was present in the hearts of everyone here. Would a human really be able to trigger the abnormal sign of nine lightnings soaring into the skies?

Although it was extremely unimaginable, the Elf King, the Four Grand Elders, the Protectors and even the Immeasurable Immortal revealed the same sort of expression of intense expectation like Xian Miaomiao.

Even though they knew that it would be extremely inconceivable for such a thing to happen, that such a thing occurring was simply impossible, they all hoped for it to happen, they all hoped to be able to bear witness to a miracle.

Thus, at that moment, the crowd did not turn their gazes to the night sky covered densely with the overwhelming golden lightnings. Instead, their gazes were all fixed onto that single Ancient Era's Immortal Needle yet to be triggered.

They all wanted to bear witness to the miracle as it happened.

“Zzzzzz~~~”

Right at that moment, that last Ancient Era’s Immortal Needle started to blossom with dazzling light. Then, a golden bolt of lightning soared into the sky.

“Rumble~~~”

After that lightning bolt soared into the sky and mixed with the lightnings that already filled the sky, all of the golden lightning that covered the sky started to move with extreme unrest. Earlier, they were like a magnificent army that was ordered to show off their might in the sky.

Yet, in that moment, it was as if life was given to them. They actually separated into nine enormous golden lightning armies and stood in the sky. They covered the entire sky as far as the eye could see. Their might was simply indescribable. They were not like nine ordinary bolts of lightning. Instead, they looked more like nine living beasts of lightning that emitted overwhelming dominance.

“It’s the nine lightning bolts soaring into the skies, nine lightning bolts soaring into the skies. Chu Feng has actually triggered all nine of the Ancient Era’s Immortal Needles and revealed this abnormal sign,” At that moment, Xian Miaomiao was so excited that even her voice started to tremble. Even back when she herself had triggered the nine lightnings soaring into the skies, she was not as excited as this.

“No, this is fake, absolutely fake!” At that moment, Xian Yuyin was completely dumbfounded. It was not only him, his father was also dumbfounded. How could a human possibly accomplish this sort of thing? Was he really a human?

“Roar~~~”

Right at that moment, a roar suddenly sounded from the Ancient Era’s Immortal Pond. When that roar was heard, the entire world

started to tremble violently. It actually surpassed the sound of the golden lightnings that covered the sky.

“What is that sound?” At that moment, the crowd all cast their eyes to the Ancient Era’s Immortal Pond. They had all heard that shocking roar.

“Roar~~~”

The very next moment, that roar sounded again. Merely, this time around, it was not a single roar. Rather, there were seven roars sounding together.

At the same time as those roars sounded, seven enormous lightning beasts covered, and flickering lightning shot out of the Ancient Era’s Immortal Pond and into the skies.

“Heavens, what are those?!”

Upon seeing those seven enormous lightning beasts, even the Ancient Era’s Elves’ grand characters started to panic.

As absolute experts, they all possessed exceptional perception that surpassed those of ordinary people. At that moment, they all felt unprecedented pressure from those seven enormous lightning beasts.

At that moment, not to mention the others, even the Elf King started to frown slightly.

Before those seven enormous lightning beasts, he was able to feel an unprecedented sensation. That sort of sensation could be described with one word: small.

When even the grand Elf King, the Elf King that was known to be the strongest expert in the Holy Land of Martialism, felt he was small before these seven enormous lightning beasts, there was no need to mention what the others were feeling.

“What is that?! I’ve never seen that sort of abnormal sign before! It doesn’t seem to have come from the Ancient Era’s Immortal

Needles, but instead come from the Ancient Era's Immortal Pond!" At that moment, cries of shock began to resound nonstop. Most importantly, those cries of shock were from those grand experts.

"It's an abnormal sign emitted by Chu Feng," Xian Miaomiao said.

"What? Miaomiao, what did you say? You're saying that abnormal sign was caused by Chu Feng?" Princess Lingyue was extremely shocked. She was also astonished by that abnormal sign. However, she did not expect that abnormal sign to be related to Chu Feng.

"That's indeed the case. It greatly resembles what happened in the Cyanwood Domain's Ancient Era's Immortal Pond. Merely, compared to back then, it's much more terrifying this time around," Xian Miaomiao said.

"Miaomiao, what sort of nonsense are you talking about?! That abnormal sign surpassed the nine lightning bolts in the sky! How could it possibly be something emitted by that Chu Feng?!" Xian Yuyin shouted loudly. At that moment, he was extremely nervous. The reason for that was because he was afraid. He feared that this abnormal sign was truly caused by Chu Feng.

That was why he had to deny, deny everything regarding Chu Feng. Else, it would truly be too shocking for him to handle. If this matter were to spread, there would likely not be a single person from the Holy Land of Martialism's younger generation who could surpass Chu Feng in terms of talent. Even Xian Miaomiao would not be able to.

"Chu Feng! Is it really Chu Feng?!!!" At the moment when Xian Yuyin was refusing to believe this, the other people started to associate the abnormal sign with Chu Feng.

They had all heard before that the reason the Four Great Imperial Clans wanted to kill Chu Feng was because they were scared by the abnormal sign that he had caused. If they were to consider that,

and consider the abnormal sign that caused even them, the grand experts, to feel scared, then it might really be caused by Chu Feng.

“No, that’s impossible! Absolutely impossible!” Xian Yuyin shook his head repeatedly. He did not dare to acknowledge this to be true.

At that time, Xian Yuyin’s father was also tightly clenching his fists. He was drenched in sweat and nervous to the extreme. Like his son, he also did not wish for all this to be related to Chu Feng.

“Splash~~~”

Right at that moment, the water of the Ancient Era’s Immortal Pond suddenly started to surge with waves. Like water dragons, the multi-colored waves reached the skies.

Then, a silhouette broke through the water dragons. He stood in midair before the gazes of the crowd.

This man possessed long hair that trailed over his shoulders and a bright gaze. He was none other than Chu Feng.

It was really Chu Feng. Merely, when the crowd looked to Chu Feng again, their expressions all changed. The reason for that was because Chu Feng was completely different from before.

Chapter 1900 – Rank One Martial Emperor

In the skies, seven enormous different colored lightning beasts were galloping about.

They looked extremely imposing, ferocious and simply incomparable. Before the seven enormous lightning beasts, even the nine golden lightnings that sealed off the sky had to step down gracefully.

However, at that moment, the crowd was in no mood to continue watching those frightening enormous lightning beasts. Instead, their gazes were all focused on Chu Feng.

At that moment, they felt as if the young man standing in midair was the sole ruler of the whole world. Even the ferocious and powerful enormous lightning beasts were only there to stand beside him.

“Roar~~~”

Suddenly, the seven enormous lightning beasts in the sky began to roar again. Then, they flew down from the sky and toward the crowd.

Seeing this scene, even the Ancient Era’s Elves’ Grand Elders revealed expressions of fear. They hurriedly leapt up and flew into the distance. While they did that, they also brought Xian Miaomiao, Princess Lingyue and the others with them.

Seeing that, the other Ancient Era’s Elves, the Immeasurable Immortal and the Avaricious Immortal also hurriedly escaped.

Those lightning beasts were too frightening. Although they could not ascertain whether or not those lightning beasts were actual entities, merely the aura that they were emitting was sufficient to choke them. As such, they did not wish to take on the risk of standing before those enormous lightnings beasts and dying to them.

At that moment, only two people still stood at the Ancient Era's Immortal Pond. They were Chu Feng and the Elf King.

The Elf King did not leave. He seemed to want to experience for himself how frightening those enormous lightning beasts were.

As for Chu Feng, he would naturally not leave. After all, those seven enormous lightning beasts came from his body; they were the power of his Inherited Bloodline.

“Roar~~~”

As they continued to roar, the seven enormous lightning beasts had already arrived near the surface. However, they did not immediately enter Chu Feng's body. As if they were deliberately showing off their might, they actually began to gallop around Chu Feng.

Seeing this scene, it was as if the immeasurably powerful lightning beasts were Chu Feng's bodyguards.

They were letting everyone know that regardless of how powerful they might be, they were only Chu Feng's possessions.

Seeing this scene, the crowd all exclaimed in astonishment. They were no longer able to describe their state of mind.

“Zzzzzz~~~”

Finally, the seven enormous lightning beasts turned into seven rays of lightning and entered Chu Feng's body. At that moment, Chu Feng's aura also increased from rank nine Half Martial Emperor to rank one Martial Emperor.

Chu Feng had reached a breakthrough and become an actual Martial Emperor.

“He actually reached a breakthrough?! Could those frightening lightning beasts really be the power of Chu Feng's Inherited Bloodline?!” Seeing Chu Feng reach a breakthrough with their own eyes, the crowd's expressions all changed again.

Facing the shocked expressions of the crowd, Chu Feng revealed a slight smile.

The reason for that was because he knew that the harvest that he had obtained this time around was most definitely not limited to reaching a breakthrough to rank one Martial Emperor.

Even though Chu Feng did not obtain any special ability to increase his cultivation like the Thunder Armor or the Thunder Wings, his battle power had increased once again.

Chu Feng's current battle power greatly surpassed that of Xian Miaomiao. He now possessed a heaven-defying battle power capable of surmounting five levels of cultivation.

With his Thunder Armor and Thunder Wings, Chu Feng could increase his cultivation to rank three Martial Emperor. However, heaven-defying battle powers became a lot less valued once one reached the Martial Emperor realm. As all Martial Emperors possessed a heaven-defying battle power capable of surmounting three levels of cultivation, their heaven-defying battle power would cancel each other out.

However, even with that, Chu Feng would still have a heaven-defying battle power capable of surmounting two levels of cultivation. As for that... it was something that other Martial Emperors lacked.

In other words, the current Chu Feng was able to fight against rank five Martial Emperors. Strictly speaking, it was likely that no one below rank six Martial Emperor would be a match for Chu Feng.

Not to mention the Four Great Imperial Clans' Utmost Exalted Elders, even if it was that Ximen Baiyuan, Chu Feng would not feel any fear. The current Chu Feng was someone who truly stood among the Holy Land of Martialism's peak experts. And he... was still only a member of the younger generation.

“Chu Feng, you’re truly amazing! So very amazing!” Xian Miaomiao was the first to run over to Chu Feng. She grabbed Chu Feng’s clothes and smiled extremely beautifully. It was as if the person who had reached a breakthrough this time around was not Chu Feng, but her instead.

“Chu Feng, the abnormal sign you caused was truly too astonishing. You really do possess a special Inherited Bloodline stronger than even Imperial Bloodlines. Could it be that you’re not a human, but instead a monstrous beast? But, none of the monstrous beasts in the Holy Land of Martialism possess such a powerful Inherited Bloodline,” Princess Lingyue also ran over. She was also extremely pleasantly surprised.

If Xian Miaomiao possessed great expectations for Chu Feng since the very beginning, then Xian Lingyue had a whole new level of respect for Chu Feng now.

In fact, it was not only Xian Lingyue who possessed a whole new level of respect for Chu Feng. At that moment, even some of the Ancient Era’s Elves’ Protectors arrived before Chu Feng, let go of their high status and began to greet Chu Feng. Furthermore, their tones were unimaginably friendly.

Even the Immeasurable Immortal, this expert who was equally famous as the Weaponry Refinement Immortal, also went to greet around Chu Feng.

With the increase in Chu Feng’s cultivation, his perception had also increased. Even his Heaven’s Eye had become sharper.

Thus, at this time, he was able to sense the Immeasurable Immortal’s cultivation. He was a rank six Martial Emperor. He possessed a cultivation on par with Nangong Longjian.

As for the Ancient Era’s Elves’ Protectors, they all possessed treasures that hid their cultivations. Thus, even though Chu Feng’s perception had become much more powerful, he was still unable to see through their cultivations. However, Chu Feng

reckoned that they should also have cultivations around rank six Martial Emperor.

Rank six Martial Emperors, they possessed extremely high cultivations. From this, Chu Feng could infer that the Ancient Era's Elves' Grand Elders most likely possessed even more frightening cultivations than these Protectors. As for the Elf King, his cultivation would be even stronger.

“Woosh, woosh, woosh, woosh~~~”

Right at that moment, many figures flew over from all different directions. They were all experts of the Elf Kingdom.

“We pay our respects to Your Majesty, the the four Grand Elders and the various Lord Protectors,” After approaching, they all kneeled in midair and began to courteously greet the people here.

It turned out that they had all arrived here to inspect what was going on, as they thought something might have happened after seeing the seven enormous lightning beasts overshadowing nine the lightning bolts in the sky. They did not expect this many grand characters to be present. It turned out that their worries were unnecessary.

However, from this, it could be seen that Chu Feng reaching a breakthrough in public like this had caused an enormous reaction; he had alarmed the entire Elf Kingdom, the huge monster at the top of the Holy Land of Martialism.

However... this was what Chu Feng wanted to do.

In the Elf Kingdom, there were people who liked him and people who disliked him. However, at the very least, the strongest Elf King did not hold any hostility toward him.

This led Chu Feng to believe that the Elf King was a wise person. As for those that were wise, they should be able to ascertain right from wrong.

Thus, Chu Feng felt that this was a great opportunity to reveal

his strength and let the Elf King have a whole new level of respect for him and think highly of him.

Back then, when the Nangong Imperial Clan saw Chu Feng's potential, they thought of Chu Feng as a threat and wholeheartedly wanted to eliminate him. This meant that Nangong Beidou was not a wise man.

For if he was wise, he would not have tried to eliminate Chu Feng. Instead, he would have tried to befriend Chu Feng. What Chu Feng wanted was precisely to become friends with the Elf Kingdom. At the very least, he wished to establish a good relationship with them.

Although Chu Feng was already very powerful, he was still not the most powerful expert in the entire Holy Land of Martialism. He needed the shelter of the Elf Kingdom, this enormously humongous giant tree. Even if they refused to shelter him, he needed them to at least not become his enemy.

At that moment, seeing the reactions from many of the Elf Kingdom's grand characters, it was clear that he had succeeded. His gamble had succeeded.

At this moment, many people in the Elf Kingdom possessed a whole new level of respect for Chu Feng. This was especially true for the Elf King. From his gaze, Chu Feng could tell that he thought very highly of him.

Of course, there were exceptions to the rule. For example, there was Xian Yuyin and his father. Chu Feng knew that after today, he would become Xian Yuyin and his father's thorn.

However, so what? When he had obtained the good graces of even their Elf King, how could he possibly fear a mere Protector?

Chapter 1901 – Truly A Brilliant Plan

“Well then, it is quite late now. Everyone, let’s allow little friend Chu Feng to return and rest,” Seeing that the crowd was surrounding Chu Feng and chatting nonstop, the Elf King personally decided to help get Chu Feng out of the difficult situation.

“Right, right, right. To trigger nine Ancient Era’s Immortal Needles is a very exhausting thing to do. You should return and get some proper rest,” Xian Miaomiao said.

“What Miaomiao said is right. It’s better to return and rest,” Seeing that, the other people also echoed in agreement.

Even though they were telling Chu Feng to rest, they possessed expressions of not wanting Chu Feng to leave. To see a miracle happen with their very eyes, they were all feeling extremely excited. It was unable to describe what their current state of mind was. Likely, they would end up being unable to sleep tonight.

At that moment, Xian Yuyin muttered in displeasure, “He’s merely a human, is it worth acting like this?”

As the people present were all extraordinary individuals, they all possessed exceptional perception. Thus, they all managed to hear Xian Yuyin’s muttering.

Hearing Xian Yuyin’s mutter, the expressions on the crowd that surrounded Chu Feng all changed. They involuntarily cast a side eye at Xian Yuyin.

The great majority of them were all Xian Yuyin’s seniors, existences on par with his father. Yet, Xian Yuyin actually dared to say such a thing about them. Naturally, they would be extremely displeased.

However, although they were displeased, they did not bother to argue with Xian Yuyin. After all, Xian Yuyin was of the younger

generation. If they were to publicly argue with Xian Yuyin before the Elf King, they would make themselves look unbefitting of their status.

That said, while it was unsuitable for them to speak, there was nothing stopping Chu Feng from speaking. After all, he was also part of the younger generation.

Thus, at that moment, Chu Feng looked to Xian Yuyin. With a smile on his face, he asked, “Xian Yuyin, may I ask, did I win the match between us?”

“Humph,” Hearing those words, Xian Yuyin’s complexion turned black. He did not answer Chu Feng. Instead, he waved his sleeve and then flew away.

Xian Yuyin had left. To be exact, it appeared more like he had escaped. The reason for that was because he had utterly lost all face today. He had become worthless by competing with Chu Feng. At such a time, even he found himself to be unable to continue staying and arguing with Chu Feng.

“That child, he’s truly been spoiled by me,” Seeing that Xian Yuyin had left without even bidding farewell to the crowd, Xian Yuyin’s father revealed a difficult expression.

Even though he was also extremely enraged and unwilling to accept what had happened, he knew that it would be very humiliating should he reveal his anger and his irreconcilability at such a time.

Furthermore, as Xian Yuyin had already lost his cool, it was even more important that he keep his calm. Thus, Xian Yuyin’s father forced out a smile and said to Chu Feng, “I hope that little friend Chu Feng will not take offense to this.”

“It’s no bother. I merely wanted to know whether or not I have won the competition between Xian Yuyin and me,” Chu Feng asked again.

At that moment, the people from the Elf Kingdom all smiled slightly. However, no one said anything. The outcome of the match had been decided. That was something that Chu Feng knew very well too. For Chu Feng to ask such a question, he was simply deliberately making things difficult for Xian Yuyin and his father.

This was something that everyone present was able to tell. However, no one tried to speak for Xian Yuyin's father. It seemed as if they were deliberately waiting him to be embarrassed.

Seeing that his own clansmen were refusing to speak for him, and were instead standing on Chu Feng's side, Xian Yuyin's father felt extremely displeased.

Even though he did not want to admit it, in the end, he could only clench his teeth and force out another smile. He said, "Little friend Chu Feng is exceptionally talented. My son is no match for you."

At that moment, Xian Miaomiao suddenly said, "Since it's Chu Feng's victory, I will have to trouble uncle to inform Xian Yuyin,"

"Inform him of what?" Xian Yuyin's father asked in a confused manner.

"Inform him to stop bothering me," Xian Miaomiao said.

"....." Hearing those words, even though Xian Yuyin's father's endurance was extraordinary, he was still unable to contain himself. He did not say anything, and merely nodded. Then, he turned around and left immediately.

However, faced with the battered appearance of Xian Yuyin's father, the Elf Kingdom's Elves did not feel any sympathy for him. Instead, some among them actually sneered.

After all, Xian Yuyin and his father possessed no hatred or grievances with Chu Feng. Yet, they had deliberately tried to make things difficult for him from the very start. Furthermore, it was Xian Yuyin who had suggested the match in the first place. Thus,

they had merely courted their own humiliation today.

.....

After this matter was over, Chu Feng returned to his residence. Of course, Xian Miaomiao and Princess Lingyue also accompanied Chu Feng to his residence. The two sisters did not plan to let Chu Feng slip by that easily. They still wished to ask him many more questions.

At the same time, in Xian Yuyin's father's residence. An unexpected guest had arrived to pay him a visit. It was the Avaricious Immortal.

“Avaricious Immortal, what has brought you here?”

“If you do not have anything important to say, please forgive me for not being able to attend to you.”

At that moment, Xian Yuyin's father was feeling extremely unwell. Today, he had become extremely depressed. He was not only depressed because his son was defeated by Chu Feng. In addition to that, he was depressed because the talent which Chu Feng had revealed was truly too astonishing. Even the Elf King had begun to think very highly of Chu Feng.

As for Xian Miaomiao, she seemed to have a very favorable impression of Chu Feng as well. The way he saw it, this situation was extremely bad.

If Chu Feng were to grow up and really become an Overlord in the future, it would not be impossible for the Elf King to marry Xian Miaomiao to Chu Feng. At that time, the plan that he and his son had would be completely ruined.

Thus, at this moment, Xian Yuyin and his father were extremely vexed. As such, how could they possibly have the heart to bother with the Avaricious Immortal?

“Haha...” Seeing the depressed appearances that Xian Yuyin and his father had, the Avaricious Immortal chuckled lightly. Then, he

said, “This Avaricious Immortal has come here for the sake of helping Milord and Young Master with your worries and difficulties.”

“Helping us with worries and difficulties? What could you possibly do?” Xian Yuyin’s father chuckled slightly. The tone with which he said those words was filled with contempt.

Although the Avaricious Immortal was a grand character in the Holy Land of Martialism, he would not amount to much before Xian Yuyin’s father.

“I know that what is vexing Milord and Young Master is that Chu Feng,” The Avaricious Immortal said.

“Oh? And what of it?” Xian Yuyin’s father asked.

“Chu Feng possesses exceptional talent. Furthermore, he has managed to become a Martial Emperor from a Martial King in a short period of time. The speed of his growth is astonishing and simply unprecedented.”

“If what happened today is to spread out, it is likely everyone will think that the person that will become this era’s Overlord will be none other than Chu Feng,” The Avaricious Immortal said.

“What you’re saying is simply rubbish,” The more Xian Yuyin’s father heard, the more annoyed he became. He actually revealed an expression of anger.

“Milord, don’t be so anxious. I have a way to stop that Chu Feng from emerging in power,” The Avaricious Immortal said.

“Oh?” It was only when he heard those words that Xian Yuyin’s father’s expression changed slightly. In a dubious manner, he said, “Let’s hear it.”

“The Blood Devouring Armors have already been completed. Originally, my senior brother had planned to personally hand them over to Princess Miaomiao and Young Master Yuyin in the Ancient Era’s Palace today.”

“However, this ended up being delayed by the appearance of Chu Feng. Furthermore, as my senior brother had an urgent matter to take care of, he has already left. Currently, the Blood Devouring Armors are with me.”

“Tomorrow, I will have to hand the Blood Devouring Armors to Chu Feng and Princess Miaomiao. However... as my senior brother is not here, I am able to make some slight alterations to the Blood Devouring Armors. Then, tomorrow, using the reason that the Blood Devouring Armors were tailor-made, I will have Chu Feng be unable to don the Blood Devouring Armor.”

“Like that, Chu Feng would not be able to enter the Blood Devouring Killing Formation with Princess Miaomiao; she will have to go by herself.”

“However, I believe that with how dangerous the Blood Devouring Killing Formation is, even the Elf King will not be at ease having Princess Miaomiao enter it by herself. Thus, at that time, Young Master Yuyin will have to be the one to accompany Princess Miaomiao,” The Avaricious Immortal said.

After hearing what the Avaricious Immortal said, both Xian Yuyin and his father became spirited. However, Xian Yuyin’s father was still skeptical. He said, “Chu Feng is a Dragon Mark Royal-cloak World Spiritist. I’m afraid that he will be able to see through your scheme.”

“So what if he does? As long as the others cannot, there is nothing that he can do about it. Moreover, although I might now be inferior to that Chu Feng in terms of martial power, that Chu Feng is absolutely inferior to me in terms of world spirit techniques.”

“If he dares to question me publicly, I will personally request a match in world spirit techniques against him. I will bestow him a public humiliation,” The Avaricious Immortal said.

“Haha, brilliant, what a truly brilliant plan,” Xian Yuyin’s father

suddenly stood up and began to clap his hands.

Xian Yuyin's father had been feeling vexed from the moment Chu Feng had triggered the first Ancient Era's Immortal Needle tonight. And now, he had finally managed to obtain a piece of good news.

“Perhaps he might even have the courage to compete with me in terms of world spirit techniques,” The Avaricious Immortal revealed a cold smile.

Chapter 1902 – Came Prepared

“Why’s that?” Xian Yuyin and his father asked simultaneously.

“Because if he dares to accept my challenge, I will bet my life against his. With our lives as the bet, how could he possibly dare?” The Avaricious Immortal said.

“Lives as the bet?” Hearing those words, the expressions of Xian Yuyin and his father both changed. Then, his father added, “Avaricious, how certain are you that you can defeat Chu Feng?”

“As I said, if I am to compete with Chu Feng with martial power, I am not a match for him. However, in terms of World Spirit Techniques, Chu Feng is definitely inferior to me,” The Avaricious Immortal said confidently.

“Avaricious Immortal, for you to help us like this, what is it that you might want from us?” Xian Yuyin knew that the Avaricious Immortal was never someone to conduct a losing transaction.

“Young Master, although I am avaricious, I also know the ways of the wise. The benefit that I want today is very simple; I merely wish to stand under the the giant tree that is Milord and Young Master so that I can have a place that will shelter me from the wind and rain,” The Avaricious Immortal said with a courteous bow.

Hearing those words, Xian Yuyin revealed an expression of confusion. The Avaricious Immortal was extremely greedy; this was something that everyone in the Holy Land of Martialism knew.

Yet, he actually wanted to help them unconditionally today. He truly did not understand what the Avaricious Immortal was planning.

“Very well. It is rare for you to come to such an enlightenment. Regardless of what happens tomorrow, you shall, from today

forward, be on the same boat as us father and son. We shall enjoy blessings and endure misfortunes together,” At that moment, Xian Yuyin’s father straightforwardly accepted the Avaricious Immortal’s plan.

Then, Xian Yuyin’s father took out a jade pendant and handed it to the Avaricious Immortal, saying, “This is our family heirloom that was given to me by my father. In order to show our good faith in cooperating with you, I will give this jade pendant to you.”

Seeing this jade pendant, Xian Yuyin’s expression changed once again. Although that jade pendant was not a priceless treasure, it possessed extraordinary significance. It was indeed something his grandfather had passed on to his father.

“Thank you Milord. This Avaricious Immortal will definitely not disappoint you. Milord and Young Master, you merely need to wait for the show tomorrow,” The Avaricious Immortal accepted the pendant and then turned to leave.

“Father, I don’t understand. The Avaricious Immortal has always been someone who values wealth and valuables as much as his own life. Today, he actually came to help us of his own accord without demanding anything. This doesn’t seem like his character,” Xian Yuyin said in a puzzled manner.

“Oh Yuyin, you don’t understand. Chu Feng and the Avaricious Immortal are absolutely irreconcilable enemies. Right now, Chu Feng is on the verge of rising in power. Seeing this, the Avaricious Immortal will naturally feel very uneasy. It could be said that he is more anxious and fearful than anyone else.”

“If Chu Feng is to emerge in power, the only thing awaiting the Avaricious Immortal will be death. Compared to us father and son, he is the one who is feeling the actual imminent danger.”

“Thus, to speak of it precisely, he is not helping us. Rather, he is helping himself,” Xian Yuyin’s father said.

“So that’s this case. I understand now,” At that moment, Xian Yuyin came to a sudden realization. Then, he revealed an extremely cold gaze and muttered, “Chu Feng, I shall see how you can continue to act complacent tomorrow.”

Xian Yuyin was extremely confident about what would happen tomorrow. No matter how talented Chu Feng might be, he remained a member of the younger generation. Even if Chu Feng was a Dragon Mark Royal-cloak World Spiritist, Xian Yuyin believed that he would absolutely not be a match for the Avaricious Immortal.

The reason for that was because world spirit techniques were extremely different from martial techniques. World spirit techniques possessed all sorts of complicated spirit formations that required a lot of time to specially study. In other words, to learn world spirit techniques was even more difficult than learning martial cultivation. With how young Chu Feng was, he would naturally not have as much experience as an old monster like the Avaricious Immortal.

.....

The next day. Chu Feng and the others arrived at the Ancient Era’s Palace again.

Merely, this time around, not only was there no one that dared to lash out at Chu Feng, the crowd instead all took the initiative to greet and chat with Chu Feng. With smiles across their faces, they appeared to be extremely amiable.

In fact, even the four tall, short, fat and skinny Grand Elders that possessed extraordinary statuses smiled and nodded at Chu Feng. Although they did not say anything, they had demonstrated their acknowledgement of Chu Feng.

However, to the crowd’s surprise, Xian Yuyin and his father had also arrived at the Ancient Era’s Palace again.

This came as a great astonishment to the Ancient Era's Elves. With the temperaments of Xian Yuyin and his father, it should be impossible for them to return here. Could it be that their nature had finally changed for the better?

That was what the grand characters present were thinking. After all, that was the only way to explain their actions, as they could not think of another reason why that pair of father and son would let go of their dignity to come here again.

After everyone arrived, the Avaricious Immortal stepped forward, saluted the Elf King and said, "Your Majesty, due to having an important matter to take care of, my senior brother had to leave last night."

"I know. I believe the Immeasurable Immortal has entrusted some things to you, Avaricious Immortal. It is now up to you to do what you should," The Elf King said.

"Your Majesty, that is actually precisely what this Avaricious Immortal wanted to mention today," The Avaricious Immortal said.

"Avaricious Immortal, could there be something wrong?" The Elf King was very smart. From the Avaricious Immortal's tone, he had determined that something bad had happened.

"Your Majesty, when my senior brother and I were making the Blood Devouring Armors, we had tailor made them for Princess Miaomiao and Young Master Yuyin."

"But now, Princess Miaomiao wants to enter the Blood Devouring Killing Formation with Chu Feng. I'm afraid that that won't do, for the Blood Devouring Armor can only be donned by Young Master Yuyin and not Chu Feng," The Avaricious Immortal said.

"What? There's actually such a thing? Why did we not hear of this from the Immeasurable Immortal?" Once the Avaricious Immortal said those words, the crowd began to discuss the matter

spiritedly, and many were expressing their doubt.

“You’re lying,” As for Xian Miaomiao, she even directly lashed out at the Avaricious Immortal. She had a face of disbelief.

“This matter is absolutely true. This Avaricious Immortal does not have the boldness to lie to everyone here. If Milords do not believe me, I can take out the Blood Devouring Armor and have little friend Chu Feng personally inspect it. As little friend Chu Feng is also a Dragon Mark Royal-cloak World Spiritist, I believe he will be able to tell whether or not I’m lying,” The Avaricious Immortal said.

“I can give it a try,” Chu Feng nodded calmly. Actually, the moment he saw Xian Yuyin’s arrival, he knew that something would happen today.

The reason for that was because everyone knew that they were gathered here again because Chu Feng and Xian Miaomiao would be receiving the Blood Devouring Armor.

Logically, it should be impossible for Xian Yuyin to be willing to personally bear witness to that. When even ordinary people would not be willing to witness something like that, how could such a narrow-minded man like Xian Yuyin possibly be willing to?

However, not only had Xian Yuyin come, he also did not have any trace of anger or displeasure on his face. It was as if nothing had happened yesterday. Furthermore, the gaze with which he was looking at Chu Feng seemed to possess a bit of schadenfreude.

Chu Feng knew that they had come prepared. Furthermore, he had managed to guess that their plan would have something to do with the Avaricious Immortal. After all, he and the Avaricious Immortal were enemies. Thus, it would be reasonable for the Avaricious Immortal to join hands with Xian Yuyin and his father.

As for Chu Feng, what he needed to do now was destroy their scheme and turn their beautiful dream to nothingness.

“Little friend Chu Feng, please have a look,” The Avaricious Immortal took out the two Blood Devouring Armors.

The two Blood Devouring Armors were indeed very special. They were made entirely of deep red insects. As for those insects, they were all the same size; half a finger long and oval in shape.

Although those bugs had already been made into armor, they were actually all alive. Furthermore, Chu Feng was able to sense that the two Blood Devouring Armors were very extraordinary.

Chapter 1903 – The Avaricious Immortal's Provocation

“What the Avaricious Immortal said is correct. These two Blood Devouring Armors indeed already possess masters. Furthermore, they are, respectively, Princess Miaomiao and Young Master Yuyin,” After inspecting the two Blood Devouring Armors, Chu Feng spoke to the crowd.

“How could that be?” At that moment, many people revealed depressed expressions. As matters stood, they all wished for Chu Feng, and not Xian Yuyin, to accompany Xian Miaomiao into the Blood Devouring Killing Formation.

“Bastard! Who said that you can make your own decision to tailor-make those Blood Devouring Armors for Xian Yuyin and me? Did you get our consent?!” At that moment, Xian Miaomiao was so enraged that her little face turned red with anger, and she flared out at the Avaricious Immortal on the spot.

“Miaomiao, do not be rude,” The Elf King said.

“Princess Miaomiao, please quell your anger. This matter is not at all related to me. It was a decision made by my senior brother.”

“However, Princess Miaomiao, please do not blame my senior brother either. Back then, none of us expected for little friend Chu Feng to suddenly appear. We all thought that you and Young Master Yuyin would be the ones going together. That’s why...” he sighed. “Anything I say would be useless. There is already nothing that I can change about this situation. If Princess Miaomiao wishes to blame someone, please blame me.”

With a ‘putt,’ the Avaricious Immortal half kneeled onto the ground. Although his action might seem righteous, many people felt that he was only acting pretentiously.

In fact, when Chu Feng declared that those two Blood Devouring

Armors were tailor made, the Avaricious Immortal was already bursting with joy. The reason for that was that this meant that his world spirit techniques were extremely powerful, and he had managed to deceive Chu Feng.

At that moment, although Xian Yuyin and his father did not have any physical reaction, they were also extremely overjoyed in their hearts.

Especially when they recalled how insufferably arrogant and awe-inspiring Chu Feng was last night, they felt even more refreshed. The reason for that was because they were finally able to see Chu Feng being defeated.

Right at that moment, Chu Feng suddenly said, “Miaomiao, do not worry. Although these two Blood Devouring Armors were indeed prepared for you and Young Master Yuyin, I merely need to slightly alter the one prepared for Young Master Yuyin to be able to don it.”

“Ah?” Once Chu Feng’s words were said, not to mention Xian Yuyin and his father, even Xian Miaomiao and the other Ancient Era’s Elves were all shocked.

“Chu Feng, is what you said for real?” Xian Miaomiao asked in an extremely excited manner.

“Of course. This is nothing difficult,” Chu Feng smiled and nodded.

However, the Avaricious Immortal immediately said, “Little friend Chu Feng, you must not act recklessly. These Blood Devouring Armors are items created by my senior brother through many days of effort. I know their characteristics the best. Now that they have been completed, if you are to alter them of your own initiative, you will make the Blood Devouring Armor lose its usefulness.”

“Even if you are able to successfully don it, the Blood Devouring

A armor will not be able to protect you in the Blood Devouring Killing Formation. At that time, what use is there for you to enter the Blood Devouring Killing Formation? You would simply be throwing your life away.” It was as if he had already prepared for this.

Xian Miaomiao was stupefied upon hearing those words. Even though she wanted to be angry, she did not know how. The reason for that was because she was unable to ascertain whether what the Avaricious Immortal said was true or not.

It would be one thing if what the Avaricious Immortal said was false.

However, if what he said was the truth, wouldn't Chu Feng be courting death by entering the Blood Devouring Killing Formation while wearing the Blood Devouring Armor?

That was a responsibility that Xian Miaomiao was unable to bear, something that none of the people present were able to bear.

Thus, at that moment, this was already no longer an issue of worry for Xian Miaomiao and Princess Lingyue. Instead... the Four Grand Elders, as well as the Protectors, were also very worried.

At that moment, only two people remained calm. They were Chu Feng and the Elf King. Chu Feng was extremely confident and not alarmed in the slightest.

As for the Elf King, he did not say a single word, and he also appeared very calm and collected. His relaxed appearance was as if he was enjoying a show.

Chu Feng smiled again and then said, “I think that, Avaricious Immortal, you are over-worrying. This Blood Devouring Armor is not as difficult to handle as you imagined it to be. There is no need for you to worry, I can handle it myself,” Chu Feng said.

“Little friend Chu Feng, do you not trust me?” The Avaricious Immortal asked.

“Trust you? How am I to trust you? It is true that the Blood Devouring Armors were tailor made for Princess Miaomiao and Young Master Yuyin. However they were not tailor made from the very beginning. Instead, they were altered last night,” Chu Feng said.

“Chu Feng, what is the meaning of your words?” The Avaricious Immortal asked with a puzzled expression.

“What is the meaning? You should know best yourself. They were altered by you last night.”

“As for the purpose of your actions, I believe only you and Young Master Yuyin know, no?” Chu Feng smiled coldly as he took a glance at Xian Yuyin.

“Chu Feng, don’t you wrongly accuse me!” Xian Yuyin shouted.

“Chu Feng, I knew that you hold a prejudice toward me. However, you shouldn’t slander me like this, no? I, Avaricious, am always one who is straightforward and upright in my manner of conduct. How could I possibly do such a thing?” The Avaricious Immortal tried his best to defend himself.

“In that case, how about we go and find the Immeasurable Immortal and have him check it out?” Chu Feng said.

“That would naturally be the best. But, my senior brother had an important matter to take care of. He will not be able to return to the Elf Kingdom for the time being,” The Avaricious Immortal said.

“The Dragon Mark Royal-cloak World Spiritists of the Holy Land of Martialism are not only limited to you, myself and the Immeasurable Immortal. We can go and find another Dragon Mark Royal-cloak World Spiritist to evaluate these Blood Devouring Armors,” Chu Feng said.

Chu Feng would naturally not really waste time to go to find someone else to evaluate the Blood Devouring Armors. He had only

said that for the sake of publicly unmasking the Avaricious Immortal.

The Avaricious Immortal looked to Chu Feng and said confidently, “Chu Feng, if you truly wish to find someone to evaluate them, I will naturally be able to accompany you to find someone.”

“However, it is not that I am arrogant, but even if you are able to find another world spiritist, they will not necessarily be able to determine if they have been altered better than me. After all, I, the Avaricious Immortal, have trained in world spirit techniques for over five thousand years.”

“And you... how long have you trained in world spirit techniques? What makes you qualified to question me? Do you really think that you can disregard everything just because you’re a Dragon Mark Royal-cloak World Spiritist?”

“Let me tell you, even among Dragon Mark Royal-cloak World Spiritists, there will be differences in strength.”

“Of course there’s a difference in strength. However, I wish to remind you that your ranking among the Dragon Mark Royal-cloak World Spiritists is not high at all,” Chu Feng said with a smile.

“Chu Feng, you are truly impudent! As part of the younger generation, is this how you speak to your senior?!” The Avaricious Immortal shouted.

“That would have to depend on what sort of senior I am speaking with. For a senior that is willing to kill you, while you don’t possess any grievances or hatreds with him, all for the sake of his own personal benefits, let me ask you, what sort of attitude should I have when speaking with that kind of senior?” Chu Feng said with a beaming smile and a mocking tone.

“Chu Feng, are you looking down on my world spirit techniques? Since you’re this arrogant, do you dare to compete against me?”

The Avaricious Immortal did not answer Chu Feng's question. Instead, he issued a challenge to Chu Feng. He did not answer Chu Feng's question because he was, after all, in the wrong.

“Compete? Compete again? Do you think you're even qualified to compete against Chu Feng? Take a mirror and look at yourself. Then ask yourself whether or not you are even qualified to compete against Chu Feng,” Xian Miaomiao pointed at the Avaricious Immortal and said one word at a time.

After Xian Miaomiao said those words, many of the people present all revealed an eased expression. She had said what they all wanted to say.

While it was true that the Avaricious Immortal was Chu Feng's senior, there was a heaven and earth difference in the moral character of the two of them.

The Avaricious Immortal was unworthy of being Chu Feng's senior.

Chapter 1904 – The Situation Turning Bad

“Chu Feng, do you dare to accept my challenge?” The Avaricious Immortal asked again.

“Avaricious Immortal, you are, no matter what, a senior. Please mind your words and actions so that you do not disgrace yourself,” Princess Lingyue said coldly.

“Princess Lingyue, you don’t understand. This old man is currently protecting his dignity as a world spiritist. Else, I will have no face to continue existing in the Holy Land of Martialism,” The Avaricious Immortal defended his actions.

“Face? Someone like you needs face? You should know your own conduct and deeds the best. I might as well tell you the truth. If it wasn’t for the fact that the Immeasurable Immortal insisted on bringing you to assist him with making the Blood Devouring Armor, our Elf Kingdom would never associate ourselves with someone like you,” Xian Miaomiao said without the slightest trace of politeness.

Regardless of how thick-skinned the Avaricious Immortal might be, he was on the verge of being unable to endure such open humiliation by Xian Miaomiao. His complexion turned ashen and his expression became extremely ugly.

Thus, he turned to Chu Feng and said again, “Chu Feng, are you a man or not?”

“Hahaha...” Chu Feng did not answer and instead burst into cold laughter.

“What are you laughing about?” The Avaricious Immortal asked loudly.

“Am I muddle-headed? Why is it that the things happening today resemble what happened yesterday that much?” As Chu Feng spoke, he took a glance at Xian Yuyin.

Yesterday, when Xian Yuyin was challenging Chu Feng, he had the exact same attitude as the Avaricious Immortal. However, in the end, he suffered a crushing defeat.

What Chu Feng meant by those words of his was that the Avaricious Immortal... would end up suffering the same conclusion as Xian Yuyin.

“Humph, I knew that you wouldn’t dare,” Seeing that Chu Feng had refused to accept his challenge even now, the Avaricious Immortal smiled coldly. Then, he took a glance at the crowd and said, “Princesses, Young Masters, Milords, you have all seen it. Chu Feng’s world spirit techniques are simply inferior to my own. His questioning my decision is simply slander to my name.”

“Avaricious, never did I mention that I wouldn’t,” Chu Feng said.

“Are you saying that you will compete with me?” The Avaricious Immortal asked.

“Compete, of course we must compete. If we do not compete, you wouldn’t know how weak you really are. However, if we must compete, then we must set some conditions. Merely, I fear that you will not dare to accept them,” Chu Feng said.

“What jest. What would I not dare to accept? What is the condition? Speak away,” The Avaricious Immortal said.

“We shall bet our lives. Do you dare to accept?” Chu Feng said.

“What did you say? You wish to gamble your life with me?” The Avaricious Immortal was startled upon hearing those words. He was originally planning to use that to scare Chu Feng. Never had he thought that Chu Feng would use that condition to scare him instead.

In fact, at that moment, the crowd present was completely startled.

What sort of situation was this?

No matter how enormous the hatred between Chu Feng and the Avaricious Immortal might be, there shouldn't be a need to gamble their lives with world spirit techniques, no? With Chu Feng's current strength, he was simply capable of using his own martial cultivation to kill the Avaricious Immortal. There was simply no need for him to take that risk.

Or could it be that Chu Feng really possessed sufficient confidence in being able to surpass the Avaricious Immortal even in world spirit techniques?

The crowd began to have all sorts of speculations. However, at the same time, they all held a whole new level of respect for Chu Feng. This young man's courage was simply too astonishing.

"Sure, let's compete. I shall see how you could possibly surpass me!" The Avaricious Immortal shouted. He accepted Chu Feng's condition.

"Very well. How do you want to compete? You decide." Chu Feng handed the responsibility of deciding the subject of the competition to the Avaricious Immortal.

"Heh, there's no need for you to tell me to decide. As your senior, it is only natural that I decide," The Avaricious Immortal did not appreciate Chu Feng's gesture.

However, his words caused the crowd to shake their heads repeatedly. He truly lacked the demeanor of a senior. When comparing him with Chu Feng, Chu Feng's conduct in every deed appeared better than the Avaricious Immortal all around.

"I'll set up a formation, and you shall attempt to break through it."

"You will do the same, and set up a formation for me to attempt to break through."

"No more than six hours can be used to set up the formation. No more than one hour can be used to break through the formation."

“If you cannot break through my formation, it’ll be your loss.”

“If I cannot break through your formation, it’ll be my loss,” The Avaricious Immortal said.

“What? Six hours to set up a formation and one hour to break through it? How could one possibly break through it?” Hearing what the Avaricious Immortal said, the crowd members were all astonished. The rules which he gave were truly too unreasonable.

However, compared to the others, Chu Feng only smiled lightly. With an indifferent expression on his face, he said, “What if I manage to break through your formation, but you cannot break through mine?”

“That would mean that I, Avaricious, am inferior to you. I will publicly kneel on the spot and call you granddaddy,” The Avaricious Immortal said resentfully. Even though he was surprised by Chu Feng deciding to bet with their lives, he was still absolutely confident in himself.

“Very well. Come,” Chu Feng smiled slightly and indicated to the Avaricious Immortal to start.

“The palace hall is too small. Let’s go outside,” The Avaricious Immortal snorted coldly and then began to fly outside.

Chu Feng followed closely behind him. The others in the palace hall also flew after them.

At that moment, the grand characters were all standing in the sky. Their gazes were bright and their expressions were serious.

Although they, the Ancient Era’s Elves, possessed extremely powerful battle power, their world spirit techniques were generally only average. For two Dragon Mark Royal-cloak World Spiritists to compete, and in a life and death match on top of that, they all knew that it was a great show that was not to be missed.

“Woosh, woosh, woosh, woosh~~~”

Suddenly, the Avaricious Immortal started to act. His hands began to move back and forth. As his hands gave birth to winds, golden-bright and dazzling Dragon Mark Royal-level world spirit power ended up being controlled by him.

He was setting up a formation, a very powerful grand spirit formation. While this grand spirit formation was a defensive formation, it was most definitely no ordinary defensive formation.

This grand formation was separated into eighty-one smaller formations. However, even for the smaller formations, they each covered several thousands of meters. With the eighty-one smaller formations crisscrossing one another, they created this enormous formation that covered several tens of thousands of meters.

The Avaricious Immortal was truly worthy of being a world spiritist ranked higher than the World Spiritist Immortal and the White-browed Immortal among the Ten Immortals. His world spirit techniques were indeed extremely profound.

However, even for him, a very powerful world spiritist, it still required a total of six hours to set up that enormous spirit formation. He finished his spirit formation right at the six hour mark.

“Chu Feng, go ahead and attempt to break it,” The Avaricious Immortal said as he pointed to the enormous spirit formation shining with golden light behind him. Confidence filled his aged face.

“This... how is one to break through that formation?” Seeing that formation, the Ancient Era’s Elves all started to frown.

Even though none of them were very proficient with world spirit techniques, they were able to tell that the Avaricious Immortal’s spirit formation was especially useful against world spirit techniques.

In other words, it would actually be extremely easy to break

through the formation with martial power. With Chu Feng's cultivation, it would be as simple as waving his sleeve.

However, if one were to use world spirit techniques, it would be extremely difficult, so difficult that it was simply impossible.

"Truly despicable," At this moment, the grand characters of the Ancient Era's Elves that were generally very calm were unable to contain themselves, and began to audibly despise the Avaricious Immortal.

The Avaricious Immortal declared that six hours would be the time limit to set up the formation. Furthermore, it just so happened that he had finished setting up his spirit formation in six hours. Evidently, he had already planned this beforehand.

"Chu Feng was too careless. He shouldn't have allowed that Avaricious Immortal to give his conditions. Look at it now, that Avaricious Immortal possesses an advantage all around," At that moment, Princess Lingyue's gaze was flickering. She had a worried expression on her face.

The way she saw it, the situation was extremely bad for Chu Feng.

Chapter 1905 – Shifting Heaven And Earth

“Big sister, what’s wrong? Is that spirit formation really that difficult to break through?” Seeing her own big sister acting in such a manner, Xian Miaomiao became even more worried.

“It’s difficult, extremely difficult.”

“Although I am nowhere as proficient with world spirit techniques as Dragon Mark Royal-cloak World Spiritists, I am able to tell how powerful that spirit formation is. Not to mention an hour, even if one was given twenty hours, one would not be able to break through it with world spirit techniques. That is simply an unbreakable spirit formation,” Princess Lingyue said.

“Ah? Big sister, what do we do then? Think of a way,” Hearing those words, Xian Miaomiao immediately became extremely worried. The competition this time around was different from the one last night. If Chu Feng were to be defeated, he would have to die.

“This spirit formation is impossible to be broken through. It is simply impossible for Chu Feng to win against the Avaricious Immortal. The only thing that he can do is to set up a spirit formation that the Avaricious Immortal cannot break through and force a draw,” Princess Lingyue said.

“Can Chu Feng do that?” At that moment, Xian Miaomiao looked to Chu Feng. Although she was extremely confident in Chu Feng’s battle power, she did not know how strong his world spirit techniques were.

“With Chu Feng’s strength, that should be possible. Merely, I fear that after this matter ends in a draw, the Avaricious Immortal will not be willing to leave it at that, and will continue to insist on competing again,” Princess Lingyue said.

“I will not give him the opportunity to do so. If this match ends

in a tie, I will immediately drive that Avaricious Immortal from our Elf Kingdom,” Xian Miaomiao said.

“Mn,” Princess Lingyue nodded. That was also what she was thinking.

“Little friend Chu Feng, you should quickly get to work. After all, you only have one hour to break that formation,” At that moment, seeing that Chu Feng was standing there motionlessly, an Elf Kingdom’s Protector was unable to contain himself and called out to Chu Feng.

It was only at that moment that the crowd noticed that the Avaricious Immortal had already begun to measure the time. Why was Chu Feng still not attempting to break the formation?

“Haha...” At that moment, the Avaricious Immortal laughed lightly. He said mockingly, “Did you give up because you know you cannot break the formation?”

“Wrong,” However, Chu Feng shook his head. He slowly walked over to the Avaricious Immortal and said, “This spirit formation of yours is something that I can break through in a split second. As such, why should I be impatient to break it?”

“What did you say? You... you are simply boasting shamelessly!” Hearing those words, the Avaricious Immortal was deeply enraged.

He possessed absolute confidence in his spirit formation. Not to mention Chu Feng, he would not fear even if he were to compete against his senior brother with this formation.

Yet, Chu Feng actually said such a thing. Chu Feng was simply insulting him. As such, how could he not be enraged?

In fact, it was not only the Avaricious Immortal. Even Xian Miaomiao and the others were stunned by Chu Feng’s words.

At such a time, how could Chu Feng be this calm and boast to the Avaricious Immortal instead of hurriedly attempting to break the formation? This was not the time to boast.

“Boast shamelessly? Haha...” Chu Feng smiled again. He said, “I shall let you see whether or not I am boasting.”

“Woosh~~~”

Once Chu Feng’s words left his mouth, he suddenly raised his hand. Then, a golden light flew out from Chu Feng’s palm. Like a sharp sword, it was shot directly into that vast spirit formation.

“Boom~~~”

Once that golden light pierced into the spirit formation, that vast, seemingly indestructible spirit formation instantly crumbled into countless dazzling golden lights that dissipated into the air.

“Heavens, exactly what happened?! Exactly what is going on here?!”

At that moment, not to mention the Avaricious Immortal, Xian Yuyin and his father, even Xian Miaomiao and the others were stunned.

“Interesting,” At that moment, the only person that was still able to remain calm and collected was the Elf King. However, he had revealed a rare surprised expression in his eyes.

“Chu Feng, you’ve broken through that spirit formation! But, that spirit formation was clearly extremely difficult to break through. How did you manage to do so?” Xian Miaomiao arrived before Chu Feng and asked with incomparable curiosity. She was extremely excited, for Chu Feng had surpassed her imagination.

“That’s right. Chu Feng, how did you manage to do that? That is simply too unbelievable,” Princess Lingyue also ran over.

In fact, the gazes of practically everyone were cast onto Chu Feng. They all wished to know the answer to that question.

Originally, they all felt that the situation was extremely bad for Chu Feng, that even the best ending would be a tie. They had truly never expected for Chu Feng to be able to so effortlessly break

through the Avaricious Immortal's spirit formation. This truly caused them to be enormously taken aback.

Chu Feng did not immediately answer them. Instead, he looked to the Avaricious Immortal. It was only then that he discovered...

...that the Avaricious Immortal's complexion had become paper pale, like a corpse. Furthermore, he was shaking his head nonstop and muttering to himself, "Impossible, this is impossible, impossible."

The crowd looked in the direction of Chu Feng's gaze, and saw the current expression of the Avaricious Immortal. At that time, they involuntarily revealed cold smiles on their faces.

The reason for that was because the Avaricious Immortal's current reaction was simply a heaven and earth difference from his previous proud and arrogant behavior. The crowd was able to take pleasure in this clear contrast.

"The spirit formation that the Avaricious Immortal set up earlier was from the Ancient Era. It is called the Spirit Techniques Blocking Chain Formation."

"As its name implies, the usage of that spirit formation is not to defend against attacks from martial power. Instead, it is especially used to protect against world spirit techniques. In other words, it is extremely difficult to use world spirit techniques to break that spirit formation."

"Furthermore, when the Avaricious Immortal was setting up the spirit formation, he used many pieces of Dragon Mark World Spirit Stones to increase the defensive ability of his spirit formation. This made that spirit formation even harder, nearly impossible, to break apart," Chu Feng said.

"If it was that hard, how did you manage to break it?" Xian Miaomiao asked curiously.

"Allow me to explain this," At that moment, the Elf King actually

interrupted.

Hearing those words, the crowd all turned their gazes to the Elf King.

“Although the Avaricious Immortal’s spirit formation is extremely rare, little friend Chu Feng managed to see through it with a single glance. Thus, when the Avaricious Immortal was wracking his brains to set up the spirit formation, little friend Chu Feng was already setting up the spirit formation to break through his spirit formation.”

“Furthermore, little friend Chu Feng’s world spirit techniques are truly amazing. Before the Avaricious Immortal had even finished setting up his spirit formation, little friend Chu Feng had already quietly finished setting up his own spirit formation and concealed it within his palm.”

“That is why the scene earlier happened,” The Elf King said.

“So that’s what happened. That’s truly unimaginable,” The crowd came to a sudden realization after hearing what the Elf King said.

Earlier, they had been focused on the Avaricious Immortal setting up his spirit formation the entire time, and simply had not paid attention to what Chu Feng was doing. No one ever imagined that the Avaricious Immortal was already destined to be defeated the moment he started setting up his spirit formation.

“But, the spirit formation that the Avaricious Immortal set up was so grand and vast. How could the spirit formation that Chu Feng set up break through his spirit formation while being low profile?” Xian Miaomiao asked in a confused manner.

“Mn, what Miaomiao said is correct. With such a powerful formation, even if one wished to break through it, one should be using a very vast and grand spirit formation. How did little friend Chu Feng manage to stealthily conceal his formation in his palm?”

Once Xian Miaomiao asked that question, the others also grew curious.

“That’s why I said little friend Chu Feng’s world spirit techniques are truly amazing,” When the Elf King said those words, he looked to Chu Feng and smiled.

Chu Feng returned the smile. He had set up his spirit formation extremely ingeniously. If one did not observe him carefully, one would not be able to discover him setting it up. Yet, the Elf King had discovered it. This meant that the Elf King had been paying close attention to him the entire time.

“Impossible! This spirit formation of mine originated from the Ancient Era. It is something that I obtained from an Ancient Era’s Remnant. Even my senior brother might not necessarily be able to break apart my spirit formation. How could you possibly accomplish that?!” At that moment, the Avaricious Immortal shook his head repeatedly. He was unable to accept this fact.

“I also believe that there are not a lot of people that know of that spirit formation. However, it is truly an unfortunate coincidence for you; I just so happen to be one of the few who do know of that spirit formation. Furthermore, I just so happen to know the method of breaking through it that even you do not know,” Chu Feng said with a beaming smile.

“How could that be?! You, with your young age, how could you possibly know that much? How could you possibly grasp such a powerful spirit formation?” The Avaricious Immortal had a dejected expression. He was deeply stunned. It took him an entire hundred years of training in order to grasp the spirit formation that he had set up. He had done so all for the sake of putting it to good use when competing against other world spiritists.

It was also because of that spirit formation that he had been so confident. The reason for that was because he only knew about how to set up that spirit formation, and not how to break through

it. Thus, he had thought that it was unbreakable.

Thus, how could Chu Feng, a young man only in his twenties, possibly know about his spirit formation, and even the spirit formation to break through his spirit formation that would be even more difficult to master?

Chapter 1906 – Kneel And Beg For Forgiveness

“Avaricious Immortal, there’s no need for you to gasp in surprise just yet. Next, it’s time for you to break my formation.”

Faced with the Avaricious Immortal’s panicky expression, Chu Feng’s smile did not decrease in the slightest. As he spoke, he sat down in midair, clasped his hands together and closed his eyes.

“What is Chu Feng doing? Isn’t he supposed to be setting up his spirit formation?”

Originally, a lot of people had thought that Chu Feng was going to set up his spirit formation, and were greatly looking forward to it.

However, after Chu Feng sat down, he became motionless.

Furthermore, once he started sitting, he sat for two entire hours. It was as if he had fallen asleep. This caused the crowd to be extremely puzzled and confused by what Chu Feng was doing.

Could he truly have fallen asleep?!!!

“Done.”

However, after two hours passed, Chu Feng not only opened his eyes, he also stood up with a slight smile on his face.

“Done? What’s done? Clearly nothing was done, no?” The crowd looked all around, but were unable to find any spirit formations. Exactly what had Chu Feng done?

He seemed to have not done anything other than sleep for two hours. Yet, since he didn’t do anything, why did he say ‘done?’

Could it be that Chu Feng was going to throw the competition and give the Avaricious Immortal a chance?

But, there shouldn’t be a reason for him to do that. The two of

them were enemies. Chu Feng should be itching to kill the Avaricious Immortal. Thus, how could he possibly be throwing the competition for the Avaricious Immortal?

“Chu Feng, are you deliberately wasting my time?” In fact, even the Avaricious Immortal was extremely confused.

Although he was extremely shocked by Chu Feng breaking through his spirit formation, he had not conceded to Chu Feng. After all, he also had the opportunity to break through Chu Feng’s spirit formation.

However, what sort of situation was this? Chu Feng had simply not set up any spirit formation. Thus, how was he supposed to break through the spirit formation?

That was why he said that Chu Feng was wasting his time.

“Wasting time? No, it is time for you to attempt to break my spirit formation,” As Chu Feng spoke, he opened his palms that were clasped together.

“Buzz~~~”

At that moment, a dazzling golden light appeared with a flicker.

It was a golden sphere. It was only the size of a goose egg. Yet, it was glistening with illuminating golden light like the bright sun.

“Could that be the spirit formation that Chu Feng set up? Why is it so small?”

Xian Miaomiao and the others were all bewildered. Compared to the spirit formation the Avaricious Immortal had set up, the one that Chu Feng had set up was simply too tiny in comparison.

“That is the spirit formation that Chu Feng set up? Heh, ridiculous. Although I do not know any world spirit techniques, I am still able to tell that that spirit formation is unable to withstand a single blow,” Xian Yuyin started to laugh coldly.

Xian Yuyin had been stunned by Chu Feng being able to break

apart the Avaricious Immortal's spirit formation. Even though he was still standing in midair, he felt as if he had dropped into an endless abyss, without a way to ever get out of this predicament.

However, at that moment, after seeing Chu Feng's spirit formation, he managed to see hope again.

However, after the Avaricious Immortal saw the golden sphere, he grew motionless, as if he had been petrified. He was completely stunned.

"Avaricious Immortal, what are you standing there for? Could it be that you are also able to break my spirit formation in an instant?" Chu Feng asked with a beaming smile. He was absolutely mocking the Avaricious Immortal. The reason for that was because he knew that the Avaricious Immortal would not be able to break his spirit formation.

"Avaricious Immortal, it's your turn," At that moment, it was instead Xian Yuyin who grew impatient, and actually called out to remind the Avaricious Immortal. The reason he did that was because he did not wish for the Avaricious Immortal to lose.

He had already lost to Chu Feng in a competition of talent. If the Avaricious Immortal were to also lose to Chu Feng in a competition of world spirit techniques, all that they had planned today would be ruined. Furthermore, they would instead demonstrate how powerful Chu Feng was once again.

"Humph, sure enough, they possess relations with one another," At that moment, Xian Miaomiao and Princess Lingyue, as well as some of the Protectors all cast a side eye at Xian Yuyin.

At that moment, practically all the people from the Elf Kingdom wished for Chu Feng to win. The reason for that was because they deeply disliked the Avaricious Immortal.

Yet, at such a time, Xian Yuyin had a different reaction from all of them, and was actually standing on the side of the Avaricious

Immortal. This naturally caused the crowd's impression of Xian Yuyin to worsen.

“Avaricious Immortal, what are you thinking about?! Quickly, break that formation!!!”

At that moment, Xian Yuyin had no heart to be concerned with what the others were thinking about him. The reason for that was because even though he had reminded the Avaricious Immortal, the Avaricious Immortal was still standing there motionlessly. It was as if he had been stunned. This caused Xian Yuyin to feel extremely uneasy.

“Putt~~~”

Right at that moment, the Avaricious Immortal actually kneeled in midair and said to Chu Feng, “Little friend Chu Feng, I’ve lost. I admit my defeat. Please spare my life, please spare my life.”

The crowd members were all stunned by that scene. What sort of situation was this? Chu Feng’s spirit formation was merely a little golden sphere; how could it possibly force the Avaricious Immortal to such a state, force him to actually admit his defeat?

As for Chu Feng, his expression remained unchanged. It was as if he had anticipated this to begin with.

Even though that spirit formation of his was only the size of a goose egg, it was even more difficult to break through than the spirit formation the Avaricious Immortal had previously set up.

Even Chu Feng, who knew the method to break his spirit formation, would still find it very difficult for him to actually break through his spirit formation. As such, there was no need to mention how difficult it would be for the Avaricious Immortal, who didn’t even know the method to break through his spirit formation.

“Avaricious Immortal, you are truly shameless. We agreed to bet our lives. You accepted that condition frankly back then.”

“Furthermore, earlier, I gave you the authority to decide the rules for the competition. I have already yielded to you enough.”

“Since you’ve been defeated, you should wholeheartedly accept it and honor your promise. Yet, what is the meaning of your actions right now?” Chu Feng asked.

“Little friend Chu Feng, I was truly in the wrong. I was thinking of nothing but personal gains before. I will never do that again.”

“These are all of the possessions that I’ve acquired in my lifetime. All of my riches are here. Little friend Chu Feng, please spare my life, please give me a chance to turn over a new leaf.”

As the Avaricious Immortal spoke, he took out three Cosmos Sacks. Furthermore, while still kneeling, he crawled over to Chu Feng, and with a petty and low appearance, presented the three Cosmos Sacks to Chu Feng.

Chu Feng bluntly accepted the Three Cosmos Sacks and began to inspect them.

He was truly shocked upon inspecting the three Cosmos Sacks. What was contained within those three Cosmos Sacks?

It was actually even more Cosmos Sacks. Each one of his three Cosmos Sacks contained several hundred Cosmos Sacks. Adding on all of the Cosmos Sacks, they actually numbered a total of a thousand eight hundred and thirty-six Cosmos Sacks.

The treasures contained in that many Cosmos Sacks was truly a dazzling lineup. It could be said that there was some of everything there.

There were even many Natural Oddities that Chu Feng needed.

Merely, those Natural Oddities did not contain a lot of Natural Energies. Thus, they were not very helpful to the current Chu Feng.

That said, other than the Natural Oddities, there were still a lot

of other treasures, including many Incomplete Imperial Armaments.

It must be said that the Avaricious Immortal had truly gathered a lot of treasures in the course of his life. Merely, even he did not expect that the treasures he had unscrupulously gathered through his lifetime, the treasures that he had disregarded his own reputation to gather, would actually all have been gathered for Chu Feng.

“These items are mine to begin with. After all, once you die, your possessions should naturally be mine,” Although Chu Feng had calmly accepted the three Cosmos Sacks, he did not plan to spare the Avaricious Immortal. Someone like the Avaricious Immortal was truly too hateful and could not be spared. Else, he would cause no end of trouble.

“Chu Feng, please spare me. I admit that I altered the Blood Devouring Armors. But, I did all that because I was forced to do so. I did not want to do it. It was all because of him, he was the one who forced me to do that,” As the Avaricious Immortal spoke, he pointed his finger at Xian Yuyin’s father.

“Avaricious, You... you... you, what nonsense are you talking about?” Seeing this scene, Xian Yuyin’s father started to panic. He truly did not expect for the Avaricious Immortal to be this despicable. Not only was he afraid of death, he even, for the sake of living, actually snitched on him.

“Xian Daofeng, don’t you act dumb! It was clearly you who instructed me to do all this. I only did this because you agreed to give me benefits.”

“You and your son are envious of little friend Chu Feng’s talent. And you, for the sake of helping your son, decided to have me entrap little friend Chu Feng. You are truly despicable and unworthy of being an Elf Kingdom’s Protector.”

However, the Avaricious Immortal was not afraid of Xian Yuyin’s

father at all. Not only that, he even took out the jade pendant that Xian Yuyin's father had presented to him last night.

The Avaricious Immortal held the jade pendant up high. Then, he swept his gaze over the crowd and said, "Milords, I am not lying. This is what that Xian Daofeng gave me. He promised me that as long as I managed to take care of Chu Feng, he would bestow me enormous benefits tonight."

Not only did the Avaricious Immortal snitch on Xian Yuyin's father, he even began to add details to the story. Whether it was real or not, he said it all. Furthermore, he placed all the responsibility onto Xian Yuyin's father.

Chapter 1907 – Angered To The State Of Vomiting Blood

“You, you, you!!!” At that moment, Xian Yuyin’s father was unable to even speak properly. He was truly about to be driven mad with rage.

He truly never expected for the Avaricious Immortal to be this shameless. It was clearly he, the Avaricious Immortal, who had come to him. Yet, he now pushed all of the blame onto him.

“Puuu~~~”

Under the effects of his raging anger, Xian Yuyin’s father actually vomited a mouthful of blood. He was actually angered by the Avaricious Immortal to the state of vomiting blood.

“Humph, you’re still pretending? You are truly a great actor. Although you might appear to be righteous, the person who’s actually the most treacherous is you,” However, not only was the Avaricious Immortal not affected by Xian Yuyin’s father vomiting blood, he even began to mock and ridicule him.

“You, you, you! Avaricious, you damned despicable bastard!”

At that moment, Xian Yuyin’s father was filled with regret. He regretted how foolish he was to be overwhelmed with emotion last night and actually give that jade pendant to the Avaricious Immortal.

“I’ll kill you!” In anger, Xian Yuyin’s father actually shot out an explosive palm strike at the Avaricious Immortal. Immediately, overwhelming martial power surged toward the Avaricious Immortal.

Seeing that the situation was bad, the Avaricious Immortal shouted, “Your Majesty, please save me!!!” He wanted to seek asylum from the Elf King.

However, the Elf King ignored him completely. In fact, no one present bothered with him. They were all watching him with cold gazes.

“Bang~~~”

Thus, following a muffled explosion, the Avaricious Immortal turned into blood that sprinkled down. He had been killed by Xian Yuyin’s father’s palm strike.

Not a single person present felt any pity for the Avaricious Immortal’s death. Instead, they all had relieved expressions on their faces. Someone like the Avaricious Immortal truly deserved to die, or he would only remain a scourge should he continue to live.

‘Rank six Martial Emperor. Sure enough, I guessed correctly,’ At that moment, Chu Feng had discovered that Xian Yuyin’s father’s cultivation was that of a rank six Martial Emperor. He had the same cultivation as Nangong Longjian.

However, Chu Feng was no longer the same person as he was before. Even when facing rank six Martial Emperors, he would not fear them. Even if he could not defeat them, he possessed the capability to fight against them. In short... it would not be that easy for rank six Martial Emperors to kill Chu Feng.

That aside, Chu Feng felt that Xian Yuyin’s father might not necessarily have the intention to do anything to him. After all, he was currently powerless to defend himself.

The Elf King turned to Xian Yuyin’s father and asked, “How are you to explain this matter?”

“My explanation will be useless. This matter is indeed related to me. However, it is unrelated to Yuyin,” Xian Yuyin’s father actually admitted to it calmly.

Actually, this was the best option that he could take. If he were to admit to his crime, he would, at the very most, be punished. The

Elf Kingdom would not kill him for the sake of an outsider like Chu Feng.

However, if he refused to admit his crime, then not only would he be mocked, looked down upon and pointed at by others, even his son Xian Yuyin would suffer the same fate.

“You have truly disappointed me. Your position of Protector shall be handed to Xian Long. As for you... go and enter closed-door training to repent for your actions. You are not allowed to exit for the next hundred years,” The Elf King said.

“.....” Hearing those words, Xian Yuyin’s father was stunned. To speak of it pleasantly, it would be a hundred years of closed-door training. To speak of it unpleasantly, it would be a hundred years of house arrest.

No one thought that the Elf King would give Xian Yuyin’s father such a severe punishment.

When the punishment was declared by the Elf King, even Xian Miaomiao and Xian Lingyue were stunned.

“Yes,” That said, Xian Yuyin’s father had no choice but to nod his head. Then he turned around and left.

The Elf King was not worried about him escaping, because he knew that Xian Yuyin’s father did not have the courage to do so. Furthermore, for the sake of his son, he would not escape. As such, he had no choice but to comply with the punishment bestowed by the Elf King.

.....

After this matter ended, the Elf King felt guilty for having Chu Feng suffer repeatedly at the hands of their Ancient Era’s Elves after coming to the Elf Kingdom.

Thus, he personally arranged a feast to entertain Chu Feng. Merely, there were no other people besides Chu Feng and the Elf King at this feast.

“Your Majesty, might you be willing to tell me about the matters of the Ancient Era?” Chu Feng asked. Chu Feng yearned for that era, the golden age of martial cultivation. It was also the era that he was the most curious about.

“Little friend Chu Feng, you are not the first one to ask me about the Ancient Era. Merely, I really cannot answer that question.”

“The Ancient Era is truly too distant. Although our Ancient Era’s Elves have existed since the Ancient Era, we do not remember the things of the Ancient Era, nor do we possess any information regarding the Ancient Era,” The Elf King said.

“So that’s the case. It would seem that the Ancient Era is truly a mystery,” Chu Feng sighed.

“Indeed, it is a mystery. However, all mysteries will one day be unraveled,” The Elf King said.

“Your Majesty, do you think all of the experts from the Ancient Era have truly died out?” Chu Feng asked.

“Not necessarily,” The Elf King shook his head. He then said, “The path of martial cultivation is never-ending. Although we might seem to be able to call upon the wind and summon the rain here, whenever I look to the night sky, I will feel myself viewing the vast sky from the bottom of a well.”

“The reason for that is because I know that there are more martial cultivation experts above that vast sky. Merely, they are experts that completely surpass our imagination.”

“If they were to be described as gods, then we would merely be mortals in comparison.”

“Think about it. When we mortals are able to live for ten thousand years through various means, it should not be impossible for gods to live for several tens or even hundreds of thousands of years,” The Elf King said.

After hearing what the Elf King said, Chu Feng had a whole new

level of respect for him. He was able to tell that the Elf King was truly a great visionary.

“Your Majesty, could it be that you feel that there are more martial cultivation experts in the Outer World?” Chu Feng asked in a probing manner.

“I don’t only feel that way. Rather, I am certain. Furthermore, there must be a lot. If the world we live in is the vast starry sky, then our Holy Land of Martialism’s place in this vast starry sky would be...”

As he spoke those words, the Elf King suddenly extended his finger and placed it before Chu Feng. Chu Feng looked carefully at his finger, and discovered that there was a single speck of dust on it.

“Dust?” Chu Feng asked.

“That’s right. If we are to compare ourselves to the vast starry sky, our Holy Land of Martialism would only be a speck of dust,” The Elf King said.

“Your Majesty is truly a person of great notions,” Chu Feng said.

“Little friend Chu Feng, did you know that I thought of a single person when I saw you,” The Elf King said.

“Who?” Chu Feng asked.

“Qing Xuantian,” The Elf King said.

“Qing Xuantian?” Chu Feng was surprised.

“Indeed, Qing Xuantian. I met him before when I was a child.”

“At that time, I was only ten years old. Due to the fact that I possessed decent talent, I ended up learning martial cultivation sooner than the other children.”

“At that time, I possessed boundless expectations for martial cultivation. Furthermore, the person that I admired the most was the Elf King from that time.”

“He was the Elf King that was said to be the strongest Elf King in the history of our Ancient Era’s Elves,” The Elf King said.

“Strongest?” Chu Feng was shocked.

“That’s right, the strongest. However, your human race’s Qing Xuantian defeated my idol.”

“He defeated the strongest Elf King in the history of our Ancient Era’s Elves.”

“He defeated the person who was viewed to be an omnipotent god by us Ancient Era’s Elves,” The Elf King said.

“At that time, practically all of our Ancient Era’s Elves crumbled from shock. It was as if we had been cast from the altar of gods to the world of mortals.”

“It was as if we had lost all conviction in an instant, and entered a state of bewilderment.”

“However, I was the only one that did not. Do you know why?” The Elf King asked Chu Feng.

Chapter 1908 – From The Other World

“Why?” Chu Feng asked.

“That’s because from that day on, my idol had changed to Qing Xuantian,” The Elf King said.

“This...” Chu Feng felt very surprised. He did not expect that the Ancient Era’s Elves’ King, the grand number one expert in the Holy Land of Martialism, would actually think of Qing Xuantian, a human, as his idol.

At that moment, Chu Feng was able to imagine how world-shakingly powerful Qing Xuantian was back then. Else, how could he have possibly subdued the current Elf King?

“Qing Xuantian was an era’s Overlord. He is also the only true Overlord in my eyes.”

“Not only did he save the Holy Land of Martialism, he also saved us Ancient Era’s Elves. He is everyone’s benefactor. Even the later generation should not forget about the enormous grace that he bestowed upon us.”

“However, due to the fact that the Elf King back then had been defeated at Qing Xuantian’s hands, and our Ancient Era’s Elves would have to share our many Ancient Era’s Immortal Ponds with the various races as per the agreement made before the match, this caused many of our clansmen to feel deep enmity for Qing Xuantian.”

“However, there was also a portion of us Ancient Era’s Elves that greatly approved of Qing Xuantian. The reason for that was because it was true that us Ancient Era’s Elves were extremely arrogant and excessive in many ways. What Qing Xuantian did was only fair.”

“It was precisely because there were Ancient Era’s Elves among us that acknowledged Qing Xuantian, as well as those those that

held a deep enmity against him, that led to our Ancient Era's Elves from that time to have a friendly yet antagonistic relationship with him."

"And now, I see Qing Xuantian's shadow on you, little friend Chu Feng. And I... do not wish to have a relationship of being both friend and enemy with you. I wish to only be friend, and not an enemy, of little friend Chu Feng," The Elf King said.

"What Your Majesty said is precisely what this Chu Feng was thinking," Chu Feng held up his wine cup to toast.

The Elf King held up his own wine cup and toasted Chu Feng with a smile. The two men enjoyed a shared cup of wine. However, the Elf King was not satisfied. He said, "The cup's too small. It's not satisfying to drink out of it. Let's change to a larger bowl."

In response, Chu Feng directly picked up the wine jug and said, "Let's drink directly from this."

"Haha, what little friend Chu Feng says is correct. Good, let's drink from the wine jugs," The Elf King also picked up a wine jug.

Even though martial cultivators were very powerful, it remained that wines were capable of intoxicating them. The reason for that was because the wines in the world of martial cultivation were special.

However, the two men were both very capable of drinking. Over the course of the night, they drank several tens of jugs of wine and were still not intoxicated.

There was no need to mention Chu Feng. He was immune to poisons. When even poisons were unable to cause him to pass out, how could wine possibly be able to?

As for the Elf King, it didn't seem like he possessed a special constitution. Rather, he simply possessed a superb capacity for liquor.

The reason for that was because he was different from Chu Feng.

As Chu Feng was immune to poisons, he was not affected even after drinking all that wine. As for the Elf King, although he was not drunk, his complexion turned red, and he became more talkative. It was clear that he had been affected by the alcohol.

However, to Chu Feng, this was something good. The reason for that was because it would allow the Elf King to converse with him without any restrictions.

“Little friend Chu Feng, as for the Outer World... I will not be able to reach there. However, I know that you will definitely go there one day. If you are able to go there, can you help me find a person?” The Elf King asked.

“Find a person?” Chu Feng’s expression changed. Then, he asked, “Find who?”

“Miaomiao’s mother,” The Elf King said.

“Princess Miaomiao’s mother?” Chu Feng’s eyes shone upon hearing those words. He thought to himself that there must be a story behind this.

Thus, Chu Feng did not continue to ask. Instead, he looked to the Elf King; he was waiting for the Elf King to explain things to him. Since the Elf King had already mentioned it, he would definitely tell Chu Feng the entire story.

“Do you know why I am certain that there are martial cultivators in the Outer World? That’s because Miaomiao’s mother is from the Outer World,” The Elf King said.

“Princess Miaomiao and Princess Lingyue are not born of the same mother?” Chu Feng asked in a surprised manner.

“That is what everyone believes. However, that is actually not the case. As for this secret, it is something that only I and Lingyue’s mother know about. And now, you know about it too,” The Elf King said.

At that moment, Chu Feng was unable to contain himself and

asked, “Your Majesty, exactly what is going on?” He had to ask the Elf King. After all, the Outer World was the place where his future expedition would be.

The Elf King did not try to conceal anything, and began to narrate to Chu Feng what had happened back then.

It turned out that, back then, Princess Lingyue’s mother was pregnant with the Elf King’s child. However, after she was pregnant with that child for only a month, her pregnancy became extremely unstable. It was very possible that she would have a miscarriage.

At that time, the Elf Kingdom’s Grand Elders all advised the Elf King to let nature take its course. After all... if that child were to be born with such a weak body, they would not be able to become a capable person in the future. As such, it was better to let nature take its course.

However, the Elf King was stubborn. He was determined to save his child.

As such, he sought for several of the most powerful World Spiritists in the Holy Land of Martialism. He wanted their assistance in helping him save his child.

Furthermore, for the sake of searching for a medicinal herb, he braved the dangers and charged into the Holy Land of Martialism’s number one forbidden area, the Realm of Gods.

“Realm of Gods? Your Majesty has been to the Realm of Gods?” Chu Feng was very shocked.

“Mn, I have indeed been there,” The Elf King nodded.

“However, didn’t they say that the Realm of Gods was a place that one could not enter, that one would undoubtedly be killed should one enter, and that even if one were to live, one would not be able to live for more than a month? Could it be that the rumors were false?” Chu Feng asked. The reason he asked that was because

the Realm of Gods was a place that he had always wanted to go. Yet, he had never had the opportunity to do so.

“The rumors are true. Inside the Realm of Gods is a special sort of pathogen. If one is to be affected by it, they will definitely die. Furthermore, all those who enter the Realm of Gods will be affected by that pathogen.”

“For this sort of pathogen, all those below the Martial Emperor level of cultivation will definitely be killed should they be affected by it. However, for Martial Emperors and above, there is a way to treat them. Of course, only Dragon Mark Royal-cloak World Spiritists are capable of treating that pathogen,” The Elf King said.

“So that’s the case. In that case, what happened afterward?” Chu Feng asked.

“I was unable to find the medicinal herb. However, I ran across the most unforgettable person in my entire life,” The Elf King said.

“Was that Princess Miaomiao’s biological mother?” Chu Feng asked.

“Mn,” The Elf King nodded. He said, “This matter is a bit complicated. As such, I will skip the details. In short, while she became pregnant with my child, she was unwilling to stay here. Thus, she used her abilities to transfer the child in her womb to my wife’s womb. Furthermore, it was also her who named that child. As for that child, she was Miaomiao.”

At that moment, Chu Feng seemed to realize why Xian Miaomiao possessed such overwhelming talent. It turned out that she was also a child borne of someone from the Outer World too.

“How did you know that she was from the Outer World?” Chu Feng asked.

“She was the one who said it. Furthermore, her strength was unimaginably powerful. When she wanted to leave, I was simply unable to stop her at all,” When mentioning this matter, the Elf

King revealed a helpless expression.

At that moment, Chu Feng was surprised. When even the grand number one individual in the Holy Land of Martialism was feeling this powerless, it would appear that Xian Miaomiao's mother was most definitely no ordinary person.

Were the experts from the Outer World truly all that powerful? At that moment, Chu Feng started to increasingly look forward to the Outer World.

"In short, Miaomiao does not belong here. She belongs to the Outer World. Furthermore, if my guess is correct, you should be the same. The reason for that is because the strength that you possess is also not something that belongs to the Holy Land of Martialism," The Elf King said while looking at Chu Feng.

At that moment, Chu Feng smiled. He was hesitating as to whether or not to reveal his origin to the Elf King.

Upon thinking about how the Elf King had mentioned such a secret to him, which meant that he trusted him enormously, Chu Feng determined that he would tell the Elf King his origin too.

"Chu Feng, I believe that your origin is your secret. Thus, there is no need for you to tell me about it. After all, I am not curious about it. All I know is that you are not someone from this pond. Sooner or later, you will be flying to the Outer World. As for my Miaomiao, she is the same as you."

"Although I have never been to the Outer World, I am able to imagine how dangerous of a place it is. Thus, I hope that you will be able to look after Miaomiao on my behalf, and help her search for her mother after entering the Outer World with her," The Elf King said.

"Does Princess Miaomiao also not know about this matter?" Chu Feng asked.

"She still doesn't know about it yet. However, she will sooner or

later know about it,” The Elf King said.

“In that case, do you know how to enter the Outer World?” Chu Feng asked.

Chapter 1909 – The Means To Become Conceited

“I am also uncertain as to how to enter the Outer World. However, I feel that whether or not one can enter the Outer World is not related to one’s cultivation. Rather, it is related to the Realm of Gods,” The Elf King said.

“The Realm of Gods?” At that moment, Chu Feng’s gaze started to flicker slightly. He then said, “It would seem that I will have to proceed to the Realm of Gods.”

“Chu Feng, it is better for you to not attempt to go there just yet,” The Elf King said.

“Why is that?” Chu Feng asked.

“The dangers of that place most certainly surpass your imagination. I know that you are very powerful. However, it is better that you do not go there yet.”

“When the opportunity presents itself, I will go together with you,” The Elf King said.

“In that case, I will have to trouble Your Majesty,” Chu Feng said.

“Chu Feng, there is another matter that you must take note of,” The Elf King said.

“What is it?” Chu Feng asked.

“You must be careful of the Dark Hall,” The Elf King said.

“Dark Hall? Your Majesty, do you know exactly what the Dark Hall is?” Chu Feng asked.

“I do not know who it is that created the Dark Hall. However, I am certain that the Dark Hall is a very dangerous power.”

“Right now, many of the Holy Land of Martialism’s experts have joined their camp. For example, there’s the Yin-Yang Immortal,”

The Elf King said.

“Yin-Yang Immortal?” Chu Feng had heard of the Yin-Yang Immortal’s famous name. However, he did not know much about that Yin-Yang Immortal. All he knew was that the Yin-Yang Immortal was an existence with strength surpassing that of the Snow-haired Immortal and the Compass Immortal.

“Little friend Chu Feng, you must still remember the Snow-haired Immortal, right?” The Elf King asked.

“Of course. The Snow-haired Immortal is my benefactor,” Chu Feng said.

“Little friend Chu Feng is truly a person that remembers graces and kindness shown to you. While it is true that the Snow-haired Immortal helped you, she also harmed you, no? That is what she told me personally. She mentioned to me how she had pushed you into the Extremely Poisonous Sea of Clouds,” The Elf King said.

“Could it be that Your Majesty is acquainted with the Snow-haired Immortal?” Chu Feng asked.

“The Snow-haired Immortal possesses a very reclusive personality. She has very few friends. As for me, I am one of her few friends,” The Elf King nodded.

“Do you know why the Snow-haired Immortal suddenly declared that she would no longer interfere with the grudges between you and the Four Great Imperial Clans during the moment when you were faced with the greatest calamity? It is actually because of the interference of the Yin-Yang Immortal,” The Elf King continued.

“The Yin-Yang Immortal’s interference?” Chu Feng started to frown. However, he did not express too much surprise. After all, the Dark Hall was secretly helping the Four Great Imperial Clans take care of him. Merely, Chu Feng didn’t know what the relationship between the Yin-Yang Immortal and the Snow-haired Immortal was. Thus, he asked, “Could it be that the Yin-Yang

Immortal possesses a very close relationship with the Snow-haired Immortal?”

“They can’t be said to be very close. Merely, when the Snow-haired Immortal was younger, she was helped by the Yin-Yang Immortal. Thus, even if she did not wish to help the Yin-Yang Immortal, she had no choice but to do so.”

“Furthermore, it was also the Snow-haired Immortal who told me that the Yin-Yang Immortal has joined the Dark Hall. The reason for that was because the Yin-Yang Immortal personally invited the Snow-haired Immortal to join the Dark Hall. However, she refused.”

“If my guess is correct, the rank six Martial Emperor who appeared at the Ximen Imperial Clan that day should be the Yin-Yang Immortal,” The Elf King said.

“No wonder,” Chu Feng suddenly recalled that the spirit formations that bound Baili Xuankong and the others were extremely powerful. Even he had been unable to rapidly undo them. At that time, Chu Feng knew that there was a powerful Dragon Mark Royal-cloak World Spiritist helping the Four Great Imperial Clans.

Upon hearing what the Elf King said, everything made sense. It turned out that those were the actions of the Yin-Yang Immortal.

“The Yin-Yang Immortal is only one of them. There are still a lot of other experts in the Holy Land of Martialism. I presume that a lot of them have already joined the Dark Hall.”

“Merely, I still do not know exactly who has joined the Dark Hall. It is truly us who are in the light while they are in the dark.”

“However... as long as the Dark Hall decides to carry out a large scale operation, they will all be exposed. Merely, I’m afraid that everyone will be caught off guard at that time,” The Elf King said.

“The people of the Dark Hall once declared that they would rule

over the Holy Land of Martialism. Such a conquest will naturally bring about war. As for wars, they will definitely cause bloodshed. With the style of the Dark Hall, they might even throw the Holy Land of Martialism into a catastrophe,” Chu Feng lamented.

“Little friend Chu Feng seems to be quite knowledgeable of the Dark Hall. Could it be that you know something else about them?” The Elf King asked.

“The Dark Hall once invited the experts from the World Spiritist Alliance to join them. After they were refused, they dispatched people to exterminate the World Spiritist Alliance. Fortunately, I arrived right on time. Else, the World Spiritist Alliance would likely have suffered a calamity,” Chu Feng said.

“In that case, how is the World Spiritist Alliance now?” The Elf King asked concernedly.

“They should be fine,” Chu Feng said.

“That would be great. The Dark Hall is going around inviting world spiritists. Most likely, they have some sort of scheme. However, I am also having my men search for the headquarters of the Dark Hall. Since they are a hidden danger, I must eliminate them as soon as possible,” The Elf King said.

“Your Majesty is planning to wage war against the Dark Hall?” Chu Feng asked.

“It is as you said. War will bring about bloodshed. As for a war to conquer the Holy Land of Martialism, that holds even more true.”

“As a person of the Holy Land of Martialism, I feel that we, Ancient Era’s Elves, have a responsibility to prevent this war,” The Elf King said.

“Your Majesty is a man of righteousness. To be willing to consider the common people of the Holy Land of Martialism, it is most definitely the Holy Land of Martialism’s great fortune,” At that moment, Chu Feng’s impression of the Elf King changed

slightly.

The rumors he heard earlier all said that the Ancient Era's Elves were very arrogant and conceited. Although that was the truth, the Elf King, at least, was different from the masses.

Chu Feng was not trying to flatter the Elf King by saying those words. Rather, he was telling the truth. It was the Holy Land of Martialism's great fortune to have such an Elf King.

Chu Feng felt that the capabilities of the Dark Hall were immeasurable. Else, how could they make even an expert like the Yin-Yang Immortal work for them? A power like them most likely possessed strength that was not inferior to the Three Palaces. In fact, they might even be stronger than the Three Palaces.

Currently, the only power in the Holy Land of Martialism that could suppress them would be the Ancient Era's Elves.

Furthermore, Chu Feng felt that the reason why the Dark Hall still hadn't acted was not because they were afraid of the Three Palaces, the Four Clans, the Nine Powers or the various monstrous beast races. Rather, it was the Ancient Era's Elves that they feared.

"Little friend Chu Feng, you are truly overly flattering me. Actually, even I myself do not know for sure whether I will be able to take up the heavy responsibility of protecting the Holy Land of Martialism like senior Qing Xuantian."

"That said, you, on the other hand, will have to shoulder a heavy responsibility," The Elf King said.

"What is this heavy responsibility?" Chu Feng asked.

"To properly look after my Miaomiao," The Elf King said with a smile.

Hearing those words, Chu Feng also smiled. Then, he clasped his fist in a very serious manner and said, "Definitely."

Then, Chu Feng returned to the Purple Flames Blackmountain.

At the same time, he brought with him two items. They were the two Blood Devouring Armors.

As the two Blood Devouring Armors had been altered by the Avaricious Immortal, Chu Feng had to amend them.

Furthermore, even though the Blood Devouring Armors were created by the Immeasurable Immortal, Chu Feng still felt them to be imperfect. Thus, he was planning to properly improve upon them and bring them closer to perfection.

As for that, it was something that required time. Thus, Chu Feng decided to directly bring the two Blood Devouring Armors back with him. Furthermore, he set an appointment with Xian Miaomiao to meet up at the Blood Devouring Killing Formation's southeastern entrance.

After returning to the Purple Flames Blackmountain, Chu Feng discovered that everything was fine. After all, the Compass Immortal was one of the Ten Immortals. With him here, Nangong Longjian would not have any issues.

“Chu Feng, your cultivation?”

However, when Nangong Longjian, the Compass Immortal and the others saw Chu Feng, they were all extremely shocked. The reason for that was because Chu Feng did not attempt to conceal his cultivation. Thus, they were able to discover that Chu Feng had become a Martial Emperor.

“I happened to make a fortunate breakthrough,” Chu Feng said with a smile.

“Boy, you are truly a demon-level character. The speed at which you reach breakthroughs is simply godlike,” The Compass Immortal exclaimed in admiration repeatedly. Then, he said, “It would appear that this old man will not have the chance to take you as a disciple. You’re too much of a demon-level character. Even if you want me to become your master, I would not dare to accept

you as a disciple.”

Actually, the Compass Immortal had given up on having Chu Feng become his disciple the moment he found out that Chu Feng had obtained all of the spirit formations contained in the Nine Spirits Divine Diagram.

“Senior, you are truly flattering me. If you are to continue to say something like that, I will become conceited,” Chu Feng said with a smile.

“Go ahead and become conceited. You have the means to be conceited,” Bai Suyan interrupted.

“Indeed,” Even the uncommunicative Nangong Longjian was nodding.

Being praised like this, Chu Feng was unable to contain himself, and he started to smile foolishly.

Chapter 1910 – Weeping Bitter Tears

At that moment when everyone was talking and laughing, Bai Ruochen asked, “Chu Feng, in that case... did you manage to successfully request the Ten Thousand Leaves Sparrowtail Flowers?” This was what she was most concerned about.

At that moment, the Compass Immortal, Bai Suyan and Nangong Longjian’s expressions all turned serious. This too was what they were the most concerned about.

“Senior Compass, these are the Ten Thousand Leaves Sparrowtail Flowers, right?” Chu Feng handed a Cosmos Sack to the Compass Immortal.

“Yes, yes, yes, that’s right. These are Ten Thousand Leaves Sparrowtail Flowers,” The Compass Immortal was shocked once again. Then, he asked, “But... why would there be this many?”

At that moment, Nangong Longjian asked curiously, “Many? How many?”

“Look,” The Compass Immortal waved his sleeve and took out the one hundred Ten Thousand Leaves Sparrowtail Flowers in the Cosmos Sack.

“There’s actually this many?” At that moment, not to mention Bai Ruochen and Bai Suyan, even Nangong Longjian revealed an expression of astonishment.

The reason for that was because they were able to tell that the Ten Thousand Leaves Sparrowtail Flower was an extraordinary medicinal herb just by looking at it. It was most definitely a very precious treasure.

If it was a treasure from elsewhere, they would not be this shocked. However, Ten Thousand Leaves Sparrowtail Flowers were treasures from the Elf Kingdom. Back then, the Compass Immortal was only allowed to request a single Ten Thousand

Leaves Sparrowtail Flower, and was deemed to never be able to request another. Yet, how did Chu Feng manage to obtain this many at once?

“Little friend Chu Feng, exactly how did you accomplish this? This old man truly feels inferior,” The Compass Immortal said in a joking manner.

“Chu Feng, exactly what happened there? Quickly, tell us about it. I am extremely curious as to what you did in the Elf Kingdom for you to be able to obtain this many Ten Thousand Leaves Sparrowtail Flowers,” Bai Ruochen asked with a curious expression on her face.

Then, Chu Feng gave a simple account of what had happened in the Elf Kingdom to the four of them. After hearing what had happened, even Nangong Longjian had a whole new level of respect for Chu Feng.

It seemed to them that the Elf Kingdom was not only filled with arrogant and conceited individuals. There were also Ancient Era’s Elves that were capable of becoming their friends. Merely, it depended both on fate and one’s capability. As for the Elf King, he was willing to befriend Chu Feng because he thought highly of Chu Feng’s capabilities.

Afterwards, Chu Feng immediately began to set up the spirit formation so that they could treat Nangong Longjian’s illness.

This spirit formation was extremely difficult. However, with the assistance of the Compass Immortal, everything went very smoothly. They even managed to set up the spirit formation sooner than they had originally anticipated.

“This spirit formation is truly miraculous. The way I see it, instead of being only possible, this spirit formation will definitely treat Nangong Longjian’s illness.”

At that moment, seeing Nangong Longjian, who was being

tempered by the enormous power of the spirit formation while sitting within it, the Compass Immortal revealed an excited expression.

This incurable illness was actually being treated right now. Anyone would become excited should they see this.

“Chu Feng, I truly do not know how to thank you,” Bai Ruochen stood beside Chu Feng. Unspeakable joy covered her face. The gaze with which she looked at Chu Feng was filled with sincerity and gratefulness.

To her, her greatest desire was not reaching the apex of martial cultivation. Rather, she merely wished to reunite with her family.

However, that simple desire of hers had always been an extravagant hope because of Nangong Longjian’s illness.

At that moment, Nangong Longjian’s illness was actually being treated. As for this, it was all thanks to Chu Feng. Naturally, she would be feeling extremely grateful toward him.

“What sort of relationship do we have? We are friends who have gone through trials and tribulations of life and death, together.”

“Senior Longjian is your father. As such, he could be said to be equivalent to being my father too. Naturally, I must cure his illness,” Chu Feng said with a beaming smile.

He was also very happy. The reason for that was very simple. He was feeling happy at being able to help his friend.

After all, Chu Feng had embarked on the path of martial cultivation and learned world spirit techniques all for the sake of protecting his relatives and friends, so that he could protect their safety and honor.

They all say that dragons possess a forbidden inverse scale. As for Chu Feng, his greatest forbidden inverse scale was the safety and honor of his friends and relatives being infringed upon.

After hearing what Chu Feng said, Bai Ruochen said no more. Instead, she smiled even sweeter. Bai Suyan was also smiling beautifully beside her.

“Senior Compass, I need to go and amend the Blood Devouring Armors. I’ll have to trouble you with this spirit formation,” Chu Feng said to the Compass Immortal.

“Go ahead and take care of what you need to. Although I am unable to set up this spirit formation by myself, as it has now already been set up, this old man is capable of looking after it,” The Compass Immortal said with a smile.

The Compass Immortal smiled a lot. Originally, Chu Feng thought that he was a person with hidden intentions behind his smiles, and felt that he was a very cunning and treacherous individual. After all, he had been played for a fool by the Compass Immortal the first time they had met.

However, looking at the Compass Immortal’s smile now, Chu Feng felt a sense of warmth. The Compass Immortal’s smiles were actually all from the bottom of his heart. Likely, this was what it meant to be a person that was fond of smiling.

Afterward, Chu Feng began to amend the Blood Devouring Armors. Once he started, he did not stop for two entire days.

Actually, two days was extremely insignificant compared to the amount of time the Immeasurable Immortal and the Avaricious Immortal had spent on forging the two Blood Devouring Armors in the first place.

However, in those two days’ time, Chu Feng had brought the Blood Devouring Armors to a higher level of perfection. He was only a bit away from successfully accomplishing his task.

“Chu Feng, the situation’s bad!” Right at that moment, Bai Ruochen rushed over in a panic.

Chu Feng stood up and asked, “What happened?” At the same

time, he began to use his Heaven's Eyes to view the outside to investigate what was going on.

Originally, he thought that a problem might have occurred with the spirit formation that was treating Nangong Longjian. However, upon looking, he discovered that there was no problem with the spirit formation at all.

Although the spirit formation treating Nangong Longjian was completely fine, Chu Feng's expression still changed enormously. He immediately put down the Blood Devouring Armor that he was working on and flew toward the entrance of the cave.

Chu Feng saw two people at the entrance of the cave. One was a Nangong Imperial Clan's Utmost Exalted Elder. As for the other person, it was actually Jiang Wushang.

Jiang Wushang should have returned to the World's Hidden Valley with Duan Jidao and the others. There shouldn't be a reason for him to appear here.

However, not only did he appear here, he had appeared together with a Nangong Imperial Clan's Utmost Exalted Elder. Chu Feng felt that something bad must've happened.

"Little friend Chu Feng, you've reached a breakthrough?" Upon seeing Chu Feng, that Nangong Imperial Clan's Utmost Exalted Elder was immediately shocked.

He knew that Chu Feng was able to kill rank three Martial Emperors back when he was only a rank nine Half Martial Emperor. Now that Chu Feng had become a rank one Martial Emperor, he himself, a rank four Martial Emperor, would likely not be a match for Chu Feng anymore.

However, he didn't know that Chu Feng had not only reached a breakthrough, but his battle power had also increased by a tier. Not to mention him, a rank four Martial Emperor, Chu Feng would be able to defeat rank five Martial Emperors should he go all-out.

Merely, at that moment, Chu Feng was extremely worried about Jiang Wushang. Thus, he did not bother to pay attention to that Utmost Exalted Elder, and instead directly arrived before Jiang Wushang. He placed his hands on Jiang Wushang's shoulders and asked in a deeply concerned manner, "Little brother Wushang, what brought you here? Exactly what has happened?"

At that moment, Chu Feng was panicking slightly. Even though Jiang Wushang appeared to be fine, he was able to sense that Jiang Wushang's state of mind was extremely bad.

"Big brother Chu Feng, I am incompetent, I am incompetent," After seeing Chu Feng, Jiang Wushang's face started to twist. Then, he actually crumbled on the spot, and started to tear up. Before everyone, he started to weep bitter tears.

"Little brother Wushang, it's fine now. Tell me, exactly what happened?" Seeing Jiang Wushang acting like this, Chu Feng began to feel even more distressed. He knew that Jiang Wushang must have experienced something. Else, he who was always strong would not be acting this way.

Chapter 1911 – Forbidden Inverse Scale Triggered

“Exactly what happened?” As Chu Feng consoled Jiang Wushang, he raised his head and asked that Nangong Imperial Clan’s Utmost Exalted Elder.

At this moment, Chu Feng’s gaze was slightly sharp and filled with coldness. It was like a sharp blade that flickered with cold light.

The reason why Chu Feng was looking at that Utmost Exalted Elder that fiercely was not because he felt that Jiang Wushang’s current state was related to that Utmost Exalted Elder.

Rather, it was because that Utmost Exalted Elder had tried to kill him before. Even though they had reconciled, Chu Feng still had an extremely bad impression of him. Especially now, when his mood was extremely bad, his attitude would naturally be bad too.

“Little friend Chu Feng, please don’t look at me like that. I really don’t know what happened. This little friend Jiang Wushang ran to our Nangong Imperial Clan and said that he wished to find you.”

“But, I didn’t know where you were. Thus, I could only bring him to find Longjian, as I thought that Longjian would know where you were.”

“However, Longjian has many different places that he uses to undergo closed-door training. I sought him in many places before finally managing to find him in this place. Never would I have expected for you to also be here. This has saved me a lot of trouble.”

“Merely... as for exactly what has happened, little friend Jiang Wushang was unwilling to say. Thus... I... I also do not know what has happened.”

“Thus, you... you should instead ask little friend Jiang

Wushang.”

Seeing the ominous glint that Chu Feng was revealing, that Utmost Exalted Elder's body trembled from fear.

He who had been high and above back then was now extremely frightened by Chu Feng. Even his speaking became timid and filled with stuttering.

“Big brother Chu Feng, this senior really doesn't know anything. You don't have to ask him anymore. I'll tell you what happened,” Jiang Wushang wiped away the tears across his face. Then, he began to narrate to Chu Feng what had happened.

Even though he was extremely sad, he knew that it was not the time to act timid and weak. He had to continue being strong.

After hearing Jiang Wushang's story, Chu Feng and the others came to know what had happened.

It turned out that after the battle against the Four Great Imperial Clans at the Ximen Imperial Clan, due to the fact that Duan Jidao had been seriously injured, he, alongside Yin Gongfu, Jiang Wushang and the others from the World's Hidden Valley, proceeded to return to the World's Hidden Valley first.

However, before they managed to return to the World's Hidden Valley, they were ambushed by people from the Dark Hall. Duan Jidao and Yin Gongfu were captured. The others from the World's Hidden Valley were all killed. Only Jiang Wushang managed to escape.

Upon thinking about it, it was very possible that they had deliberately allowed Jiang Wushang to escape. Else, with Jiang Wushang's cultivation, how could he possibly be able to escape?

At that time, Jiang Wushang had been thrown into a confused state of mind. The only thing in his mind was finding Chu Feng. The reason for that was because he didn't know who else other than Chu Feng that could help him.

Furthermore, as he had seen the Nangong Imperial Clan attempting to invite Chu Feng to be their guest, he knew that Nangong Longjian was also someone from the Nangong Imperial Clan and had been together with Chu Feng when they had left, he felt that it was very possible for Chu Feng to be in the Nangong Imperial Clan. Feeling helpless, he ran to the Nangong Imperial Clan to look for help.

Actually, he had also thought that it might be a disastrous action to go to the Nangong Imperial Clan. After all, the battle had just ended. If he were to go to the Nangong Imperial Clan, it was very possible that he would be throwing his life away.

However, at that time, he had been unable to think of anything else other than finding Chu Feng, and he had thus disregarded his own life.

Fortunately, the people from the Nangong Imperial Clan had been true in their desire to reconcile with Chu Feng. Thus, after Jiang Wushang arrived, not only did they not make things difficult for him. They had even dispatched an Utmost Exalted Elder to personally help Jiang Wushang search for Chu Feng.

“Elder, thank you very much for bringing Wushang here. I apologize for my vile attitude toward you earlier,” Chu Feng bowed to that Utmost Exalted Elder.

Chu Feng was a reasonable person. He was able to distinguish between gratitude and grudges. Although there were grudges between him and this Utmost Exalted Elder, he had also shown gratitude to him by bringing Wushang here. With both gratitude and grudges, they could cancel each other out. As Chu Feng’s attitude earlier was extremely bad, it was only natural that he apologize.

Although Chu Feng’s action might not be much, it was completely seen by the Compass Immortal. To be able to distinguish between gratitude and grudges was a quality of a man

of character.

“My, little friend Chu Feng, you are truly being too courteous here. Although there were grudges between us in the past, they are already things of the past. Right now, we are a family.”

As for that Utmost Exalted Elder, he was smiling very politely. The reason for that was because he was truly afraid of Chu Feng.

This was especially true upon thinking about how Chu Feng was only a peak Half Martial Emperor in the battle, but had become a rank one Martial Emperor now. The astonishing speed with which Chu Feng reached breakthroughs caused him to feel endless fear.

At that moment, he was truly rejoicing that Nangong Longjian had shown up on that day and demanded that they reconcile with Chu Feng. Else, Chu Feng would truly be no end of trouble for them.

“Little brother Wushang, senior Duan Jidao and senior Yin Gongfu were only captured. This does not mean that they have died. I think that the people of the Dark Hall captured them with something in mind. They should be fine for the time being. If anything, they might have done so to demand for them to join the Dark Hall.”

“Both senior Duan Jidao and senior Yin Gongfu are smart individuals. I believe they will know ways to delay,” Chu Feng consoled Jiang Wushang.

“Really?” Jiang Wushang’s expression changed. His expression that was filled with self blame eased a bit.

“Trust me, they should be fine,” Chu Feng said with a smile. Then, Bai Suyan personally prepared a location for Jiang Wushang to rest.

Although Jiang Wushang was not physically injured, the injury to his heart and mind was very serious. To look on helplessly as the people beside him were killed and captured was a very painful

thing. He really did need to have a proper rest.

“This Dark Hall...” After Jiang Wushang left, Chu Feng’s expression immediately changed. His eyes that were originally calm were now filled with frost. He looked extremely frightening.

“Chu Feng, what’s wrong?” Bai Ruochen was frightened by Chu Feng’s expression.

“If the Dark Hall wanted to, even if little brother Wushang wasn’t killed, he would not be able to escape from here.”

“His escape meant that the Dark Hall must’ve deliberately allowed him to escape. This is a provocation, the Dark Hall’s provocation toward me, Chu Feng,” Chu Feng clenched his fists tightly and spoke through clenched teeth.

“What do you plan to do then?” Bai Ruochen asked.

“I can endure anything that they throw at me. However, I absolutely will not allow them to harm those close to me. Regardless of whether the two seniors are safe or not, I will still make the Dark Hall pay in blood,” As Chu Feng said those words, he began to radiate killing intent. His killing intent caused the surrounding region’s air to become ice-cold. It was as if even the sky was going to be frozen.

Seeing Chu Feng acting like this, Bai Ruochen’s body started to tremble slightly. Although she approved of the way Chu Feng handled things, she had to admit that the Chu Feng before her was somewhat frightening. He had been truly enraged.

Dragons possessed forbidden inverse scales. As for Chu Feng’s forbidden inverse scale, it had been triggered by the Dark Hall.

That said, although the current situation wasn’t good, although Chu Feng was extremely enraged, Duan Jidao and Yin Gongfu were not that easily capable of being saved.

Firstly, Chu Feng did not possess sufficient strength. Next, even if he did possess sufficient strength, he didn’t know where the

headquarters of the Dark Hall was. Thus, even if he wanted to save them, he wouldn't know where to go.

Thus, Chu Feng could only work on what he had to finish right now. That was, to wholeheartedly finish perfecting the Blood Devouring Armors, and then wholeheartedly control the spirit formation to help treat Nangong Longjian's illness.

All of this was observed by the Compass Immortal. He had also known all about what happened with Jiang Wushang and the others.

Although Chu Feng became extremely emotional from anger, he was able to adjust himself in the blink of an eye. This caused the Compass Immortal to feel deep admiration for Chu Feng, for it was something that even he did not think he would be able to accomplish.

With the effort from Chu Feng, Nangong Longjian's illness was finally treated. They had succeeded.

At that moment, everyone was overjoyed. This was especially true for Bai Ruochen and her mother Bai Suyan. They were crying in joy, and so excited that they didn't know what to do.

As for Chu Feng, he was also very happy. Merely, while being happy, a trace of worry was contained within his eyes.

Chapter 1912 – Blood Devouring Killing Formation

Nangong Longjian sensed that something in Chu Feng's mental state seemed to be amiss. Thus, he asked, "Little friend Chu Feng, do you have something on your mind?"

"Chu Feng, senior Duan Jidao and senior Yin Gongfu will not be that easily rescued. You must still consider this matter at length. Thus, it's best to not be overly impatient and hurt your health," Bai Ruochen thought that Chu Feng was worrying about Duan Jidao and Yin Gongfu.

However, Chu Feng shook his head. He said, "Senior Duan Jidao and senior Yin Gongfu must naturally be saved. Merely, right now, I am more worried about the safety of the Cyanwood Mountain."

At that moment, Nangong Longjian and the others came to a sudden realization. It turned out that Chu Feng was worried about the Cyanwood Mountain.

However, upon thinking about it, they felt that it was right for Chu Feng to be worried. When even Duan Jidao and the others had been ambushed, it was very hard to say that the people from the Cyanwood Mountain would not suffer the same fate.

At this moment, Nangong Longjian revealed an expression of self-blame. He knew that Chu Feng, with his temperament, must've already thought about this.

However, he had not directly proceeded to the Cyanwood Mountain, and instead stayed here for many days. Nangong Longjian knew that Chu Feng had done so because he was worried about his illness.

"Little friend Chu Feng, I, Nangong Longjian, will go and check the Cyanwood Mountain out right away. If the Cyanwood Mountain is to suffer an unexpected calamity too, even if I am to

dig three feet underground, I will still search out that Dark Hall and make them pay with blood,” Nangong Longjian said with an expression filled with seriousness.

Hearing what Nangong Longjian said, Chu Feng’s heart was moved. Immediately, his previously-tense mind felt a lot more at ease. It was as if an enormous stone weighing down on his heart had finally fallen to the ground.

Actually, Chu Feng had been able to immediately proceed for the Cyanwood Mountain after he finished curing Nangong Longjian’s illness. However, Chu Feng had not proceeded to the Cyanwood Mountain because his appointed date with Xian Miaomiao was approaching.

As he had said that he would help, he must be loyal to that promise. Furthermore, most importantly, the Blood Devouring Armors possessed a time limit during which they could be used. After that time limit, the insects would die. Once the insects died, the Blood Devouring Armors would also lose their effectiveness.

If Chu Feng were to proceed for the Cyanwood Mountain, it would take time for him to travel there and back. Although the time spent would not be enough to make the Blood Devouring Armors lose their effectiveness, there was no way to say that they would be able to journey into the Blood Devouring Killing Formation smoothly.

If they ended up having to stay in there for some time, and the Blood Devouring Armors ended up losing their effectiveness during their stay inside, then Chu Feng and Xian Miaomiao would definitely end up dying in the Blood Devouring Killing Formation. Thus, Chu Feng did not wish to waste the limited time the Blood Devouring Armors had.

However, he was also worried about the safety of the Cyanwood Mountain. And now, with Nangong Longjian declaring that he would proceed for the Cyanwood Mountain on his behalf, Chu

Feng felt relieved. After all, Nangong Longjian was a rank six Martial Emperor, someone who was much more powerful than himself.

“Thank you senior Longjian,” Chu Feng clasped his fist courteously. He was expressing his thanks from the bottom of his heart.

“Little friend Chu Feng, do not say it like that. If it wasn’t for you, I would soon be dead.”

“It is all because of you that I am able to obtain a new lease on life.”

“It is all because of you that I am able to continue with my martial cultivation.”

“It is also thanks to you that I am able to reunite with my family.”

“Thus, this life of mine could be said to be given to me by you. The grace that you’ve shown me is something that I cannot repay in my entire life,” Nangong Longjian said.

“Senior, you are being too serious. Not only has senior saved me, even if you hadn’t saved me, merely through the relationship that I have with Ruochen, I ought to give my all to help cure your illness,” Chu Feng said.

“Enough, stop stirring up emotions. The top priority right now is to determine whether or not the Cyanwood Mountain is safe.”

“As little friend Chu Feng still has things he must do, you needn’t proceed to the Cyanwood Mountain. Just leave this matter in the hands of Nangong Longjian and I,” The Compass Immortal said. Furthermore, as he spoke, he took out an item and said, “Little friend Chu Feng, leave an imprint on this. If the Cyanwood Mountain is fine, I will inform you of it.”

Chu Feng looked to the item before him, and his eyes immediately shone. In surprise, he said, “Golden Flash Bird?” The

reason for his surprise was because what the Compass Immortal had handed to Chu Feng was the nearly extinct Golden Flash Bird.

“Indeed. That thing is something that I used a lot of treasures to purchase,” Seeing how shocked Chu Feng was, the Compass Immortal nodded in a very complacent manner.

Then, Nangong Longjian and the Compass Immortal left for the Cyanwood Mountain. They were planning to see whether or not the people from the Cyanwood Mountain had managed to return to the Cyanwood Mountain safely.

As for Bai Ruochen, Bai Suyan and Jiang Wushang, they continued to stay in the Purple Flames Blackmountain. Although the Purple Flames Blackmountain possessed an enormous pressure, the cave that they were in possessed a special spirit formation that nullified that pressure.

On top of that, this place was a place that practically no one bothered to visit. As such, it was a rather safe location. That said, in order to protect against the unexpected, Chu Feng set up spirit formations outside to hide the cave completely.

After he finished doing all that, Chu Feng directly proceeded for his appointed meeting with Xian Miaomiao.

One of the Holy Land of Martialism’s Three Great Forbidden Areas, the Blood Devouring Killing Formation.

The Blood Devouring Killing Formation was a very vast spirit formation that originated from the Ancient Era. When looking at it from the outside, it looked like an enormous mountain covered with mist. It did not appear to be strange at all.

That said, in such a famous place, there was actually no sign of human habitation. In fact, not a single tree or blade of grass could be seen outside the mountain. As such, there was no need to mention buildings or living creatures.

Other than the whistling sound of the wind, this place was so

deathly silent that it was frightening.

Standing here, Chu Feng felt a trace of chilliness. This place was truly qualified to be known as a Forbidden Area.

“Paa~~~”

Right at that moment, a pair of hands suddenly extended out from behind Chu Feng and covered his eyes.

At the same time, an incomparably soft and gentle voice sounded beside Chu Feng’s ears, “Good sir, would you like a massage?”

“Sure, where do you want to start massaging from?” Chu Feng said with a beaming smile. The reason for that was because he had managed to guess that it was that girl Xian Miaomiao the moment that pair of soft little hands appeared.

“Aiya, you’re such a rogue,” Hearing what Chu Feng said, Xian Miaomiao immediately removed her hands and started pouting her little mouth. She was looking at Chu Feng with a gaze filled with disdain.

“How am I a rogue? It’s you who asked me whether or not I wanted a massage.”

“I journeyed all the way here and really do feel a bit tired. As such, so what if I want a massage?” Chu Feng said with a beaming smile. For some unknown reason, even though he was feeling extremely bad, his mood improved a lot after seeing Xian Miaomiao.

“I said you’re a rogue, so you’re a rogue. Why the heck are you asking all these questions?” Xian Miaomiao said with an unyielding yet lovable appearance.

“Oh you, you’re truly unreasonable,” Chu Feng felt helpless with Xian Miaomiao. Thus, he ended up taking out the Blood Devouring Armors and tossing one to her, “Here, put in on. Let’s go in.”

Due to the fact that the Blood Devouring Armors were special,

one did not have to change one's clothes to wear them. Thus, Xian Miaomiao directly donned the Blood Devouring Armor Chu Feng had handed her.

“Wow, it's actually this well-fitting?” After donning the Blood Devouring Armor, Xian Miaomiao cried out in surprise. She felt so happy that she began to spin around nonstop.

After Chu Feng's amendment of the Blood Devouring Armors, not only did they become very well-fitting, their appearances also became much more beautiful.

“I fixed it just for you. Thus, it will naturally be well-fitting,” Chu Feng smiled lightly. Then, he also donned his suit of Blood Devouring Armor.

“Amazing. As expected of this Princess's attendant,” Xian Miaomiao said.

“Since when did I become your attendant?” Chu Feng revealed an expression of confusion.

“You weren't before, but you are now. Come, this Princess shall bring you along to experience the world and brave the dangers of the Blood Devouring Killing Formation.”

“Wha!!!!” Xian Miaomiao began to run erratically into the Blood Devouring Killing Formation. She had charged into the boundless mist that covered the mountain.

Seeing Xian Miaomiao acting like this, Chu Feng shook his head helplessly. Then, without any hesitation, he chased after her.

Although Xian Miaomiao possessed very powerful strength, it remained that she was not a world spiritist. As such, Chu Feng was worried that an accident might happen to her.

Chapter 1913 – The Weakening Of The Spirit Formation

After entering the Blood Devouring Killing Formation, Chu Feng was deeply shocked. Although the Blood Devouring Killing Formation seemed to be filled with mist when looking at it from the outside, the mist all disappeared the moment they entered it.

However, the ground, the mountain and even the rocks all became red. Looking high above, even the sky was red. The entire place was crimson red. It was truly dazzling to the eyes.

“Blood Devouring Killing Formation, its reputation is well deserved,” When Xian Miaomiao saw this scene, not only was she not afraid, she even looked extremely excited. She was running around as if he was enjoying a tour.

“Haha, that girl is quite to this Queen’s liking,” Seeing Xian Miaomiao acting in such a manner, not only was Her Lady Queen not annoyed, she instead revealed a rare gaze of appreciation.

“Don’t call her ‘girl’ all the time. It’s makes you sound like you’re way older than her,” Chu Feng snickered. Even though Chu Feng had already become a man after all these years, Her Lady Queen still possessed the appearance of a young girl.

Regardless of what sort of temperament she possessed, regardless of how ruthless she was in handling things, her young and tender face was still as perfect as before. It still gave off a sense of harmlessness. Even though Chu Feng had now seen her face for many years, he still deeply enjoyed it.

Her Lady Queen narrowed her eyes and feigned a sinister appearance as she said, “If this Queen were to mention her age, you would be scared to death.”

However, when those crescent shaped eyes of hers were placed on her beautiful face, no matter how one looked at it, one would

feel that she was extremely adorable and be charmed by her beauty.

“Yes, yes, yes, Milady Queen is the most amazing.”

“Oh, that’s right. Milady Queen, would you like to come out and enjoy this beautiful crimson scenery while holding hands with me?” Chu Feng asked with a beaming smile.

“Pah! Who would want to hold hands with you? Go and walk around by yourself. This Queen will go to sleep,” After Her Lady Queen said those words, she went silent.

Although Chu Feng felt a bit disappointed that Her Lady Queen had decided to not talk to him anymore, he did not feel lonely. Afterall, beside him was Xian Miaomiao. That girl’s mouth was talking nonstop.

Xian Miaomiao looked to her surroundings. Then, with a curious expression, she asked Chu Feng, “Chu Feng, say, why would this place be this red? Did the person that set up this spirit formation do so deliberately to scare others?”

“Scare others?” Hearing those words, Chu Feng started to smile. Then, he said, “The red color of this place is all caused by blood; this entire place was dyed red by blood.”

“Who are you trying to deceive? If there’s all this blood, how come there’s no reeking smell of blood? Furthermore, blood will turn black after it dries. How could this place still remain this brightly red? Do you think that just because I am inexperienced you’d be able to deceive me,” Xian Miaomiao said with a disdainful expression.

“That’s why this place is amazing. The blood here does not dry out, nor does it reek of the smell of blood. Instead, it was all sealed in this place. If you do not trust me, I can let you have a look.”

As Chu Feng spoke, he began to set up a spirit formation on the spot. He managed to set up a spirit formation the size of a

finger nail. He placed the spirit formation onto a piece of rock and shouted, ‘Open!’

“Chii~~~:

In an instant, that spirit formation turned into a fountain’s mouth, and blood began to spray out of it. Furthermore, there was so much blood spraying out of it that it looked like a pillar.

After that spirit formation stopped spraying blood, the piece of rock that Chu Feng had placed his spirit formation on actually returned to its appearance of a normal rock. Merely, the ground which had been sprayed with blood turned an even brighter red. The reason for that was because the blood that had sprayed out of the rock had all been soaked into the ground.

“Heavens, it’s actually real,” After discovering that all the things in this place were dyed red with blood, Xian Miaomiao’s expression changed. She was not scared. Rather, she was extremely shocked.

Unable to contain herself, Xian Miaomiao asked, “How many people have died here?”

“A lot. Not only humans, but also monstrous beasts and even existences other than humans and monstrous beasts,” Chu Feng said.

“How do you know that?” Xian Miaomiao asked.

“I am able to tell with my eyes. Although the blood is all red, I can tell that there are essential differences in the nature of the blood.”

“For some of the blood, I can see how powerful their owners were using merely my eyes. They were existences that transcended Martial Emperors,” Chu Feng said.

“Above Martial Emperors are Half Martial Ancestors. Could it be that there were Half Martial Ancestor experts in this place?” Xian Miaomiao asked in a shocked manner.

“Half Martial Ancestor?” Chu Feng naturally knew about Half Martial Ancestors. It was a realm of cultivation above Martial Emperors. Above Half Martial Ancestors were Martial Ancestors, existences even more powerful than them. Reportedly, Martial Ancestors were the limit that a human could reach with their mortal body. Upon becoming a Martial Ancestor, their flesh would become unimaginably tough.

Martial Ancestor was an extremely distant realm. It was said that people in the Holy Land of Martialism were unable to go farther than Half Martial Ancestor.

However, the blood here indeed surpassed that of Martial Emperors. Perhaps it was the blood of Half Martial Ancestors. However, Chu Feng was unable to be certain of it.

However, what he was capable of being certain of was that there were indeed experts that surpassed Martial Emperors that had died here.

Merely, he was unable to determine the time of their death. The reason for that was because the blood sealed within this place was all kept totally fresh.

Right at that moment, Her Lady Queen suddenly spoke. “The power of this spirit formation has weakened. It has weakened enormously. Otherwise, with the cultivations that the two of you possess, it would simply be impossible for you to be able to intrude into this spirit formation.”

“Eggy, how do you know that?” Chu Feng was astonished. Although his Heaven’s Eyes were extremely powerful, he was still unable to see the phenomenon that Her Lady Queen mentioned.

“If this spirit formation was not more powerful before, how could so many experts have died in here?” Her Lady Queen asked.

“Furthermore, the sealing formation of this place is also very remarkable. Although you are capable of extracting the blood

sealed within this place, you are unable to take it away with you. Isn't that right?"

"Indeed," Chu Feng nodded. What Eggy said was the truth. While he was capable of using his own spirit formations to extract the sealed blood, he was unable to use his own spirit formations to bring away the sealed blood. The reason for that was because the blood in this region belonged to the Blood Devouring Killing Formation. As for the Blood Devouring Killing Formation, it was a spirit formation that greatly surpassed the spirit formations that Chu Feng was capable of setting up. Thus, he would naturally not be able to bring the blood away from it.

"Eggy, what sort of existence do you think set up this spirit formation? Could it be an Immortal-cloak World Spiritist?" Chu Feng asked.

"It's hard to say. As this spirit formation has weakened to this extent, I am unable to ascertain the strength of its creator," Her Lady Queen shook her head.

Right at that moment, Xian Miaomiao suddenly asked with a beaming smile on her face, "Chu Feng, Chu Feng, do you know about the matters concerning this Blood Devouring Killing formation?"

"I know a bit. I've heard that this Blood Devouring Killing Formation originated from the Ancient Era. Furthermore, hidden within it are treasures from the Ancient Era."

"For the sake of those Ancient Era's treasures, after the Ancient Era passed, countless experts attempted to charge into this place. However, none of them managed to return. Furthermore, it is said that the traps and mechanisms of this place are extremely frightening. If one is to trigger them, one's body will explode, and they will die. That is why this spirit formation is called the Blood Devouring Killing Formation," Chu Feng said.

"All that you've said is only general knowledge. Do you know

anything else?” Xian Miaomiao asked.

“I do not. Could it be that you do?” Chu Feng asked.

“Of course,” Xian Miaomiao raised her head up high. Then, in a complacent manner, she said, “Let me tell you, the Blood Devouring Killing Formation used to be the number one Forbidden Area in the Holy Land of Martialism. Even the Realm of Gods and the Moonlight Maze were inferior to it. At that time, no one dared to enter the Blood Devouring Killing Formation. The reason for that was because this place was truly a place that one could enter but not leave.”

“However, with the passage of time, the power of the Blood Devouring Killing Formation has gradually weakened. As matters stand, not to mention the surroundings, even the most frightening region of the Blood Devouring Killing Formation can be entered as long as we are wearing the Blood Devouring Armors. Think about it, how much has the power of this place weakened?” Xian Miaomiao said.

“It seems that Her Lady Queen was correct,” Chu Feng became certain of Eggy’s opinion. The reason for that was because what Xian Miaomiao had just said had verified Eggy’s opinion.

Chapter 1914 – A Legend

“There’s more. Many people felt that what was hidden within the Blood Devouring Killing Formation were treasures. However, the reality is different. The Blood Devouring Killing Formation actually contains ferocious beasts from the Ancient Era sealed within it,” Xian Miaomiao said.

“Ferocious beasts from the Ancient Era? Is what you said for real?” Chu Feng asked.

“Yes, it is the truth. That is why we Ancient Era’s Elves were worried about the Blood Devouring Killing Formation’s power weakening the entire time. We were worried that it would not be able to continue keeping those Ancient Era’s ferocious beasts sealed. After all, if those Ancient Era’s ferocious beasts break through the Blood Devouring Killing Formation, they will bring about a catastrophe to the Holy Land of Martialism.”

“The reason for that is because the sealed Ancient Era’s ferocious beasts are the same as our Holy Land of Martialism’s ferocious beasts. They do not possess any intelligence, and only know about killing. Blood-thirstiness is their nature. However, there is a big difference between the Ancient Era’s ferocious beasts and the current Holy Land of Martialism’s ferocious beasts. That is, the Ancient Era’s ferocious beasts are much more powerful. They are simply not something that the ferocious beasts that we have now can compare to,” Xian Miaomiao said.

“In that case, you’re saying that the Holy Land of Martialism will, sooner or later, be met with a catastrophe?” Chu Feng asked.

“That’s right, the Holy Land of Martialism is destined to be met with a catastrophe. However, I am looking forward to that day,” Xian Miaomiao said.

“Why is that?” Chu Feng started to frown slightly as he asked in a very confused manner.

“Think about it. How interesting of a thing would it be to kill an Ancient Era’s ferocious beast?” Xian Miaomiao said.

“Oh you. If the Ancient Era’s ferocious beasts are to appear, how many innocent people will die tragically?” Chu Feng said.

“Your words are incorrect. Those people are weak. As such, they can only fall prey to such a thing.”

“The world of martial cultivation is a world where the weak are prey to the strong. Even if there aren’t any ferocious beast to kill the weak, they will still end up suffering humiliation from their fellows,” Xian Miaomiao said.

Chu Feng did not refute her, because what Xian Miaomiao said was indeed the truth. Homicide was something that happened everyday in the Holy Land of Martialism.

“It’s okay, I was merely joking with you.”

“Rest assured. As we Ancient Era’s Elves know about this matter, we naturally have already made preparations for it.”

“Actually, there are Ancient Era’s Elves guarding the outside of the Blood Devouring Killing Formation the entire time. If the Ancient Era’s ferocious beasts are to break through the spirit formation, we Ancient Era’s Elves will immediately surround them and kill them,” Xian Miaomiao said.

“But those Ancient Era’s ferocious beasts are sealed in this place. As such, how could they possibly be that easy to take care of?” Chu Feng asked.

“We possess special means to take care of them. You can rest assured,” Xian Miaomiao said.

“Okay then,” Chu Feng smiled slightly. After hearing what Xian Miaomiao said, he indeed felt much more at ease.

Afterward, Chu Feng and Xian Miaomiao continued to journey deeper into the Blood Devouring Killing Formation. While they

journeyed, they were talking and laughing.

This did not mean that the Blood Devouring Killing Formation was not dangerous. Rather, it was that Chu Feng's perception was simply too powerful. All the traps and mechanisms in this place were easily avoided by Chu Feng.

Furthermore, Chu Feng discovered that even though Xian Miaomiao's world spirit techniques were not powerful, her perception was very strong. She was able to discover all of the dangers that Chu Feng had discovered.

Thus, even without Chu Feng here, all the traps and mechanisms of this place would likely not be able to harm Xian Miaomiao.

However, the most astonishing fact regarding the Blood Devouring Killing Formation was that there was clearly an innumerable amount of people from both the Ancient Era and after the Ancient Era that had died here. Yet, on their journey, Chu Feng and Xian Miaomiao had not encountered a single skeleton.

Chu Feng speculated that this was also related to the Blood Devouring Killing Formation. The Blood Devouring Killing Formation was a slaughtering formation that would not even leave the bones of the victims that it killed. It was truly a slaughtering formation.

After a period of traveling, Chu Feng and Xian Miaomiao finally arrived at the Blood Devouring Killing Formation's central region.

It was a vast spirit formation. One could distinguish this spirit formation using the naked eye. This spirit formation was so tall that it reached the clouds in the sky. It looked like a fort, yet not like a fort. In short, it was enormous. Furthermore, there were entrances to this spirit formation in all directions.

Most shockingly, as Chu Feng looked from outside the spirit formation, he discovered that the Blood Devouring Killing Formation's most dangerous location, the center, was actually

completely different from the outside.

The outside was covered with blood. Merely the scenery of this place was capable of causing enormous shock.

However, the inside actually contained flowers, plants, trees and everything else. There were enormous trees that reached the skies. There were flowers that were as big as a palace. All of them were present inside.

At a glance, the inside was like a paradise. How could it possibly look like the most dangerous place?

“Wow, it is truly extraordinary,” At that moment, Xian Miaomiao suddenly removed her Blood Devouring Armor.

Chu Feng then came to a sudden realization, then also removed his Blood Devouring Armor. After he removed his Blood Devouring Armor, Chu Feng was able to feel an enormous pressure from the spirit formation, even though he was standing outside. The pressure was pounding against his body in waves.

The pressure caused one's hair to stand on end, and one's bones to make creaking noise. He felt as if he would be immediately annihilated the moment he entered that spirit formation.

“It seems that it is not only the Blood Devouring Insects that can exist in here. Those special plants are also capable of surviving in here,” Chu Feng gasped with admiration.

“That's true. Merely, we can use special means to lure the Blood Devouring Insects out and make use of them. As for those plants, there's nothing that we can do about them,” Xian Miaomiao said.

“Well then, let's enter.” As Chu Feng spoke, he put the Blood Devouring Armor back on and stepped into the spirit formation. Xian Miaomiao also followed closely behind him.

“It seems that the center of the Blood Devouring Killing Formation is even more vast than I imagined it to be. This place is truly enormous,” After entering the central region, Chu Feng

gasped with admiration. This place was simply like an entire separate world.

“Miaomiao, how is it? Are you able to sense the location of the Ancient Era’s Immortal Flowers?” Chu Feng asked.

Xian Miaomiao shook her head and then said with a determined expression, “I can’t. However, I’m certain that there are Ancient Era’s Immortal Flowers in here.”

“Are you unable to sense anything at all right now?” Chu Feng asked again.

Xian Miaomiao shook her head again.

At that moment, Chu Feng realized that this place was truly not as simple as he had imagined it to be. It was not a place where they could discover Ancient Era’s Immortal Flowers the moment they entered.

“No rush. This place is very large. Let’s look around carefully,” Chu Feng said.

Afterward, Chu Feng and Xian Miaomiao began to carefully search the area around them. Originally, the two of them traveled extremely slowly. Later on, they began to speed up. The reason for that was because this place was truly too big. If they were to slowly search one step at a time, they would likely not be able to search through this entire place even after spending several decades searching. Thus, they had to accelerate their speed.

Suddenly, Xian Miaomiao said, “Chu Feng, I have a bad feeling. There are definitely Ancient Era’s Immortal Flowers in this place. But... but, my innate response to the Ancient Era’s Immortal Flowers has been cut off. I am unable to sense them.”

“Miaomiao, you might be overthinking it. Even if there are Ancient Era’s Immortal Flowers in this place, it is impossible for them to be everywhere. Let’s continue to search for them,” Chu Feng said.

“Okay,” Xian Miaomiao became low-spirited. This was the first time that Chu Feng had seen her behaving in such a manner. It could be seen that she deeply longed to find Ancient Era’s Immortal Flowers.

That being said, this girl was truly optimistic. Even though Chu Feng did not try to console her, she managed to quickly adjust her frame of mind shortly afterward, and started to talk and laugh once again.

Furthermore, it was very easy to encounter Blood Devouring Insects in this place. All the Blood Devouring Insects that the girl managed to encounter were unable to escape her evil clutches.

However, that was something that Chu Feng could understand. After all, Blood Devouring Insects were capable of being manufactured into Blood Devouring Armors. If their special effect were to become known, they would definitely be able to fetch a very good price.

However, Chu Feng felt that there was simply no need to waste the energy to capture Blood Devouring Insects. The reason for that was because the plants and trees of this place were all capable of resisting that enormous, special pressure. Thus, the plants and trees of this place were all equivalent or even more valuable than the Blood Devouring Insects.

Chu Feng was planning to bring a some plants and trees with him before leaving this place. He planned to make armors that could withstand this place’s pressure in the future. He knew that those armors would definitely fetch a great price.

Suddenly, Xian Miaomiao asked, “Chu Feng, did you know that there’s actually a legend about the Blood Devouring Killing Formation?”

Chapter 1915 – Strange Creature

“What sort of legend?” Chu Feng asked.

“According to the legend, the Blood Devouring Insects are not the only living creature in the depths of the Blood Devouring Killing Formation. In addition to them, there is also a kind of very special, stupid and interesting creature,” Xian Miaomiao said.

“Very stupid and interesting creature? What is it?” Chu Feng asked curiously.

Chu Feng felt that the creatures that could survive in this place would all be very extraordinary creatures. For Xian Miaomiao to describe that creature that mystically, it was even more evident that the creature was extraordinary.

“As for its exact appearance, I am also not certain. Merely, I’ve heard from my royal father that the creature originated from the Ancient Era. Then, for some unknown reason, it hid itself in the depths of the Blood Devouring Killing Formation.”

“Furthermore, my royal father said that that creature is very stupid. However, it possesses a special sort of power that seems to be extremely beneficial to world spiritists.”

“Furthermore, that creature is capable of speaking the moment it is born, and will consider the first creature that it sees to be its parent. Furthermore, it will wholeheartedly devote its life to that creature.”

“You just so happen to be a very powerful world spiritist. If you are to encounter that creature, you will be able to gain enormous benefits,” Xian Miaomiao said.

“Hearing what you said, I also wish for that legend to be real,” Chu Feng smiled.

Afterward, in the following days, Chu Feng and Xian Miaomiao continued to search for the Ancient Era’s Immortal Flowers.

Chu Feng was using his Heaven's Eyes to carefully observe his surroundings, and Xian Miaomiao was using her special perception to search her surroundings too.

However, in the blink of an eye, three days passed. Yet, they were unable to obtain any harvest.

Due to the fact that they were using their perceptive abilities the entire time, Chu Feng discovered that Xian Miaomiao appeared to be somewhat exhausted. Thus, he suggested that they take a rest.

Right after Chu Feng suggested that they take a rest, Xian Miaomiao fell asleep on the large tree beside Chu Feng. It could be seen that the girl had truly exhausted herself.

Seeing Xian Miaomiao like this, Chu Feng felt a bit of heartache. Although she was always laughing and appeared to be very carefree, she was actually someone who worked very hard.

Over the course of the several days he had been with her, Chu Feng was able to determine that.

“Chu Feng, it won't do to continue like this, Is that girl truly certain that there are Ancient Era's Immortal Flowers here?” At that moment, Eggy started to worry.

The reason for that was because Chu Feng and Xian Miaomiao had searched for three days straight. However, over the course of those three days, the two of them had not even managed to travel five percent of the entire Blood Devouring Killing Formation's central region. From this, it could be seen how vast this place was.

Furthermore, although Chu Feng and Xian Miaomiao were wearing Blood Devouring Armors, their abilities were still restricted in this place. As such, they were unable to unleash their maximum speed.

Thus, judging from the current state of affairs, even if Chu Feng and Xian Miaomiao were to continue searching for the Ancient Era's Immortal Flowers without stopping to sleep or rest, they

would still need tens of days in order to travel through this entire central region.

However, the Blood Devouring Armors could only be used for a limited time. Furthermore, Chu Feng was unable to immediately manufacture new Blood Devouring Armors.

Thus, if their Blood Devouring Armors were to lose their effectiveness, Chu Feng and Xian Miaomiao would end up dying in this place. This was what Her Lady Queen was worried about.

“I can sense that the Blood Devouring Armors are capable of persisting for at most thirty more days.”

“In order to prevent the unexpected, Xian Miaomiao and I can only stay here for at most twenty more days. We must save ten days of time to get out of here. If we are unable to find any Ancient Era’s Immortal Flowers in twenty days, we will have no choice but to give up,” Chu Feng said.

“Mn, you must put your own safety first,” Seeing that Chu Feng had already considered the matter, Eggy finally felt relieved.

Right at that moment, Chu Feng stood up and set up a concealment formation that covered Xian Miaomiao. Then, he left by himself.

Chu Feng was not planning to rest. He did not wish to waste time. Thus, he planned to search for the Ancient Era’s Immortal Flower by himself while Xian Miaomiao was asleep.

After searching for roughly two hours, Chu Feng’s speed suddenly slowed down, and he revealed a pleasantly surprised expression.

Although he had not managed to discover any Ancient Era’s Immortal Flowers, he had managed to discover a creature. It was the first creature other than the Blood Devouring Insects that he had seen here.

It was a little red insect. Its length was about as long as one’s

index finger. However, it was extremely thin, and resembled a little earthworm.

However, with only a single glance, Chu Feng was able to sense that it was emitting an extraordinary aura. It was most definitely not an ordinary insect.

“Eggy look, that insect looks so stupid. Could it be that legendary creature that Miaomiao spoke of?” Chu Feng said in a very joyous manner.

“It’s very possible. Based on its appearance, it seems to have just been born, and still a larva. Chu Feng, quickly, get over there. See whether or not it will recognize you as its master,” Eggy said.

“Woosh~~~”

At that moment, Chu Feng suddenly accelerated. Like a flash of lightning, he leapt and immediately arrived on the giant tree which that insect was lying on.

The sudden gale caused that little red insect’s body to tremble. However, it did not try to escape. Instead, it turned its head around and used its large black eyes to stare at Chu Feng. It said, “Who are you?”

‘Holy, it actually really knows how to speak. It seemed that what Miaomiao said is true,’ Seeing that the insect was actually speaking, Chu Feng was overjoyed. Thus, he steadied himself and said with a very amiable face and a soft voice, “I am your mother.”

Hearing those words, the little red insect immediately shrunk back. Then it said, “You’re a male.”

‘Holy, it was actually able to see through my gender? It seems that it is not as stupid as I imagined it to be,’ Chu Feng was startled. However, he did not panic. Instead, he said, “I am your father.”

“Oh?” Hearing those words, the little red insect revealed a questioning gaze. It ignored Chu Feng and began to slowly crawl

away. Then, it stopped and curved its body.

At the moment when Chu Feng was carefully observing it, confused by what it was doing, the little insect suddenly turned around and revealed an insectoid smile, “I am your grandma.”

After it finished saying those words, the little insect suddenly leapt into the air. It turned into a ray of red light and shot toward the distance. It was so fast that even Chu Feng was startled by its speed.

“Trying to escape after scolding me? You little insect, see if I do not catch you,” After encountering such a strange creature, Chu Feng would naturally not let it escape. Chu Feng’s body shifted, and he directly unleashed his Azure Dragon Dashing Technique to chase after the insect.

Chu Feng did not dare to underestimate that insect. Although it was very small, it was extremely fast.

However, even though Chu Feng had unleashed the Azure Dragon Dashing Technique, he was still unable to catch up to that little red insect.

“Come, grandson, come chase after your grandma. Come, come, quickly, come,” The insect was extremely vile. Not only was it running away with great speed, it was also insulting Chu Feng nonstop.

“Damn bug, you actually dare to look down on me,” With a thought, Chu Feng immediately revealed his Thunder Armor. After his cultivation increased to rank two Martial Emperor, his speed also increased rapidly.

“Woosh, woosh, woosh, woosh, woosh~~~”

However, after Chu Feng increased his speed, that red little insect’s speed actually also rose dramatically. It became many times faster than before. Even though Chu Feng had increased his cultivation, he was still only able to maintain his distance to that

insect, and remained incapable of catching up to it.

“Haha...”

“Trash...”

“Moron...”

“Idiot...”

“Retard...”

“You actually tried to deceive your grandma?”

“You’re destined to only be a grandson.”

“Come, chase after me, come catch me.”

“Lelelelelelelele...”

Seeing that Chu Feng was unable to catch up to it, that insect actually began to mock and ridicule Chu Feng. Chu Feng was even able to see that the little insect was actually sticking out its tongue at him and emitting a provocative sound with his tongue. It was mocking Chu Feng using all sorts of methods.

Chapter 1916 – Bravely Fighting Against A Lowly Insect

“Haha, that insect is truly vile. Chu Feng, it’ll be an enormous embarrassment if you are unable to catch it,” At that moment, Her Lady Queen’s body was convulsing with laughter. She was truly feeling delighted. No, to be exact, she was rejoicing in Chu Feng’s misfortune.

“If I catch it, I’ll definitely teach it a lesson,” Chu Feng was enraged by that insect. The lightning in his eyes grew even more violent. Then, two lightning wings began to spread out from his back like two sharp blades.

At that moment, Chu Feng’s cultivation increased to that of a rank three Martial Emperor. His speed once again increased by many times.

“Holy mother! Save me!!!” Seeing that Chu Feng’s speed had actually increased once again, the little red insect cried out in alarm. It was so frightened that it started to panic in disarray. At the same time, it continued to shout, “What sort of abnormal creature are you?! How are you able to increase your cultivation? Aiya, you’re making me piss myself in fear. Mom, save me!!!!”

It was clear that little insect’s speed was already at its limit. That was why it started to panic like that after Chu Feng increased his cultivation. The reason for that was because that little red insect knew that he would not be able to escape Chu Feng.

“Little thing, I shall see how you’re going to continue to act arrogant,” At that moment, Chu Feng was traveling like a flash of lightning. He arrived before the little red insect and grabbed it in his hand.

Once that little red insect was captured by Chu Feng, it immediately became extremely obedient. It did not try to struggle,

nor did it try to say anything. Instead, it looked to Chu Feng with a very pitiful appearance.

“Come, insult me again. Continue to insult me,” Chu Feng stared at the little red insect angrily.

“Granddaddy, please don’t kill me. I was merely joking with you,” The little red insect said in a very wronged manner.

“Pah!” At that moment, Chu Feng felt as if a hundred thousand divine beasts had burst out of his heart. He thought to himself that this little red insect was truly too shameless.

This red insect most definitely possessed intelligence. Furthermore, it was not a newborn. Else, it would not be able to amuse itself with Chu Feng like it had. Furthermore, it calling Chu Feng granddaddy right now was all an act.

“Do not call me granddaddy, call me ‘great sir,’” Chu Feng said.

“Yes, great sir. Great sir, I was merely playing around earlier. Can you please spare me?” The little red insect pleaded in a very pitiful manner.

“Did you take me to be a fool?” Chu Feng asked.

“No, of course not. I think great sir is extremely smart,” The little red insect said.

“Shut up, enough of your ass-kissing. You damned vile insect! You actually dared to insult me earlier; I’m going to feed you to the birds,” Chu Feng said.

“Are you serious? Are you really going to feed me to the birds?” Hearing what Chu Feng said, the insect was immediately startled. Its gaze began to change.

“That’s right,” Chu Feng said in a very determined manner.

“Your grandma even begged you! You damned fool! I’ll bite you to death! Quickly, release me! Else, my parents will turn you into a fried dough twist. They’ll soak you with tea and then eat you like a

dessert!” Seeing that Chu Feng was planning to kill it, the little red insect immediately unmasked its true appearance and began to rain curses upon Chu Feng.

“You dare insult me again! I’ll teach you a lesson!” As Chu Feng spoke, he began to release electricity in his hand. Even though his opponent was merely an insect, it possessed a special body that was extremely strong.

However, as a Dragon Mark Royal-cloak World Spiritist, Chu Feng possessed countless means to torture it.

“Noooo!!!!!!”

At that moment, the scream of a little insect resonated through the forest in continuous waves.

“Eh, that’s strange. How do you know what birds are?” Suddenly, Chu Feng stopped tormenting the insect and questioned it curiously.

“Of course I know what birds are. Aren’t you looking down on me a bit too much? Even though we Royal Spirit Insect Race live in here, we possess an abundant amount of knowledge,” The little red insect said.

“Royal Spirit Insect Race? So you all are actually called Royal Spirit Insects?” Chu Feng asked.

“That’s right,” The little red insect nodded.

“In that case, do you know what sort of race I am from?” Chu Feng was carried away by a sudden impulse and began to ask the little insect curiously.

“Of course I do. I’ve heard that there are many different races outside of the Blood Devouring Killing Formation.”

“Furthermore, the races possess different levels of strength. You belong to the weakest race,” The little red insect said.

“The weakest?” Hearing those words, Chu Feng’s eyes started to

shine. He started to ponder.

Although the humans were the strongest after the Ancient Era's Elves in the current Holy Land of Martialism, it was true that the humans were martial cultivators that were extremely weak compared to the other creatures in this world.

In fact, a little rock falling from the sky would be capable of smashing a human to death. Thus, upon thinking about it, what that little insect said could be considered to be correct.

"In that case, tell me, what sort of race am I?" Chu Feng asked.

"You're a pig," The little red insect said.

Hearing those words, Chu Feng's eyes opened wide. He glared at the little insect and said, "Say it again."

"You're a pig."

"Ahh!!! Nooo!!!"

"Was I wrong?"

"Could it be that you're not a pig?"

"What are you then? Ahh! Noo! Spare me!! I am still only a child!" The screams from the little red insect began to resonate through the forest once again. Chu Feng only stopped after torturing the little insect for quite some time.

Although he was tormenting the little insect, Chu Feng was actually using his world spirit techniques to test the little insect's body.

After his testing, Chu Feng discovered that little insect was truly miraculous. Although it was feeling pain from Chu Feng's torture, it would be extremely, extremely difficult for Chu Feng to kill it.

In other words, Chu Feng, with his current strength, was unable to kill that little insect. As such, one could see how strong that little insect's vitality was.

At that moment, Chu Feng started to feel a bit uneasy. When this little insect was already this strong, how strong would those mature Royal Spirit Insects be? This creature by the name of Royal Spirit Insect was truly too frightening.

Upon thinking about it, Chu Feng immediately grabbed that little insect tightly in his hand to make it unable to speak. Furthermore, he sealed away its aura. Then, he rapidly proceeded to the place where Xian Miaomiao was resting.

When Chu Feng returned, he discovered that Xian Miaomiao was actually gone. The spirit formation that he had set up had been destroyed by someone.

“Crap!” At that moment, Chu Feng’s expression took a huge change. He felt that the situation was bad.

“Woosh, woosh, woosh~~~”

Right at that moment, many sounds of rapid movement could be heard in the distance. They were growing closer. Soon, a silhouette appeared before Chu Feng.

Chu Feng was immediately overjoyed upon seeing this person. The reason for that was because it was none other than Xian Miaomiao.

“Miaomiao, where did you go?” Chu Feng asked.

“I should be the one asking you that. Where did you go? Why were you nowhere to be found after I woke up?” Xian Miaomiao asked angrily. This was the first time Chu Feng had ever seen her this angry. Her anger this time around was different from her anger in the past. She was angry because she was worried for Chu Feng’s safety.

At that moment, Chu Feng started to blame himself. Although he had gone to search for the Ancient Era’s Immortal Flower by himself with good intentions, he should have left behind some message in order to prevent Xian Miaomiao from becoming

worried for him. He had truly neglected that.

“Miaomiao, I...” Chu Feng wanted to apologize to her.

“Hey! Beauty!” Right at that moment, the little insect in Chu Feng’s hand suddenly spoke. This fellow actually broke apart the spirit formation that Chu Feng had bound it with.

Not only that, it currently had a very pitiful and harmless appearance as it looked to Xian Miaomiao with deep emotions in its eyes. That fellow was clearly trying to obtain Xian Miaomiao’s pity.

“Aiya, Chu Feng, what is that thing in your hand?” Sure enough, Xian Miaomiao noticed it. Not only that, she was also surprised and overjoyed. Her expression was as if a refugee had just discovered a new world.

“Eh... it’s a Royal Spirit Insect. If I am not mistaken, it should be... that legendary creature you spoke of,” Chu Feng said.

Chapter 1917 – The Witch Miaomiao

“Really? Quickly, let me have a look,” Xian Miaomiao extended her hand with the intent to receive the insect from Chu Feng.

“Be careful, this little thing here is quite remarkable. I exhausted a great amount of effort to capture it. Furthermore, it is very crafty,” Chu Feng warned.

“Rest assured, I got it. Quickly, give it to me, give it to me,” Xian Miaomiao said with an extremely impatient expression.

Feeling helpless, Chu Feng ended up handing the little red insect to Xian Miaomiao.

Chu Feng noticed that, at the moment when he handed the little red insect to Xian Miaomiao, the little red insect was looking at him with a complacent smile on its face. It was as if it was telling Chu Feng ‘Little guy, fight against me? You’re still too inexperienced.’

After receiving the little red insect, Xian Miaomiao asked curiously, “Chu Feng, did it recognize you as its father?”

“Recognize my ass. That little thing is not a newborn. I ended up being toyed with by it for a very long time,” Chu Feng complained.

“Haha, it’s this interesting?” After hearing what Chu Feng said, Xian Miaomiao became even more excited. She then looked to the little red insect and said, “Are you male or female?”

“Beauty, I am a female,” The little red insect said in a slightly shy manner. Its tone was extremely soft and gentle.

“You’re a Royal Spirit Insect?” Xian Miaomiao asked.

“Mn,” The little red insect nodded obediently.

“Continue to act. I shall see how long you can continue to act,” Seeing that the little red insect was actually that obedient in Xian Miaomiao’s hand, Chu Feng was unable to contain himself from

feeling disdain toward it. He knew extremely well how vile that little thing was.

Fortunately, it was a female. If it was a male, Chu Feng would not have handed it to Xian Miaomiao. That shameless little thing, if it was a male, it might end up doing extremely shameless things.

“Then, do you have a name?” Xian Miaomiao continued to ask.

“I do,” The little red insect nodded.

“What’s your name?” Xian Miaomiao asked.

“I am called [Shit](#),” The little red insect said in a very proud manner.

“Pff,” Hearing that word, Chu Feng who was drinking water directly sprayed out a mouthful of water. He looked to that little red bug with an astonished expression. He thought to himself that that name was truly crappy.

“Shit, who the heck gave it that name? Hahahaha. Aiya, I can’t, I’m dying from laughter.”

At that moment, Her Lady Queen was holding onto her stomach and bending her knees whilst laughing in Chu Feng’s world spirit space. She had the appearance of nearly dying from laughter.

“Shit?” At that moment, Xian Miaomiao started to frown. She started to have an uncomfortable expression.

“That’s right, my name’s Shit. It’s the Shit as in shitting out feces. Isn’t my name awesome? My dad said that my name is most definitely the most amazing name in the world,” The little red insect said in an extremely proud manner. It seemed to not have realized what was wrong with its name at all. Instead, it was extremely proud of its name.

“No, that name is extremely bad. I’ll give you a new name,” Xian Miaomiao said.

“New name? Are you saying that you’re able to give me a name

even more amazing than the one my dad gave me?” The little red insect asked.

“Chu Feng, you’re a world spiritist. Help me think of a name,” Xian Miaomiao said to Chu Feng.

“Just call it Lil’ Red,” Chu Feng said in an extremely casual manner.

“Mn, Lil’ Red, this name’s pretty good. It’s simple and easy to remember. At the same time, it suits you very well. Your name will be Lil’ Red,” Xian Miaomiao said.

“What? Lil’ Red? You’re actually giving me such a simple name? No, I’m not going to be Lil’ Red. My name will be Shit,” However, the little red insect strongly protested the name Chu Feng had thought of.

“No, you can’t be called Shit. You don’t know how vulgar that name is. It’s better that your name be Lil’ Red. C’mon, be obedient,” Xian Miaomiao said.

“No, my name is Shit, Shit is my name. I’m Shit, I’m Shit,” The little red insect began to shout hysterically.

“You actually dare to talk back to me? Watch as I teach you a lesson,” Xian Miaomiao curled her lips and then revealed an ill-intended smile. Then, she grabbed the little red insect with her hands. With one hand on its head and the other on its tail, she began to pull on its body.

“Woosh~~~” In an instant, that little red insect that was only a finger length long was pulled to over a meter long.

“Ahhh! Noo! Heavens, help me! You’re about to pull me into a thin noodle, even though I don’t know what noodles are!”

“Aiyah, I was wrong! I will not be Shit anymore! My name will be Lil’ Red, I’ll be Lil’ Red!” That little red insect was truly useless. After being tormented by Xian Miaomiao, it immediately accepted the name of Lil’ Red.

“Hahaha, Chu Feng, quickly, look, Lil’ Red is so flexible. No matter how hard I pull her, she will not break. This is truly amazing,” At that moment, Xian Miaomiao was in great joy as she played around with Lil’ Red. Even though Lil’ Red was begging for forgiveness, she still had no intention of stopping. She completely ignored Lil’ Red’s cries.

“Great sir, quickly save me! Save me from this witch’s grasp!” Powerless to do anything else, the little red insect actually began to cry to Chu Feng for help.

“Haha,” Faced with the little red insect’s cries for help, Chu Feng recalled the complacent expression it had when it managed to break away from his hand.

Thus, not only did Chu Feng not plead for leniency for it, he instead said to Xian Miaomiao, “Miaomiao, since you like Lil’ Red so much, I’ll give it to you.”

“Heavens, don’t!”

“I belong to great sir, I do not belong to the witch.”

“Great sir, I beg of you, do not give me to the witch. I still haven’t lived enough. I am still only a child,” Hearing those words, before Xian Miaomiao could reply, the little red insect began to voice its refusal.

“Chu Feng, are you serious?” At that moment, Xian Miaomiao was extremely overjoyed.

“Of course. If you like it, then it’s yours,” Chu Feng said with a beaming smile.

“Sure, sure! I like it a lot. This Lil’ Red is simply so fun to play with,” As Xian Miaomiao said those words, she pulled Lil’ Red again. She was truly planning to pull Lil’ Red apart.

“Mom, grandpa, uncles, aunts, come and save me!” Lil’ Red’s miserable voice resonated nonstop. Resonating with its voice was Xian Miaomiao’s delightful laughter.

Xian Miaomiao continued to play with Lil' Red for a long while before she finally began to search for Ancient Era's Immortal Flowers with Chu Feng again. However, even on their way to find the Ancient Era's Immortal Flowers, she would continue to play with Lil' Red.

Seeing how tragically Xian Miaomiao was playing with Lil' Red, Chu Feng did not feel the slightest bit of sympathy for Lil' Red. Instead, he felt that she was truly suitable to be Lil' Red's master. At the very least, he felt her to be a much more fitting master than himself.

Suddenly, Lil' Red who was being tormented by Xian Miaomiao said, "Wait a moment, stop messing with me. As long as you stop messing with me, I'll help you two search for the Ancient Era's Immortal Flowers,"

"Ancient Era's Immortal Flowers? You know of them?" Hearing those words, both Chu Feng and Xian Miaomiao revealed dubious gazes. The two of them did not believe that crafty little thing.

"I do, I really do. I know where the Ancient Era's Immortal Flowers are. As long as you release me, I'll bring you two there to find them," Lil' Red said.

"Lil' Red, you know what the consequences will be should you lie to me, right?" Xian Miaomiao said with a beaming smile on her face. However, to Lil' Red, Xian Miaomiao's sweet smile was extremely frightening.

"I don't dare, I don't dare," At that moment, even though Lil' Red was an insect, it was sweating cold bullets out of fear of Xian Miaomiao.

Technically, its name is Lashi; aka. To shit.

Chapter 1918 – People From The Dark Hall

“In that case, I’ll ask you a couple of questions,” Then, Xian Miaomiao proceeded to ask Lil’ Red a couple of questions regarding the Ancient Era’s Immortal Flower’s distinctive features.

To Chu Feng and Xian Miaomiao’s surprise, Lil’ Red actually managed to correctly answer all of the questions. Furthermore, it answered them immediately. It truly had the appearance of knowing where the Ancient Era’s Immortal Flowers were.

With this being the case, not to mention Xian Miaomiao, even Chu Feng was overjoyed. The reason for that was because they were finally able to see hope after searching for so long with no fruit to be found. They felt as if they were finally able to see light at the end of the tunnel.

Afterward, Chu Feng and Xian Miaomiao allowed Lil’ Red to lead the way, and began to rapidly proceed toward the location of the Ancient Era’s Immortal Flowers.

After an entire day of traveling, Chu Feng’s expression suddenly changed, and his gaze became extremely complicated. Then, he suddenly stopped.

At that moment, Chu Feng looked to Lil’ Red and asked, “Lil’ Red, tell me honestly, are you deceiving us?”

“Ah? Great sir, what are you talking about? I am obedient, how could I possibly deceive the two of you?” Hearing Chu Feng’s question, Lil’ Red started to panic slightly.

“The place ahead is simply not the location of the Ancient Era’s Immortal Flowers. Instead, it’s the location of your race, isn’t it?” Chu Feng said.

Xian Miaomiao also narrowed her long, shapely eyebrows. In a rather angry manner, she asked, “Lil’ Red, is what Chu Feng said correct?” The reason for that was because this matter was

extremely important to her.

“Aiya, I was wrong, okay? I just wanted to go back home. I merely wanted to see my relatives before going to find the Ancient Era’s Immortal Flowers,” Seeing that his plan was exposed, Lil’ Red spoke in a very wronged manner.

“Lil’ Red, you little bastard! You actually dared to deceive me. Watch as I take care of you,” At that moment, Xian Miaomiao was planning to teach Lil’ Red a ruthless lesson.

“Miaomiao, stop,” However, this time around, Chu Feng actually stopped her.

At this moment, Xian Miaomiao was extremely shocked. She did not understand why Chu Feng would stop her. After all, Lil’ Red deceiving them was something extremely detrimental to the both of them.

As for Lil’ Red, it was even more astonished. With an extremely shocked expression, it looked to Chu Feng. There was confusion in its eyes. It also did not understand why Chu Feng would help it. After all, it even knew that it would be extremely dangerous should this matter be exposed.

“Lil’ Red, prepare yourself,” Chu Feng said.

“Ah? Great sir, what are you talking about?” Lil Red was even more puzzled.

“Your relatives are no longer here,” Chu Feng said.

“What?” Hearing what Chu Feng said, Xian Miaomiao’s eyes started to flicker. She seemed to have realized something.

“Great sir, what are you talking about? Why do I not understand?” Lil’ Red was still very confused.

“You can go and look for yourself,” Chu Feng rescued Lil’ Red from Xian Miaomiao’s grasp. Then, he let go of Lil’ Red. At that moment, he was not afraid of Lil’ Red running away.

After being freed, Lil' Red immediately flew ahead. Seeing that, Xian Miaomiao, who seemed to have realized something, immediately followed after it. As for Chu Feng, he also followed after them.

The three of them all possessed extremely fast speeds. As they traveled rapidly, they soon arrived at Lil' Red's home.

It was a small field. This should be the home of the Royal Spirit Insects.

Originally, there should have been many complicated caves in this place. The reason for that was because there had originally been several thousands of Royal Spirit Insects living here.

However, at that moment, the place had been left in utter destruction. It had been turned into an enormous crater.

Furthermore, inside the enormous crater as well as on the sides of the enormous crater, lay many dead insects. Those insects were all dried up. As such, it was simply impossible to see their original forms. However, Chu Feng was able to feel that they should have died not long ago.

“No! No! No!!!!!!”

Seeing this scene, Lil' Red started to become frantic and began to shout hysterically.

Looking at Lil' Red acting like this, Chu Feng and Xian Miaomiao both felt some pain in their hearts. Although they had only met Lil' Red not long ago, and they were both certain that Lil' Red was an extremely vile and shameless insect, and they had been brought here by Lil' Red with the intention to trap them, as they heard Lil' Red's screams and saw Lil' Red's current appearance, Chu Feng and Xian Miaomiao were unable to feel any anger or hatred for Lil' Red.

At that moment, not only was Lil' Red's voice hysterical, it was also filled with grief.

The pain of having one's clan exterminated was extremely painful to bear. Chu Feng had personally experienced it before. Thus, he knew very well what sort of pain Lil' Red was going through, and sympathized with him.

“Woosh~~~”

Right at that moment, Lil' Red turned into a ray of red light and flew toward the area ahead.

“Miaomiao, follow her,” In response, Chu Feng grabbed Xian Miaomiao and began to chase after Lil' Red.

With Chu Feng's speed, he was completely capable of catching up to Lil' Red. However, he didn't do so. The reason for that was because he felt that Lil' Red must've sensed something.

That was indeed the case. Lil' Red had managed to detect the aura of its clansmen. Furthermore, it soon caught up to its clansmen. Merely, what appeared before Chu Feng, Lil' Red and Xian Miaomiao's line of sight was not only Lil' Red's clansmen. There were also ten figures.

They were humans. A total of ten humans. They were all rank four Martial Emperors. They were all wearing black cloaks, and the same strange mask. It was the outfit of the Dark Hall. They were actually people from the Dark Hall.

Even though it was extremely inconceivable, it remained that they were indeed people from the Dark Hall. People from the Dark Hall had actually also managed to enter this place safely. Furthermore, many of them had been able to enter.

Furthermore, all of these people from the Dark Hall were world spiritists. Although they were only Snake Mark Royal-cloak World Spiritists, they were currently controlling a grand formation.

It was an unsealing formation. The center of this formation was packed full with Royal Spirit Insects. The auras of those Royal Spirit Insects were still present. However, they were all dead. Like

the ones inside and by that enormous crater, they were all dried up and dead.

However, they had not been directly killed. Instead, they had been refined to death. It was that spirit formation that had taken their lives.

“Ahhh!!!!!!!!!!”

Lil’ Red was incomparably furious. As if mad, it charged towards the people from the Dark Hall.

“Bang.”

Lil’ Red’s speed was truly fast. Her extremely fast speed was able to turn into an extremely powerful impulse. Lil’ Red collided with one of the people from the Dark Hall, and directly knocked that person several meters away.

“What is it?”

Originally, the ten Dark Hall’s experts were all focused on the spirit formation. Thus, Lil’ Red’s collision came as an enormous shock to them.

“There’s actually another one that escaped. Catch it!”

After seeing Lil’ Red, five of the ten experts from the Dark Hall continued to control the spirit formation, while the other five stood up and began to join hands to capture Lil’ Red.

As for Lil’ Red, she was frantically colliding with the five Dark Hall’s experts, sending them rolling on the ground.

Feeling helpless, the five of them all began to set up spirit formations to seal off Lil’ Red’s movements. However, their spirit formations were simply unable to stop Lil’ Red at all. To Lil’ Red, their spirit formations were simply useless.

“That insect is somewhat special. Capture it. That insect must possess even stronger energies. If we are to throw it into the formation, it will be able to greatly reduce the time needed to undo

the spirit formation.”

After trying to seal Lil’ Red off with spirit formations, the people from the Dark Hall realized that Lil’ Red was very powerful. After the five let out their cries of alarm, the other five Dark Hall’s experts actually all stopped controlling the spirit formation and joined the rest to surround Lil’ Red.

Chapter 1919 – Interrogation

“I’m going to smash you all to death, I’m going to smash you all to death! You damned devils!!! Ahh!!!!”

As for Lil’ Red, she simply did not plan to escape. Else, with her speed, not to mention ten rank four Martial Emperors, even a hundred rank four Martial Emperors would not be able to capture her.

With her family wiped out, Lil’ Red was filled with fury, and frantically using its tiny little body and enormously fast speed to unceasingly collide with the ten Dark Hall’s experts.

Unfortunately, no matter how fast it was, no matter how strong its body was, it remained that its power was limited. To rely only on that bit of power to unceasingly collide with the ten Dark Hall’s experts, it was simply impossible to actually injure them.

In the end, out of a moment of carelessness, Lil’ Red was captured by one of the Dark Hall’s experts. Held in his hand, Lil’ Red was unable to escape.

“Haha, little thing, you know how to struggle quite well. You want to avenge your clansmen, right? Unfortunately for you, there’ll be no chance for you to do so.”

“That said, there’s something else that you can do. That is, you can accompany your clansmen in death,” The Dark Hall’s expert that had captured Lil’ Red smiled a strange smile.

At that moment, Lil’ Red gave up on resisting. It seemed as if Lil’ Red knew that she was no match for these men. Actually, Lil’ Red was already prepared to die with its clansmen.

“Release it,” However, right at that moment, an explosive voice sounded from behind the Dark Hall’s experts like a sudden clap of thunder.

The sudden voice startled all ten of the Dark Hall’s experts. They

turned around, and were immediately even more shocked.

The reason for that was because not only did they see Xian Miaomiao, they also saw Chu Feng. Furthermore, the one that had spoken earlier was Chu Feng.

“Chu Feng?!” Upon seeing Chu Feng, the shocked expressions of the ten Dark Hall’s experts grew even stronger.

None of them expected Chu Feng to be here. Furthermore, accompanying him was the Ancient Era’s Elves’ Little Princess.

Xian Miaomiao had not concealed her aura. As they were all world spiritists, they were able to determine from Xian Miaomiao’s age and cultivation that she was that Ancient Era’s Elves’ renowned genius Little Princess.

“Chu Feng, why would you be here? Oh, it must be that armor you’re wearing, right?” The man that was holding Lil’ Red in his hand said.

“I said release it,” Chu Feng spoke again. His tone was filled with chilliness.

However, even though that man sensed the chilliness of Chu Feng’s tone, he was not afraid of Chu Feng. Instead, he burst into loud laughter and said, “I do not know where you got that courage from, to actually dare to order me around.”

After he finished saying those words, his gaze grew cold and gloomy. He added, “Chu Feng, could it be that you didn’t know that you have already entered the gates of hell?”

“Woosh~~~”

Right at that moment, Chu Feng’s body suddenly moved. In a flash, he arrived before that man. Then, a crimson flash radiated all around. That man’s arm was actually sliced off by Chu Feng. Furthermore, what sliced off that man’s arm was not a blade or a sword. Instead, it was Chu Feng’s palm.

Chu Feng had held his hand in a blade shape and instantly hacked off his opponent's arm.

With the arm hacked off, Lil' Red was freed. Lil' Red turned into a red light and flew over to Xian Miaomiao.

As for Chu Feng, he did not stop. He pointed his other hand at that man's dantian area. Then, with a 'puu,' he pierced his hand into that man's dantian.

At that moment, not to mention that Dark Hall's expert with his dantian pierced, the other nine Dark Hall's experts were also all stunned. Although Chu Feng's cultivation was below theirs, his explosive battle power that had appeared in a flash was truly too stunning.

“Buzz~~~”

At the moment when the Dark Hall's experts were all stunned, Chu Feng's eyes flashed. He looked to his surroundings, and then golden world spirit power began to appear. The world spirit power turned into an airtight fort and completely sealed all of them within it.

“Indeed, this place is the gates of hell. However, the master of these gates is not you all. Instead, it's me.”

Chu Feng flung his arm, and shattered that Dark Hall's expert that he had pierced into countless pieces. Before he died, he did not even have the chance to scream.

“A heaven-defying battle power capable of surmounting five levels of cultivation; you actually possess a heaven-defying battle power capable of surmounting five levels of cultivation?”

At that moment, the other nine Dark Hall's experts all revealed extremely frightened expressions.

Evidently, none of them had expected Chu Feng's battle power to be that strong. A heaven-defying battle power capable of surmounting four levels of cultivation was already extremely

extraordinary. Currently, [only Chu Feng and the Ancient Era's Elves' Little Princess](#) possessed that level of heaven-defying battle power. As such, what was this heaven-defying battle power capable of surmounting five levels of cultivation?

At that moment, not to mention those Dark Hall's experts, even Xian Miaomiao revealed a gaze of surprise. She also did not expect that Chu Feng's battle power would be this powerful, for it to actually be capable of surmounting five levels of cultivation.

"I will ask you all some questions. You all are to answer them. Else, all of you will die," Chu Feng said coldly.

"Chu Feng, are you not underestimating our Dark Hall too much here? You wish to extort information from us? Heh, maybe in your next life," However, one of the nine Dark Hall's experts sneered at Chu Feng. A flash of determination shone through his eyes. He was planning to commit suicide.

"Buzz~~~"

Chu Feng snorted coldly at his actions. Then, a burst of boundless oppressive might began to spread out from Chu Feng's body. His oppressive might completely restricted the nine Dark Hall's experts, preventing them from even attempting to commit suicide.

"Did you really think you could stop us with your few techniques?" The man continued to mock Chu Feng.

"What do you think?" Chu Feng was very calm and unhurried.

"You!!!" At that moment, not to mention that Dark Hall's expert that was speaking out against Chu Feng, even the other eight Dark Hall's experts all started to panic. Chu Feng had really managed to restrict them, and made them incapable of killing themselves.

"It's that spirit formation! You've used your own oppressive might alongside that spirit formation! What a ruthless technique!" As all of the Dark Hall's experts were world spiritists, they soon

realized what had happened after seeing the spirit formation that had sealed them.

“All of you will die. Merely, it is no longer up to you all to decide how you will die. Instead, I shall be the one to decide how you will all die,” As Chu Feng spoke, he began to form hand seals with his hands. Then, from the spirit formation that surrounded all of them, many hand-like objects appeared and pierced into the bodies of the nine Dark Hall’s experts.

“Ahh!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!”

The very next moment, the nine Dark Hall’s experts all began to let out extremely painful screams. They were currently suffering from Chu Feng’s torment, and were in so much pain that they wished they were dead.

“Sto, stop! Stop!!!” In this sort of situation, they began to beg for forgiveness.

“Speak, why are you all here?”

“What is your purpose in coming here?”

“Who is your leader?” Chu Feng asked these questions in succession.

However, faced with Chu Feng’s questions, the nine Dark Hall’s experts only continued to beg for forgiveness, and did not answer his questions.

Chu Feng later used many other methods of torture and made them suffer enormously. However, he was still unable to force an answer out of them.

“Quite tight mouths you all have. Very well, I shall have a look at your true identities and see exactly who it is that is willing to give their lives away for the Dark Hall.”

Chu Feng did not expect them to be this resolute. After obtaining no fruit from his interrogation, Chu Feng arrived before one of the

Dark Hall's experts and removed his mask.

However, that mask was extremely special, and was not something that could be removed easily. Even Chu Feng would have to use world spirit techniques to remove the mask.

“Woosh~~~”

However, right after Chu Feng touched that strange mask with his world spirit technique, his expression immediately changed. Immediately afterward, he hurriedly stepped to the side.

“Boom~~~”

The very next moment, that man's body exploded. Chu Feng's world spirit technique had triggered something within that man's body that caused his body to explode.

“Chu... Chu Feng, ple, please spare us. We really have no way to tell you anything. In... In our bodies are-” Upon seeing that, another among them seemed to want to say something.

“Bang!!!” However, right at that moment, that man's body also exploded. It was not that he was trying to die. Rather, there was something in his body that ended up killing him the moment he said something that he shouldn't have.

“Chu Feng, I'll tell you, I'll tell you.”

In response, the others also began to speak. Merely, they were not truly planning to tell Chu Feng anything. Instead, they planned to, like the man before them, trigger the thing within their bodies and kill themselves.

The reason for that was because even Chu Feng was unable to stop the explosions from within their bodies.

In a blink of an eye, all nine of the Dark Hall's experts died from their bodies exploding.

There is also Leng Yue from the Heavenly Law Palace. But no one other than Chu Feng, as far as we know, knew about it.

Chapter 1920 – Falling Into A Trap

“Those guys, what happened to them?” Xian Miaomiao had an astonished expression.

As for Chu Feng, he had a very serious expression. As a world spiritist, he naturally knew what was going on.

The people from the Dark Hall all possessed a self detonation power within them. As long as anyone tried to forcibly remove their masks, or should they say something that they shouldn't, they would trigger the self detonation and die from the explosion of their bodies.

Most importantly, even though Chu Feng had restricted their movements and that self detonation power using both his world spirit formation and his oppressive might, he was still powerless before that self detonation power.

This meant... that there was a world spiritist even more powerful than Chu Feng in the Dark Hall. Furthermore, that world spiritist was not only a little bit stronger than him.

“Chu Feng, what were they doing here?” At that moment, Xian Miaomiao walked toward Chu Feng with Lil Red in her hand.

As for Chu Feng, he began to carefully inspect their location. He wanted to find out exactly what sort of thing these fellows were trying to unseal with their unsealing formation that cost the lives of all the Royal Spirit Insects.

That said, even though Chu Feng was inspecting the surrounding area, he did not dare to use all of his strength to do so. The reason for that was because he knew that the Blood Devouring Killing Formation sealed Ancient Era's ferocious beasts. He was afraid that what was underneath this place would be the Ancient Era's ferocious beasts.

That was what came into Chu Feng's mind the first moment he

saw that unsealing formation. He believed that the people from the Dark Hall were trying to release the Ancient Era's ferocious beasts.

"This is bad," After inspecting the place, Chu Feng's frown deepened. He then turned to Xian Miaomiao and asked, "Miaomiao, do you know exactly where the Ancient Era's ferocious beasts are sealed?"

"No, I don't," Xian Miaomiao shook her head. Then, she asked, "Chu Feng, what's going on?"

"Below this formation is another formation's core. If I am not mistaken, the spirit formation below us is related to the spirit formation that sealed the Ancient Era's ferocious beasts. The reason for that is because I am certain that the formation's core down below is that of a sealing formation."

"Thus, what you said is most likely true. There is indeed a frightening thing sealed here. It should be the Ancient Era's ferocious beasts."

"Merely, the formation's core is located too deep. I am unable to determine exactly where those Ancient Era's ferocious beasts are sealed."

"However, one thing is certain. Those people from the Dark Hall set up such a spirit formation here because they wanted to release whatever it is that is sealed in there," Chu Feng said.

"It must be the Ancient Era's ferocious beasts. This place must be where the Ancient Era's ferocious beasts are sealed. What do we do? They're actually this wicked."

"I will immediately return to report this matter to the others," Xian Miaomiao said.

"Report? Didn't you say that your Ancient Era's Elves have people guarding this place all the time?" Chu Feng asked.

"That is indeed the case. However, my royal father has moved many troops recently. As such, the strength of the guards here are

much more inferior to before. If the Ancient Era's ferocious beasts are to be released at such a time, the Ancient Era's Elves stationed here will not be able to stop them," Xian Miaomiao said.

"Did your royal father transfer the troops for the sake of searching for the Dark Hall?" Chu Feng asked.

"Yes," Xian Miaomiao nodded.

"Crap, he fell for their trap," Chu Feng became alarmed. Evidently, the secret that the Ancient Era's Elves knew about was something that the Dark Hall knew too. All of this was deliberately done by the Dark Hall.

"This is bad, I must go and notify them right away," As Xian Miaomiao spoke, she prepared to leave.

"I'm afraid it's too late," Chu Feng grabbed Xian Miaomiao.

"Then... then what do we do?" Xian Miaomiao realized that if the people from the Dark Hall were truly prepared, it would truly be too late for her to return and notify the Elf Kingdom about this matter and then have them deploy their troops.

"Since it's too late, we must seize the moment and do what we should," Chu Feng said.

"You're saying that we should continue searching for the Ancient Era's Immortal Flowers?" Xian Miaomiao asked.

"That's right. Else, we would've journeyed here in vain, no?" Chu Feng said.

"But the Ancient Era's Immortal Flowers are too hard to find. Furthermore, with the people from the Dark Hall here, this place is now extremely dangerous," Xian Miaomiao said.

What Xian Miaomiao said was actually also what Chu Feng was worried about. Without mentioning anything else, merely that formation the ten Dark Hall's experts were controlling was something set up by a Dragon Mark Royal-cloak World Spiritist.

This meant that the Dark Hall had dispatched many experts. The ten rank four Martial Emperors Chu Feng had killed were already extremely powerful experts in the Holy Land of Martialism. After all, the Four Great Imperial Clan's Utmost Exalted Elders were all only rank four Martial Emperors.

They were super experts that could cause an entire region of the Holy Land of Martialism to tremble with a light tap of their feet.

However, Chu Feng felt that these ten rank four Martial Emperors were only small fry among the experts dispatched by the Dark Hall.

Right at that moment, Lil Red who had been silent for a very long time spoke, "I know where the Ancient Era's Immortal Flowers are. I'll bring you two there."

"You're still trying to deceive us?" Xian Miaomiao asked with a cold voice. Even though Lil Red's clan had been exterminated, Xian Miaomiao still possessed resentment toward Lil Red for deceiving her.

"I'm not deceiving you two. I really know where the Ancient Era's Immortal Flowers are. I can bring you two there. Merely... you two might not necessarily be able to obtain them," Although Lil Red was much calmer than before, it was instead still very low-spirited. Looking at Lil Red, one could only feel pity for it.

"Lil Red, if you truly know where the Ancient Era's Immortal Flowers are, then go ahead and lead the way," Chu Feng said.

"Mn," Lil Red turned into a ray of red light and began to fly into the distance.

"Wait," However, Chu Feng suddenly spoke to stop it.

"What's wrong? Great sir, I am truly not deceiving you two," Lil Red returned and revealed an expression of pleading for Chu Feng to believe it.

"I trust you. However, we cannot leave this place like this," The

corners of Chu Feng's mouth rose. He revealed a smile of trust in Lil Red. Then, he destroyed the spirit formation that the Dark Hall's experts had set up.

Even though the spirit formation underneath this place was merely one of many sealing formations, Chu Feng felt that it would be of some use should it remain sealed. Thus, he had to destroy the unsealing formation.

After Chu Feng destroyed the unsealing formation, he set up another spirit formation in its place. That spirit formation he set up was merely there to fool others.

When looking at it from the outside, the Dark Hall's unsealing formation would appear to still be present. Furthermore, it looked as if the ten Dark Hall experts who had died were still there controlling and maneuvering the spirit formation.

However, that was all because of Chu Feng's spirit formation. Those ten Dark Hall's experts were definitely all dead. They were all killed by Chu Feng. The unsealing formation was also destroyed, destroyed by Chu Feng.

After finishing that, Chu Feng said, "Lil Red, go ahead and lead the way."

"Gotcha," Lil Red turned into a ray of red light and began to guide Chu Feng and Xian Miaomiao.

After seeing Lil Red's astonishingly fast speed, Chu Feng began to ponder. Lil Red was very powerful. At the very least, Lil Red was extremely special.

However, its race, no matter how Chu Feng looked at it, did not appear to be powerful at all. Else, how could they be that easily exterminated?

Furthermore, while Lil Red's clansmen were killed, Chu Feng was still able to tell from their corpses that there were differences between them and Lil Red.

Chu Feng had a thought. Lil Red was not a Royal Spirit Insect. Even if Lil Red was... it was very likely that it was a variant.

.....

Under Lil Red's guidance, Chu Feng and Xian Miaomiao traveled for an entire day before they finally arrived at a large mountain.

"We're here. That's it," Lil Red pointed at a very small crack in that large mountain.

"There are indeed Ancient Era's Immortal Flowers there. I am able to sense their aura. Let's go in," At this moment, Xian Miaomiao revealed an overjoyed expression because Lil Red had not deceived them this time around.

"See, I didn't deceive you all. Merely... the Ancient Era's Immortal Flowers are not that easy to obtain. I can go in there, but cannot bring them out," Lil Red said.

At that moment, Xian Miaomiao started to frown. While the large mountain might not appear to be extraordinary, it was actually extremely tough. Even she was unable to carve a path through it.

As for that crack, it was extremely small. Only Lil Red was able to pass through it. That said, Xian Miaomiao was also able to sense that there was a power inside the mountain protecting the Ancient Era's Immortal Flowers. As such, it was true that the Ancient Era's Immortal Flowers were very hard to obtain.

"If we could take them out, we would've already done so. How could the Ancient Era's Immortal Flowers possibly remain there?" Lil Red added.

"Could it be that the Ancient Era's Immortal Flowers that we painstakingly found cannot be obtained?" Xian Miaomiao revealed an expression of unwillingness. To not be able to get the Ancient Era's Immortal Flowers after finding them was even more painful than not being able to find them.

Chapter 1921 – Eight Banners

Suddenly, Chu Feng said, “Let me have a look.”

Hearing Chu Feng’s words, Xian Miaomiao revealed a delighted expression. She was so depressed earlier that she actually forgot that Chu Feng was an extraordinary world spiritist.

“You?” However, after Chu Feng spoke, Lil Red revealed a disdainful gaze. Lil Red did not believe that Chu Feng would be able to do anything. After all, it was impossible for even Lil Red.

“The rock walls of this place are extremely solid because they actually possess a very special power. Although that power is not world spirit power, I can attempt to use my world spirit techniques to undo that power,” Chu Feng said.

“It’s the power of the Ancient Era’s Immortal Flowers. The more Ancient Era’s Immortal Flowers there are, the stronger that power will be. As this place contains a lot of Ancient Era’s Immortal Flowers, the power that protects them is also exceptionally strong,” Xian Miaomiao said.

“Leave it to me,” Chu Feng smiled again. Then, he began to set up his spirit formation. Merely, Chu Feng’s action in setting up the spirit formation this time around was somewhat different from the past.

Before Chu Feng began to actually set up his spirit formation, he took out eight banners from his Cosmos Sack. The eight banners all possessed different colors. However, there were runes and symbols drawn on all eight of them. Contained within those runes and symbols was a special power.

Chu Feng inserted the eight banners into the ground around him. Then, using his world spirit power as a string, he linked the eight banners to one another.

Then, he sat down in the center of the eight banners and began to

set up his spirit formation.

Those eight banners were treasures for world spiritists. Chu Feng had obtained them from the possessions of the Avaricious Immortal.

To be honest, if he didn't have those eight banners, it would have been extremely difficult for Chu Feng to break through the defensive power of this place. However, with the eight banners, Chu Feng possessed an eighty percent certainty in being able to break through it.

“Woosh, woosh, woosh~~~”

Chu Feng's hands began to move rapidly and turned into many blurs. At the same time, boundless world spirit power began to fly out from Chu Feng's body like many golden dragons. The golden dragons then entered the spirit formation that Chu Feng was setting up to form a grand spirit formation. Light began to radiate all around. It was a truly imposing sight to behold.

“Beauty, beauty, what is great sir doing? Are those world spirit techniques? Then, could he be a world spiritist?” Lil Red asked Xian Miaomiao curiously. The reason for that was because the spirit formation that Chu Feng was setting up right now was truly shocking to behold.

“That's right. Chu Feng is a world spiritist. Lil Red, you actually know about world spiritists?” Xian Miaomiao looked to Lil Red with a surprised expression. Even though Lil Red, living in this place, was cut off from the rest of the world, it seemed that it knew quite a lot of things.

“Of course. We Royal Spirit Insects are always very hardworking and eager to learn. Furthermore, I am the representative of being hardworking and eager to learn. Thus, I don't know about anything. No, no, no, I meant to say I know about everything.”

“I am extremely intelligent, extremely powerful,” Lil Red raised

its little head proudly.

“Break!”

At that moment, Chu Feng shouted loudly. Then, one of the banners left the spirit formation and, carrying a boundless amount of power, began to fly toward the direction that Chu Feng had pointed at.

“Buzz~~~”

That banner struck the mountain. However, the wall that it struck did not break apart, nor did it explode. Instead, like a spirit, the banner passed through the wall.

At this moment, one could tell with one’s naked eyes that there were layers of power distorting and dissipating within that mountain’s wall.

“Break!”

Chu Feng shouted seven more times in succession. Then, the other seven banners also entered the mountain’s wall.

“Woosh~~~”

Right at that moment, Chu Feng, who had originally been sitting on the ground, suddenly stood up. As he stood up, the enormous spirit formation that was centered on him actually also rose up alongside him.

At that moment, Chu Feng’s long hair was drifting, and his clothes were fluttering. He appeared to be extremely extraordinary and imposing.

“Paa~~~”

Suddenly, Chu Feng clasped his palms together and crossed his fingers. With that, his spirit formation actually shrunk in size and entered his body.

The very next moment, Chu Feng pointed his crossed fingers at the direction where the eight banners had entered.

“Split!”

Once he said that word, a golden light shot out from his fingertips. Like a sharp sword, it pierced into that mountain’s wall.

“Rumble~~~~”

Explosions began to spring up everywhere. Crushed rocks were falling all over the place. That indestructible mountain wall was actually split apart by Chu Feng.

Not only was that mountain wall split apart by Chu Feng, Chu Feng also broke through the power that was protecting the Ancient Era’s Immortal Flowers.

At that moment, the mysterious Ancient Era’s Immortal Flowers appeared before Chu Feng, Xian Miaomiao and Lil Red.

The Ancient Era’s Immortal Flowers look like a lump of mist made of silk.

However, with merely a single glance, Chu Feng could tell that they were an extremely extraordinary sort of Natural Energy.

Like their names, they were truly quintessential treasures. Looking at the Ancient Era’s Immortal Flowers, Chu Feng felt a bit of temptation. If he were to be able to refine all of the Ancient Era’s Immortal Flowers here, he might even be able to reach a breakthrough from rank one Martial Emperor to rank two Martial Emperor.

However, that was merely a thought. Chu Feng would not actually go and refine the Ancient Era’s Immortal Flowers because these Ancient Era’s Immortal Flowers belonged to Xian Miaomiao.

“Wow! Great sir, your world spirit techniques are actually that powerful? You were actually able to even break apart the power of this place?” Lil Red’s mouth was wide open with shock. Disbelief filled its insect face.

As for Xian Miaomiao, she jumped into the mountain cave

happily and began to carefully pick away at those Ancient Era's Immortal Flowers.

Chu Feng did not enter. Instead, he watched as Xian Miaomiao harvested the Ancient Era's Immortal Flowers that she had longed for day and night.

Suddenly, Xian Miaomiao stopped harvesting the Ancient Era's Immortal Flowers. A distressed expression appeared on her previously smiling face.

Seeing that Xian Miaomiao's reaction was strange, Chu Feng stepped forward and asked, "Miaomiao, what's wrong?"

"I can only bring away a portion of the Ancient Era's Immortal Flowers here. The other portion cannot be brought away by me," Xian Miaomiao pointed to the several tens of lumps of Ancient Era's Immortal Flowers in the distant.

"Aiya, they have already dissolved in this place. It's truly a pity," Lil Red also ran over.

Chu Feng also discovered that those Ancient Era's Immortal Flowers had, for some reason, dissolved. To put it in simpler terms, those Ancient Era's Immortal Flowers were already damaged.

For example, if those Ancient Era's Immortal Flowers were fruits, then the ones that could be brought away would be the fruits that were in good condition. As for the ones that could not be brought away, they were the rotten fruits. At that moment, the ones that were rotten were even more numerous than the ones that were in good condition. It was no wonder Xian Miaomiao would have such a distressed expression.

"Miaomiao, although those Ancient Era's Immortal Flowers have already dissolved, I have a way to gather a portion of their energy so that you can refine them right now," Chu Feng said.

"Chu Feng, is what you said for real?" Hearing those words, Xian

Miaomiao immediately became overjoyed. It was as if she had seen a light at the end of a dark tunnel.

“Why would I lie to you?” Chu Feng was afraid that Xian Miaomiao would not trust him. Thus, he began to set up his spirit formation as he spoke. He wanted to gather the dispersed energy of those Ancient Era’s Immortal Flowers so that Xian Miaomiao could refine it.

“But, Chu Feng, there’s a lot of Ancient Era’s Immortal Flowers here. Even if I am to refine them, it would take me some time. As this place is currently dangerous, are you sure...?” Seeing that Chu Feng had begun to set up his spirit formation, Xian Miaomiao was both moved and worried.

“It’s alright. Be at ease, and just start refining them. I will guard this place. I guarantee you that no one will disturb you before you finish refining all of the Ancient Era’s Immortal Flowers,” Chu Feng said with a beaming smile.

Seeing the smile on Chu Feng’s face, Xian Miaomiao’s face grew stiff. She was moved, and felt a warm feeling running through her heart. However, that warm feeling caused her nose to stuff up slightly.

Chapter 1922 – Lil Red's Past

“Chu Feng, with how good you are to me, I... I truly do not know how to repay you,” Xian Miaomiao was extremely grateful to Chu Feng. Although she was feeling as if her body was covered with warmth, her starry, beautiful eyes were actually glistening with specks of tears.

“How about you devote yourself to me so that I can become your Ancient Era's Elves' son-in-law?” Chu Feng said jokingly.

Originally, Xian Miaomiao was very grateful toward Chu Feng. However, upon hearing what Chu Feng said, she curled her little lips and said, “Sure. However, it won't be me. Instead, I'll marry my big sister to you.”

“If it's your sister, then we can forget about it. I am not fond of older women,” Chu Feng said.

“You actually dare to turn your back on my big sister? Watch as I tell her about it,” Xian Miaomiao said.

“Don't, don't, don't. Take into consideration that I've helped you and spare me once,” Chu Feng said.

“Fine. I'll take into consideration the effort you've put into helping me and spare you this one time,” Xian Miaomiao placed her hands on her hips and spoke with a very haughty attitude. However, she soon seemed to have recalled something. With a very serious expression, she said to Chu Feng, “Let's be serious. Chu Feng, I will not have you help me in vain. In the future, I will also help you.”

“It's okay, don't continue acting this way with me. This doesn't resemble your character.”

“No matter what, I am your good friend that has been stabbed twice by you. Is there a need for you to distinguish things this thoroughly?” Chu Feng said in a slightly annoyed manner. He

knew that Xian Miaomiao was grateful to him. However, it remained that he had helped her without the intention of reciprocation. Thus, he was not fond of Xian Miaomiao acting like this.

“Okay then. Since you do not like the emotional and corny me, I’ll stab you twice again,” Seeing that Chu Feng was actually very disapproving of her behavior, Xian Miaomiao revealed a vile smile. Then, she passed her little hands through Chu Feng’s Blood Devouring Armor to tickle him.

“Hey, hey, hey, stop fooling around,” Sensing the two soft and smooth hands touching his skin, Chu Feng immediately started to lose his cool.

“Hahaha, never would I expect that a grand Dragon Mark Royal-cloak World Spiritist would be ticklish too,” Xian Miaomiao had a complacent expression on her face.

“I’m not ticklish. Merely, I’m afraid that you’ll get a reaction from me. If by chance I am unable to contain myself, I might finish you on the spot,” Chu Feng said.

“Finish me on the spot?” Xian Miaomiao’s beautiful eyes were flickering nonstop. Originally, she was slightly confused as to what Chu Feng meant by that. However, soon, her little face grew red and she shouted at Chu Feng, “Damned rogue!” Then, she swaggered off.

At that time, the vile and shameless Lil Red asked with a puzzled expression, “Hey, hey, hey, beauty, why is great sir a rogue? He clearly didn’t do anything to you, and it was you who was teasing him. Even if it’s harassment, shouldn’t the harasser be you?”

“I... I... I...” Being questioned in such a way by Lil Red, Xian Miaomiao wanted to explain. However, after thinking for a long time, she was unable to think of a way to explain herself.

Thus, Xian Miaomiao’s face grew redder and redder. In the end,

she actually grabbed Lil Red and started to pull on Lil Red while shouting, “Lil Red, you insolent thing! You actually dared to speak on his behalf. Do you want to live or not?”

“Aiyayayaya, beauty, spare me. I am with you.”

“Then why did you speak for him?”

“I was merely telling the truth. I was just being impartial.”

“I’ll let you continue to be impartial. I’ll let you continue to speak the truth.”

“Aiyayaya, I was wrong. Stop pulling me. I am not a rubber band. Ahhh~~~ Ohh~~~ Noo~~~”

.....

.....

.....

After Chu Feng gathered the dispersed energies, Xian Miaomiao did not waste any time. She immediately entered a serious state and began to refine the Ancient Era’s Immortal Flowers’ energies.

As for Chu Feng and Lil Red, they arrived outside of the cave. In order to guard against the unexpected, Chu Feng spent half a day setting up a very powerful concealing formation to conceal Xian Miaomiao and the Ancient Era’s Immortal Flowers in the cave.

It was as Xian Miaomiao had said. The people from the Dark Hall were planning to do vile things inside the Blood Devouring Killing Formation. As such, this place was indeed extremely dangerous.

However, precisely because it was dangerous, Chu Feng had to be extra cautious. Since he had promised the Elf King that he would take care of Xian Miaomiao, he must do so properly. Even if something were to happen to him, he must not allow anything to happen to Xian Miaomiao.

“Great sir, how come your world spirit techniques are so powerful? They’re simply omnipotent,” Lil Red was sitting beside

Chu Feng and praising him nonstop.

“Lil Red, are you trying to flatter me?” Chu Feng asked with a smile. He knew that Lil Red was extremely quick-witted.

Furthermore, after the series of things that had happened earlier, Lil Red seemed to no longer be on guard against Chu Feng and Xian Miaomiao. Instead, Lil Red was determined to befriend the two of them.

“Of course not, of course not. I was merely speaking the truth,” As Lil Red said those words, its face actually grew red from embarrassment. Even though it possessed the appearance of an insect, its expressions were extremely abundant.

“Lil Red, do you wish to go to the Holy Land of Martialism to check out the monstrous beasts and spirit beasts, the sea and the mountains?” Chu Feng asked. He was able to tell that Lil Red longed for the outside world.

“I do, I do. Great sir, are you capable of taking me there?” Sure enough, after hearing what Chu Feng said, Lil Red became extremely excited.

“Of course I can. Miaomiao is currently your master, and I am Miaomiao’s good friend. As such, we are close friends, we are family.”

“If you have any desires, you can tell them to Miaomiao and I. We will do our best to help you achieve them.”

Chu Feng was speaking his true feelings. Although he had not known Lil Red for long, Chu Feng possessed deep sympathy for Lil Red, as its clan had been exterminated. As such, he did not wish for Lil Red to grieve too much, and wanted to help the little fellow walk out from the haze.

As for the best method of doing so, it would be having a family to love and take care of.

“Wuu~~~”

“I’m sorry, I’m sorry,” To Chu Feng’s surprise, after hearing what Chu Feng said, Lil Red actually started crying.

“Lil Red, what’s wrong?” Seeing that, Chu Feng hurriedly and carefully held Lil Red in his hand.

“Great sir is truly good to me. Yet, I cursed and insulted great sir before. I called great sir my grandson, an idiot and a pig. Lil Red is truly sorry,” Lil Red said with guilt.

“Haha, so it was actually that. Didn’t I also curse and insult you? Didn’t I also beat you up? However, it could be said that we only became friends after fighting. As such, I will not blame you and you should not blame me either,” Chu Feng said.

“Of course, of course. Great sir has treated me better than my father and mother. I will consider great sir as my relative,” Lil Red said.

“What? Your clansmen didn’t treat you well?” Hearing those word, Chu Feng seemed to have realized something.

Then, Lil Red opened its heart and began to tell Chu Feng many things about itself.

Even though Lil Red cared deeply about its clansmen, its clansmen had actually not been good to her. Even its so-called mother and father had only treated her like a slave.

The Royal Spirit Insects would never separate from one another. Regardless of whether they were searching for food or doing something, they all moved collectively, and never moved alone.

However, Lil Red had always been out by itself. The reason for that was because it had been pushed aside by the others. Strictly speaking, the Royal Spirit Insects simply never considered it to be their clansman.

Chapter 1923 – YinYang Immortal

Lil Red did not know why her clansmen treated her so badly. Furthermore, she was also very perplexed because she was indeed somewhat special when compared to her clansmen.

For example, her speed was something that none of her clansmen possessed. She was capable of passing through the energies that protected the Ancient Era's Immortal Flowers, whereas the rest of her clansmen were unable to do so.

In the same manner, her clansmen possessed cultivations, whereas Lil Red did not. Even though Lil Red possessed a speed that even her clan chief could not catch up to, she did not possess any cultivation.

After hearing what Lil Red said, the gaze with which Chu Feng looked to Lil Red became even more amiable. He felt that he wanted to protect Lil Red from the bottom of his heart. This was the feeling of being close to one another, being family.

The reason for that was because Lil Red's experiences resembled his own enormously. The only difference was that back when Chu Feng was in the Chu Family, he, at the very least, still possessed an adoptive father, an older brother, and his older sister Chu Yue, who were very good to him.

As for Lil Red, she simply didn't possess anyone that was good to her. Even her so-called parents had only been using her.

Thus, compared to Chu Feng from back then, Lil Red was even more pitiful. However, even though the Royal Spirit Insects treated Lil Red that badly, Lil Red still felt enormous affection toward them, and even wanted to die alongside them in order to avenge them.

This made Chu Feng feel that even though Lil Red possessed a very shameless and despicable personality, she was actually very

loyal and true.

After he finished listening to Lil Red's story, Chu Feng suddenly said, "Lil Red, I'm going to tell you something that might make you feel sad. However, I must still say it."

"Great sir, go ahead and say what you want to say. My endurance is extremely strong. After all, I have grown up being bullied," Lil Red said with a beaming smile. Her two little black eyes narrowed into two little crescents. Looking at it, although she was ugly in appearance, she appeared to be quite adorable at that time.

"In my opinion, you are not a Royal Spirit Insect. It is precisely because you are not a Royal Spirit Insect that you were pushed aside by your clansmen," Chu Feng said.

"Ah? Great sir, why do you say that?" Lil Red was surprised to hear what Chu Feng said. Evidently, she had never thought about that.

However, this cannot be blamed on her. After all, there were only two living creatures in the Blood Devouring Killing Formation. The first was the Blood Devouring Insects. They were creatures that only possessed a low level of intelligence. As for the other one, they were the Royal Spirit Insects.

Although Lil Red was special, her appearance greatly resembled that of Royal Spirit Insects. As such, she would naturally believe that she was a Royal Spirit Insect without the slightest bit of doubt.

However, Chu Feng believed that Lil Red was most definitely not a Royal Spirit Insect. Thus, he said, "Didn't you mention all the differences that you had with your clansmen and that, other than you, all of the rest of your clansmen were the same? That is sufficient to illustrate that you are not a Royal Spirit Insect."

"Then what am I?" Lil Red asked. It did not feel sadness. Instead, it merely wanted to know exactly what it was.

“I am unable to ascertain what you are. However, you should be very powerful, much more powerful than Royal Spirit Insects,” Chu Feng said,

The reason Chu Feng said those words was because he wanted Lil Red to know that she was not a Royal Spirit Insect. As the Royal Spirit Insects had treated Lil Red badly, this would also alleviate some of the pain Lil Red was feeling from their deaths.

“Really?” Sure enough, after hearing what Chu Feng said, Lil Red immediately became spirited, and was no longer as depressed.

“Even though Lil Red is a big liar, I am not a liar,” Chu Feng said with a smile.

“Great sir, Lil Red will never lie to you again,” Lil Red said with a serious expression.

“You must keep your word then,” Chu Feng said.

“[Pinky swear](#),” Lil Red raised its little tail and actually wanted to pinky swear with Chu Feng.

Chu Feng extended his finger with a smile on his face and pinky swore with Lil Red’s tail.

Time passed rapidly. In the blink of an eye, three days time had passed. Over the course of those three days, Chu Feng could be said to... have been on edge the entire time.

The reason for that was because even if the people from the Dark Hall did not find them, the Ancient Era’s ferocious beasts could be released at any moment. If the Ancient Era’s ferocious beasts were released, Chu Feng and the others would enter a crisis. After all, those were a bunch of beasts from the Ancient Era that only knew about killing.

Fortunately, there was Lil Red, this mischievous thing, with him. Lil Red had eased the tension of Chu Feng’s nervous mind greatly.

“Buzz~~~”

Right at that moment, space itself suddenly started to tremble. The enormous trees that reached the skies in the distance also started to sway back and forth violently.

All of a sudden, a very dangerous aura suddenly appeared out of nowhere. Chu Feng sensed that the situation was bad, and immediately held Lil Red in his hand. Then, with a nervous expression, he looked to the area ahead of him and shouted, “Who is it?!”

“Tsk, tsk, tsk, tsk, and this old man was wondering who it was that actually killed my ten talented subordinates. Turns out it was actually you, little friend Chu Feng,” Right at that moment, a figure appeared out of thin air.

Upon seeing this person, Chu Feng immediately started to frown, and revealed an uneasy expression.

The reason for that was because this person was precisely the old man with the [black and white hair](#) that had tried to kill him back at the Ximen Imperial Clan.

“You are the YinYang Immortal?” Chu Feng asked.

“So you’ve managed to guess my identity?” The YinYang Immortal smiled strangely. He did not deny that he was the YinYang Immortal.

He began to carefully size Chu Feng up again. Then, he revealed an astonished expression and said, “You’ve become an actual rank one Martial Emperor now? I must admit, Chu Feng, you are truly a talent.”

“I am truly reluctant to kill a talent like you. Yet, you have insisted on becoming an enemy of our Dark Hall. As such, I must kill you.”

“It is not I who insisted on becoming enemies with your Dark Hall. Instead, it is your Dark Hall that decided to oppose me in all aspects,” Chu Feng said.

“Clearly a turtle in a jar, yet you still dare to act this arrogant?”

“Chu Feng, could it be that you think that you will be able to contend against this old man as a rank one Martial Emperor?” After saying those words, the YinYang Immortal’s eyes immediately shone with coldness. A boundless oppressive might swept toward Chu Feng. Instantly, his oppressive might covered the entire region.

“Zzzzzzz~”

Chu Feng immediately unleashed his Thunder Armor and Thunder Wings to increase his cultivation to rank three Martial Emperor. Faced with the YinYang Immortal’s oppressive might, Chu Feng was forced back repeatedly.

A rank six Martial Emperor was truly too powerful. If Chu Feng were to truly fight against the YinYang Immortal, he would definitely not be able to defeat him.

“YinYang Immortal, as an Immortal, why did you decide to work for the Dark Hall? Exactly what benefits are there for you?” Chu Feng asked loudly.

“Benefits? Did you think that obtaining stronger power and being able to live for even longer are not benefits?” The YinYang Immortal said.

“Exactly who is the Dark Hall’s Hall Master, and what is he planning to do?” Chu Feng asked.

“Haha... you’re already at such a state, yet you still want to obtain answers from me?”

“Little friend Chu Feng, you are truly underestimating this old man. You should know that you are not even qualified to speak with me right now. The reason for that is because your little life is already in this old man’s grasp.”

As the YinYang Immortal spoke, thunder exploded in the sky above, and black clouds began to surge, covering the earth in pitch

blackness. At the same time, his fatal oppressive might grew even more powerful. From that oppressive might, Chu Feng felt a very strong aura of death.

At this moment, Chu Feng clenched his fists tightly. He could not resign himself to fate. Even though he knew that he was no match for the YinYang Immortal, he must still give his all to fight.

If he were to fight, there would still be hope. If he didn't fight, he would undoubtedly be killed.

"Sure enough, you're really weak," Seeing Chu Feng, who was shivering after being engulfed by his oppressive might, the YinYang Immortal revealed a very complacent gaze.

Pinky swear basically means 'pulling hooks,' in chinese. So... it doesn't especially means pinky but is generally used with pinky.

There we go, he's called YinYang Immortal because he has black and white hair. Most likely split down into two colors from the middle.

Chapter 1924 – Confrontation Of World Spirit Techniques

“However, if I am to kill you just like this, it would truly be too boring. I’ll give you a chance,” The YinYang Immortal suddenly removed his overwhelming oppressive might and spoke with a beaming smile.

“What do you want?” Chu Feng asked.

“Compete with me with world spirit techniques. If you are to be able to defeat me, I will release you. If you are to lose, your life will be mine to take care of. What do you think?” The YinYang Immortal said.

“What do you want to compete in?” Chu Feng asked.

“Very simple,” As the YinYang Immortal spoke, he waved his sleeve. Then, an item flew out from his sleeve and landed on his palm.

That item was the size of his palm, with a shape similar to that of a lotus and completely transparent. If one did not carefully look at it, one would simply not be able to see it. Even if one were to carefully look at it, it would still only resemble a strange but ordinary-looking plant.

However, after Chu Feng saw that thing, his eyes immediately started to shine with surprise. The reason for that was because not only was that lotus flower alive, it also possessed awareness. Chu Feng was able to see a pair of eyes on that lotus flower. Its eyes were looking all over the place before finally landing on Chu Feng. It was sizing Chu Feng up.

“Spirit Formation Flawfinder Flower,” Chu Feng said.

What the YinYang Immortal held in his hand was indeed the Spirit Formation Flawfinder Flower. Chu Feng had come to know of it from the Nine Spirits Divine Diagram.

Spirit Formation Flawfinder Flowers were a sort of special living organism. They were formed with special flowers and world spirit techniques. In other words, they were special life forms created by world spiritists.

Spirit Formation Flawfinder Flowers possessed a special effect. That was, that they were capable of helping world spiritists find loopholes and flaws in world spirit formations. Of course, how many flaws and loopholes it could find would depend on the power of the Spirit Formation Flawfinder Flower.

For example, if a spirit formation was set up by an Immortal-cloak World Spiritist, and the Spirit Formation Flawfinder Flower was created by a Royal-cloak World Spiritist, that Spirit Formation Flawfinder Flower would definitely not be able to find any flaws with the spirit formation. After all, there was too enormous of a difference in power.

If both the person who made the spirit formation and the Spirit Formation Flawfinder Flower were created by Royal-cloak World Spiritists, then it would depend on the strength of the Royal-cloak World Spiritist's world spirit techniques.

As Chu Feng was uncertain of the strength of the YinYang Immortal's world spirit techniques, he was unable to ascertain how strong the Spirit Formation Flawfinder Flower was.

That said, Chu Feng was still extremely shocked that the YinYang Immortal had actually managed to refine a Spirit Formation Flawfinder Flower.

The reason for that was because Chu Feng knew very well that Spirit Formation Flawfinder Flowers were very difficult to refine. Even the current Chu Feng did not possess absolute confidence in being able to refine a Spirit Formation Flawfinder Flower.

"Not bad, you have quite the knowledge to be able to recognize this Spirit Formation Flawfinder Flower right away," Seeing Chu Feng's shocked expression, the YinYang Immortal revealed an

even more complacent gaze.

“Chu Feng, since you recognize this Spirit Formation Flawfinder Flower, you should be able to know of its usage.”

“However, you most definitely do not know that the Spirit Formation Flawfinder Flowers are actually capable of releasing different colored lights based on the strength of the world spirit formation they encounter. In other words, the Spirit Formation Flawfinder Flowers are able to determine how powerful a spirit formation is.”

“The two of us shall set up spirit formations at the same time. The time limit is two hours. After that, we will have this Spirit Formation Flawfinder Flower distinguish whose spirit formation is stronger. The person with the stronger spirit formation shall be the victor. What do you think?” The YinYang Immortal purposed.

“I have no objection to this proposal,” Chu Feng said.

“Good. Let’s begin then,” the YinYang Immortal smiled confidently. Then, he waved his sleeve and many blurs began to appear. He had begun to set up his spirit formation.

As for Chu Feng, he hurriedly sat down in a cross-legged position, unleashed his world spirit power, and began to earnestly set up his spirit formation.

His opponent was the YinYang Immortal, and not someone of the Avaricious Immortal or the White-browed Immortal’s level. As such, Chu Feng had to compete against him seriously. In fact, he had to go all out.

The two men were both extremely masterful with their world spirit techniques. It could be said that their world spirit techniques were both exquisite and profound. Merely, the world spirit techniques that the two men were setting up were completely different.

The spirit formation that the YinYang Immortal was setting up

was neither an offensive nor a defensive formation. Instead, it was merely a spirit formation that was being set up for the sake of quality.

His spirit formation could be said to have no practical usage at all. However, its quality was extremely high. It was a spirit formation that was more akin to a work of art.

To be exact, the YinYang Immortal was not using his world spirit techniques to set up a spirit formation. Rather, he was using his world spirit techniques to create a work of art.

As for Chu Feng, the spirit formation that he was setting up was a slaughtering formation. However, his slaughtering formation was concealed. At least, if one were to look at it, one would not be able to tell that it was a slaughtering formation.

Chu Feng was setting up a slaughtering formation because he was distrustful of the YinYang Immortal. As such, he could not afford to waste any of the time given to him, especially when that time was as long as two hours. As such, he had to use these two hours to create something of use to him.

However, that was not something simple to do, especially when trying to conceal it from the YinYang Immortal, a fellow Dragon Mark Royal-cloak World Spiritist. In order to accomplish that, he needed to set up an extremely superb spirit formation. As such, the spirit formation that Chu Feng was setting up was also of an extremely high quality.

Two hours passed quickly. At that moment, the spirit formations the two men were setting up were both completed.

The two men used the same amount of time to set up their spirit formations; just right at the two hour mark.

This revealed that the two men both possessed a very strong concept of time. On the other hand, this also revealed how excellent their world spirit techniques were, to be able to perfectly

set up their spirit formations without wasting a single second, and without using a second more than the allotted time.

As for the two spirit formations, the YinYang Immortal's spirit formation was three feet wide and three feet tall. It looked like a flower vase that shone with brilliant brightness. It gave off an air of excellence. It was truly a work of art. If one were to auction it away, it would definitely fetch an extremely high price.

As for the spirit formation that Chu Feng had set up, it was five meters tall, two meters wide and looked like an enormous water vat. However, carved on the water vat were dragons and phoenixes. It was truly refined and exquisite. Like the YinYang Immortal's flower vase, it too was a work of art.

"You've got some skills," The YinYang Immortal sized up Chu Feng's spirit formation and nodded his head in admiration. However, the confidence in his eyes did not decrease in the slightest. The way he saw it, although Chu Feng's spirit formation was very amazing, it was truly lacking when compared to his own.

"However, it will be up to it to determine whether or not you can win against me," As the YinYang Immortal spoke, he placed the Spirit Formation Flawfinder Flower onto his own spirit formation.

"Papapapa~~~~"

Right after the Spirit Formation Flawfinder Flower touched the YinYang Immortal's spirit formation, its many petals immediately slapped onto the spirit formation like suction pads.

The next moment, the Spirit Formation Flawfinder Flower started to shine with very dazzling light. That light was so dazzling that it overshadowed the YinYang Immortal's spirit formation.

Furthermore, from within the dazzling light appeared white clouds, blue skies and all sorts of beautiful illusions. It was truly a dazzling sight of beauty and aesthetics that could only be described with the word 'perfection.'

Seeing that, Chu Feng nodded his head in admiration. The YinYang Immortal's proficiency with world spirit techniques was truly strong. At the very least, he was someone that the Avaricious Immortal could not possibly compare with. In fact, his world spirit techniques surpassed even those of the Compass Immortal.

"Humph," Seeing that Chu Feng was nodding, the YinYang Immortal snorted lightly in complacency. That was his true strength, something that was capable of startling the people of the world and causing other world spiritists to feel themselves to be inferior and worthless.

"Snap~~~"

Right at that moment, the spirit formation which the YinYang Immortal had set up actually uttered a sharp and crisp shattering sound.

It sounded like a flower vase being smashed to bits.

At that moment, the expression of the YinYang Immortal changed to one of great shock.

As for Chu Feng, he smiled slightly.

Chu Feng knew that the location which the shattering sound originated from was the flaw, the weak point, in the YinYang Immortal's spirit formation.

Even though the spirit formation that the YinYang Immortal had set up was very exceptional, that Spirit Formation Flawfinder Flower still managed to find a flaw in it.

Chapter 1925 – Going Back On One’s Word

After discovering the flaw, the Spirit Formation Flawfinder Flower, as if it had completed its mission, began to hop back to the YinYang Immortal. From its appearance, it could be seen that the Spirit Formation Flawfinder Flower was extremely happy. Its appearance was like a pet awaiting its master’s praise after accomplishing the task its master had given it.

However, the YinYang Immortal was not happy at all. For his own Spirit Formation Flawfinder Flower to find a flaw in his own spirit formation was akin to him slapping himself. This caused him to feel extremely displeased.

Thus, he grabbed the Spirit Formation Flawfinder Flower ferociously. He did so with so much strength that the Spirit Formation Flawfinder Flower uttered a ‘jii’ sound.

“YinYang Immortal, it would seem that your world spirit formation is not perfect. Otherwise, your Spirit Formation Flawfinder Flower would not have found a flaw with your spirit formation.”

“However, that sufficiently illustrates how powerful your Spirit Formation Flawfinder Flower is. I feel that even if you are angry, you shouldn’t vent your anger on it,” Chu Feng said.

“Humph, the Spirit Formation Flawfinder Flower created by me would naturally be very powerful. There is no need for you to tell me that.”

“As for my spirit formation, humph, there is no perfection in anything in this world. My spirit formation only possessed a single flaw. This is already sufficient to show the high quality of my spirit formation,” YinYang Immortal said.

“Is that so?” Chu Feng asked. His question was filled with mockery.

“Chu Feng, since you are a part of the younger generation, I will not make things difficult on you.”

“If your spirit formation also only possess a single flaw, and the Spirit Formation Flawfinder Flower is to emit the same brilliance as it did with my formation, I will consider it your win,” YinYang Immortal said.

“Very well, come and judge my spirit formation then,” As Chu Feng spoke, he stretched out his hand and deliberately pushed the spirit formation he had set up toward the YinYang Immortal.

As for the YinYang Immortal, he waved his sleeve and threw the Spirit Formation Flawfinder Flower onto Chu Feng’s spirit formation.

His movements were extremely rough. It could be seen he still possessed a deep grudge toward the Spirit Formation Flawfinder Flower.

“Buzz~~~”

Right after the Spirit Formation Flawfinder Flower touched Chu Feng’s spirit formation, it immediately started to shine with light. The light was so dazzling that it was like a small-scale sun had been born in its place, illuminating everything.

Furthermore, not only did the blue sky and white clouds appear within that dazzling light, there was also a rainbow. It had revealed one more item when compared to the YinYang Immortal’s spirit formation.

“This...”

At that moment, the YinYang Immortal’s eyes were wide open. He was deeply shocked.

In fact, he was speechless. The reason for that was because the light emitted by the Spirit Formation Flawfinder Flower once it was placed on Chu Feng’s spirit formation surpassed his own. Furthermore, there was an extra rainbow. This meant that the

quality of Chu Feng's spirit formation surpassed his own.

Even though that was the case, he still perked his ears and fixed his eyes on Chu Feng's spirit formation. The YinYang Immortal was waiting for the sound of Chu Feng's spirit formation shattering. He was waiting to see the appearance of a flaw in Chu Feng's spirit formation.

However, the result was to his disappointment. His Spirit Formation Flawfinder Flower separated itself from Chu Feng's spirit formation without being able to find any flaw in it. This meant that the spirit formation that Chu Feng had set up possessed no flaws at all.

Or, at the very least, his Spirit Formation Flawfinder Flower was incapable of finding a flaw with Chu Feng's spirit formation.

“Damn it!”

At that moment, the YinYang Immortal's gaze changed once again, and he even uttered a shout in anger that caused even heaven and earth to tremble. In fact, many of the surrounding trees even split apart from his voice. From this, it could be seen how furious the YinYang Immortal was.

It was not only him, even Chu Feng was stunned. The reason for that was because, after the Spirit Formation Flawfinder Flower removed itself from his spirit formation, it did not return to the YinYang Immortal. Instead, it flew toward Chu Feng.

Furthermore, after it approached Chu Feng, it jumped onto Chu Feng's body in a very intimate manner.

At that moment, Chu Feng felt very awkward.

The reason for that was because this sort of situation could be understood with a single glance. Due to the fact that Chu Feng possessed superb world spirit techniques, the Spirit Formation Flawfinder Flower had actually betrayed the YinYang Immortal and chosen Chu Feng to be its new master.

That said, the little fellow was quite adorable. Even though it was incapable of speaking, it did possess intelligence.

“Bastard!”

The YinYang Immortal shouted in anger. Then, he extended his hand and made a grabbing motion. The Spirit Formation Flawfinder Flower was grasped by his power. Then, with a clench and a ‘puu’ sound, he actually crushed the Spirit Formation Flawfinder Flower into pieces.

He had killed his own Spirit Formation Flawfinder Flower.

Seeing that, Chu Feng narrowed his eyebrows, and coldness shone through his eyes. He said, “No matter what, it is a life. Is there a need for you to be that ruthless?”

“It is mine. If I want to kill it, then it dies. Those who are disloyal to me die,” the YinYang Immortal said coldly. He did not feel any trace of guilt for killing his Spirit Formation Flawfinder Flower.

“In that case, you are not planning to abide by your promise, right?” Chu Feng asked with a cold voice. He had already sensed that the YinYang Immortal would not honor his promise.

Even though the YinYang Immortal had been defeated, he did not plan to let Chu Feng escape.

“Hahahaha...” Sure enough, the YinYang Immortal burst into loud laughter. His laughter was exceptionally gloomy and cold; it caused the entire region to be filled with chilliness, and the surrounding plants to have a layer of frost covering them.

“Chu Feng, you are talented. Looking at it from the viewpoint of the Dark Hall, I should not kill you, and should instead make an enormous effort to invite you to join our Dark Hall.”

“However, when looking at things from my own viewpoint, someone like you absolutely cannot be allowed to join the Dark Hall, for there will absolutely be no benefits to me.”

“As such, you must die. However... if you are willing to hand that insect in your hand to me, I can leave you an intact corpse,” The YinYang Immortal said.

“Sure enough, you’ve come for Lil Red. If I’m not mistaken, you found me by tracking Lil Red’s aura, isn’t that right?” Chu Feng said.

“You’re right. The auras of the people from my Dark Hall were left on that little fellow. Merely, only I am able to detect that aura, whereas you are not,” The YinYang Immortal said.

“You’re right. I am indeed unable to detect that aura that you spoke of. However...” As Chu Feng spoke, he stroked Lil Red with his hand. Then, he raised his head and added, “Even you are unable to detect it now,” After Chu Feng finished saying those words, he hid Lil Red in his sleeve.

At that moment, the reddened eyes of the YinYang Immortal became even more murderous. The reason for that was because the aura on Lil Red’s body had disappeared. Chu Feng had erased it.

Even though Chu Feng was unable to detect the aura left on Lil Red’s body, he was able to completely remove it with some sort of technique.

“It would seem that you do not plan to die with your corpse intact,” The YinYang Immortal said coldly.

“That would depend on whether or not you are capable of killing me,” Chu Feng smiled slightly. Then, coldness shone through his eyes. “Boom!” His spirit formation that was only several meters away from the YinYang Immortal suddenly exploded.

After that spirit formation exploded, a myriad of sharp blades shot out from it. They were all aimed at the YinYang Immortal.

At the same time, waves of powerful oppressive might began to engulf the YinYang Immortal, forcing even him to fall back repeatedly.

Chapter 1926 – To Attack First

Chu Feng's slaughtering formation was a success. Even though he was unable to instantly kill the YinYang Immortal, or even injure him, he was able to hinder him.

At that moment, Chu Feng was completely capable of escaping. However, Chu Feng did not escape. The reason for that was because Xian Miaomiao was still here. Chu Feng could not abandon her.

Thus, not only did Chu Feng not escape, he instead unleashed his Azure Dragon, White Tiger, Vermillion Bird and Black Tortoise, his Four Great Supreme Secret Skills.

“Roar~~~~”

The Azure Dragon Dashing Technique.

The White Tiger Slaughtering Technique.

The Vermillion Bird Revival Technique.

The Black Tortoise Armor Technique.

At that moment, Chu Feng did not try to conceal his Four Great Supreme Secret Skills in the slightest. Taking on the form of giant beasts, they appeared around Chu Feng. It was as if there were four Divine Beasts protecting Chu Feng.

With the increase in Chu Feng's cultivation, the strength of the Four Great Supreme Secret Skills had also increased. Furthermore, as Chu Feng had fully unleashed them, their true might was released. They emitted overwhelming dominance and exceptionally dreadful might.

“This...”

“You...”

After seeing Chu Feng's Four Great Supreme Secret Skills, the YinYang Immortal's eyes were filled with astonishment. He was so

shocked that he became speechless.

“Those seem to be Emperor Qing’s four guardian beasts. Why do you have them? Could it be... you are Emperor Qing’s successor?” After a long while, the YinYang Immortal asked with a voice filled with shock.

The reason for that was because this was absolutely not a small matter.

Emperor Qing was the strongest of the Five Emperors, the Five Overlords. Countless people wanted to obtain his inheritance. Yet, they were simply incapable of finding any clues leading to him. Emperor Qing was like a mystery.

And now, the four guardian beasts that accompanied Emperor Qing during his domineering days had actually appeared beside Chu Feng.

Even though the four guardian beasts surrounding Chu Feng did not possess actual bodies, and were instead in the form of secret skills, that only made things even more shocking. For this meant that Chu Feng had obtained Emperor Qing’s inheritance.

Furthermore, this also meant that Chu Feng knew about the secrets regarding Emperor Qing. At that moment, the YinYang Immortal seemed to realized why Chu Feng was so powerful. It was all because of Emperor Qing. Chu Feng was Emperor Qing’s successor.

“You currently do not have... the qualifications to ask me questions.”

“Roar~~~”

Suddenly, Chu Feng unleashed his attack. With the power of the Four Great Supreme Secret Skills, the perfect combination of offense, defense, speed and healing, Chu Feng took the initiative to attack the YinYang Immortal.

“A mere rank three Martial Emperor, what makes you think you

can defeat me? All that you possess shall be mine.”

The YinYang Immortal snorted disdainfully. His voice was filled with greed.

Emperor Qing’s inheritance was something that countless people yearned for day and night. And now, that inheritance had been placed right before him. Just thinking about it caused the YinYang Immortal to feel exceptionally excited.

At the same time he spoke those words, the YinYang Immortal’s hands began to move nonstop. He was clawing his hands at Chu Feng wildly.

“Woosh, woosh, woosh~~~”

In an instant, martial power began to surge. Then, several golden-bright and dazzling large hands, like eagle claws, shot toward Chu Feng. From their appearance, it seemed as if they were simply planning to tear Chu Feng to pieces.

What the YinYang Immortal used was no ordinary attack. Instead, he had used a martial skill. Even though it was only a rank nine martial skill, it was still extremely powerful. After all, the person who had unleashed that rank nine martial skill was the YinYang Immortal, a rank six Martial Emperor.

The YinYang Immortal felt that a rank nine martial skill was more than sufficient to kill a Martial Emperor of Chu Feng’s level on the spot.

However, Chu Feng shot forth his hands explosively. Then, his White Tiger Slaughtering Technique advanced bravely. Following a roar, the White Tiger Slaughtering Technique completely shattered the YinYang Immortal’s rank nine martial skill.

Yes, the YinYang Immortal’s rank nine martial skill was destroyed with only a roar.

The very next moment, Chu Feng relied on the Azure Dragon Dashing Technique’s astonishing speed to arrive before the

YinYang Immortal. Then, using the White Tiger Slaughtering Technique as his main offensive method, the Azure Dragon Dashing Technique and the Black Tortoise Armor Technique as his defensive methods and the Vermillion Bird Revival Technique for support, he began to attack the YinYang Immortal nonstop.

“How could this be? You... you... you actually possess a heaven-defying battle power capable of surmounting five levels of cultivation?”

At that moment, the YinYang Immortal was filled with astonishment. He had already realized that Chu Feng’s battle power was no longer only capable of surmounting four levels of cultivation. Instead, it had become capable of surmounting five levels of cultivation.

In other words, Chu Feng’s battle power was two entire levels higher than that of ordinary Martial Emperors.

Although Chu Feng’s cultivation was only that of a rank three Martial Emperor after using his Thunder Armor and Thunder Wings, and although rank three Martial Emperors would absolutely be no match for rank six Martial Emperors due to the three level difference, ordinary Martial Emperors only possessed a heaven-defying battle power capable of surmounting three levels of cultivation.

Yet, Chu Feng possessed a heaven-defying battle power capable of surmounting five levels of cultivation. In other words, when compared to ordinary Martial Emperors, Chu Feng possessed a heaven-defying battle power that could provide him with the strength of two additional levels of cultivation.

Adding on those two additional levels of cultivation, Chu Feng’s actual strength was on par with rank five Martial Emperors.

In other words, although the YinYang Immortal was a rank six Martial Emperor, the actual difference between him and Chu Feng was only a single level of cultivation.

“It would seem that you absolutely cannot be left alive,” After experiencing that overwhelming astonishment, the YinYang Immortal revealed an even stronger killing intent.

After Chu Feng sensed his even stronger killing intent, he flipped his palm and revealed the Heavenly Immortal Sword in his hand. With the appearance of the Incomplete Imperial Armament, Chu Feng’s battle power surged once again. That said, what was most frightening would be Chu Feng’s superb sword technique.

“Woosh, woosh, woosh, woosh~~~”

In Chu Feng’s hand, the Heavenly Immortal Sword turned into an outstanding killing instrument. The sword rays that it shot forth not only sliced through the air, they even sliced through space itself.

Furthermore, Chu Feng’s speed was astonishingly fast and simply impossible to guard against. At that moment, the YinYang Immortal, a rank six Martial Emperor, was actually being suppressed by Chu Feng, a rank three Martial Emperor.

Chu Feng knew that it would be practically impossible for him to kill the YinYang Immortal. However, he had to stall for time so that Xian Miaomiao could finish refining the Ancient Era’s Immortal Flowers. He would then escape with Xian Miaomiao.

However, in order to stall for time, he had to suppress the YinYang Immortal. Chu Feng was taking advantage of the fact that the YinYang Immortal had yet to go all-out to go all-out himself and suppress the YinYang Immortal and not allow him the chance to unleash his full power.

In other words, he was trying to gain the initiative by striking first!!!

“Boy, your techniques are quite amazing. However, don’t you look down on this old man,” the YinYang Immortal shouted loudly. Then, a vast oppressive might began to sweep forth from

his body. His oppressive might actually managed to beat Chu Feng back.

The YinYang Immortal's strength increased enormously. At that time, a water-green rod appeared in his hand. Runes and symbols were flowing through the rod, and the rod itself was glimmering with light. It was an Incomplete Imperial Armament. The YinYang Immortal had managed to beat Chu Feng back by increasing his battle power using an Incomplete Imperial Armament.

“Allow me to see exactly how proficient you are with your Incomplete Imperial Armament.”

As the YinYang Immortal spoke, he began to brandish the Incomplete Imperial Armament in his hand. Then, his rod began to enlarge by many times. Then, it swept toward Chu Feng.

The movement of the rod was extremely fierce. It was not only the rod itself. Even the many hurricanes caused by the YinYang Immortal's oppressive might began to wreak havoc through their surroundings.

At that moment, the surrounding plants were all destroyed. Earth was being blown all over the place. Everything was left in utter destruction. Only the cave behind Chu Feng remained undamaged. The reason for that was because Chu Feng gave his all to protect that cave.

“So that's why you didn't escape. So there's actually something behind you. Allow this old man to see exactly what it is that made you protect it so painstakingly.”

Chu Feng's whole-hearted protection of the cave behind him caught the attention of the YinYang Immortal. He had realized that Chu Feng was protecting something.

Truly a cunning old fox, after the YinYang Immortal realized that, he began to unleash even more ferocious attacks at Chu Feng. At the same time he did that, he began to devise various means to

unleash attacks at the cave behind Chu Feng.

His methods were truly despicable.

Chapter 1927 – The Birth Of The Evil God

“If you have the skills, then come at me,” As Chu Feng gave his all to defend against the YinYang Immortal’s attacks, he shouted at the YinYang Immortal.

“Hahaha, if I wish to kill you, I can do so at any time. But I insist on toying with you,” the YinYang Immortal said with a strange smile.

Earlier, the YinYang Immortal had been utterly disgraced in his match of world spirit techniques against Chu Feng. As such, he felt extremely depressed.

However, now, the YinYang Immortal had regained absolute confidence and his sense of superiority with his martial power and martial cultivation. This sort of sensation made him feel very rejuvenated.

“You’re shameless and despicable! You are simply unqualified to be a senior! So much for being an Immortal! You are simply dog shit!” Chu Feng insulted him.

“Senior? Is being a senior capable of feeding you? Immortal? Is being an immortal capable of really giving you immortality?”

“Those are merely false reputations. This old man never cared about them to begin with. What I care about is strength and power.”

“Truth be told, toying with other people is utterly boring.”

“However, when toying with a genius, especially a demon-level genius like yourself, I feel extremely refreshed. It is truly a great pleasure of my life. Hahahaha!!!” The YinYang Immortal burst into loud laughter. His laughter was truly shameless.

“I’ll kill you! I’ll pierce your heart with ten thousand arrows! I’ll shatter your soul and destroy your body!” Chu Feng was angered by the YinYang Immortal. His Heavenly Immortal Sword

Technique grew fiercer and fiercer. However, his aura grew very unstable.

Although Chu Feng's attacks were growing more and more ferocious, and he was gradually closing in on the YinYang Immortal, the YinYang Immortal felt that Chu Feng, when acting like this, was even less of a threat, for he had lost his ability to reason.

"Hahaha, you are my plaything now. I can toy with you however I wish," Seeing that Chu Feng had lost his reasoning, the YinYang Immortal's laughter grew even louder.

"Heh..." Suddenly, a cold smile emerged on Chu Feng's face that was covered with anger. Then, his eyes grew blood-red, and he shouted, "Profound Firmament Annihilation!!!"

"Buzz~~~"

"Woosh~~~"

Once Chu Feng shouted those words, a vast crimson gaseous substance started to be emit from Chu Feng's body. In an instant, it sealed off this region of space. The YinYang Immortal was sealed within it.

"Crap!" At that moment, the YinYang Immortal's expression changed. He had already sensed that he was in fatal danger.

At that moment, his previous carefreeness, his arrogance and conceit all disappeared. The reason for that was because he felt as if he was treading on very dangerous ground. The dangerous aura that Chu Feng was emitting caused even his breathing to become hurried.

Suddenly, Chu Feng shouted, "Die!!!" Then, his Profound Firmament Annihilation unleashed its enormous killing intent. As if capable of toppling mountains and overturning seas, that frightening killing intent began to sweep toward the YinYang Immortal from all directions. Chu Feng was planning to kill the

YinYang Immortal.

It turned out that the anger Chu Feng had revealed earlier was all merely a disguise. He had done so precisely so that the YinYang Immortal would become careless and he could catch him off-guard.

Right at that moment, the YinYang Immortal shouted, “Break for me!!!” and an item was held up high in his hand.

That item radiated with brilliant light and unleashed intense emperor’s might, like a volcanic eruption, which began to spread all around. In the end, like the descent of a divine weapon, the golden-bright and dazzling emperor’s might actually managed to forcibly disperse Chu Feng’s Profound Firmament Annihilation.

“Damn it!” At that moment, Chu Feng clenched his fists in anger. He had nearly managed to succeed.

Imperial Armament! The YinYang Immortal had been saved by that Imperial Armament.

“That Imperial Armament,” After seeing that Imperial Armament, Chu Feng’s eyes shone. The reason for that was because that Imperial Armament possessed a very particular appearance.

It was a large blade. The body of the blade was like that of an alligator. From the open mouth of the alligator extended a sharp blade. That was the Ximen Imperial Clan’s, Ximen Baiyuan’s, Imperial Armament, the Ancient Alligator Body Piercing Blade.

‘Why would Ximen Baiyuan’s Imperial Armament be with him?’ Chu Feng pondered in his heart.

Even though the YinYang Immortal had managed to withstand Chu Feng’s attack with the Ancient Alligator Body Piercing Blade, his current state was not very optimal at all.

Not only was he panting for air and covered in sweat, there was also blood running down the corners of his mouth, his nose and his ears. Even though he had managed to withstand Chu Feng’s attack,

he had still been injured in the process.

“Brat, you are truly powerful. I really cannot afford to be careless,” the YinYang Immortal said.

Even though the killing intent in the YinYang Immortal’s eyes did not decrease in the slightest, the gaze that he looked to Chu Feng with had changed. He now possessed admiration for Chu Feng.

A member of the younger generation, a rank three Martial Emperor, had nearly managed to kill him. Most importantly, Chu Feng’s cultivation of rank three Martial Emperor had been obtained by increasing his cultivation temporarily through a special technique. His true cultivation was only that of a rank one Martial Emperor.

Thus, to be more precise, the YinYang Immortal, as a rank six Martial Emperor, had been forced to such a state by Chu Feng, a mere rank one Martial Emperor. This caused him to have no choice but to feel admiration for Chu Feng.

“If we were of the same cultivation, no... there’s no need for us to have the same cultivation. If your actual cultivation right now were that of a rank two Martial Emperor, then, after you unleashed all of your abilities, I would be no match for you. I’ll admit... that I am inferior to you. It is not only me; instead, even if we include everyone in the Holy Land of Martialism, there would not be anyone alive who possesses abilities on par with you.”

“However, it is precisely because of that that I must kill you. Chu Feng, if you continue to live, you will become the greatest hidden danger to our Dark Hall.”

“Clank~~~”

Once the YinYang Immortal said those words, the Ancient Alligator Body Piercing Blade in his hand began to emit an overwhelming oppressive might once again. Suddenly, this region

was no longer surging with black clouds. Instead, golden light filled the entire area. Within that dazzling light appeared a faintly visible yet enormous alligator. That alligator possessed a humongous golden body, and gave off the sensation of a ruler overlooking the world with contempt.

Abnormal sign! It was an abnormal sign created by that Imperial Armament's overwhelming power.

"I will no longer hold back against you. I will be going all-out to kill you," the YinYang Immortal pointed the Ancient Alligator Body Piercing Blade at Chu Feng as he said those words. He had truly become serious.

"Since that's the case, then let us fight to our hearts' content," Chu Feng put his Heavenly Immortal Sword away. Then, following a flash of crimson light, another long sword appeared in his hand.

It was a crimson long sword that seemed to have been cast from countless amounts of blood.

Once that sword appeared, ghost-like wailing sounds and wolf-like howling sounds immediately rang out. Furthermore, a crimson vortex appeared in the golden sky.

Ghosts with lingering grievances filled that crimson vortex. Those ghosts were screaming miserably, and uttering and emitting overwhelming evil tendencies. The evil tendencies which they emitted caused even the abnormal sign, the enormous golden alligator, created by the Imperial Armament to become affected.

The might of that crimson vortex was even more frightening than Chu Feng's Profound Firmament Annihilation. It was as if an Evil God was about to be born.

Evil God Sword. It was the legendary demon sword, the Evil God Sword.

The Evil God Sword possessed a demonic nature, and would attempt to devour Chu Feng's life. Normally, Chu Feng could not

use it, nor did he dare to use it.

However, in this moment of life and death crisis, Chu Feng had no time to consider that anymore. Even though the Evil God Sword was a taboo, he still had to use that taboo to save himself.

“Evil God Sword, is that the legendary Evil God Sword?”

“It is surely extraordinary, and truly outstanding,” Upon seeing the Evil God Sword, the YinYang Immortal’s eyes shone.

The reason for that was because the might of the Evil God Sword was truly not something that ordinary Incomplete Imperial Armaments could compare with. The might revealed by Chu Feng’s Evil God Sword was actually on par with the might revealed by his Imperial Armament.

Chapter 1928 – The Might Of A Demon Armament

“However, Chu Feng, an Incomplete Imperial Armament will always remain an Incomplete Imperial Armament. No matter how powerful your Evil God Sword might be, it will not be a match for my Imperial Armament, let alone with me having a cultivation above yours.”

After the YinYang Immortal said those words, he slashed at Chu Feng. The moment he attacked with the Ancient Alligator Body Piercing Blade, golden light surged forth alongside a strange roar that made the surroundings tremble. It was a roar from the Ancient Alligator. That Ancient Alligator seemed to want to consume all living things.

“We’ll have to fight it out first in order to determine which is actually stronger,” Chu Feng was not at all afraid of the YinYang Immortal’s attack. Holding the Evil God Sword in his hand, he charged to face the YinYang Immortal.

“Zzzzzzzzzzz~~~~”

Chu Feng waved his Evil God Sword. Immediately, a crimson blade ray that carried ghost-like wails and wolf-like howls with it swept across the sky. As it sliced through the sky, many bloody crimson clouds appeared in the sky. Those bloody clouds were very unstable, and shooting off lightning all around. Those crimson lightning bolts began to hack down from the sky and into the golden alligator in the sky.

Faced with the many crimson lightning bolts striking down on it, the golden alligator could only allow itself to be thrashed without the ability to unleash a counterattack.

“How could this be?”

“Exactly what is going on?”

At that moment, the YinYang Immortal was completely stunned. Chu Feng's crimson slash was extremely powerful. It was so powerful that it could contend against his own attack.

That by itself was already an extremely astonishing feat. After all, what Chu Feng possessed was an Incomplete Imperial Armament. Logically, it should not be able to contend against his Imperial Armament.

Yet, exactly what was going on with the scene before him? The abnormal sign created by the Evil God Sword was actually capable of suppressing the abnormal sign created by the Ancient Alligator Body Piercing Blade.

Weapons were, when all was said and done, weapons. They needed others to use them. However, Chu Feng's Evil God Sword was different. It seemed as if it possessed its own awareness. It seemed that it could, without needing Chu Feng's control, attack its opponent by itself.

"This is not the time to daydream," Chu Feng unleashed another attack at the YinYang Immortal. Furthermore, this attack was even more ferocious than his previous attack.

Since Chu Feng had already unleashed the Evil God Sword, he did not care about the consequences anymore. It was either victory or death. There was already no other choice now.

"Come, come, come! I refuse to believe that I, a grand rank six Martial Emperor, will not be able to defeat you, a mere rank one Martial Emperor; that my grand Ancient Era's Imperial Armament would not be able to defeat your mere Incomplete Imperial Armament!"

The YinYang Immortal was unconvinced that he would lose. He grasped his Ancient Alligator Body Piercing Blade and once again confronted Chu Feng.

"Boom, boom, boom, boom, boom~~~"

The Ancient Alligator Body Piercing Blade and the crimson Evil God Sword collided nonstop. The two of them could be said to be equally matched. Even though the Ancient Alligator Body Piercing Blade held the upper hand in their clashes, it was not by much.

However, although the Ancient Alligator Body Piercing Blade possessed a slight superiority over the Evil God Sword in the fight between Chu Feng and the YinYang Immortal, the battle in the sky was completely different. The abnormal sign created by the Evil God Sword grew more and more ferocious. Not only were the blood clouds and crimson lightning that filled the sky growing larger and larger in size, they even completely overshadowed the abnormal sign created by the Ancient Alligator Body Piercing Blade.

In fact, an enormous crimson hand had actually stretched out from the blood clouds. This crimson hand was shaped like bones. Its crimson color seemed to indicate that it had been stained by countless amounts of blood. Especially those sharp fingernails; they were like blades. The hand grabbed onto the enormous golden alligator's head and pierced its nails into the alligator's eyes.

The crimson skeletal hand actually impaled the golden alligator's eyes.

“Roar~~~~”

Although it was only an abnormal sign, and did not possess any intelligence, the golden alligator actually let out a miserable roar.

“Damn it! Exactly what is that? Exactly what is that?!!!”

Even though the YinYang Immortal was equally matched with, and even possessed a slight advantage over, Chu Feng, he grew more and more nervous. What Chu Feng was using simply did not resemble a weapon. Rather, it resembled a demon.

In fact, it was not only the YinYang Immortal; even Chu Feng himself was trembling with fear. Even though Chu Feng had

already known that the Evil God Sword was a nefarious weapon after experiencing the pain of backlash from it before, he did not expect the Evil God Sword's nefariousness to be this extreme.

Even though it was clearly only an Incomplete Imperial Armament, everything that it had shown thus far was extremely abnormal. It was most definitely not an ordinary weapon. Rather, it was a very frightening demon. Chu Feng was currently using a demon to fight.

After being shocked, Chu Feng gripped the Evil God Sword tightly and shouted, "Come. Regardless of what you are, I hope that you will lend me a hand and help me kill that despicable and shameless Immortal!"

"Zzzzzzzz~~~~"

Following a slash from Chu Feng, the many crimson lightning bolts in the sky actually suddenly struck down from above. They were aimed at the YinYang Immortal.

"Damn it!"

In the moment of crisis, the YinYang Immortal unleashed his world spirit power to ward off the incoming crimson lightning bolts.

"Rumble~~~"

However, the crimson lightning bolts were even more ferocious than he had imagined. They actually directly blew apart his spirit power and continued to attack him.

"Damn it! Exactly what the hell is that?! Exactly what the hell is that?!!!"

With no other choice, the YinYang Immortal ended up having to withstand both Chu Feng's incoming sword strike and the crimson bolts of lightning hacking down from above.

However, the descent of the crimson lightning bolts was no mere

coincidence. With every slash from Chu Feng's Evil God Sword, the YinYang Immortal would have to suffer attacks from the crimson lightning bolts as well.

In an instant, the YinYang Immortal, who had previously held the upper hand in the fight against Chu Feng, was forced into a disadvantageous situation. Furthermore, he was forced to retreat repeatedly.

As for all this, it was all because of the Evil God Sword. The power of the Evil God Sword was truly too enormous. It managed to completely suppress the Ancient Alligator Body Piercing Sword with absolute dominance.

"Damn it! Damn it!!! I refuse to believe this! I refuse to believe this!!!"

The YinYang Immortal was forced so far into a corner that he was nearly driven mad. He began to shout in disbelief nonstop. However, his shouting was of no use. It was incapable of changing anything at all.

"Roar~~~"

Suddenly, another miserable scream sounded from the skies. This time around, that miserable scream was even more ear-piercing, and sounded even more heart-tearing and lung-splitting.

Turning their heads up to look, not only was the YinYang Immortal deeply shocked, even Chu Feng was deeply shocked. At that moment, another enormous crimson skeletal hand had appeared amidst the bloody clouds and crimson lightning.

At that time, there were two enormous crimson hands in the middle of the sky. They were like the hands of god.

No, that was most definitely not a god's hands, for a god's hands would not give off such a ferocious and nefarious sensation. They were a demon's hands, the devil's hands.

Suddenly, the two enormous crimson skeletal hands grabbed the

golden alligator by its head and tail. They were pulling that golden alligator apart.

Their pulling shattered even the void itself. As for the golden alligator, it was emitting miserable screams nonstop. It was as if it were begging for forgiveness. However, when before a demon, would begging for forgiveness be of use?

“Snap~~~”

Suddenly, a sound several times louder than a thunderclap exploded in the sky. Then, the sky started to tremble violently. Even the earth itself started to tremble.

That enormous golden alligator whose body had covered the entire sky was actually ripped apart. Its body was forcibly torn to shreds by the two enormous crimson skeletal hands.

“This!!!” upon witnessing that scene, the YinYang Immortal was completely stunned. The reason for that was because this was simply too extraordinary, unbelievable and strange.

However, this was reality. After the enormous golden alligator’s body was ripped to shreds, the golden light that covered the sky began to slowly dissipate. In fact, the ferocious emperor’s might emitted by the YinYang Immortal’s Ancient Alligator Body Piercing Sword had weakened greatly. It was no longer as overbearing as before.

Chapter 1929 – Protecting One’s Master With One’s Life

“Heeaahh~~~”

At the moment when the YinYang Immortal was distracted, Chu Feng threw another slash at him.

The YinYang Immortal reacted immediately. He hurriedly raised his hand to block Chu Feng’s incoming slash. Merely... although he had managed to block Chu Feng’s incoming slash, he did not have the time to react to the incoming crimson lightning that hacked down from the sky.

“Rumble~~~~”

Ear-piercing explosions sounded and the entire region was utterly destroyed and the YinYang Immortal was struck by the crimson lightning. Not only did he lose his hold of the Ancient Alligator Body Piercing Blade, he was also knocked to the ground several meters away.

Having obtained superiority in the fight, how could Chu Feng possibly stop with just that? He raised his legs and planned to give chase and kill the YinYang Immortal.

“Wuu~~~”

However, right at that moment, Chu Feng’s body trembled. Then, he grabbed onto the Evil God Sword tightly with one hand and tightly grabbed onto his own dantian with the other.

In merely an instant, cold sweat filled Chu Feng’s entire body. Chu Feng’s complexion turned deathly pale. He was unable to sustain the pain that was spreading throughout his body. With such enormous pain, even Chu Feng, someone who possessed a very high tolerance for pain, revealed an expression distorted by pain.

“Persevere for a moment longer! Persevere for a moment longer! A bit more and this battle will be over!”

“Let me kill him! Let me kill him! As long as I can kill him, even if you are to take my life, I will have no complaints!” Chu Feng shouted with his weak voice. Those words were spoken to the Evil God Sword. Chu Feng was speaking to the Evil God Sword because he knew that the Evil God Sword was a weapon that possessed life.

Chu Feng knew that as long as the Evil God Sword was willing to help him, he would definitely be able to kill the YinYang Immortal. Furthermore, with the situation as it was, he had to kill the YinYang Immortal. Else, not only would he be killed by the YinYang Immortal, Lil Red and Xian Miaomiao would also be killed.

Compared to that, Chu Feng would rather give away his own life.

However, the Evil God Sword appeared to be unable to hear what Chu Feng was saying at all. Not only did the pain of the backlash that originated from Chu Feng’s dantian not decrease in the slightest, it instead grew stronger and stronger. It had become so strong that Chu Feng was unable to endure the pain anymore.

Not to mention brandishing the Evil God Sword to battle again, Chu Feng was unable to even take another step forward.

“Roar~~~~”

Right at that moment, the sounds of ghosts wailing and wolves howling from the sky grew even more violent.

The pair of enormous crimson skeletal hands began to extend from the sky. They were moving toward the YinYang Immortal to grab him.

At that moment, the YinYang Immortal, who was only lightly injured, was actually unable to move at all. Suddenly, he felt an unprecedented life-threatening danger.

He was able to sense that the enormous crimson skeletal hands

would smash him to death. The reason for that was because the oppressive might from those crimson skeletal hands was truly too powerful. They simply surpassed the limit of his comprehension. He knew that before the hands could even reach him, that oppressive might would have crushed him to death.

“No, this is not real! This is not real!!!”

“Exactly why is this happening?!!!”

The YinYang Immortal started to shout hysterically. He truly felt as if he was dreaming.

If he had the option to choose, he would have hoped to be able to immediately wake up from this nightmare, this frightening nightmare that he no longer wished to be in.

“Puu~~~”

Right at that moment, Chu Feng vomited out a mouthful of blood. Then his eyes closed, and he passed into unconsciousness. From the middle of the sky, he fell ruthlessly onto the ground.

“Buzz~~~”

At the moment when Chu Feng lost consciousness, the enormous crimson skeletal hands in the sky began to turn into many crimson gaseous flames.

Furthermore, the violent bloody clouds and crimson bolts of lightning also turned into crimson gaseous flames. The crimson flames returned to the form of a crimson vortex that spiraled around in the sky.

At that moment, it was as if doomsday had arrived in this region. The scene was exceptionally devastating.

Finally, the spiraling crimson gaseous flames turned into a crimson ray of light and descended into the Evil God Sword in Chu Feng’s hand.

the sky at that moment was completely crimson before it began

to gradually return to normal. The shattered void started to reform. Soon, the sky returned to its former appearance.

It had become peaceful once again.

As for the YinYang Immortal, he heaved a long sigh of relief. The reason for that was because the fatal danger had finally disappeared.

Even though the fatal danger had disappeared and the sky had returned to normal, the YinYang Immortal's heart remained uneasy.

The YinYang Immortal lay on the ground for quite a while before slowly standing up. He extended his hand and made a grabbing motion, and the Ancient Alligator Body Piercing Blade returned to his hand.

Only after that did he turn his gaze to Chu Feng.

“Brat, are you a human or a demon?”

“Could it be that you're the son of a demon? Exactly what was all that that happened earlier?”

Even though Chu Feng had lost consciousness, the YinYang Immortal was still trembling, and his eyes were filled with fear.

He hesitated for a very long time before slowly walking toward Chu Feng with the Ancient Alligator Body Piercing Blade in his hand.

His speed was extremely slow and filled with cautiousness. He did not dare to be careless in the slightest.

After walking for an entire hour, he finally arrived at a location a hundred meters away from Chu Feng. He did not dare to continue to approach Chu Feng. Instead, he looked to Chu Feng with an extremely cautious gaze.

“Chu Feng, are you feigning death?” The YinYang Immortal shouted at Chu Feng. However, Chu Feng did not respond.

“Do you think this is funny?! You are toying with me, isn’t that right?!” The YinYang Immortal shouted loudly. However, Chu Feng still did not respond.

“Chu Feng, stop feigning death! Stand back up! Come and kill me!” The YinYang Immortal was still shouting loudly. However, Chu Feng still did not respond.

“Heh...” After shouting like this for a long while, the YinYang Immortal’s incomparably nervous gaze finally started to ease up. Finally, a laugh sounded from that strange mask once again.

“It seems that you’ve really lost consciousness. It seems that it is not you that is powerful. Instead, it’s that Evil God Sword.”

After verifying that Chu Feng had lost consciousness, the YinYang Immortal finally dared to continue to approach Chu Feng. After arriving before Chu Feng, his laughter became even more vile. At the same time, his laughter gave off the sense of being fortunate.

“Evil God Sword, a legendary Demon Armament, your reputation is truly not for nothing.”

The YinYang Immortal extended his hand toward the Evil God Sword in Chu Feng’s hand. However, right when he was about to come into contact with the Evil God Sword, he hesitated, then pulled back his extended hand.

He did not wish to touch the Evil God Sword. Even though the Evil God Sword was only a weapon, it had caused him enormous trauma, and made him feel deeply frightened of it.

“Chu Feng, the victor is the king and the loser is the bandit. Although I should not kill you after you’ve lost consciousness, I must kill you!!!”

Killing intent was emitted by the YinYang Immortal once again. He began to raise his Ancient Alligator’s Body Piercing Blade and planned to hack it down at Chu Feng.

“Woosh~~~”

However, right at that moment, a crimson light flew out from Chu Feng’s sleeve. It was aimed at the YinYang Immortal.

“Damn it!”

Seeing that crimson light, the YinYang Immortal was deeply frightened. He hurriedly retreated several meters into the sky.

“Mn?” Originally, he had thought that the Evil God Sword was acting up again. However, after looking at it carefully, his nervous state of mind began to ease up. He first took a long sigh of relief before saying with a slight smile, “So it’s actually you, little thing, that was causing mischief.”

It turned out that crimson light was Lil Red. Lil Red had jumped out after seeing that Chu Feng’s life was in danger. It was trying to protect Chu Feng.

However, even though Lil Red’s speed was extremely fast, the person it faced was the YinYang Immortal. Thus, its surprise attack was dodged by the YinYang Immortal.

Chapter 1930 – Moment Of Crisis

“Little fellow, while you’re not large, your speed is quite fast. You are not a Royal Spirit Insect. Exactly what are you? Could you also be a treasure that Chu Feng obtained from somewhere?” the YinYang Immortal asked Lil Red.

“You are not allowed to harm great sir. Else, I will bite you to death.”

“I am poisonous. Merely my saliva itself would be capable of killing you and destroying your soul,” Lil Red said with a ferocious expression.

“Hahahahaha...” the YinYang Immortal burst into loud laughter. From the beginning, he had found it ridiculous that a little insect dared to speak to him in such a manner.

However, soon, his laughter became one of anger. In the end, it became one filled with fury. Even the weather was altered by his state of mind.

Suddenly, he aimed his Ancient Alligator Body Piercing Blade at Lil Red and shouted angrily, “A mere little insect actually dares to boast so shamelessly to me. Did you really consider me, the YinYang Immortal, to be a fool?”

“I don’t care. If you dare to harm great sir, I will bite you to death even if I am to die doing so,” However, Lil Red was not at all afraid of the YinYang Immortal. Instead, it was extremely unyielding. It was as if Lil Red had already seen through life and death.

“Very well, I’ll kill you too. I’ll let the two of you die together,” Filled with anger, the YinYang Immortal planned to kill both Lil Red and Chu Feng.

“Rumble~~~”

Right at that moment, a loud explosion suddenly sounded from the cave nearby.

“Mn?” the YinYang Immortal hurriedly turned his gaze toward the noise, and discovered that an enormous crack had appeared in the cave nearby. Countless crushed rocks were falling down. Furthermore, he was able to sense a special sort of aura from within the cave. Merely, even though he was carefully inspecting the cave, he was unable to discover anyone or anything inside.

Suddenly, a voice sounded from below. “YinYang Immortal, was it you who injured Chu Feng?”

The YinYang Immortal turned his gaze below. At that moment, his eyes started to shine with shock.

The reason for that was because below him was not only the unconscious Chu Feng and the furious Lil Red, there was also a young girl.

This girl possessed a head of blonde hair and a beautiful appearance. Especially her pair of eyes; they were simply the pinnacle of beauty. However, incomparable rage and dense killing intent was being emitted from her eyes at that moment.

“Princess Miaomiao, why would you be here?” The YinYang Immortal was shocked to see Xian Miaomiao. Not only did he know who Miaomiao was, he had also met her several times. As such, the two of them could be considered to be acquaintances.

“It was you who injured Chu Feng, right?” Xian Miaomiao asked again. Her eyes were filled with murderous intent.

“Haha...” Suddenly, the YinYang Immortal chuckled. Sensing the killing intent in Xian Miaomiao’s eyes that was growing stronger and stronger, he found it to be extremely funny.

“It seems like you have some dealings with that Chu Feng. Do even the Ancient Era’s Elves want to ride on the tailwind vessel that is Chu Feng, hug onto the enormous tree that could reach the sky, but has yet to mature?”

“Hahahaha, truly amusing,” The YinYang Immortal mocked and

ridiculed.

“I’ll ask you again. Was it you who injured Chu Feng?” Xian Miaomiao asked again. Her tone was extremely sharp.

“Princess Miaomiao, the speed of your cultivation progress is truly fast. How did you already become a rank five Martial Emperor?”

“Unfortunately, even if you are a rank five Martial Emperor with a heaven-defying battle power capable of surmounting four levels of cultivation, you will still not be able to do anything to me.”

“For I am a rank six Martial Emperor with a heaven-defying battle power capable of surmounting three levels of cultivation. Thus, do not give me that arrogant behavior as if you are capable of killing me at any moment should you wish it,” the YinYang Immortal said.

“Woosh~~~”

In an instant, Xian Miaomiao suddenly raised her hand, and a cold ray swept forth. “Puchi,” the arm with which the YinYang Immortal was holding the Ancient Alligator Body Piercing Blade was actually sliced off.

“Ahhh~~~~”

The pain of having his arm sliced off caused the YinYang Immortal to scream miserably. Shock! incomparable shock filled his eyes. When he looked to Xian Miaomiao again, he was filled with disbelief.

“Who told you that I possessed a heaven-defying battle power capable of surmounting four levels of cultivation?” Xian Miaomiao asked with a cold voice.

“A heaven-defying battle power capable of surmounting five levels of cultivation, you actually also possess a heaven-defying battle power capable of surmounting five levels of cultivation?!” After verifying this matter, the YinYang Immortal grew even more

astonished.

If Xian Miaomiao possessed a heaven-defying battle power capable of surmounting four levels of cultivation, he would be able to fight against her. However, Xian Miaomiao's battle power was capable of surmounting five levels of cultivation. This meant that he no longer possessed the capability to fight against her.

Although the YinYang Immortal was a rank six Martial Emperor, he, like most Martial Emperors, only possessed a heaven-defying battle power capable of surmounting three levels of cultivation. However, when compared to Xian Miaomiao's heaven-defying battle power capable of surmounting five levels of cultivation, she still possessed two additional levels of cultivation that she could surmount, whereas all of his advantages would be gone.

With a cultivation of rank five Martial Emperor and a battle power capable of surmounting two additional levels of cultivation at the Martial Emperor realm, it meant that Xian Miaomiao was capable of fighting on par against rank seven Martial Emperors. Naturally, he, a rank six Martial Emperor, would be no match for Xian Miaomiao.

"You've injured Chu Feng. As such, I'll take your life," Xian Miaomiao said coldly.

"No, Princess Miaomiao, please wait. I was not the one who injured Chu Feng. He lost consciousness by himself," The YinYang Immortal hurriedly tried to explain. He even looked to Lil Red and added, "If you don't believe me, go and ask that earthworm."

"You are the earthworm! Your entire family are earthworms!" Lil Red cursed.

Xian Miaomiao looked to Lil Red and asked, "Lil Red, is what he said true?"

"This..." Lil Red's little eyes started to spin around in circles, as if it was pondering something. After pondering for some time, Lil

Red said, “Yes, that is the truth.”

“Look, I didn’t lie,” The YinYang Immortal hurriedly interrupted.

“Even if that is the case, Chu Feng’s injury is related to you. As such, your life cannot be spared,” As Xian Miaomiao spoke, she extended a lily-white hand and grabbed at the empty space before her. “Snap!” Many cracks began to appear in the space around the YinYang Immortal like a bunch of spiderwebs. Then, those cracks turned into an enormous net and sealed the YinYang Immortal within them.

As if he had been placed into a sack created by the void and space itself, the YinYang Immortal fell to the ground.

What Xian Miaomiao had used was no ordinary technique. Instead, it was a Taboo Martial Skill.

“Wuu~~~”

Even though the YinYang Immortal struggled violently, he was unable to do anything to the net that Xian Miaomiao had made to capture him. In fact, he was unable to even speak. Simply put, his life was in Xian Miaomiao’s hands.

“You dared bully great sir, you dared bully great sir. I’ll ram you to death, I’ll ram you to death.”

Little Red immediately ran over and began to rapidly ram its little body into the YinYang Immortal.

As the YinYang Immortal was restricted, he was unable to dodge Lil Red’s rammings. However, Lil Red was simply unable to injure the YinYang Immortal with the strength that she possessed.

However, even with that being the case, the YinYang Immortal was still incomparably angry. He, the grand YinYang Immortal, had actually been imprisoned. Furthermore, a little insect was ramming itself into him nonstop. Oh how humiliating this was. If this matter were to spread, his grand reputation would be

completely ruined.

Although the YinYang Immortal had declared that he only cared about strength and not his reputation, he actually... cared deeply about his reputation.

“His injuries are actually this serious. It seems like the result of a backlash. Could it be that it’s because of that sword?”

Xian Miaomiao was squatting beside Chu Feng and carefully observing the condition of his injuries. Even though she was not a world spiritist, she possessed an extremely powerful perception. In terms of perception, she was not inferior to ordinary world spiritists.

As she saw Chu Feng lying on the ground with serious injuries the moment she woke up, she did not know what had happened at all. All she knew was that the YinYang Immortal had wanted to kill Chu Feng.

However, she was able to sense that the injuries to Chu Feng’s dantian were extremely serious. Furthermore, she noticed that it was related to the Evil God Sword in Chu Feng’s right hand.

Chapter 1931 – Interrogating YinYang

“These injuries are too serious. No choice but to use this then,” After carefully inspecting Chu Feng’s injuries, Xian Miaomiao removed her necklace and opened the pendant on it. After the pendant was opened, there was actually a fingernail-sized pearl within it.

“Wow, wow, wow, what is that?” Lil Red’s eyes began to shine with light the moment it saw the pearl. Attracted by it, Lil Red immediately ran over to Xian Miaomiao.

It was not that Lil Red was unsophisticated and ignorant. Rather, that pearl was truly too special. Although the pearl was very small, about the size of a fingernail, it was flickering with light and sparkles. If one were to look carefully at the pearl, one would discover that it was as if the magnificent starry sky was contained within the pearl.

Most importantly, within that pearl were nine motes of light that emitted different colors. They were extremely dazzling.

Upon seeing those nine motes of light, even if one did not use any special perceptive power, one would still feel astonished and excited by the pearl.

“Shh, don’t talk,” Xian Miaomiao said to Lil Red.

She then placed the pearl onto Chu Feng’s dantian. Suddenly, the pearl started to blossom with light. At the same time, Xian Miaomiao’s eyes became the same as that pearl.

Then, one of the nine motes of light from within the pearl flew out of the pearl and entered Chu Feng’s dantian.

“Huuu~~~”

Shortly after, Xian Miaomiao’s complexion turned pale and she started sweating profusely.

“Beauty, what happened to you?” Lil Red asked worriedly.

“I’m fine,” Even though it was clear that Xian Miaomiao was not fine, she had a very joyous expression on her face. She wiped away the cold sweat on her forehead in an unconcerned manner. Then, she looked to Lil Red, “Your great sir’s life is saved. Merely, I do not know how long it will take for him to regain consciousness.”

“Then, let’s bring great sir somewhere safe first. I know of a place that’s very hidden and safe,” Lil Red said.

“That would definitely be for the best. Let’s go,” As Xian Miaomiao spoke, she carried Chu Feng on her back.

Even though Xian Miaomiao was very powerful, her stature was very petite. Thus, one would feel that it was very strenuous to have a girl like her carry a grown man like Chu Feng on her back.

That said, if this scene were to be seen by others, they would definitely feel endless envy for Chu Feng.

At that moment, Xian Miaomiao looked to Chu Feng’s right hand again. Even though Chu Feng was unconscious, he was still holding on tightly to the Evil God Sword. Seeing that, Xian Miaomiao started to frown. She sighed and said, “That sword, it’s truly nefarious.”

.....

Chu Feng was unconscious for a very long time. During the time when Chu Feng was unconscious, Chu Feng’s awareness entered that place with a mountain of corpses and a sea of blood.

Even though this was not the first time that he had been here, Chu Feng still felt as if his blood was running cold and his hair was standing on end. He was trembling with fear.

Chu Feng was in enormous pain and suffering. It was extremely difficult for him to endure that pain. However, suddenly, an energy arrived from his dantian. That energy lessened the pain and suffering that he was feeling by a lot.

However, even with that being the case, with his consciousness in this world, it was still like a nightmare to him. As such, Chu Feng began to feel extremely uncomfortable.

Finally, Chu Feng regained consciousness. Right after he woke up, he immediately saw Xian Miaomiao and Lil Red.

“Chu Feng, you’re finally awake again. I thought that you would continue to sleep for an entire year,” After seeing that Chu Feng had awoken, Xian Miaomiao finally heaved a sigh of relief and began to joke with him.

“Great sir, I thought you were dead,” As for Lil Red, it started to cry emotionally. However, there were only crying sounds and no tears. The little fellow was exaggerating.

“Miaomiao, you reached a breakthrough? Furthermore, you actually directly broke through to rank five Martial Emperor? Girl, you are truly extraordinary,” After waking up, Chu Feng was worried about Xian Miaomiao and Lil Red’s safety the most. Seeing that the two of them were both fine, Chu Feng heaved a sigh of relief. After he discovered Xian Miaomiao’s current cultivation, he was overjoyed.

Xian Miaomiao had succeeded. In that case, the pain and suffering that he had endured was all worth it.

“I was only able to break through to rank five Martial Emperor because of your assistance. However, next time, do not try to show off by yourself. If I had come out of my closed-door training just a moment later, you would have been killed by that scoundrel old man,” Xian Miaomiao pointed to a nearby location.

“YinYang Immortal?” Chu Feng looked to the direction Xian Miaomiao was pointing to. Right away, overflowing killing intent filled his eyes. The reason for that was because Xian Miaomiao was pointing at the YinYang Immortal.

Even though the YinYang Immortal was bound by Xian

Miaomiao's martial technique, Chu Feng was still able to tell with a single glance that the person trapped in that web was none other than the YinYang Immortal.

“Heh. Chu Feng, it would seem that even though your Evil God Sword is very powerful, it possesses an enormous side effect too. If it wasn't for Xian Miaomiao, even if you managed to survive, you would be unconscious for a long time. It would have been impossible for you to be able to regain consciousness this quickly,” The YinYang Immortal said with a beaming smile. Seemingly knowing that he would definitely be killed, he did not show any fear. Instead, he started to mock Chu Feng.

“Chu Feng, go ahead and kill him. I've only kept him alive this long so that you can settle things with him personally,” Xian Miaomiao said.

“Paa~~~”

Chu Feng stood up. While carrying the Evil God Sword in his right hand, he began to walk toward the YinYang Immortal.

The Evil God Sword possessed a demonic nature. It would give a backlash to its user. However, if Chu Feng didn't use its strength, it would not give him any backlash.

It was similar to the Heavenly Immortal Sword. The Heavenly Immortal Sword possessed an overwhelming righteous aura. Only by having that overwhelming righteous aura would Chu Feng be able to unleash the Heavenly Immortal Sword Techniques.

As for the Evil God Sword, its power was much more frightening than that of the Heavenly Immortal Sword. However, as long as Chu Feng didn't use its power, it would only be an ordinary weapon that would not cause him any harm.

It was because Chu Feng knew about that that he dared to hold the Evil God Sword again right after suffering from its backlash.

Truth be told, if one did not use the power of the Evil God Sword,

the Evil God Sword was actually not frightening at all. Against the YinYang Immortal, the normal Evil God Sword would not be any threat.

However, Chu Feng was able to tell that the YinYang Immortal's power was sealed off, and his movements were restricted by Xian Miaomiao's ability. Not to mention the Evil God Sword, even if Chu Feng were to pick up a random scrap metal, he would still be able to, with his strength, easily behead the YinYang Immortal.

However, Chu Feng did not immediately kill the YinYang Immortal.

Instead, he pointed his Evil God Sword at the YinYang Immortal's dantian. Then, he asked, "Where did you bring Duan Jidao and Yin Gongfu to? Exactly what is the aim of your Dark Hall?"

"What? They were captured?" Hearing those words, the YinYang Immortal revealed a surprised expression.

"Don't play dumb with me. That was clearly the doing of your your Dark Hall," Chu Feng aimed his Evil God Sword at the YinYang Immortal.

"The Dark Hall is enormous. We possess countless people working at once. Even if it was done by our Dark Hall, I would not necessarily know about it."

"Chu Feng, you shouldn't bother to threaten me with death. If I were truly afraid of death, I would not have joined the Dark Hall. Ever since I stepped onto the Dark Hall's ship, I knew that what awaited me would be two paths; life or death."

"I have only lived till this long because I was waiting for you to wake up. I have something that I wish to tell you," The YinYang Immortal said.

"Speak away," Chu Feng decided to not continue to ask anymore. He was also able to tell that the YinYang Immortal had already

accepted death. Faced with someone like him, he would not be able to obtain any information through interrogation.

He could only hope that the YinYang Immortal would find his conscience and voluntarily give him useful information.

Chapter 1932 – Nefarious Sword

“I have said that you will become an enormous threat to our Dark Hall should you continue to live. However, I’ll tell you this: although you might be the greatest threat, you are no match for the Dark Hall. You wish to know who the master of the Dark Hall is? I’d urge you that it’s best you never know, for the day you know who it is shall be the day of your death. Hahahahaha!!!”

After he finished saying those words, the YinYang Immortal burst into frantic and extremely abnormal laughter.

“Puchi~~~”

At that moment, Chu Feng pierced his Evil God Sword into the YinYang Immortal’s dantian.

“You!!!” Being pierced by Chu Feng’s sword out of nowhere, not only did the YinYang Immortal stop laughing, he also looked at Chu Feng with amazement. He had not expected Chu Feng to act this soon.

“I know that you wish to kill yourself. However, your life and death is not something for you to decide. Even if you are to die, you will die by my hands,” As Chu Feng spoke, the Evil God Sword in his hand started to tremble. Then, a burst of boundless oppressive might entered the YinYang Immortal’s body and shattered all his internal organs.

Even though the YinYang Immortal’s corpse appeared to be undamaged on the surface, he was actually utterly dead.

“Eggy, what do you think about the taste of this rank six Martial Emperor?” Chu Feng asked Eggy.

The reason why Chu Feng needed to personally kill the YinYang Immortal was all for Eggy’s sake.

All those killed by Chu Feng would have their source energies absorbed by Eggy before their deaths.

However, when facing those that killed themselves through self denotation, and not by his hand, like those ten Dark Hall's experts Chu Feng had captured before, he was unable to have Eggy absorb their source energies before their deaths.

If the YinYang Immortal were to self-detonate, Chu Feng would not be able to have Eggy absorb his source energy.

As the YinYang Immortal's source energy was that of a rank six Martial Emperor, how could he possibly afford to waste it? Thus, he had to personally kill the YinYang Immortal so that Eggy could absorb his source energy.

"A rank six Martial Emperor's source energy is pretty good. Unfortunately, this Queen's cultivation still didn't manage to make any huge progress," Eggy said with her lips curled.

"There's actually still no progress?" Chu Feng was also startled to hear those words. Ever since Eggy woke back up, Chu Feng had killed many experts. Among them were many Martial Emperors.

All those killed by Chu Feng, regardless of whether he left them an intact corpse or not, would have their source energies absorbed and refined by Eggy before their deaths.

However, even though Eggy had refined the source energies of that many Martial Emperor-level experts, her cultivation had still made no progress.

Before, Chu Feng had thought the entire time that the amount of source energy that Eggy needed was enormous. The reason for that was because Eggy was like him. The quantity of source energy she needed in order to reach a breakthrough in cultivation was extremely enormous.

However, Chu Feng felt that the YinYang Immortal's rank six Martial Emperor's source energy should be helpful toward Eggy's cultivation. After all, she had already refined the source energies of so many experts. Even if she didn't manage to make a

breakthrough, they should have left her a good foundation to make a breakthrough with. Thus, with the addition of the YinYang Immortal's source energy, she should have reached a breakthrough by now.

Yet, it was actually useless. This meant that it was not an issue of there not being enough source energy. Instead, it was some other problem.

"It seems that it's useless. The seal your mother placed on me is truly too strong. I reckon it's that seal that has restricted my cultivation. I feel that my own body is not the reason why I need more source energy than others. Rather, it must be that seal. It is that spirit formation that sealed me that takes the greater amount of the source energies," Eggy said helplessly.

"How could it be like this?" Chu Feng also felt extremely shocked. He had never suspected that the seal on Eggy was capable of engulfing source energies.

"I reckon that it's because your mother is distrusting of me. That's why she deliberately used that spirit formation seal to limit my growth," Eggy smiled sweetly. With a very indifferent expression, she added, "However, it doesn't matter anymore. The speed at which you grow is extremely fast. Even if my cultivation is to progress somewhat, I will still not be able to provide with you anymore assistance."

"You already no longer need the protection of this Queen. From today onward, you shall be the one to protect this Queen," Eggy smiled very sweetly. It was so sweet that one would feel as if their heart would melt just by looking at her smile.

However, Chu Feng's heart was feeling extremely sour. Even though his mother had sealed Eggy for the sake of protecting him, he felt as if he had let Eggy down enormously.

'Eggy, rest assured. Sooner or later, I will remove that seal from you. I am already preparing for it. I'll definitely succeed.'

Chu Feng said those words from the bottom of his heart. He did not speak them out loud. The reason for that was because the seal on Eggy was truly too powerful. After all, it was his mother's technique. Chu Feng simply did not know what level of world spiritist his mother was.

Thus, Chu Feng did not have too great of a certainty that he would be able to undo Eggy's seal. Even though he was already making preparations to do so, he knew that it would be a very long process to actually undo Eggy's seal.

At the very least, the materials that he had gathered so far were greatly insufficient. He still needed to gather many, many more materials.

Xian Miaomiao gathered all of the possessions from the YinYang Immortal's corpse. Then, she walked up to Chu Feng and asked, "Chu Feng, why did you leave him an intact corpse? That man's death is well-justified. He should be dismembered into ten thousand pieces."

"If you are unable to do it yourself, this princess can help you hack him up."

"I am going to use his death to warn the people of the Dark Hall," Chu Feng said.

"So that's the case. I understand now," Xian Miaomiao was very intelligent. She already understood Chu Feng's intentions. Then, she opened her hand and handed several Cosmos Sacks to Chu Feng, "Here, they're all from the YinYang Immortal. It must be said that that fellow truly obtained a lot of treasures. As you're a world spiritist, these things are useful to you."

"It is all thanks to you that I was able to kill him. I would be embarrassed to accept all of them. How about this? Let's share them fifty-fifty," Chu Feng did not take the Cosmos Sacks.

"Fifty-fifty? Fifty-fifty your head."

“The majority of the things here are treasures for world spiritists. What use do I have for them? Furthermore, no matter what, I am still the Elf Kingdom’s little princess. Did you think I would lack those things?”

“What I lack the most are the Ancient Era’s Immortal Flowers. However, with your assistance, I have already found them. With these here that I’ll be bringing back to refine, I might even be able to reach another breakthrough. It would not be unrealistic for me to become a rank six Martial Emperor,” Xian Miaomiao slapped at the pink Cosmos Sack on her waist with a beaming smile. The only things contained in that Cosmos Sack were Ancient Era’s Immortal Flowers.

“Since that’s the case, I’ll accept them then,” Chu Feng accepted the Cosmos Sacks and put them away. The YinYang Immortal possessed even more treasures than the Avaricious Immortal. They were truly very useful to Chu Feng.

“However, on a different subject, while the things for world spiritists might be useless for you, this should be useful, right?” As Chu Feng spoke, he picked up that Ancient Alligator Body Piercing Blade. He planned to hand the Ancient Alligator Body Piercing Blade to Xian Miaomiao.

“No, no, no. I possess my own Imperial Armament, whereas you do not.”

“The YinYang Immortal is now dead. As such, this Ancient Alligator Body Piercing Blade is a masterless weapon. It would be perfect for you to use it,” Xian Miaomiao refused. In order to prevent Chu Feng from handing the Ancient Alligator Body Piercing Blade to her, she pushed Chu Feng away with a soft martial power and prevented him from getting close to her.

Being pushed back by Xian Miaomiao’s martial power, the Evil God Sword in Chu Feng’s right hand happened to come into contact with the Ancient Alligator Body Piercing Blade in his left

hand.

“Buzz~~~”

The moment the Evil God Sword came into contact with the Ancient Alligator Body Piercing Blade, an enormous suction power originated from within the Ancient Alligator Body Piercing Blade.

That suction power was truly frightening. It was as if it was trying to suck away Chu Feng’s soul. In panic, Chu Feng hurriedly released the Ancient Alligator Body Piercing Blade in his left hand.

“Chu Feng, that sword, that sword!!!”

In the instant Chu Feng let go of the Ancient Alligator Body Piercing Blade, Xian Miaomiao began to shout at him in astonishment. She was so shocked that she was unable to speak clearly.

Upon looking at it, Chu Feng was also extremely shocked. As an Imperial Armament, the Ancient Alligator Body Piercing Blade should be indestructible. Yet, at that moment, it was dissolving into muddy water and being assimilated into the Evil God Sword.

It turned out that the frightening suction power was not actually being emitted by the Ancient Alligator Body Piercing Blade itself. Rather, it was caused by the Evil God Sword. The Evil God Sword was currently devouring the Ancient Alligator Body Piercing Blade.

Furthermore, the speed at which the Evil God Sword devoured the Ancient Alligator Body Piercing Blade was extremely fast. In merely a short moment, the Ancient Alligator Body Piercing Blade was completely devoured by the Evil God Sword.

The Evil God Sword’s appearance remained completely unchanged. As for the Ancient Alligator Body Piercing Blade, it had completely disappeared. It had been refined by the Evil God Sword.

Chapter 1933 – News From Far Away

“Why would this happen?”

Chu Feng was still holding onto the Evil God Sword. As he looked at the sword, the shock that Chu Feng felt increased even further.

As matters stood, Chu Feng was already certain that the Evil God Sword was most definitely not an Incomplete Imperial Armament, for its power was even more frightening than Imperial Armaments. That was something that Chu Feng had personally experienced when using the Evil God Sword to fight against the YinYang Immortal.

“Paa~~~”

“Clank~~~”

Right at that moment, Xian Miaomiao suddenly rushed over and swatted the Evil God Sword out of Chu Feng’s hand.

“Miaomiao, what are you doing?” Chu Feng had a confused expression.

“Chu Feng, that sword is too nefarious. You cannot use it. While all of the other Demon Armaments were fake, that sword is a real Demon Armament. It was even capable of devouring an Imperial Armament. Sooner or later, it will also devour you completely,” Xian Miaomiao shouted loudly. She was worried for Chu Feng because she was also deeply frightened by the Evil God Sword.

“It’s alright. I was only using it as an ordinary weapon, and did not unleash any of the sword’s actual power. As such, it will not cause any harm to me,” As Chu Feng spoke, he proceeded to move toward the Evil God Sword to pick it up.

“That still won’t do! Aren’t you unable to see how dangerous it is?!” Xian Miaomiao pulled Chu Feng back.

“Miaomiao, I know that it’s very dangerous. However, it remains

that it is my sword, that it is a weapon that has recognized me as its master,” Chu Feng said.

“But it is a sword capable of devouring its master; even if it has recognized you as its master, it is still extremely dangerous,” Xian Miaomiao said.

“The people of the world all did not dare to touch it because they feared how dangerous it was.”

“If I am to act the same way, how would I be any different from the others? If I am to do that, I will really not be qualified to be its master,” Chu Feng still picked up the Evil God Sword.

The danger of the Evil God Sword had completely surpassed Chu Feng’s imagination. The Evil God Sword was a Demon Armament that Chu Feng was still incapable of controlling.

However, it was precisely because it was a Demon Armament that Chu Feng became eager to win against it and dominate it.

In fact, Chu Feng even felt that only a Demon Armament like the Evil God Sword was qualified to be his weapon.

“There’s truly nothing that I can do about you. However, it’s still better that you do not use it before you have sufficient strength. You are not allowed to use it again before you reach Half Martial Ancestor,” Xian miaomiao warned.

“Okay, okay, okay. I’ll keep that in mind,” Faced with the stubborn Xian Miaomiao, Chu Feng could only put the Evil God Sword away with a laugh. He also knew that Xian Miaomiao was thinking for his sake.

In fact, he was even able to guess that it was most definitely because of Xian Miaomiao’s assistance that he was able to feel better in the nightmare. The reason why he knew that was because he had felt a trace of Xian Miaomiao’s aura in the energy that he had felt in his dream.

“Woosh~~~”

Right at that moment, a golden ray of light sudden flew over. The speed of that golden ray of light was so fast that it caught both Chu Feng and Xian Miaomiao off guard.

By the time the two of them managed to react, the golden ray of light had already arrived before them. Furthermore, it was now slowly revolving around Chu Feng.

“Golden Flash Bird. Chu Feng, that’s a Golden Flash Bird! It should be here for you, no?” Xian Miaomiao was truly very knowledgeable. She actually recognized the Golden Flash Bird with a single glance.

“It should be,” Chu Feng knew that this golden flash bird must have been dispatched by the Compass Immortal to bring him news. Thus, he placed his finger on the Golden Flash Bird.

“Buzz~~~”

Once he did so, Chu Feng immediately received the information the Golden Flash Bird carried. Although they were only a couple short sentences, they were sufficient to allow a boulder weighing down on Chu Feng’s heart to fall away.

“The people of the Cyanwood Mountain are safe and sound. They were not attacked by the Dark Hall. Nangong Longjian and I will guard the Cyanwood Mountain for an extended period of time. Do not worry. If you’re planning to return to the Cyanwood Mountain, bring Longjian’s wife and daughter with you so that they can reunite there.”

“It’s great that nothing happened,” After receiving this information, Chu Feng heaved a sigh of relief.

Furthermore, it seemed that Nangong Longjian and the Compass Immortal were both planning to stay in the Cyanwood Mountain for an extended period of time to protect it. Chu Feng was extremely thankful for that.

“It flew away. That thing is so fast that I can’t catch it,” Xian

Miaomiao returned from the outside.

It turned out that the Golden Flash Bird had flown away right after passing on the information to Chu Feng. Xian Miaomiao had gone after it to catch it. Unfortunately, she was unable to catch it.

“Chu Feng, exactly what information did the Golden Flash Bird bring?” Xian Miaomiao asked curiously.

“Earlier, my friends were attacked by the Dark Hall. I was worried that something would happen to the Cyanwood Mountain. Thus, I asked two seniors of mine to go and examine the situation at the Cyanwood Mountain.”

“That Golden Flash Bird brought news from them that the Cyanwood Mountain is safe and sound,” Chu Feng did not conceal anything.

“It’s great that nothing happened. The Dark Hall is truly too hateful. We Ancient Era’s Elves will definitely not let them get away,” Xian Miaomiao said as she clenched her little fists. However, she soon looked toward the direction where the Golden Flash Bird disappeared to and said, “The Golden Flash Birds are truly powerful. It was actually able to disregard the pressure of this place.”

Hearing those words, Chu Feng’s expression immediately changed. Alarmed, he asked, “Miaomiao, could it be that we are still in the depths of the Blood Devouring Killing Formation?”

“That’s right. I was worried about you, so I did not leave the Blood Devouring Killing Formation. Thus, Lil Red helped me find a safe place to wait for you to awaken,” Xian Miaomiao said.

“Crap,” Chu Feng started to tightly frown. Immediately after, he hurriedly walked over to the YinYang Immortal’s corpse and put it away.

At the same time, he removed the YinYang Immortal’s gown. He knew that the gown possessed the same usage as their Blood

Devouring Armors, being able to withstand the pressure of this place. That was why the people from the Dark Hall were able to enter this place as well.

Chu Feng placed the gown on Xian Miaomiao. Then, using world spirit techniques, he made the gown fit Xian Miaomiao perfectly. After the gown had completely covered Xian Miaomiao, Chu Feng turned to Lil Red and asked, "Lil Red, do you know the quickest path to leave this place?"

"I do. I know everything. I am most familiar with this place," Lil Red said complacently.

"Lead the way," Chu Feng said.

"Sure thing," Lil Red turned into a ray of red light and began to fly toward the horizon. Pulling Xian Miaomiao with him, Chu Feng began to closely follow Lil Red.

"Chu Feng, could it be that the effect of the Blood Devouring Armor is soon to disappear?" Xian Miaomiao was very smart. She was able to guess from how worried Chu Feng was.

"It's alright, there's still enough time," Chu Feng said with a smile. He did not wish for Xian Miaomiao to be worried too.

However, seeing Chu Feng acting in such a way, Xian Miaomiao started to bite her lips. She felt very upset in her heart.

If it was really fine as Chu Feng had said, he would not have been so anxious earlier, nor would he have had her wear the YinYang Immortal's gown.

Thus, she knew that the current situation was extremely dangerous. Although she would be fine, it was extremely dangerous for Chu Feng. As long as the Blood Devouring Armors reached their time limit, Chu Feng would be exposed to the pressure here, and would undoubtedly be killed.

Xian Miaomiao was feeling guilty and ashamed. Even though her perception was very strong, it was greatly inferior to Chu Feng's.

She was unable to determine the time limit of the Blood Devouring Armors. That was why she had caused this disaster.

“Paa~~~”

Suddenly, Xian Miaomiao grabbed Chu Feng’s hand and began to accelerate. With her other hand, she grabbed Lil Red and said to it, “Lil Red, give me directions, I’ll fly.”

“Righto,” Lil Red nodded. Then, it said excitedly, “Take the left, take the left. Go right, go right. Yep, yep, yep. Just like this. Go straight, go straight.” Lil Red was taking great pleasure in ordering Xian Miaomiao around. Evidently, Lil Red was not aware of the crisis.

“This girl,” Seeing how serious Xian Miaomiao was, Chu Feng revealed a slight smile on his face.

While Xian Miaomiao might appear to be very carefree, weird and unserious, she was someone who could be relied on in a moment of crisis.

Chapter 1934 – Break Through The Seal

Xian Miaomiao moved through the Blood Devouring Killing Formation with a speed so fast that she looked like a ray of light.

In order to quickly leave this place, she had unleashed a Heaven Taboo Martial Skill-level movement martial skill.

That said, to use a Heaven Taboo Martial Skill for an extended period of time placed an enormous burden on her body. Right now, she was gasping for breath, and her complexion had turned pale. However, she was still moving forward persistently.

“Rumble~~~”

Suddenly, a loud explosion was heard. The space around them started to tremble, and a boundless amount of atmospheric pressure burst forth from underneath the ground. It was like a volcanic eruption. However, it was much more ferocious than a volcanic eruption.

That atmospheric pressure affected even Chu Feng and Xian Miaomiao. Suddenly, they were unable to steady their bodies.

“This!! What’s happening?!” When Xian Miaomiao looked down, her expression immediately changed.

Thick smoke was surging down below. The earth was crumbling as enormous cracks thousands of meters wide began to spread on the ground. Those cracks were so deep that they led directly underground. Looking at them, one could only see endless darkness.

When they looked further, Chu Feng and Xian Miaomiao discovered that this phenomenon was happening everywhere that they could see. It was as if the land of the entire Blood Devouring Killing Formation was subsiding and tearing apart.

“This is truly bad,” Compared to Xian Miaomiao, Chu Feng’s expression was even more uneasy.

“Chu Feng, what’s happening?” Xian Miaomiao asked Chu Feng.

“Buzz~~~”

Chu Feng did not answer Xian Miaomiao. Instead, he suddenly waved his sleeve. Then, a layer of spirit power covered both of them.

Chu Feng sat in the middle of the spirit formation and took out several spirit formation treasures from his Cosmos Sack. Then, he began to move his hands in rapid succession. Runes and seals were borne of his hand movements.

They entered the treasures, and continued until the treasures were assimilated into the spirit formation. It was only then that Chu Feng stopped.

When everything stopped, Chu Feng, Xian Miaomiao and Lil Red all disappeared. They were hidden in the void itself.

What Chu Feng had set up was a concealing formation. Not only was it capable of concealing their bodies, it was also capable of completely concealing their auras.

“Chu Feng, could it be...” Seeing Chu Feng’s movements, Xian Miaomiao seemed to have thought of something.

“There’s good news and bad news.”

“The good news is that the formation seal on this place has been broken. Thus, the pressure of this place will also disappear alongside it. As such, I am safe.”

“The bad news is that because the formation seal has been broken, the Ancient Era’s ferocious beasts that were sealed here are about to emerge,” Chu Feng said.

“Damn it! They managed to succeed. That damned Dark Hall!” Xian Miaomiao started to gnash her teeth in anger. After all, the release of the Ancient Era’s ferocious beasts was not good news at all.

“Roar, roar, roar, roar, roar~~~~”

Right at this moment, roars began to sound from the cracks in the ground down below. Soon, many ferocious auras soared into the sky.

At that moment, black clouds filled the previously sunny and cloudless sky. The area was covered in pitch-black darkness. On the ground, other than the devastation that filled the region, only unceasing roars could be heard.

On the ground, huge monsters were making their way out of the enormous cracks that led underground.

They were enormous. Each and every one of them was hundreds of meters long. They were like small mountains.

They were extremely powerful. All of them gave off the auras of Martial Emperors. The weakest among them were rank one Martial Emperors. Of those that were within Chu Feng and Xian Miaomiao's line of sight, the strongest were rank five Martial Emperors.

They possessed extremely frightening appearances. Although their shapes were all different, they all seemed to possess formidable powers. Their crimson eyes were like crimson suns. Murderous intentions filled those eyes. It was as if they wanted to kill everything in their line of sight.

However... they would not kill their fellows. These were the Ancient Era's ferocious beasts, the ferocious beasts that had lived since the Ancient Era.

“Roar~~~”

The Ancient Era's ferocious beasts were truly wild. After they crawled out from underground, they began to cause destruction all over the place. It was as if they were venting the anger and resentment in their hearts.

With a smash of their enormous claws, a huge area of land before

them would cave in. The ground that was already devastated became even more ruined after their destruction.

If these ferocious beasts were to arrive at locations where humans and others lived, the consequences would be unimaginable.

“This is extremely bad. Their numbers are greater than I expected.”

Chu Feng surveyed the area below. His gaze grew more and more uneasy. Not only were the Ancient Era’s ferocious beasts crawling out from the enormous cracks below, the cracks themselves were spreading outward.

Earlier, Chu Feng had wondered where the Ancient Era’s ferocious beasts were sealed. Now, he had gotten his answer. It turned out that the entire central region of the Blood Devouring Killing Formation was filled with sealed Ancient Era’s ferocious beasts.

Their number was simply innumerable. It was too frightening. If all of these ferocious beasts were released, it was likely even the Ancient Era’s Elves would not be able to contain all of them. A calamity would soon befall the Holy Land of Martialism.

“Chu Feng, are you able to determine where we are? We need to go toward the direction we came from. The greatest number of our Ancient Era’s Elf troops were stationed there,” Xian Miaomiao said to Chu Feng.

Earlier, the only thing on their minds had been to get out of the central region of the Blood Devouring Killing Formation as quickly as possible. That was why they had had Lil Red lead the way. However, as the Blood Devouring Killing Formation itself had now been destroyed, the pressure was no longer present. As such, there was no need for them to fear the pressure anymore. Therefore, it would be fine for Chu Feng to lead the way now.

“Very well,” Chu Feng did not hesitate. He hurriedly started to lead them in the direction of where they had come from.

Even though the situation was extremely bad, Chu Feng still had to protect himself and Xian Miaomiao. To quickly converge with the Ancient Era’s Elves’ experts would be the most optimal method.

After all, other than the Ancient Era’s ferocious beasts, there were also experts from the Dark Hall here. While his concealing formation might be able to conceal them from the Ancient Era’s ferocious beasts, it might not necessarily be able to conceal them from the Dark Hall’s experts.

Chu Feng was giving directions, while Xian Miaomiao was the one doing the actual flying. For the sake of getting there sooner, Xian Miaomiao unleashed her Heaven Taboo Martial Skill movement technique once again. Their traveling speed became extremely fast.

“Clank~~~”

“Clank~~~”

“Clank~~~”

“Clank~~~”

After Xian Miaomiao had traveled for some time, ear-piercing tolling began to sound from ahead. After they heard that tolling, some of the Ancient Era’s ferocious beasts that were running outward started to scream miserably.

From the direction where the tolling was coming from, many dazzling golden rays began to appear. The closer those golden rays came, the more dazzling they appeared. Before those golden rays, the Ancient Era’s ferocious beasts retreated in fear and began to run back toward the central region.

“This is great, it’s our Ancient Era’s Elves,” Seeing that scene, Xian Miaomiao was overjoyed, and began to accelerate.

Chu Feng saw that behind the golden rays were green armored soldiers. It was indeed the Ancient Era's Elves' army.

There were not many soldiers. From what Chu Feng could see, he could see that there were only about a thousand or so Ancient Era's Elves.

However, every tenth Ancient Era's Elf was holding a giant bell. Those giant bells were filled with an Ancient Era's aura. With every toll of the giant bell, a golden ray would appear.

"Is that the way Ancient Era's Elves restrain the Ancient Era's ferocious beasts? Truly, everything has a weakness."

Chu Feng was able to sense that although those giant golden bells were very ear-piercing, they did not pose any threat to martial cultivators. However, to those Ancient Era's ferocious beasts, they were deadly. If that hadn't been the case, those Ancient Era's ferocious beasts would not be that scared.

Furthermore, Chu Feng noticed that the Ancient Era's Elves were coming from all directions. It was as if they had formed a containment circle to seal off the entire Blood Devouring Killing Formation. At that moment, their containment circle was growing smaller. They should be sealing off the escape of the Ancient Era's ferocious beasts.

The below was written by Kindhearted Bee on 6-25-2015

PS:

This is for the brothers of the Asura Hall. However, I wish for all readers to have a look. This relates to the voting results.

Firstly, the Asura Hall is not limited to only the readers that entered the Asura Hall. The way I see it, all the readers that enjoy Martial God Asura are brothers of the Asura Hall. That said, I will be entering the main topic now.

Today is Thursday. However, I feel that the voting does not have

to continue anymore.

The reason for that is because eighty-nine percent of the book review area's readers voted that I do not have to make up for the missed chapters.

As for my Wechat platform, ninety-three percent of the readers voted that [I do not have to make up for the missed chapters](#).

This overwhelming superiority is enough to show that everyone is wise and farsighted. Indeed, all you brothers are very smart.

Although not having to make up for missed chapters might appear to be great on me, I know that everyone knows that it is actually even more difficult for me to do.

If I am to not make up for the missed chapters, [I will only have to make up for the remaining chapters](#). If I do not count the explosive releases every month based on the monthly tickets Martial God Asura receives, I will only have to release an average of thirty chapters a month. Oh how easy that would be.

However, if I do not need to make up for the missed chapters, then, when not counting the monthly explosive releases, I will have to write at least seventy chapters every month. Remember, that's every month. I truly cannot even afford to relax. In other words, each month I will have to write at least 150,000 characters. Remember, it's 150,000 characters.

However, everyone can rest assured. With this many brothers supporting me, I will definitely do my best. I have said it before, I was only able to continue writing because of your support. I am writing this book of mine for the sake of all you supporters.

I still remember the YY event where one of my readers managed to snatch the mic. At that time, the host asked him what he wished to ask me. He said that he had no questions and merely wanted to tell me that I do not have to care about what others say about me, that he will always support me.

I was truly moved when I heard those words. I was about to burst into tears. Actually... there are a lot of readers that tell me those things. Every day, when I open my messages, if ten percent of those messages are cursing me, then the other ninety percent are from my supporters.

To the readers that care about me: brothers, rest assured. I am not that weak. I was cursed at four years ago, and have continued to write while being cursed at. If you all are interested, you can listen to this story.

Four years ago, when my first book, War God Asura, just managed to obtain some achievements, I had people attack me. They said my writing was extremely bad, said that my writing was trash. When I do not write enough chapters, people complained about my moral quality, my character. When I decided to charge a fee for my book, people cursed me for scamming money.

If they were truly my readers, I wouldn't mind if they cursed me. At the very least, that would mean that they liked my writing. That would mean that they, at the very least, acknowledged me. When my readers curse at me, I will not complain. That remains true even now.

However, I discovered at that time that that small portion of people that were cursing at me everyday with fake accounts were actually my fellow writers.

In fact, one even found me and demanded money from me. He said that if I didn't give him money, he'd curse my writing for being bad everyday so that no one would read it.

As I was a newcomer back then, it was inevitable that I would be puzzled by all this. Later on, I had a senior tell me that writing web novels is also not a Pure Land. If your performance is good and you receive the support of the readers, it will be inevitable for others to be jealous of you. Without you even knowing, you'll have offended others. You'll get used to it eventually. If you're good, you'll get

popular. However, if others don't curse you, you will never get popular.

He told me two things:

Those who are popular will have a lot of scandals.

Those who are not envied by others are only mediocre.

I remembered those two sentences and continued to persist with my writing. However, I did not persist because of those two sentences. Rather, it was because of the readers that supported me. In other words, you all, the brothers of the Asura Hall.

When I finished writing my first book, it was accompanied by curses and scoldings. That being said, as the first book from a new writer, War God Asura's performance was most definitely dazzling.

When my second book, that is my current book, Martial God Asura, was serialized, that group of people that cursed me also appeared.

Right at the first ten chapters, there were people who said that my writing was inferior to War God Asura, that it would definitely fail.

When I wrote several hundred thousands of characters for Martial God Asura, there were people that said that my writing was growing worse and worse, that the more I wrote, the more trash it became, that it would definitely fail.

And now, I have written more than four million words for Martial God Asura. Yet, I am still seeing those comments everyday.

However, the clicks on Martial God Asura have now surpassed three hundred million, and there are several hundred thousand readers waiting for new releases of Martial God Asura everyday.

If you are to say that my writing is bad, I won't judge. Everyone likes different things. If you don't like something, I cannot force

you to like it.

However, there are over a million readers that like Martial God Asura. As a writer, that is already enough for me.

However, if you are to say that Martial God Asura will fail, I can only say that there's a problem with your eyes.

As for those that say that there will be no one to read Martial God Asura in the future, I can only smile at that. The reason for that is because the actual answer will make them want to cry.

Well then, that story I wanted to tell everyone is done. I said all these things because I wanted the readers who are concerned about me to be at ease. I will not be crushed by those that are throwing rocks at me, for I became who I am today with rocks coming at me the entire way.

The reason why I can persist even with the rocks being thrown my way is because I have you all supporting me the entire time.

Today is Thursday. It is still not Sunday. However, I have released five chapters in succession. Those were five chapters I wrote after staying up late into the night. From last night all the way till six in the morning today.

This are my repayment to you brothers. I did that because I care for you all. I also thank you all for caring about me.

The number of people cursing me will not decrease.

The number of people who dislike Martial God Asura will not decrease.

However, everyone, please believe me. The performance of Martial God Asura will get better and better.

The reason for that is because I possess the best brothers with me. As for those, they are all from a single place, the Asura Hall!!!

Bee was ~90 chapters behind due to his health problems and events where he releases a massive amount of chapters depending

on what rank MGA gets on 17k every month.

Bee removed the flower events and other additional chapter events because he was so far behind.

Chapter 1935 – Confronting Enemies Together

‘The Ancient Era’s Elves are truly powerful,’ After seeing the Ancient Era’s Elves’ army, Chu Feng felt admiration from the bottom of his heart.

They should have been guarding this place for many years. In fact, it should have been several generations since they started guarding this place.

To guard this place for so long without the emergence of the Ancient Era’s ferocious beasts would inevitably cause one to lower one’s guard. Yet, the Ancient Era’s Elves had not lowered their guard at all. From this, it could be seen how well-trained and disciplined the Ancient Era’s Elves were.

The Ancient Era’s Elves were like celestial soldiers that descended upon the mortal world to punish demons. Furthermore, these celestial soldiers were all composed of experts.

Chu Feng felt that, in the entire Holy Land of Martialism, the Ancient Era’s Elves should be the only power capable of doing this sort of righteous thing.

“Miaomiao, are you alright?”

At that moment, a blonde-haired old man that emitted airs of immortality arrived before Chu Feng and Xian Miaomiao.

Although this Ancient Era’s Elf was not one of the Protectors, his aura was extremely powerful, and actually surpassed that of the YinYang Immortal. If Chu Feng guessed correctly, he should be a rank seven Martial Emperor.

That man was not one of the Ancient Era’s Elves who was guarding this place. Instead, he was Xian Miaomiao’s bodyguard. He was someone who would follow Xian Miaomiao everywhere. He had been hiding within the void the entire time. It was also the

first time that Chu Feng was meeting him.

Due to the fact that only the younger generation were capable of entering the central region of the Blood Devouring Killing Formation, he had had no choice but to wait outside of the Blood Devouring Killing Formation regardless of how strong he might be.

“Uncle, I am fine. Merely, the current situation is very bad,” Xian Miaomiao said impatiently.

“Indeed, the situation is very bad. I never would’ve expected that the Ancient Era’s ferocious beasts that had been sealed for so long would suddenly break through the spirit formation seal. The time is much sooner than His Majesty had anticipated,” In that moment, two more burly middle-aged men wearing green armor flew over to Xian Miaomiao and Chu Feng.

Although the two of them both had appearances of middle-aged burly men, they had actually lived for thousands of years. The two of them both possessed extremely powerful cultivations. Like the YinYang Immortal, they were both rank six Martial Emperors.

They were Ancient Era’s Elves tasked with guarding this place. However, Chu Feng felt that they should not be the only two rank six Martial Emperors tasked with guarding this place. With how enormous this Blood Devouring Killing Formation was, and the fact that there were Ancient Era’s Elves stationed all around it, the number of experts that were stationed here should be numerous.

After seeing Xian Miaomiao, several more of the Ancient Era’s Elves flew over. Even though their cultivations were all at different levels, the weakest among them were rank four Martial Emperors; they were all extremely powerful individuals.

It was in that moment, that Chu Feng finally realized why the Ancient Era’s Elves were the strongest power in the Holy Land of Martialism. It turned out that their forces were not only limited to the Four Grand Elders and the Eight Protectors; they possessed

many more peak experts. Merely, those experts were tasked with important responsibilities.

“However, do not worry, Your Highness. Although His Majesty just transferred some of the troops stationed here, those that remain are sufficient to handle the Ancient Era’s ferocious beasts. At the moment when the Blood Devouring Killing Formation was destroyed, we immediately sealed this entire region. No matter how numerous the Ancient Era’s ferocious beasts might be, not a single one of them will be able to escape,” The other middle-aged burly man said.

“No, it’s not that simple. You absolutely cannot lower your guard,” Xian Miaomiao said.

“Your Highness, could it be that you know something?” Hearing this Xian Miaomiao’s bodyguard and the two middle-aged burly men looked to one another. They seemed to have realized something.

“Allow me to explain,” Chu Feng stepped forward and told them about the Dark Hall.

“So it’s actually the Dark Hall that did this. How did they know that the Ancient Era’s ferocious beasts were sealed here?” After hearing about what had happened, the Ancient Era’s Elves’ experts were all extremely shocked.

It would be one thing if it was the Ancient Era’s ferocious beasts breaking through the seal themselves. However, if it was done by the people from the Dark Hall, the situation would be much more complicated, and much more dangerous.

Suddenly, Xiao Miaomiao’s bodyguard said to Chu Feng, “Little friend Chu Feng, I’ll have to trouble you with one thing. Please take Miaomiao back to our Elf Kingdom safely,”

“Uncle, you’re not returning with me?” Xian Miaomiao asked.

“Miaomiao, my duty is to protect you. However, all of our

Ancient Era's Elves here might encounter fatal danger. I cannot disregard them. This time around, I'm afraid that I will not be able to be by your side to protect you," The old man said with a smile on his face. However, self blame was evident in his eyes.

He was blaming himself for being unable to protect Xian Miaomiao. However, he knew what was more important.

If the Ancient Era's ferocious beasts were to escape, countless living things in the Holy Land of Martialism would suffer a calamity. In this sort of situation, he had to choose to stay here and suppress the Ancient Era's ferocious beasts with all his strength.

"If uncle is not leaving, I am also not leaving. Not only am I an Ancient Era's Elf, I am also the Elf Princess. I am going to confront these enemies together with you all, and eliminate the Dark Hall."

Xian Miaomiao said those words while patting her chest. Even though the situation right now was very bad, excitement filled Xian Miaomiao's face. She had the appearance of a newborn calf that was not afraid of a tiger.

"Miaomiao, this is not the time to act headstrong," Hearing those words, her bodyguard was immediately made anxious.

"That's right, Your Highness, it's better that you leave. This place is too dangerous," The other Ancient Era's Elves' experts also started to panic. The reason for that was because Xian Miaomiao could be said to be the greatest treasure of their Ancient Era's Elves. While they could lose everything else, they absolutely could not lose Xian Miaomiao.

"Uncle, you know my temperament. I said that I'm staying, so I'm staying. Right now, even if you left, I would still stay. I must properly teach those scoundrels of the Dark Hall a lesson. They are truly too hateful," Xian Miaomiao said.

"But, if you stay, little friend Chu Feng will also not leave. You cannot involve little friend Chu Feng in this," The old man looked

to Chu Feng.

“Actually, I never planned to leave. The reason for that is because there is already an enormous hatred and grudge of blood between the Dark Hall and I,” Chu Feng said with a smile.

What Chu Feng said was what he really thought. If the numerous Ancient Era’s Elves’ experts were not here, he would definitely choose to escape. He was not someone who would attempt to strike a stone with an egg.

However, the current situation was different. All of these Ancient Era’s Elves’ experts were staying here to fight to protect the safety of the Holy Land of Martialism. As such, how could Chu Feng possibly escape by himself?

“Haha, Uncle, there’s nothing you can do now, right?” Xian Miaomiao laughed. Then, she flew over to a golden bell and struck it hard.

“I must also help out,” After Chu Feng said those words, he also ran over to help strike the bell. The reason for that was because only the sound of those bells was capable of deterring the Ancient Era’s ferocious beasts.

“Milord, this...” The Ancient Era’s Elves’ experts were at a loss as to what to do. They all looked to the blonde old man.

“Although you all might not know Miaomiao’s temperament well, I know it very well.”

“Since she is determined, no one will be able to take her away. If we insist on taking her away, she will even threaten you with her own life,” The old man said helplessly.

“Ah?” The Ancient Era’s Elves’ experts all opened their mouths wide in shock. At that moment, they started to panic even more.

“Think of a way to transfer all of the experts that are rank four Martial Emperor and above over here. Gather our strongest forces to protect Her Highness the Princess and little friend Chu Feng,”

The old man said.

“Yes!” After receiving that order, the experts all scattered.

Later on, more and more Ancient Era’s Elves’ experts began to gather in that location.

Chu Feng noticed this happening. He knew that this was a measure the Ancient Era’s Elves were taking in order to protect Xian Miaomiao.

Merely, when there were several tens of rank five Martial Emperors and over a dozen rank six Martial Emperors gathered there with them, Chu Feng was unable to help himself from being astonished.

Furthermore, this was the strength of the troops stationed here after troops had already been transferred to other places by the Elf King. If those troops had not been transferred away, how many experts would be stationed here?

If all of the Ancient Era’s Elves’ military strength were to be gathered here, how powerful would they be? The strength of the Ancient Era’s Elves was truly enormous. It was so enormous that it was simply beyond measure.

Not to mention the Four Great Imperial Clans, it was likely even the strongest human powers, the Three Palaces, would be greatly inferior to the Ancient Era’s Elves.

At that moment, even Her Lady Queen started to commend the Ancient Era’s Elves’ strength. “The Ancient Era’s Elves are quite powerful. With their strength, they are fully deserving of being declared as the strongest in the Holy Land of Martialism. It is no wonder that the Dark Hall fears them.”

“Yet, there are actually humans that think that the Three Palaces are the strongest powers in the Holy Land of Martialism. It could only be said that they are simply too ignorant,”

“Mn, right now, the only ones capable of and willing to contend

with the Dark Hall would be the Ancient Era's Elves."

"Before all this, I truly never imagined that the Ancient Era's Elves would be the ones that would protect the Holy Land of Martialism," Chu Feng was also gasping with admiration.

"Merely, Chu Feng, it is clear that the Dark Hall has done all this with a plan in mind. The YinYang Immortal was merely one of their many experts. Even though there are many Ancient Era's Elves' experts guarding this place, it does not mean that they will have much of a chance at victory."

"Do you really plan to stay here and fight till the end?" Her Lady Queen was worried about Chu Feng's safety.

Chapter 1936 – The Dangerous Woman

“Humans have the highest population of all living beings in the Holy Land of Martialism. If the Ancient Era’s ferocious beasts are released, the humans will suffer the greatest casualties.”

“The Ancient Era’s Elves are totally capable of not doing anything, or withdrawing from this place after learning that people from the Dark Hall are here. However, they have not done so.”

“For these Ancient Era’s Elves, I am truly unable to abandon them and escape by myself,” As Chu Feng said those words, he took a glance at Xian Miaomiao who was putting great effort into striking the bell. He added, “It would be even more impossible for me to abandon Miaomiao.”

“Since that’s the case, then you can let this Queen out. Even though this Queen’s strength is greatly inferior to yours right now, I am still capable of being some help,” Her Lady Queen said.

“Milady Queen, the thing that I am unable to do the most is put you in danger. With the situation like it is, do you think I will possibly allow you to come out?” Chu Feng said.

“Hey hey hey, if you are to die, I will not be able to live anymore either. Do not forget that I am sealed in your body, and that our lives are linked together.”

“For you to put yourself in danger is equivalent to you putting this Queen in danger. Thus, do not bother with those superfluous words and release this Queen,” Her Lady Queen said.

“That still won’t do,” Chu Feng refused decisively. There was something that Chu Feng did not tell Eggy. Right now, he was capable of killing himself and letting Eggy survive in a moment of crisis.

Merely, that was something that he could not tell her, for if he

were to tell her, he feared that, with Her Lady Queen's temperament, she would become angry with him.

.....

The Ancient Era's Elves' army continued onward. Their troops moved from the outer perimeter into the inner perimeter and continued to advance further. They had contained all of the Ancient Era's ferocious beasts in the Blood Devouring Killing Formation's central region.

However, this was not the end. The Ancient Era's Elves were still pushing further inward. They were planning to firmly contain the Ancient Era's ferocious beasts. Then, they would be able to kill all of them.

So far not a single Ancient Era's ferocious beast had managed to escape.

Regardless of what the cultivation of the Ancient Era's ferocious beasts might be, they were still fleeing in terror.

Seeing that, not only did the Ancient Era's Elves not feel any exhaustion, their spirits instead soared even further. Their fighting spirit and morale were extremely high.

"Eggy, I keep feeling that something's wrong," Just then, when the Ancient Era's Elves were cheering excitedly, when they were planning to kill all of the Ancient Era's ferocious beasts, Chu Feng was feeling uneasy.

"Indeed, this is fishy. The Dark Hall clearly came prepared. Thus, why would they allow the Ancient Era's Elves to contain the Ancient Era's ferocious beasts without interfering?" Her Lady Queen also realized that the situation was amiss.

The reason for that was because the Ancient Era's ferocious beasts were simply unable to contend against the Ancient Era's Elves. Yet, not a single person from the Dark Hall had been seen. Thus, this battle had become a one-sided battle.

However, all of this only showed that the situation was abnormal. After all, no matter how one looked at it, this battle had truly been won too easily.

It was precisely because it had been won so easily that one would feel uneasy.

Chu Feng knew that it was not only him and Eggy that felt the situation to be bad. Many of the Ancient Era's Elves' experts were feeling the same way.

This could be seen through how they were surveying their surroundings and did not have smiles on their faces even though victory was right before their eyes.

However, even though they felt that the situation was amiss, there was nothing they could do other than continue with the plan.

“Woosh, swoosh, clank, clank~~~”

Suddenly many shackles appeared out of thin air. Like dragons, they traveled through the sky.

Those chains were ten meters thick, with a length that could connect the sky to the earth. At this moment, from all directions, enormous chains were densely packed in the air. As the chains interweaved with one another, they began to form an inescapable net that would seal all of the Ancient Era's Elves inside.

“Clank, clank, clank, clank, clank~~~”

“Boom, boom, boom, boom, boom~~~”

Seeing that the situation was bad, the Ancient Era's Elves began to unleash attacks at the chains. However, regardless of how powerful they were, regardless of what sorts of attacks they used, the Ancient Era's Elves were actually unable to do anything to those chains.

Those chains were actually indestructible.

“Quickly, escape! Get out of here! We cannot be trapped in here!”

Seeing that the situation was bad, the Ancient Era’s Elves’ experts began to order their troops to give up on surrounding and killing the Ancient Era’s ferocious beasts to protect their own lives first.

The reason for that was because those chains contained a special power capable of causing the Ancient Era’s Elves’ golden bells to lose their effectiveness.

As matters stood, they were no longer capable of containing the Ancient Era’s ferocious beasts. As such, their only option was to escape.

Right after the order to escape was given, several experts arrived before Chu Feng and Xian Miaomiao. With their fastest speed, they brought Chu Feng and Xian Miaomiao out of the chains’ encirclement.

At that moment, the other Ancient Era’s Elves were all frantically trying to escape. However, the speed of the chains was simply too fast. In the blink of an eye, they were completely covered by the chains. At least one tenth of the Ancient Era’s Elves were unable to escape in time.

“Ahhh~~~~~”

“Noo~~~~~”

In that moment, the Ancient Era’s Elves’ miserable screams and the roars of the ferocious beasts began to sound from within the chains. Even the sound of the Ancient Era’s Elves’ bodies being torn apart could be heard.

“Damn it! Damn it!!!”

“Noo! This can’t be happening, this can’t be happening!!!”

At this moment, there were Ancient Era’s Elves that were gnashing their teeth in anger, and there were also Ancient Era’s

Elves that were muttering with tearful voices. Some even rushed toward the chains to attack them.

After all, the elves that were being torn apart by the Ancient Era's ferocious beasts on the other side of the chains were their clansmen.

However, the majority of the Ancient Era's Elves were solemnly surveying their surroundings.

They all knew that this was a trap left by the Dark Hall, and that they had fallen for that trap.

“Get the hell out here!!!”

At that moment, that blonde old rank seven Martial Emperor that had taken command of the army shouted angrily at the sky above.

Once his voice sounded, space itself started to violently tremble.

He seemed to have sensed that there was someone there.

“Hehe...”

Sure enough, a strange laugh sounded from the direction where the blonde old man had shouted.

Then, that region of space started to distort. Then, over a hundred figures appeared.

They were all people from the Dark Hall. Each and every one of them possessed extremely powerful cultivations. The weakest among them were rank four Martial Emperors. However, at this moment, three people among them caught the most attention.

Those three people were the most dangerous existences among the Dark Hall's crowd.

The person standing on the right was a woman, a very beautiful and alluring woman.

She was wearing a very revealing outfit. Although her black skirt

was not short, it was open on one side. Even without her moving her legs, one could see her fair, lustrous and beautiful leg from the split on the side of her skirt.

It was beautiful, truly beautiful. Even though Chu Feng had seen countless women, he felt that woman's leg to be the most beautiful leg he had seen. If her legs were any longer or any shorter, they would give off a completely different sensation. Yet, her legs were just the right length; they were simply perfect.

Not only was her beautiful leg exposed, her shoulders were also exposed. With her supple black hair scattered over her fair and beautiful shoulders, she truly looked charming.

That woman's figure was exceptionally beautiful. However, her face was not at all inferior to her perfect curves.

She possessed a standard oval face with a high nose-bridge and ample and captivating lips. They looked like nothing less than tasty fruit. When one looked at them, one would feel the urge to bite them.

However, the most captivating aspect of this woman were her eyes. She possessed a pair of walnut-sized eyes and long, black eyelashes. Her eyes greatly resembled the eyes of foxes. Yet, there were some differences.

More precisely, her eyes looked more like the eyes of an alluring female spirit. Even though they were extremely charming, one would feel enormous danger when looking at them.

Chapter 1937 – The Dark Hall's Hall Master

Dangerous, it was truly very dangerous. Chu Feng was unable to see through the age of that alluring woman, nor was he able to see through her cultivation. However, with a single glance, he was able to sense the incomparably malicious and nefarious aura that she emitted.

This was different from Eggy. Although Her Lady Queen also emitted a nefarious aura, it was only something that one could sense when Her Lady Queen was angered. In normal times, Her Lady Queen was only a mischievous little beauty.

As for that woman, she was different. One could sense how dangerous she was with a single glance. She was extremely dangerous.

However, that dangerous aura she emitted caused her beauty and her figure to become even more alluring.

The reason for that was because people would always feel that what they could not obtain was the best. For a woman like her, who would dare to say that they would be able to obtain her? Who would dare to approach her?

Not to mention the others, even Chu Feng felt that way after seeing that woman.

Chu Feng felt that a woman like her would be destined to not have any relationship with him. After all, it was determined that she would be Chu Feng's enemy the moment she stood alongside the people of the Dark Hall.

“World Devastator Immortal, you... you're actually also working for the Dark Hall?”

At that moment, the blonde-haired old man uttered those words in an extremely astonished voice. Disbelief was present in both his gaze and the tone of his voice.

“World Devastator Immortal?”

After hearing what the blonde-haired old man said, the rest of the Ancient Era’s Elves present all turned their gazes to that World Devastator Immortal. Chu Feng was also no exception.

As for the World Devastator Immortal that the blonde-haired old man spoke of, he was the person standing to the left of the three people that led the Dark Hall’s crowd.

He was a man, a very handsome man. It could be said that he was the man with the most perfect appearance of all the men that Chu Feng had seen so far.

He was someone that could cause countless women to faint with merely his face.

However, that man, like that woman, also emitted a sinister aura that made others feel that he was very dangerous.

Furthermore, like that woman, Chu Feng was unable to see through that man’s cultivation or age.

However, Chu Feng had heard of the World Devastator Immortal before.

The World Devastator Immortal was ranked second among the Holy Land of Martialism’s Ten Immortals.

Furthermore, he was a Divine Body. Reportedly, when he was born, a doomsday-like abnormal sign appeared, and it looked as if the entire world would perish. That was why people named him the World Devastator Immortal.

Before the World Devastator Immortal, not to mention the Avaricious Immortal, even the Weaponry Refinement Immortal and the Immeasurable Immortal would be not be able to compare to him. They were all greatly inferior to him.

Not only was the World Devastator Immortal one of the strongest world spiritists in the Holy Land of Martialism, he was

also one of the strongest martial cultivators in the Holy Land of Martialism.

“Since you’ve already seen me, why bother asking?” The World Devastator Immortal said.

Chu Feng was immediately startled by his voice. This extremely, unbelievably handsome man, this World Devastator Immortal whose fame had reached every corner of the Holy Land of Martialism, was actually a sissy.

That’s right. His voice was very high pitched, like that of a woman. However, it only resembled a female’s voice, and was not an actual female’s voice. It was as if an eunuch was speaking. Hearing that voice, one would feel extremely uncomfortable.

“This is bad. Why would the World Devastator Immortal be working for the Dark Hall?” At that moment, many of the Ancient Era’s Elves revealed ugly expressions. The blonde-haired old man also had that same expression.

After all, the World Devastator Immortal was extremely powerful. Even if the Dark Hall did not have that many people here, the World Devastator Immortal himself would already make the situation extremely bad for them.

At the moment when the Ancient Era’s Elves were alarmed by the World Devastator Immortal, Chu Feng was paying close attention to the man standing between the World Devastator Immortal and that sinister woman.

That man wore a black cloak and a mask. His long blue hair actually reached his feet. On top of his head was a headdress with the character ‘Ying’ on it. Other than that, his outfit was practically the same as the rest of the Dark Hall’s experts.

However, Chu Feng knew that this person was the most dangerous among the three people. Even that woman that emitted a nefarious aura all around and the renowned World Devastator

Immortal were unable to compare to him.

If Chu Feng's guess was correct, that man should be the Dark Hall's Hall Master.

Right at that moment, that blue-haired man slowly said, "The Ancient Era's Elves truly possess a well-deserved reputation. You are all very well trained. Your display has surpassed my imagination. You all are truly excellent."

"Today, I wish to thank all of you Ancient Era's Elves for helping me. If it hadn't been for you all, it would be difficult for us to capture all of those Ancient Era's ferocious beasts."

"Bastard, you actually dared to exploit us!" Hearing those words, the Ancient Era's Elves were enraged. Several of the Ancient Era's Elves' experts flew toward that blue-haired man to attack him.

"Bang, bang, bang, bang~~~"

However, before they could even approach the blue-haired man, their bodies all exploded. They turned into blood that sprinkled onto the ground.

They had been killed. However, no one had done anything. It was as if there was no sign of anyone causing their deaths at all, as if they had died from the explosions of their own bodies.

However, everyone knew that they had been killed. They should have been killed by that blue-haired man.

After killing many of the Ancient Era's Elves' experts without even lifting a finger, the blue-haired man said indifferently, "The only person among your Ancient Era's Elves who is capable of fighting against me is your Elf King."

"Could it be that you are that Dark Hall's Hall Master?" The blonde-haired old man asked.

"Precisely," The man nodded.

"Boom~~~"

Right after that man verified his status, the blonde-haired old man's body suddenly let out a loud explosion. Then, green gaseous flames began to emit from his body.

With a flip of his palm, a curved green blade appeared in his hand. Once that curved blade appeared, the weather changed as black clouds and thunder filled the sky.

Imperial Armament. Not only did the blonde-haired old man reveal his Imperial Armament, he had also unleashed the special power of the Ancient Era's Elves' bloodline. Otherwise, it would be impossible for his aura to be this imposing.

At that moment, not to mention the people from the Dark Hall, even Chu Feng felt enormous pressure from the blonde-haired old man.

“You wish to fight against me with only this bit of strength?”

However, faced with the blonde-haired old man's imposing aura, that Dark Hall's Hall Master only laughed. Contempt filled his laughter.

“How would I know if I don't try?” As the blonde-haired old man spoke, another explosion sounded. He had charged forth.

He simply did not look like an Ancient Era's Elf. Instead, it was like a continuous mountain range was flying toward the Dark Hall's Hall Master to attack him.

“Buzz~~~”

Right at the moment when the blonde-haired old man's Imperial Armament was about to reach the Dark Hall's Hall Master, the Dark Hall's Hall Master suddenly extended his finger.

His finger collided with the Imperial Armaments' curved blade edge. As they collided, the old man's curved blade was like an elephant in a quagmire. He was unable to unleash his strength. He had been bound.

“Snap~”

At that moment, Chu Feng was clenching his fist tightly. This was the first time that Chu Feng was clenching his fist like this out of nervousness.

The Dark Hall's Hall Master was truly too powerful. No matter how strong the blonde-haired old man might be, he would not be a match for the Dark Hall's Hall Master.

Yet, at that moment, Chu Feng deeply wished for the blonde-haired old man to win. The reason for that was because only by him winning would Chu Feng and the others have a chance at surviving. If the blonde-haired old man was defeated, Chu Feng and the others would undoubtedly be killed.

The Dark Hall's Hall Master. No one had expected that the Dark Hall's movements this time around would bring about the appearance of such a character.

They were truly prepared beforehand.

Chinese people are not very PC at all. Then again, eunuchs are very commonly seen in Chinese historical TV shows. They generally have high pitched voices and will always extend their pinkies. In history, people would send their children to become eunuchs for the king/emperor so that they could have a better life (generally). Some eunuchs gained so much power that they were basically the de facto ruler of China at certain points.

Chapter 1938 – Same Bloodline?

After blocking the blonde old man's attack, the Dark Hall's Hall Master said, "Old fool, did you know that your rude actions would cause all of your Ancient Era's Elves to be killed alongside you?"

"What did you say?" The blonde old man was confused.

"Zzzzzzzzz~::~~::~~"

Right at that moment, lightning flashed through the eyes of the Dark Hall's Hall Master. Then, a thick bolt of lightning, like a dragon, surged out of that Dark Hall's Hall Master.

After that lightning appeared, it began to extend rapidly. Like a sharp blade, it pierced through many of the Ancient Era's Elves.

Everything happened too quickly. Other than Chu Feng and a few of the Ancient Era's Elves' experts, the rest of the Ancient Era's Elves were all struck by that bolt of lightning.

All those that were struck by the lightning were killed on the spot without a corpse remaining. They were killed so quickly that they did not even have the time to scream before their deaths.

In merely an instant, thousands of Ancient Era's Elves were killed.

At this moment when thousands of Ancient Era's Elves had been killed by the Dark Hall's Hall Master, Chu Feng's expression took a huge change. He revealed an extremely shocked gaze. He looked to that Dark Hall's Hall Master with an expression of disbelief.

"Nooo!!!!!!!!!!!!!!!!!!"

Just then, the blonde-haired old man let out a sorrowful and heartbroken roar. Then, overwhelming anger and killing intent surged forth from within his body.

"Woosh~::~~::~"

With the sudden explosion of power, the curved blade in his hand

managed to bypass the Dark Hall's Hall Master's finger and thrust towards his dantian.

“ZZZZZZZZZZ~”

Right at the moment when the curved blade of his Imperial Armament was about to reach his dantian, lightning surged from within the Dark Hall Hall Master's body.

Not only did that lightning block the blonde-haired old man's attack, it also revolved around the Dark Hall's Hall Master and formed an armor of lightning that covered his entire body.

At that moment, it was not only Chu Feng who felt enormously shocked. Even Xian Miaomiao was feeling the same sort of shock. She involuntarily looked to Chu Feng.

The reason for that was because that Dark Hall Hall Master's Thunder Armor was exactly the same as Chu Feng's Thunder Armor.

Not only that, the lightning that he unleashed earlier possessed many different colors. Those colors were actually exactly the same as the colors of the lightning that Chu Feng possessed.

All of this meant one thing. That, in the Holy Land of Martialism, Chu Feng was not the only person that possessed the power of the enormous lightning beasts, not the only person that possessed that powerful Inherited Bloodline.

This Dark Hall's Hall Master before them was also a possessor of the enormous lightning beasts.

He... was someone who possessed the same Inherited Bloodline as Chu Feng.

“Haha, Chu Feng, I deliberately revealed my Thunder Armor to you so that I could see your current expression.”

That Dark Hall's Hall Master looked to Chu Feng with a beaming smile. From his gaze, Chu Feng could tell that he was ridiculing

him.

“As for you, I can easily kill you even without using my Thunder Armor,” The Dark Hall’s Hall Master suddenly looked to the blonde old man. Then, suddenly, he thrust his hand forward like a sharp blade. “Puu,” his hand pierced through the blonde old man’s dantian.

One must know that the blonde old man was wearing special clothing that possessed an extremely powerful defense. Yet, before the Dark Hall’s Hall Master, it was unable to withstand a single blow.

“Scram! Someone as weak as you actually dared to attack me?” Then, the Dark Hall’s Hall Master waved his sleeve and threw the blonde old man to Chu Feng.

“Paa~~~”

Chu Feng extended his hand to catch the blond old man.

“Uncle.”

“Milord.”

At that moment, the surviving Ancient Era’s Elves all hurriedly ran over to the blond old man’s side. One of the experts nervously received the blonde old man from Chu Feng.

“Who are you?” Chu Feng raised his head up and looked to the Dark Hall’s Hall Master.

“Who am I? That’s not important. What’s important is that I am the same as you. We both possess the same sort of power,” The Dark Hall’s Hall Master said.

Right at that moment, that nefarious woman suddenly said, “It’s about time, we can leave now.”

“Mn, let’s go then,” The Dark Hall’s Hall master nodded and began to turn around to leave.

“Wait, exactly who are you? How did you get here?” Chu Feng

shouted.

However, the Dark Hall's Hall Master simply ignored Chu Feng. He raised his palms toward the chains that sealed off the Ancient Era's ferocious beasts in midair. Then, the Ancient Era's ferocious beasts began to gradually disappear. They were being pulled into the void.

Not only were they planning to leave, they were going to take the Ancient Era's ferocious beasts with them.

"Bastard! Answer me! Exactly what is your intention in capturing those Ancient Era's ferocious beasts?! Exactly what is your aim?!" Chu Feng grew anxious. He soared into the sky and flew toward the Dark Hall's Hall Master.

The reason for that was because, to Chu Feng, that man was not only the Dark Hall's Hall Master; he was also someone who possessed the same Inherited Bloodline as him.

However, before Chu Feng could approach him, the World Devastator Immortal suddenly shouted, "Scram." Then, Chu Feng felt a very powerful yet invisible energy appear out of nowhere. It smashed ruthlessly into his chest and knocked Chu Feng into the ground from the sky.

Not only did the impulse of Chu Feng's collision create an enormous crater in the ground, it also caused Chu Feng to vomit out a mouthful of blood onto his Blood Devouring Armor.

"Chu Feng, you are truly unqualified to fight against me right now. You... are too weak. You are so weak that... you are unqualified to possess the power that you have."

"However, this cannot be blamed on you. After all, a place like the Holy Land of Martialism is filled with trash. Regardless of how rubbish your talent might be, you will still be a genius here."

"In such a place, it is inevitable that someone like you will become conceited and arrogant. Naturally, it would be difficult for

you to make progress.”

“However... I can help you. I’ll let you experience pain. Perhaps, with extreme pain and suffering, you might be able to unleash new potential.”

“However, the precondition for that would be that these people present have sufficient weight in your heart,” After the Dark Hall’s Hall Master finished saying those words to Chu Feng, he looked to the World Devastator Immortal and said, “World Devastator, you should know what to do. However, you must not kill him. This trash must be left for me to personally kill.”

“Lord Hall Master, please rest assured. This World Devastator will definitely accomplish this task,” The World Devastator Immortal, one of the most powerful World Spiritists in the Holy Land of Martialism, actually bowed respectfully to the Dark Hall’s Hall Master.

“Mn,” The Dark Hall’s Hall Master nodded in satisfaction. Then, he planned to leave.

“Wait, don’t go! Tell me how you managed to get here! Why are you doing all this?!” Chu Feng shouted again. The fact that the Dark Hall’s Hall Master possessed the same sort of power as him meant that it was very possible for him to be Chu Feng’s clansman from the Outer World.

However, as someone from the Outer World, why would he run to this place? Why would he, someone who was high and above, do such a thing? Chu Feng did not understand.

“Chu Feng, don’t be anxious. We will meet again. However, you should prepare yourself. For the next time we meet, I will make you suffer even more miserably.”

“Hahahaha...” After that man finished saying those words to Chu Feng, he burst into loud laughter.

While his laughter continued, he and the various experts of the

Dark Hall stepped into the void.

They were gone. Other than the World Devastator Immortal, the Dark Hall's Hall Master, that nefarious woman, and all the other experts of the Dark Hall had all left.

However, that laughter was still present. It was still echoing...

After that laughter died out, in this region, other than the Blood Devouring Killing Formation that had become useless and the devastation that filled this area, only Chu Feng, a few Ancient Era's Elves and that World Devastator Immortal remained.

Chapter 1939 – Torment

“Exceptional genius, an era’s demon level genius, haha...”

The World Devastator Immortal looked to Chu Feng with a beaming smile. His gaze was filled with mockery.

“Chu Feng, not only are you a pile of dog shit in the eyes of the Hall Master, you are also a pile of dog shit in my eyes,” The World Devastator Immortal said as he looked to Chu Feng.

“World Devastator, exactly what is it that you’re planning to do?” The blonde old man shouted. The reason for that was because the World Devastator Immortal’s oppressive might had enveloped them. His oppressive might caused them to feel extremely uneasy.

“What am I planning to do? I’m going to have you all die here,” The World Devastator Immortal smiled strangely. Then, he turned to the empty space next to him and made a grabbing motion. Instantly, the martial power within that space immediately entered his palm.

Then, he spread open his palm and pushed it lightly toward the space before him. As the martial power scattered, nine golden-bright and dazzling daggers formed. They began to float in midair.

“Woosh~~~”

Suddenly, the World Devastator Immortal pointed below, and one of the nine daggers flew downward. It was aimed at an Ancient Era’s Elf’s dantian.

The speed of that dagger was extremely slow. It was so slow that it was even slower than the normal speed at which an object would fall from above.

That sort of speed was something that Chu Feng and the others, with their cultivations, should be able to easily dodge.

However, the World Devastator Immortal’s oppressive might had

not only enveloped them, it had also restricted their movements. As such, they could only watch as the dagger fell from above.

“Putt~~~”

Finally, that dagger pierced into that Ancient Era’s Elf’s dantian. As blood spilled from his dantian, that Ancient Era’s Elf clenched his teeth tightly and did not even utter a single scream of pain.

“Quite a good endurance you have there. I shall see how long you can endure.”

The World Devastator Immortal smiled coldly. Then, he lightly revolved his finger. Following his finger, that dagger actually began to spin around while still pierced into that Ancient Era’s Elf’s dantian.

“Ahh~~~~”

Being tormented in such a manner by the World Devastator Immortal, that Ancient Era’s Elf was finally unable to endure it anymore, and began to scream in miserable pain.

The pain that he was feeling was most definitely not limited to having a dagger pierced through him and spinning around in his wound. Else, his veins would not be bulging due to the pain, and his complexion would not have turned deathly pale.

“That’s more like it. What I want is precisely for you to scream. Only after screaming are you allowed to die,” Seeing that Ancient Era’s Elf screaming in miserable pain, the World Devastator Immortal smiled in satisfaction. Then, with a hook of his finger, ‘bang,’ that Ancient Era’s Elf exploded.

“Noo!!!”

At that moment, Xian Miaomiao and the other Ancient Era’s Elves all shouted hysterically. Their voices were filled with anger and irreconciliation.

They, the Ancient Era’s Elves, were existences that stood at the

top of the Holy Land of Martialism. Yet, right now, they were like fishes on a chopping block. They were unable to do anything even when one of their clansmen was being tortured and killed before their very eyes. To them, this was an intolerable torment.

“If you dare, then come at me. Come, kill me. Don’t harm them. Come, come kill me!” Chu Feng shouted angrily.

However, the World Devastator Immortal completely ignored Chu Feng. Instead, he gathered the Cosmos Sack and treasures from that dead Ancient Era’s Elf. After he finished gathering them, he turned to Chu Feng with a smile on his face and said, “No, no, no. If you are to die, it’ll become boring. I’m doing this precisely so that you will be in so much pain that you’ll wish to die.”

“Woosh~~~”

Right after he said those words, another dagger shot forth. This time around, it was actually aimed at the blonde old man.

“Uncle!!!” At that moment, Xian Miaomiao was already tearing up. She was crying so hard that her petite body was twitching.

However, her cries were unable to change anything. As blood splattered around and sprinkled down like rain, the blond old man was killed before their eyes.

After that, the World Devastator Immortal continued to attack. Six daggers were shot forth in succession. With each dagger, an Ancient Era’s Elf died.

Now, only a single dagger remained. Furthermore, only a single person remained beside Chu Feng. As for that person, it was the Ancient Era’s Elf’s Little Princess... Xian Miaomiao.

“Aiyoyo, Princess Miaomiao, I truly find it somewhat difficult to kill a girl as beautiful as you.”

“However, the order of the Hall Master is something that I must comply with. Thus, Miaomiao, don’t blame this uncle for being ruthless,” The World Devastator Immortal said to Xian Miaomiao.

“No, Nooooooooooooo!”

“Don’t do it!” Seeing that the World Devastator Immortal was actually planning to kill Xian Miaomiao, Chu Feng became extremely worried.

“Don’t do it! Kill me! Kill me instead! Don’t kill her!”

“I will do anything you want me to do! Just don’t kill her, just don’t kill her!”

At that moment, Chu Feng was truly in so much pain that he wished to die. His eyes were bloodshot. Even though he was filled with overflowing anger, he could only speak pleading words. The reason for that was because he truly did not wish for more people to die because of him, especially not Xian Miaomiao.

“Really? You’ll do whatever I want you to do?” A trace of despicable light flashed through the World Devastator Immortal’s eyes.

“No, Chu Feng, don’t let him toy with you. He will definitely not let me live. You must absolutely not throw your dignity away for my sake,” Xian Miaomiao hurriedly said.

“Miaomiao, are you truly not afraid of death? You know, this uncle could reluctantly spare your life,” The World Devastator Immortal said.

“Pah! Your age is clearly even older than that of my father, yet you actually have the nerve to declare yourself as uncle. You damned sissy. Don’t you continue to disgust this Princess,” Xian Miaomiao cursed angrily.

“What the fuck did you just say? Say it one more time!” After hearing those words, the World Devastator Immortal’s expression immediately changed. He actually swore at Xian Miaomiao.

“I said that you’re a sissy. You damned eunuch. You’re a pervert that’s neither a man nor a woman. You are simply a transvestite,” Xian Miaomiao cursed.

“I... I’m going to fucking kill you!” The World Devastator Immortal was extremely angered by Xian Miaomiao. While fuming with rage, that final dagger started to fly downward. It directly pierced into Xian Miaomiao’s dantian.

“Bang!!!” Xian Miaomiao’s body exploded.

Everything happened too quickly. The others were all slowly tormented and then killed by him. It was only Xian Miaomiao who died instantly.

In fact, his attack was done with so much force that not even Xian Miaomiao’s Cosmos Sack or treasures remained. All of them had exploded and disappeared alongside the dagger.

“I’m going to kill you, I’m going to kill you!!!!!!!!!!!!!!!!!!!!!!”

At that moment, Chu Feng was shouting like a wild beast. His roars caused everything around him to tremble nonstop. In fact, the ground was even starting to tear apart.

At the same time, the lightning within Chu Feng’s blood was scuttling out from his body.

The lightning soon covered his entire body, and was moving about in all directions. Like sharp claws, they were trying to break free from his body.

From the might of that lightning, the weather in this region started to change.

Faced with such a Chu Feng, the World Devastator Immortal’s expression also changed slightly. A trace of fear actually flashed through his arrogant eyes.

However, that fear only lasted for an instant. It seemed that he was not truly afraid of Chu Feng. Soon, a shameless smile filled his face. He said to Chu Feng, “Haha, are you trying to frighten me?”

“You saw with your eyes how the people around you were killed one by one. Yet, you were unable to do anything. And now, you

actually have the nerve to flaunt your might here?”

“I admit that your bloodline’s power is extremely strong. Unfortunately, you are too weak. You are truly unworthy of your bloodline. If I were to possess that bloodline of yours, tsk tsk...”

“Chu Feng, you are nothing more than trash. From head to toe, you are trash. If I wished to kill you, I would not even have to use my hands,” After the World Devastator Immortal said those words, chilliness flashed through his eyes.

In an instant, Chu Feng felt his entire body’s blood and aura boiling over. Then, ‘puu,’ Chu Feng vomited a mouthful of blood.

Chapter 1940 – In So Much Pain That One Wished To Die

“What is it that you’re wearing? Is it an armor made of Blood Devouring Insects? Is that how you all managed to charge into the Blood Devouring Killing Formation?”

“Were you the one who killed the YinYang Immortal? No, no, no, I doubt it was you. It should have been Xian Miaomiao instead. Truth be told, Xian Miaomiao was much more powerful than you. Even though you possess the same power as Lord Hall Master, you are inferior to even Xian Miaomiao. As such, how could you possibly compare to Lord Hall Master?” The World Devastator Immortal landed from the sky and arrived beside Chu Feng.

At that moment, Chu Feng was silent. He was only staring ferociously at the World Devastator Immortal. His gaze was so frightening that it caused the World Devastator Immortal to feel very uncomfortable.

“What are you looking at? You’re not allowed to look,” The World Devastator Immortal’s foot landed ruthlessly on Chu Feng’s left arm. He ruthlessly crushed Chu Feng’s bones with his stomp.

However, Chu Feng refused to remove his gaze from the World Devastator Immortal. Just like that, he stared at the World Devastator Immortal in an extremely fierce manner. He was planning to remember this man. As long as he didn’t die, he would definitely make him pay for his actions and deeds today.

“Continue to look, this is what you get for looking at me!” The World Devastator Immortal began to trample Chu Feng’s body nonstop with his foot. He shattered all of the bones in Chu Feng’s body. Yet, even with that, he was unable to shift Chu Feng’s gaze away from him.

“Humph, useless trash. The current you is who you truly are,”

The World Devastator Immortal snorted coldly. Then, he floated into the air and swiftly left.

At that moment, only Chu Feng remained there. All of his bones had been shattered by the World Devastator Immortal's stomping. His internal organs and the surface of his body were also badly damaged.

Chu Feng truly looked like nothing more than a bloody piece of flesh. His entire body was covered in blood. His shattered bones could be seen amidst the blood and viscera.

Painful. Naturally, this would be very painful. However, the pain from his body was much inferior to the pain Chu Feng was feeling in his heart.

To see that many people die before him without being able to do anything, that sort of feeling truly gripped the heart.

"Chu Feng, if you are a man, then stand back up. Do not let their scheme succeed. Do not allow yourself to be beaten down by them."

"It is true that you are inferior to them right now. However, that's only because you have yet to mature. They have all trained in martial cultivation for thousands of years, or even tens of thousands of years. Yet, what about you? You've only trained for over a dozen years."

"If they cannot suppress you even after training for so long, they would truly be humiliating themselves."

"By the same account, if you were to train for as long as they have, they will definitely not be able to suppress you," At this moment, Her Lady Queen's voice sounded. The tone of her voice was very stern. However, more than the sternness was encouragement.

"Eggy, rest assured. I can be beaten down to the floor. However, I will definitely stand back up. The dignity that they have snatched

from me, I will, sooner or later, seize it back. As for the pain and suffering that they have bestowed upon me, I will return it tenfold, a hundredfold and even a thousandfold.”

As Chu Feng spoke, he began to unleash his spirit power. At the same time, the Vermillion Bird Resurrection Technique enveloped his entire body. With the combination of the two, Chu Feng’s body was instantly healed.

Chu Feng stood up and looked to the surrounding area. The more he looked, the more pain he felt. However, he still insisted on looking. He needed to remember this pain. He was going to carve this pain into his bones and engrave it into his heart.

“Sooner or later, I’ll have them know that humiliating me without killing me today was their greatest mistake,” Killing intent was overflowing in Chu Feng’s eyes. He swore that he would return the humiliation he had suffered today with interest.

Bang~~~”

Right at that moment, crushed rocks suddenly moved about in the distance. Then, a red light soared into the sky.

It was Lil Red!!!

“Great sir, great sir,” Lil Red ran directly toward Chu Feng. Tears filled its two little eyes.

“Lil Red, how did you manage to survive?” Chu Feng was very surprised. Lil Red was clearly on Xian Miaomiao. As Xian Miaomiao had been killed, Lil Red should have been killed alongside her.

“She naturally would have to live,” Right at that moment, a familiar voice sounded.

Chu Feng’s body trembled upon hearing that voice. The reason for that was because that was Xian Miaomiao’s voice.

At that moment, Chu Feng hurriedly turned his head around. It

was only then that he discovered that Xian Miaomiao was actually standing not far away from him. She was walking toward him.

At this moment, other than a change in dress, Xian Miaomiao's appearance was exactly the same as before. She was indeed alive and not dead.

"Miaomiao, you're alive? How could this be?" Chu Feng ran over to Xian Miaomiao excitedly. Astonishment filled his heart.

"You're very surprised, right? I'm not that easily killed. Let me tell you a secret. [I possess a total of nine lives](#)," Xian Miaomiao said.

"Nine lives?" Chu Feng was very confused.

"That's right. It's this. You can have a look if you don't believe me," As Xian Miaomiao spoke, she removed the necklace on her neck and opened the pendant that was on it.

"This..." Upon seeing the pearl in the pendant, Chu Feng's eyes immediately started to shine with astonishment.

"Wow! Chu Feng, that girl actually possesses such a treasure. That is most definitely the most powerful treasure this Queen has seen so far." Even Her Lady Queen was incomparably shocked.

It was a treasure, most definitely a treasure. One could tell that it was a treasure just by looking at it.

"Amazing, no? My lives are not with me. Instead, they're all in that pearl. That's why, even if my body and soul are destroyed, I will still not die, because this pearl will revive me."

"Not only that, the pearl was also able to teleport me to another location during the moment of my life and death crisis."

"This would cause others to think that I had been shattered to bits from their attack. However, I would have actually escaped with all my treasures. It is precisely because of that that Lil Red is also still alive," Xian Miaomiao said with a beaming smile.

Chu Feng felt extremely pained in his heart as he looked to Xian Miaomiao acting in such a manner. This girl before him had just suffered the pain of losing her clansmen, her relatives. She was feeling even more unbearable pain than him.

Yet, she was actually able to smile in this sort of situation. Chu Feng could tell that she was doing so deliberately because she was afraid that she would burden him. That was why she was forcing herself to smile and pretending that she was happy.

“But, you have still lost a life, right?” Chu Feng looked to the pearl and saw that there were only seven rays of light within it. As such, he knew that Xian Miaomiao now only had seven lives remaining. If she really did possess nine lives, she had already lost two lives now.

“It’s alright. Even if I have lost a life, I will still be able to die seven more times. Merely that is not something that others can compare with,” Xian Miaomiao said complacently.

“Yayaya, beauty, in that case, you used one of your lives to save great sir earlier?” Lil Red asked in an extremely shocked manner.

“Lil Red, shut up!” Xian Miaomiao immediately shouted at Lil Red.

“Lil Red, what did you say?” Chu Feng hurriedly asked. He was able to determine that something was amiss.

“Great sir, when you were unconscious and seriously injured, this beauty used that pearl to save you. I saw with my own eyes that a strand of light left the pearl and entered your body. That is how you managed to recover from your injuries.”

“If the strands of light represent the beauty’s lives, then she used one of her lives to save you,” Lil Red ignored Xian Miaomiao and told Chu Feng what had happened.

“Miaomiao, you actually-!!!” After hearing this, Chu Feng felt as if his entire body was numb. He didn’t know what to say to her.

Xian Miaomiao had actually used one of her lives in order to save him from the Evil God Sword's backlash.

Cats have nine lives lol. Her name is Meowmeow.

Chapter 1941 – Undoing The Seal?

“Aiya, this Princess has a lot of lives. Thus, don’t worry too much about it,” Xian Miaomiao said indifferently.

However, Chu Feng was feeling an unspeakable sensation in his heart.

If Xian Miaomiao did not have nine lives, if she only had one life, she would be dead right now.

Thus, Chu Feng could not just pretend that nothing happened just because Xian Miaomiao possessed nine lives. The reason for that was because she had already died twice.

She had killed herself the first time. She had killed herself for his sake.

She had been killed the second time. She had been killed because of Chu Feng.

The two lives that Xian Miaomiao had lost were both related to Chu Feng. As such, Chu Feng truly could not pretend that nothing had happened.

However, how long had they known one another? Why would Xian Miaomiao be helping him to this extent?

It was precisely because Xian Miaomiao had done those things, even though there was no reason for her to do so, that Chu Feng felt extremely grateful and indebted to her.

“Miaomiao, from today on, my life is yours,” Chu Feng said to Xian Miaomiao.

“What nonsense are you talking about? This Princess is not interested in your life. I don’t want it,” Xian Miaomiao curled her lips. However, she soon said, “Chu Feng, let me tell you something: this Blood Devouring Killing Formation was not only here to seal the Ancient Era’s ferocious beasts. There is actually a treasure

hidden here too.”

“Treasure?” Hearing that word, Chu Feng’s heart was moved.

“Really. Merely, the hidden treasure is very special, and useless to ordinary people. However, I felt that it might be of use to you. In short, just follow me,” As Xian Miaomiao spoke, she entered the place where Lil Red had come from earlier.

Chu Feng followed after her.

After entering the tunnel that Lil Red had dug, Chu Feng discovered that tunnel was very deep, truly unimaginably deep.

After they reached the bottom of the tunnel, Chu Feng’s expression changed enormously as joy filled his face.

Hidden in the depths of the earth was a vast amount of dazzling golden-bright water. The water seemed to be made of old gold. There was enough water here that it could be called a small lake.

However, it was not molten gold. Instead, it was a special sort of water, a treasure for world spiritists.

“Chu Feng, do you know what that is?”

“Even though I am not a world spiritist, I am still able to tell that this water is very important. The spirit formation seal of this place should have been maintained using this water,” Xian Miaomiao said.

“Indeed, the spirit formation seal was indeed maintained by this water.”

“It is fortunate that it was hidden deep underground, and was not discovered by the people from the Dark Hall.”

As Chu Feng was a world spiritist, he was naturally capable of telling that the water here had been the core of the Blood Devouring Killing Formation.

“Miaomiao, you have truly helped me enormously this time around,” Chu Feng said to Xian Miaomiao in a very thankful

manner.

“It’s all because my life pearl teleported me here. Else, I would not have discovered it either.”

“That said, is this water truly useful?” Xian Miaomiao asked.

“Useful, extremely useful,” It was not without reason that Chu Feng would be this excited after just experiencing such a painful thing.

Chu Feng currently possessed a way to help Her Lady Queen break free from the seal that his mother had placed on her. However, he did not possess enough strength himself, nor did he possess treasures that could provide the energy that he needed. That was the reason why Chu Feng felt that undoing the seal on Her Lady Queen would be something that would have to happen far in the indefinite future.

However, now, this vast amount of unknown golden water had managed to solve the issue that Chu Feng had thought to be impossible to solve.

Contained within the golden water was extremely powerful world spirit energy. Even if Chu Feng was unable to completely undo the seal his mother had placed on Eggy using this energy, he would still be able to, with the help of the golden water, undo a portion of Eggy’s sealed cultivation.

“Exactly what use does this water have?” Xian Miaomiao asked curiously. Originally, she had only planned to show Chu Feng the golden water to console him. After all, even if the water was a treasure, there shouldn’t be much use for it other than to use it to set up spirit formations. As such, it couldn’t be considered an actual treasure.

Xian Miaomiao had never expected for Chu Feng to be this overjoyed upon seeing the golden water. This made Xian Miaomiao very curious as to exactly what the water was, and exactly how it

could help Chu Feng.

“It can help me release a little demon,” Chu Feng said.

“Little demon?” Hearing those words, Xian Miaomiao became even more confused. However, anticipation filled her face.

Actually, at that moment, Eggy was also as confused as Xian Miaomiao. She too did not understand what Chu Feng meant by those words.

“To be exact, it is an Asura,” Chu Feng added. As he spoke, he opened his World Spirit Gate.

After the World Spirit Gate opened, Lil Red and Xian Miaomiao both turned their gazes to it.

Before the gazes of the two of them, Her Lady Queen flew out from the World Spirit Gate and arrived before Chu Feng.

“Wow! Beauty, beauty, that beauty is truly too beautiful,” After seeing Her Lady Queen, Lil Red immediately cried out in alarm.

It was not that Lil Red had an exaggerated reaction. In fact, upon seeing Her Lady Queen, even Xian Miaomiao revealed an astonished expression. She reacted this way because of Her Lady Queen’s beauty.

“Chu Feng, could she be your world spirit? That legendary Asura World Spirit?” Xian Miaomiao asked curiously.

“Mn, she is Her Lady Queen,” Chu Feng said by way of introduction.

“Miaomiao, if you are willing to allow me to call you lil sis Miaomiao, this Queen is willing for you to address me as big sis Eggy,” Eggy said to Xian Miaomiao.

Before Xian Miaomiao could say anything, Lil Red shouted happily. “Gotcha, Big sis Eggy,”

“No, you’re not allowed to call me Eggy,” Eggy shook her head.

“Then what should I call you, beauty?” Lil Red asked.

“You can only address me as Milady Queen,” Eggy said.

“Gotcha, Milady Queen,” The shameless Lil Red called Eggy Milady Queen without the slightest hesitation.

“Mn,” Eggy nodded in satisfaction. Then, she looked to Xian Miaomiao and said with a smile, “Lil sis Miaomiao, come on, call me big sis Eggy.”

“Okay, lil sis Eggy,” Xian Miaomiao said without any hesitation.

“Wrong, it’s big sis, not lil sis,” Eggy corrected.

“But you’re clearly younger than me. You should be the lil sis, no?” Xian Miaomiao said with contempt.

“What? This Queen is clearly much older than you,” Eggy said.

“Liar. Your young and tender appearance has already betrayed you,” Xian Miaomiao had an expression of disbelief.

“Doesn’t matter, I’m more mature than you,” Eggy said.

“How are you more mature than me? It’s clearly me who’s more mature,” Xian Miaomiao refuted her.

Seeing these two young girls arguing with one another and declaring themselves to be more mature, black lines began to crease Chu Feng’s forehead.

That said, although the two girls were arguing, they appeared to be getting along very well. This was the first time that Chu Feng had seen Eggy acting this friendly towards someone other than himself. It seemed that Eggy had truly grown fond of that girl Xian Miaomiao.

Her Lady Queen and Xian Miaomiao argued the issue of who would be the big sis and who would be the lil sis for a very long time. Neither girl was willing to back down.

Feeling helpless, Chu Feng spoke to stop them. “Milady Queen,

my Princess Miaomiao, it's enough. Let's stop arguing so we can talk about some serious matters,"

"Chu Feng, could you be implying that that golden water would be capable of helping me undo my seal?" After hearing what Chu Feng said, Eggy ran over to Chu Feng.

When Chu Feng had said 'little demon,' she had been confused by what he meant. However, when he said 'Asura,' she realized Chu Feng's intentions.

Hearing those words, Xian Miaomiao asked curiously, "Undo her seal? What's going on?"

"That's right, that's right, tell us," Lil Red was incomparably curious.

Chapter 1942 – Setting up the Formation

“Milady Queen is extremely powerful. Merely, her cultivation has been sealed.”

“However, this golden water might be able to help me unseal Milady Queen’s cultivation,” Chu Feng said to Xian Miaomiao.

“Ah? Then how powerful is lil sis Eggy? Is she as powerful as me?” Xian Miaomiao asked.

“I’m not certain myself. However, I feel that she might be more powerful than you,” Chu Feng said with a smile.

Chu Feng did not know what Her Lady Queen’s cultivation really was. However, he was certain of one thing. That is, Her Lady Queen was a Martial Emperor stronger than the Asura Evil Spirit that he had released before.

The current situation was extremely bad. The Dark Hall’s Hall Master had already targeted Chu Feng. Even though he had not killed Chu Feng, Chu Feng knew that he had considered him to be a threat. Sooner or later, the Dark Hall’s Hall Master would kill him.

If he were able to unseal Her Lady Queen’s cultivation at that time, it would be enormously beneficial to his predicament.

“Aiyaya, I had originally planned to look after lil sis Eggy. Am I to be looked after by my lil sis now?” After finding out that Her Lady Queen’s cultivation was very strong, Xian Miaomiao revealed a depressed expression. However, soon after, she looked to Eggy and said, “However, it’s alright. After all, you’re the lil sis. Even if you are to be looking after your big sis, it would only be a matter of course.”

“Hehe, very well. After I regain my cultivation, I will make sure to properly do my duty as the big sis and properly discipline you,” A sinister smile appeared on Her Lady Queen’s face.

“Eh...” Xian Miaomiao was startled to see that smile. Feeling helpless, she turned to Chu Feng and said, “Chu Feng, properly manage your Eggy. She’s planning to bully me.”

“Hahaha, Chu Feng is merely this Queen’s servant. Did you think that he could control me?” Her Lady Queen placed her hands on her waist as she laughed loudly. However, her appearance was truly adorable.

“Chu Feng, tell me that what she said is not the truth,” Xian Miaomiao looked to Chu Feng.

“No, Miaomiao, what Her Lady Queen said is the truth,” Chu Feng said helplessly.

“Oh, nooooo!!!!” Xian Miaomiao shouted in depression.

However, soon, Xian Miaomiao’s gaze shifted, and her expression changed. It was as if she had thought of something.

With a beaming smile, she looked to Eggy and said, “Big sis Eggy, please look after me in the future. Let’s bully Chu Feng together. Big sis, just don’t bully me, okay?”

“The hell!” Chu Feng was speechless upon hearing those words. That girl was truly too shameless. She actually admitted defeat right away. However, it was one thing for her to admit defeat. Yet, she actually involved him in this matter. He was merely a bystander!

“Chu Feng, are you really able to help me undo the seal?” Her Lady Queen was still hesitant. As the spirit formation seal had accompanied her for so long, she was fully aware of how strong that seal was.

“I have a fifty percent certainty of being able to do so. However, that fifty percent certainty is only of being able to unseal a portion of your cultivation. I am unable to completely undo my mother’s seal,” Chu Feng said.

“Then, when do you plan to attempt it?” Her Lady Queen asked.

“This matter should be not be delayed. Let’s do it now,” Chu Feng said.

“Now?” Both Her Lady Queen and Xian Miaomiao were surprised by Chu Feng’s words.

“Rest assured, the people from the Dark Hall have already left. Else, they would’ve already shown themselves by now.”

“Furthermore, I am unable to take this golden water away from here. Thus, regardless of when we attempt to undo the seal, we can only do it here.”

“Furthermore, as the Blood Devouring Killing Formation has been destroyed, if this matter were to spread, countless experts would come here to search for treasures.”

“Thus, it is not safe to keep the golden water here. If we wish to use it, we must do so immediately,” Chu Feng said.

“In that case, what should I do?” Her Lady Queen asked.

“I need to face you when undoing your seal. Thus, when attempting to do so, I will need you to be out here.”

“Furthermore, after I finish setting up the formation, you will enter a half unconscious state. Although you will be aware, and can continue to see and hear what is happening through me, you will unable to speak. It is only after the formation is completed that you will be able to regain your freedom.”

“Furthermore, I will only know whether or not we can successfully remove your seal after that spirit formation is completed,” Chu Feng said.

“Then, how long will it take?” Her Lady Queen asked.

“I’m not sure,” Chu Feng said.

“Doesn’t matter then. Since we’ve decided, let’s begin,” Her Lady Queen said.

Then, Chu Feng had Her Lady Queen sit on the golden water.

Then, using the golden water as the core, Chu Feng began to set up his spirit formation.

Even though the golden water was the most important part of the spirit formation, Chu Feng, for the sake of setting up this spirit formation, took out all of his most precious treasures and materials.

Furthermore, Chu Feng spent over an entire month setting up that spirit formation. Chu Feng had never spent this much time setting up a spirit formation before. This was the longest he had ever taken.

During this period of time, Xian Miaomiao and Lil Red guarded the cave the entire time. Furthermore, they did not say a single word.

It was only when Chu Feng stood back up and heaved a long sigh that Xian Miaomiao ran over to him.

As Xian Miaomiao looked to Her Lady Queen, she asked Chu Feng, “Succeeded?”

At that moment, Her Lady Queen was still sitting cross-legged in midair. Merely, her body was emitting a dazzling golden-bright light. It was as if she had turned into a golden statue.

The reason for that was because all of that golden water, without a single drop remaining, had been condensed onto Eggy by Chu Feng.

Not only had that golden water completely covered Eggy, it was also being assimilated into Eggy’s body. At this moment, it was undoing Eggy’s seal. Merely, no one knew how long it would take.

“The spirit formation has been successfully set up. However, I do not know whether or not it will be able to successfully undo Eggy’s seal,” As Chu Feng spoke, he reopened the World Spirit Gate and placed Eggy back into his World Spirit Space.

“Chu Feng, I can tell that you’ve exhausted yourself. Here, eat

this,” As Xian Miaomiao spoke, she extended her palm, revealing ten special medicinal pellets which she handed to Chu Feng.

Chu Feng was able to tell with a single glance that those ten medicinal pellets were treasures to restore one’s martial and spirit power.

Indeed, Chu Feng had truly exhausted his strength to set up the spirit formation for Eggy. It was only because he possessed extremely strong spirit power that he was able to continue using it for so long.

However, for the sake of setting up that spirit formation, Chu Feng had nearly exhausted all of his world spirit power.

Even if he recovered, it would take some time.

Thus, even though those ten medicinal pellets were extremely precious, Chu Feng did not refuse them. Instead, he swallowed all ten medicinal pellets.

The reason for that was because he did not possess any medicinal pellet that could restore his spirit power as well, as the ones that Xian Miaomiao handed him.

“Miaomiao, thanks,” Chu Feng said.

“There’s no need to be modest with me,” Xian Miaomiao said with a smile.

“Come, let’s return to the Elf Kingdom,” Chu Feng said.

“There’s no need,” Xian Miaomiao shook her head.

“Why is that?” Chu Feng asked in a confused manner.

“They have come to receive me already,” As Xian Miaomiao spoke, she flew toward the exit. Chu Feng followed closely behind her.

After exiting the cave, Chu Feng discovered that there was already an army from the Elf Kingdom standing outside the cave in an orderly manner.

They were the elite soldiers of the Elf Kingdom. Not to mention the other experts, there were even four Protectors and two Grand Elders present.

The person leading them emitted an extremely powerful aura. He was wearing green battle armor with a red mantle draped across his shoulder. This person... was actually the Ancient Era's Elves' Elf King.

“Little friend Chu Feng, it seems that you've succeeded?” Seeing that Chu Feng had come out of the cave, the Elf King walked over to Chu Feng.

Chapter 1943 – Things Have Changed

It turned out that the Ancient Era's Elves had requested reinforcements the moment the Blood Devouring Killing Formation had been destroyed.

After the Elf King received that cry for reinforcements, he personally led the Ancient Era's Elves' army and hurried over. The request he had received did not mention the Dark Hall. However, he had a faint feeling that this matter was related to the Dark Hall.

Thus, even though they had rushed over immediately with all the speed they could muster, they were still too late.

Fortunately... Chu Feng and Xian Miaomiao were still alive.

After they found Xian Miaomiao, the Ancient Era's Elves' army came to know about Chu Feng setting up the spirit formation to undo Eggy's seal. Thus, they did not try to disturb Chu Feng, and instead guarded this place the entire time.

"Little friend Chu Feng, I already know about what had happened here."

"I hope that you do not burden yourself with what has happened here. After all, wars are always cruel."

"Furthermore, this is not your fault. Instead, this is the fault of the Dark Hall," The Elf King said to Chu Feng.

"But, Elf King, that Dark Hall's Hall Master, he..." Chu Feng wanted to say that the Dark Hall's Hall Master possessed the same Inherited Bloodline as his own, that it was very possible that the Dark Hall's Hall Master was someone from his clan, and that this matter was ultimately related to him.

"Chu Feng, I already know about everything. Each person possesses their own thoughts. You are not required to take responsibility for the faults of others."

“However, the Dark Hall’s actions this time around are clearly a declaration of war against us Ancient Era’s Elves. As such, I will definitely not leave this matter be.”

“Little friend Chu Feng, you should be standing on our side, right?” The Elf King asked.

At that moment, all of the Ancient Era’s Elves’ experts turned their gazes to Chu Feng.

“The hatred between the Dark Hall and I is absolutely irreconcilable. If possible, I want to personally kill the Dark Hall’s Hall Master,” Chu Feng said those words while gnashing his teeth in anger.

“Very well,” The Elf King smiled. Then, he asked, “What do you plan to do now?”

“I plan to make a trip to the Cyanwood Mountain,” Chu Feng said.

“Mn,” The Elf King nodded. Then, he said to a very tall yet very thin Grand Elder behind him, “Lord Lianghua, I’ll trouble you with protecting the Cyanwood Mountain for me.”

“Yes, Your Majesty,” That Grand Elder said.

“Your Majesty, this is?” Chu Feng was extremely shocked.

“Chu Feng, I have already heard about the things relating to you. The people closest to you are gathered in the Cyanwood Mountain. That place will become your weak spot.”

“Even though Nangong Longjian and the Compass Immortal are there, I believe you already know how strong the Dark Hall is.”

“When even the World Devastator Immortal is willing to work for the Dark Hall, Nangong Longjian is simply unable to protect the Cyanwood Mountain by himself. If something were to happen to the Cyanwood Mountain, I believe you would become extremely worried and troubled.”

“As for Lord Lianghua, he is a rank eight Martial Emperor.”

“Even if it is the World Devastator Immortal, he would not dare to act too impudent before Lord Lianghua. With Lord Lianghua protecting the Cyanwood Mountain, I will also be able to feel more relieved,” The Elf King said.

“I, Chu Feng, will definitely not forget this assistance Your Majesty has given me,” Chu Feng said gratefully.

He did not refuse, for he was unable to find any reason to refuse the help. What the Elf King said was very reasonable. The Cyanwood Mountain was indeed one of the locations Chu Feng was most concerned about. Furthermore, it was also Chu Feng’s weak spot.

However, the Ancient Era’s Elves were currently facing the Dark Hall, and had a battle to fight. Yet, at such a time, the Elf King was actually dispatching Lord Lianghua to protect the Cyanwood Mountain. This was truly a favor that Chu Feng could not show enough gratitude for.

“Little friend Chu Feng, let’s go,” Lord Lianghua said.

Even though Lord Lianghua was a person that was high and above everyone else, a Grand Elder that even the other Ancient Era’s Elves would tremble with fear upon seeing, he did not display an attitude of arrogance toward Chu Feng.

“Lord Lianghua, I’ll have to trouble you then,” Chu Feng said respectfully.

Then, Chu Feng and Lord Lianghua proceeded for the Purple Flames Blackmountain together. Even though they were planning to proceed for the Cyanwood Mountain, Chu Feng needed to bring Bai Ruochen, her mother Bai Suyan and Jiang Wushang to the Cyanwood Mountain as well.

“Royal father.”

After Chu Feng left, Xian Miaomiao suddenly threw herself into

the Elf Kingdom's bosom and began to cry loudly.

"Uncle died. Uncle was killed by the World Devastator Immortal."

"I will avenge him! I'll definitely kill the World Devastator Immortal," Xian Miaomiao was feeling extremely pained. Sparkling teardrops rolled down her beautiful cheeks.

Chu Feng had guessed correctly. Xian Miaomiao had been pretending to be strong and forcing herself to smile so that he would not feel burdened.

However, she was actually feeling enormous pain. After all, that blonde old man was someone that had looked after her, ever since she was a child. She possessed a very deep affection for the blonde old man. As such, how could she not be feeling pain?

Merely, the pain that she felt could only be revealed after Chu Feng left.

"It's okay. Uncle will not have died in vain. Not a single one of our Ancient Era's Elves will have died in vain. I will make the Dark Hall pay for their actions in blood."

While embracing his daughter, the Elf King was also feeling extremely pained. At the same time... he was also feeling an endless amount of rage. With so many of his clansmen having been killed, he, as the Clan Chief, was suffering from a greater pain than anyone else.

.....

After journeying for some time, Chu Feng and Lord Lianghua successfully retrieved Bai Ruochen, her mother Bai Suyan and Jiang Wushang.

Currently, they had finally arrived at the Cyanwood Domain and reached the Cyanwood Mountain.

"Wow, the current Cyanwood Mountain is truly bustling with

noise and excitement,” Bai Ruochen was very surprised upon seeing the current Cyanwood Mountain.

The reason for that was because the current Cyanwood Mountain was truly different from before. There were people both in the sky and on the ground. It was extremely lively.

The Cyanwood Mountain was now most definitely many times livelier than it had been when Chu Feng had first arrived.

Currently, the Cyanwood Mountain was not only a place that the people from the Cyanwood Domain wished to join, it had also become a place that people from all over the Holy Land of Martialism wished to join.

The reason for that was because news had spread of Nangong Longjian and the Compass Immortal had becoming guest elders of the Cyanwood Mountain.

Furthermore, the news of the King Monstrous Dragon Beasts becoming the Cyanwood Mountain’s ally had also spread.

Currently, to the people of the Holy Land of Martialism, not only was the Cyanwood Mountain the leader of the Nine Powers, it had become an enormous power that surpassed even the Four Great Imperial Clans.

For such a huge monster, even though it would only accept outstanding talents as disciples, there were countless people that wished to become its disciples.

“Not to mention Nangong Longjian and the others joining the Cyanwood Mountain, merely little friend Chu Feng’s reputation itself would be sufficient to make the Cyanwood Mountain reach the peak of prosperity,” Lord Lianghua said.

“Indeed, Chu Feng’s current reputation surpasses even that of Nangong Longjian and the Compass Immortal.”

“However... if the people of the world were to know that the Ancient Era’s Elves are also allied with Chu Feng, and that even

Lord Lianghua was sent forth to personally protect the Cyanwood Mountain, I wonder how shocked they would be,” Bai Ruochen said with an expression of anticipation.

“This matter of me being here cannot be known by others. We cannot allow others to know that I’m guarding the Cyanwood Mountain,” Lord Lianghua said.

“Why’s that?” Jiang Wushang asked in a confused manner, “Wouldn’t there be even more people that would want to join the Cyanwood Mountain should they know that Lord Lianghua is also here? Wouldn’t that allow the Cyanwood Mountain to become even more powerful?”

“The current enemy of the Cyanwood Mountain is not the other Nine Powers, the Four Great Imperial Clans or the Three Palaces. Instead, it is the Dark Hall.”

“The Dark Hall is a power that the Cyanwood Mountain, regardless of how much it expands, cannot surpass.”

“That is why we cannot allow the people of the Dark Hall to know that Lord Lianghua is here.”

“If they were to know, they would be prepared should they decide to attack the Cyanwood Mountain in the future. That would be detrimental to both the Cyanwood Mountain and Lord Lianghua,” Chu Feng explained.

“So that’s the case,” Hearing those words, both Jiang Wushang and Bai Ruochen came to a sudden realization.

“What little friend Chu Feng said is very correct,” Lord Lianghua nodded satisfiedly.

As for Bai Suyan, she was looking at Chu Feng with a smile on her face.

She felt that it was no mere coincidence that Chu Feng had matured to the point that he now had. He truly possessed capabilities that surpassed others.

Chapter 1944 – Enjoying Both Fortune And Misfortune Together

Just then, the core disciples of the Cyanwood Mountain were all rapidly proceeding toward the Cyanwood Mountain's main lecture hall.

To a greater or lesser degree, they all had expressions of excitement on their faces. There were some among them that were so emotional that they actually started to cry.

The reason why the core disciples were acting in such a manner was because the person who was giving a lecture today was one of the grand characters of the Holy Land of Martialism, the Compass Immortal.

“Li Qing, Zhao Xue, quickly, move faster. The Compass Immortal is going to start his lecture soon,” A robustly built youth shouted eagerly at a young man and woman behind him.

“Ma Hu, why are you in a rush? Even though the Compass Immortal is extremely powerful, I am not a world spiritist. Rather than his lecture, I am looking forward to Lord Nangong Longjian's lecture even more.”

As that young woman by the name of Zhao Xue spoke, she looked to the young man beside her, “Li Qing, what do you think? Am I correct?” As for that young man by the name of Li Qing, not only did he possess a handsome appearance, his cultivation was also very decent. Although he was very young, he was already a rank seven Martial King. His cultivation could be considered to be extremely powerful even amongst all of the Cyanwood Mountain's disciples.

“Zhao Xue, you're wrong. Even though we are not world spiritists, it remains that the Compass Immortal is a greatly renowned individual in the Holy Land of Martialism. In normal

times, it would be impossible for us to even meet his great self. For us to be able to listen to his lecture now is simply our honor,” Li Qing said.

“That’s true. Merely, I wonder, exactly what sort of price did our Cyanwood Mountain pay to be able to invite the Compass Immortal and Lord Nangong Longjian, those two grand characters, to come here?” Zhao Xue asked in a very puzzled manner.

“These two grand characters are not people that our Cyanwood Mountain could invite over regardless of what we offered,” Li Qing said.

“Ah? In that case, why would the Compass Immortal and Lord Nangong Longjian be our Cyanwood Mountain’s guest elders?” Zhao Xue became even more curious.

“You are truly slow. Is there even a need to ask that question? It’s naturally because of Chu Feng,” Li Qing said.

“Chu Feng? It’s Chu Feng? Chu Feng truly possesses such a great amount of face?” Hearing what Li Qing said, Zhao Xue became emotional.

“Of course. Did you think that the battle at the Ximen Imperial Clan was fake?”

“Furthermore, didn’t the three of us all travel so far to join the Cyanwood Mountain because of Chu Feng?” Li Qing said.

“Right, right, right. Chu Feng is my idol,” At that moment, Zhao Xue had a love-stricken expression on her face.

“Oh you...” Li Qing smiled lightly. Then, he said, “Chu Feng is not only your idol, he’s the idol of countless members of the younger generation.”

After he finished saying those words, Li Qing swept his gaze over the many people that were also rushing to the lecture hall beside them.

The majority of them were foreign faces. They were all people that had just joined the Cyanwood Mountain.

However, without exception, they all possessed outstanding talent. With the acceptance of these disciples, the overall quality of the Cyanwood Mountain's core disciples became higher.

As for these disciples, at least half of them had joined the Cyanwood Mountain because of Chu Feng's reputation.

Suddenly, Ma Hu who was leading the way ran back to Li Qing and Zhao Xue excitedly. "Li Qing, Zhao Xue, quickly, look over there. Those are people from the Asura Division."

Following the direction that Ma Hu indicated, a group of people appeared in Li Qing and Zhao Xue's line of sight. After those people appeared, the surrounding crowd all revealed envious and respectful gazes.

In fact, some of the disciples' reaction simply did not appear like the reaction of someone seeing a fellow disciple. Rather, it was as if they were seeing gods. Reverence and adoration filled their faces.

The Asura Division was currently the most popular division in the Cyanwood Mountain. It was also the strongest division in the Cyanwood Mountain. Practically all of the disciples on the Cyanwood Succession List were in the Asura Division.

For example, Jiang Furong, Bai Yuxiao and the others had all renounced their original divisions and joined the Asura Division.

In fact, the members of the Asura Division enjoyed a great amount of privilege in the Cyanwood Mountain. Those were orders given personally by the Cyanwood Mountain's headmaster. Reportedly... the order was something that the Cyanwood Mountain's ancestor-level character, Baili Xuankong, had approved.

As for the reason why the Asura Division was so powerful, it was all because of a single person, the Asura Division's founder, Chu

Feng.

Thus, the current Asura Division was a place that all the disciples wished to join. Merely, it was not that simple to join the Asura Division now. Other than the elites among the core disciples, it was simply hopeless for others to join the Asura Division.

“Strange, didn’t they say that the Asura Division created by Chu Feng is filled with the Cyanwood Mountain’s core disciples’ elites?”

“Look at those two, they’re so weak. With their weak cultivations, how were they able to obtain the mark of the Asura Division?”

“Furthermore, those people beside them... those Asura Division’s members with very strong cultivations, why would they be so respectful toward those two? Exactly what is going on here?” Zhao Xue was extremely confused after she saw the leading man and woman among the Asura Division’s people.

“That’s true. What’s going on here? With their cultivations, it should simply be impossible for them to enter the Asura Division, no?” Li Qing and Ma Hu were also confused.

Suddenly, a voice sounded from behind them, “Junior brothers and sister, you all must be new here, right?”

“Senior... senior sister Jiang?” Li Qing, Zhao Xue and Ma Hu were all shocked upon seeing the beauty behind them.

The surrounding crowd also revealed extremely respectful expressions.

The reason for that was because the person that had appeared before them was one of the strongest disciples in the Cyanwood Mountain, the second ranked disciple on the Cyanwood Succession List, Jiang Furong. As for the disciple that was ranked first, it would naturally be Chu Feng.

Even though Ma Hu, Zhao Xue and Li Qing were all pretty strong

among the new disciples, they were still extremely excited upon seeing Jiang Furong. Not only did Jiang Furong possess a very high status in the Cyanwood Mountain, her own strength was also very strong. Currently, she was already a Half Martial Emperor.

Among the disciples of the Cyanwood Mountain, she was the second strongest after Chu Feng.

“Senior sister Jiang, we are indeed new. We all wished to join the Asura Division.”

“However, we heard that we must pass exams in order to join the Asura Division, and that those exams are very difficult.”

“Thus, why is it that that senior brother and sister were able to become members of the Asura Division even though their cultivations are so weak?” Li Qing asked in a very curious manner.

“That’s a long story. The story would have to begin on the day when Chu Feng created the Asura Division. When Chu Feng created the Asura Division, he was also a new disciple to the Cyanwood Mountain.”

“Right after entering the Cyanwood Mountain, he made countless enemies. Many people even wanted to kill him because they were envious of his talent.”

“Afterward, the several strongest divisions in the Cyanwood Mountain even joined hands to attack... the still-new Asura Division.”

“At that time, the Asura Division was like a sheet of loose sand. Before the invaders, countless members fled.”

“However, during that moment of crisis, there were still members that were willing to stay and endure the crisis alongside Chu Feng. Even when Chu Feng tried to force them away, they refused to go.”

“Thus, those original Asura Division members, even though their cultivations might be very weak, they are worthy of our respect,”

Jiang Furong explained.

“So that’s the case,” After learning of what happened, when Li Qing and the others looked to that two senior brother and sister again, they all revealed expressions of reverence.

“Senior sister Jiang, may I know the names of that senior brother and that senior sister?” Zhao Xue asked.

“The man’s name is Fang Tuohai. The woman’s name is Wang Wei. They were the true original members of the Asura Division. It is said that the two of them were with the Asura Division since the day it was created,” Jiang Furong said.

“Wow, they’re actually that amazing?” After finding out about that, the gazes with which Li Qing and the others looked to Wang Wei and Fang Tuohai became even more respectful. Not only that, they also felt very envious of them.

They were truly envious of these people that had fought alongside Chu Feng before he grew stronger.

Even though their cultivations were very weak, they were people that no one dared to offend in the Cyanwood Mountain right now. As for that... it was all because of the fact that they possessed great vision and decided to share Chu Feng’s trials and tribulations without fearing his powerful enemies.

Thus, Li Qing and the others knew that it was impossible for one to obtain the status which Fang Tuohai, Wang Wei and the others possessed right now. The reason for that was because... back when Chu Feng was still weak, very few people were willing to stand by his side during that moment of crisis.

Even though they were not present during that time, they were able to imagine the suffering that Fang Tuohai, Wang Wei and the others had experienced alongside Chu Feng back then. However, with everything that they possessed now, it was all worth it.

In the past, they had endured trials and tribulations alongside

Chu Feng. And now, they were finally able to obtain fortune because of Chu Feng.

They had both fortune and misfortune together. Thus, they truly deserved all that they possessed right now.

Chapter 1945 – Let Me Try

“Actually, before Chu Feng dissolved the Asura Division, the Asura Division already had close to ten thousand members. When he dissolved the Asura Division, he mentioned that all of its members were allowed to return to the Asura Division without having to go through any exams should it be reestablished.”

“After the Asura Division was reestablished, many people chose to return. However, there were also people that were too ashamed to return. That being said, only a hundred and eighty-seven people were actually able to obtain the respect of others like those two.”

“Those hundred and eighty-seven people were the ones that refused to leave the Asura Division during its moment of crisis,” Jiang Furong added.

“They truly possessed great vision. When so many people chose to abandon Chu Feng, they were actually willing to follow him with their lives,” Even though he knew that their status was not something that one could obtain through envy, Ma Hu still had an extremely envious gaze.

As for Li Qing and Zhao Xue, the two of them felt even greater respect for those hundred and eighty-seven individuals.

Afterward, Li Qing, Ma Hu and Zhao Xue all followed Jiang Furong into the main lecture hall. They began to ask Jiang Furong who those hundred and eighty-seven individuals were.

As for Jiang Furong, she was truly miraculous. She actually remembered the names of those hundred and eighty-seven individuals. One by one, she mentioned their names to Li Qing, Ma Hu and Zhao Xue.

Due to the fact that Jiang Furong was someone that was there during those events, someone who saw the scene of Chu Feng’s Asura Division being forced into a corner by Bai Yunxiao, Tao

Xiangyu and the others, she also felt a lot of respect for those hundred and eighty-seven individuals that stood alongside Chu Feng.

Suddenly, Li Qing asked, "Senior sister Jiang, may I know who Chu Feng's enemies back then were?"

"There were a lot of people. Bai Yunxiao, Tao Xiangyu, Ben Leihu and Qi Yanyu were all Chu Feng's enemies back then," Jiang Furong said.

"Them? Aren't they members of the Asura Division now?" Ma Hu was very shocked.

"Isn't that obvious? They decided to enter Chu Feng's camp after he rose in power."

"Chu Feng is truly magnanimous. Not only did he not bicker with them about the past, he instead offered them shelter," Zhao Xue said angrily. She deeply loathed the people that had attacked Chu Feng in the past and then decided to rely on Chu Feng afterward.

"No, that is not the reason why. They did not join the Asura Division because Chu Feng emerged in power. Rather, it is because Chu Feng had saved their lives. He also saved my life. We joined the Asura Division due to our gratefulness toward Chu Feng," Jiang Furong said.

"What?" Li Qing, Ma Hu and Zhao Xue were extremely shocked to hear those words. None of them expected that Chu Feng would, after being bullied by Bai Yunxiao and the others, save them instead of retaliating

"Very surprising, isn't it? I was also very surprised back then. However, I suppose this is what is meant by placing the most importance on the greater good. Junior brother Chu Feng said that it didn't matter how fellow disciples fought with one another. In the end, they would still be fellow disciples. When facing foreign enemies, they must work together," Jiang Furong said.

Hearing those words, Li Qing, Ma Hu and Zhao Xue looked to one another. Some things, they were still unable to understand. However, Right now, they felt even more admiration for Chu Feng. At the very least, his broad-mindedness was something that none of them possessed.

“Senior sister Jiang, I’ve heard that Chu Feng was originally a disciple of the Southern Cyanwood Forest, right? I want to know how the Southern Cyanwood Forest is now,” Zhao Xue asked.

Currently, practically anyone related to Chu Feng was receiving enormous benefits. Zhao Xue had heard that Chu Feng was from the Southern Cyanwood Forest. Yet, as a subsidiary power to the Cyanwood Mountain, nothing good could be said about the Southern Cyanwood Forest before. Thus, she wanted to know how the Southern Cyanwood Forest fared now.

“Southern Cyanwood Forest? The Southern Cyanwood Forest no longer exists,” Jiang Furong said.

“No longer exists?” The three were extremely shocked upon hearing those words.

“The entire Southern Cyanwood Forest has moved to the Cyanwood Mountain. Regardless of their cultivation, the elders of the Southern Cyanwood Forest became elders in the Cyanwood Mountain. As for their disciples, they too became the Cyanwood Mountain’s disciples,” Jiang Furong said with a smile.

“Wow, they actually directly became part of the Cyanwood Mountain from being a subsidiary power?” After hearing about that, Li Qing and the others all exclaimed in surprise. They knew that the Southern Cyanwood Forest was only able to obtain all of this because of Chu Feng.

“Woosh~~~”

Right at the moment when Jiang Furong and the others were about to arrive at the main lecture hall, a figure suddenly

descended from the sky. “Boom,” it landed on the ground.

The powerful impulse caused the rocks that were formed with special materials to shatter.

“Bai Yunxiao?” Upon seeing who the person that had crashed into the ground was, the disciples were all shocked. The reason for that was because it was none other than Bai Yunxiao.

At that moment, Bai Yunxiao was vomiting blood with a pale complexion. He had been seriously injured.

Who was it that had dared to injure Bai Yunxiao? Not only was Bai Yunxiao himself very strong, he was also an officer-level character in the Asura Division. Yet, there was actually someone that dared to injure him? Wasn't this a clear provocation against the Asura Division?

Not to mention disciples, something like that was something that not even elders dared to do.

Filled with confusion, the crowd turned their gazes toward the sky. Fives silhouettes were standing in the sky. They were the people that had injured Bai Yunxiao.

“Does the Cyanwood Mountain not even possess a disciple that can fight?” The bald headed man that lead the five people in the sky swept his gaze at the crowd disdainfully.

“It's them?” After seeing the five people in the sky, Li Qing, Ma Hu and Zhao Xue were all shocked.

“You all know them?” Jiang Furong asked.

“We do. They are core disciples of the Heavenly Law Palace. Why would they... why would they also come over to the Cyanwood Mountain? Furthermore, they even attacked a Cyanwood Mountain's disciple?” Li Qing, Ma Hu and Zhao Xue were from the Overlord Domain. By chance, they had seen those five individuals from the Heavenly Law Palace before.

After hearing what Li Qing and the others said, Jiang Furong started to frown. Those five individuals were all strangers that she had never seen before; they were all people that had just joined the Cyanwood Mountain today.

As for their cultivations, they were all very strong. Even though Jiang Furong was a rank one Half Martial Emperor, she was still unable to see through their cultivations. This meant that they possessed cultivations above her own.

“Have you all come to stir up trouble?” Jiang Furong shouted at them angrily. The way she saw it, those five people most definitely possessed malicious intentions in leaving the Heavenly Law Palace and joining the Cyanwood Mountain.

After all, there were all sorts of people in such a huge, wide world.

Although many of their fellow members of the younger generation would feel adoration for Chu Feng after hearing about his past achievements and view him as their idol, there would always be that small portion of people that would be skeptical of Chu Feng’s achievements. In disbelief, they would come to the Cyanwood Mountain to stir up trouble.

Thus, people like them were a common occurrence. Merely, the majority of them were ruthlessly taught lessons by the Cyanwood Mountain’s disciples and then kicked out.

Merely, the current situation was different. Jiang Furong was frowning deeply. The reason for that was because the ones that had come to stir up trouble this time around were different from the ones before. The five people standing in the sky were very strong.

“Stir up trouble? No, no, no, we have not come to stir up trouble.”

“Merely, we heard that this place is the power that Chu Feng

belonged to. Furthermore, Chu Feng is extremely renowned in the Holy Land of Martialism. It seems that there are even people saying that he is the strongest member of the younger generation, even though he withdrew from the Strongest Younger Generation Battle Assembly at the Gong Ba Plains.”

“Even with that, many people still feel him to be the strongest member of the younger generation.”

“As there are so many rumors regarding that Chu Feng, it made me think that the disciples of the Cyanwood Mountain should be very powerful. Else, how could such a person appear in the Cyanwood Mountain?”

“That’s why I came to have a look. However, upon arriving, I was extremely shocked. This result... is truly a disappointment.”

“It would seem that the Cyanwood Mountain is merely so-so.”

“As for that Chu Feng, I bet his various achievements are only rumors. Hahaha...” The leading baldy mocked.

“Bastard! You dare to mock and ridicule senior brother Chu Feng! You have definitely come here to stir up trouble!” At that moment, many disciples started to curse at that baldy.

In fact, even many elders had run out. However, the current situation made it difficult for them to interfere.

Firstly, conflicts between disciples were a common occurrence. This was especially true when disciples fought for the rankings on the Cyanwood Succession List; their battles would be very fierce. As such, it was difficult for the elders to interfere to begin with.

Furthermore, the overall strength of the Cyanwood Mountain’s elders was not very strong.

It would be one thing if their Cyanwood Mountain’s disciples were defeated by those that came to stirring up trouble. However, if they, the elders, were also defeated by those that had come stirring up trouble, it would truly be humiliating for the Cyanwood

Mountain.

As such, it was difficult for them to interfere. They could only watch with folded arms and wait for the Cyanwood Mountain's experts to appear and help them out of this mess.

"While you can insult us disciples and our Cyanwood Mountain, I will not allow you to insult Chu Feng," At that moment, Jiang Furong was angered. She suddenly took out her Incomplete Imperial Armament and soared into the sky. With ferocious attacks, she charged at the five people in the sky.

"Paa~~~"

However, with a grab of his hand, that baldy grabbed Jiang Furong's Incomplete Imperial Armament. Then, his oppressive might swept forth and restricted her.

"Rank four Half Martial Emperor? He's actually a rank four Half Martial Emperor?!" At that moment, the crowd were all shocked. None of them expected for that person to be a rank four Half Martial Emperor. After all, a rank four Half Martial Emperor was very powerful among the younger generation.

Upon sensing the cultivation of that baldy, the expressions of the Cyanwood Mountain's elders and disciples all sunk.

Their opponent was too strong. It was true that there was no one among the Cyanwood Mountain's current disciples that were capable of contending against that baldy. Could the Cyanwood Mountain really be slapped in the face today?

"Damned bitch, let me tell you this. Your Cyanwood Mountain's disciples are inadequate to teach me a lesson," The baldy said coldly.

"Is that so? In that case, let me try," Right at that moment, a voice suddenly exploded out of nowhere.

Chapter 1946 – Chu Feng’s Return

At the same time as that voice exploded out, a figure appeared in the sky. He walked over to Jiang Furong’s side.

After seeing this person, the people present, regardless of whether they were disciples or elders, were all shocked.

At that moment, it was as if everyone had been petrified.

“Chu Feng! Quickly, look! It’s Chu Feng!!!”

“Chu Feng has returned!!!”

It was only after a long while that the crowd managed to react. Instantly, the air was filled with noises of incomparable excitement.

Chu Feng.

He was a key figure to the Cyanwood Mountain.

Chu Feng.

He was a legend to the Cyanwood Mountain.

Chu Feng.

He was the pride of the Cyanwood Mountain’s disciples and elders.

The reason for that was because everyone knew that the Cyanwood Mountain was only able to obtain their current prosperity because of Chu Feng.

“Chu Feng? You... you are Chu Feng?”

At that moment, that baldy and the four individuals standing behind him all became nervous upon seeing Chu Feng. In fact, the baldy that had spoken those provocative words earlier actually began to involuntarily step back.

Even though they were unable to determine what Chu Feng’s cultivation was, they were able to tell that Chu Feng was

extraordinary merely by looking at him.

The imposing aura that he emitted was something that ordinary people did not possess. Even for their Heavenly Law Palace, it was something that only their most excellent, their peak disciples possessed. In fact, when compared to Chu Feng, their Heavenly Law Palace's most excellent disciples were still much inferior.

"I am indeed Chu Feng. Didn't you say that there was no one in the Cyanwood Mountain to fight against you? In that case, you wouldn't mind me sparring with you, right?" Chu Feng said with a smile.

"Come at me then! I might as well tell you this. We have traveled so far to this place all for the sake of shattering all those rumors regarding you so that the people of the world will know that all of those rumors about you are fake."

As the baldy spoke, he released Jiang Furong's Incomplete Imperial Armament and took out his own Incomplete Imperial Armament. He was planning to fight Chu Feng.

At the same time, the four people behind him also took out their respective Incomplete Imperial Armaments and emitted very ferocious oppressive might. It turned out that those four were also rank four Half Martial Emperors. These disciples from the Heavenly Law Palace had truly come prepared.

Unfortunately, the person they were facing was Chu Feng, a rank one Martial Emperor.

"Buzz~~~"

Suddenly, Chu Feng's eyes flashed. Then, a boundlessly powerful oppressive might swept forth and covered the entire region.

Once his oppressive might appeared, the five Heavenly Law Palace's disciples' oppressive might's were instantly swallowed like five little brooks drifting into a vast sea.

In fact, even the weather had changed. From a sunny and

cloudless sky, violent winds now blew, and black clouds filled the sky. As for those five Heavenly Law Palaces' disciples, they stood there unable to move. It was as if they have been petrified.

Not to mention moving, the five of them were unable to even breathe. They were completely suppressed by Chu Feng.

“That aura, it's so terrifying. Exactly what level of cultivation is junior brother Chu Feng at now?” Jiang Furong and the other disciples of the Cyanwood Mountain were also extremely astonished.

Even though they were unable to determine Chu Feng's current cultivation, they were able to sense how terrifying and powerful Chu Feng's oppressive might was.

Before Chu Feng, those five Heavenly Law Palaces' disciples were simply unqualified to even attack him.

Suddenly, a man spoke. “Rank one Martial Emperor. That is the aura of a rank one Martial Emperor. Chu Feng, he is already a rank one Martial Emperor!”

Upon seeing that person, the Cyanwood Mountain's disciples were shocked again. The reason for that was because the person that had spoken was the Cyanwood Mountain's headmaster, Dugu Xingfeng.

“Rank one Martial Emperor? Lord Headmaster personally declared that Chu Feng is actually a rank one Martial Emperor?! Heavens! Wouldn't that mean that Chu Feng is as powerful as Lord Headmaster?!”

“Are you stupid? Chu Feng is someone that fought against the Four Great Imperial Clans' Clan Chiefs by himself, and killed the Ximen Imperial Clan's Clan Chief.”

“Chu Feng has already surpassed Lord Headmaster. Likely, right now, not to mention the Four Great Imperial Clan's Clan Chiefs, even their Utmost Exalted Elders would not be a match for Chu

Feng.”

“Buzz~~~”

Right at this moment when the crowd was astonished by how powerful Chu Feng was, Chu Feng removed his oppressive might with a thought.

The unstable weather and sky instantly returned to normal. Chu Feng was actually able to change the weather with a single thought.

“Putt~~~”

“Putt~~~”

“Putt~~~”

“Putt~~~”

“Putt~~~”

Right after Chu Feng removed his oppressive might, the five Heavenly Law Palaces’ disciples led by that baldy all kneeled before Chu Feng.

“Junior brother Chu Feng, we were wrong, we were wrong. We were foolish to have actually doubted your strength. Please, please give us a chance. Please take into consideration that we are now disciples of the Cyanwood Mountain to give us a chance to turn over a new leaf.”

Those five disciples began to beg Chu Feng for forgiveness nonstop. Even though Chu Feng had yet to attack them, they had already sensed how powerful Chu Feng was earlier. He was a super expert that was capable of taking their lives with a single thought.

The gap between them and Chu Feng was as enormous as the gap between the heavens and the earth. Not to mention them, even their Heavenly Law Palace’s strongest disciple would absolutely not be a match for Chu Feng.

Chu Feng’s reputation as the strongest member of the younger

generation was fully well-deserved.

“You all actually have the shame to declare yourselves to be our Cyanwood Mountain’s disciples?”

“Scram!!!”

As Chu Feng spoke, he waved his sleeve. Immediately, a gale swept forth.

“Ahhh~~~~”

Before that gale, those five Heavenly Law Palace’s disciples were blown thousands of miles away. The only thing remaining were the echoes of their screams.

“Wooahhhh!!!!!!!!!!”

“Long live junior brother Chu Feng!”

“Junior brother Chu Feng, you are too amazing!”

“Kicking them out was great! You have truly alleviated our anger. I shall see who else will dare to stir up troubles in our Cyanwood Mountain.”

In but an instant, the crowd were all in an uproar. As the saying goes, seeing once is better than hearing a hundred times. Today, after seeing Chu Feng, they finally became aware of how powerful Chu Feng was.

At the moment when the majority of the crowd were cheering excitedly for Chu Feng after seeing how powerful he was, a small portion of the crowd revealed ugly and unnatural expressions. They were all people that had previously deliberately made things difficult for Chu Feng, people that had humiliated and looked down on Chu Feng before.

Upon recalling what they had done back then, they finally realized how foolish they were.

Even without others saying it, they themselves already knew how foolish and stupid their actions back then were.

“Senior sister Jiang, are you alright?” Chu Feng asked Jiang Furong.

“I’m fine. If I’d known that you’d returned, I wouldn’t have done anything,” Jiang Furong said with a smile.

“Senior sister Jiang, do you still remember me?” Right at that moment, out of nowhere, Bai Ruochen appeared beside Chu Feng.

“Junior sister Bai, you’ve also returned? This is truly two happy occasions happening simultaneously,” After seeing Bai Ruochen, Jiang Furong revealed a joyous expression. Even though she had not had many interactions with Bai Ruochen, she still knew her. After all, Bai Ruochen was the person that had actually fought alongside Chu Feng back then.

“It seems that Ruochen is quite well-received. Merely, I wonder if there’s anyone to welcome me?” Immediately after Bai Ruochen appeared, Bai Suyan also appeared.

“It’s actually that pair of mother and daughter?” At that moment, many elders and disciples recognized Bai Ruochen and Bai Suyan.

Back then, Bai Suyan had charged into the Cyanwood Mountain to take Bai Ruochen and Chu Feng away. It was an enormous sensation back then. Even now, many people would still mention that matter.

“Welcome. Of course, welcome,” At that moment, Dugu Xingfeng personally stepped forward to welcome Bai Suyan.

“Madam, Elder Nangong Longjian has been waiting for you the entire time,” Dugu Xingfeng said with a smile.

Even though he was the Cyanwood Mountain’s headmaster, he did not dare to neglect Bai Suyan and her daughter. After all, he knew their true identity.

“Let’s go then,” Bai Suyan nodded.

Afterward, Dugu Xingfeng, Chu Feng and the others all disappeared into the void. They had left for the Cyanwood Sacred Assembly.

“Heavens, could it be... that Bai Ruochen is really Lord Nangong Longjian’s daughter?”

After hearing what Dugu Xingfeng said, the elders and disciples that knew Bai Ruochen and her mother all revealed stunned expressions.

It turned out that they had not only failed to recognize the Mount Tai that was Chu Feng.

They had also failed to Recognize the Mount Tai that was Bai Ruochen.

Chapter 1947 – Meeting Long Lin Again

After Chu Feng and the others arrived at the Cyanwood Sacred Assembly, they directly proceeded toward the location where Baili Xuankong was resting.

At that moment, other than the Compass Immortal, who was giving a lecture outside, all of the Cyanwood Mountain's important characters were gathered here.

Chu Feng mentioned to them what had happened in the Blood Devouring Killing Formation. He was informing them of how powerful and dangerous the Dark Hall was.

“What? The Dark Hall's Hall Master actually possesses the same sort of Inherited Bloodline as you?”

“The World Devastator Immortal joined the Dark Hall?”

After learning of everything that had happened, none of the people present were able to remain calm. Even Nangong Longjian was frowning deeply.

With how powerful the Dark Hall was, if they were to attack the Cyanwood Mountain, even they would not be able to withstand them.

Merely, even though they were worried, they could not mention it. The reason for that was because Chu Feng was bearing enough burdens. They could not allow themselves to burden Chu Feng even more.

“Ancestor, the Ancient Era's Elves and His Majesty the Elf King has already become allies with our Cyanwood Mountain. Furthermore, for the sake of preventing the people from the Dark Hall from attacking our Cyanwood Mountain, he has especially sent one of their Elf Kingdom's Grand Elder, Lord Lianghua, to aid our Cyanwood Mountain,” Chu Feng said.

After hearing those words, Nangong Longjian's eyes shone. He

hurriedly asked, “Lord Lianghua? Chu Feng, is what you said the truth?”

“Absolutely,” Chu Feng nodded.

“When is Lord Lianghua coming?” Nangong Longjian asked.

The person that was the most experienced among the people here was Nangong Longjian. Thus, he knew about the Ancient Era’s Elves’ Lord Lianghua.

Lord Lianghua was extremely powerful. Nangong Longjian felt that if Lord Lianghua were to come to aid the Cyanwood Mountain, even the Dark Hall would not dare to rashly attack the Cyanwood Mountain. He would be able to ensure the Cyanwood Mountain’s safety.

“This old man is already here,” Right at that moment, Lord Lianghua suddenly walked out from the void.

“Heavens, sir!!!” After seeing Lord Lianghua, other than Chu Feng, Bai Ruochen, Bai Suyan and Jiang Wushang, all the other people were stunned. Even Nangong Longjian reacted in such a manner.

It must be said that Lord Lianghua’s appearance came as an enormously pleasant surprise to them. He had caused their uneasy hearts to become much more at ease.

Lord Lianghua’s appearance, Chu Feng’s return and the reunion of Nangong Longjian’s family were all successive happy occasions. As such, the crowd present were all very happy.

Originally, Baili Xuankong had planned to prepare a feast of celebration.

However, Chu Feng was unable to sit by for even a single moment. The reason for that was because the reason why he had returned to the Cyanwood Mountain this urgently was actually because of Yao’er.

After finding out what Chu Feng planned to do, Baili Xuankong made the prompt decision to re-enter the Ancient Era's Remnants with Chu Feng and meet that fellow by the name of Long Lin again.

Moreover, this time around, even Lord Lianghua decided to accompany them.

As Lord Lianghua was a grand rank eight Martial Emperor, an existence close to becoming a peak Martial Emperor, his company caused the others to feel confident even when facing Long Lin.

After passing through the spirit formation, Chu Feng re-entered the Ancient Era's Remnants very smoothly.

Soon, Chu Feng and the others appeared in Long Lin's territory again.

When Chu Feng saw Yao'er, his depressed state of mind immediately felt much better.

The reason for that was because not only was Yao'er unharmed, her cultivation had also increased. She was no longer a rank one Martial Emperor, and had become a rank two Martial Emperor.

"Chu Feng, Lord Baili!!!" Yao'er was overjoyed upon seeing Chu Feng and the others. She immediately dashed toward Chu Feng.

To Chu Feng's surprise, that Long Lin fellow actually did not stop Yao'er this time around. Instead, he allowed her to run over to Chu Feng's side.

"Not bad. The speed of your breakthrough is even faster than I had anticipated. It seems that you will be able to help me," At that moment, Long Lin was also extremely happy. His gaze was fixed upon Chu Feng the entire time.

Long Lin's gaze caused Nangong Longjian and the others to feel extremely uncomfortable and even displeased.

The reason for that was because Long Lin only placed Chu Feng

in his gaze. Nangong Longjian, Baili Xuankong and even Lord Lianghua, these experts, were all ignored by him.

That's right. They were ignored. They were truly ignored. Even though they were within his line of sight, he pretended that they were invisible. Long Lin had simply not placed them in his eyes at all.

At this moment, Nangong Longjian felt extremely dissatisfied. He had originally wanted to say something.

“Paa~~~”

However, right when Nangong Longjian wanted to say something, an aged yet strong hand grabbed his arm.

He turned around to look. It was actually Lord Lianghua.

Lord Lianghua looked to Nangong Longjian without saying anything. He merely shook his head at Nangong Longjian.

“!!!!”

However, that simple action of his caused Nangong Longjian to feel enormous shock.

Lord Lianghua's intention was very clear. He was telling Nangong Longjian to not act recklessly, because their opponent was very dangerous.

When even Lord Lianghua felt that Long Lin to be dangerous, how could he, Nangong Longjian, possibly have the capability to bicker with him?

Thus, even though he was unwilling, Nangong Longjian decided to keep silent. When he looked to Long Lin again, there was an additional cautiousness in his gaze.

“Senior, I have returned as per our promise. Are you able to release Yao'er now?” Chu Feng asked.

“Of course. However, that's only on the condition that you'll help me do one thing,” Long Lin said.

“Senior, please tell me what it is,” Chu Feng said. He did not dare to neglect this Long Lin fellow.

Even though he was already a Martial Emperor and had met the Elf King, the Dark Hall’s Hall Master, Lord Lianghua, the World Devastator Immortal and many other peak experts in the Holy Land of Martialism, the dangerous sensation that Long Lin emitted was still intensely strong.

That Long Lin was truly too dangerous, much more dangerous than even the Dark Hall’s Hall Master. As such, Chu Feng did not dare to neglect him.

“It’s very simple,” As Long Lin spoke, he took out two items.

They were a gate and a sword.

The gate was transparent in color. It seemed as if it was formed from glass. It was two meters tall and a meter wide.

The sword was emitting red, flickering light and waves of heat. It was forged from fiery iron. It was a fiery seven foot long sword.

“These are!!!”

After seeing the gate and the sword, the eyes of everyone present started to shine with astonishment.

Neither that gate nor that sword were Incomplete Imperial Armaments, nor were they Imperial Armaments.

However, they were things even more precious than Imperial Armaments. They... seemed to not be possessions of the Holy Land of Martialism.

As for that Long Lin, he seemed to have already anticipated that Chu Feng and the others would be shocked.

Thus, he did not bother with Chu Feng and the others. Instead, he walked directly over to the giant tree and placed the gate on it.

Then, he began to form hand seals and mutter a special chant nonstop.

“Buzz~~~”

Suddenly, the gate and the tree fused together. The previously transparent gate actually started to glimmer with light and a distorted space appeared within it.

“Clank~~~”

Then, Long Lin turned the sword in his hand. Holding the blade of the sword, he pointed the hilt toward Chu Feng and said, “Hold this sword and go in there. After you cut off all of the vines that bind me, you will be able to take that Yao’er girl away.”

“The vines that bind you?” Hearing those words, Chu Feng’s eyes shone.

“Yes, vines that bind me,” Long Lin smiled. He did not try to conceal anything.

“Rest assured, as long as you can accomplish this, I will definitely keep my promise,” Long Lin added.

“I hope you will be able to keep your promise,” Chu Feng walked forward. He grabbed the hilt of the sword and began to walk toward that entrance.

“Chu Feng!!!” At that moment, Baili Xuankong shouted Chu Feng’s name. He was very worried. He felt that what Long Lin wanted Chu Feng to do was not that simple. Else, he would not have Chu Feng return here only after he became a Martial Emperor.

“Seniors, please rest assured. I will return safely,” Chu Feng turned around and smiled lightly. Then, with sword in hand, he entered the gate.

Chapter 1948 – Heavenly Bloodline

After Chu Feng passed through that gate, his line of sight became blurry.

When his sight returned to normal, Chu Feng discovered that he had arrived at another space.

This place was an isolated world. It was vast; much bigger than Chu Feng had anticipated it to be.

Merely, this vast space was filled with vines. The vines had completely covered Chu Feng's path.

Furthermore, talismans filled the area beneath the vines. Those talismans were currently glimmering with flickering light.

Those talismans made the vines even more extraordinary and even stronger.

Most importantly, the moment Chu Feng stepped foot into this place, he felt an extremely powerful pressure.

Not only was that pressure stressing his body, it was even stressing his dantian and soul. Before that pressure, even breathing became very difficult for Chu Feng. Being in this place, Chu Feng's strength was greatly restricted. Not only was he unable to fly, even walking became extremely difficult.

“Could this be a sealing formation? What is it sealing here?”

“That Long Lin said to cut off all of the vines that bound him... could it be that he is the one who is sealed here?”

As Chu Feng was a Dragon Mark Royal-cloak World Spiritist, he was able to tell with a single glance that this place was an extraordinary sealing formation.

“So that Long Lin actually wants to use me to undo his seal.”

“But, why would he be sealed here? Isn't this place an Ancient Era's Remnant? Exactly how long has he been here?”

“Could it be that he is not that enormous tree, and is instead only sealed in that enormous tree?”

“Exactly what is going on? Exactly what happened in this place?” At that moment, Chu Feng started to ponder. He kept feeling that he was being exploited by that Long Lin.

In the end, he sighed, “Can’t think too much about it. For the sake of saving Yao’er, I’ll have to put my all into this task.”

Even though Chu Feng had seen through Long Lin’s intentions, even though he was filled with questions in his heart, Chu Feng had no other choice but to do what Long Lin wanted him to do. Even though he knew that Long Lin was using him to undo his seal, Chu Feng had no choice but to allow himself to be taken advantage of.

“Woosh, woosh, woosh, woosh~~~”

Chu Feng began to swing the sword in his hand. Using that sword, he began to cut away the vines before him.

Merely, those vines were truly too powerful. The sword’s aura was useless. Chu Feng was only capable of cutting through the vines by putting all his strength into the sword itself.

However, this place was so vast, and Chu Feng was under enormous pressure that made each step difficult to take. Thus, to cut the vines here was a very strenuous task.

However, Chu Feng had no choice but to continue onward. The reason for that was because Chu Feng was able to tell that even though there were a lot of vines here, they were all pointed toward one direction.

Chu Feng felt that if he were to follow that direction, he would be able to discover what Long Lin wanted him to unseal.

.....

To Chu Feng’s helplessness, once he started, he continued to cut

vines for an entire year.

To the current Chu Feng, an entire year's worth of time was truly too long. After all, he was facing the Dark Hall, that extremely powerful enemy. In this period of a year, a lot of unforeseen events could have happened.

However, there was nothing he could do. He had to succeed. If he were to fail, he would not be able to save Yao'er. Thus, he decided to wholeheartedly continue to proceed onward.

Finally, after a year and two months passed, Chu Feng finally saw Long Lin.

Long Lin was in an enormous cage. The outside of that cage was the place where all of the vines were connected to.

“Finally found you,”

Chu Feng had cut vines for a year and two months straight. In this period of time, he did not drink a single drop of water or eat a single granule of rice. In fact, he did not even sleep for a single moment. As for the sword in his hand, it did not stop for a single instant.

It was no surprise then that Chu Feng was extremely exhausted and was on the verge of collapse.

However, after seeing that Long Lin was sealed in the cage, strength suddenly entered Chu Feng. The sword in his hand continued onward without stopping for a single instant.

“Woosh, woosh, woosh, woosh~~~”

The sword in Chu Feng's hand became extremely fast. The speed at which it came slicing down was even faster than the time when Chu Feng first entered this place. As Chu Feng slashed and slashed, all of the vines were soon cut off.

“Boom!” Finally, that enormous cage that was originally suspended in midair by the vines fell to the ground.

Merely, at that moment, the Long Lin inside that cage was still sitting there in a cross-legged position with his eyes tightly closed. There was not the slightest bit of reaction from him. It was as if he was a corpse.

“It seems that I will have to cut that cage apart too,” Chu Feng brandished the sword in his hand and hacked at the cage. He wanted to free Long Ling completely.

“Clank~~~”

However, right at the moment when Chu Feng’s sword was about to reach Long Lin’s cage, the cage actually started to change. Several vines separated themselves from the cage and turned into an enormous hand that grabbed Chu Feng’s sword.

“Heeaaahh!!!!”

In response, Chu Feng shouted loudly. Then, his Thunder Armor and Thunder Wings appeared on him simultaneously. When Chu Feng’s cultivation increased, his power also increased enormously.

Even though the hand that the vines had formed was gigantic, it was unable to stop the current Chu Feng.

Suddenly, the cage actually spoke. “Heavenly Bloodline? Who are you? Why are you here?”

Upon looking closely, Chu Feng was surprised. Not only had that cage formed an enormous hand to stop him, there was also a pair of eyes looking at him from above the cage.

“Heavenly Bloodline? You said that I possess a Heavenly bloodline?” Chu Feng was shocked upon hearing those words. He hurriedly asked, “Who are you? How did you know that I possess a Heavenly Bloodline?”

“Do not save him. Else, you will regret your actions.”

“Do not save him. Else, you will regret your actions.”

“Do not save him. Else, you will regret your actions.”

.....

.....

.....

However, that cage ignored Chu Feng's questions. Instead, it repeated those words.

At that moment, Chu Feng felt that his heart was distracted and his thoughts were in turmoil. He felt as if his head were about to explode. He had actually been affected by those words.

Those words were no ordinary words. Rather, they possessed a special power. If Chu Feng were to continue to listen, he would likely end up being driven mad and then dying here.

"My apologies, I must save him."

As Chu Feng said those words, he grabbed tightly onto the sword hilt with both hands and slashed downward. "Snap," the sword in his hand pierced into that cage.

"Snap~~~"

"Snap~~~"

.....

When Chu Feng's sword penetrated the cage, countless cracks began to extend from the location where the sword struck. The cracks grew larger and larger. Soon, they covered the entire cage.

"Woosh~~~"

At that moment, the Long Lin who was sitting cross-legged in the cage with his eyes tightly closed suddenly opened his eyes.

"Roar~~~~"

When his eyes opened, it was like the awakening of a fierce dragon that had been asleep for a very long time. An indescribable aura soon swept forth.

"Rumble~~~"

Facing that aura, the cage that was filled with cracks shattered in an instant, and bits of the cage were blown all over the place.

Seeing that, Chu Feng cautiously called out, “Senior?”

That was clearly Long Lin. Yet, his aura was even more frightening than the other Long Lin’s aura. Chu Feng was feeling a fatal danger from that Long Lin.

Even though he did not deliberately release any killing intent, Chu Feng felt an extremely strong killing intent. It was as if he was an existence born to kill.

Truth be told, facing such a Long Lin, even Chu Feng grew fearful, not knowing whether or not this Long Lin knew who he was. If he didn’t, it would be very possible for him to end up killing him.

However, when that Long Lin slowly stood up, he did not even bother to take a glance at Chu Feng. With a leap, he disappeared. The only thing that remained was the violent burst of air, his oppressive aura and the distorted space.

Chu Feng knew that Long Lin had flown towards the direction where he had come from. Likely, he was planning to leave this place.

“Is that Long Lin? Or is he... merely Long Lin’s power that was sealed?” As Chu Feng looked to the direction that Long Lin had disappeared to, he began to ponder.

“Buzz~~~”

Right at this moment, Chu Feng suddenly felt that the pressure that had been suppressing his movements was beginning to rapidly disappear.

In this sort of situation, Chu Feng’s power began to return. He... was finally no longer restricted by this place.

Chapter 1949 – Fusion

“Azure Dragon Dashing Technique.”

At that moment, Chu Feng attempted to use the Azure Dragon Dashing Technique.

It was actually a success this time around. After the Azure Dragon Dashing Technique was successfully unleashed, Chu Feng stepped onto the Azure Dragon and began to rapidly fly towards the direction from which he had entered this place .

At this moment, Chu Feng was feeling very joyous. After spending an entire year and two months, he had finally succeeded. This sort of feeling was something that only Chu Feng could know.

“Rumble, rumble, rumble~~~”

However, at this time when Chu Feng was feeling extremely happy, strange explosions began to sound from all directions.

“Crap! This place is about to collapse! I must leave here before it collapses.”

Chu Feng realized how dire the situation was. He gritted his teeth and concentrated all of his power to hasten the Azure Dragon Dashing Technique so that he could escape this place with the fastest speed possible.

This place was an isolated space. Even though Chu Feng did not know who had created this space, Chu Feng knew that its creator was very powerful.

Most importantly, if Chu Feng failed to escape this space before it collapsed, he would be attacked by the power of the spatial collapse.

Furthermore, the more powerful the creator of the space was, the stronger the power from its collapse would be. Thus, not to mention injuries, even death was possible.

Fortunately, after putting forth great effort to rapidly escape, Chu Feng finally arrived at the gate that he had passed through to enter this place.

Chu Feng felt extremely complicated when he saw that gate again. The reason for that was because he had deeply longed to see that gate again.

Without the slightest hesitation, Chu Feng charged through the gate.

When Chu Feng rushed out from that collapsing space, and saw the familiar scene and familiar faces in front of him, he felt as if everything before him had become clear.

“Chu Feng, are you alright?”

Chu Feng’s return caused the expressions of Baili Xuankong, Nangong Longjian and the others to change. One by one, they rushed over to Chu Feng and began to carefully inspect him with worried expressions on their faces. Lord Lianghua even handed Chu Feng an injury-recovering medicinal pellet.

As for Chu Feng, when he saw those familiar faces, he was startled.

After an entire year and two months had passed, why was there no change to these people from the time when he entered the gate?

In fact, the scenery was also exactly the same. Yet, an entire year and two months had passed. How could there be no change at all?

No, something was wrong. During the year and two months he had spent in that other place, a beard had grown on Chu Feng’s face, and his hair had become very messy.

However, although his hair was still messy right now, he felt no beard when he touched his chin.

His beard had already grown in that other place, and he had not shaved. As such, how could it have disappeared?

Therefore, there was absolutely something fishy regarding this, Could it be that all Chu Feng had experienced had merely been an illusion?

After sensing that the situation was amiss, Chu Feng asked the crowd, “How long was I in there?”

“Ah?” When Chu Feng asked that question, Nangong Longjian and the others were confused.

“You don’t have to question it anymore. You were not in there for long. It’s merely been a split second,” Long Lin said.

“A split second?” Chu Feng was startled to hear that.

As Chu Feng looked to Long Lin, he was startled once again.

Although Long Lin appeared to be the same on the surface, his gaze, his state of mind and his entire aura had changed.

At that moment, Chu Feng felt the aura of the Long Lin he had seen in that space in the current Long Lin.

Chu Feng knew that the two Long Lin’s had fused.

To be exact, the current Long Lin was the complete Long Lin, the real Long Lin.

“I understand now,” Chu Feng smiled. He truly understood what had happened.

It turned out that the space he was in before was even more powerful than he had imagined it to be.

Not only was it an isolated world, it was also capable of changing time.

Even though Chu Feng had spent a total of a year and two months inside, he had only been in there for a split second. As for that year and two months, it had only happened in that isolated space, and was not at all related to the real world.

As such, even though Chu Feng did not understand the principle

behind that space, did not understand whether he had entered there with his awareness or his actual self, it was still an enormously stunning thing.

A space that could alter time, oh how powerful was that?

Someone could train in that space for hundreds or thousands of years.

Then, after coming out, only a few years or a few days would have passed.

That would truly be too powerful. That space was truly too extraordinary. Not to mention for ordinary people, it would be extremely useful for even Chu Feng. Chu Feng would be able to enter that space and train his martial skills there. With his talent, even if he were to spend several years in that space to master a martial skill, only a split second would have passed in the real world after he returned.

If one could master a martial skill that would normally take several years to master in a split second, oh how powerful would that be?

“What’s going on? Why is that tree wilting? It was perfectly fine earlier,” Suddenly, Yao’er spoke with astonishment. She even gently caressed that giant tree in a very loving manner.

It turned out that the giant tree was currently withering.

“Uncle Long Lin, quickly, you must do something. That tree is about to die,” Yao’er was so anxious that she actually started to tear up. Her cultivation had only been able to make progress because of that giant tree’s power. Thus, she possessed a very deep affection for the giant tree.

“Yao’er, I am unable to save it. Not only am I incapable of saving it, no one can save it,” Long Lin said. He did not feel the slightest bit of regret for the death of that tree.

“Is it really destroyed?” Seeing that, Chu Feng started to faintly

frown.

It was over. Chu Feng's thoughts of entering that space again to train were destined to be impossible to accomplish.

That space seemed to have been linked with that giant tree. After the space collapsed, the giant tree started to wilt.

It seemed that the giant tree would inevitably die, and that space would inevitably be destroyed. With the death of the tree, the space would also be gone.

Most importantly, even Long Lin was unable to prevent the destruction of that space. This meant that what Chu Feng had thought of earlier, the idea of training in that space, was unachievable.

At that moment, even though Chu Feng felt some regret, he was not feeling sadness. The reason for that was because while that space was fine, it possessed enormous pressure.

Upon thinking about it, it was very possible that others would die upon entering that space.

In short, that space should not be a place that people could easily enter. Else, why would Long Lin ignore all those experts before him and instead insist on Chu Feng's help?

"Senior, it seems that I have successfully accomplished your task," Chu Feng said to Long Lin.

"What? Accomplished? Didn't Chu Feng come out right after entering? Exactly what did he do?"

After hearing what Chu Feng said, Baili Xuankong and the others all revealed puzzled expressions.

Even though Chu Feng had spent a total of a year and two months in that space, the actual amount of time that had passed in the real world was only a split second.

Thus, to Baili Xuankong and the others, Chu Feng had just

entered that gate and come right back out. When Chu Feng came out, his hair was in a mess, and his complexion was pale. It was as if he had experienced an enormous trial. That was why they were worried about Chu Feng.

However, they never expected that Chu Feng would have accomplished the task Long Lin gave him in a split second after entering the gate. Did he really accomplish that task? Baili Xuankong and the others were all extremely shocked.

“Yes, you’ve accomplished it. Not only did you accomplish it, you accomplished the task beautifully. Yao’er is free now,” Long Lin said with a nod. As he spoke, he took out a book and handed it to Chu Feng.

“You’ve helped me. I will not have you help me for free. This here is a Heaven Taboo Martial Skill. It suits the current you very well,” Long Lin said.

“Thank you senior,” Chu Feng did not refuse the book. A Heaven Taboo Martial Skill was an item of considerable value.

Furthermore, Chu Feng was able to tell that the Heaven Taboo Martial Skill Long Lin had handed to him was a complete one. Not only was he able to learn it, the others from the Cyanwood Mountain were also able to learn it. A Heaven Taboo Martial Skill like that would be even more valuable.

Since Long Lin was willing to give it to him, there was no reason for Chu Feng to refuse it. After all, Chu Feng had indeed gone through a lot to help Long Lin obtain his freedom.

Chapter 1950 – Challenging The Qilin

“Chu Feng, I’ll be leaving. This farewell will likely last forever. Is there any request that you have of me?”

“If you do, I can help you. However, as my time is limited, I can only help you with some small matters.”

“If you want me to help you eliminate your great enemy in the Holy Land of Martialism, or do anything like that, you do not have to mention it.”

“I will not help you with something like that. The reason for that is because I believe that a man should take care of his own enemies himself,” Long Lin said with a beaming smile.

His intention was very clear. He would help Chu Feng with one thing. However, it would only be a small matter. If it was something major, he would not help Chu Feng.

“Senior, are you able to take out that palace again and allow me to challenge it one more time?” Chu Feng asked.

“You wish to challenge it again?” Long Lin was very surprised. Then, he asked, “You’re planning to challenge the Third Level Hall?”

“Precisely. I wish to challenge that Qilin,” Chu Feng said.

“That Qilin is not simple at all. With your cultivation, I’m afraid it will be a bit difficult...” Long Lin said.

“Senior, please allow me to challenge it,” Chu Feng clasped his fist.

“Very well. Since you are this courageous, I’ll grant you your wish.”

“However, as my time is limited, you will only have an hour. If you can successfully defeat it, then that will be great. If you cannot, you must come back out right away. Otherwise, I will not

bother with you even if you are to die in there,” Long Lin said.

“That will not be an issue,” Chu Feng said with a light smile. His face was brimming with confidence.

“Very well, let’s begin then,” As Long Lin spoke, he took out the golden palace. Then, he began to form hand seals with his left hand while holding the palace up high with his right hand while muttering some sort of bizarre chant.

With the hand seals and chanting, the golden palace in Long Lin’s right hand started to tremble slightly. The trembling grew more and more intense. Then, waves of oppressive might began to emit from the palace.

“Go,” Suddenly, Long Lin raised his hand up high, and the golden palace shot into the sky. After it shot up, it began to rapidly expand in size. In a blink of an eye, it became an enormous palace a hundred and fifty meters tall and a thousand five hundred meters wide. The palace was floating in midair.

After the palace grew bigger, everything regarding it became more distinctive. It was radiating a golden luster and emitting an incomparably majestic and imposing aura.

“That is?!!!!”

Seeing the palace before them, Nangong Longjian and Lord Lianghua were both deeply shocked.

It was the first time that they had seen a treasure this miraculous.

The very next moment, they were attacked with even greater shock. Their reactions were the same as the reactions that Chu Feng and the others had when they first saw the golden palace.

The reason for that was because after the gate to that golden palace opened, a total of a thousand spear-wielding soldiers in golden armor walked out of the palace. They were all Martial Emperors. It was an army of Martial Emperors.

“Kill!!!”

When the golden-armored army appeared, they pointed their spears forward and formed a formation to protect the golden palace's entrance.

All of this was exactly the same as the first time Long Lin had opened the palace.

“What sort of treasure is that?”

Even someone like Nangong Longjian was unable to contain himself from gasping in surprise. Everything before him was truly too miraculous.

He, Nangong Longjian, was a very well-known individual in the Holy Land of Martialism. He had challenged countless Ancient Era's Remnants and experienced innumerable things. Yet, he had never seen a treasure as miraculous as the one before him right now.

As for Chu Feng, he had a calm expression, as he had already anticipated all of this. With a flip of his palm, he took out a title plate. It was the title plate that Long Lin gave him last time around.

After seeing that title plate, the hostility that those golden armored soldiers had revealed instantly vanished and they began to make way for Chu Feng. As for Chu Feng, he once again entered the golden palace.

The sensation Chu Feng felt upon entering the golden palace was exactly the same as when he had entered it the first time.

Chu Feng continued onward. The First Level Hall and the Second Level Hall still gave Chu Feng a very powerful oppressive sensation. However, Chu Feng was able to withstand them. It was no longer as unendurable as before.

Finally, Chu Feng arrived at the Third Level Hall's entrance. When the Third Level Hall's entrance slowly opened before him,

that Qilin appeared before Chu Feng again.

That Qilin was still as handsome and domineering as it was before. Merely, the gaze with which it looked to Chu Feng had changed. It no longer looked at Chu Feng with the contempt that it had before. As expected, that Qilin possessed awareness.

As for Chu Feng, he was still unable to see through that Qilin's cultivation. However, Chu Feng was confident that he would be able to fight against that Qilin.

"I said that I would return to play with you after I became a Martial Emperor. Little fellow, are you ready?" Chu Feng said with a beaming smile.

"Roar~~~"

The Qilin snarled. It seemed to be responding to Chu Feng. However, more than that, it seemed to be provoking Chu Feng.

"ZZZZZZZZ~~~"

With a thought, Chu Feng directly unleashed his Thunder Armor and Thunder Wings. After Chu Feng's cultivation increased from rank one Martial Emperor to rank three Martial Emperor, he leapt forward and entered the Third Level Hall.

Chu Feng immediately felt a powerful pressure after entering the Third Level Hall. This pressure was different from the ones from the First Level Hall and the Second Level Hall.

This pressure was not from the Third Level Hall itself. Instead, it was from the Qilin. The pressure that Chu Feng was feeling was brought forth by the Qilin.

"Rank four Martial Emperor?"

Chu Feng started to frown. At that moment, he was finally able to sense that Qilin's cultivation.

It was a rank four Martial Emperor, with a heaven-defying battle power capable of surpassing four levels of cultivation, one above

ordinary Martial Emperors.

Thus, strictly speaking, that Qilin was simply incomparable to rank four Martial Emperors. Instead, it possessed the same power as a rank five Martial Emperor.

On top of that, the pressure that it brought upon Chu Feng caused Chu Feng's power to decrease. Thus, this Qilin was the strongest rank five Martial Emperor Chu Feng had met so far.

“Roar~~~”

Seeing that Chu Feng had entered the Third Palace Hall, the Qilin did not immediately attack Chu Feng. Instead, it let out a low roar. It was as if it was telling Chu Feng to prepare himself because it was going to attack.

“You're quite polite,” Chu Feng smiled lightly.

“Clank~~~~”

Chu Feng's palm streaked across his Cosmos Sack. A cold light flashed. Then, the Heavenly Immortal Sword appeared in Chu Feng's hand.

“Come, let me experience your strength,” Chu Feng said as he hefted the Heavenly Immortal Sword.

“Roar~~~”

Another roar. The Qilin had made its move. Its body began to flicker with light. Then, each and every scale that it possessed shot a golden ray toward Chu Feng.

“Woosh, woosh, woosh, woosh, woosh~~~”

The many golden rays were all shot forth simultaneously. Like densely packed golden arrows, they pierced through the air as they flew toward Chu Feng. With the large area the attack covered, it was simply impossible for Chu Feng to dodge it.

“Heavenly Immortal Sword Technique.”

However, Chu Feng was not flustered. He unleashed his Heavenly Immortal Sword Technique. Then, countless sword silhouettes appeared out of thin air.

The sword silhouettes collided with the golden rays and causing sparks to swirl in the air as dazzling light radiated all around.

“Woosh~~~”

When all of the golden rays were blocked, Chu Feng stretched his arm forward. Then, a cold light flashed past which was aimed at the Qilin’s throat.

“Roar~~~”

The Qilin roared. As it opened its mouth, it shot out a golden sphere of light in midair.

That golden sphere of light was extremely fast. In a blink of an eye, it had arrived before Chu Feng.

“Crap.”

Chu Feng started to frown. He was able to sense how frightening that golden sphere of light was. He could not block it with his sword, and had to avoid it.

However, at the moment when Chu Feng planned to dodge the golden sphere of light, a loud ‘boom’ was heard. The golden sphere of light actually exploded.

The explosion of the golden sphere of light created surging waves of flames. The flames were so strong that even space itself was being melted away by it. As for Chu Feng, he had been engulfed by the flames.

“Ahhh!!!”

At that moment, Chu Feng’s miserable screams sounded from the sea of flames.

“Roar~~~”

“Roar~~~”

“Roar~~~”

“Roar~~~”

The Qilin did not stop there. It roared four more times, and shot out four more golden spheres of light toward the sea of flames in succession. Those golden spheres of lights exploded in the sea of flames and, with their explosion, the intensity of the flames grew even stronger. The flames had completely filled the Third Level Hall.

However, no matter how strong the flames were, the Qilin remained uninjured.

As for Chu Feng, after a series of screams, there was no sound of activity from him at all.

Chapter 1951 – The Path To Heaven

“Roar~~~~”

Seeing that there was no response from Chu Feng after a long time, the Qilin revealed a slightly relaxed expression. Then, it let out a different sort of roar. It was as if it were announcing its victory.

“Clank~~~”

Right at that moment, a cold flash suddenly shot out from the sea of flames.

The Qilin was surprised upon seeing that. It opened its mouth again, planning to shoot out another golden sphere of light.

However, the golden flash was too fast. In merely the blink of an eye, it arrived at the Qilin’s throat and sealed the Qilin’s movements. The Qilin was denied the opportunity to shoot out another sphere of golden light.

It was Chu Feng. Chu Feng had broken out of the sea of flames with his Heavenly Immortal Sword in hand. His Heavenly Immortal Sword was now pointed at the Qilin’s throat.

Chu Feng was not injured in the slightest. He had achieved this through the use of his two Supreme Secret Skills, the Black Tortoise Armor Technique and the Vermillion Bird Revival Technique.

It turned out that Chu Feng had deliberately let out that miserable scream from earlier. His intention was for the Qilin would lower its guard.

“Little fellow, there can never be too much deception in war. Next time, remember that,” Chu Feng said with a beaming smile., Even though he had suppressed the Qilin, he did not kill it.

The reason for that was because Chu Feng was truly reluctant to

kill that Qilin. He had actually only come to this place with the intent to challenge the Qilin, and not to actually kill it.

“Roar~~~”

Suddenly, the Qilin let out a low roar. Then, its body began to blossom with light. Then, it began to shrink. In merely the blink of an eye, the Qilin had turned into an arrow.

That arrow was filled with scale-like veined patterns. It also possessed the same sort of aura as the Qilin had. The Qilin was actually also formed from an arrow.

“So you were also an arrow?”

Chu Feng was shocked. He had thought that the Qilin might be the same as those golden armored soldiers. Even though it possessed awareness, it was not an actual Divine Beast.

However, Chu Feng did not expect for that Qilin to actually be an arrow. In simpler terms, that Qilin was none other than a treasure; it was not an actual living thing. Yet... it was able to conceal that from Chu Feng’s Heaven’s Eyes.

“Exactly what sort of individual was capable of creating a treasure like you?”

“It should be the same person that created this golden palace, right?” At that moment, Chu Feng was gasping in admiration.

Even though he was already someone capable of calling the wind and summoning the rain in the Holy Land of Martialism, he felt himself to be extremely small in the golden palace. All of his techniques and abilities were useless here.

“Rumble~~~~”

At the moment when Chu Feng was gasping in admiration, the tightly shut entrance to the Fourth Level Hall started to open with a rumble.

When the Fourth Level Hall opened, Chu Feng started to frown.

Cautiously, he moved back; away from that Fourth Level Hall's entrance.

The reason for that was because Chu Feng felt an extremely dangerous aura from the Fourth Level Hall. Different from the First, Second and Third Level Halls, the Fourth Level Hall emitted a very intense, a very terrifying, killing intent.

After the Fourth Level Hall's entrance opened completely, the frown on Chu Feng's face became even more wrinkled.

In the Fourth Level Hall was a dense amount of gray mist. More accurately, it was dark gray in color.

Most importantly, even Chu Feng's Heaven's Eyes were unable to see through the dark gray mist. As such, he did not know exactly what might be contained in the Fourth Level Hall.

“Woosh~~~”

“Woosh~~~”

“Woosh~~~”

“Woosh~~~”

.....

Right at that moment, crimson eyes appeared in the dark gray mist. Those crimson eyes were not very large; only about the size of a human's eyes. However, their number was extremely large. Densely packed, they covered practically the entire Fourth Level Hall.

Upon seeing the thousands, no, the tens of thousands of crimson eyes, Chu Feng's heart started to tighten. He felt as if his hair was standing on end.

Monster. Chu Feng felt that what was contained within the Fourth Level Hall must be a true monster.

That monster did not utter any ear-piercing roars or frightening oppressive might. Yet, merely by looking at Chu Feng, Chu Feng

felt as if his blood was running cold. Chu Feng was able to realize how dangerous that monster was.

Chu Feng did not continue forward. He did not plan to enter the Fourth Level Hall. It was not that Chu Feng was afraid. Rather, Chu Feng felt that, with his current cultivation, he would definitely be killed should he enter the Fourth Level Hall.

Thus, Chu Feng grabbed the Qilin Arrow and left the golden palace.

“Little friend Chu Feng, it seems that you’ve succeeded.”

“Not bad, not bad,” After Chu Feng walked out of the golden palace, Long Lin began to clap his hands upon seeing the Qilin Arrow in Chu Feng’s hand.

“Senior,” Chu Feng handed the Qilin Arrow to Long Lin.

“No, since you’ve conquered it, it is yours now. The way to use this Qilin Arrow is the same as the arrows you’ve obtained before. However, its might is capable of killing ordinary rank seven Martial Emperors. It might be of use to you,” Long Lin said.

“Rank seven Martial Emperor? Merely with that arrow?” The crowd all looked to that Qilin Arrow in shock upon hearing what Long Lin said.

Nangong Longjian and Lord Lianghua began to recall the rumor of Chu Feng killing Martial Emperors on the Gong Ba Plains with arrows. Upon thinking of that, they came to a sudden realization.

They began to believe what Long Lin had said to be true. At the same time, they came to know where Chu Feng’s arrows had been obtained. Likely, they were also from that miraculous golden palace.

“Senior Long Lin, I have a question that I wish to ask you,” Chu Feng said.

“If it’s only a question, ask away,” Long Lin said.

“You must’ve known from the very beginning that my Inherited Bloodline is a Heavenly Bloodline, right?” Chu Feng asked.

“Of course. If you didn’t possess a Heavenly Bloodline, you would not have been able to help me break free and destroy that tree,” As Long Lin said those words, he looked to the giant tree.

Chu Feng followed his gaze and discovered that the giant tree had withered completely. It no longer possessed a trace of life left; it had completely died.

Seeing such a tree dying, Chu Feng’s heart was filled with regret.

“However, Chu Feng, I must tell you this. Even for those who possess Heavenly Bloodlines, not all of them would have been able to walk out from the space within that tree alive. Furthermore, not all of them would have been capable of helping me.”

“You are stronger than ordinary descendants of a Heavenly Bloodline. Perhaps, you might be able to play a role in the Outer World in the future.”

“However, I shall warn you of this. If you are to really enter the Outer World in the future, you must absolutely not mention our relationship to anyone, for it will only be detrimental to you.”

“Pretend that we have never met before. Our destiny shall split at this point forth,” After Long Lin finished saying those words, he suddenly threw the golden palace into the sky.

“Rumble~~~”

In an instant, black clouds and thunder began to surge about. As for that golden palace, it turned into a golden ray of light that charged straight into the sky. It was as if it was going to reach the end of the sky.

“Buzz~~~”

Soon, other than the golden ray of light that was still present, everything else in the sky turned into an enormous vortex. That

vortex slowly revolved around the end of the golden ray of light.

A path to heaven. That golden ray of light appeared like a path to heaven.

It was different from the Eastern Sea Region's Heavenly Road that connected to the Holy Land of Martialism. It was an actual path to the heavens. Through that path, one could enter the [Outer World](#).

Outer World is actually written as "Heavens Outside"; aka, the world outside of the world you know.

Chapter 1952 – Spatial Crack

“Chu Feng, you must not follow me. With your current cultivation, you are unable to withstand the pressure here. If you follow after me, you will undoubtedly die.”

“Remember, if you wish to enter the Outer World, you will have to find another method,” Long Lin said to Chu Feng.

“Woosh~~~”

As he said those words, he soared into the sky and over the horizon on that path to heaven established by the golden palace.

Even though Long Lin had left, the golden palace’s path to heaven still remained for quite some time before finally dissipating.

However... even after the path to heaven completely disappeared and the sky returned to normal, everybody in the crowd present was incapable of remaining calm.

“Outer World. There are indeed martial cultivators in the Outer World. That Long Lin was a cultivator from the Outer World,” Lord Lianghua said in amazement. At that moment, he who was always calm was actually so emotional that his aged palms were shaking.

“Lord Lianghua, you’re saying... that there are cultivators in the vast starry sky?” Baili Xuankong asked in a very shocked manner. The reason for that was because this matter was extremely important, extremely significant.

“Mn, of course there are. Didn’t you all see that Long Lin entering the Outer World just now? He was a martial cultivator from the Outer World.”

“Martial Cultivators are not limited to our Holy Land of Martialism. There are more martial cultivators in the vast starry sky.” It could be seen that Lord Lianghua was extremely

emotional. Even his tone was extremely emotional.

“In that case, Chu Feng, he...” At that moment, everyone turned their gazes to Chu Feng. They seemed to want to learn more about things pertaining to the Outer World from Chu Feng.

The reason for that was because regardless of how high they stood in the Holy Land of Martialism, they still felt the sensation of being frogs at the bottom of a well the moment Long Lin opened the path to heaven, the path to the Outer World.

Even though they were unable to see anything through that path to heaven, they were all able to see the boundless sky and the vast amount of stars. They knew how magnificent that vast world above them was.

“Seniors, I am indeed from the Outer World. However, I do not know anything regarding the Outer World at all. Ever since I was able to form memories, the only thing I remember is this world. As for my childhood, it was spent entirely in the Eastern Sea Region,” Chu Feng said.

“So that’s the case,” Hearing what Chu Feng said, Nangong Longjian and the others no longer tried to question him. However, to a greater or lesser degree, they all revealed disappointed expressions. They deeply wished to be able to know more about the Outer World.

Suddenly, Lord Lianghua said, “Chu Feng is from the Outer World; in that case, wouldn’t it mean the Dark Hall’s Hall Master is also a martial cultivator from the Outer World?”

After hearing that, everyone other than Chu Feng grew silent. At that moment, they all realized how powerful the Dark Hall’s Hall Master was.

“Forget about it. We must still consider this matter regarding the Dark Hall at length. For now, Yao’er has been successfully saved. As such, it is a happy occasion.”

“I feel that we should hold a celebration. Moreover, Lord Lianghua has come over from far away, and our Cyanwood Mountain has yet to show the hospitality of a host,” Baili Xuankong said.

“My, there’s no need for such extravagance,” Lord Lianghua shook his head with a smile. However, it could be seen that he was very happy to be valued this highly by the Cyanwood Mountain.

“What Ancestor said is correct. No matter what, Lord Lianghua has traveled very far to get here. As such, we must hold a welcoming dinner to wash away the dirt of the journey for Lord Lianghua,” Chu Feng said in agreement. Then, the others also began to express their endorsement.

Being showered by this great hospitality, it was unsuitable for Lord Lianghua to decline. Furthermore, he did not plan to actually decline their good intentions either.

Chu Feng then looked to Yao’er. He discovered that Yao’er had a somewhat lonely expression on her face after Long Lin left.

This was understandable. Even though Long Lin had held her captive for a long while, he had treated her very well. This could be seen by how Yao’er’s cultivation had increased.

“Yao’er,” Suddenly, Chu Feng grabbed Yao’er’s hand.

Upon sensing the warmth of Chu Feng’s palm, Yao’er was startled. Then, in a slightly embarrassed manner, she looked to Chu Feng.

“Come, let’s go home,” Chu Feng said.

“Mn,” Hearing those words, Yao’er revealed a brilliant smile on her face.

Afterward, Baili Xuankong gave a personal order to hold a grand feast. From head to toe, everyone in the Cyanwood Mountain was celebrating.

However, the reason given for this celebration was Chu Feng's return.

The reason given for this celebration was to show how important Chu Feng was to the Cyanwood Mountain.

However, the most important reason was because Lord Lianghua's protection over the Cyanwood Mountain was something that they had to keep secret from the Dark Hall.

During the celebration feast, Chu Feng suddenly asked, "Seniors, do you all know of a way to return to the Eastern Sea Region from the Holy Land of Martialism?"

This was a question Chu Feng had wished to know the answer to for a very long time.

He had to return to the Eastern Sea Region. Firstly, he missed his family and friends in the Eastern Sea Region. Secondly, it was because Qing Xuantian's Emperor's Tomb was located in the Nine Provinces Continent.

Chu Feng had yet to completely open Qing Xuantian's Emperor's Tomb. At the very least, that Imperial Armament was still there. Chu Feng felt that it was about time for him to return to that Emperor's Tomb. After all, he was currently a Martial Emperor. If he were to return to that Emperor's Tomb, he would have at least a fifty percent chance of successfully obtaining the Imperial Armament there.

Furthermore, as he was now faced with the great enemy of the Dark Hall, Chu Feng felt that he had to quickly increase his strength.

That said, Chu Feng knew that the Heavenly Roads were only one-way. One could only enter the Holy Land of Martialism from the Four Sea Regions, and not go from the Holy Land of Martialism to the Four Sea Regions.

Actually, that was understandable. Else, if the people from the

Holy Land of Martialism were able to enter the Four Sea Regions at will, those Four Sea Regions would be in complete chaos. After all, the average strength of the individuals in the Holy Land of Martialism greatly surpassed that of the Four Sea Regions.

That said, the problem remained that Chu Feng must return to the Eastern Sea Region.

For that, Chu Feng had especially asked Tantai Xue about how she, along with those disciples from the Cursed Soil Sect, had managed to reach the Eastern Sea Region.

However, the answer he had obtained from her was that she didn't know how she had managed to reach the Eastern Sea Region.

All she told Chu Feng was that she was being chased by the Cursed Soil Sect's disciples, and came across a spatial crack when she was forced to a dead end. As such, she jumped into that spatial crack.

To her surprise, when she exited that spatial crack, she was in the Eastern Sea Region. If she wished to return to the Holy Land of Martialism, she could only do so through the Heavenly Road.

As for that spatial crack, she had tried searching for it again. However, she was unable to find it.

Thus, Chu Feng knew that it would not be simple for him to return to the Eastern Sea Region. As the people present were all grand experts in the Holy Land of Martialism, people that possessed a great amount of experience and knowledge, Chu Feng decided to ask them whether there was a way for him to return to the Eastern Sea Region.

“As far as I know, the Heavenly Roads are one-way. Only the people from the Four Sea Regions can enter the Holy Land of Martialism, and not the other way around.”

“The Heavenly Roads are very powerful spirit formations. They

greatly resemble the Boundary Energy that separated the Holy Land of Martialism before. They are things that we cannot oppose with our strength.”

“However, as long as it’s a spirit formation, there will definitely be a flaw, a gap. As the Boundary Energy possessed flaws that we could take advantage of, the Heavenly Roads most definitely possess flaws too.”

“Merely, the flaws of the Boundary Energy were something that one could cut open as long as one possessed sufficient strength. It was rather simple.”

“As for the Heavenly Roads, their flaws are innate. One can only search for them, and not create them,” The Compass Immortal said.

“Senior Compass, are the flaws that you mentioned spatial cracks?” Chu Feng asked.

“That’s right. The flaws of the Heavenly Roads are their spatial cracks. For example, if you wished to enter the Eastern Sea Region, you would have to find a spatial crack at the exit of the Eastern Sea Region’s Heavenly Road. As long as you find a spatial crack, you would be able to reach the Eastern Sea Region upon entering it,” the Compass Immortal said.

“Merely, spatial cracks are things that one can only encounter, and cannot be sought after. It is very difficult to find them,” The Compass Immortal said.

Chapter 1953 – Must Return

“Not only is it difficult to find spatial cracks, the spatial cracks themselves can also be separated into those that are good and those that are bad. The good ones, are able to take you to where you want to go to. However, if you were to enter a bad one, you will be killed,” Lord Lianghua said.

“There is indeed that saying,” The Compass Immortal nodded in agreement.

“Chu Feng, why are you insistent on going to the Eastern Sea Region?” Baili Xuankong asked. He was already able to tell from the conversation how dangerous it was to return to the Eastern Sea Region. Thus, he deeply wanted to advise Chu Feng against braving the dangers to go there should it not be absolutely necessary for him to do so.

“Seniors, I will not conceal this from you all. The Eastern Sea Region is the place where I must go to. Although I am from the Outer World, I grew up in the Eastern Sea Region. My family and friends are there. I cannot disregard them and leave them there,” Chu Feng said.

The Compass Immortal sighed. “Chu Feng, I am not finding fault with you. Merely, a man should aspire to travel far and make his mark. As such, how could one be bound by one’s family and friends?”

“Furthermore, if your friends and family are to know that you decided to brave danger for their sake, I believe they would not agree to it either.”

“What the Compass Immortal said is very reasonable,” Baili Xuankong and the others also voiced their agreement. Actually... they were all against it for Chu Feng’s sake.

“That is only one of the reasons. There is also another reason,”

Chu Feng said.

“Another reason? You have another reason?” Baili Xuankong asked.

“Mn,” Chu Feng nodded.

“What sort of reason would make you be willing to brave that sort of danger?” Lord Lianghua asked.

“Emperor Qing, Qing Xuantian’s remnants,” Chu Feng said.

“What?!!!” Hearing those words, the expressions of the crowd present all changed enormously. In fact, they even stood up from their seats very emotionally.

“Chu Feng, what did you just say? You said Emperor Qing, Qing Xuantian’s remnants?” Nangong Longjian asked. At this moment, everyone was looking at Chu Feng. They were all unable to believe their ears.

After all, Qing Xuantian’s reputation was truly too enormous. Furthermore, the location of his remnants had been a mystery in the Holy Land of Martialism the entire time.

Countless people had tried to search for this remnants. Even Nangong Longjian, Lord Lianghua and the Compass Immortal had attempted to search for them before. Yet, no one had managed to find it.

However, at that moment, Chu Feng actually declared that he knew the location of Qing Xuantian’s remnants? As such, how could they not be shocked?

“Emperor Qing, Qing Xuantian’s remnants are located in the Eastern Sea Region’s Nine Provinces Continent. That was the place of his birth. In other words, senior Qing Xuantian and I are from the same hometown,” Chu Feng said with a smile.

Chu Feng felt that there was already no need for him to conceal this fact from the crowd present anymore. After all, all of these

people present were worthy of his trust.

“Ah?!!” Hearing what Chu Feng said, the crowd became even more shocked. The exceptional geniuses of two separate eras were actually from the same hometown?

What sort of place was the Nine Provinces Continent? Could it be a place that was filled with geniuses?

“Seniors, these are... the Azure Dragon, White Tiger, Vermillion Bird and Black Tortoise.”

As Chu Feng spoke, he revealed all four of his Great Supreme Secret Skills. He had revealed them completely, and allowed them to take form in their most complete form.

“Those are Qing Xuantian’s four guardian beasts. There’s no mistake about it. Even though they’ve turned into secret skills, those are definitely their auras.”

“Chu Feng, so you were actually Qing Xuantian’s successor?” Lord Lianghua was a very old person. He had lived for over ten thousand years, and had personally met Qing Xuantian, as well as his four guardian beasts.

Thus, he recognized right away that Chu Feng’s Four Great Supreme Secret Skills were Qing Xuantian’s four guardian beasts.

“I am not really senior Qing Xuantian’s successor. Merely, I managed to obtain his Four Great Supreme Secret Skills by coincidence,” Chu Feng said.

“Qing Xuantian’s four guardian beasts have turned into secret skills. In that case, Qing Xuantian is really dead?” At that moment, for some ineffable reason, the crowd felt sorrow.

Even though Qing Xuantian has disappeared for many years, and the crowd all felt that he had died, they all possessed a glimmer of hope, a delusion, that he was still alive.

“I do not know whether or not senior Qing Xuantian is dead or

alive. All that he left behind was a remnant, and not a grave,” Chu Feng said.

“In that case, it means that Qing Xuantian might still be alive?” Hearing those words, Nangong Longjian and the others became spirited again.

“I don’t know. All I know is that senior Qing Xuantian’s four guardian beasts are not really dead.”

“I possess the means to revive them. Merely... I will have to return to the Eastern Sea Region’s Nine Provinces Continent,” Chu Feng said.

“The revival of Qing Xuantian’s four guardian beasts? Those four guardian beasts were very powerful. If they were able to be revived-!!!” As Lord Lianghua said this, he gasped and said, “It would seem that little friend Chu Feng must return to the Eastern Sea Region after all.”

“Lord Lianghua, were Lord Qing Xuantian’s four guardian beasts really that powerful?” Baili Xuankong asked.

“Not to mention the four guardian beasts, any one of them possessed strength that surpassed my own,” Lord Lianghua said.

“Above Lord Lianghua?!!!” Hearing that, the crowd was astonished once again.

When the four guardian beasts were already this powerful, how enormously powerful was Qing Xuantian himself?

At that moment, the crowd seemed to be able to imagine the strength that Qing Xuantian had possessed back then.

If Qing Xuantian were still alive, the Dark Hall would likely not be able to behave this atrociously in the Holy Land of Martialism.

After being shocked, the crowd all grew silent. Since the four guardian beasts were that powerful, they were unable to find a reason to reject the second reason that Chu Feng had provided for

his need to return to the Eastern Sea Region.

This was especially true in their current situation where they were faced with a great enemy in the form of the Dark Hall. If they were able to revive Qing Xuantian's legendary four guardian beasts, it would undoubtedly be an enormous assistance to them. In fact, they might even be able to reverse the situation of the battle!!!

“Little friend Chu Feng, even though returning to the Eastern Sea Region is very difficult, it is not impossible.”

“This old man is, after all, a Dragon Mark Royal-cloak World Spiritist. Just leave this matter to me,” The Compass Immortal said.

“Compass Immortal, your intention is?” Baili Xuankong asked.

“I will go to the Heavenly Road's exit and stand guard there. If I am to discover a spatial crack, I will use my abilities to maintain it and prolong the time that it remains in effect. Then, I will inform little friend Chu Feng,” The Compass Immortal said.

“That may be the only way,” As Lord Lianghua spoke, he took out a golden flash bird and said to Chu Feng, “Little friend Chu Feng, leave your imprint on it.”

Chu Feng understood Lord Lianghua's intentions. Not only did Chu Feng leave his imprint on the Golden Flash Bird, he also personally handed it to the Compass Immortal, “Senior Compass, I'll have to trouble you.”

Trouble. Indeed, it would be a very troubling task. He would have to wait at the Heavenly Road's exit and wait for the appearance of spatial cracks that would only appear rarely and completely at random.

Everyone knew how dull, boring and extremely unendurable that task would be.

To have someone like the Compass Immortal go and do

something like that would truly be putting him at an enormous inconvenience unworthy of his status.

“My, Chu Feng, you are regarding me as an outsider with those words. If we can eliminate the Dark Hall, I would not mind guarding the Heavenly Road’s exit until the day I die. Hahaha,” The Compass Immortal burst into loud laughter. His laughter was filled with indifference. His laughter was very unrestrained.

However, hearing his laughter, the crowd present all felt admiration for him.

Even though the Compass Immortal was someone who loved to laugh, he was actually someone who cared deeply about the people of the world.

There were many people in the Holy Land of Martialism known to be Immortals. However, only someone like the Compass Immortal was actually worthy of the title of ‘Immortal.’

As for the World Devastator Immortal, the Avaricious Immortal and the like, they were simply smearing the title of ‘Immortal.’

Chapter 1954 – Heaven Taboo: Void Splitting Blade

As such, this issue was determined. Originally, it was decided that the Compass Immortal would set off for the Heavenly Road's exit after some time.

However, no one expected that the Compass Immortal was extremely impatient, and left for the Eastern Sea Region's Heavenly Road's exit to wait for the appearance of the spatial crack right after the banquet. Before he left, he had only mentioned that he was leaving to Baili Xuankong.

Chu Feng did not just sit around after the Compass Immortal left. He planned to enter closed-door training to master the Heaven Taboo Martial Skill that Long Lin had given him.

Long Lin was someone from the Outer World. Even if the Heaven Taboo Martial Skill which he had given was not extremely good, it remained that it was a Heaven Taboo Martial Skill from the Outer World. As such, Chu Feng felt that it would most definitely be a quality Heaven Taboo Martial Skill.

As for the truth, it was exactly as Chu Feng had anticipated. That Heaven Taboo Martial Skill was extremely powerful. In fact... it was even more powerful than Chu Feng's Profound Firmament Annihilation. It was a Heaven Taboo Martial Skill of the highest quality.

That Heaven Taboo Martial Skill's name was the Heaven Taboo: Void Splitting Blade. Once the blade was unleashed, it would split through the void and destroy all living things.

Merely by looking at its introduction and the method of learning it, Chu Feng was able to feel how powerful that Heaven Taboo: Void Splitting Blade was.

To Chu Feng's greatest surprise, the creator of that Void Splitting

Blade was actually Long Lin.

However, there was a flaw to that Heaven Taboo Martial Skill. That was that its true power could only be unleashed through Imperial Armaments.

However, even with that being the case, Chu Feng still felt that he had to grasp that Heaven Taboo Martial Skill. If he didn't, it would simply be a waste. Furthermore, Chu Feng felt that he would sooner or later be able to obtain an Imperial Armament.

Afterward, Chu Feng immersed himself in learning the Heaven Taboo: Void Splitting Blade.

The Heaven Taboo: Void Splitting Blade was extremely hard to learn, and even unsuitable for the majority of people. This was especially true when one didn't possess an Imperial Armament. In that situation, learning that Void Splitting Blade was simply akin to trying to scale the heavens.

However, such a thing was unable to hinder Chu Feng. After all, Chu Feng had obtained a completely new understanding of martial skills through that Ancient Era's Bamboo Slip.

However, even with that being the case, it still took Chu Feng an entire month to grasp the Heaven Taboo: Void Splitting Blade.

However, over the course of that month, Chu Feng had not only grasped the Heaven Taboo: Void Splitting Blade; he had also managed to create a method to learn the Heaven Taboo: Void Splitting Blade without the possession of Imperial Armaments. With that method, it would be much easier for others to learn that Heaven Taboo: Void Splitting Blade.

“Ancestor.”

After Chu Feng left his closed-door training, he immediately went to search for Baili Xuankong.

“Chu Feng, you've left your closed-door training? Could it be that you've succeeded?” Baili Xuankong was very surprised to see Chu

Feng, and even more surprised to see how joyful Chu Feng was. The reason for that was because it very likely meant that Chu Feng had succeeded.

That said, for Chu Feng to be able to master a Heaven Taboo Martial Skill in a month's time came as both a shock and a delight to Baili Xuankong.

“I’ve succeeded. This Heaven Taboo: Void Splitting Blade is truly worthy of being a martial skill from the Outer World. It is extremely powerful. I believe... there would rarely be any martial skill in the Holy Land of Martialism that could contend against it. With this martial skill in hand, I will have one more hidden trump card when fighting against others.”

“However...”

“However?” Baili Xuankong asked.

“However, this martial skill required the possession an Imperial Armament in order to fully unleash its might. Else... the might of this Heaven Taboo: Void Splitting Blade would even be inferior to that of my Profound Firmament Annihilation,” Chu Feng said.

“If that’s the case, you really will have to make for the Eastern Sea Region as soon as possible. After all, the Imperial Armaments in the Holy Land of Martialism are limited in quantity. Practically all of the Imperial Armaments already possess owners.”

Baili Xuankong already knew that the Eastern Sea Region’s Nine Provinces Continent not only possessed Qing Xuantian’s remnant, it also possessed the Imperial Armament Qing Xuantian had left behind.

“If it’s only an Imperial Armament, I do not necessarily have to return to the Eastern Sea Region to obtain one,” Chu Feng said with a smile.

“Why’s that? Could it be that you planned to snatch someone else’s Imperial Armament?” Hearing what Chu Feng said, Baili

Xuankong immediately urged against it, “Not a single one of those who possess Imperial Armaments are easy to handle. With your current strength, it is best that you do not go and provoke them.”

“Ancestor, have you forgotten that I’ve obtained the inheritance of the Beast Emperor, the Black Dragon King? Even though he did not pass his strength to me, I was given all that he had acquired throughout his lifetime. Not only were there cultivation resources, there’s also an Imperial Armament.”

“Thus, before returning to the Eastern Sea Region, I could make a trip to the Moonlight Maze first,” Chu Feng said.

“Will of the heavens! This is the will of the heavens!” After hearing what Chu Feng said, Baili Xuankong suddenly started laughing.

“Ancestor, what’s wrong?” Chu Feng asked.

“This is most definitely the will of the heavens,” Baili Xuankong said through his laughter.

Later on, Baili Xuankong informed Chu Feng of what had happened. It turned out that not long after Chu Feng entered closed-door training, news of someone spreading a map of the Moonlight Maze had arrived.

Currently, practically all of the major powers and experts in the Holy Land of Martialism had received that map.

Currently, a large group of people were hurrying for the Moonlight Maze. They wanted to rely on that map to charge into the Moonlight Maze. After all, the Moonlight Maze was a place that was filled with treasures.

However, that was only one piece of news. Just yesterday, Baili Xuankong had received another news. As for that news, it was related to Chu Feng.

One of the Ancient Era’s Elves’ geniuses, Xian Yuyin, had actually found Zhang Tianyi and challenged him for his title of the

strongest younger generation.

Furthermore, he had successfully defeated Zhang Tianyi. And right now... Xian Yuyin had announced that he would openly challenge Chu Feng. He announced that he would wait for Chu Feng outside of the Moonlight Maze, and would compete with him for the title of the strongest younger generation there.

He wanted to let the people of the Holy Land of Martialism know that only their Ancient Era's Elves were qualified to hold the title of the strongest younger generation.

"Xian Yuyin, he is truly a stubborn one," After hearing about this matter, Chu Feng was immediately angered.

He knew that, with Xian Yuyin's strength, he would have been able to easily defeat Zhang Tianyi long ago should he have wanted to do so.

However, he only challenged Zhang Tianyi now. It was clear that he had done so not because of Zhang Tianyi, nor was it for the title of the Holy Land of Martialism's strongest younger generation.

Rather, his target was Chu Feng. He had done this to challenge Chu Feng.

Xian Yuyin knew that Zhang Tianyi was Chu Feng's brother. That was the reason why he had defeated Zhang Tianyi. He had done so for the sake of enraging Chu Feng and forcing Chu Feng to fight against him.

"Ancestor, does Lord Lianghua know about this matter concerning Xian Yuyin?" Chu Feng asked.

"He already knows. Lord Lianghua has said that Xian Yuyin is in the wrong, and hopes that you will be able to teach Xian Yuyin a lesson," Baili Xuankong said with a smile. He was very happy that Lord Lianghua was standing on Chu Feng's side.

"In that case, I really do have to teach him a lesson," Chu Feng narrowed his eyes.

Back in the Elf Kingdom, Xian Yuyin had deliberately tried to make things difficult for Chu Feng on more than one occasion. Chu Feng had not done anything to him back then because he had been giving the Ancient Era's Elves face.

However, never would Chu Feng have thought that Xian Yuyin would be this unreasonable. Even after his father had been forced to enter closed-door training, forced into a house arrest, Xian Yuyin actually still had the nerve to cause trouble.

As such, Chu Feng absolutely could not ignore Xian Yuyin anymore. He had to teach that Xian Yuyin a lesson. Else, he would most definitely continue to do this sort of thing in the future.

Not to mention Lord Lianghua supporting him, even if Lord Lianghua had been against it, Chu Feng would still teach Xian Yuyin a lesson.

As for that, it was for no reason other than the fact that Zhang Tianyi was Chu Feng's friend, Chu Feng's brother. As such, Chu Feng had to teach Xian Yuyin a lesson.

"Chu Feng, merely... the map of the Moonlight Maze would not have been spread for no reason or cause."

"We think that it is most definitely the actions of the Dark Hall. We do not know what sort of scheme the Dark Hall has in mind. If you are to go, I'm afraid..." Even though Baili Xuankong also hoped for Chu Feng to teach Xian Yuyin a lesson, he was worried for Chu Feng's safety at the same time.

"If it's the Dark Hall, Ancestor, you can rest assured. If they wanted to kill me, they would've already done so," Chu Feng said.

"But... it remains that they possess the intention to kill you," Baili Xuankong said.

"Ancestor, do you think that I am a fish on a chopping block, someone that can be trampled upon at any opportunity?" Chu Feng asked.

“No. While that might be possible for anyone else, you, boy, are definitely not someone to be taken advantage of,” Baili Xuankong understood Chu Feng’s intentions. Chu Feng possessed a cautious temperament. As such, it was very difficult for him to end up being taken advantage of again should he be taken advantage of once already.

Chapter 1955 – Moonlight Maze

“Ancestor, you really do not have to worry. Don’t forget, I have this,” Chu Feng took out the Qilin Arrow.

“In that case, you can go ahead. You do not have to worry about the Cyanwood Mountain. With Lord Lianghua watching over us, we will definitely be fine,” Upon seeing that Qilin Arrow, Baili Xuankong felt a lot more at ease. After all... that arrow was capable of killing rank seven Martial Emperors.

“Chu Feng, this is what the Compass Immortal had me hand to you before he left. I do not know what it is. However, I feel this item to be extraordinary,” Baili Xuankong handed a scroll to Chu Feng.

Upon seeing that scroll, Chu Feng’s eyes shone.

Wasn’t that the scroll that the Snow-haired Immortal had him safekeep, the scroll which had then ended up being swindled away by the Compass Immortal?

Upon opening the scroll, Chu Feng was immediately overjoyed. He did not expect that what that scroll recorded was actually information regarding the Moonlight Maze.

It... was a treasure map. Not only did it record the shortcut to a treasure deposit, the map itself was also a key that could be used to open a gate.

“The heavens are truly helping me,” Chu Feng put the scroll away.

“Chu Feng, what is on that scroll?” Baili Xuankong asked.

“It is a map relating to the Moonlight Maze,” Chu Feng said.

“That is truly a coincidence. A map left behind by the Compass Immortal is most definitely of considerable value,” Baili Xuankong said.

“Indeed,” Chu Feng nodded in agreement. He did not doubt the authenticity of the map at all. After all, if the map was a fake, the Snow-haired Immortal and the Compass Immortal would not have fought over it like so.

“Chu Feng, in that case, do you still need the map of the Moonlight Maze that is being spread throughout the Holy Land of Martialism?” Baili Xuankong took out another map. It was the map of the Moonlight Maze that was being spread around.

Chu Feng received the map and inspected it. However, he was unable to tell anything from the map. After all, he had never been to the Moonlight Maze before. As such, how could he know whether the map was real or fake? Thus... Chu Feng decided to put that map away too. He said, “I’ll keep it with me. Perhaps it might be of use.”

“Very well,” Baili Xuankong said.

“Ancestor, as far as I’m concerned, this is of no use to me. Thus, you should safekeep it.”

“If you are to find suitable candidates, you can have them learn it. In the future, it will be our Cyanwood Mountain’s Sect Protection Martial Skill,” Chu Feng handed the Heaven Taboo: Void Splitting Blade’s book to Baili Xuankong.

“Chu Feng, you absolutely cannot do this. After all, this is a treasure that Long Lin gave you,” Baili Xuankong hurriedly refused.

“Ancestor, I have already grasped this Heaven Taboo: Void Splitting Blade. Even if I were to keep it, it would be useless to me.”

“Furthermore, I am a disciple of the Cyanwood Mountain. My possessions are the possessions of the Cyanwood Mountain.”

“Thus, please do not refuse it. Even if senior Long Lin were to know about this, I believe that he would not disallow it. After all, he has already given it to me. As such, I am the one who possesses

the ability to decide what to do with it,” Chu Feng said.

“I am truly unable to win against you. Very well, I will accept it,” After Baili Xuankong accepted the Heaven Taboo: Void Splitting Blade, he was unable to contain his happiness, and began to grin from ear to ear.

How precious were Heaven Taboo Martial Skills? Their Cyanwood Mountain had been in existence for a very long time. Yet, they did not possess a single Heaven Taboo Martial Skill. And now, they had obtained one. As such, how could Baili Xuankong not be filled with joy?

Even though that Heaven Taboo Martial Skill could only reveal its true strength with Imperial Armaments, it remained that it was a Heaven Taboo Martial Skill. Furthermore, it was a Heaven Taboo Martial Skill created by an expert from the Outer World.

The value of the Heaven Taboo: Void Splitting Blade was likely above every one of the Holy Land of Martialism’s Heaven Taboo Martial Skills. As for this, it was all thanks to Chu Feng.

Afterward, Chu Feng told Baili Xuankong the method to learning that Heaven Taboo: Void Splitting Blade. This made the already joyous Baili Xuankong even more overjoyed.

After Baili Xuankong memorized the method to learn the Heaven Taboo: Void Splitting Blade, Chu Feng set off to journey to the Moonlight Maze.

.....

The Moonlight Maze was the second strongest Forbidden Area in the Holy Land of Martialism. However, the Moonlight Maze was different from the Blood Devouring Killing Formation.

The reason why the Moonlight Maze was called that was because it possessed two distinctive characteristics.

First, it was a maze. The majority of the people who entered it would not be able to come back out, and would end up dying in

there. Furthermore, the majority of them would die without leaving corpses or even skeletal remains behind.

It was said that even Dragon Mark Royal-cloak World Spiritists would not dare to trespass into the Moonlight Maze.

Secondly, above the Moonlight Maze was an enormous bright moon. That bright moon flickered with silvery light, and remained in the sky in both daytime and nighttime.

It was extremely beautiful, extremely magnificent.

Thus, the Moonlight Maze was said to be one of the most peculiar scenic spots in the Holy Land of Martialism.

Due to its famous reputation, there were people who came to the Moonlight Maze to watch the scenery all year round. Over time, cities were formed surrounding the Moonlight Maze to provide the tourists with food, drink and a resting place.

However, those cities were not cities that anyone could build. The cities surrounding the Moonlight Maze were controlled by three powers. As for them, they were the Heavenly Law Palace, the Underworld Palace and the Mortal King Palace.

The Three Palaces all took control of several cities. Together, they guarded the area surrounding the Moonlight Maze. However, it was only limited to the area outside the Moonlight Maze. The reason for that was because they were unable to interfere with the things that happened within the Moonlight Maze.

It was not that the Three Palaces were not selfish, and did not have intentions to seize the Moonlight Maze for themselves. Rather, it was that the Ancient Era's Elves refused to allow them to do so.

As for right now, the already lively Moonlight Maze reached an unprecedented height of liveliness.

With the influx of countless people, the cities controlled by the Three Palaces were all overcrowded. As such, many people were

only able to stay outside of the cities.

However, in terms of liveliness, it would have to be the northwestern city, which went by the name of Heavenly Law First City, that was the liveliest.

This city gathered the most people. Why were there so many people here? It was because this was the place where Xian Yuyin had challenged Chu Feng to fight.

At that moment, Xian Yuyin was standing outside of the Heavenly Law First City's city gate. Holding an Imperial Armament in his hand, he stood there motionlessly.

He had already been standing there for a total of thirteen days. He had stood there ever since he had arrived at the city. As he waited for Chu Feng's arrival, he had now clearly become a part of the scenery.

“Wow, so handsome. As expected of the Ancient Era's Elves' number one genius.”

“What nonsense are you talking about? Everyone knows that the Ancient Era's Elves' number one genius is the Little Elf Princess.”

“The Little Elf Princess is a female, whereas Xian Yuyin is a male. Xian Yuyin is the number one genius among the Ancient Era's Elves' men. Am I wrong?”

“.....”

Xian Yuyin had a very handsome appearance, and his cultivation was very strong. Even though he was only a member of the younger generation, he possessed the cultivation of a rank three Martial Emperor. Furthermore, the long green sword that he held was not only very exquisite and refined, it was also an Imperial Armament. Holding that Imperial Armament, he appeared to be very awe-inspiring.

At this point, Xian Yuyin had already become the prince charming of countless females. A large group of love-struck

females were staring at him. They had stared at him for thirteen days straight.

“Will Chu Feng be coming?”

“He definitely will. Has there ever been anyone who Chu Feng was afraid of? Look at the Four Great Imperial Clans. They wanted to kill Chu Feng that badly. Yet, in the end, weren’t they all forced to reconcile with Chu Feng? Don’t forget that Chu Feng is a member of the younger generation who fought against the Four Great Imperial Clans’ Clan Chiefs by himself, and even killed the Ximen Imperial Clan’s Clan Chief. Among the current younger generation, who could possibly accomplish that? Who could possibly be a match for Chu Feng?”

“That’s not a certainty. No matter how strong Chu Feng might be, his strength will only count amongst the humans. As for that Xian Yuyin, he is an Ancient Era’s Elf. Furthermore, it is said that he possesses the cultivation of a rank three Martial Emperor, and possesses an Imperial Armament on top of that. His overall strength, no matter how one looks at it, would not be something that the Four Great Imperial Clans’ Clan Chiefs could match, no?”

“While Chu Feng was able to defeat the Four Great Imperial Clans’ Clan Chiefs, he might not necessarily be able to defeat Xian Yuyin.”

“That’s true, that’s true.”

.....

.....

At that moment when a bunch of love-struck women surrounded Xian Yuyin, the majority of the crowd were more concerned with whether or not Chu Feng would come.

That said, regardless of whether they were part of the group that felt that Chu Feng would come or part of the group that felt that Chu Feng would not come, they all wished for Chu Feng to come.

The reason for that was because they all wished to witness a confrontation between two of the strongest individuals among the younger generation. Compared to the competition held on the Gong Ba Plains, this showdown was even more worth seeing.

Chapter 1956 – Disparity In Strength

“Xian Yuyin, you truly have balls.”

Suddenly, a figure appeared out of nowhere. He stood in the middle of the sky overlooking Xian Yuyin.

“Chu Feng! Quickly, look, it’s Chu Feng! Chu Feng came!!!”

“Who said that Chu Feng would not dare to come? Exactly who was it earlier that said Chu Feng would not dare to come?”

“I shall see who dares to say that Chu Feng will not dare to come again. If anyone dares to say that, I’ll slap them to death.”

Chu Feng’s arrival caused the entire crowd to burst into an uproar. This was especially true for those individuals who felt that Chu Feng would show up, just then, they were hooting incessantly.

Being questioned like this by those that felt Chu Feng would show up, those who felt that Chu Feng would not show up earlier were unable to say anything. They now understood the meaning of ‘seeing once is better than hearing a hundred times.’ They had truly never expected Chu Feng to really be this courageous.

Chu Feng dared to even accept the challenge from Xian Yuyin.

One must know that his opponent, Xian Yuyin, was a rank three Martial Emperor.

Yet, what about Chu Feng?

It was said that Chu Feng was only a rank nine Half Martial Emperor. Even if he were to use his techniques to temporarily increase his cultivation, he would only be a rank two Martial Emperor.

Would Chu Feng be able to defeat Xian Yuyin?

At that moment, that was the question in the minds of the crowd. At the same time, they were all filled with anticipation for the battle.

“Chu Feng, I should be the one saying those words, no?” Xian Yuyin slowly raised his head. The gaze with which he looked to Chu Feng was filled with killing intent.

Xian Yuyin... truly detested Chu Feng enormously. The way he saw it, he had originally possessed a bright future. He was someone who would become the future Elf King.

Yet, all of that was ruined by Chu Feng.

“What makes you qualified to say those words to me?” Chu Feng had a slight smile on his face as he looked to Xian Yuyin disdainfully.

A cultivation of rank three Martial Emperor and an actual Imperial Armament in hand.

That sort of strength was very strong. Very few people among the younger generation would be able to contend against Xian Yuyin. It was reasonable for Zhang Tianyi to be defeated by him.

However, to Chu Feng, such a Xian Yuyin was simply no match for him. As such, Chu Feng did not place him in his eyes at all.

Being looked upon with such contempt by Chu Feng caused Xian Yuyin to become even more enraged. However, he thought about it, and did not burst into a fury. Instead, he smiled slightly and said, “That Zhang Tianyi said words similar to what you said before he fought against me. However, do you know what ended up happening to him?”

“In the end, he could only allow himself to be trampled upon by my foot, and allow my sword to pierce into his body repeatedly. I have left his body full of holes.”

“Furthermore, I told him that the reason why he ended up having to suffer all that is because of his brother Chu Feng.”

Hearing those words, Chu Feng’s expression did not change much. However, his gaze sunk.

He knew that what Xian Yuyin said was most likely the truth. Upon thinking of how Zhang Tianyi suffered that sort of torment because of him, Chu Feng felt an enormous amount of heartache.

“What? There is actually animosity between that Xian Yuyin and Chu Feng? He challenged Zhang Tianyi because of Chu Feng?”

“One’s own conflicts should not involve the other party’s relatives or friends. For Xian Yuyin to do such a thing, isn’t it a bit too excessive?”

At that moment, the surrounding crowd were able to guess that there was a previous conflict between Xian Yuyin and Chu Feng. However, the majority of them disapproved of Xian Yuyin’s actions.

“Chu Feng, did you know? I told Zhang Tianyi that as long as he was willing to renounce you as his brother, I would spare him.”

“However, he was quite stubborn. Not only did he refuse to renounce his relationship with you, he instead cursed at me. Thus, in the end, I had no choice but to cut his tongue off,” As Xian Yuyin spoke, he took out an item from his Cosmos Sack.

Seeing that item, Chu Feng’s expression changed, and his fists clenched tightly. They were clenched so tightly that cracking sounds could be heard.

Chu Feng felt as if his blood was boiling and about to explode. He was on the verge of being unable to contain himself.

The reason for that was because what Xian Yuyin held in his hand was a tongue.

Xian Yuyin had really sliced off Zhang Tianyi’s tongue.

“Xian Yuyin, you’re trying to make me kill you, is that right?” Chu Feng asked with a cold voice. At this moment, the tone of his voice had changed completely. It was extremely sunken, yet powerful. Chu Feng’s killing intent was evident.

“Hahahahaha...”

Xian Yuyin burst into loud laughter. Then, his complexion instantly turned cold. He said, “Once again, that is what I should be saying to you.”

“Boom~~~”

Right after he finished saying those words, Xian Yuyin immediately brandished his Imperial Armament and unleashed an attack at Chu Feng.

Once the Imperial Armament was unleashed, its oppressive might filled the surrounding area. Many of the bystanders that were close by were blown away by that oppressive might. All those that were struck by the oppressive might ended up vomiting blood. Some among them even died on the spot.

“What ruthlessness.”

Seeing Xian Yuyin’s ferocious attack that paid no attention to the lives of the bystanders, seeing how Xian Yuyin had willfully slaughtered the innocent, the hatred in Chu Feng’s eyes grew even more intense.

Regardless of where one might be, there would always be scum. As for that Xian Yuyin, he was most definitely scum.

“Zzzzz~”

Lightning flashed in Chu Feng’s eyes. Then, his Thunder Armor and Thunder Wings appeared.

At that moment, Chu Feng’s cultivation increased from rank one Martial Emperor to rank three Martial Emperor. His current cultivation was the same as Xian Yuyin’s.

Even though the two of them possessed the same level of cultivation, their battle power was completely different. Even though Xian Yuyin held an Imperial Armament, Chu Feng was not afraid of him in the slightest.

Chu Feng's body shifted to the side and dodged Xian Yuyin's slash. Then, like a thunder strike, Chu Feng descended from the sky. "Bang," he arrived before Xian Yuyin.

The powerful impulse of his descent caused the surrounding rocks to fly about and the earth to rip apart.

"You!!!" Seeing how Chu Feng had arrived before him in an instant, Xian Yuyin's expression changed enormously. At that moment, he finally realized the disparity between him and Chu Feng.

A heaven defying battle power capable of surmounting five levels of cultivation. Chu Feng actually possessed a heaven defying battle power capable of surmounting five levels of cultivation, something even more powerful than what Xian Miaomiao possessed.

"You damned scum. Today, I shall cripple you," Chu Feng did not give Xian Yuyin any opportunity. As he spoke, his hand formed a blade. Then, with a 'puu,' his hand pierced into Xian Yuyin's body and cut open Xian Yuyin's dantian.

"Ahhh!!!!!!!!!!!"

At that moment, Xian Yuyin uttered a heart-tearing and lung-splitting scream and dropped the Imperial Armament that he was holding in his hand.

"Heavens!!!"

At that moment, the crowd was looking at Chu Feng and Xian Yuyin again. Merely, upon seeing the scene before them, their expressions all changed enormously and they were filled with shock.

Chu Feng stood before Xian Yuyin with the same cultivation as him. However, his hand was thrust into Xian Yuyin's dantian. As for Xian Yuyin, he was screaming miserably without the strength to resist Chu Feng at all.

Chu Feng had defeated Xian Yuyin with merely a single attack.

His strength truly broadened the crowd's horizons. In fact, the crowd were all feeling disbelief right now.

Wasn't Chu Feng a rank nine Half Martial Emperor? Even if he were to use his special techniques to temporarily increase his cultivation, shouldn't he be a rank two Martial Emperor?

Why would he suddenly become a rank three Martial Emperor? Furthermore, how did he defeat Xian Yuyin, a fellow rank three Martial Emperor, with only a single strike?

One must know that Xian Yuyin was holding an actual Imperial Armament in his hand. As for Chu Feng, he was not using any weapon at all. With his naked hand, he pierced into Xian Yuyin's dantian.

The disparity in strength between the two of them was actually that enormous?!!!!!!

Chapter 1957 – Must Kill!

“Stop!!!”

Right at that moment, an angry shout suddenly sounded from above the skies. Following that voice, a figure appeared.

It was an Ancient Era’s Elf. He possessed white hair and an aged appearance. With wrinkles covering his face, he appeared to be extremely old.

However, his cultivation was very strong. He was a rank six Martial Emperor. Furthermore, his gaze was extremely fierce and filled with killing intent as he looked to Chu Feng.

Upon seeing this man, Chu Feng’s gaze grew colder. The anger on his face increased.

Chu Feng had never met that Ancient Era’s Elf before. However, he knew for certain that he was related to Xian Yuyin. Else, he would not be helping Xian Yuyin.

The reason why Chu Feng grew even angrier was because that Ancient Era’s Elf held a man in either hand. They were his good brother Zhang Tianyi and Zhang Tianyi’s father, Zhang Ming.

At that moment, both Zhang Tianyi and Zhang Ming were covered in blood and their auras were extremely weak. It was as if they might die at any moment.

Not only did Xian Yuyin defeat Zhang Tianyi, he had also really tormented Zhang Tianyi. In fact, even Zhang Tianyi’s father Zhang Ming was implicated.

“What insolence!”

Seeing this scene, Chu Feng was filled with overflowing anger. The hand which he had pierced into Xian Yuyin suddenly clenched. His martial power began to ravage Xian Yuyin from within.

“Ahh!!!!!!”

“Uncle, save me, save me!!!” Xian Yuyin started to shout.

“Chu Feng, stop immediately. Otherwise, I will kill Zhang Tianyi and his father,” Xian Yuyin’s uncle shouted.

“What? They are Zhang Tianyi and his father?”

“After defeating Zhang Tianyi, Xian Yuyin even captured Zhang Tianyi after? Isn’t this too excessive?”

“Wasn’t it only sparring? Why would they be tormented to such a state? Furthermore, he even involved his father?”

After knowing that Ancient Era’s Elf was holding Zhang Tianyi and his father, many people began to feel disgusted with Xian Yuyin.

In fact, when Xian Yuyin had killed many innocent people with his slash, he had already lost the favor of the people.

“Release them. Otherwise, I will kill Xian Yuyin on the spot,” Chu Feng said coldly. His each and every word was said with fuming rage between gritted teeth.

“Kill Yuyin? You dare?! Yuyin is our Ancient Era’s Elves’ Young Master. You dare kill him?! If you kill him, not even ten thousand of you would be enough to make up for his death!”

“However, I dare to guarantee you that if you do not release Yuyin right now, I will immediately make Zhang Tianyi and his father meet miserable deaths,” That old man said with a ferocious appearance.

“Puu~~~”

Chu Feng suddenly pulled out his palm. Then, he ruthlessly pierced it back into Xian Yuyin’s dantian. He said, “I do not know whether or not you will kill them. However, if you do not do as I say, I will definitely kill Xian Yuyin.”

“Uncle! Release them! Release them!!!”

“He really will kill me! I don’t want to die!!”

Shockingly, Xian Yuyin was crying. He was crying not only because of the pain from Chu Feng’s torment. Most importantly, it was because he felt that his cultivation was rapidly fleeing away. He felt as if his heart was bleeding.

That was his cultivation that he had painstakingly trained.

“I’ll release them, I’ll release them,” Seeing that Chu Feng had started to torment Xian Yuyin, that Ancient Era’s Elf started to panic. He ended up having no choice but to throw Zhang Tianyi and his father to Chu Feng.

“Senior brother Zhang, senior Zhang, are you two okay?” Chu Feng hurriedly asked.

“Chu Feng, we are fine,” Zhang Tianyi’s father said with a weak voice.

As for Zhang Tianyi, he smiled. However, he did not say anything.

However, that action from him caused Chu Feng’s heart to tighten. Chu Feng felt enormous pain.

He knew that it was not that Zhang Tianyi did not wish to say anything. Rather, he was unable to speak. His tongue had truly been cut off by Xian Yuyin.

“Ahhh!!!!!!!!!!!!!!!!!!!!!!”

Suddenly, Chu Feng turned to the sky and shouted angrily. That voice of his was so ear-piercing that not only did the ground start to quake, even the void itself began to tremble.

Chu Feng was truly enraged. However, he knew that he could not kill Xian Yuyin. No matter what, Xian Yuyin was still an Ancient Era’s Elf.

Finally, Chu Feng stopped his shouting. He forced a smile onto his face and said to Zhang Tianyi, “Senior brother Zhang, senior

Zhang, I will not have you two suffer in vain.”

After he finished saying those words, ruthlessness flashed through Chu Feng’s eyes. Then, with sudden strength in his arm, he thrust his entire arm through Xian Yuyin’s body.

“Puuu~~~”

At this moment, Xian Yuyin’s mouth opened wide, and he sprayed out a mouthful of blood. Then, with a ‘putt,’ he crashed to the ground. He no longer possessed any breath.

Dead. Xian Yuyin was dead.

Killed. He had been killed by Chu Feng.

Chu Feng knew that he possessed a lot of reasons as to why he could not kill Xian Yuyin.

However, when he saw his own brother and senior being tormented to such a state by Xian Yuyin, Chu Feng was unable to find any reason not to kill him.

Thus, today, he had to kill Xian Yuyin.

“Noo!!!!!!!!!!!!!!”

Seeing Xian Yuyin being killed by Chu Feng, that Ancient Era’s Elf let out a snarl filled with incomparable anger.

“Catch,” As for Chu Feng, he suddenly lifted his leg and kicked both Xian Yuyin’s corpse as well as the Imperial Armament he had been holding to that Ancient Era’s Elf.

Then, holding Zhang Tianyi with one hand and Zhang Ming with his other, he unleashed his Azure Dragon Dashing Technique and began to escape.

“Chu Feng, I will dismember your body into ten thousand pieces today!!!” After catching Xian Yuyin’s corpse and the Imperial Armament, that Ancient Era’s Elf did not plan to let Chu Feng get away. Instead, he began to chase after Chu Feng.

Not only did he unleash all of his strength, he also unleashed their Ancient Era's Elves' special bloodline's power. He was determined to kill Chu Feng.

Actually, if Chu Feng wanted to kill him, he was totally capable of doing so. Even though a rank six Martial Emperor was very strong, Chu Feng possessed the Qilin Arrow that was capable of killing even rank seven Martial Emperors.

However, as he had already killed Xian Yuyin, Chu Feng did not wish to kill another Ancient Era's Elf. After all... the Ancient Era's Elves had treated him very well. Even if they had done something unforgivable, Chu Feng knew that Xian Yuyin was the main offender.

Thus, to Chu Feng, killing Xian Yuyin was already sufficient. He did not have the need to kill this Ancient Era's Elf too.

As for why Chu Feng did not reveal his Qilin Arrow to scare that Ancient Era's Elf, it was because he felt that that Ancient Era's Elf had already been driven mad with Xian Yuyin's death. Thus, he would not be able to scare him with his Qilin Arrow. As Chu Feng did not wish to kill him, the only thing he could do was run away.

“Chu Feng, you've done nothing wrong. Thus, why flee?”

Right at this moment, a silhouette suddenly appeared before Chu Feng.

Upon seeing this person, Chu Feng immediately revealed a joyous expression. This person... was the Weaponry Refinement Immortal.

At that moment, the Weaponry Refinement Immortal had a smile on his face. He walked over to Chu Feng's back and stopped the Ancient Era's Elf who was chasing after him.

“Scram!!!” That Ancient Era's Elf was most definitely someone that knew the Weaponry Refinement Immortal. However, as he had already lost his ability to reason, he did not care about the

Weaponry Refinement Immortal at all.

“Scram!!!” However, when that Ancient Era’s Elf reached the Weaponry Refinement Immortal, the Weaponry Refinement Immortal waved his sleeve and brought forth a strong gale. That gale directly blew that Ancient Era’s Elf away.

Before the Weaponry Refinement Immortal, that rank six Martial Emperor Ancient Era’s Elf was actually unable to withstand a single attack.

“Rank seven Martial Emperor?”

Chu Feng was shocked upon sensing the Weaponry Refinement Immortal’s aura. He had never expected that the Weaponry Refinement Immortal would actually be stronger than even the YinYang Immortal. He was actually a rank seven Martial Emperor.

Chapter 1958 – [Demonic Genius Immortal](#)

“I only just reached a breakthrough,” The Weaponry Refinement Immortal said to Chu Feng with a smile, “Let me treat them with you.”

“Okay,” Chu Feng nodded. At that moment, Zhang Tianyi and his father were both seriously injured. Thus, Chu Feng did not have the time to care about the current situation, and decided to join hands with the Weaponry Refinement Immortal to heal Zhang Tianyi and his father’s injuries on the spot.

After healing Zhang Tianyi and his father’s injuries, Chu Feng said shamefully, “Senior brother Zhang, senior Zhang, I have implicated the two of you again.”

“My, what are you talking about? It is us who caused you to kill that Xian Yuyin... It seems that we have caused you enormous trouble,” At that moment, Zhang Ming was extremely ashamed and guilty.

“Junior brother Chu Feng, I am useless. I only know how to implicate you, and do not know how to help you with anything else,” Zhang Tianyi was also very ashamed.

The two of them both knew how powerful the Ancient Era’s Elves were. The Ancient Era’s Elves were the most frightening power in the Holy Land of Martialism.

Thus, the way they saw it, Chu Feng’s killing of Xian Yuyin would definitely create enormous trouble for him. Furthermore, Chu Feng had done all of that because of them.

“It might not necessarily be a misfortune,” The Weaponry Refinement Immortal smiled lightly. He had said those words through voice transmission. As such, only Chu Feng, Zhang Tianyi and Zhang Ming heard it.

“Mn?” Hearing those words, Chu Feng, Zhang Tianyi and Zhang

Ming were all startled.

Zhang Tianyi and his father were confused by what the Weaponry Refinement Immortal meant. As for Chu Feng, he seemed to have realized something.

“Follow me,” As the Weaponry Refinement Immortal Spoke, he planned to bring Chu Feng and the others away.

“Demonic Genius Immortal!”

“Demonic Genius Immortal!”

“Demonic Genius Immortal!”

.....

.....

Right at that moment, thunderous shouting was heard from down below. Those shouting voices pierced through the skies and resonated through the heavenly dome.

It turned out that those bystanders had all caught up to them when Chu Feng and the Weaponry Refinement Immortal were treating Zhang Tianyi and Zhang Ming’s injuries. At that moment, they were all shouting in celebration for Chu Feng.

They were celebrating Chu Feng’s victory over Zhang Tianyi, and how he had obtained the title of the strongest member of the Holy Land of Martialism’s younger generation.

Even though they had personally witnessed Chu Feng’s killing of Xian Yuyin, no one blamed him. At the very least, the overwhelming majority supported Chu Feng’s decision.

After all, the crowd all witnessed what had happened. How Xian Yuyin had treated Chu Feng’s brother with torment. He was the one in the wrong first. For the sake of his brother, Chu Feng had killed Xian Yuyin. As such, he was not too excessive in his actions.

In fact, Chu Feng’s decisiveness in killing Xian Yuyin caused a lot of people to feel respect for Chu Feng.

Only someone as loyal and affectionate to his family and friends like Chu Feng was worthy of their respect.

“Demonic Genius Immortal?” Chu Feng was startled and slightly confused.

Indeed, the Weaponry Refinement Immortal was present in this place. But, why would they be shouting ‘Demonic Genius Immortal’ instead?

“You still don’t know?” At that moment, the Weaponry Refinement Immortal smiled.

“Senior, what’s happening?” Chu Feng asked.

“You are a Dragon Mark Royal-cloak World Spiritist. It is only natural for you to have the title of ‘Immortal.’”

“As you have not decided what to call yourself, others have decided for you. As such, many titles that others gave you began to spread through the Holy Land of Martialism.”

“And now, that Demonic Genius Immortal became a title that many people acknowledged. Thus, you are not only Chu Feng now, you are also the Demonic Genius Immortal,” The Weaponry Refinement Immortal said with a smile.

“Demonic Genius Immortal? My title?” Chu Feng didn’t know whether to laugh or to cry. Unknowingly, he was given a title by others. Furthermore, his title was the Demonic Genius Immortal.

By demonic, it meant that it was something different from normal, that it was a bad omen. It meant things like demons and ghosts. It meant people or things that were evil in nature.

By immortal, it meant a very capable person that upheld virtue and condemned evil. They were great scholars respected by others. ‘Immortal’ meant people whom others should worship and aim to become.

The two parts of his title were completely incompatible with one

another. They should not be placed together.

However, when using the term ‘Demonic Genius Immortal’ to describe Chu Feng, it appeared to be extremely well-fitting.

Suddenly, Chu Feng smiled. “Very well. In that case, from today on, I shall be known as the Demonic Genius Immortal in the Holy Land of Martialism.” He had acknowledged that title.

Afterwards, the Weaponry Refinement Immortal, Chu Feng and the others stepped into the void. They continued to travel. It was only when they reached a place without anyone present that the Weaponry Refinement Immortal said to Chu Feng, “Chu Feng, what happened this time around was caused by the Dark Hall.”

“So it was the Dark Hall,” Chu Feng sighed. He had already suspected that this might be the case.

“Dark Hall?” Zhang Ming and Zhang Tianyi were confused.

Naturally, they knew of the Dark Hall. However, their knowledge was only limited to the Dark Hall’s appearance at the Ximen Imperial Clan. They did not know anything else regarding the Dark Hall.

In fact, for the majority of the people in the Holy Land of Martialism, they only knew the Dark Hall from their appearance at the Ximen Imperial Clan, and did not know how dangerous the Dark Hall really was.

“Senior brother Zhang, senior Zhang, the Dark Hall is extremely dangerous,” Chu Feng roughly mentioned what had happened with the Dark Hall to Zhang Tianyi and Zhang Ming.

“That Dark Hall is actually that powerful?” After hearing about the Dark Hall, Zhang Tianyi and his father were both extremely shocked.

“Indeed, they’re extremely powerful. They were afraid of the Ancient Era’s Elves’ involvement in what’s happening here, and actually launched attacks at many of the Ancient Era’s Elves’

powerhouses. In this sort of situation, the Elf King had no choice but to oversee the Ancient Era's Elves and direct the many Ancient Era's Elves experts to fight against the Dark Hall."

"Even the Dark Hall's Hall Master has shown himself repeatedly," The Weaponry Refinement Immortal said.

"The Dark Hall actually declared war on the Ancient Era's Elves? Furthermore, the Dark Hall's Hall Master has shown himself repeatedly?" After hearing about what was happening, Zhang Ming was extremely shocked. After living in the Holy Land of Martialism for so long, he knew how powerful the Ancient Era's Elves were. Even after finding out that the Dark Hall was very dangerous, he did not believe that the Dark Hall would be capable of contending against the Ancient Era's Elves.

"The Dark Hall will naturally not be a match for the Ancient Era's Elves should they fight openly. However, the crucial aspect remains that they are in the shadows, while the Ancient Era's Elves are in the light. The Dark Hall has been repeatedly sending their elites to sneak attack the Ancient Era's Elves' branches. As such, it is impossible for the Ancient Era's Elves to completely contain the Dark Hall," The Weaponry Refinement Immortal said.

"Truly despicable," Chu Feng said.

"Indeed, they're very despicable. However, the Dark Hall has underestimated the Ancient Era's Elves," The Weaponry Refinement Immortal said.

"Senior, you mean...?" Chu Feng thought of something.

"The Elf King fought against the Dark Hall's Hall Master once," The Weaponry Refinement Immortal said.

"What was the outcome of that battle?" Chu Feng asked.

"The Dark Hall's Hall Master fled," The Weaponry Refinement Immortal said.

"His Majesty is truly amazing," After hearing that, Chu Feng was

immediately overjoyed.

What the Dark Hall feared the most were the Ancient Era's Elves. Since the Dark Hall's Hall Master had fought against the Elf King, if he were able to kill the Elf King, he would've definitely killed him.

However, he had instead escaped. This meant that he was still no match for the Elf King. This was a piece of good news, absolutely good news.

"Not only that, even though the Dark Hall has tried their best to contain the Ancient Era's Elves, the Ancient Era's Elves have still dispatched a group of their elites here," The Weaponry Refinement Immortal said.

"The Ancient Era's Elves actually sent a group of elites here at such a time?" After hearing about this matter, Zhang Ming was even more shocked.

Logically, after being attacked repeatedly, the Ancient Era's Elves should have dispatched experts from the Elf Kingdom to support their various branches.

After all, no matter what sort of conspiracy the Dark Hall might be planning here, they would be causing harm to others, and not the Ancient Era's Elves.

It was precisely because the people that would be harmed in this place were unrelated to the Ancient Era's Elves that Zhang Ming had a whole new level of respect for the Ancient Era's Elves upon knowing that they had dispatched their elites here.

It turned out that the people who cared the most for the people of the Holy Land of Martialism were the Ancient Era's Elves.

"The reason for that is because the Ancient Era's Elves thought of a possibility. If that possibility were to occur, it would be even more dreadful than what happened at the Blood Devouring Killing Formation. As such, they must prevent that from happening," The

Weaponry Refinement Immortal said.

“What is the Dark Hall planning now?” Chu Feng asked.

“Actually, it’s better for Lord Luokong to explain this to you,” The Weaponry Refinement Immortal said with a smile. Then, he continued to lead the way.

Lord Luokong?

Upon hearing that name, Chu Feng’s heart moved. He knew who Lord Luokong was. He was someone on par with Lord Lianghua, one of the Ancient Era’s Elves’ Elf Kingdom’s Four Grand Elders.

Even though the Elf King was entangled with the Dark Hall’s Hall Master and unable to personally come, the fact that Lord Luokong came caused Chu Feng to feel much more at ease.

After all, Lord Luokong was a Grand Elder. His strength would most likely not be inferior to Lord Lianghua’s. Likely, he would also be a rank eight Martial Emperor. With him overseeing the situation, not to mention the Dark Hall’s other experts, even the World Devastator Immortal would likely have to suffer consequences should he face him.

As in the demon-level character term used to describe absolute geniuses. The actual chinese word is Yaonie. Not a great word to use really... the meaning is very vague.

it could mean...

1. an abnormal phenomenon/ usually a bad omen
2. ghosts/demons
3. something or someone evil/wicked
4. female sexuality/charm. Sometimes used to describe acting homo.
5. pervert/abnormal person

However.,,, those are the ‘normal’ meanings of the word. There’s

also the internet modern slang...

6. used to describe someone being so amazing that they surpassed everyone else

7. used to describe exceptional beauty (female)

There might be more that I do not know of.

However, it is clear that the term being used by bee is definition #6.

I had been translating it to demon-level character the entire time since the term genius was already taken.

Chapter 1959 – Moon Immortal, Moon Demon

Afterwards, under the guidance of the Weaponry Refinement Immortal, Chu Feng and the others arrived at an uninhabited and remote location. Although this place was uninhabited, a world spirit gate was opened with a point of the Weaponry Refinement Immortal's finger.

After passing through the world spirit gate, Chu Feng immediately revealed an overjoyed expression.

Sure enough, the Ancient Era's Elves had dispatched their elites this time around. Although they were disguised as humans, Chu Feng was still able to recognize them. This was especially true for that Lord Luokong.

However, that was not what gave him the pleasant surprise. What he was pleasantly surprised by was the fact that Su Rou and Su Mei, the two sisters, were actually also here.

“Big brother Chu Feng,” Upon seeing Chu Feng, Su Mei directly threw herself into Chu Feng's bosom.

As for Su Rou, even though she did not act like Su Mei, she was also smiling. Her smile was truly enchanting. From her smile, it could be seen how enormously happy she was to see Chu Feng again.

“Hey, hey, hey. I am also here, shouldn't you all at least greet me?” Seeing that, Zhang Tianyi spoke with a disapproving expression.

“Senior brother Zhang,” In response, Su Rou and Su Mei greeted Zhang Tianyi.

Zhang Tianyi sighed. “Forget about it. You two girls simply value your lover more than your friends. Upon seeing my junior brother Chu Feng, you no longer have me, this senior brother, in your eyes

at all,” Zhang Tianyi said jokingly.

“That’s right. After I saw big brother Chu Feng, I no longer had anyone else in my eyes. Even though he used to be very stupid, foolish and slow,” Su Mei said with a beaming smile.

Even now, Su Mei was unwilling to let go of Chu Feng, and continued to hug him tightly with no regard for the various seniors’ gazes. Even though this girl was no longer a young girl, she still had the same temperament of a young girl.

“Very stupid, foolish and slow? I used to be like that?” Chu Feng had a questioning expression.

“Eh? When I didn’t know you, that was what I saw you as,” Su Mei said.

“After knowing him, your heart was completely captured by him. Right now, you will immediately call him ‘big brother Chu Feng, big brother Chu Feng’ whenever you see him. You’ve become even more intimate with him than with me, your own older sister,” Su Rou rolled her eyes.

“I am already big brother Chu Feng’s woman. If I don’t call him big brother Chu Feng, am I to call him husband instead? That will have to wait until he marries me,” Su Mei said sweetly.

Hearing those words, Chu Feng felt a tart sensation in his heart. Indeed, both Su Rou and Su Mei were already his women.

Merely, Chu Feng had yet to take them as his wives. Actually, Chu Feng had his own plans. To marry Su Rou and Su Mei was something that he would do sooner or later.

However, he wanted his parents to be present during that wedding ceremony.

“Cough, cough...” At that moment, Lord Luokong, who had been ignored the entire time, coughed.

“Enough, you all can continue to flirt later. Right now, we must

talk business,” The Weaponry Refinement Immortal said.

“Lord Luokong, do you know of the Dark Hall’s scheme this time around?” Chu Feng took the initiative to ask.

“I do. The Dark Hall is planning to release the Moon Demon,” Lord Luokong said.

“Moon Demon? What is the Moon Demon?” Not only did Chu Feng reveal a curious expression, even Zhang Ming revealed a curious expression.

“Everyone knows that the Moonlight Maze contains a lot of treasures. However, very few people know that there is also a Moon Demon in the Moonlight Maze.”

“Actually, our Ancient Era’s Elves did not know of that Moon Demon before either. It was Qing Xuantian who told us about it,” Lord Luokong said.

“Senior Qing Xuantian?” Chu Feng was surprised. He did not expect for this matter to be related to Qing Xuantian.

“Since ancient times, only a single person, Qing Xuantian, has managed to reach the deepest region of the Moonlight Maze. It was there that he discovered the Moon Demon.”

“In other words, Qing Xuantian was the one who undid the Moon Demon’s seal and released it,” Lord Luokong said.

Unable to contain himself, Chu Feng asked, “A demon released by senior Qing Xuantian? Exactly what happened?”

Afterward, Lord Luokong began to explain what had happened to Chu Feng. As such, Chu Feng came to possess a rough understanding of what had happened.

The Moon Demon was indeed released by Qing Xuantian. Furthermore, he had deliberately released it.

When the Moon Demon was released, it was not released in a complete form. However, it was still extremely strong.

Furthermore, it possessed an overflowing vicious nature and was incomparably ruthless. If it were to achieve its complete form, not even Qing Xuantian would be a match for it.

After the Moon Demon was released, it began to condense its body. Reportedly, the Fire and Ice Pearls were crucial to it forming its body.

Qing Xuantian had destroyed the spirit formation that it was using to condense its body and snatched away the two pearls. With that, he prevented the Moon Demon from achieving its complete form.

However, Qing Xuantian did not seize the opportunity to eliminate the Moon Demon. Instead, using world spirit formations, he dissolved the Moon Demon's vicious nature.

The reason why Qing Xuantian did such a thing was because he knew that the Moon Demon's nature was not evil. On the contrary... the Moon Demon's original form was that of an Immortal.

Originally, Qing Xuantian had wanted to release the Moon Immortal. However, to his surprise, he had released the Moon Demon instead.

As for the reason why the Moon Immortal had ended up becoming the Moon Demon, it was because, since ancient times, there had been too many people who had tried to charge into the Moonlight Maze only to die in there. With their dense bloody aura and lingering evil tendencies, they had altered the Moon Immortal and turned it into the Moon Demon.

Qing Xuantian had left a very powerful spirit formation on the Moon Demon's body, making it so that it would not be affected by the bloody aura or the lingering evil tendencies of the Moonlight Maze, and making the evil tendencies that were already gathered in the Moon Demon disappear.

Qing Xuantian said that the Moon Demon would turn into the Moon Immortal should the Fire and Ice Pearls be returned to it after ten thousand years.

Originally, Qing Xuantian had wanted to hand the Fire and Ice Pearls to the Ancient Era's Elves and have them keep them safe. However, he suddenly changed his mind and took the two pearls away with him.

"Fire and Ice Pearls, could they be?!!!" At this moment, Chu Feng looked to Su Rou and Su Mei. His gaze was slightly complicated.

He finally realized that it was no coincidence that Su Rou and Su Mei were here. They had come for the Moonlight Maze.

It would seem that Su Rou and Su Mei had already mentioned their possession of the Fire and Ice Pearls to the Weaponry Refinement Immortal. As for the Weaponry Refinement Immortal, he should have mentioned it to the Ancient Era's Elves. It was already no longer a secret.

The Fire and Ice Pearls in Su Rou and Su Mei's body were crucial to the Moon Immortal obtaining his complete form.

"Big brother Chu Feng, the Fire and Ice Pearls in big sister and my body were discovered in Lord Qing Xuantian's Emperor's Tomb. We felt that the pearls in our bodies should be the Fire and Ice Pearls needed to turn that Moon Demon into the Moon Immortal," Su Mei said.

"But, if the two pearls are to be removed from your bodies, your cultivation will suffer. Even your bodies themselves..." Chu Feng said.

Actually, with Chu Feng's current world spirit techniques, he was actually capable of removing the Fire and Ice Pearls from Su Rou and Su Mei's bodies. However, the Fire and Ice Pearls were already assimilated by the two of them. If they were to be removed, it would not be beneficial at all. Instead, it would cause

their cultivations to suffer damage, and might even cause permanent injuries to their bodies.

“Little friend Chu Feng, Qing Xuantian especially stated to us that even though the bloody auras and evil tendencies of the Moonlight Maze will no longer be able to affect the Moon Demon, if the bloody auras and evil tendencies were to increase to a frightening level, they would still end up affecting the Moon Demon.”

“For example, the current situation of so many people gathered at the Moonlight Maze is simply unprecedented. If they were to all die in the Moonlight Maze, the bloody auras and evil tendencies they would leave in the Moonlight Maze would be unimaginable.”

“Furthermore, ten thousand years have already passed. It is now the crucial moment for the Moon Demon to become the [Moon Immortal](#).”

“For the Dark Hall to spread the Moonlight Maze’s map at such a time, it’s obvious that they want to lure people in and then have them die inside the Moonlight Maze.”

“As for their true purpose, it would be to use those innocent lives to return the Moon Demon to its demonic nature. They’re planning to take control of the Moon Demon,” Lord Luokong said.

“Wouldn’t that be easily solved? We can stop people from entering the Moonlight Maze before it is opened, no?”

“As long as there are not that many people dying in there, even the Dark Hall would not be able to do anything, no?” Chu Feng asked.

The Moonlight Maze opened once every month. However, it would only open on a special day. Other than those special days, no one could enter the Moonlight Maze.

That was also the reason why there were so many people gathered outside the Moonlight Maze right now. Thus, if they

wanted to prevent the crowd from entering, it was completely possible to accomplish this with the current strength of the Ancient Era's Elves.

In the end, unless there was no other choice, Chu Feng did not wish to bring harm to Su Rou and Su Mei.

The 'Immortal' used in 'Moon Immortal' has a different meaning from the Immortal used in the title of the Ten Immortals (including Chu Feng's new title). Moon Immortal's Immortal only contains the character Immortal. i.e., he/she would be an actual celestial Immortal. As for Chu Feng and the other Ten Immortals, their titles are literally 'Immortal Person.' This gives the sensation that they are still mortals. For example, when Chu Feng was called 'God' by the people in the Poison Demon's Valley, he was addressed as 'God Person.' Thus, still a mortal. It's hard to describe, I hope you all can understand...

Chapter 1960 – The Unavoidable Battle

“But, little friend Chu Feng, even if we manage to prevent it this once, it will be difficult to prevent it again. As long as the Moon Demon is still in the Moonlight Maze, the Dark Hall can use other methods to awaken its demonic nature.”

“Thus...”

“Thus, you all want to use the Fire and Ice Pearls to turn the Moon Demon into the Moon Immortal, and then have the Moon Immortal work for you all, is that right?” Chu Feng said.

“That is indeed what we have in mind. It is also the best option. After all, the Dark Hall, that dangerous and troubling power, should be eliminated as quickly as possible. Otherwise, there will be no peace in the Holy Land of Martialism.”

“You also know that the Dark Hall has captured all of the Ancient Era’s ferocious beasts from the Blood Devouring Killing Formation. However, they have not released those Ancient Era’s ferocious beasts upon the world. We do not know exactly what they’re planning to do, exactly what sort of conspiracy they have in mind. However, one thing is certain: the Dark Hall is extremely dangerous,” Lord Luokong said.

At that moment, Chu Feng grew silent. It was true that the Dark Hall was very dangerous. Not only did they know about a lot of the Holy Land of Martialism’s secrets, they might even know things that the other residents of the Holy Land of Martialism did not.

No one knew exactly what the Dark Hall was planning to do. However, whatever it was they planned to do would definitely be extremely dangerous and detrimental to the lives of those in the Holy Land of Martialism.

“Big brother Chu Feng, we already know about the matters concerning you and the Dark Hall. Allow us to help you out. If we

could save the people of the world by giving up our cultivation, if we could help you, it would truly be worth it,” Su Mei said with a beaming smile.

“Chu Feng, think of the greater good,” Su Rou also spoke.

In fact, Chu Feng was unable to find any reason to refuse them either.

Merely... as he saw his two beloved women willing to sacrifice their cultivations and bring harm to their own bodies to help him, Chu Feng felt enormous pain.

In the end, it was because he was not strong enough. Else, there would be no need for them to go to such means.

“In that case, what’s the plan?” Chu Feng asked.

“According to our understanding of the Moonlight Maze, the map that the Dark Hall has spread will successfully lead the crowd to the [Immortality Peach Tree](#),” Lord Luokong said.

“Immortality Peach Tree?” Chu Feng’s eyes brightened.

“The Immortality Peach Tree is one of the most famous treasures in the Moonlight Maze. By eating an Immortality Peach, one can extend one’s lifespan by a hundred years,” The Weaponry Refinement Immortal said.

“It’s actually that miraculous? Does that Immortality Peach Tree really exist?” Chu Feng asked.

If such a treasure really did exist, it would truly be a treasure to prolong one’s life. Many of the people that Chu Feng knew were already near the limits of their lifespan. If he could obtain Immortality Peaches, he would be able to assist those people.

“Actually, that’s a question I’d like to ask too,” The Weaponry Refinement Immortal looked to Lord Luokong.

“There is indeed an Immortality Peach Tree. However, as for the people that have actually seen the Immortality Peach Tree, it is

likely only we Ancient Era's Elves and the Five Emperors who have seen it after the end of the Ancient Era," Lord Luokong said.

"It really exists?" After hearing those words, the Weaponry Refinement Immortal revealed a smile of anticipation. He said, "It is no wonder that your Ancient Era's Elves were able to live for so long."

"Cough cough..." Lord Luokong coughed twice. Evidently, what the Weaponry Refinement said was correct. Thus, Lord Luokong blushed slightly in embarrassment.

"Actually, the harvest that our Ancient Era's Elves obtained was not as much as you all might be thinking. Although the Immortality Peach Tree is very large, the time at which its fruits mature are all different. Thus, our Ancient Era's Elves would only enter the Moonlight Maze once every five hundred years. Furthermore, we would only be able to harvest several hundred peaches each time," Lord Luokong said.

"Several hundred? And you all still consider that to not be a lot?" The Weaponry Refinement Immortal revealed an expression of disdain. He added, "It is not good for you all to monopolize the Immortality Peach Tree."

"Well, with the situation now, it would appear to be impossible for them to monopolize the Immortality Peach Tree anymore. After all, the destination of that map is the location of the Immortality Peach Tree," Chu Feng said as he took out the map that had been spread by the Dark Hall.

"But, didn't the Dark Hall want to kill people in the Moonlight Maze? Could it be... that they plan to set up an ambush there?" Chu Feng asked.

"No... the location where the Immortality Peach Tree is located is a killing formation to begin with. If that killing formation were to be activated, all of the people inside would be killed."

“Furthermore, I believe that the people from the Dark Hall should know the method to activate the killing formation. That is why they spread the map to lead the crowd there,” Lord Luokong said.

“You mean to say that the location where the Immortality Peach Tree is located is a slaughterhouse? By entering it, people will be killed?” Chu Feng asked.

“Then, what about the Immortality Peach Tree? Wouldn’t that Immortality Peach Tree be destroyed?” The Weaponry Refinement Immortal seemed to care more about the Immortality Peach Tree.

“No, that killing formation only kills people, and will not injure the Immortality Peach Tree.”

“Actually, there are a lot of killing formations in the Moonlight Maze. However, they all only kill people, and will not harm any of the treasures inside the Moonlight Maze,” Lord Luokong said.

“Then, how are we to prevent that from happening?” Chu Feng asked.

“That’s the troubling aspect,” Lord Luokong sighed. He added, “I know where the core of the Immortality Peach Tree’s killing formation is located. As long as it is destroyed, the Immortality Peach Tree’s killing formation will also be destroyed.”

“Merely, due to our greed, we did not destroy that killing formation. And now, if we want to destroy the core, the people of the Dark Hall should have already made preparations for us. As such, it will be impossible to avoid a fierce battle,” Lord Luokong said.

“How did you all come to know about that formation’s core? Did Qing Xuantian tell you all?” Chu Feng asked.

Chu Feng asked that question because he discovered that it was not the Ancient Era’s Elves that knew the most about the Moonlight Maze. Instead, Qing Xuantian knew about it more than

them. As such, he felt that the location of that formation's core should also have been told to the Ancient Era's Elves by Qing Xuantian.

“We are truly ashamed to mention it. However, it was indeed Qing Xuantian who told us about it. After Qing Xuantian defeated our then Majesty and forced us to share our Ancient Era's Immortal Ponds, he also felt that he owed us. As such, he told us about the matter regarding the Immortality Peach Tree.”

“As for that formation's core, it was also Qing Xuantian who discovered it. Merely, he was unable to destroy it back then. He would have needed to use a spirit formation to destroy the defenses of that formation's core. However, to destroy those defenses would have taken at least a thousand years.”

“That's why Qing Xuantian told us about that core. He wanted us to destroy that formation's core and that killing formation after a thousand years passed,” Lord Luokong did not conceal this fact.

“However, due to selfishness, you all did not do as senior Qing Xuantian advised,” Su Mei said frankly and criticized the Ancient Era's Elves.

“Indeed, it was because we were selfish. It truly is a shameful thing,” Lord Luokong smiled bitterly.

“Enough about that. We shouldn't mention the things of the past anymore. Right now, our top priority is to prevent the Dark Hall from harming the innocent.”

“Lord Luokong, do you have a detailed plan in mind?” Chu Feng asked.

“I do,” Lord Luokong nodded.

Then, Lord Luokong spoke of his plan.

It turned out that the killing formation's core was not located in the same place as the killing formation itself. As such, Lord Luokong planned to separate the people here into two groups.

He wanted Chu Feng and the Weaponry Refinement Immortal to proceed for the Immortality Peach Tree with the ignorant masses and try to use their world spirit techniques to prevent the activation of the killing formation.

As for the Ancient Era's Elves, they would lead their army to the location where the killing formation's core was located. As long as they destroyed the core, the killing formation would be destroyed too. As such, there would no longer be any danger.

Merely, although this matter seemed to be easy to do, everyone knew that it would not be easy at all.

After all, based on what had happened earlier in the Blood Devouring Killing Formation, they knew that the Dark Hall's strength could not be looked down upon. This time around, they had created such a major commotion. As such, they would most definitely be prepared.

The people from the Dark Hall would definitely guard that killing formation's core. The reason for that was because the location to activate the killing formation was in the same location as the killing formation's core.

In short... a fierce battle was unavoidable.

Technically, Saturn Peach Tree. However, Saturn Peach are peaches of immortality kept by the Queen Mother of the West, a goddess in Chinese mythology.

Chapter 1961 – Emperor Chi’s Successor

“Are Lil Rou and Lil Mei going to follow the Weaponry Refinement Immortal and I?” Chu Feng asked.

“No, they’ll be following us. We will protect their safety,” Lord Luokong said.

Hearing those words, Chu Feng started to frown. Lord Luokong and the others were going to go and fight against the Dark Hall. Following them would be safe?

Would it really be safe to follow them?

But, if Su Rou and Su Mei were to follow him and the Weaponry Refinement Immortal, Chu Feng would not be able to guarantee their safety either.

In comparison, it was safer to send Su Rou and Su Mei to follow Lord Luokong and the Ancient Era’s Elves’ elites.

But... Chu Feng was still extremely worried.

“Little friend Chu Feng, rest assured. We will protect them with all of our strength,” Lord Luokong seemed to have realized Chu Feng’s worry and he spoke to guarantee their safety.

Suddenly, Chu Feng said, “Actually, I know of a shortcut to the Immortality Peach Tree,”

“Shortcut?” Hearing those words, the crowd were all startled.

“Mn. Thus, if that killing formation is easy to contain, there will not be a need for the Weaponry Refinement Immortal to journey alongside me. I will use the shortcut to arrive at the Immortality Peach Tree first and set up the spirit formation. With that, I should be able to prevent that killing formation’s activation,” Chu Feng said.

“Really?” Lord Luokong asked. After all, the Weaponry Refinement Immortal was a rank seven Martial Emperor. If the

Weaponry Refinement Immortal were to proceed to the formation's core with them, then even if they were to start fighting against the Dark Hall, he would be an enormous assistance in the battle.

In the end, Lord Luokong wanted the Weaponry Refinement Immortal to go with them too.

The best way to solve this issue would be to fight against the Dark Hall in a battle to the death at the formation's core. As for proceeding to the Immortality Peach Tree and setting up a formation to prevent the activation of the killing formation, it was only to guard against the unexpected.

"It is true that I know of a shortcut. If I am to take that shortcut, I will be able to reach the Immortality Peach Tree much faster than the others," Chu Feng nodded.

What Chu Feng said was the truth. The map that the Compass Immortal had given him also led to the Immortality Peach Tree. Merely, the route shown on the map that the Compass Immortal had given him was a shortcut.

Furthermore, to Chu Feng's pleasant surprise, that shortcut would also bring him to the location where the Beast Emperor's treasures were hidden. It could be said that he would be hitting two birds with one stone.

In other words, regardless of the situation, Chu Feng would have to take that shortcut. After all, Chu Feng's original intention in coming to the Moonlight Maze was to obtain the Beast Emperor's treasures.

Furthermore, if Chu Feng were to take that shortcut, his speed would indeed be much faster than the map spread to the crowd by the Dark Hall. Thus, Chu Feng was not worried that he would not be able to make it to the Immortality Peach Tree in time.

In fact, Chu Feng felt that he would have sufficient time to obtain

the Beast Emperor's treasures on the way, and still make it to the Immortality Peach Tree first.

Furthermore, he felt that he would still have sufficient time to set up a spirit formation to prevent the activation of the killing formation.

As long as that killing formation could be stopped, Chu Feng, with his world spirit techniques, would definitely be able to stop it.

If that killing formation could not be stopped, then, even if the Weaponry Refinement Immortal were to join him, it would still be useless.

However, the most important aspect in regards to Chu Feng's decision was that he was worried for Su Rou and Su Mei's safety. He wanted the Weaponry Refinement Immortal to journey with Lord Luokong to ensure Su Rou and Su Mei's safety.

"Little friend Chu Feng, how did you come to know about that shortcut? Are you able to ascertain that that shortcut is real?" The Weaponry Refinement Immortal asked. As this matter was of the utmost importance, he was worried.

"Senior, look at this map. Do you think it's real?" Chu Feng directly took out the Compass Immortal's scroll.

"Actually, we also know of a shortcut. Merely, that shortcut can only be opened with a key. Little friend Chu Feng, might that shortcut you're talking about be the same shortcut that we know of?" Lord Luokong asked.

"Lord Luokong, have a look," Chu Feng handed the map to Lord Luokong.

"Indeed, that is the one," After seeing the map, Lord Luokong smiled in a relieved manner. He said, "This was the shortcut left behind by Qing Xuantian. That map itself is the key. It is real."

"With that map in hand, little friend Chu Feng will be able to reach the Immortality Peach Tree very quickly. If you are to set up

a spirit formation there to prevent the activation of the killing formation, the effect would be even better,” At that moment, Lord Luokong was overjoyed. After all, this situation meant that the Weaponry Refinement Immortal would be able to travel with them.

“But... what if the people from the Dark Hall decide to guard against the unexpected, and also dispatch people to the Immortality Peach Tree?” Su Mei said worriedly. Compared to the overall situation, she was more worried about Chu Feng’s safety.

“I don’t think they will dispatch people there. After all, when the killing formation is successfully activated, everyone in the Immortality Peach Tree’s vicinity will die. I don’t think they will dispatch their own people there just to die. Furthermore, I doubt people would be willing to throw their lives away like that,” Lord Luokong said.

“I think what Lil Mei said is not without reason. As the saying goes, better safe than sorry,” Su Rou added. She was also worried about Chu Feng’s safety.

“Rest assured, not even rank seven Martial Emperors can cause me harm. I possess a treasure that can kill rank seven Martial Emperors,” Chu Feng said.

After hearing what Chu Feng said, both Su Rou and Su Mei grew quiet. The implication of Chu Feng’s words were clear. Rank seven Martial Emperors could not harm him; only rank eight Martial Emperors could harm him.

As for rank eight Martial Emperors, what level of experts were they? They were people on par with Lord Luokong. If an expert of that level was at the Peach Immortality Tree, even if the Weaponry Refinement Immortal were to accompany Chu Feng, he would not be able to do anything anyway.

“If that’s the case, then little friend Chu Feng, you carry an enormous responsibility. Make sure to be careful.”

“Remember, at the crucial moment, you must save yourself first,” Lord Luokong said.

Lord Luokong knew how important of a character Chu Feng was. He was a young man that could potentially become the second Qing Xuantian. Chu Feng’s safety was actually his greatest concern.

“Lord Luokong, do not worry about me. I merely have one request. If you all are to encounter the Dark Hall, please do not act leniently toward them,” Chu Feng said.

“Even if you didn’t tell us that, we would not act leniently toward them. I guarantee you that we will kill every one of them that we encounter,” Lord Luokong said.

“Dark Hall, this time, I will definitely make you all suffer the consequences,” At that moment, Chu Feng’s fighting spirit was very strong. The reason for that was because this was the first actual confrontation between him and the Dark Hall.

Before, he had suffered enormously from them.

This time, he was planning to make them suffer.

After this matter was decided, Chu Feng went his separate way from the Weaponry Refinement Immortal and the others as he snuck into the crowd by himself, .

Merely, this time around, Chu Feng did not reveal his true appearance. Instead, he had disguised himself.

“Did you all see what Chu Feng did? He killed Xian Yuyin with a single strike.”

“I’ve heard of it. I just didn’t see it. It’s truly a pity.”

“Sigh, Xian Yuyin was truly a disgrace. It’s great that Chu Feng killed him.”

Just then, the people around him were all discussing the matter concerning Chu Feng and Xian Yuyin. Even though that event

ended not long ago, it had already spread through this entire region.

“Look, look. That’s a shameless fellow declaring himself to be Emperor Chi’s successor. Furthermore, he even said that he had fought against Chu Feng before and defeated him.”

“For real? Quickly, let’s go and have a look. Exactly who is it that’s this shameless?” Suddenly, the crowd burst into an uproar. They all began to proceed toward the place indicated by that fellow.

After hearing what the crowd was talking about, Chu Feng also grew curious. As there was still some time before the opening of the Moonlight Maze, and he had nothing to do in the meantime, Chu Feng decided to join the crowd and see what was going on. Mainly, he was interested in knowing exactly who it was that was so shameless as to boast about defeating him.

Emperor Chi’s successor?

Defeated him?

Whoever it was was truly shameless.

As Chu Feng arrived within the crowd, he saw a silhouette. Upon seeing that person, Chu Feng’s eyes shone, and then, unable to contain himself, he burst into laughter.

It was a man. His age was about the same as Chu Feng’s. Merely, his appearance was truly peculiar.

He had a head of hedgehog-like super pointy hair. Although he was as thin as a match, his torso was actually bare naked.

In fact, he was actually only wearing underpants, as well as a pair of straw sandals.

Furthermore, his underpants were covered with flowery embroidery. It was truly flowery.

As for his star sandals, they were actually colored. Furthermore,

their colors were different. One was red, and the other was green.

Truly, his appearance was that of an enormous weirdo, extremely ridiculous.

Furthermore, that man spoke with a stutter. Yet, he was currently boasting before all these people.

This man was someone that Chu Feng had met before. His name was Wang Qiang.

After seeing Wang Qiang, Chu Feng felt a burst of delight. Although that Wang Qiang was a weirdo, his nature wasn't bad, and Chu Feng's impression of him was pretty decent.

Chu Feng had never expected to be able to see Wang Qiang here after separating for so long. This was truly fate.

“Mn?”

Suddenly, Chu Feng's eyes shone. Even with his current strength, he was actually unable to see through Wang Qiang's cultivation!!!

Chapter 1962 – Entering The Maze

Wang Qiang was still the same as always; he was still bragging about how powerful he was.

However, as Chu Feng saw the reactions of the surrounding crowd, he felt them to be quite amusing. The reason for that was because no one believed in Wang Qiang. Many of the people thought Wang Qiang to be a shameless lunatic, and were merely watching this show for enjoyment.

In fact, there were even people who insulted him on the spot. From this, it could be seen that Chu Feng possessed a very high status in the hearts of the crowd. Else, there would be no reason for them to insult Wang Qiang.

However, with how thick-skinned Wang Qiang was, how could he possibly care about the insults being thrown at him? Not only did he not care about them, he instead spoke back to them mockingly.

As for Chu Feng, he did not reveal his true appearance, nor did he call out to Wang Qiang. After all, Chu Feng did not know whether or not there were people from the Dark Hall amongst the crowd. Even though he knew that the people from the Dark Hall did not plan to kill him, this was only limited to the time being. Sooner or later, they would aim to kill him.

In order to guard against the unexpected, even if Chu Feng were to reveal himself, he would only do so after entering the Moonlight Maze.

Just like that, Chu Feng concealed his identity the entire time until the day the Moonlight Maze was opened. Then, Chu Feng followed the crowd and entered the Moonlight Maze.

The Moonlight Maze was truly an extraordinary place. Countless legends swirled around it. Furthermore, the majority of those

legends were concerning treasures.

Several tens of millions of people had arrived at the Moonlight Maze. As such, the first group of people to enter the Moonlight Maze also numbered extremely high; there were actually over a million individuals.

These million-plus people were of all different cultivations. Not to mention Martial Kings, there were even Martial Lords who came to get in on the action.

Many of the people who came were dreaming of becoming lucky and striking it rich. Even though they knew that their cultivations were very weak, they still wanted to test their luck.

Of course, other than just those people, the majority of the people who dared to enter the Moonlight Maze were prepared. Not only were the people from the Three Palaces, Four Clans, Nine Powers and the many monstrous beast races present, there were also old monsters who had hidden themselves in seclusion for a long time present as well.

In fact, some among those old monsters were people whose fame was widespread throughout the Holy Land of Martialism, people who even the Three Palaces wanted to rope into their powers.

However, they were all people who were about to die from old age. They had all come for the sake of that legendary Immortality Peach Tree. Merely... they did not know that the map's destination was actually the Immortality Peach Tree. The reason for that was because even though the Dark Hall had scattered the maps all over, they had not indicated what was at the destination of the map.

Chu Feng was among the first group to enter the Moonlight Maze. After all, he possessed the important mission of preventing the death of the crowd. In the beginning, everything was fine. However, as the crowd moved forward, someone accidentally triggered a spirit formation. Although that spirit formation did not cause any harm to the crowd, it sealed the path ahead.

“Damn it, that’s a world spirit formation. It’s impossible to destroy it. What do we do now?”

“Who triggered that trap? Get out here!”

At that moment, the crowd started to become agitated. They were planning to condemn the person that had triggered the trap.

Naturally, in this sort of situation, no one would be willing to admit that it was them. After all, none of them were stupid. If they were to admit to it, they would simply be courting death from a beating. In fact, their corpse might not even be left whole.

Suddenly, a Heavenly Law Palace’s elder spoke. “Everyone, don’t panic. Based on this old man’s judgement, although that spirit formation is very powerful, it will disappear by itself after seventy-two hours.”

“Since we cannot break through it, let’s wait patiently.”

That elder’s name was Yue Ling. His cultivation was pretty decent; he was a rank six Martial Emperor. Furthermore, he was a Snake Mark Royal-cloak World Spiritist, and one of the Heavenly Law Palace’s management elders.

Thus, this Elder Yue Ling possessed quite a large amount fame in the Holy Land of Martialism. As such, his words held authority, and many people began to believe him.

“Elder Yue, you’re a world spiritist. Could it be that even you are unable to do anything to that spirit formation?” Someone asked.

“There’s nothing I can do,” Elder Yue Ling shook his head.

“Then, won’t we have to wait seventy-two hours? After seventy-two hours, how many more people from behind us will have entered the Moonlight Maze?”

At this moment, many people were frowning. Those that were able to be in the first group’s vanguard were all people with decent cultivations; they were all experts above rank eight Half Martial

Emperor.

To put it simply, the first group's vanguard were mainly composed of Martial Emperors and peak Half Martial Emperors. They were the elite among the million plus people.

As everyone possessed selfish desires, those from the vanguard who rushed to be the first to enter the Moonlight Maze did so for the sake of shaking off the people behind them. They did not wish to share the rewards with the people after them.

If they were forced to stay here for seventy-two hours, all of the people from behind them would've caught up to them. In that case, their effort to be the vanguard would be all in vain. Evidently, they did not wish for such a thing to happen.

"Apart from that, there is nothing else we can do," Elder Yue Ling said.

Right at this moment, Wang Qiang stuttered, "Ol, old, old fart, yo, you, you're wr, wr, wrong."

"What did you say?" Hearing those words, Elder Yue Ling's sword-like eyebrows narrowed. He was angered. He was not only angry because Wang Qiang was questioning his decision. Most importantly, it was because Wang Qiang rudely called him 'old fart.'

"I sa, said that yo, you're wr, wrong. Ac, ac, actually, th, th, th, there is a way. Dra, dragon Mark Ro,royal-cloak World Spi,spiritsts will be able to br, bre, break thro, through that obs, obstruction," Wang Qiang said.

"Dragon mark Royal-cloak World Spiritist? You speak of it that casually, why don't you go and find one?" Elder Yue Ling said in a displeased manner.

"I, I, I, I kn, kn, kn, know a person. He, he's a Dra, dra, dra, dragon Mark Royal-cloak Wo, wo, world Spiritist. I be, be, believe he is he, he, here righ, right now," Wang Qiang said.

“Are you talking about the Weaponry Refinement Immortal?” Someone asked.

“No, no, no, it, it, it’s not o, o, o, only the Weaponry Refinement Immortal that ca, cam, came here,” Wang Qiang said.

“You’re talking about the Demonic Genius Immortal Chu Feng?” Someone thought of Chu Feng.

Not only was Chu Feng a demon-level character, he was also a Dragon Mark Royal-cloak World Spiritist. Furthermore, many people had seen Chu Feng arriving at the Moonlight Maze. Thus, they knew that there was actually a Dragon Mark Royal-cloak World Spiritist here.

“Th, th, th, th, th, that’s right,” Wang Qiang nodded with a smile.

“Chu Feng? Demonic Genius Immortal? Heh...” At that moment, Elder Yue Ling laughed lightly. However, his laughter was filled with mockery. He added, “Chu Feng was already scared away by the Ancient Era’s Elves after killing Xian Yuyin. He simply does not dare to show up here.”

“Furthermore, even if he came, with his world spirit techniques, how could he possibly be able to break apart that spirit formation?”

“Although this old man is not a Dragon Mark Royal-cloak World Spiritist, I know that there exists a difference in strength between Dragon Mark Royal-cloak World Spiritists.”

“The spirit formation here is extremely powerful. It is impossible to break through it even if all of us were to attack it with all our combined strength. As such, how could a mere brat possibly be able to undo that spirit formation?”

“Regardless, I do not care whether or not you all believe that Chu Feng is capable of doing that or not. However, this old man absolutely will not believe it,” Elder Yue Ling mocked.

From his words, it could be seen that he seemed to despise Chu Feng enormously. In other words, he possessed quite a bit of hostility toward Chu Feng.

“If I were able to undo the spirit formation, Elder, what would you do?” Right at that moment, Chu Feng revealed his true appearance and walked out of the crowd.

He had shown himself. Chu Feng had carefully inspected the crowd after entering this place, and discovered that there didn’t seem to be people among the Dark Hall here. As such, he decided that there would be no harm in him revealing himself.

Furthermore, Chu Feng urgently wished to obtain the Beast Emperor’s treasures. Thus, he did not plan to waste time here anyways. He had already planned to reveal himself.

And now, there was actually someone that was questioning his ability and even mocking him. As such, Chu Feng must teach him a lesson, and show him what kind of Dragon Mark Royal-cloak World Spiritist he was.

Chapter 1963 – Apologize By Eating Feces

“Chu Feng?” Upon seeing Chu Feng, the crowd immediately became excited. Many among them even began to cheer his name. Some were so excited that their eyes started to tear up. Others were so excited that they were trembling in excitement.

Chu Feng was the most famous person in the Holy Land of Martialism right now.

After witnessing or hearing about all the various events concerning Chu Feng, many people felt that Chu Feng was the person who had the greatest possibility of becoming this era’s overlord.

As such, Chu Feng’s popularity in the Holy Land of Martialism was extremely fiery.

Seeing this scene, the people from the Four Great Imperial Clans revealed unpleasant expressions. However, in terms of unpleasant expressions, the ones with the most unpleasant expressions would be the ones from the Heavenly Law Palace. As one of the human race’s strongest powers, they deeply detested others seizing their limelight.

“Ol, old br, bro Chu, Chu, Chu Feng, I mi, mi, missed you to, to, to, to death,” At that moment, Wang Qiang rushed forward to Chu Feng’s side. He extended his arms and gave Chu Feng a bear hug.

Chu Feng did not evade his bear hug. Instead, he allowed Wang Qiang to hug him.

Why didn’t he avoid the hug? It was because Chu Feng also missed Wang Qiang after not seeing him for so long.

In Chu Feng’s heart, Wang Qiang was his brother. It is only natural to hug a brother after seeing him again after so long.

“Come, come, come, giv, giv, give me a kiss,” However, that Wang Qiang was truly disgusting. He actually puckered his saliva-

filled giant donkey-like lips toward Chu Feng's cheek.

“Scram!” While smiling, Chu Feng unleashed a slap at Wang Qiang's face and forced him away.

“Old bro Chu Feng, why, why, why, why are yo, yo, you treating me li, like this?” Wang Qiang covered his cheek with his palm. He had a depressed expression on his face. However, he was not actually angered, Instead, he appeared a bit shy. This caused Chu Feng to have black lines running down his forehead.

“Who was it who said that he defeated me at the Sealing Ancient Village?” Chu Feng said to Wang Qiang with a beaming smile on his face.

That fellow had boasted a lot. His boasting included inverting right from wrong. He had turned the truth of Chu Feng defeating him to him defeating Chu Feng.

“Hehe...”

“I mi, mi, missed you. Tha, tha, that's why I jo, joked around. It, it, it was so that I could lur, lure you out,” Wang Qiang said with a mischievous laughter.

Hearing those words, the crowd were unable to contain themselves, and started to curse out at Wang Qiang. Sure enough, Wang Qiang's claim of defeating Chu Feng was merely boasting.

Even though they already knew that that should be the case, Wang Qiang had actually admitted to it with such indifference. As such, the crowd were truly unable to tolerate his thick skin and shamelessness. If they were to not curse out at Wang Qiang, they would instead feel uncomfortable.

However, from Chu Feng and Wang Qiang's appearance, it seemed that the two of them really did know one another. Furthermore, they were actually friends? Why would Chu Feng have a friend like him?

The crowd felt confused. They were all wondering why Chu Feng

would befriend such a person.

Wang Qiang completely ignored the cursing from the others. He arrived before Chu Feng again and asked with a low voice, “Ol, old bro Chu Feng, are, are you certain that yo, you can bre, break open that spi, spirit formation?”

“About ninety percent certain,” Chu Feng said.

“Goo, goo, good!” Hearing those words, Wang Qiang was overjoyed. Then, he turned his gaze to that Heavenly Law Palace’s Elder Yue Ling and spoke loudly, “Ol, ol, old fart, ea, ear, earlier you dar,dared to boast sh, shamelessly that my ol, old bro Chu, Chu Feng w, would b, b, be unable to br, br, break through that sp, spirit formation.”

“Ho, however, if he ca, can break thr, through that sp, spi, spir, spirit formation, wh, wh, what are you go, going to do? Shoul, shouldn’t you ap, ap, apo, apol, apologize?”

Once Wang Qiang said those words, the crowd started to frown. No matter what, Elder Yue Ling was a grand character in the Holy Land of Martialism. Yet, this unknown fellow actually dared to speak to him like this? Could it be that he had grown tired of living?

“Watch the way you speak! Are you trying to die?!” Sure enough, the crowd from the Heavenly Law Palace all drew their weapons. They had the appearance of planning to attack Wang Qiang.

However that Elder Yue Ling stopped the Heavenly Law Palace’s crowd. With a beaming smile, he asked Chu Feng, “Little friend Chu Feng, is that ignorant little bastard really your friend?”

His intention was very clear. If Wang Qiang was Chu Feng’s friend, he would give Chu Feng face and not bicker with Wang Qiang. However, if he wasn’t, he would teach Wang Qiang a lesson.

Merely, even though he was planning to give Chu Feng face, he was very unwilling in doing so. The words ‘little bastard’ had

already betrayed him.

“Ol, old bro Chu, Chu Feng, I, I, I’m not afraid of that o, o, old fart. No, no, no ma, ma, matter what, I am Em, Emperor Chi’s suc, successor.”

“Bu, but, in my, my heart, you, Chu Feng, are my br, br, bro, bro, brother. I wonder, wh, what do you con, consider me to be in yo, your heart? You can ju, just tell the tr, truth.”

Even though Wang Qiang said that he was not afraid of Elder Yue Ling, he had a pitiful expression when he said those words to Chu Feng. Furthermore, there were actually glistening tears in his eyes. He was simply on the verge of crying.

It was evident that he wanted Chu Feng to admit that he was his friend.

Seeing Wang Qiang acting like this, Chu Feng shook his head with a smile. Even though he had not seen Wang Qiang for quite some time, Wang Qiang remained completely the same. Thus, Chu Feng said to Elder Yue Ling, “It is true, Wang Qiang is my friend.”

“Since that’s the case, this old man will not bicker with him about how rude he was toward me. However, little friend Chu Feng, since he is your friend, you should teach him some manners. If he continues to act like that, sooner or later, he will end up suffering.”

“After all, not everyone is as broad-hearted as me, who is choosing not to bicker with a little bastard like him,” Elder Yue Ling said.

“It is true that Wang Qiang is my friend. However, his manner of conduct is his own matter. I, Chu Feng, will not control him, nor do I have the ability to do so,” Chu Feng said.

Even though that Elder Yue Ling was acting like the good guy now, he had indeed spoken ill of Chu Feng before Chu Feng had revealed himself. Chu Feng actually deeply detested people like

him.

“Well spoken. Little friend Chu Feng, what you said is truly well spoken,” At that moment, a yellow-haired Underworld Palace’s Elder began to applaud Chu Feng.

Even though this old man’s appearance was very fierce and tough, his strength was very strong. Like Elder Yue Ling, he was also a rank six Martial Emperor. Without even thinking too much about it, Chu Feng knew that this man was definitely an Underworld Palace’s management elder.

From the sounds of discussion from the crowd, Chu Feng found out that the yellow-haired Underworld Palace’s elder’s name was Huang Guan. Furthermore, he was indeed one of the Underworld Palace’s management elders. However, he possessed a nickname: the Yellow-haired Demon.

“Humph,” Seeing that the Underworld Palace’s Elder Huang Guan had begun to applaud Chu Feng, that Elder Yue Ling snorted coldly. Without concealing anything, he revealed an extremely displeased expression.

At that moment, Wang Qiang asked again. “Ol, old fa, fart! I’m ask, asking you here! If my old br, bro Chu Feng is ab, ab, able to bre, break tha, that spirit formation, are you wi, willing to eat shit as an ap, ap, apology?”

“Have you grown tired of living?” Seeing that Wang Qiang actually dared to speak to him in such a manner, Elder Yue Ling was immediately enraged.

“Yue Ling, even though that little friend Wang Qiang’s words might be a bit vulgar, I do not feel that they are without justification.”

“Earlier, you had indeed declared that little friend Chu Feng would not be able to undo that spirit formation. Everyone present heard it, right?” Elder Huang Guan said.

“Right!” The crowd from the Underworld Palace was the first to respond. Other than the people from the Underworld Palace, many others also voiced their agreement.

Currently, Chu Feng’s reputation in the Holy Land of Martialism was superb. He could be said to be extremely popular with the masses. As such, those that were fearless would naturally stand up and speak on his behalf.

Chapter 1964 – Breaking Apart The Formation With A Single Move

“Look, this many people can bear witness to it. You cannot refuse to admit what you said. Thus... if little friend Chu Feng is really able to break apart that spirit formation, even if you are not to eat feces, you should still apologize.”

“Everyone, am I right?” Elder Huang Guang asked the crowd.

“Right!” The crowd shouted in unison. Their voices were even more resounding than before.

Seeing this scene, Elder Yue Ling’s expression turned green and ugly.

No matter what, he was still a grand management elder of the Heavenly Law Palace. As for Chu Feng, no matter how talented he was, he was still only a member of the younger generation.

To apologize to Chu Feng for a mere remark, it would be unacceptable and impossible for him to accomplish.

“El, el, elder Huang Gu, Guan’s reasoning is the more reasonable one. Yo, you are mu, much be, be, better than tha, that ol, old fa, fa, fart,” As for Wang Qiang, he ran over to Elder Huang Guan and began to praise him. As he praised Elder Huang Guan, he did not forget to mock Elder Yue Ling.

Hearing Wang Qiang addressing him as ‘old fart’ the entire time while addressing the Underworld Palace’s Huang Guan as ‘Elder,’ Elder Yue Ling felt even more displeased.

“Very well. If little friend Chu Feng is able to break that spirit formation, this old man will publicly apologize to little friend Chu Feng,” For the sake of his face and reputation, Elder Yue Ling agreed to the demand.

However, right after he finished saying those words, he added

while pointing at Wang Qiang, “However, if little friend Chu Feng is unable to break this spirit formation, I insist on that little bastard kneeling and apologizing to me.”

“S, su, sure! I, I, I’ll apologize. It’s no, no, not like I’m af, af, af, afraid of you,” Wang Qiang was completely indifferent to the demand.

“Elder Yue Ling, you do not have to apologize to me. However, if I am able to accomplish this task, you must apologize to my friend,” Chu Feng said.

“Why should I?” Hearing what Chu Feng said, Elder Yue Ling started to frown deeply.

It was not only him. Many of the other people present were also confused. Earlier, Elder Yue Ling had indeed spoken ill remarks of Chu Feng. As such, if he were to apologize, it should be to Chu Feng. However, why would Chu Feng suddenly make a request for him to apologize to Wang Qiang?

“Wang Qiang is still only a member of the younger generation. He is still very young. Even if he blabs nonsense, you, as a senior, should be able to reach an understanding and overlook it.”

“Yet, you, a Heavenly Law Palace’s elder, actually addressed a member of the younger generation as ‘little bastard.’ I feel that you should not have done so, for that is an insult to the younger generation. Your actions are truly unbefitting of a senior,” Chu Feng said.

Hearing those words, the crowd came to a sudden realization. At the same time, the admiration which they felt for Chu Feng increased even more. They did not expect Chu Feng to be someone who cared about his friends so much.

As for Wang Qiang, he was so moved that he was on the verge of crying. At this moment, he was acting as if he was wiping away the his tears and snot with great force. However, he did not actually

cry, nor did he have a runny nose. This fellow was merely putting on an act as usual.

“Well spoken. What little friend Chu Feng said is very true,” Elder Huang Guan began to clap his hand in applause once again. After he said those words, many other people also began to clap for Chu Feng too. From Chu Feng’s actions, they felt a whole new level of respect for him.

At that moment, Elder Yue Ling’s complexion turned ashen, and his expression became extremely ugly. He truly did not expect a member of the younger generation like Chu Feng to possess such enormous rallying power.

Normally, there would be countless people trying to flatter him wherever he went. As long as he said one thing, no one would dare to say another.

Yet, today, he had actually lost to Chu Feng in terms of the support of the masses. This made him feel extremely unreconciled.

“Little friend Chu Feng, since you wish to stick up for your friend, I will give you face and do as you say.”

“Merely... I fear that you will not be able to accomplish it, and instead cause your friend to suffer.” In the end, Elder Yue Ling accepted the conditions. However, he accepted them in a very fierce and ruthless manner.

Actually, the reason he had refused to accept earlier was because he had not wished to yield to a person of the younger generation. He felt that it would be a very shameful thing to do.

However, he truly looked down on Chu Feng’s world spirit techniques. Thus, in the end, he had decided to accept the conditions. He did so because he wanted to humiliate Chu Feng and make those who thought highly of Chu Feng know that Chu Feng was not as strong as they had envisioned.

Furthermore, he also wanted Wang Qiang to kneel and apologize

to him before the crowd. He wanted to let the crowd know that Wang Qiang's kneeling and apology to him was all caused by Chu Feng's conceit.

"It would seem that... I will have to disappoint Elder Yue Ling," Chu Feng smiled lightly. Then, with a flip of his palm and a 'woosh', a ray of light shot into the spirit formation ahead like a sharp arrow.

"Buzz~~~"

That indestructible world spirit formation started to shake violently. Then, it began to dissipate. In the blink of an eye, it had disappeared from before the crowd.

Success. Even though many people felt that Chu Feng would be able to successfully undo that spirit formation, they did not expect that Chu Feng would be able to do so instantly.

Not to mention Elder Yue Ling, practically everyone present was stunned.

They had all personally experienced how powerful that world spirit formation was. It was simply indestructible.

Yet, before Chu Feng, he merely needed to raise his hand to undo that spirit formation. Could this be the strength of a world spiritist?

"Woooahhh!!!!!!!!!!!!!!!!!!!!!!!"

After a moment of shock, cheering noises began to rise from the crowd. The younger generation from the Underworld Palace all rushed out. They gathered around Chu Feng and began to throw him into the air while cheering.

"Chu Feng!"

"Chu Feng!"

"Chu Feng!"

.....

At the same time, the others also joined in the cheering. At that moment, the name 'Chu Feng' began to resonate in this region of the Moonlight Maze.

The crowd were overjoyed. After all, to them, being able to break apart that spirit formation was only beneficial and not detrimental.

It must be said that Chu Feng had presented them with an enormously pleasant surprise.

At this moment, Chu Feng was the only one who knew how he was able to undo that seal.

At the moment when Wang Qiang was bickering with Elder Yue Ling, Chu Feng was already setting up his spirit formation to undo that spirit formation within his palm. That was how he was able to accomplish the magnificent feat of undoing that spirit formation simply by raising his hand.

After a series of cheering, Chu Feng said to Elder Yue Ling, "Elder Yue Ling, you should honor your promise, no?"

Suddenly, the several million gazes of the crowd were all fixed onto Elder Yue Ling.

In that moment, Elder Yue Ling felt an enormous pressure. Even though he was very unwilling, in the end, he still said with a soft voice, "Little friend Wang Qiang, I'm sorry."

"Wh, wh, what di, did you say? I can't he, hear you," Wang Qiang cupped his ear and spoke loudly.

"You... you are being too excessive here!" Elder Yue Ling immediately stared at Wang Qiang with glaring eyes. He was on the verge of erupting from anger. It was true that his apology had been spoken very softly. However, he dared to guarantee that Wang Qiang had heard it.

"Elder Yue Ling, you spoke too softly earlier. Not to mention Wang Qiang not hearing it, even I was unable to hear it."

“Since it’s an apology, I feel that Elder Yue Ling should put forth some sincerity. Everyone, what do you all think?” Chu Feng said.

“That’s right!” The crowd responded with resonating voices.

After Chu Feng had undone the spirit formation, practically all of the crowd, other than those from the Heavenly Law Palace, were standing on Chu Feng’s side.

Even the old monsters who had secluded themselves in the Holy Land of Martialism for years began to cheer for and support Chu Feng.

“You!!!” Elder Yue Ling was so enraged that his hands were shaking in anger.

No matter what, he was a management elder of the Heavenly Law Palace. How could the crowd treat him like this?

How could they possibly have the nerve to make him yield to a person of the younger generation?

Chapter 1965 – Situation Turning Bad

“Yue Ling, what little friend Chu Feng said is very reasonable. Since you have agreed to it earlier, you should apologize now.”

“Since it is still an apology, what harm is there in saying it with a louder voice?” Suddenly, another person spoke.

When this man spoke, not to mention Chu Feng, many of the bystanders were also very surprised.

This person who had spoken was not Chu Feng, nor was it Elder Huang Guang, nor was he a grand character from some other power.

Instead, he was an elder from the Heavenly Law Palace. Like Elder Yue Ling, he possessed the cultivation of a rank six Martial Emperor. Furthermore, his status was also on par with Elder Yue Ling’s.

This person’s name was Zhao Yu.

Compared to Elder Yue Ling, Elder Zhao Yu’s reputation was very well-respected. He was someone who was known to have done countless good deeds.

After Elder Zhao Yu spoke, the situation became very awkward for Elder Yue Ling. After hesitating for some time, he spoke loudly, “Little friend Wang Qiang, this old man was indeed in the wrong earlier. I hope you do not take offense.”

Even though he spoke those words very reluctantly, he had, nevertheless, apologized.

“Haha, I, I, I am a per, per, person of great mo, mo, moral stature. I will not ta, tak, tak, take offense to som, som, something com, com, committed by a per, person of low, low stature,” Wang Qiang said while laughing.

At this moment, not only was Elder Yue Ling extremely furious,

the others from the Heavenly Law Palace were also filled with rage. A member of the younger generation actually dared to make things this difficult on their management elder; this was truly too excessive.

As for that Elder Zhao Yu, not only did he had an indifferent expression to all that, he also walked over to Chu Feng with a smile on his face. “As the saying goes, seeing once is better than hearing a hundred times. They all say that little friend Chu Feng’s talent is outstanding. Seeing it for myself today, your reputation is truly well-deserved.”

“Elder Zhao Yu, you are being too courteous,” Chu Feng clasped his fist and smiled at Elder Zhao Yu.

However, that was all that he did. Then, he turned to Wang Qiang and said, “Come, let’s go. There’s still a long journey ahead.”

Even though Elder Zhao Yu was someone who possessed a great reputation and appeared to be very good-natured, he did not speak to stop Elder Yue Ling when he was insulting Chu Feng. Furthermore, when they were pledging to apologize to one another, he did not say anything either.

Instead, it was only after Chu Feng broke through the spirit formation and obtained the will of the people present that he stood forth to speak on Chu Feng’s behalf.

From that sort of behavior, Chu Feng felt that Elder Zhao Yu was merely a fake good person. In the end, he was still an accomplice of Elder Yue Ling.

Compared to Elder Yue Ling, Chu Feng felt that someone like Elder Zhao Yu was much more dangerous. While he was not afraid of those who bared their fangs at him, he was on guard against those who hid daggers in their smiles.

“Haha...”

Sure enough, facing Chu Feng’s indifferent appearance, Elder

Zhao Yu chuckled lightly. However, a trace of ruthless anger flashed through his seemingly indifferent laughter.

Afterward, Chu Feng and the others continued to proceed onward. Many rare plants and herbs appeared in their path. All of those rare herbs contained treasures.

Some were treasures that could be extremely beneficial to one's cultivation should they be refined. Some were special metals that could be used to refine weaponry.

In short, all kinds of treasures were present in this place. They truly surpassed the crowd's imaginations and undermined their understanding of plants.

However, without any exception, none of those rare plants and herbs could be easily obtained. They were extremely powerful. Even for Chu Feng, it was the first time he was seeing such powerful rare plants and herbs.

Furthermore, whenever those rare plants and herbs were encountered, there would always be people that would rush toward them to scramble for them. However, none of them were that easily obtained. In order to obtain them, one would have to pass through all kinds of difficulties.

Thus, this led to people like Chu Feng, the experts, not being willing to go and scramble for anything that was not extremely precious. Instead, they continued to proceed onward. The reason for that was because they all understood a single thing. That was, the more precious something was, the further in the maze it would be.

As they continued to travel onward... ten different paths appeared.

According to the map, the crowd should all be taking the third path. Furthermore, that path was a correct path that would lead to the Immortality Peach Tree.

Merely, in this place, Chu Feng decided to go against the crowd. He had decided to take the seventh path.

“Little friend Chu Feng, why are you taking that path? That path appears to be extremely dangerous. I’d suggest that you not take that path,” At this moment, the Underworld Palace’s Elder Huang Guan said in a very puzzled manner.

He had spoken those words for Chu Feng’s good. What he had said was the truth. Among all the paths, the seventh path gave off the most dangerous sensation. Even without the indication of the map, the crowd would still not choose the seventh path.

However, the crowd did not know that the seventh path was actually a shortcut to the Immortality Peach Tree. And, most importantly, the seventh path would lead to the treasures left behind by the Beast Emperor.

As such, Chu Feng must take the seventh path.

“Senior, thank you for your warning. However, I feel that this path is the one that is the most challenging. Thus, I wish to attempt to go through it.”

“As for you all, it would be better for you to take the third path. Compared to this one, the third path is indeed much safer,” Chu Feng said with a smile.

The crowd were even more puzzled by Chu Feng’s words. Since he knew that the third path was safe, why did he insist on taking the seventh path instead of the third path?

However, at the same time, there were those that were astute and circumspect that revealed different expressions in their gazes.

“Heh, little friend Chu Feng, although we obtained that map very easily, what is recorded on it is true.”

“On our way here, you should have seen that we have managed to avoid numerous killing formations.”

“So many people, all of different cultivations, have entered. Yet, not a single person has died. If this was the past, something like this would be impossible. Thus, this means that the map that was spread is definitely reliable.”

“At such a time, I suggest you not think yourself to be clever and go according to the map,” Elder Yue Ling said. His words were filled with mockery toward Chu Feng.

“I have my choice, whereas you have your own choice. As for my choice, I do not need you to worry about it,” Chu Feng responded bluntly.

“You are truly unable to differentiate good from bad,” Elder Yue Ling spoke with a cold voice. After what had happened earlier, his impression of Chu Feng was growing worse and worse.

Afterwards, some of the crowd entered the third path. However, there were still others that were still worried about Chu Feng, and who continued to urge him to take the third path. However, none of them were able to make Chu Feng change his mind.

Right at this moment, that Elder Zhao Yu suddenly spoke with a smile on his face. “Little friend Chu Feng, I know that you are very strong. However, it remains that your cultivation is limited. Even though your world spirit techniques are very strong, this old man is truly unable to feel reassured in you taking the seventh path yourself.”

“In order to prevent the Holy Land of Martialism from losing a young genius, how about this old man accompany you through the seventh path?”

Hearing those words, Chu Feng started to frown. His impression of that Elder Zhao Yu was very bad. He did not feel that Elder Zhao Yu was planning to help him.

Furthermore, he was going to take the seventh path for the sake of the treasures. If this Elder Zhao Yu were to follow him, it would

only be detrimental to him.

However, if Chu Feng were to refuse him at such a time, he would definitely not be able to stop him. The reason for that was because Chu Feng was certain that Zhao Yu wanted to follow him because he had realized something. Sure enough, that man was a cunning old fox.

In fact, Zhao Yu was not the only cunning old fox present. Chu Feng was able to notice that, other than the experts from the Three Palaces, there were also many hermetical old monsters hidden among the crowd. Those old monsters did not directly enter the third path.

Likely, those people were also skeptical of Chu Feng knowing something. They felt that Chu Feng's decision to take the seventh path would lead to even more treasures.

Currently, they were all observing from the sidelines.

Thus, if Chu Feng were to refuse Elder Zhao Yu on the spot, he would have verified their guesses. At that time, not only would he not be able to refuse Elder Zhao Yu, those cunning old foxes would also want to follow him.

At that time, the situation would be even worse.

Chapter 1966 – Unmasking

“Since Elder Zhao Yu is willing to accompany this Chu Feng, it would naturally be great,” Thus, Chu Feng did not refuse, and instead straightforwardly agreed to it.

Seeing how Chu Feng had agreed to it this straightforwardly, Elder Zhao Yu’s expression changed. He felt as if he had guessed wrong.

At this moment, those old monsters also began to enter the third path. They also felt that they had guessed wrong. As such, there was no reason for them to linger here. It was better that they hasten their journey along the third path.

Even though Elder Zhao Yu regretted his decision, he could not go back upon his word. As matters stood, he could only brace himself and accompany Chu Feng into the seventh path.

“El, el, el, elder Zhao Yu, goo, goo, goo, good lu, luck,” With a smile on his face, Wang Qiang clasped his fist at Elder Zhao Yu.

Many people were baffled by Wang Qiang’s words. That said, Chu Feng already had a whole new level of respect for Wang Qiang.

At the moment when everyone was unable to urge Chu Feng against choosing the seventh path, Wang Qiang, he who had been standing beside Chu Feng the entire time, was the only person who did not try to urge Chu Feng against it.

Furthermore, at this moment, he was saying those sorts of words to Elder Zhao Yu. Furthermore, he had said them with a mischievous smile on his face. It made him appear to be even more profound.

That Wang Qiang, it seemed that he knew.

Afterward, everyone entered the third path. As for Chu Feng, he entered the seventh path with Elder Zhao Yu.

After entering the seventh path, Elder Zhao Yu appeared extremely cautious. He was afraid of encountering dangers on the seventh path. After all, the Moonlight Maze's reputation as the second most dangerous Forbidden Area in the Holy Land of Martialism was not without reason. Indeed, it was very dangerous.

However, when he discovered that even the dangerous aura of the seventh path was growing stronger and stronger, even though he had yet to encounter any real danger, he seemed to have realized something.

This seventh path was not actually dangerous. It was only a scam.

“Buzz~~~”

Suddenly, a boundless killing intent surged toward Chu Feng and completely engulfed him.

Chu Feng turned around. It was Elder Zhao Yu. That enormous killing intent was emitted by Elder Zhao Yu. Not only had he emitted his killing intent, he had also emitted his oppressive might. As such, he had sealed Chu Feng's escape.

“You've finally revealed your true appearance?” Chu Feng had already anticipated such a thing happening. Thus, he appeared very calm, and even had a smile on his face.

“Chu Feng, it seems that you had managed to guess my intentions. You are truly quite smart.”

“However, not only are you smart, you are also extremely arrogant. Even though you knew the reason why I followed you, you still dared to journey together with me. You are truly courageous. Are you not afraid of death?” Elder Zhao Yu spoke with a cold voice.

Chu Feng's neglect toward him earlier had caused him to feel extremely displeased. As there was currently no one else here, he would no longer act courteously toward Chu Feng.

“No, it’s not arrogance. Instead, it’s confidence,” Chu Feng said with a smile.

“Enough rubbish. Tell me exactly what sort of treasure is here. If you do, I can spare your life,” Elder Zhao Yu said.

“Do you take me to be a three-year-old child? Do you think that I am that easily deceived?” Chu Feng sneered and refused.

“You are truly one who doesn’t shed tears until you see your own coffin.”

Suddenly, Elder Zhao Yu unleashed his attack. As a rank six Martial Emperor, he immediately used an Earthen Taboo Martial Skill. The might of his attack was truly shocking. It was clear that he planned to kill Chu Feng.

“You are not qualified to declare yourself to be my coffin.”

As for Chu Feng, he was not afraid in the slightest. He unleashed his Thunder Armor and Thunder Wings, and his aura instantly increased from rank one Martial Emperor to rank three Martial Emperor.

After his cultivation increased, Chu Feng directly unleashed his Earthen Taboo: Firmament Slash. The nine slashes were all shot forth in succession.

“Boom, boom, boom, boom, boom~~~”

Chu Feng’s Earthen Taboo: Firmament Slash was stronger than Elder Zhao Yu’s Earthen Taboo Martial Skill to begin with. Furthermore, Chu Feng’s comprehension of martial skills caused his Earthen Taboo: Firmament Slash’s might to increase even further.

In this confrontation of two Earthen Taboo Martial Skills, not only was Chu Feng not at a disadvantage, he even forced Elder Zhao Yu back repeatedly.

“Brat, you actually possess a heaven-defying battle power capable

of surmounting five levels of cultivation?!” At this moment, Elder Zhao Yu was extremely shocked.

The reason for that was because what Chu Feng had displayed was truly unbelievable. Ordinary Martial Emperors only possessed a heaven-defying battle power capable of surmounting three levels of cultivation. In the Holy Land of Martialism, there were currently only two people that possessed a heaven-defying battle power capable of surmounting four levels of cultivation. As for them, they were Chu Feng and the [Ancient Era's Elves' Little Princess](#).

Yet, at this moment, Chu Feng actually revealed that he possessed a heaven-defying battle power capable of surmounting five levels of cultivation. This was truly too extraordinary. After Chu Feng revealed his extraordinary strength, even Elder Zhao Yu revealed a frightened expression on his aged face.

“Do you know whether I’m confident or arrogant now?” Chu Feng asked with a smile on his face.

After the earlier confrontation, Chu Feng had discovered that even though this Elder Zhao Yu was also a rank six Martial Emperor like the YinYang Immortal, his strength was not as powerful as the YinYang Immortal.

Originally, Chu Feng had planned to use his Qilin Arrow to kill this Elder Zhao Yu at the crucial moment. However, looking at it now, he might not have to use the Qilin Arrow to defeat this fellow after all.

“Even if that is the case, your actual battle power is only on par with rank five Martial Emperors. This old man is a rank six Martial Emperor. What makes you think that you can contend against me?”

Even though Elder Zhao Yu spoke those words arrogantly, he had taken out his Incomplete Imperial Armament, and began to unleash a flurry of violent attacks at Chu Feng with it. After the

confrontation against Chu Feng earlier, he did not dare to underestimate Chu Feng anymore.

“In that case, give it a try.”

As for Chu Feng, not only did he take out his Incomplete Imperial Armament, the Heavenly Immortal Sword, he had also unleashed the Four Great Supreme Secret Skills all at once.

“Rooarr~~~”

Chu Feng’s Four Great Supreme Secret Skills were all fully unleashed. Accompanying the overwhelming righteous aura of the Heavenly Immortal Sword, Chu Feng’s might was truly unparalleled.

“Brat, you?!”

At this moment, Elder Zhao Yu was shocked once again. He was not only shocked by how skillful Chu Feng’s Heavenly Immortal Sword Technique was, but more importantly, upon seeing those four huge Divine Beast-like monsters, he was extremely shocked. Those four Divine Beasts were truly too frightening.

Secret Skill. Those four Divine Beasts were all Secret Skills. But, why would those Secret Skills be that powerful? And, why would their appearance be that familiar?

At the moment when Elder Zhao Yu was shocked by Chu Feng, Chu Feng’s attack arrived in front of him. The two fighters collided with their Incomplete Imperial Armaments, and were equally matched in the fight.

“Could it be, those are Emperor Qing’s four guardian beasts?” After a series of blows, Elder Zhao Yu came to a sudden realization. He recalled the legendary appearance of Emperor Qing’s four guardian beasts. Their appearance seemed to be the same as the appearance of Chu Feng’s Four Great Supreme Secret Skills.

“You have quite a keen observation,” Chu Feng sneered and indirectly admitted to it.

“Exactly who are you? Could it be that... you are Emperor Qing’s successor?” Elder Zhao Yu asked. At this moment, his voice had become slightly hoarse. Evidently, he was unable to accept this.

“What you should concerned about right now should not be this. Instead, you should be concerned about your life,” Chu Feng said with a smile.

“What did you say?” Elder Zhao Yu revealed a puzzled expression. He was confused by Chu Feng’s words.

Right at this moment, a crimson aura suddenly emitted from Chu Feng’s body. He pointed his Heavenly Immortal Sword at Elder Zhao Yu. With a cold voice, he uttered, “Profound Firmament Annihilation.”

“Boom~~~~~”

Once the Profound Firmament Annihilation was unleashed, a dangerous aura immediately enveloped Elder Zhao Yu.

“Darn!” Elder Zhao Yu realized that the situation was bad. However, Chu Feng did not present him the opportunity to escape.

“Die!!!” As Chu Feng said that word, all of the killing intent contained within that crimson aura rushed at Elder Zhao Yu.

Keep in mind, no one knows that Leng Yue possesses that too.

Chapter 1967 – Furious Coiling Dragon

Beheader

“Boom~~~”

Suddenly, a loud explosion sounded. Even the indestructible passageway trembled violently.

When the surging crimson gaseous flames began to dissipate, Elder Zhao Yu appeared in a badly mutilated state. He was beyond recognition, and had turned into nothing more than a humanoid-shaped blood-covered person.

He had been struck by Chu Feng's Profound Firmament Annihilation, and was seriously injured. He no longer possessed the strength to continue fighting against Chu Feng.

Chu Feng's surprise attack had been a success. There were two reasons why it had succeeded.

Firstly, although this Elder Zhao Yu was a rank six Martial Emperor, his overall strength was inferior to the YinYang Immortal's.

Secondly, although this Elder Zhao Yu was a Heavenly Law Palace's management elder, he did not possess an Imperial Armament.

This was why he was unable to cut through Chu Feng's Profound Firmament Annihilation.

However, Elder Zhao Yu had managed to survive. It was not because he was a rank six Martial Emperor that he had survived.

Rather, he possessed a defensive treasure on him. That treasure was meant to protect his life by sacrificing itself at the most crucial moment.

However, even with that being the case, his life was currently completely in the hands of Chu Feng. If Chu Feng wanted to take

it, he would be able to do so easily.

Merely, it remained that Elder Zhao Yu was a Heavenly Law Palace's management elder. Furthermore, he had entered this passageway together with Chu Feng, and had been seen to do so by a lot of people.

If he were to die just like that, Chu Feng would likely not be able to escape responsibility.

Even though the Heavenly Law Palace had been malicious towards Chu Feng the entire time, Chu Feng was still not yet capable of openly going against the Heavenly Law Palace. As such, he could not kill this Elder Zhao Yu.

After pondering for a moment, Chu Feng's lips suddenly rose into a strange curve. He said, "You can't die yet. At least, you can't die by my hands."

Then, Chu Feng began to use his world spirit techniques to disguise that Elder Zhao Yu.

That's right, he was disguising him, and not healing his injuries. Even though Zhao Yu now appeared to be completely fine and without any injuries, his injuries were still extremely serious.

Not only were his injuries very serious, he was also unable to cure them. The reason for that was because Chu Feng had used his techniques to forbid him from healing his injuries, forcing him to continue in a state of serious injury.

In other words, while he appeared to be completely unharmed right now, Chu Feng was actually able to kill him at any time. Not only Chu Feng, any random rank one Martial Emperor would be able to easily kill him.

"You... you... what do you plan to do to me?" Elder Zhao Yu asked Chu Feng with a weak voice after being tormented by Chu Feng in such a manner, yet not killed. He didn't know exactly what Chu Feng was planning to do to him.

“Don’t be so anxious, you’ll come to know soon,” Chu Feng said with a beaming smile. However, to Elder Zhao Yu, Chu Feng’s smile was very frightening.

“Don’t you do anything to me. Else... else, our Heavenly Law Palace will not let you get away with it,” Elder Zhao Yu threatened Chu Feng. This was the only thing that he could do right now.

“Haha...” As for Chu Feng, he laughed lightly, and did not answer him.

However, Chu Feng’s indifferent laughter caused Elder Zhao Yu to regret following Chu Feng into this place.

He realized that not only was Chu Feng someone who possessed outstanding talent and strength, he was also someone who was not afraid of consequences or death. Being captured by Chu Feng, he knew that what awaited him would not be good.

After traveling for some time, Chu Feng finally stopped.

After Chu Feng stopped, Elder Zhao Yu was startled. He discovered that there was nothing abnormal about the place where Chu Feng had stopped.

At this moment, he started to panic. He thought that Chu Feng was going to kill him. Thus, he immediately gathered all of his remaining strength to loudly shout, “Chu Feng, if you dare to kill me, our Heavenly Law Palace will not let you get away with it! You should consider your actions carefully!”

“Look at your craven and cowardly appearance. Are all the Heavenly Law Palace’s elders cowards like you?” Chu Feng said mockingly.

Then, Chu Feng began to carefully feel the walls.

This passageway was very special. The surrounding walls were not made out of ordinary stone. Instead, they looked more like dazzling crystals. Although they were dazzling, those crystals were indestructible.

Not to mention Chu Feng pressing his hands against the walls, even if Chu Feng were to ferociously attack the wall, he would only make them tremble, and not cause any damage.

“Snap~~~”

However, after pressing the walls for some time, Chu Feng’s palm actually managed to press into a small section of the wall.

“Mn?” That Elder Zhao Yu saw all this happening. His eyes started to shine. It seemed as if he had managed to guess something.

As for Chu Feng, he had a smile on his face. Then, he took out a special title plate from his Cosmos Sack. That was the title plate that he had obtained from the Beast Emperor, the Black Dragon King.

After Chu Feng took out the title plate, he said to Elder Zhao Yu, “You wanted to know what sort of treasure is contained here? I’ll let you know what is contained here,” Then, he placed that title plate into the empty location on the wall.

“Snap~~~”

Although that section of the wall did not fit his hand, it fit that title plate perfectly.

After that title plate entered the notch in the wall, a world spirit gate appeared above the passageway. Not only did Chu Feng enter that world spirit gate, he also tossed Elder Zhao Yu in with him.

After entering that world spirit gate, Chu Feng discovered that he had reached a separate space. Although that space was not huge, it was packed full with treasures.

There were cultivation resources, rare treasures, Incomplete Imperial Armaments, Natural Oddities, and countless extremely valuable Dragon Mark World Spirit Stones that were piled up in a small mountain.

This place was truly a treasure deposit. As Elder Zhao Yu looked at all these treasures, he was dazzled by the sight before him. He asked, “What sort of place is this? There’s this many treasures?! Heavens! Many of the treasures here are already extinct! They’re likely unable to be found again in the Holy Land of Martialism!”

“There are actually that many Dragon Mark World Spirit Stones? Where did all of them come from?” Elder Zhao Yu was filled with excitement. However, at the same time, he was feeling extremely bitter.

He blamed himself for not having sufficient strength. If he had been just a bit stronger, he would have been able to subdue Chu Feng and interrogate the location of this place from him. At that time, all of these treasures would have been his.

Yet, right now, all he could do was to watch the dazzling treasures and crave them without being able to actually obtain them. The reason for that was because these treasures were going to become Chu Feng’s possessions.

“You want to know who left all these treasures? In that case, have a look at this.”

Chu Feng walked to the most eye-catching location in this separate space. There was a rectangular red-colored treasure chest there. That treasure chest itself was an extremely precious treasure. However, Chu Feng knew that contained within that treasure chest was an even more precious treasure.

“Paa~~”

Chu Feng opened the treasure chest. After the treasure chest was opened, a silvery light immediately filled their surroundings. The light was so dazzling that it even blinded Chu Feng momentarily.

After a while, the dazzling silvery light began to dissipate. When the silvery light disappeared completely, a sharp weapon appeared before Chu Feng and Elder Zhao Yu.

That weapon was four meters long. It was a silver rod. However, on either end of the rod were two cold blades. [One was aimed forward, the other backward.](#)

Furthermore, on the rod itself was a coiling silver dragon. That dragon was very vivid and lifelike and extremely domineering.

Imperial Armament. It was an Imperial Armament. Furthermore, it was much more powerful than ordinary Imperial Armaments.

“Heavens, that... that Imperial Armament, could it, could it be...?”

“Could it be the legendary Beast Emperor, the Black Dragon King’s Imperial Armament, the Furious Coiling Dragon Beheader?!” At this moment, Elder Zhao Yu was filled with astonishment. He was so emotional that he began to even stutter.

It’s a dual edged scythe...

Chapter 1968 – Rank Two Martial Emperor

The Furious Coiling Dragon Beheader was extremely famous. It was a weapon used by the Beast Emperor, the Black Dragon King, a weapon that had killed countless experts.

Furthermore, according to legend, the Beast Emperor, the Black Dragon King, had used that Furious Coiling Dragon Beheader to slice apart another expert's Imperial Armament. Furthermore, it just so happened that that expert had been someone from the Heavenly Law Palace.

Thus, as an elder of the Heavenly Law Palace, although Zhao Yu had never seen the Furious Coiling Dragon Beheader before, he knew its appearance by heart.

“That's right. This is the Beast Emperor's, the Black Dragon King's Imperial Armament, Furious Coiling Dragon Beheader,” Chu Feng nodded.

“Ever since the Beast Emperor disappeared from the world, the Furious Coiling Dragon Beheader had also disappeared. As of now, it has been several tens of thousands of years. So it was actually hidden here.”

“Exactly what sort of place is this? Could it be... could it be that this is the Beast Emperor, the Black Dragon King's place of burial?” Zhao Yu asked.

“Your guess is only half correct. Although senior Black Dragon King's treasures that he obtained throughout his life are all hidden here, he is not buried here.”

As Chu Feng spoke, he grabbed that Furious Coiling Dragon Beheader and instilled his own aura into it.

“Rumble~~~”

Suddenly, a violent wind began to surge and many lightning strikes filled this relatively small space.

“Roar~~~”

In fact, many ear-piercing dragon roars could also be heard. At this moment, the seriously injured Zhao Yu was actually unable to withstand their might, and was blown away. He began to crawl on the ground, and was struck by many lightning bolts that left many wounds on his body and caused him to vomit mouthfuls of blood. His appearance was truly miserable.

Feeling helpless, Zhao Yu shouted, “Stop, stop, quickly, stop. I’ll die if this is to continue,”

However, Chu Feng completely ignored him. It was not that Chu Feng did not hear his shouting. Rather, Chu Feng was busy conquering the Furious Coiling Dragon Beheader, and did not have any time to be concerned about that old bastard’s fate.

Finally, the surroundings calmed down. When Zhao Yu, who was ravaged by the scene, opened his weak eyes and looked to Chu Feng again, he was immediately shocked. Envy and jealousy filled his eyes.

Success. Chu Feng had successfully subdued the legendary Imperial Armament, the Furious Coiling Dragon Beheader.

“Absolute Submission. You actually managed to make such an Imperial Armament enter Absolute Submission?!” At this time when Zhao Yu was filled with envy and jealousy toward Chu Feng, he was also revealing an expression of disbelief all across his face.

It was already a very remarkable task should one be able to subdue an Imperial Armament. As for making an Imperial Armament enter Absolute Submission, that was something that was practically never accomplished. However, Chu Feng had accomplished this feat.

However, upon thinking about it, it was also reasonable for such a thing to happen. After all, Chu Feng was someone that possessed a heaven-defying battle power capable of surmounting five levels

of cultivation. With merely that, Chu Feng was already someone that surpassed all ordinary people. Even if an Imperial Armament entered Absolute Submission toward him, it would not be too strange.

However, even with that being the case, Zhao Yu still felt as if there were seas and rivers overturning in his heart. He was unable to calm himself in the slightest. The reason for that was because that Imperial Armament was not any ordinary Imperial Armament, but the legendary Furious Coiling Dragon Beheader.

“Indeed, it has entered Absolute Submission. This Furious Coiling Dragon Beheader’s power is very strong. Unfortunately, it is still insufficient for me to reach a breakthrough,” Chu Feng said with his lips curled.

“Not reach a breakthrough? How could that be? The domineering might of the scene earlier was definitely that of Absolute Submission. How did you not reach a breakthrough?” Zhao Yu possessed a face of confusion.

When an Imperial Armament entered Absolute Submission, it would share a portion of its strength with its master. As for that portion, it was generally sufficient to allow one to reach a breakthrough.

As Chu Feng was only a rank one Martial Emperor; even if he didn’t break through to rank three Martial Emperor directly, the power from that Imperial Armament should have been more than enough to allow him to break through to rank two Martial Emperor. As such, why was he still a rank one Martial Emperor? This was truly unreasonable.

As for Chu Feng, he ignored Zhao Yu and turned his gaze to the cultivation resources and Natural Oddities that filled the ground.

Even though the Furious Coiling Dragon Beheader had not managed to help him reach a breakthrough, Chu Feng felt that he would definitely be able to reach a breakthrough after refining all

of the cultivation resources and Natural Oddities in this place.

Thus, Chu Feng sat down in a cross-legged manner and opened his mouth wide. Right in front of Elder Zhao Yu, he began to refine the cultivation resources in this place.

“Heavens! This guy?!!!”

As Elder Zhao Yu saw Chu Feng eating those cultivation resources with an appearance akin to eating rice and with enormous speed, his aged expression began to change. He was stunned, because what Chu Feng was doing was practically impossible for ordinary people.

“You, you... you, exactly what are you? Are you a monster?!!!!”

Then, when he saw that Chu Feng was beginning to refine the Natural Oddities in this place in the same manner, he was completely stunned, and overwhelmed with fear.

Natural Oddities were items that possessed very berserk energies. They were simply impossible to refine. If one were to forcibly refine them, one would end up dying.

Yet, Chu Feng was refining them in the same manner as he had refined the ordinary cultivation resources. He was not affected by their berserk energies in the slightest. This was truly something that Elder Zhao Yu was unable to accept.

At the moment before Chu Feng managed to completely refine all of the Natural Oddities, his aura suddenly started to rise sharply. He had reached a breakthrough. Finally, Chu Feng had reached a breakthrough from rank one Martial Emperor, and became a rank two Martial Emperor.

“Breakthrough? Even after refining all that stuff, he only just reached a breakthrough?”

“That guy, he refined all those Natural Oddities. Yet, not only did he not die, he even reached a breakthrough?”

“He really refined those Natural Oddities and absorbed their Natural Energy,” At this moment, Elder Zhao Yu was overwhelmed with shock.

As for Chu Feng, he did not care about what Elder Zhao Yu was feeling at all. Instead, with a spurt of energy, Chu Feng completely refined all of the Natural Oddities in this place.

Even though those Natural Oddities were unable to help Chu Feng reach a breakthrough, they provided a very good foundation for his next breakthrough.

The treasures left behind by the Beast Emperor had truly helped Chu Feng enormously.

“Senior Beast Emperor is truly good to me. Eggy, you’ve also seen it right? We have obtained an enormous harvest this time around,” With a smile on his face, Chu Feng spoke to Eggy.

Chu Feng knew that even though Eggy was unable to speak or respond to him, she was actually awake. He knew that she had seen all the things he had experienced thus far.

Afterward, Chu Feng stood up and began to collect the treasures in this place without any restraint.

There were truly a lot of treasures here. Even though there was only a single Imperial Armament, and all of the things that could be refined had already been refined, the things that remained were still mostly treasures.

Furthermore, like Zhao Yu had said, many of the treasures here were extinct in the Holy Land of Martialism. They were priceless. Any one of these treasures would be able to cause a bloody scramble.

“How was it? Jealous? Hehe...” As Chu Feng was collecting the treasures, he deliberately tried to enrage Zhao Yu.

“Little friend Chu Feng, as the saying goes, when one finds things together, one should share half. I do not wish for half, but you

should be able to spare me a bit, no?” This Zhao Yu was actually also a shameless fellow. He actually made this sort of request of Chu Feng.

“Hehe, what do you think I’ll do?” Chu Feng laughed mischievously. Then, he continued to collect the treasures in this place. It was only after he had collected all of the treasures here that he turned to Zhao Yu with a smile on his face. He said, “I’m almost done collecting all of the treasures here. After that, I’ll be able to bring you away.”

“Haven’t you already collected all of the treasures here?” Zhao Yu looked to the empty space before him and frowned. The only thing that Chu Feng had not collected was the air in this place. Other than that, not even a speck of hair remained. As such, what did he mean by ‘almost done?’ What else could he collect?

“You’re wrong, there’s still more,” As Chu Feng spoke, he extended his hand and made a grabbing motion. Zhao Yu’s Cosmos Sack entered Chu Feng’s palm.

Zhao Yu’s expression changed. Angrily, he shouted, “Chu Feng, that is mine! You are robbing me here!!!” This Zhao Yu was a famous miser. He was someone that had never given any of his treasures to others. Yet, at this moment, that Cosmos Sack that contained all the treasures he had gathered throughout his life was snatched away by Chu Feng. As such, how could he possibly tolerate that?

Chapter 1969 – Immortality Peach Tree

“That’s right. I am snatching your possessions. What are you going to do about it?” Chu Feng said with a disapproving expression.

“Karma will get you. Our Heavenly Law Palace will definitely not let you get away with this,” Zhao Yu threatened ferociously.

“Are you implying that your Heavenly Law Palace will let me get away should I not do this?”

“If it wasn’t for the fact that my strength surpassed your own, the current me would’ve most likely been killed by you, no?” Chu Feng asked with a smile on his face.

Hearing those words, Zhao Yu grew quiet. What Chu Feng had said was the truth.

“Furthermore, your Heavenly Law Palace already possesses such deep hostility towards me, Chu Feng. Even if you didn’t kill me, there would be others that would try to kill me. Isn’t that right?”

“While I do not know how I managed to offend your Heavenly Law Palace, I am able to tell that your Heavenly Law Palace views me as a threat,” As he said those words, Chu Feng suddenly grabbed Elder Zhao Yu by the lapel and lifted him up.

At this moment, Chu Feng lost his smile. With a cold glint in his eyes, he fixed his gaze onto Zhao Yu, “Thus, do not speak threatening words like that to me. The reason for that is because regardless of whether or not your Heavenly Law Palace will let me off, I will not let you all off.”

“Bang~~~”

After saying those words, Chu Feng threw Elder Zhao Yu to the floor.

Although Chu Feng’s throw did not cause Elder Zhao Yu much

pain, Elder Zhao Yu felt as if a chilly sensation had filled his entire body, and he started to shiver.

He was able to sense that Chu Feng was not joking when he said those things. It was true that Chu Feng would not let their Heavenly Law Palace off.

Afterwards, Chu Feng left the hidden space. Following the seventh path, Chu Feng soon reached the end.

“Chu Feng, it’s a dead end. Let’s go back.”

“Spare me and I’ll pretend that nothing happened. I guarantee that I will not mention what happened here to anyone,” At this moment, Elder Zhao Yu no longer dared to threaten Chu Feng anymore. Instead, he began to try to reconcile with Chu Feng.

“Why are you in such a rush to leave? There are still more treasures. Do you not wish to see them?” Chu Feng said with a smile.

“More treasures?” Elder Zhao Yu was startled by those words. He immediately revealed a marvelous gaze.

Even though this Elder Zhao Yu possessed a decent reputation of being kind and charitable, those that knew him well all knew that he was actually a true cheapskate. When it came to actual treasures, he was extremely stingy.

Furthermore, he was someone whose eyes would open wide at the sight of profit. Upon hearing the word ‘treasure,’ he immediately forgot about his current situation.

Being viewed by Elder Zhao Yu’s extremely curious gaze, Chu Feng took out the map that the Compass Immortal had given him.

He placed that map on the wall of the dead end. Then, the map actually started to emit a bright light. Next, a gate opened.

Chu Feng passed through that gate with Zhao Yu. After passing through it, the gate quickly closed back up. The area returned to

the dead end from before. However, at this moment, Zhao Yu's eyes were fixed ahead motionlessly in a very stunned manner.

It was not only him, Chu Feng also had a pleasantly surprised expression on his face. He then revealed a joyous smile on his face.

At this moment, Chu Feng and Zhao Yu were in a very vast area. How vast was this place? It was simply capable of containing several hundred million people.

Not only was this place vast, it was also filled with beautiful scenery. Green grass that sparkled and glimmered covered the ground.

However, there was not a single flower to be seen. The reason for that was because all of the green grass in this place was only here to set off a single item. As for that item, it was the Immortality Peach Tree.

The Immortality Peach Tree was emitting a brilliant light. Its appearance was very similar to that enormous tree in the Cyanwood Mountain's Ancient Era's Remnants. Just by looking at it, one could tell right away that it was an extraordinary item.

Merely, the tree before him was emitting a pink brilliance. The pink light was not emitted by the tree. Rather, it was coming from the flowers blossoming on the tree.

Other than the peach flowers, there were also fruits on the tree. The size of those fruits was about that of a palm. They were the legendary Immortality Peaches.

"Immortality Peaches, they're the legendary Immortality Peaches!"

"Eating a single one will be able to increase one's lifespan by a hundred years. Moreover... there are a total of five hundred and forty-eight ripe Immortality Peaches."

"We've struck it rich! We've struck it rich! A single Immortality Peach would be extremely valuable. Yet, there are this many here."

We've definitely struck it rich!" Elder Zhao Yu shouted with a loud voice. He was extremely excited. His appearance simply did not appear like the appearance of an old man.

"You're mistaken. It's not that we've struck it rich. Rather, it is I who has struck it rich," Chu Feng said with a beaming smile.

Chu Feng's words immediately jolted Elder Zhao Yu from his dreams. From paradise, Elder Zhao Yu was thrown into the underworld. His extremely splendid expression turned into one of endless despair and grief.

"Putt~~~"

Suddenly, Zhao Yu kneeled before Chu Feng. He grabbed Chu Feng's thigh and began to plead, "Little friend Chu Feng, I was wrong. It was all my fault earlier. Please, please give me another chance. Please, can you give me a chance to turn over a new leaf?"

"From today onward, I will follow you. I will withdraw from the Heavenly Law Palace and become your attendant. If you are to say one thing, I will definitely not dare to say another."

"Please, I beg of you. Share some of those Immortality Peaches with me. I don't want a lot. A hundred, a hundred would be enough."

"No, no, no, I don't need a hundred. Ten.. ten would be enough."

"Please, I beg of you, I have lived for close to ten thousand years now. I am close to the limit of my lifespan, and will not be able to live for much longer."

"But, but those Immortality Peaches would be able to save my life. I beg of you, please give me a chance, please, please save me."

At this moment, aged tears filled Zhao Yu's face. His appearance was truly pitiful. If it were someone else, Chu Feng might feel sympathy and give them ten Immortality Peaches.

However, this Zhao Yu was someone that had wanted to kill him

earlier. If Chu Feng were to feel sympathy for him, it would mean that something was wrong with Chu Feng's mind.

Thus, Chu Feng raised his leg and kicked. "Bang," Zhao Yu was kicked flying. Then, he said, "Scram, scram as far as you can."

After Chu Feng finished saying those words, he began to harvest the Immortality Peaches. After Chu Feng finished plucking the Immortality Peaches, he discovered that Zhao Yu was actually quite amazing. He had actually managed to accurately count all of the Immortality Peaches in this blink of an eye.

Five hundred and forty-eight. Not one more, not one less.

Merely, at this moment, all of those Immortality Peaches had ended up in Chu Feng's hands.

Actually, other than these ripe Immortality Peaches, there were also some unripe Immortality Peaches. As those unripe Immortality Peaches had already become fruits, they were actually also capable of increasing one's lifespan should they be eaten.

However, even though Chu Feng wanted to pluck them, he discovered that he was unable to do so. No matter what sort of method he tried to use to pluck them, he was still unable to pluck them.

Perhaps that was the profoundness of the Immortality Peach Tree. Only the ripe Immortality Peaches were capable of being plucked. As for the unripe ones... they were simply impossible to be plucked.

If anyone thought about moving the Immortality Peach Tree itself, they would be indulging in an even wilder fantasy.

"Enough. What you're doing right now is simply tormenting me. It's better that you kill me."

At this moment, Elder Zhao Yu's face was filled with his aged tears. His appearance was truly one of grief. This time around, he was not pretending. Rather, he was truly heartbroken with grief.

He had not lied to Chu Feng earlier. He was near the end of his lifespan and would, at the very most, be able to live for two hundred more years. After those two hundred years, he would definitely die. None of the treasures in the Holy Land of martialism would be able to save him. The only things capable of prolonging his life were the Immortality Peaches.

However, even with all these Immortality Peaches before him, Zhao Yu was unable to obtain a single one. As such, he was torn with grief and in so much pain that he wished to die.

“Seeing how pitiful you are, I’ll give you one,” Right at this moment, Chu Feng’s voice suddenly sounded.

Hearing those words, Zhao Yu was startled. Then, he raised his head and saw that Chu Feng was standing before him. Not only was Chu Feng standing before him, he was also holding a massive Immortality Peach in his hand. Furthermore, he had placed that massive Immortality Peach before him.

Chapter 1970 – A Great Show

“Chu Feng, you, you, you...” Zhao Yu did not dare to believe his eyes when he saw Chu Feng holding that massive Immortality Peach in front of him.

Earlier, he had clearly tried to kill Chu Feng. Yet, Chu Feng was actually willing to give him a single Immortality Peach?

“Go ahead, take it,” Chu Feng said with a beaming smile.

“Thank, thank you. Chu Feng, rest assured. From today onward, I will follow you. I will do whatever you say, and absolutely not disobey you. That old bastard Yue Ling is unable to differentiate good from bad. I will help you kill him,” After Zhao Yu received the Immortality Peach from Chu Feng, he was so emotional that the rims of his eyes started to tear up. He was feeling enormously grateful toward Chu Feng, and even made this sort of oath to Chu Feng.

However, in reality, he currently had an extremely cold and gloomy sneer in his heart. He thought to himself, ‘Chu Feng, you are still too inexperienced. You were actually deceived by my pretense. Thus... the only thing that awaits you will be death.’

“Woosh, woosh, woosh~~~”

Right at this moment, Chu Feng began to wave his sleeve in succession. Then, like rope, his world spirit power began to envelope Zhao Yu. They completely covered Zhao Yu and tied him up.

“Chu Feng, wha, wha, what are you doing?” Zhao Yu, who was incomparably overjoyed earlier, became extremely alarmed.

Not only had Chu Feng restricted his power with his world spirit power, he had also restricted his movements. Zhao Yu was extremely startled by this, and started to feel very uneasy.

Wasn’t Chu Feng planning to spare him?

Wasn't Chu Feng deceived by him?

Then, what was with the situation now?

At this moment when Zhao Yu was feeling uneasy and confused, Chu Feng continued to set up world spirit formations nonstop.

Not only was Zhao Yu unable to move at all, in the end, he was unable to even speak.

Most importantly, Chu Feng had concealed his spirit formation within Zhao Yu's body. He had concealed it so well that it was simply undetectable. No one would be able to tell that he had been bounded by Chu Feng's spirit formation.

As for Chu Feng, he did not bother to tell Zhao Yu what he was planning to do. Instead, he carried Zhao Yu to the Immortality Peach Tree and made him sit below it.

Of course, the massive Immortality Peach Chu Feng gave Zhao Yu was still held in his hand.

Afterward, Chu Feng did not bother to pay attention to Zhao Yu anymore. Instead, he left to set up a massive spirit formation. That spirit formation was naturally set up to prevent the activation of the killing formation that was already here.

Due to the fact that Chu Feng did not know exactly how powerful that killing formation was, he set up two great layers of spirit formations. The first layer was a defensive spirit formation meant to withstand the killing formation's attack. Its purpose was to save the people's lives at the crucial moment.

As for the other spirit formation, it was a spirit formation meant to destroy the killing formation. That spirit formation was much more difficult to set up compared to the defensive spirit formation. The amount of time and the spirit power it required was also very significant.

Fortunately, Chu Feng had obtained a small mountain's worth of Dragon Mark World Spirit Stones from the Beast Emperor's

treasures. Chu Feng was able to use those many Dragon Mark World Spirit Stones at will.

With the assistance of the massive amount of Dragon Mark World Spirit Stones and the many rare treasures, Chu Feng was able to greatly decrease the amount of time he needed to set up his spirit formations. After some time, Chu Feng finished setting up the two spirit formations.

Furthermore, Chu Feng had set those two spirit formations up so flawlessly and concealed them perfectly. Unless a Dragon Mark Royal-cloak World Spiritist inspected the area carefully, it would simply be impossible for one to detect the two spirit formations with their naked eyes.

“Huu... it’s finally done,” After Chu Feng finished all that, he wiped the sweat on his forehead away. At this moment, his entire body was drenched in sweat, his complexion was very pale, and his lips were completely dry. Chu Feng had exhausted a lot of energy to set up those two spirit formations.

Not only had Chu Feng exhausted a great amount of Dragon Mark World Spirit Stones and rare treasures, he had also nearly exhausted all of his world spirit energy.

The reason for that was because his two spirit formations were not only meant to protect the lives of the people that were going to enter this place, it also concerned the lives of all living things in the Holy Land of Martialism. Chu Feng truly did not dare to be careless, and had to go all-out.

After Chu Feng finished setting up his spirit formation, he looked to Zhao Yu. Suddenly, Chu Feng’s gaze started to shine. Then, Zhao Yu raised his hands and ‘paa, paa,’ ruthlessly slapped his aged cheeks twice.

At this moment, Zhao Yu started to panic. He clearly had not moved. So, why had his body suddenly moved? Furthermore, he even gave himself two ruthless slaps to his face?

“Don’t think about it anymore. I was the one who did that. I am able to control your body with my thoughts,” Chu Feng said to Zhao Yu. His narrowed eyes were filled with a desire to toy with Zhao Yu.

“What?” Hearing those words, Zhao Yu’s heart started to tighten, ‘That brat’s world spirit techniques are actually that powerful? He was able to control my body with his thoughts?’

“You really want to know what I’m doing here, right?” Chu Feng asked with a beaming smile.

Even though Zhao Yu was unable to speak, his gaze was fixed on Chu Feng the entire time. His gaze was extremely pitiful, and filled with unease, panic and fear.

It was as if he was saying with his gaze ‘Chu Feng, what are you planning to do? Stop toying with me and spare me, please.’

Chu Feng smiled lightly. He said, “Don’t be so anxious. It’s just a bit longer.”

As Chu Feng spoke, he began to set up spirit formations again. They were two spirit formations. Those two spirit formations were linked to one another. However, when Chu Feng finished setting them up, they turned into two bodies of light.

Chu Feng placed the first body of light into his own heart. As for the other body of light, he forced it down Zhao Yu’s mouth. Then, Chu Feng began to form hand seals and lightly shouted, “Fuse.”

Then, that body of light fused with Zhao Yu’s mouth and throat.

“You want to know what I plan to do, right? Here, I’ll demonstrate it for you right now,” After Chu Feng finished saying those words, he suddenly said, “Zhao Yu is an old bastard.”

Once those words were heard, Zhao Yu was immediately drenched in cold sweat.

Those words were clearly said by Chu Feng. Yet, Chu Feng’s

mouth had not moved at all.

Instead, it was Zhao Yu's mouth that had moved. Not only had his mouth moved, his voice had also emitted from his mouth.

In other words, that 'Zhao Yu is an old bastard,' was said by Chu Feng, but came from Zhao Yu's mouth, with Zhao Yu's voice.

'Crap! Not only is that little bastard able to control my movements, he is also able to control my speech. Exactly what is he planning to do?!'

At this moment, Zhao Yu was completely panicking. Chu Feng was able to control his entire body without even moving, whereas he was unable to move his body. It was as if he had become Chu Feng's puppet.

If Chu Feng were to use his body to provoke others, it would definitely be thought to have been done by him. At that time, he would suffer enormously.

That said, even though Zhao Yu realized that the situation was very bad, he did not know exactly how enormously bad it actually was.

As for Chu Feng, after he finished tormenting Zhao Yu, he began to disguise himself. He disguised himself to be someone who was filled with wounds and tied up by a special rope. Then, he lay underneath Zhao Yu's feet.

'Fuck! Exactly what is this little bastard trying to do?!' Zhao Yu was truly unable to guess what Chu Feng was planning. However, he was feeling more and more uneasy.

He was simply akin to Chu Feng's puppet right now. Both his movements and speech were restrained by Chu Feng.

'Exactly what is Chu Feng planning to do? Why did he make me sit here holding the Immortality Peach in my hand? Why did he disguise himself to the appearance of an injured victim? Could it be that he's planning to put on a show?'

Zhao Yu had managed to successfully guess half of it. He thought that Chu Feng was planning to put on a show for someone. However, the truth was that Chu Feng was planning to put on a great show for everyone.

Chapter 1971 – Using Others To Kill

At the moment when a gate was suddenly opened and several million people rushed into this place like a tide, Zhao Yu was overjoyed.

The people that were entering this place were not only the people from the first group. There were also people from the second and third group. All of them were actually here.

Although it was unknown why all of them would be entering this area at the same time, one thing was certain; the peak experts of the Three Palaces, Four Clans, Nine Powers and the many Monstrous Beast Races were all gathered here.

In fact, the overall cultivation of these several million people were stronger than even that of the first group of people. There were no longer any Martial Lords among them. The weakest among them were Martial Kings.

As for the reason why Zhao Yu was so overjoyed, it was because the people from the Heavenly Law Palace were the ones standing at the very front of the group of several million.

‘Save me! Quickly, save me! That little bastard Chu Feng wants to kill me!’

Zhao Yu shouted loudly. However, his voice could only be heard by himself. The reason for that was because he was simply unable to utter any sound at all. It was only when Zhao Yu realized he was unable to utter a sound while the crowd were all standing there with stunned expressions, that he realized how bad the situation was.

He was no longer capable of controlling his body.

Furthermore, he appeared to be completely uninjured at this moment, while Chu Feng appeared to be the seriously injured victim.

Not only that, Chu Feng had plucked all of the Immortality Peaches. The only one that he had left was currently in Zhao Yu's hand.

Even though he knew the truth, the crowd that had just arrived did not. As such, they would definitely think...

...that he was the one that had tied up Chu Feng.

...that he was the one that had plucked all of the Immortality Peaches.

Chu Feng had pinned all of his crimes onto him.

Most importantly, even if he wanted to defend himself, he was unable to. The reason for that was because he was simply unable to speak.

At this moment, Zhao Yu felt a chill flowing through his heart. He had finally realized Chu Feng's scheme.

Chu Feng's plan was to set him up and use others to kill him.

"What's going on? Isn't that Elder Zhao Yu and little friend Chu Feng?"

"Why is little friend Chu Feng tied up? Why is he that seriously injured? Did Elder Zhao Yu do that?"

"Everyone, look! What is that in Elder Zhao Yu's hand? That peach! That peach tree behind him!"

"Heavens! It's the legendary Immortality Peach that can increase one's lifespan by a hundred years! This is great! The legendary Immortality Peach actually exists! We've struck it rich! We've struck it rich!"

"No, something's wrong. Why is it that only the peach in Elder Zhao Yu's hands is large? Why is it that only the Immortality Peach in his hands appears to be delicious?"

"They say that only ripe Immortality Peaches can be eaten. Could it be that Zhao Yu has plucked all of the ripe Immortality

Peaches?”

Sure enough, after a short moment of surprise, the crowd burst into an uproar. The reason for that was because the two things that had appeared before them had made them enormously astonished.

The grand Heavenly Law Palace’s management elder, the reputed Elder Zhao Yu, had actually tied Chu Feng up. Not only that, he had beaten Chu Feng to such a miserable appearance.

Didn’t he say that he wanted to accompany Chu Feng to the seventh path to protect him? As such, why did he tie Chu Feng up? Why did he beat Chu Feng to such a state?

Could it be that the kind and charitable Elder Zhao Yu they knew was actually all a disguise? Could it be that Elder Zhao Yu had followed Chu Feng with malicious intentions to begin with? Could it be that Elder Zhao Yu was actually a hypocrite?!

Furthermore, that Immortality Peach Tree was before them. As such, why were all of the ripe peaches gone? Could it be that Zhao Yu had truly plucked all of them? That must be the case! After all, he had been the first to arrive in this place. Furthermore, that Immortality Peach he was holding in his hands was a ripe fruit. That was the evidence!

These two matters were placed before the crowd like ironclad evidence. Before Zhao Yu could even say a single word, he had already managed to invoke the hatred of many people and become their enemy.

“Elder Zhao Yu, what are you doing?” At this moment, the first person to speak to Elder Zhao Yu was actually that Heavenly Law Palace’s Elder Yue Ling.

As Elder Yue Ling was no fool, he naturally knew how bad the situation before them was. He truly did not understand why Elder Zhao Yu would do such a stupid thing.

Even if he planned to kill Chu Feng, he should kill Chu Feng secretly. Why must he allow everyone to see him trampling upon Chu Feng?

Even if he had plucked all of the Immortality Peaches, he should have done so secretly. Why had he not left this place after plucking the Immortality Peaches, and instead decided to stay with an Immortality Peach in his hand? His actions were simply those of someone showing off, a naked flaunting.

Generally, Elder Zhao Yu was a relatively smart man. As such, why would he do such a stupid thing today? Was he a fool or what? Why would he be this stupid?

“Hahahaha!!!”

Right at this moment, Zhao Yu laughed loudly. It was a crazy and wild laughter.

In reality though, Zhao Yu was actually crying in his heart. The reason for that was because it was simply not him who had laughed like that. Instead, it was Chu Feng that had laughed like that. He had become nothing more than Chu Feng’s puppet now. There was nothing he could do; he could only allow himself to be toyed with by Chu Feng.

Furthermore, Zhao Yu had realized that Chu Feng was planning to play him to death. He truly had not expected that brat to be so sinister.

It turned out that Chu Feng had never planned to kill him to begin with. Rather, he had planned for the blades of others to kill him. If this were to continue, he would, sooner or later, be killed.

“Zhao Yu, what are you laughing about? Release little friend Chu Feng immediately!” At this moment, the Underworld Palace’s Elder Huang Guang shouted angrily.

“That’s right, release Chu Feng immediately!!!” Following that, the crowd also began to shout loudly.

“Haha, a bunch of ignorant fools actually want me to release this little bastard? What makes you all qualified to speak to me in such a manner?” Zhao Yu said with a cold voice.

“What? You... what did you say?” The crowd did not expect that Zhao Yu would suddenly say that sort of thing. Not only did he admit to tying Chu Feng up, he had also spoken to insult everyone present.

“You, you, you damn, damn, damned old fa, fart. Re, release Chu Feng im, immediately. El, el, el, else I’ll kill you,” Wang Qiang stood out from the crowd. Although he spoke with a stutter, anger filled his face.

Wang Qiang was really angry. Even Chu Feng was able to sense his intense anger. Evidently, he had been deceived by the scene before him. It was not because Wang Qiang was stupid. Rather, the show that Chu Feng had put on was simply too perfect.

“Another little bastard. Do you also wish to die?” Zhao Yu spoke coldly. However, everything he was saying was actually being said by Chu Feng, who was lying on the ground beneath him. As for the actual Zhao Yu, he was unable to even utter a single word.

“Elder Zhao Yu, what are you doing? Quickly, release little friend Chu Feng,” At this moment, Elder Yue Ling spoke.

Even though he also detested Chu Feng and wanted to kill him, he knew that he must do that sort of thing in the shadows.

With the current situation, if Elder Zhao Yu were to continue to act this stubbornly, not only would his reputation be completely ruined, he would also become the target of the crowd’s attack. He would definitely be killed. Furthermore, their Heavenly Law Palace would also be implicated. After all, he’s a management elder of their Heavenly Law Palace.

“Yue Ling, you old fool. Since when were you qualified to order me around? Even though we are both management elders of the

Heavenly Law Palace, you are nothing more than a dog in my eyes; a dog that I can toy with however I want,” Elder Zhao Yu said.

“Zhao Yu, what did you say? Say it again!” Yue Ling did not expect that his good-intended advice would be met with Zhao Yu’s insults.

Chapter 1972 – Toyed To Death

“I said, you are nothing more than a dog,” Zhao Yu said once more.

“You, you, you!!!” Elder Yue Ling was stunned. He pointed at Zhao Yu with a shivering finger. He was actually so enraged that he became unable to speak.

“Forget about it. No matter what, we are both elders of the Heavenly Law Palace. I’ll take you, dog, into consideration and spare this little bastard Chu Feng,” As Zhao Yu spoke, he abruptly stood up, grabbed Chu Feng and threw him to Wang Qiang.

After Wang Qiang caught Chu Feng, he immediately untied the rope that had held Chu Feng and removed the cloth that had been tied over his mouth. In fact, he even took out an extremely precious medicinal pellet to feed to Chu Feng so as to help him heal his injuries.

Chu Feng had truly never expected Wang Qiang to be someone that could be counted on this well during crucial moments.

In fact, it was not only Wang Qiang that took out a medicinal pellet to heal Chu feng’s injuries. Elder Huang Guan, the many other Underworld Palace’s elders, the Four Great Imperial Clans’ Utmost Exalted Elders, the many elders of the Nine Powers, and the various Monstrous Beast Races’ elders, as well as many unknown experts, also took out healing medicinal pellets to hand to Chu Feng.

From this, it could be seen that Chu Feng possessed quite a decent relationship with many people. Even though a portion of the people present were most definitely pretentious individuals, it remained that many of them, like Elder Huang Guan and the Nangong Imperial Clan’s Utmost Exalted Elders, as well as the Nine Powers’ experts, were truly concerned for Chu Feng’s well-being.

“Everyone, there’s no need for that. My injuries are not that serious. I do not have to take healing medicinal pellets,” Even though Chu Feng spoke bravely, blood was flowing from his mouth. He was deliberately continuing his performance.

“Lo, lo, lo, loo, look at your ap, app, appearance. Sto, sto, sto, stop trying to sho, show off,” Wang Qiang forcibly fed Chu Feng his precious medicinal pellet.

“Little friend Chu Feng, your injuries are extremely serious. This can help you, eat it quickly,” Elder Huang Guan and the others also began to forcibly push their medicinal pellets into Chu Feng’s hands.

After receiving the medicinal pellets from the crowd, Chu Feng revealed a grateful expression. Then, he turned to Elder Zhao Yu, who was still standing beneath the Immortality Peach Tree, and shouted angrily, “Zhao Yu, I considered you to be my senior. Yet, never would I have imagined that you were actually so despicable. You actually poisoned the water. Do you not even have the courage to face me head-on?”

“Hahahahaha!!!” Zhao Yu laughed loudly. His laughter was one of disapproval. Then, he said, “As the saying goes, a great man has to be ruthless like poison. This is what is meant by tricks. Chu Feng, you are still too inexperienced. You should take your time and learn from me.”

The crowd were startled by those words. Then, they revealed angry gazes toward Elder Zhao Yu. None of them expected that Zhao Yu had actually not only attacked Chu Feng, but had even used such a despicable method to subdue Chu Feng.

At this moment, the impression that the crowd had of Zhao Yu took a complete reversal. The reason for that was because the crowd hated despicable people like Zhao Yu the most.

However... they did not know that it was actually not Zhao Yu that had said those words. Instead, his every movement, his every

word, were all manipulated by Chu Feng.

“Little friend Chu Feng, exactly what happened?

“Why did Zhao Yu attack you? How did you all manage to reach this place? What happened to those ripe Immortality Peaches?” At this moment, the crowd turned to question Chu Feng out of curiosity. They all wished to know what had happened.

Chu Feng began to narrate to the crowd what had happened. Elder Zhao Yu and him had entered the seventh path together. Elder Zhao Yu demanded that he lead the way. Thus, Chu Feng ended up walking in the front. Surprisingly, they discovered a treasure map. Furthermore, they discovered that the treasure map led directly to the Immortality Peach Tree.

Originally, Chu Feng had been overjoyed. He had agreed to share the Immortality Peaches there together with Elder Zhao Yu. However, to his surprise, Elder Zhao Yu was extremely greedy, and had actually poisoned Chu Feng’s water on their way here. After Chu Feng became dizzy from the poison, he had snatched away the treasure map, tied him up and even gave him a beating.

Afterward, Elder Zhao Yu arrived at this place and discovered that there were over a thousand Immortality Peaches here. For the sake of angering Chu Feng, he did not kill him. Instead, he plucked the thousand-plus Immortality Peaches right before Chu Feng’s eyes. Then, he began to eat them with big mouthfuls right before Chu Feng’s eyes.

“What? You’re saying that Zhao Yu ate all of the ripe Immortality Peaches?”

After hearing Chu Feng’s story, some of the old monsters that were about to reach the end of their lifespan immediately revealed glowering gazes. They were so enraged that they were simply about to shoot flames from their eyes.

They had not come here for any treasures. Rather, their goal had

only been to prolong their lifespan; their goal had only been to obtain the legendary Immortality Peaches.

To their enormously pleasant surprise, they had actually managed to discover the Immortality Peach Tree. However, unfortunately, all of the ripe fruits, all of the edible Immortality Peaches that could be used to prolong their lives, had been eaten by Zhao Yu. What were they to do about this?!

“That’s right. Zhao Yu ate all of the Immortality Peaches,” Chu Feng nodded.

Hearing those words, the actual Zhao Yu was on the verge of crying. All of the Immortality Peaches were clearly plucked and then put away by Chu Feng. Even though he was holding an Immortality Peach, he had not even managed to take a single bite of it.

Yet, Chu Feng was actually saying that he had eaten all of the Immortality Peaches. How was he to reason with that? Thus, he felt extremely wronged.

Even though he felt extremely wronged in his heart, Zhao Yu was unable to express his actual state of mind with his body. The expression that he actually had on his face right now was a smile of complacency. It was a smile that drove the crowd mad and caused them to want to tear him apart alive.

“But, didn’t they say that one could only eat ten Immortality Peaches, that one would die should one eat more than ten?” Someone suddenly asked. There was indeed such a legend regarding the Immortality Peaches.

“The map that we obtained from the seventh path not only lead to this place, it also stated that one could eat as many Immortality Peaches as they liked after dissolving the map in water and drinking said map. One would only be able to increase one’s lifespan, and not die from being poisoned due to eating too many Immortality Peaches.”

“However, it is clear that eating too many Immortality Peaches still possesses a side effect. Everyone, look at how stimulated Zhao Yu is right now. It should be a consequence from eating over a thousand Immortality Peaches,” Chu Feng said.

“Wahahahaha, a bunch of ants actually dare to look upon my Immortality Peach?” At this moment, Zhao Yu was laughing loudly. As he spoke, he proceeded to take a bite of the Immortality Peach in his hand.

“That peach is mine!!!!” Seeing this scene, an old monster revealed his aura explosively and flew toward Zhao Yu. He planned to snatch the Immortality Peach from Zhao Yu’s hand. A rank five Martial Emperor; he was actually a rank five Martial Emperor.

“The Immortality Peach is mine!!!!” Following that, all of the experts present rushed forth. Some rushed directly to the Immortality Peach Tree with the intention of plucking the unripened peaches. Others rushed to snatch the Immortality Peach in Zhao Yu’s hand.

“A group of ants dare to attempt to snatch my Immortality Peach? Watch as I crush you all to death,” Faced with the incoming crowd, Zhao Yu was not afraid in the slightest, and even made a provocative gesture.
